Chapter 360: Continue to participate

"This is the first prize of the Kowloon Group, ten years of dragon grass!"

The referee came over and handed the item to Ye Xuan very refreshingly.

Ye Xuan was also polite, took the dragon's blood grass down, and then took a fist against the three sides of the battle platform, is to leave directly.

Everyone present was also a bit surprised. Ye Xuan won the first place in the Kowloon group. How can he not even disclose his name? Is it so anxious to leave and rush to eat?

"Oh, unfortunately, this kid doesn't seem to want to join my Shuiyuezhong, but it's gone."

The elders on the battle platform shook their heads, and they did not want to force them. After all, there are still many younger people in Shuiyue Zong who are younger than Ye Xuan. They are already disciples who have broken through to Thirteen Three Dragons.

.....

After getting the dragon's blood grass for ten years, Ye Xuan quickly left the water moon and then swallowed it directly.

"Hey, the host has broken through the power of the twelve dragons!"

Even if the average person takes the dragon's blood grass, it will take a while to refine. However, this special Tiandi treasure can be effective for Ye Xuan.

From the power of Kowloon to the power of the Twelve Dragons, it is only completed between one mind. If you say it, no one will believe it.

There are millions of condensed stones in Ye Xuan's ring, and now he is directly swallowing it.

"Hey, the host has broken through the power of fifteen dragons!"

After hearing this tone, Ye Xuan's mouth was slightly tilted. He was calculating the mistake. He thought that he thought he could only break through the power of the fourteen dragons. He did not expect to break through the fifteen dragons directly. It was an unexpected surprise. .

The power of the fifteen dragons, if it is normal running, his speed is probably the same as that of the eighteen dragons, because he still has a 20% movement speed bonus.

"The power of the fifteen dragons, if you use the Beastmaster violent, you can upgrade to the Twenty Dragons. It seems that I won the first place in the 19th Dragon Group. It should not be a problem."

Ye Xuan is calculating in the heart, but he does not dare to care, because almost all of the nineteen dragons are in the power of the nineteen dragons. Like the old man who had the same 90% of the swordsmanship, there must be quite a few.

However, in order not to be suspected, Ye Xuan changed his line and made a pair of * in the phagocytic system. Then, he wore a smile mask outside.

In this way, no one can recognize him.

Anyway, this martial arts conference looks at the entry token, and when it comes to testing, he is the power of the fifteen dragons. It is not the power of Kowloon. No one will think that he is the champion of the Kowloon Group in the morning.

Half a day has passed.

During this half-day, Shuiyuezhong still came to visit a lot of warriors, and even more than twenty dragons.

Ye Xuan disguised it and then went in again.

There are not many contestants in the Kowloon Group. There are only a dozen of them. When Ye Xuan entered, these people were just testing the realm.

"The power of the seventeen dragons!"

"The power of the Eighteen Dragons!"

"The power of the nineteen dragons!"

"The power of the nineteen dragons!"

"The power of the nineteen dragons!"

Listening to the cry of the test disciple, Ye Xuan also felt tremendous pressure. Sure enough, all of them came from middle-aged or old age, and almost all of them were the power of the nineteen dragons. Although they may not be able to use the dragon for a hundred years. Blood grass, but it is able to sell it.

Soon, I went to Ye Xuan.

Like the morning, he banged on the stone tablet and flew six dragons, one big and five small.

His strength has just emerged, which has attracted a lot of hot and cold ridicule.

"It's really funny. The power of the fifteen dragons came to participate. It's really looking for death."

"There is also a mask that is not recognizable. It seems that it is not old enough. It is indeed looking for death. Although this competition does not allow killing, it does not say that it cannot be disabled. If the arms are cut off, it will be scrapped in the future."

"Is this still not good, maybe this fool is hit by us?"

"That's right, hahaha."

Two warriors near Ye Xuan laughed at that haha.

These two people, Ye Xuan remember, a seventeen dragon, an eighteen dragon.

However, he did not want to take care of these two people, but he lowered his voice and said coldly: "A fool."

"what did you say?"

A strong man heard it, and immediately came up with a step and grabbed the collar of Ye Xuan directly.

"Why, do you want to start here?" Ye Xuan sneered.

"Do you think I dare?"

The strong man has big eyes and a fierce appearance.

"If you dare, let's do it. If you don't dare, give me a hand, otherwise..."

Ye Xuan did not say anything.

"Otherwise, what about the waste of your fifteen dragons, and dare to threaten people?" Another man could not stand it anymore.

"Otherwise, your hands will be cut off by me!" Ye Xuan replied.

Hahaha!

When the words came out, the two men immediately laughed, not only that, but also the others around them.

A warrior of the power of fifteen dragons, threatening to slash the hands of the eighteen dragons, is really a joke.

"stop!"

Just then, the disciple on the side stopped the Tao.

As the organizer of Shuiyuezhong, it is natural to maintain the stability of the scene.

"Hey, count your luck, you better pray not to meet me at the conference, otherwise, don't talk about your arms, even your legs, and the roots of life will be cut off by me." The strong man loosened Ye Xuan Collar, back to the back.

Hearing this, Ye Xuan, a smiley face mask, couldn't help but smack his mouth, and he didn't even have the courage to do it. He dared to threaten his life, and he was really looking for death!

He is not the first day to step into the **** rock continent, this is a strong world, not to say that your realm is higher than the other side, you must be better than the other side.

There used to be people who killed a lot of twenty or thirty dragons when they were in the power of the dragon.

Of course, there are very few such examples, so most people think that people with high realms are stronger.

Soon, more than 30 people were all tested. This time, there is no need to group and draw lots directly.

This time, Ye Xuan is on the 18th.

Then, the 30 people were brought to the arena in the morning. At this time, the arena was full of people, twice as much as in the morning.

This time, the rules are still the same, the first round is to play in order, Ye Xuan is the 17th.

The Kowloon Group has a lot to look at than the Kowloon Group. Those who come to participate in the military are all distinguished people.

The first game was the battle of two 18-dragons. It was so dark and dark that the audience was excited.

The 18th Dragon is already able to take up the post of law in Shuiyue.

Ye Xuan also carefully read, the two eighteen dragons of the warrior, although there is no heavenly body martial arts, but the two swordsmanship, but also trained to 70% or 80% of the fire, if it is a careless, it is broken hands .
