

## Super D. S 348

Chapter 348: Eight ridiculous dragon sword!

"Hey, the host has learned eight ridiculous dragon swords!"

A prompt tone fell into Ye Xuan's ear.

"Eight ridiculous dragon sword, come out."

Ye Xuan transported the infuriating spirit of the whole body. In the outside of the Eight-Dangerous Sword, he condensed a small one than the Eight-Day Sword. Only the three-meter-long dragon sword came.

He held a big sword and stroked it on the dragon's claws of the one-eyed dragon. He only heard the '嘶啦' sound, and the whole dragon claw was easily cut off.

Good sharp!

In this scene, Ye Xuan once met, when the Tang Dynasty dynasty against the lava giant tortoise.

There is no point in the carton, and the incision is flat, just like cutting tofu.

"The trough, my infuriating is quickly consumed." Ye Xuan hurriedly took out a few medicinal herbs to swallow and restore the infuriating.

At this point, one of the front paws of the one-eyed dragon was cut off, and the whole body lost its balance and fell down.

Taking advantage of this opportunity, Ye Xuan is also fast to the dragon head of the one-eyed dragon.

"Eight ridiculous dragon sword, dragon's ruling!"

In the sound of a dragon, Ye Xuanzhen shattered the dragon sword and pulled out a huge white sniper.

This blow is the essence of the second heavy eight swords of the eight swords.

According to the description of the sheepskin roll, the eight ridiculous dragon swords are extremely powerful and have a damage increase to the dragons.

This is a very fast, even more than the response of Ye Xuan.

He only felt the white light flashing, plunging from the neck of the one-eyed dragon, then plunging into the distance, and finally disappeared into the sky.

At this time, the one-eyed dragon that fell on the floor suddenly separated.

Dagger!

The power of this attack is also far beyond the expectations of Ye Xuan.

Eight ridiculous dragon swords have damage bonus to the dragons, and the blood of the beastmasters also has a bonus to the beasts. The two are superimposed, and the head of the one-horned dragon that cuts off the power of a dragon is still not a problem.

"True horror, it is necessary to consume half of the instinct in the body to be able to display. The more gas, the stronger the power."

Ye Xuan's heart is a dark sentence.

The one-legged dragons of the Ten Dragons are all spiked. If there are shark warriors here, they will be scared.

However, at this time, Ye Xuan suddenly thought of a crucial issue.

The one-eyed giant cockroach suddenly becomes a one-horned dragon, so does its snake python still exist?

Thinking of this, Ye Xuan is a step forward, and the dragon body and the faucet are all received in the swallowing space.

Then, in the swallowing space, he gave the one-eyed dragon to the corpse.

Fortunately, this one-eyed dragon has not yet completely changed, so the snake is still there. If Ye Xuan is one step later, then it will completely become a one-eyed dragon. At that time, the snake will disappear.

"Oh, the corpse of the sacred beast and the sacred beast."

Ye Xuanyi opened his mouth and smiled, and immediately swallowed these two things.

"Hey, the host has broken through the power of Kowloon!"

"The power of Kowloon, and then come to a dragon, then break ten!" Ye Xuan heart secretly said.

Next, he wandered through the city of the whole shark, killing the sharks who had not escaped.

Now, the city of the shark is an empty city. The king of the shark is dead, and even the one-eyed giant is dead.

Subsequently, Ye Xuan was rushing back to the Dragon Palace.

When he came, he was the power of the six dragons, and now it is the power of Kowloon, and the speed has soared by half.

In just ten minutes, he returned to the Dragon Palace.

However, he felt that the atmosphere of the Dragon Palace was a bit strange at this time. He shouted for a while under the wall, but no one came to open the door.

"problem occurs!"

Ye Xuan's heart trembled and hit the front of the city directly. The force of Kowloon poured out and instantly blasted the city gate into a big hole.

Less than an hour after he left, the Dragon Palace had an accident, so the reason must be inside the Hailong family.

Just as a team of shrimps and crabs will pass by, Ye Xuan hurriedly grabbed the captain and asked: "What happened?"

Although the captain did not know Ye Xuan's appearance, he heard that there were several human guests in the Dragon Palace. He immediately replied: "General Lei and Lei Tong have rebelled, and they have also captured the Royal Highness and the Prince."

"what?"

Ye Xuan lived and asked: "Where are they?"

"At the Dragon Palace!"

The Dragon King Palace is where the Dragon King lives.

At the moment, Ye Xuan is rushing toward the Dragon Palace.

.....

At this time, in a large open space in front of the Dragon King Palace, there have been countless shrimp and crabs.

On the steps of the Dragon Palace, there are several six-armed sirens, and Utopia is also among them.

These six-armed sirens are all masters of the commanding level and have the power of three dragons. Among them, there is a particularly tall six-armed siren, who is the general of the Hailong family.

Not only that, but on the other side of the steps, there are also some Naga Krakens, which control several people.

If Ye Xuan is present at this time, he will be angry, because the Song Dynasty and the Song ruling are among them, and there are members of the royal family of Yulong and other sea dragons.

"Ha ha ha, Yu Yi, what's wrong with you?"

A big laugh came.

In the center of the open space, there are two figures in the hands, one of them is Yu Yi, and the other figure is the Lei Xing collar of the six-armed Kraken.

"Yu Yi, I broke through to the power of the four dragons, you really thought, you are the first day? Change the body, otherwise, you will die under my knife."

There are four dragons hovering around the body of Lei Ting.

Yu Yi is also the force of the four dragons, but this Lei Tuan led too much against the sky, even gave birth to six arms out, playing Yu Yi without any effort.

"Ha ha ha, Yu Yi, who is the dragon ball in the end, say it, I will let them." General Lei shouted at the top.

"I don't know where Dragon Ball is." Yu Yi insisted on his teeth and responded.

"In this case, then I will start killing your loved ones one by one."

In General Lei's smashing flash, a murderer was caught, and a member of the royal family of the Hailong family was arrested, and then the butcher knife in his hand was lifted.

"No, I really don't know!" Yu Yi anxiously yelled below.

"Haha, whether you know it or not, he will die!" General Ray laughed and prepared to kill a cousin of Yu Yi.

However, it is at this time.

"Wait!"

There was a shout on the side, it was a girl's voice.

General Lei turned his head and found that the man who spoke was the Princess of the Hailong family. He frowned and asked: "Your brother doesn't know, don't you know?"

"Yes, I know where Dragon Ball is." Yu Man solemnly nodded.

"Oh? Let's listen?" General Lei was interested. He thought that Yuman didn't know anything. After all, he didn't even reach the situation.

However, now, he sees that Yuman seems to really know what it is.

Yuman hesitated for a moment and said: "Dragon Ball is actually on my body. To be precise, it should be in my body."
