Chapter 344: transaction

Without waiting for the body of the black shark to fall on the floor, Ye Xuan reached out and held the body of the black shark. When the black shark died completely, he received it in the swallowing space.

"Devouring!"

Ye Xuan swallowed the body of the four dragons, and at the same time, dumped everything in the black shark's ring to the engulfing space.

"It's not a big general of the sharks. It's really big, there are hundreds of corpses..."

Ye Xuan smiled and closed his mouth.

In this ring, there are deep sea treasures and a lot of ore, which are very useful for him. Not only that, but the material in the ore actually created the heavenly device, which is an unexpected harvest.

However, these things are not enough for him to break through the power of the Five Dragons.

Therefore, he turned his attention to the white shark.

"Damn, you actually killed the black shark, I want your life!" The white shark sacrificed the trident and rushed toward Ye Xuan.

But he ran halfway, and was stopped by the eight-handed blade.

The evil shark family originally relied on strength to win. If it is in the water, it is fine, but the deep sea palace is not really sea water, so his speed is too slow in Ye Xuan's eyes.

This white shark only insisted on five seconds, and then was pierced by the eight-handed blade.

"It's too bad, is this a shark?"

Ye Xuan shook his head helplessly and walked over to put away the body of the white shark.

"Hey, the host has broken through the power of the Five Dragons!"

The system prompts again and sounds again. Ye Xuan estimates that this dilemma is the biggest breakthrough in the world.

At this time, this team from the evil shark family has all died in the hands of Ye Xuan, a total of 102 sharks, one is not left.

When I saw the empty space in front of the city wall, Yu Yi couldn't help but swallow. His strength is above the two evil sharks. But if you want to solve the other party's words, you still need a hard time. .

And Ye Xuan, even the two evil shark generals will be killed easily, only when Ye Xuan hands up, he is afraid to die in Ye Xuan's hands.

Thinking of this, he quickly walked down the wall to meet Ye Xuan.

"Ye brothers, thank you very much this time." Yu Yi learned the human form and thanked him.

"Haha, I have to thank the Princess of the Royal Highness who swallowed the beast." Ye Xuan took out the sacred ring with the deep sea cyanobacteria and handed it over.

"Thank you so much. With these deep-sea cyanobacteria, the toxins of the whale predecessors should be able to suppress the short time." Yu Yi took over the Qiang Kun ring, thank you again.

Ye Xuan frowned: "It's just a temporary suppression. Is there no way to detoxify?"

"I am not very clear about this. Now the whales are raised in another place. I estimate that the father should come back soon." Yu Yidao.

"What is the poison of a one-eyed giant..."

Ye Xuan muttered in his heart.

There are thousands of blood in his body, but unfortunately, this poison is definitely not solved by the blood.

What's more, even more advanced weapons, martial arts, and medicinal herbs need to be done by themselves. Therefore, the phagocytic crystallization in the phagocytic system is of little use. Perhaps there will be other places in the future that need to be swallowed and crystallized.

at this time.

Suddenly there was a figure in the Dragon Palace.

"It is the father!"

After Yu Yi saw the followers, the eyes suddenly lit up.

This figure is a middle-aged man who quickly swept toward the city gate.

"How are you here, what is going on here?" Long Wang Yu Zhen saw a messy appearance outside the city wall and couldn't help but ask.

"Father, this is the case..."

Yu Yi hurriedly said the incident of the shark.

"One person, killing two generals of the evil shark family?" Yu Zhen was shocked and hurriedly said:
"Thank you for helping the younger brothers."

"Predecessors are polite." Ye Xuan said with a smile.

"Father, how is your face so bad, is it a predecessor of the whale..." Yu Yi asked quickly.

Aftershock nodded, "Yes, the poison of the whales' predecessors is getting deeper and deeper. I am afraid that it will not last long. Yu Yi, immediately let people go out and search for deep-sea cyanobacteria. It is impossible to organize a team into the middle of the deep sea palace..."

After such a reminder, Yu Yi suddenly recalled that he had just got a lot of deep sea cyanobacteria.

"Father Wang, look!" Yu Yi handed over to the past.

Aftershocks looked at it and his face changed greatly. "How come you have so many deep sea cyanobacteria?"

"It was brought by black and white eyes." Yu Yi explained that he only made a long story short, but he forgot the deep sea cyanobacteria.

"Well, with these, the toxins of the whale predecessors should be able to temporarily suppress, but I am afraid it will not last long." Aftershocks frowned.

At this time, Ye Xuan interjected: "Predecessors, there is no way to detoxify?"

"Yes, this toxin is left by the one-eyed giant. If you can get the one-eyed snake, maybe..." Aftershock did not say it. He thought that this was impossible.

However, after Ye Xuan heard it, the dawn was a flash. He remembered that Yu Yi said that the one-eyed giant of the shark shark is the power of the seven dragons.

And he, now is the power of the Five Dragons, if you use the Beastmaster violent, it will approach the power of the Seven Dragons.

Therefore, he may have this ability to kill the one-eyed giant.

"Predecessors, it is better, let's make a deal?" Ye Xuan said with a smile.

"Transaction?" Aftershocks and others.

"I may be able to solve the one-eyed giants and take the snakes for the predecessors." Ye Xuan said slowly.

I was shocked and shouted: "You? How is this possible?"

Although Ye Xuan killed the black and white scorpion, the two four-dragon power of the evil shark general, but this one-eyed giant scorpion is the holy beast of the power of the seven dragons, strong constitution, with the ability to swallow the power of the six dragons in an instant. strength.

Besides, the evil sharks have a lot of masters. When Ye Xuan enters, I am afraid that he will be killed by the masters of the evil sharks. Even the one-eyed giants can't see them. How can they get the snakes?

"Ye Xuan, are you kidding?" Yu Yi asked slyly.

"Nature is not, but before that, you have to promise me a condition." Ye Xuan said with a smile.

"condition?"

Aftershocks blinked and said: "Do you want Dragon Ball?"

Dragon Ball, but the rumored rumor of the Hailong family is the ancestors of the Hailong family. The reason why the sharks are so kind to the Hailong family is that they have heard of this dragon ball.

When it comes to Dragon Ball, the atmosphere at the scene is weird.

However, Ye Xuan is shaking his head in the air. "No, I don't want Dragon Ball. I only need a lot of sacred corpses and sacred beasts, a lot, and the higher the level, the better."

"What, you only need this?"

Aftershocks again exclaimed, he originally thought that Ye Xuan would open the lion.
