Chapter 365: kill!

Two of the four warriors who have been killed are the power of the nineteen dragons, and the remaining two are also the power of the eighteen dragons. If the four men join hands, even the masters of the Twenty Dragons and Twenty One Dragons will be able to fight.

Unfortunately, they met Ye Xuan!

To deal with this level of people, Ye Xuan does not need to use the Beastmaster violent again.

"Kid, die!"

The four men plundered in front of Ye Xuan and launched an attack.

But the next moment, their expression is a stiff, they found that Ye Xuan's body is still flying ten dragons, one big, nine small.

Still the power of the nineteen dragons!

"How is it possible, is the effect still there?"

The four faces sank, but since they have already shot, there is no possibility of closing their hands.

kill!

"Ha ha."

The face under Ye Xuan's mask is just a smile. In Shuiyue Zong, he does not dare to kill, but outside of this, he does not have to be merciful!

"Eight ridiculous dragon sword!"

The three-meter sword appeared. With the hand of Ye Xuan's hand, there were two people flying up.

Han Mang swept again, and the other two men's heads also flew up.

One second, even four people!

Ye Xuan is very skilled in the four people's Qiang Kun ring, directly swallowed the things inside, and then killed back.

"What, the four people were killed in an instant?"

Some people noticed that Ye Xuan had come back and couldn't help but stunned. Suddenly, their hearts floated with an unpredictable hunch.

However, in the rich and dangerous insurance!

"kill!"

These people did not care too much, teamed up with their own companions and attacked the nearest people.

There are more than 50 people who follow, and in that case, the number has dropped by ten, and the number is still decreasing.

The three elders who followed were also shocked. They have already expected this situation.

The main culprit in this big chaos is Ye Xuan, wearing a smiley face mask.

Looking at Ye Xuan rushing into the crowd and killing the Quartet, these elders finally understood why Ye Xuan did not stay in Shuiyuezhong for protection.

It turned out that he also used the same idea!

"Oh, my damn!"

Ye Xuan murdered the machine, the eight-year-old sword suddenly broke, and began to attack the people around. At the same time, he himself is also holding a hand-held device, killing people when they see people.

In less than ten seconds, more than fifty people left only a dozen people.

Among the people who came here, there were two masters of the 21st Dragon, but Ye Xuan's speed was enough to stand up to them.

The rest of these people are getting a lot of wealth, and they will run when they see the plane.

Ye Xuan also did not chase, at this time, they are standing in a triangle.

On the ground, the corpse is everywhere, the whole area has been dyed red, and the \*\*\*\* smell is unusually pungent.

"Kid, don't you go?"

A one-eyed old man asked coldly.

"Why are you leaving?" Ye Xuan answered with a smile.

"Do you think that you can fight the 19th Dragon's warrior in a step-by-step manner? Can you fight with us?" The one-eyed old man asked again.

"you guys?"

The brows under the leaves of Ye Xuan wrinkled, it seems that the masters of the two twenty-one dragons are together.

If it was before, he would probably turn around immediately, but now he has broken through the power of the 19 dragons. What are the reasons for fear?

"Kid, if you are surrendering the martial arts that enhances your strength, otherwise you will die very badly." Another long-haired middle-aged man said.

"Ha ha."

Ye Xuanyi opened his mouth and smiled. Sure enough, the two men were staring at his beastmaster.

The Beastmaster is violent, and only the blood of the Beastmaster can be used. Now he can condense the seeds of a beastmaster's blood, but will he stupidly give these two strangers who want to kill him?

The top bloodline is naturally reserved for friends and family, and when you need to sell a good price, you can quickly improve your strength.

However, he will not take it out so quickly. After all, each top blood is very precious, and there is only one blood seed per type.

"What, don't you?"

The one-eyed old man asked.

"I want to, but I have to step on my body!"

Ye Xuan shook his head.

Hearing the words, the middle-aged and the one-eyed old man also looked at each other. The reason why they asked Ye Xuan to ask, is also afraid that Ye Xuan's Qiankun ring is not there. If he kills Ye Xuan, he may not get it.

However, since Ye Xuan is not so long, they don't mind killing.

"In this case, then we are welcome!" The one-eyed old man sipped coldly and ran to the leaves with Ye Jian.

The same is true of middle-aged people.

"Good to come!"

Ye Xuan yelled and greeted him.

He of the fifteen dragons is qualified to fight with the warriors of the nineteen dragons. Now he has the power of the nineteen dragons, and he is not hand-to-hand with the two twenty-one dragons.

However, what Ye Xuan did not expect is that the two warriors are not ordinary people.

Their speed is very fast!

"Heavenly law martial arts?" Ye Xuan's eyes widened.

The middle-aged man is a little faster than him, while the old man is a lot faster, at least 20%.

In order to win the first place, he used a violent beastmaster and consumed a large number of bodies.

This time, he didn't want to use it.

If you encounter difficulties, use the Beastmaster violent, how to play afterwards?

"Hey!" "Hey!" "Hey!"

The collision of the weapons continued to sound.

This time, Ye Xuan did not display the eight wild winds to kill, but chose to be hard-headed.

If it is only a person, Ye Xuan will use a double attack to kill, but unfortunately the other party is two people. If the eight wild swords are taken apart to deal with another person, it is better to use the dragon sword to force the two.

At the time of Shuiyuezhong, Ye Xuan was a master of the power of the 19th Dragon.

However, nowadays, it is faced with two twenty-one dragons, and is still a master of the martial arts of the heavenly body.

This scene is also to see those three masters who have come to see.

Is this strength too far outrageous?

"Boom!" "Boom!" "Boom!"

The roar of the battle circle continued, and Ye Xuan's own strength against the two masters of the 21st Dragon was fierce.

Fortunately, the martial arts of the heavenly body that the two have learned are not very clever, otherwise Ye Xuan may have lost.

"The swordsmanship of these two people is about 80%. If it is 90%, I can only use the Beastmaster to be violent."

Ye Xuan was thinking while fighting.

At the same time, he has not lost the reason, in addition to the 20% movement speed bonus, there are eight wild swords.

Eighty-swords are strong and strong, and Ye Xuan uses the Eight-Dangerous Sword in the realm of the power of the nineteen dragons. The increase is more than the celestial weapons in the hands of these two people, almost making up for the gap between the two dragons.

The three figures continued to attack and the ground was cracked. In this battle, they played for three minutes.

"It seems that if you don't use the Beastmaster violent, it is very difficult to kill them."

Ye Xuan thought in his heart.
