

Super D. S 331

Chapter 331: First encounter with the sea

Today, it is already the seventh day they entered the deep sea palace.

As always, they went west, and the number of sacred beasts that were killed was as high as thirty. As for the mysterious beasts, there are countless.

"Oh, this deep commonly sea palace is commonly boring, how can so many feet and creatures, so I can't fight well." Song Congjing looked unhappy.

She and Song ruling the same level, the strength is not much different, but Song ruling these three days to kill countless mysterious beasts, and Ye Xuan also killed a lot of holy beasts, but she is a holy beast Have not killed.

"Don't worry, if you encounter a turtle and a beast next time, let me give you a good one." Song ruling comforted.

"Brother, you are deliberate, the turtle is so strong defense, how can I break it." Song Congfu was dissatisfied.

Song ruling laughed: "Then let the brother-in-law get rid of the tortoise shell and give it to you!"

Ye Xuan on the side was also slightly helpless after hearing it. In the holy beast that met these days, the big turtle that was encountered yesterday was the most difficult to deal with. The turtle shell was so hard that he took 30. Many medicinal herbs are opened.

The three started chatting.

However, at this time, Ye Xuan's face suddenly condensed.

"What's wrong?" Song Cong asked curiously.

"There is something coming over to us, not very big, a total of three." Ye Xuan took out the eight wild swords.

"Let me come, I am almost bored and dead." Song Congjing hurriedly stood up.

Three mysterious beasts, she is still not a problem.

However, when she saw the three turning creatures, the body could not help but tremble.

Is this what?

"The trough!"

Ye Xuan is also shocked.

What did he see?

These three creatures, the left and right are the prawns walking on the legs, and the middle one is a big crab.

What's even more amazing is that the two prawns hold two long rifles in their hands, and the two pliers of the big crab are sandwiched by two sledgehammers.

I have mowed the grass. Is this a TV show?

After seeing the appearance of these three creatures, Song Chong stopped out and shouted out: "Hai?"

"Hey, there are actually three humans here, it's really rare." A fat prawn said.

"Weirdly strange, how many years have we not encountered humans?" said another thin prawns.

"Where, will you speak?"

When Ye Xuan heard these two sharp voices, he was also shocked. The shrimps and crabs would walk with two feet, and they would take the weapons. How can they talk?

"Ye Xuan, they are the sea people, the race that lives on the bottom of the sea." Song ruling quickly reminded.

"How come there, there is no explanation on the map." Ye Xuan was very helpless.

At this time, the big crab with a double hammer said: "Human, why did you break into our territory?"

"Your territory?" Ye Xuan frowned. "This deep sea palace is your site?"

"Crap, our sea dragons have occupied this deep sea palace for several years." The big crab shouted coldly.

As soon as he spoke, there was a lot of foam spit out. Seeing that Ye Xuan had some nausea, a big crab actually spit out people's words, which is really too illegal.

"Hey, I heard that this deep sea palace was built by a predecessor who was awkward, and we just wanted to go through the deep sea palace and go to the blood rock continent." Ye Xuan said politely.

"Hey, the only way to go to the **** rocky continent has been blocked by our Hailong family. Where are you going, where are you going!" The big crab is cold and cold.

"blockade?"

After listening to the three of Ye Xuan, they also looked at each other.

The map shows that only one road can lead to the **** rock continent, but now this road has been blocked by the sea, how can this be done?

"Can you borrow it?" Ye Xuan asked again.

"No, don't talk nonsense, hurry back. Otherwise, I will blame me for breaking the agreement with the Terran!" The big crab directly refused.

"protocol?"

Ye Xuan's eyes sighed and said: "If this is the case, then I will see the strength of your sea people."

"It's really a big deal, even dare to challenge our captain, really looking for death!" Fat prawns coldly shouted.

"That is, the captain's hammer, but can smash the turtle shell of the ironback turtle." That thin prawns should also be harmonious.

After listening to it, Ye Xuan's face was already sinking to the extreme.

The ironback turtle is the kind of tortoise that he killed yesterday. However, this hammer of the big crab can smash the turtle shell of the ironback turtle. If this attack falls on him, it will definitely Cut him into a meat sauce.

"Ye Xuan..."

The Song Dynasty immediately revealed a worried look.

"Nothing, rest assured."

Ye Xuan said, he estimated that this big crab is only a one-stop force, and he is also good for the blood of the sword. In the deep sea palace, his speed did not fall like the Song Dynasty and the Song ruling.

As long as the speed is fast, then he will not be hit.

At the moment, he went out with a sword.

The big crab saw Ye Xuan coming out and shouted: "Good courage, my sea and the human race have an agreement. If we meet at the bottom of the sea, we can not attack the Terran first. However, since you have to challenge me, then I It is not subject to the restrictions of this agreement. The ugly words are in front of me, and my Meng San will not be merciful. If you are killed by me, you can only blame you for not being self-reliant!"

"Don't you come." Ye Xuan said coldly, and said in his heart: "I still use the name of the Terran, what is it..."

"Well, I am as you wish!" This big crab, called Meng San, went out.

"Captain, kill him with a hammer!"

"Yes, kill him with a hammer and let him know how powerful our seas are!"

Two fat and thin prawns are calling there.

Just as their voice fell, one person and one crab in the field was moving.

"Hey!" "Hey!" "Hey!"

Meng Sana did not slam on the ground faster than the human crab's thin crab feet, waving a sledgehammer and rushing toward Ye Xuan.

As can be seen from his weapons, he and the Song ruling, the power is going, so there will be a lack of speed.

Now that he saw his speed, Ye Xuan's heart was also a sneer.

Sure enough, the speed is not fast, and it is almost the same as the dragon.

"If that's the case, then it will be my sandbag!"

Ye Xuan's mouth tilted slightly, and the full speed exploded. The Eight-Dangerous Sword was also instantly disintegrated and swept past Meng San.

"Hey, there are more human means." Meng San also snorted, waving a sledgehammer and flying the eight-handed blade.

Although the speed of running is relatively slow, his shooting speed is much faster than Ye Xuan. In the blink of an eye, the eight-handed blade is being smashed, and then Meng San takes this opportunity to rush toward Ye Xuan.

However, Ye Xuan was standing still in the same place and kept smiling.

"Ha ha!"
