Chapter 339: Shocked

Ye Xuan is also helpless.

He has heard of human beings and shepherds, and has not heard of people and dragons who can have descendants.

Yu Yi seems to have seen through the doubts of Ye Xuan, laughing: "Haha, you don't think too much, my ancestors of the Hailong family have served a grass, so they can become human. When she is practicing in human secular world, fell in love with a man, so..."

"The deformed grass can make the holy beast a humanoid treasure."

After Yu Yi said this, Ye Xuan also understood that if both are human, this is justified.

However, these Ye Xuan did not care. He cares about whether the Song Dynasty and the Song ruling are safe.

Yu Yi seems to look at the human look in particular. After seeing Ye Xuan like this, he laughs again: "Ye brother please rest assured that although my sister likes to collect all kinds of creatures, she will never regard human beings as human beings. Pet. It's thunder..."

He also paused and did not go on.

Ye Xuan did not ask much, just followed him to the residence of the Hailong family princess, first see the Song Dynasty.

Soon, they both came to a beautifully decorated palace.

They have not yet reached the door, they have seen a variety of mysterious beasts and holy beasts locked by a pillar. There are dozens of them.

"Yulong, it is a dragon..."

Ye Xuan's eyes are all out. There are six dragons in the pet, and all of them are holy animals.

After the blood of the Beastmaster, he learned a skill, that is, the beastmaster who used it.

This beastmaster is violent and needs conditions, and that is the body of the sacred beast. Moreover, the use of different sacred corpses is different in different realms.

Anyway, every time you use a lot of corpse corpses.

"These are my sister's pets, she likes to catch some holy animals..." Yu Yi introduced.

"Oh."

Ye Xuan's mood is a bit complicated. If he is seen to see his fiancée and the big nephew smashing a chain and being locked here, I am afraid that it will instantly go away.

At this moment, they suddenly saw a figure coming out of the palace, his face was not very good, as if he was mad.

"Oh, really!" Yu Yiqi opened his mouth and smiled. "This thunder has strength, but the brain is not good. With this kind of IQ, I still want to compete for the position of the general of the Hailong family?"

After seeing Yu Yi, the face of the ridiculous Lei Tong was also a glimpse. Then he respectfully said, "I have seen His Royal Highness, this is..."

"My business, you don't need to ask, let's go." Yu Yi said, walking directly into the palace with Ye Xuan.

Thunder's face is gloomy, and this Dragon Palace can be made into several adult shapes, so Ye Xuan is a human being.

Yu Yi led Ye Xuan into the palace and just entered the door. They just heard the voice.

After hearing it, the big stone that Ye Xuan's heart hangs is also crashing. The Song Dynasty and the Song ruling are both fine.

"Brother, how come you, hey, is it a human?"

A clear voice sounded, Ye Xuan stared at it and found a petite voice rushing over. It was a little girl of fifteen years old.

Her appearance is not much different from that of human beings. The face protein is tender and delicate, but the ears are still the ears of the sea.

"Ye Xuan."

After the sea girl, there were two more figures, one of which was thrown into the arms of Ye Xuan, the Song Dynasty.

"You are fine." Ye Xuan gently patted the back of the Song Dynasty, and breathed a sigh of relief.

"Ye brother, this is your two companions, I am sorry, it is a misunderstanding, so that you are shocked." Yu Yi said very embarrassed.

"The prince's Highness is heavy, thank you Prince His Royal Highness."

Ye Xuan thanked for the fist.

"It's all misunderstandings. My Hailong family moved here. It was the first time I saw human beings. I was too guilty to forgive me." Yu Yi also said that he was holding a fist.

At this time, the little girl exclaimed: "Brother, that thunder is getting more and more abnormal, and even the ruling brother and the slain sister are arrested. I want to be a pet. Is he intentional?"

"I am not very clear, but our Hailong family has been passed down for thousands of years, and thunder is a six-armed siren, and we are not a class, forgetting is also excusable." Yu Yi answered a sentence, at the same time introduced: "This It's my sister, Yu Man."

"Brother, how do you still help the thunder to speak, he is ugly and annoying, run me when something is ok, can you limit his access?" The little girl said with dissatisfaction.

"Let's see it later." Yu Yi is also a headache.

The Thundering Thunder is the six-armed Kraken in the sea, and he is the dragon. The key point is that the thundering father is the general of their family, responsible for defending the Hailong family.

In short, the military power of the Hailong family is in the hands of General Lei.

Therefore, he is also not good at making things too stiff.

"Forget it, after a while, I will be completely transformed into a human form. When I go to the land, I will get rid of the six hands of the thunder..." Yuman whispered.

Yu Yi listened and hurriedly said, "No, you are still in the middle of a condensate, and you can't even get out of the way. How can you go ashore?"

"When I am finished, it will be almost the same." After Yuman finished, he turned his head and said: "Decision big brother, when will you take me with me?"

"Uh....."

Song ruling touched his head and he didn't know what to say.

"Well, there is nothing in the Tianshui continent. When you are condensed, your brother will take you up and go." Yu Yi thought about it and finally nodded.

"Who said that I am going to Tianshui mainland, ruling that my brother is going to the blood rock continent, I have to go to the blood rock continent." Yu Man immediately corrected.

"What a joke, now the route to the blood rock mainland is occupied by the evil sharks, even the father and the whale predecessors are not sure to pass, how can you pass?" Yu Yi frowned.

"Well....."

Yu Man slammed his mouth shut. She also knew how big the gap between the Hailong family and the evil shark family. When she thought about it, she turned her head and said: "When the ruling big brother will take me to Tianshui mainland?"

Song ruling nodded: "Yes."

Yu Man also saved their lives and repaid it.

Yu Yi saw it, couldn't help but look at Ye Xuan on the side, it didn't feel right.

"This little girl, how do you feel that you are not close to the menstruation, but it is with the big scorpion... Isn't it a big scorpion?" Ye Xuan said in a dark heart.

When the Song ruling entered Lingxiaofu, he was already married to several wives, but it was all human. And now that Yu Man is a sea lord, is it necessary to come to personal love?
