Chapter 363: Take an enemy two!

However, the strength of Ye Xuan has already made the rest of the contestants jealous.

They are imagining whether they can cope with the attack of the eight-handed blade while coping with the swordsmanship of Ye Xuan's 90-year-old fire.

The game is still going on. After the defeat of both the strong man and the man, he left, and he did not know where to go.

Soon, the second round was all finished and nine people advanced.

However, the rules of the third round are beyond the expectations of everyone.

"The third round, the rules changed, the three went on stage and advanced to one!"

When the elders of Shuiyuezhong fell, everyone was shocked.

Three people together on the stage?

Ye Xuan, who was resting in the closed eyes, couldn't help but open his eyes.

Three in one, this is a bit tricky.

"This time, the rules in the ring are a bit different. It is necessary to knock two opponents out of the ring to win."

The elders of Shuiyuezhong explained.

The remaining nine people are gloomy, which means that only three people can advance in this round.

The elders of Shuiyuezhong did not talk nonsense, and began to draw lots directly, and read three numbers.

After the three warriors squatted for a moment, they jumped onto the ring, then dispersed the station, and stood on three feet.

"Start!"

The elders of Shuiyuezhong shouted.

This time, the three people stood in taboo and did not have any action.

Upon seeing it, Sui Huzong's Bai Hu elder added: "Time is five minutes. If there is no victory, all three will be eliminated!"

The three men on the platform trembled, one of them biting his teeth and attacking directly toward the man on his left hand side.

And the person on his right hand saw it, and he rushed over to the same person with the sword.

Although they did not speak, they reached an agreement in unison, first sent the third person out, and then they won again!

"not good!"

The third warrior's face changed, and he did not expect that he would become a nail in the eyes of the two.

This time, I have to work hard!

At that time, the two men rushed to him and attacked.

This third warrior only resisted a few rounds, was severely wounded by one person, and then flew out of the ring by a pedal.

The three are the same as the power of the nineteen dragons. Two of them join forces against the third person. If the third person does not have the ability, it is naturally impossible to escape.

However, while the third person flew out, the two warriors shot toward each other.

This third round of the three-person test, in fact, is similar to the second round, as long as the team first put a person 'please' out of the downstairs, then it is a one-on-one test.

In the case of one-on-one, it is generally a minute to win the game.

Sure enough, in less than half a minute, one person won the victory and entered the top three.

In the second game, I did not draw Ye Xuan.

However, just after the three elders of Shuiyuezhong read three numbers, Ye Xuan's two opponents actually got together and looked at him in this direction.

Ye Xuan suddenly understood the other party's intentions and said: "Nima, would like to join hands to clear me out, if this is the case, then I will ruin my ruthless!"

Thinking about it, his eyes are also bursting out of two fine mans.

The second match was the same as before, and two of them reached a consensus, invited the third person out, and then singled out.

Soon, the second game is over.

Then the last game, naturally no need to draw lots, is Ye Xuan three.

"You three are also on stage." Shui Luzong's white elder shouted again.

At this point, the audience is also excited, because they all know that this game is actually two-on-one, and Ye Xuan is the one.

I don't know, can Ye Xuan block the siege of the two?

Ye Xuan jumped into the ring, and he was already ready to be besieged by the two.

"Hey."

The martial artist on the left hand side of Ye Xuan is sneering, and the person on the right hand side is also showing a smile like a smile.

These two people are also the power of the nineteen dragons. They are more powerful than Ye Xuan, but they decided to clear Ye Xuan first. This is also a reason.

First, Ye Xuan has no injuries, and the two of them are probably only 70% of the previous ones due to the previous fight.

Second, they are not sure about the double attack of Ye Xuan.

In fact, the advantage of Ye Xuan is greater as the test goes to the back, because his state has always been the peak.

Therefore, he is already victorious in this game.

The remnants of the power of two nineteen dragons in the district, he is still not in the eye.

"let's start."

The elders of Shuiyuezhong shouted and retreated to the side.

The sound fell, and the two men also looked at each other and then rushed toward Ye Xuan with a long sword.

"Ha ha."

Ye Xuanyi opened his mouth and smiled, and the breath suddenly soared. The six flying dragons that flew around were suddenly more than four.

Beastmaster is violent!

Now Ye Xuan, like the two, the power of the nineteen dragons!

Of course, only power, the realm of truth is still the power of the fifteen dragons. However, this is enough.

Ten of the power of Kowloon, the speed is already more than the power of twenty-three dragons, to deal with these two people, do not need eight wild winds to kill.

"kill!"

Ye Xuan's glory has directly condensed the dragon's sword and greeted him.

"So fast!"

After seeing the speed of Ye Xuan, the two talents understood what kind of enemy they had provoked. One of the talents just gave birth to the meaning of retreating, Ye Xuan had already rushed to him.

"not good!"

The face of this person changed greatly, and Ye Xuan, who was rushing to the front, stabbed a sword, but it was stabbed on the shadow.

call out!

Ye Xuan swept the sword of the dragon and the other arm of the other party was thrown up. Then there was another cold flash, and the other's thigh was directly cut off easily. He lost his balance and was cut by Ye Xuan.

Now, break your arms!

Ye Xuan quickly took off the other side's Qiang Kun ring, and then kicked the person out of the ring.

This scene happened too fast. There was not much blood on the ground, because it was beyond the reaction of everyone. Only the elder of Shuiyuezong saw Ye Xuan's skill.

This sad reminder man is still flying in the air, Ye Xuan's figure is quickly swept to the second person, in the same way, the other side disabled.

A few muffled sounds spread outside the ring, and the body and broken limbs of both of them fell outside the ring.

"The 18th wins!"

The elders of Shuiyuezhong immediately announced after a second.

In the first two games, one person was cleared first, and then the two men singled out. However, in this game, Ye Xuan was the best, and he still won, which is beyond everyone's expectations.

"Hey!"

At that time, the three-sided viewing platform was opened.

"Who is wearing a smiley face mask, who is so powerful."

"I have never heard of this person, but I can suddenly go up the power of the four dragons. This is a magical skill!"

"This martial art definitely has side effects. After a while, his strength will definitely drop!"

"But, there is still a final, maybe three people will come to power together, then his strength is still in the power of the nineteen dragons."

"Look at how the rules are made by Shuiyuezhong..."

The audience is talking about it.
