Chapter 36: war!

Time, bit by bit, but did not see any city guards coming, the people gathered around are still the people.

"Weird, now there are some warriors who have not even reached the fifth place in the martial arts. Why is my guard team not coming?" Wu Tiancheng, the owner of Liancheng City, is somewhat puzzled.

Next, as time went by, Wu Tian's face was getting worse and worse. It seems that the guards he sent to him had some accidents.

"Is it difficult, Lin Jia and Ye Jia still have masters? Lin Jia old ghost is not in a retreat? Is it him?" Wu Tianxin sighed.

"Ha ha ha, Wu Chengzhu, you are too much like it."

A group of people began to laugh, only during this time, their nerves are tight, for fear of seeing the city guards to threaten their loved ones.

But now it seems that this is not the case.

However, at this time, suddenly someone responded, loudly: "No, this Wu Tian is delaying time!"

Everyone is a glimpse and has widened his eyes.

Assume that Wu Tian just said it is true, but his city guards did not actually go to the two, just to delay the time, and in that time, Wu Tian's city guards really got two. ?

"Kill, kill Wu Tian!"

"Mom, I have delayed him, fast, kill him!"

"on!"

In the meantime, Ye Jia and Lin Jia are arrogant, and they want to kill the people of the Wu family when they are not getting worse.

Ye Zhang and Lin Ming also looked at each other and shouted.

Suddenly, everyone just rushed out of the Chen family and killed the Wu family.

"Wu Liang, come to life!"

Lin's other martial art, the seventh heavyweight, screamed in the middle of the martial arts.

"Since you are so open-minded, then let me die!" Wu Liang also greeted him in an instant. He was the eighth-armed martial artist, even the martial arts seventh-level martial artist could easily defeat, let alone these people?

More than two hundred people immediately played against each other, and the scene was extremely large. Those onlookers were retreating, for fear of being affected.

Today's battle is probably the biggest battle in the history of Yuncheng.

After Ye Zhang issued the order, Ye Xuan also took out the black iron bow and raised his hand to shoot, but he also had a purposeful attack. Who would dare to attack the fifteen people, he would kill him.

In just a few seconds, he shot seven.

"Quick, kill them, don't be saved!"

Someone in the Wu family camp shouted.

"Who is going to die?"

In the distance, Ye Xuan stunned, and immediately shot an arrow, and the sixth martial artist who screamed was shot.

After Fang Haoxuan swallowed so many good things, he broke through to the seventh heavyweight of the martial arts, and there were more than 20 points of engulfing points.

He spent ten points and learned the second prize from the six-art martial arts chaos arrow. Now he can shoot six arrows in an instant. This chaotic star arrow is also a strange martial art. The first is six martial arts, and the second is seven martial arts.

"Hey!"

The Xuan iron bow bowstring swayed, and a spiritual arrow instantly split five pieces and killed several Wu family warriors.

Ye Xuan's speed of killing the enemy is definitely the number one among the people present. No one can stop his deadly arrow.

"Not good, the other side has an archer, kill him!"

The Wu family is also a big drinker.

The voice has not yet fallen, and several warriors rushed toward Ye Xuan. However, they were not close, and they were shot directly by Ye Xuan.

In less than half a minute, the number of warriors killed by Ye Xuan has reached ten.

The Wu family's power is also great. In addition to the masters of the Bailai's Wu family, there are also two hundred city guards. However, the members of these city guards are basically the fifth most important martial arts, which is considered as the cannon gray level. Wu Tian is not sad.

Over time, the number of people on the Wu family will become less obvious.

"Ye Xuan, good, help me wait to rescue them!" The three elders suddenly shouted, and then rushed with a few masters.

Although Ye Xuan's arrow method is good, Wu's master wants to kill those captive prisoners. It's really not very difficult. At this time, in addition to the big elders, the second elders, etc., there are already seven people. The sword was murdered.

"Want to save them, let me pass this level!" Wu Tiancheng, the owner of the city of Lianyun City, screamed directly in front of them, and then the sword was waved several times, which was to blast the leaves of Ye Xuan.

"There are two brushes, I see how you block me!" Ye Xuan Shuguang condensed, suddenly took out a medicinal medicine, and in an instant, his spiritual power was soaring up a level.

Explosive Dan!

Originally, Ye Xuan was the seventh major martial art. The spiritual strength was suppressed by Wu Tian. Now he and Wu Tian are at the same level. Wu Tian can't easily defeat his spiritual power.

Chaos Star Arrow!

Ye Xuan raised his hand and shot another arrow. The spiritual arrow was divided into six and shot toward the warriors behind Wu Tian.

"how is this possible?"

Wu Tian was shocked. He reached out and blocked three arrows, but missed three pasts. He found that the speed of these arrows was much faster than that of the arrows, and the intensity was also improved.

At this time, the three elders and others were also swept over and attacked directly against Wu Tian.

"He is constrained by me to save people!"

There was a manic voice in the back, it was Ye Xuan.

Upon hearing this, the three elders and other people also flashed directly to the side, and then stabbed into the city guards like a sharp knife.

"Bad boy, dare to kill me Wu family so many people, I want your life!" Wu weather flames soar, and regardless of other people, they rushed toward Ye Xuan.

Now Ye Xuan is also the seventh middle of the martial arts. There are also a few six-product martial arts on his body. Therefore, he did not fear this Wu Tian, and immediately greeted him.

"Open the palm!"

"Thundering the sword!"

boom!

The two energy moments collided together, causing a fierce shock, and the air waves swept through and instantly shrouded this area.

However, what Wu Tian did not expect was that Ye Xuan's figure quickly came to his body and once again took out a sword!

Thundering the sword!

"Hey!"

Wu Tian's whole person flew out. He found that his speed was much slower than Ye Xuan, but fortunately, the martial arts he used was not small, so he was not injured, just flew out.

"How is it possible that the city owner was actually shot by this kid?"

"Who is that kid?"

"You don't know this, that is Ye Xuan, the one who used to throw Chen Songguang on the street."

"It's terrible, the city owner is not his opponent?"

"This is impossible. It should be the city owner's care."

Wu Tian's face sank. When he was ready to stabilize his body shape, a figure suddenly appeared in the crowd, and a palm was shot on his chest, and then he was squatted in an instant.

"I don't want Wu Tian to die, just stop!"
