

Super D. S 349

Chapter 349: Mutiny

"In your body?"

General Ray was shocked.

"Yes, it's in my body."

Yuman nodded: "My father said, when I was born, my body was extremely weak, and I could die at any time. So my father gave me the Dragon Ball. I have been refining Dragon Ball for years. Just a while ago, I finally got together with Dragon Ball."

"What, unite?" General Ray was surprised again.

"Yes, it's one, as long as I break through to the power, I can start to refine the Dragon Ball completely." Yu Man said.

The ancestors of the Hailong family are the power of Kowloon. If she is allowed to fully refine the Dragon Ball, she will have the power of Kowloon.

After listening to General Lei, he quickly swept the past and grabbed Yu Man's white neck and lifted it up.

"I don't want to listen to you nonsense, surrender Dragon Ball, spare you a life!" General Ray shouted.

"This Dragon Ball has been integrated with me, I can't take it out." Yuman said hard.

General Ray was silent.

He felt that Yuman said it was true.

If Dragon Ball and Yu Man are combined, if you take it out, you will probably become a waste product.

However, if you don't take it out, what use does Yuman have for him?

"Is there any way to get it out?" General Ray continued to ask.

Yu Man took a look at Yu Yi and others and nodded: "As long as I break through to the power, I can sacrifice myself to the Dragon Ball like my ancestors..."

breakthrough?

If it is a breakthrough, then it will be the power of Kowloon, and it will be easy for them to kill them.

General Lei is not stupid.

But the next moment, he just thought of a point, as long as the control of Yu Yi and others, Yu Man had to go from time to time.

However, he did not understand, if the Dragon King chose to give up Dragon Ball and Yu Man, and killed with the Whale and Dragon, then they will die.

"Damn, I didn't expect Dragon Ball to be integrated with this hoe." General Lei gnawed his teeth and hesitated for a moment. He already had a decision.

"Kill, kill them all!"

General Ray angered.

what?

Everyone is wide-eyed. It seems that General Lei is planning to give up Dragon Ball.

Those Naga Krakens and the six-armed Kraken, all of them were General Ray, and after hearing the instructions of General Ray, Ye Xuan unrelentingly dropped the knife.

The Song Dynasty that was caught was already desperate. She thought of Ye Xuan in her heart. She regretted why her strength was so bad that she could not help at all.

However, just as the sound of General Ray fell, there was a figure plucking out, a few cold flashes, and the rebel heads all landed, including this general.

"what?"

Lei Tong took a look at the open space. When he reacted, General Lei and others became all dead bodies.

General Lei is the father of Lei Tong's thunder, and he has the power of five dragons. However, such a realm has been spiked, at least the master of the six dragons.

However, this killed the generals of Lei, but far more than the power of the six dragons, reached Kowloon.

"Ye Xuan?"

When the detained person saw a figure on the steps, the Song Dynasty could not help but shouted out.

From the rebellion of General Lei to the beating of them, she has never spoken, because she has no effect at all.

So is the Song ruling.

Only then, they are deeply aware that their strength is too bad.

"never mind."

Ye Xuan smiled slightly, and the eight-year-old sword broke open instantly, and the Thunder was taken to kill him.

Now, the rebels have all been killed.

In his heart, he was glad that he had to go back early. If not, it would be dangerous.

After seeing Ye Xuan, everyone was relieved. In a blink of an eye, the power of the five dragons and the masters of more than a dozen three-four dragons were killed. Only Ye Xuan could do it.

Ye Xuan rushed to the side of the Song Dynasty and looked at it. Then it was the big voice: "Are you all right?"

"Nothing."

Yu Yi shook his head and walked over.

He would not have thought that after Ye Xuan left, General Lei suddenly appeared, taking all the royal members of the Hailong family as hostages.

"That's good."

Ye Xuan nodded and looked at Song Congjing and smiled and said: "The evil shark has been ruined. The one-eyed python has also been killed by me. I have also taken it back. You don't have to worry."

what?

Everyone listens.

Things are really twists and turns, General Lei has just died, Ye Xuan has said such a shocking news.

The evil sharks are dead, this is good news for Tianda.

General Lei's rebellion was just an episode. Their bodies were all collected by Ye Xuan and then swallowed up.

Half a day later, the Dragon King returned again.

When he heard the news that the sharks were destroyed, he was shocked. When Ye Xuan took out the one-eyed python, and the martial arts of the heavenly body, the dragon king almost cried out.

This time, Ye Xuan did not intend to think about what they asked for. After all, the low-level corpse of the sacred beast had too little benefit to him. Although there was a devour of the blood of the Beastmaster, it was not as strong as he went outside to kill himself. Holy beast.

In the following days, Ye Xuan was also staying in the Dragon Palace, because the Song Dynasty and the Song ruling were about to break through.

Not only they, the Princess of the Hailong family, Yu Man is also trying to break through.

After seven days, Yuman succeeded in cohesiveness and had the power of one dragon.

After the breakthrough, the dragon ball in her body was directly refining a lot, allowing her to break through to the power of the three dragons.

She can break through so quickly, in addition to the previous stimuli, Ye Xuan is also indispensable, without the sacred beast of the five dragons brought by Ye Xuan, she may still need some time to break through.

Although she has the power of three dragons, the Dragon Ball is the power of Kowloon, so she still has a long way to go.

However, on the third day after Yuman's breakthrough, the Song Dynasty and the Song ruling were already at a critical juncture.

At this time, in a palace in the Dragon Palace.

Ye Xuan sat behind the Song Dynasty and the Song ruling, and his hands were placed on their backs, and they crossed the infuriating qi to help the two refining the beasts.

In the sound of a dragon, the Song Dynasty and the Song ruling both condensed a dragon.

The power of a dragon!

Awkward situation!

"Call, finally broke through to the power."

Ye Xuan came out with a sigh of relief.

Since the last time I entered the kind of ice fire, the two brothers and sisters of the Song ruling and the Song ruling have never succeeded, so their cultivation speed has slowed down.

After the breakthrough, the two brothers and sisters also looked at each other and they seemed to have decided.

"Breakthrough, almost can continue to hurry..."

Ye Xuan said with some eagerness.
