

## Super D. S 375

### Chapter 375: Sneak attack

"I can help you find someone, but the price is not low."

Ye Xuan squinted.

"How much do you want?" The woman asked.

"I want the body of the sacred beast, the body of a sacred beast of a hundred dragons! Of course, the higher the number of the realm can be less." Ye Xuan direct price!

The body of the holy beast?

This request, but the woman was difficult to give, but also shocked her.

Nothing, what is the body of the sacred beast?

The body of a sacred beast of a hundred dragons, I am afraid no one has it, but the body of the fifty dragons or more may have.

"My father has some bodies of fifty dragons. What do you want to do?" the woman asked curiously.

"I have it. As for why I want it, I don't have to tell you. In addition, I have a condition to tell me what is on the third floor." Ye Xuan said coldly.

The woman paused again and said, "Tell you anyway. Before we came, our big forces got the news. Colorful treasure trees are on the third floor of this plantation, and there are many dangers on the way, even if it is The masters of the fifty dragons are likely to fall."

"Since I know, your detoxification Dan is not much to prepare?" Ye Xuan asked strangely.

"The mysterious man did not tell us that the second layer was a layer of poisonous mist." The woman replied.

"Is using these people to open the way, by the way, weaken the strength..." Ye Xuan felt a heart, it seems that the mysterious white man, did not have any good intentions.

Moreover, even the masters of the 50 dragons may fall, this is not a general danger, but the more dangerous the place, the more often the harvest.

"This is the master of the big forces, tell me." Ye Xuan continued.

"I am Xie Yu, the daughter of Xie Hai Xie Hai. I thanked the family for the three masters of the 50 dragons. In addition, there are three masters who have the power of the 50 dragons, adding up to nine people." Answered.

Three people, plus nine people, that is the master of twelve fifty dragons, this trip is really unusual.

"You thanked the family, can you compete with the sects?" Ye Xuan said very strangely.

"Yes, my family is the most powerful family in this area, and the other three sects are fighting against each other." Xie Yu nodded.

"In this case, how did you get separated from other people?"

Xie Yu replied: "When I came down, I met the wind door in the three major denominations..."

Hearing this, Ye Xuan also understood that it was caused by the firepower of both sides.

"Well, I can \*\*\*\* you. As for whether you can find Xie Jiama, you have to look at luck. If you really find it, I hope you don't turn your face and don't recognize people." Ye Xuan's eyes flashed a murder.

Although he said that he saved Xie Yu, it does not mean that he will not kill women.

He and Xie Yu made this deal because he could only use the Beastmaster once again. This time it is the body of a sacred beast with the power of one hundred forty dragons. The next time it is the fifty dragons, so you must prepare in advance. .

If it is successful, then this action, he will be able to use the Beastmaster violent twice, this is very important.

The reason why Xie Yu was looking for Ye Xuan was because she had met the master of the fire door before, and had a big fight. Then she met the seven people. The body was hurt a lot, and the body was not much angry, so I was looking for it. A bodyguard, just in case.

Although she did not know Ye Xuan, the latter saved her life. The latter did not take the risk of being a man. At first glance, she was a principled person, so she found Ye Xuan.

After the two reached an agreement, they began to move quickly to find the whereabouts of the Xie family.

"What did you give me, is your blood?"

On the way to search, Xie Yu could not help but ask.

"Yes, I don't invade the poison, this poison fog has no effect on me." Ye Xuan answered with a mouthful.

Xie Yu suddenly realized that it is no wonder that Ye Xuan did not take a detoxification Dan on the way. It turned out to be the case.

The second floor of this cave house is full of poisonous fog. If there is not enough high-grade detoxification, I am afraid I will die here.

Moreover, the more you go down, the more dangerous it is.

Now, Ye Xuan has seen a lot of poisons, poisonous cockroaches, poisonous cockroaches, and poisonous snakes. They are all hidden in the dark corners, waiting for the attackers to pass by.

If Xie Yu is allowed to go alone, I am afraid I will die halfway.

However, Ye Xuan has the ability to sense, as long as it is a living thing, even if he does not understand static, he can also sense it. After all, in addition to the supersonic bat blood, he also has the blood of the beastmaster.

Fortunately, these poisons are also good, all over 30 dragons. Their sacred beasts are a lot of experience for Ye Xuan.

It is a pity that the poisonous grass on the road, he did not dare to try his best, only to pass by.

Ye Xuan took Xie Yu and walked all the way down. It was about two kilometers deep, and finally heard a trace of movement.

Although there were a lot of fighting voices before, they were far apart, and this time, it was nearby.

"Wait!"

Xie Yu behind her suddenly called Ye Xuan.

"How?" Ye Xuan asked strangely.

"This is not the person I am thanking, but the Yang family under the fire door." Xie Yu explained.

"Oh?"

Ye Xuan was a little surprised, but he was not prepared to go forward. He turned and asked: "How is this Yang family?"

"The leader is the power of the forty-two dragons, and the rest are between the thirty-eight dragons and the forty dragons." Xie Yu replied.

"But we are down, just like this, the other party is blocked. You want to wait for them to leave, or..." Ye Xuan tried to ask.

Xie Yu hesitated, he estimated that the team of Xie Jia should also go down. If you don't hurry, Xie's family will have life and worry.

"If you help me stop the master of the forty-two dragons, I can solve all the other people. Of course, if you want to wait, you can thank the family and you may encounter other people on the way. There will be no shortage of poisonous Dan." Ye Xuan decided to leave the choice to Xie Yu.

"Do you have confidence?" Xie Yu asked quietly.

"There are a total of eight people below. If you are in a sneak attack, the other seven people will spend up to three seconds." Ye Xuan said slowly.

Although he only has the power of thirty-seven dragons, if he is not the upper body of martial arts, he can compare with the masters of the forty-five dragons.

If the beastmaster is violent, even the master of the fifty-five dragons will be able to fight.

"Then I will stop the leader for you." Xie Yu nodded.

"Then you are behind me, don't make a noise, I will attack first."

Ye Xuan said, that is, continue to go deeper.

They are only a few tens of meters away from the Yang family's team. As long as they are careful, they can still attack successfully.

Ye Xuan hates being attacked by people, but he is not afraid to attack other people. As long as the sneak attack is successful, then it is possible to let the other party reduce the staff in an instant, which is very beneficial to them.
