Chapter 354: escape!

Under the leadership of Ye Haoer, Ye Xuan walked into a shop under the name of Xiaoyue Ancestral Hall.

Then, Ye Haoer showed his identity token, and soon a middle-aged person came to receive them.

"Is it a child, how come, what's the matter coming today?" The middle-aged man obviously knew Ye Haoer and said with a smile.

"Qiu Guan, I have a friend who wants to sell something... and, the number is not small." Ye Haoer whispered.

"Oh, come with me."

The middle-aged man would like to take the two into a room with soundproofing.

Ye Xuan also said nothing, took out the Qiang Kun ring and said: "I have some deep sea treasures here..."

The middle-aged man heard the words and silently took over the Qiankun ring. He thought that it was only one or two thousand condensed stones, but he did not expect that the price of this Qiankun ring had exceeded 500,000!

"This....."

The middle-aged man has widened his eyes, and the figure is beyond his reach.

The next moment, he looked at Ye Xuan with a weird look, saying: "Little brothers, these natural treasures from the deep sea, where did you come from?"

"Predecessors, do you do business, and ask the source of things?" Ye Xuan eyes.

"No, no, this is not because the amount is too big, in case the road is unknown..." The middle-aged did not say anything.

"Reassured, these natural treasures are all picked by me." Ye Xuan slowly answered.

The middle-aged man paused and nodded. "Well, I know, but this amount is too big. I have to ask for it."

"Ok."

Ye Xuan also understands that this thing in Qiankun's ring is worthy of a heavenly martial arts.

Then, the middle-aged man returned the 乾坤戒 to Ye Xuan and left.

"Hey, is there anything else to sell here?"

After the middle-aged man left, Ye Xuan could not help but ask.

Ye Haoer nodded: "Yes, there is everything here, even martial arts seeds."

"Is it....."

Ye Xuan is slightly different, martial arts seeds, this is extremely rare, a martial arts seed represents a life, because these are the life-skilled masters in order to let their martial arts pass down, sacrifice themselves to concise.

Soon, the middle-aged man was back, but it brought two others.

"it's him!"

The middle-aged man pointed to Ye Xuandao.

"what happened?"

Both Ye Xuan and Ye Yuer looked at each other inexplicably. The latter asked: "Qiu Huo, this is..."

The middle-aged man said coldly: "In recent days, Xiaoyuezong has lost several batches of deep-sea cargo, worth 500,000 condensed stones. I suspect that he is the one who robbed the goods."

When Ye Haoer listened, he hurriedly said: "The hills are a matter of affairs. This must be a misunderstanding."

"The misunderstanding will not be misunderstood, and I will talk about it later. Leave him and ask the general manager for interrogation!" The middle-aged man shouted coldly.

The voice just fell, the two guards outside the body are flying three dragons, one big, two small.

The power of the twelve dragons!

This middle-aged man only had the power of the Ten Dragons, so he was assigned to take care of the affairs here. He was afraid that he could not beat Ye Xuan, so he called two helpers.

The guards of the two twelve dragons are enough to withstand the power of the thirteen dragons.

Ye Xuan looked at them and walked toward him. His mind was thinking about it. He wondered if he should resist and then flee.

However, if you escape, then Ye Haoer, is it not an accomplice?

"You must have made a mistake in the management of the hills. These deep-sea resources of Ye Big Brother are all picked by him." Ye Haoer hurriedly explained.

"I said, isn't it, it's decided by the general manager. You don't want to intervene, you can't stop me even if your master is an elder!" The middle-aged man said, turning to look at Ye Xuan.

At this time, the two guards started, and the two reached out at the same time and placed on the shoulders of Ye Xuan.

But when they met Ye Xuan, suddenly, Ye Xuan's body emerged three dragons.

One big, two small, also twelve dragons!

what?

The two guards were shocked. When they reacted, there was a fist hitting their chest and flying them away.

Originally, Ye Xuan wanted to be awkward, but after hearing the master of Ye Yuer, the elder of Xiaoyuezong, he changed his mind.

There is a master cover, Ye Haoer will certainly not have something, then as long as Ye Haoer takes people to the deep sea palace, he can return him innocence.

The reason why Ye Xuan started, I am afraid that this is a trap, I am afraid that this middle-aged man will pick up these things and take him as a ghost.

So, you have to go!

After Ye Xuan hit the two men, it was a step, left the room, and then walked away.

"Damn, chase!"

The middle-aged man felt that there was a wind blowing and hurriedly shouted.

His estimate is wrong, he is willing to think that Ye Xuan only has the power of the Ten Dragons. I did not expect that it was the power of the Twelve Dragons.

The two guards immediately chased them out.

"Hey, you have a big disaster this time, tell me, how did you know him?"

.....

After fleeing, Ye Xuan immediately hid in the shadow of a small alley.

He has some doubts, whether he is too sweeping the star a little, and wherever he goes, he can have an accident.

"The master of the nephew is the elder. As long as the explanation is clear, there will be nothing. Oh, I am alone."

Ye Xuan shook his head helplessly, and immediately prepared to leave the city.

It is at this time.

"The thief is taking a break!"

A big drink rang.

Ye Xuan's body trembled and saw a person falling from a high altitude. He was actually a master of the power of the fourteen dragons.

"Megatron!"

Ye Xuan was shocked and hurriedly called Megatron to quickly take off.

"what is this?"

The master stunned his eyes and hurriedly turned back. He also had flying mounts, and naturally he would not give up the opportunity to pursue.

Within ten seconds, Ye Xuan flew out of Zhuye City, but behind him, there was still a stream of light to chase.

"The trough, chasing it!"

Ye Xuan's heart trembled and hurriedly ordered Megatron to fall into the forest outside Zhuyecheng.

When it comes to the power, the hidden effect of the Shadow Leopard is not very useful, so at this time he has only one way, that is, the battle!

"The Beastmaster violent has a little time. If you want to go, you can only kill him!"

Ye Xuan immediately made a decision.

He originally had only the power of Kowloon, but after the violent violence of the Beastmaster, he was forced to ascend to the power of the twelve dragons, and there was only a gap between the two dragons.

There is a big gap between the power of one dragon and the power of two dragons, but the difference between the power of the twelve dragons and the power of the fourteen dragons is actually nothing.

Ye Xuan also has three kinds of cards in the sword saint blood, the beastmaster blood, and the eight desert swords, and he has advanced two agility, twelve dragons plus 20% movement speed bonus, almost Fifteen dragons have been reached.

So Ye Xuan feels that he can fight with the master of the power of the fourteen dragons.

However, he is afraid that the other side has a law-abiding martial arts.
