Chapter 33: Chen Jiabao

When the pedestrians of the road saw that Ye Family was so popular, they also retreated, and then followed up. They did not know what happened, but when they saw the direction of Ye Jiaxing, they immediately understood.

Ye's goal is Chen's!

After more than ten minutes, Ye Jia's 100th master also gathered directly at the Chenjiamen Gate, and Lin Ming arrived in two minutes.

More than two hundred masters gathered in front of the Chen family's door and scared Chen's family.

The overall strength of the Lin family's team is stronger than that of the Ye family. In addition to the Lin family grandfather, the masters of Lianyuncheng are already armed with weapons. Among them, there are five martial arts seventh-strong warriors.

However, the remaining points of Ye Xuan have changed themselves to martial arts, so there is no way to give Lin Jia a burst.

"Lin brother, when you are late, let's change, let's go!" Ye Zhang said to Lin Ming.

"Well, all the Lin family's children listened to orders and killed!" Lin Ming shouted.

At that time, the masters of the two families rushed into Chen Jiazhong, both of whom were wearing family costumes, so they would not admit the wrong person.

As for Chen Jia, because the time given to them is short, it is too late to summon the masters of the whole family. Even if they gather together, I am afraid that they are not the enemy of the two.

And Ye Xuan, after rushing into the Chen family, followed the three elders and the four elders toward the Chen family.

"Chen family, this group of miscellaneous, see me robbed your treasure house!" Ye Xuan is very excited, because Chen Jiabao must have a lot of good things, he can at least break through once, maybe, can break through twice!

Both of the two ethnic groups are always in the middle of the seventh martial arts. Those who are Chen's military are not their enemy, and there is also a Ye Xuan with a black iron bow on the side. These three people are enough for more than ten martial arts. The sixth heavy weapon.

"Budget, dare to kill my Chen family, give me to die!"

Suddenly one person killed and held a big knife and squatted at Ye Xuan's head.

"In the middle of the sixth martial arts, I dare to dazzle in front of me?" Ye Xuan was cold and the sword was in his hand, and then he stabbed it at a very fast speed.

"The blast is three consecutive thorns!"

Oh!

The long sword penetrated the heart of the master Chen and killed him in an instant.

Ye Xuan is already a master. To deal with the lower level than him, he does not need to use the six-product martial arts. It can be done directly with the martial sword.

The two major families were still worried about Ye Xuan, but after seeing Ye Xuan's strength in killing each other, it was calm.

"Go, Chen Jiabao will arrive soon." The three elders shouted.

Treasures, is the focus of every family, generally have a master sitting in the town, with the deepening of Ye Xuan three people, Chen family master is also more and more. However, Ye Xuan's hands and arrows can easily kill those people. The sea tactics for him are useless.

"The treasure house is here, let's go, let's go in!"

The three elders drank aloud and opened the road for Ye Xuan together with the four elders.

"Someone invaded!"

There are also Chen family shouting, but their news is too slow, Ye Jia and Lin Jia have already come in, they only know now.

"Ye, you are so courageous, even broke into my Chen family, but also want to rob my Chen family treasure?" A loud drink floated out, the attic on the edge of the treasure, suddenly jumped out of a figure.

"It is Chen Xin of Chen."

The three elders recognized each other, but immediately they killed the four elders.

Chen Xin is only the beginning of the seventh martial arts, and they are two, too, in the case of two-on-one, is it still killing each other?

However, the next moment, they are wrong. After the two men and Chen Xin have made a move, they immediately wake up. This Chen Xin is not the first stage of the martial arts, but the medium term!

"Ha ha ha, it seems that I am hiding is not bad, today, is the death of your two!" Chen Xin laughed.

The faces of the three elders changed, and then they looked at the four elders and took a medicinal medicine directly from their arms: "The fourth, quick-fix!"

When I heard this, the four elders also took out the explosion, and then swallowed it.

In the meantime, the two of them rose to the next level by air and reached the seventh middle of the martial arts.

"What? Two explosions?" Chen Xin was shocked.

A bursting dragon is very precious, even Yuncheng has never heard of it, even in the big city is not common.

But now is not the time to be shocked, because he has to escape.

Just kidding, he just broke through to the seventh middle of the martial arts. How can he cope with the two warriors of the same level?

"Take him, kill!"

The three elders shouted, and the war was awkward.

Ye Jia only has one martial art in the middle of the seventh, but Chen has two. Fortunately, they attack early, otherwise it is a bit tricky.

During the three-player battle, Ye Xuan also continued to open the bow, shooting some of the Chen family masters who came.

"Ye Xuan, you are advanced, remember what I said!" The three elders suddenly shouted.

"It is good!"

Ye Xuan nodded, then directly opened the door of Ye Jiabao, and rushed in.

Now Chen Xin has been stopped by the three elders and the four elders. I am afraid that it will not take long and it will fall. And Ye Xuan also has a burst of Dan, even if there is a martial arts seventh heavy weapon, he is not afraid.

Like the Ye Family, Chen's treasure house is full of wooden cards with names, but Ye Xuan does not look at it and walks toward the end of the treasure house.

"The three elders said that the Chen family treasure house is just an empty shell, and everything is actually under the treasure house!"

Ye Xuan went to the end of the treasure house, then looked around and found out that he had found an institution. This organ was after a mural, Ye Xuan gently pressed the organ, the entire wall was split, revealing a road to the ground.

"Ye's eyeliner is really powerful, even the organs of the treasure house have made it clear!"

Ye Xuan couldn't help but sigh, and then he took out the long sword and went on.

He can hear that there is a sixth-order monster bet guarded under the treasure house, so you can't take it lightly.

"Hey..."

Not waiting for Ye Xuan to finish the stairs, there was a low-pitched sneak in the treasure trove of the ground. Ye Xuan turned and bent, and there was a red leopard.

"The sixth-order monster, the fire cloud leopard!"

Ye Xuan recognized this monster, and it is equivalent to the military of the sixth middle of the martial arts.

"Hey..."

After seeing Ye Xuan, this fire cloud leopard actually rushed over.

"Hey, give me to die!" Ye Xuan snorted and slammed it straight out.

Six martial arts, thundering sword!

"Zizi!"

The whole fire cloud leopard was split into two halves by Ye Xuan, and a sound of thunder and lightning was heard in the wound. Ye Xuan stepped up and a sword pierced the head of the fire cloud leopard.

After the fire cloud leopard died, Ye Xuan swallowed it with the hand of swallowing.
