Chapter 386: Luck is really bad

In three days, his daily remnant method was also slightly improved, breaking through to 80% of the fire.

As for Huang Quan's sword, he still can't improve, so he can only give up temporarily.

During the period, he also experimented and tested the ability of the tree of life.

Sure enough, the sacred tree of life has unrelenting resilience, and he squats and cuts his left hand. Then, he saw that the left hand broken arm began to shrink, and then turned into a pool of blood.

But before that, his broken arm turned out to be a new arm, exactly the same as before.

The holy tree of life is really amazing!

This makes Ye Xuan very much looking forward to the top bloodline is so powerful, if it is to the **** level blood, then what is the strength?

As for the soul-hunting mark, Ye Xuan did not care for him. He estimated that as long as the realm reaches the power of sixty-five dragons, it should be able to break the mark of chasing souls.

Three days later, he was driving away from Megatron, who grew up to the power of the 50 dragons.

Now, this area can't hold him anymore, so you have to go to a more advanced place.

This time his destination is a place called the red wood collar. This territory is barely a low-level territory, because the lord is a strong and powerful person.

After Megatron broke through to the 50th Dragon, the speed was much faster. In just two days, Ye Xuan came to the Chimu collar.

Two days of rushing time, let Ye Xuan's mouth fade out of the bird, he let Megatron stop outside the city, and then prepare to enter the city to eat a good, by the way do something.

What he wants to do now is to find an auction house to sell the inheritance of Baoshu Zong's planted Tiandi Dibao.

Among the redwood collars, the worst sects are stronger than the Baoshuzong, but it does not mean that the planting technique of Baoshuzong is not wanted. Instead, it may sell high prices.

After all, the people here are outstanding, and if a large sect is obtained, it is possible to plant a better spiritual tree than the colorful treasure tree.

Of course, he still has to acquire some of the bodies of the sacred beasts of the sixty dragons.

Ye Xuan entered this city called the konjac.

Konjac is a powerful sacred beast with a power of seventy dragons. And the lord of this konjac city is practicing a practice that can be temporarily transformed into a konjac.

Ye Xuan went in and found a good restaurant after inquiring, ready to eat a big meal.

The restaurant is a good place, and you can hear a lot of things inside. This time, Ye Xuan heard the undead swordsman.

This undead sword god, has been smashed thousands of times of the sword **** tower, but did not succeed once, and the sentence said that the sword is not seriously dead this time was severely wounded, it is estimated that it can stop for a while.

Ye Xuan did not put it in his heart, because he was too far away from the sword.

Undead swordsman is a master who has surpassed the gods and four realms. He has reached a virtual state. And Ye Xuan, but it is not even awkward.

This kind of thing, just listen to it.

The dishes are on the table, and Ye Xuan is like a hungry tiger, starting to eat wildly.

However, just when he was half eaten.

"Two sons, please upstairs."

Xiao Er took two people upstairs.

"Brothers, where are the elders?"

"The elders went to the Lord of the City of Konjac, and they will arrive soon."

"How can the city owner? The elders know the city owner?"

"Crap, the city of the konjac city, once we were the elders of the Yuanzong, do you think that our cultivation resources are from where?"

"It turned out to be the case."

Two white young people talked about the floor.

At the same time, when Ye Xuan heard the conversation between the two, the chopsticks could not help but stop.

Return to Yuanzong?

The old man who had been killed on the Baoshuzong plantation before was the person who returned to Yuanzong.

"Nima, luck is too bad, and Yuan Yuanzong was built in this arbor."

Ye Xuan's heart is a dark sentence.

At this time, the two are already upstairs.

Suddenly, the young man who took the lead frowned and looked straight at Ye Xuan. From the beginning, there was a strange feeling in his heart.

Now, after seeing Ye Xuan, his eyes are even more explosive.

"Brother, this feeling, is it the mark of chasing the soul?" The younger brother of the young leader is a stranger.

The young man in front of him was cold-faced, and he was the first to encounter the mark of chasing souls, so he did not immediately react.

He squinted at Ye Xuan and quietly put his hand on the sword. He whispered: "The younger brother, he has a mark of chasing the soul, and he will kill the person who belongs to the Yuanzong. I will help you. Take this person down!"

"But we don't know each other's realm!" The younger brother whispered back.

"How about that? I am the reason why Yuanzong can survive to this day, relying on unity. Now see the people who killed me to the Yuanzong children, can you let it go?" the young man whispered.

His younger brother still has some concerns, weakly said: "Brother, it is better, let us wait for the elders to come..."

"Teacher, you have promoted the true disciple, but you are so weak. Since you are afraid, then I will go on myself!"

When the youth finished, it was the slamming of the long sword and the rushing toward Ye Xuan.

"The kid, who killed me to return to the Yuanzong, today, I will avenge my brothers!"

When this sentence fell into Ye Xuan's ear, a quaint sword appeared in his hand.

"Hey!"

Eight slashed swords broke open, divided into eight parts, and swept out in an instant.

The youth is only the strength of the fifty-eight dragons, and Ye Xuan is on the same level. In the face of the killing of the eight wild winds, I am afraid that I will not be able to sustain it for a second.

Sure enough, in less than a second, the youth was smashed into several pieces. Not only that, but his younger brother also died tragically.

When the two men's heads fell on the floor of the second floor of the restaurant, the entire second floor was instantly quiet.

Actually, some people dare to kill people in Konjac City?

There is no agreement in this arbor, and konjac has its own laws, and one of them is to ban the killing in the city.

However, Ye Xuan, this time has violated this law.

However, he is also helpless. After all, he is already killing the people who belong to Yuanzong. It is better to kill two more.

He quickly got up, then put the two things together, turned and left.

But he just jumped out and there was a big bang in the sky.

"Bold madman, actually killed me to the Yuanzong children, looking for death!"

Wen Yan, Ye Xuan turned his head and saw that three old people were rushing toward him on the roof.

Elder Yuanzong!

"A sixty-eight dragon, two sixty-seven dragons..."

Ye Xuan glanced at him and his heart trembled.

With his current ability, he should be able to fight with the three people. However, now it is the city of Konjac. If you fight, what if you bring in the city of Konjac?

However, at the moment it is an excellent upgrade moment...
