

## Super D. S 347

Chapter 347: One-eyed dragon

"What's wrong with you, die!"

Ye Xuan directly displayed eight wild winds to kill and stabbed the past.

"puff!"

Unexpectedly, the eight-handed blade easily penetrated into the body of this one-eyed giant, and its defense was not as strong as Ye Xuan imagined.

"Ok?"

Ye Xuan felt that something was wrong, and he took back the eight-handed blade. There is something in this one-eyed body.

Suddenly, the blood of the Beastmaster in his body began to boil. He felt that there was something terrible in this one-eyed body.

Of course, this horrible thing is not enough to make him afraid.

"No matter what you are, die!"

Ye Xuan felt it and found that the violent duration of the Beastmaster was about to pass, and it was the sacrifice of the Eight Great Swords.

The Beastmaster is violent and can increase the strength of the 30% increase, but it will not increase the intensity of the infuriating body. The attack intensity of the eight wild winds is affected by the infuriating.

Therefore, Ye Xuan's strongest attack is still strength.

He quickly approached the one-eyed giant, and then smashed a sword!

"Hey!"

At this moment, the back of the one-eyed giant smashed a slit, and a claw was found out of it, and the sword of the eight wild was captured.

"paw?"

Ye Xuan was shocked.

One-eyed giant, how can there be claws?

Could it be that.....

Just as he was surprised, in the body of the one-eyed giant, a creature of a different kind was born.

Xiaolong!

It turned out to be a dragon!

Moreover, it is still a one-eyed dragon.

"It turned out that the one-eyed giant became a dragon, and I only pierced it. It turned out to be only the skin that fell down."

Ye Xuan instantly understood, he thought, the reason why this one-eyed giant scorpion changed, may be the end of the hunchback whale dragon.

In this way, things will make sense.

However, the power of this one-eyed dragon is probably the breakthrough to the power of the Ten Dragons.

It's a rare thing to change from the power of the Seven Dragons to the power of the Ten Dragons.

"How about the power of the Ten Dragons, I can't kill it!"

Ye Xuan will break the eight-day-shocking sword, but this impact, but it is not a one-eyed dragon.

"Now I have the power of the Ten Dragons. I can't rely on the infuriating. The Eight Swords and the Swords are the same. So, I can only fight with the Eight Swords."

The hard strength of the Eight Desert Sword is beyond the understanding of Ye Xuan. To break through the defense of this one-eyed dragon, it can only rely on the Eight-Defense Sword.

At that time, Ye Xuan was bursting out.

At the same time, the one-eyed dragon is also drilled from the skin of the one-eyed giant.

Both sides are the strength of the Ten Dragons, and it is already the strongest creature in this deep sea palace.

Fortunately, Ye Xuan's speed is above the one-eyed dragon.

"The one-eyed giant is swallowing, and after it becomes a dragon, there are four more claws. If this is the case, then I will scrap your four paws!"

Ye Xuan plucked under the one-eyed dragon, and a sword stabbed into the claws of the one-eyed dragon.

His full blow, he can only barely break the defense of this one-eyed dragon, if he reduces the power of the two dragons, he will certainly be unable to break.

"The Beastmaster's violent time is running out and must be resolved quickly."

Ye Xuan drummed up and sent all the eight wild swords into the claws of the one-eyed dragon.

However, one of the nails of the one-eyed dragon is longer than the eight-year-old sword. This attack is not enough to kill the one-eyed dragon.

"You can't manage that much, just break one of your claws and say."

Ye Xuan took the Eight-Day Sword and struggled to sweep away the dragon's claws and cut a big hole.

At this time, the one-eyed dragon also lifted his claws and grabbed it toward Ye Xuan.

"call out!"

Ye Xuan quickly escaped.

However, at this time, his mind suddenly sounded a different tone.

"Hey, the Eight Rains began to \*\*\*\* the dragon blood, the current progress is three percent!"

"what?"

Ye Xuan was shocked.

The system is still the first to mention the Eight Desert Sword.

This is secondary.

Mainly, what is the use of Feilong learning?

Ye Xuan looked down and found that the dragon blood on the Eight Rains began to dry quickly and was absorbed by the Eight Deserts.

"Hey, the eight-year-old sword currently has a dragon blood concentration of five percent!"

After hearing this second tone, Ye Xuan suddenly remembered one thing.

Eight ridiculous dragon sword!

"Want to learn the Eighth of the Eighth Swordsmanship, do you need to soak the Eight Rains in the Dragon Blood?"

Ye Xuan was shocked. The sacred beast with the power of the Ten Dragons in front of him was just a dragon.

The next moment, he understood.

"The one-eyed giant scorpion swallowed the tail of the scorpion whale dragon, and it changed. It is hard to be done. Is there a blood dragon in the whale dragon?"

Ye Xuan thinks so, but it can be said.

"No matter what, this one-eyed dragon's blood can activate the eight-year-old sword, then come on!"

In the meantime, Ye Xuan's body was filled with a force, and the eight wild swords were directly pierced into the claws of the one-eyed dragon.

This time, he directly left the hand and left the Eight Deserts in the body of the exclusive dragon.

Eight wild swords are not in hand, the system does not have a tone, but Ye Xuan knows that the Eight-Dangerous Sword is swallowing the blood of this one-eyed dragon.

This one-eyed dragon feels something wrong, sweeping a paw and trying to pull out the Eight-Dangerous Sword.

"I want to pull the sword, have you asked me?"

Ye Xuan quickly rushed over, punched out, and the power of the Ten Dragons poured out.

Don't forget, there is a blood of the beastmaster in his body, and the one-eyed dragon is a beast, so there is an attack bonus.

This punch is almost an attack by the power of the eleventh dragon.

"Hey!"

The claws of the one-eyed dragon were shaken open.

It felt incredible, and once again swept a claw, it was still shaken by Ye Xuan.

The Eight-Year Sword is constantly swallowing its blood, but these blood is a slap in the face.

So, it doesn't matter, lift your claws and start a crazy attack.

"Hey!" "Hey!" "Hey!"

Ye Xuan and the one-eyed dragon are slamming. At this time, his face is not very good, because the time of the beastmaster violent is about to pass.

"I am the second time to use the Beastmaster violent. This time, I have consumed a hundred dragons of the sacred beast. The next time, maybe one thousand, if you can use it, you don't need it..."

This is Ye Xuan's thoughts. If you use the third Beastmaster violent, he will be able to kill the one-eyed dragon.

He rushed over and put on the Eight-Day Sword.

"Hey, the Eight Dragons sword currently has a dragon blood concentration of 85 percent!"

It's right now!

"Hey!" "Hey!"

Ye Xuan and the one-eyed dragon also slammed two punches, and immediately, the eight-year-old sword on the dragon's claw began to tremble fiercely.

"boom!"

A thunderous dragon screamed through the city of the shark.

"It is!"

Ye Xuan's eyes condensed, and the eight wild swords were pulled out in an instant, and then they will be included in the Eight Desolation Dragon Sword Society in the phagocytic system.

If you want to use the eight ridiculous dragon swords, you have to meet two conditions.

One: soak the dragon blood.

Two: Learn eight ridiculous dragon swords.

Now both requirements have been met.
