

Super D. S 338

Chapter 338: Hai prince

"Awful human beings, try this trick, the wind is cruel!"

At this time, the whole body of the six-armed Kraken suddenly began to rotate, and the six big knives smashed a fierce sniper as he turned. Not only that, but even his movement speed was much faster.

"No, close the gate!"

The group of shrimps and crabs, as well as the captain-level Naga sea monsters, saw a hurried retreat.

At that time, this six-armed sea monster was formed into a tornado, constantly pulling out the wind blade, and at the same time pulling the surrounding things together.

A hard stone was pulled over and it was cut into powder.

"There are two brushes!"

Ye Xuan saw it, hurriedly turned around and avoided the wind blade while trying to get out of the traction ring.

However, this tornado is able to chase him.

"It seems that this is the only way!"

Ye Xuan's flash of light flashed, and the body of the sacred beast in the swallowing space disappeared instantly. In a short while, Ye Xuan's breath also surged a lot.

The four dragons vacated, meaning that Ye Xuan's strength at this time is full of four dragons.

Beastmaster is violent!

He originally had only the power of three dragons. It is reasonable to say that after using the Beastmaster Rage, it will not reach the Four Dragons.

But his physique is actually more than the strength of the three dragons, but between the three dragons and the four dragons. So after using the Beastmaster Rage, his power reached the power of the Four Dragons.

"Chong!"

After a large physique soared, Ye Xuan was once again offering the Eight Great Swords. He held this eight-sword sword, which was condensed by the infuriating, and waved to the Uzbekistan.

"Hey!" "Hey!" "Hey!" "Hey!" "Hey!"

The Eight Great Swords smashed countless wind blades and swept them into the tornado.

"what?"

Six-armed sea monsters, he realized that after seeing the four dragons that Ye Xuan emerged in vitro, he realized that it was not good.

However, Ye Xuan's shot speed is extremely fast, and he can't stop the wind and cloud.

Therefore, it can only be hard top!

However, there is a gap in this dragon. The six-armed sea monster Utopia is directly smashed by a sword. After a spurt of blood, it hits the wall.

Fortunately, the physique of his three dragons is only one dragon away from Ye Xuan, otherwise the sword can definitely split him in half.

"Hand over them, spare you not to die!"

Ye Xuan walked coldly.

Although he has already killed a lot of shrimps and crabs, but things have not been transmitted, but now he is now outside the Dragon Palace, if you kill this Uzbek collar, things will be a big deal.

"You don't want to be crazy. It's not that you have the power of the four dragons. You can't fight against our Hailong family." Utopia took the chest that was bleeding out of the blood and climbed up.

"Less nonsense, don't want to die, just hand over people!" Ye Xuan lazy and the other nonsense.

"impossible!"

Utopia led firmly.

"Then you want to die?"

Ye Xuan was also provoked. Now he has hit the front of the Dragon Palace. If he still can't save the Song Dynasty and the Song ruling, it is better to have a fish and die.

"If you have the courage, let's kill!" Utopia took a look that was not afraid of death.

"it is good!"

Ye Xuan snorted coldly, and suddenly flew four flying dragons outside his body shape, screaming at the Eight Swords and directly killing the past.

He didn't want to kill people here in the Dragon Palace. He didn't want to make things big, but now, there is no way out.

He can only kill this Uzbek collar, then break the gate of the Dragon Palace and rush in!

"dead!"

Ye Xuan rushed to the front of Utopia, and then slammed down a sword.

But at this moment, the Dragon Palace door suddenly broke a gap and flashed a figure out of it.

"Hey!"

The big sword was blocked by this figure.

"who is it?"

Ye Xuan stared at it, and the next moment, he was eclipsed.

It turned out to be a human!

A man with a long sword.

"Human?" Ye Xuan subconsciously shouted out, and took back the Eight Great Swords in amazement.

"No, I am a sea, but I have turned it into a human leg with a special method." The man smiled and shook his head.

"then who are you?"

Ye Xuan asked strangely, only to see exactly that there were four dragons on the man, that is, the man had the power of four dragons.

This man, I am afraid it is not an ordinary sea.

The man continued to smile and said: "Yu Yi, the prince of the Hailong family."

"prince?"

Ye Xuan blinked his eyes, it seems that finally came a positive master.

"So, are you coming to clean up for me?" Ye Xuan asked with vigilance.

Yu Yi heard the words and shook his head. "No, there are agreements between the sea and the human race. Moreover, my ancestors of the Hailong family also have a relationship with humans, so I will not do it for you."

"If this is the case, then you will bring out my two companions." Ye Xuan can not easily believe him.

"companion?"

Yu Yi turned his head and looked at the six-armed Kraken.

"His Royal Highness, Ray Tong necked two humans back, seems to want to dedicate to His Royal Highness Princess..." Utopia led a quick explanation.

"Noisy!"

Yu Yi replied: "This thunder is really reversed. I don't know if there is human blood in the body of the Dragon King."

When he finished, he turned his head and said to Ye Xuan: "Sorry, this is a misunderstanding. Please come with me."

"Go in with you?"

Ye Xuan's eyes are another glimpse.

This performance of Yu Yi is a bit out of his expectations. At this time, Ye Xuan has two speculations.

First, this Yi Yi has no idea that the human blood in the body is true and does not want to be an enemy of him.

Second, this Yu Yi is already laying a trap in the Dragon Palace.

However, according to his own feelings, Ye Xuan felt that this Yi Yi was not hostile. After all, this Yu Yi is also the power of the four dragons. There must be a master in the Dragon Palace. If you want to catch his words, you don't need a cloth trap.

"Well, I will go in with you!"

Ye Xuan finally made such a decision. If he did not enter the tiger's den, he would not go in. Wouldn't he wait for the other party to send the Song Dynasty and the Song ruling?

"Thank you for your trust, please come with me." Yu Yi politely reached out and gestured to Ye Xuan.

"This sea people will have some human etiquette."

In the heart of Ye Xuan's heart, he walked in, but the eight-year-old sword in his hand did not close up.

Yu Yi also smiled, then walked in front of Ye Xuan, while taking the road and asked: "I don't know your name?"

"Ye Xuan!"

Ye Xuan directly replied, the name is only, it does not matter.

"Ye brothers have the power of four dragons at a young age, and Tianshui mainland is really a talented person." Yu Yi said with a smile.

When Ye Xuan heard the words of Tianshui, Ye Xuan could not help but ask: "Have you been to Tianshui mainland?"

"Yes, I have been to Tianshui mainland for a while, so I still know something about human beings. I also said that I have a human blood in the Hailong family. Therefore, my ancestors have developed a secret law. Let us Hailong people have the ability to transform into human beings." Yu Yi nodded.
