

Super D. S 334

Chapter 334: The power of a dragon!

"Well, since you don't want to say it, then I will call you!"

Ye Xuan's arrogance instantly rose, and the eight-year-old sword in his hand had been shattered and turned into a eight-handed blade to attack the Mengwu.

"The sixth, don't shoot, he is mine!"

Meng Wuda sighed and the huge pliers greeted with two sledgehammers.

This Meng Wu and Meng San are the same force, so Ye Xuan is not so difficult to deal with.

After all, the other party can't touch him?

After playing for about half a minute, the two sides heard a crisp sound, and the martial shell of Mengwu was hit by a crack.

"A very flexible boy, Meng Wu, I will help you!" The Meng Liuda screamed and rushed up.

In the face of two masters of the dragon, Ye Xuan also felt a pressure, but fortunately he has a 10% movement speed bonus, otherwise he really can't cope.

A figure constantly moves in the battle circle, and the speed of Meng Wu and Meng Liu can't keep up with Ye Xuan, and can only attack indiscriminately.

Over time, they are a bit imaginary, because Ye Xuan also crushed the shell of Meng Liu.

If you fight again, Meng Wu and Meng Liu will die in his hands.

"Damn, this kid is still so fast in the water, he obviously is just a big day."

Meng Wu's heart was very annoyed to say that he felt that if he was hit several times, he might have a life-threatening danger.

At this moment, Ye Xuan suddenly stopped.

"Kid, we still don't need your pity!" Meng Wu was angry.

Ye Xuan stood watching him from a distance, saying: "The sea and the humans have an agreement. I don't want to kill you. I just want to find my two companions."

"Hey, you have to find yourself, anyway, we won't tell you!" Meng Wu coldly said.

Ye Xuan's eyes glimpsed and the murderous machine flashed past and said: "Are you really looking for death?"

"What is it? My sea people are not afraid of death!" Meng Wu low drink, he is already ready for a deadly battle.

The same is true of Meng Liu on the side.

"If this is the case, then don't blame me for being mad." Ye Xuan's eyes murdered and instantly smashed out.

This time, he is murdering!

"Hey!"

The sky broke through and slammed on the back of Mengwu. At this time, the shell of Mengwu had been drilled with a small hole, and there were numerous cracks on the edge of the hole.

"dead!"

Meng Wu was mad, and he was struggling to wave with the pliers of the sledgehammer, but he never hit Ye Xuan.

"Hey!"

"Hey!"

"Hey!"

After three crisp sounds, the shell of the back of Mengwu was broken.

"not good!"

Seeing that Ye Xuan went to Meng Wu Chong, the Meng Liu also waved a sledgehammer.

However, the eight sharp edges are very flexible, and they are quickly combined after being blasted.

"dead!"

Ye Xuan's eyes widened and he directly smashed through the sky. This time, the sharp cone passed directly through Meng's body and was worn from the front.

"噗通!"

Meng Wu's head was smashed and the body fell to the ground.

"Human, you **** it!"

That Mengliu was crazy, and he smashed toward Ye Xuan. Not only that, but the four prawn also held a long gun and shouted to kill Ye Xuan.

"Killing one is killing, killing ten is also killing. Since it is killed, it will all die!"

In the eyes of Ye Xuan, the murderous machine surging, and then killing.

A few seconds later, Meng Qi's carapace was also broken open, and was passed through the body by the Eight Swords. As for the four prawns, it was cut into several pieces by the Eight Swords.

"I didn't want to be an enemy of you, but why are you looking for death?"

Ye Xuan snorted, and in the past he collected all the bodies and weapons, and he also discovered six sacred rings for human use.

"Devouring!"

He first swallowed up the weapons of six people and found that all of them were superior quality top grades, which were comparable to those of the Song ruling.

Then, he tried it again and found that the body of the sea was able to be swallowed.

"Can be swallowed, it should be a kind of beast, but even the Qiang Kun ring can be used. This sea is a bit strange."

Ye Xuan thought in his heart that he would swallow all six bodies.

not enough!

However, there are still many good things in the six-nation squad.

"Haha, sure enough, there are a lot of sacred corpses and sacred beasts, give me all!"

Ye Xuan directly devours the six things in the ring.

"Hey, the host has broken through the limits of the heavens, is it broken?"

"Yes!"

After answering in Ye Xuan's mind, there was a crisp spread. The people in Dantian, Dan, Didan and Tiandan, all shattered.

At that time, his cultivation was to return to zero again, and the Dan Yuan from the whole body collapsed instantly.

After the success of the broken Dan, it is coagulation and cohesion.

The general warrior condenses and needs a lot of condensed stones and sacred beasts. This link is very dangerous. After all, the warrior itself has no realm, and some people need to protect the law.

In the condensing stage, a well-qualified warrior may only need one condensed stone, and there are hundreds of different condensed stones that cannot be condensed.

However, the phagocytic system clearly states that only ten different sacred beasts are needed.

Not to mention Ye Xuan's own collection, the number of sacred beasts in these six Qiankun Rings alone exceeded thirty.

When Ye Xuan swallowed up ten different sacred beasts, the long-lost system sounds finally sounded.

“Hey, the host has broken through to the dilemma and currently has the power of one dragon!”

Hearing this, Ye Xuan couldn't help but open his mouth and smile, and finally it was a breakthrough.

Although his physique was strong before, it was much worse than the power of a dragon. I don't know, if you raise the blood of the beast to the blood of the Beastmaster, you can increase the power of the dragon.

Moreover, after the breakthrough, the Dan Yuan in the body will be directly transformed into infuriating and more powerful.

Now, he has the power of a dragon, the body is at least three times the previous level, and the speed has also increased by three times. Moreover, the increase of the Eight-Year Sword is also getting stronger and stronger. He estimates that it has reached the level of the next product.

But now, he has encountered a problem. He doesn't know where he is now, nor does he know which way the captain is going.

In the deep sea maze, only one road can lead to the blood rock continent, and the rest are criss-crossed, which is a huge labyrinth.

Therefore, he only needs to find the location of the Dragon Palace, and then intercept the captain before the captain returns to the Dragon Palace.

As for how to find the Dragon Palace of the Hailong family, then you have to rely on luck. After all, the road to the west here now has a dead end.

Without further ado, he also immediately set off. After the breakthrough, he is far faster than the general sacred beast. He can definitely compete with the strength of the two dragons. Even if he meets the captain, he has the power to fight.
