

## Super D. S 389

### Chapter 389: Killing

"This kid, obviously only has the power of sixty dragons, but has the strength to compete with me. The weapon in his hand should be the medium-sized weapon. The martial arts used should also be the middle-class martial arts. Where is he from?"

The konjac city owner frowned, and Ye Xuan's identity was too mysterious, so he did not let him kill. If it is someone else, he is afraid to directly play the cards and kill him.

He thought in his heart, but he didn't know that he and Ye Xuan had already hit his door all the way.

This movement was so great that it immediately caught the attention of the masters of the city.

"Hey, isn't this a city owner?"

"The city owner is fighting with people, so strong, who is the kid, can he be tied with the city master?"

"Do not talk nonsense, go up and help!"

Some of the more than 60 dragon masters sipped and even joined the battle directly.

The konjac city owner did not stop, he believes that more people can help him to hold Ye Xuan.

What he didn't know, however, was that these people were simply giving Ye Xuan welfare.

"Ha ha ha, really help me!"

Ye Xuan's eyes are so big that there is nothing missing. Just let him break through once or twice, and you can kill the konjac city owner.

There were six people who rushed out of the city's main house, all of them were over sixty-six dragons, and the strongest one had reached sixty-eight dragons.

Six people joined the battle in an instant, and Ye Xuan's pressure increased.

"If you can use a beastmaster violently."

Ye Xuan is very helpless. Although these people are welfare, it is not so easy to kill one person under the siege of seven people.

If he has enough sacred corpses at this time, he can use the Beastmaster violent, which can make his power of sixty dragons soar to nearly eighty dragons, so that he has the ability to kill the whole game.

Unfortunately, he did not!

"The body is still a little bit, as long as you kill one or two people, as long as the luck is not too bad, you should be able to make up the body..."

Ye Xuan retired, while thinking about it, these people are masters of the sixty dragons, there must be more than sixty dragons of the corpse of the sacred beast.

So he decided to let go!

"Kid, die!"

The warrior of the sixty-eight dragons suddenly came up with a sword, and a sword stabbed Ye Xuan's chest.

However, this time, Ye Xuan did not mean to avoid.

"Fight!"

Faced with this attack, Ye Xuan did not retreat, and greeted him directly.

"what?"

The seven people present were all shocked. Is this going to be desperate?

"Oh!"

In their surprise, there was a crisp spread. They saw that Ye Xuan's chest was pierced by a long sword. This position is only half a finger away from the heart.

crazy!

This is really a madman!

This is the evaluation of Ye Xuan by seven people.

"Mother's, I am not hurt in vain, this hatred, let you use life to pay back!"

Ye Xuan gritted his teeth and swept a sniper with a breath of death to kill the warrior who pierced his chest.

Immediately, he is to take away the other party's Qiang Kun.

"Devouring!"

"Hey, the host has broken through the power of sixty-one dragons!"

this is a good news.

However, this is only the first good news!

"The body is enough!"

Ye Xuan's double bangs shot two fine mans.

what?

Seeing that Ye Xuan suddenly gathered a new dragon, all six people present were shocked.

"not good!"

Suddenly, the brow of the konjac city owner picked him up. He felt that Ye Xuan was showing an extremely dangerous atmosphere, so he made a decision in an instant.

"The konjac changes!"

The konjac city owner directly applied the martial arts at the bottom of the pressure box.

Then, his hair began to grow wildly, and in the blink of an eye, it turned into a konjac with a height of more than two meters. The flying dragon flying around the body also violently increased to seventy-five dragons.

"Haha, you will, I will!"

Ye Xuan Yang Tianxiaoxiao, regardless of the long sword piercing his chest, directly cast the beastmaster violent.

An invisible pressure instantly spreads out.

Eight big dragons rise outside his body!

The power of eighty dragons!

The power of the Eighty Dragons, together with the two agile advances of the Beastmaster's blood, makes Ye Xuan's speed as lightning fast.

"Oh!" "Oh!" "Oh!"

A single head, thrown up in the accompanying sound of a crisp sound.

In the blink of an eye, the masters of the six city capitals were killed by Ye Xuan.

"Hey, the host has broken through the power of sixty-two dragons!"

When this reminder sounded, Ye Xuan's dragon increased again, eighty-one dragons!

Speed is also improving again.

Now, the konjac city master knows that he has provoked a peerless genius. This time, he is paying the price of blood.

"Damn..."

The konjac city screamed in the heart, and immediately, his head was also thrown away.

Lord of the konjac, die!

After his death, his Qiang Kun ring naturally fell into the hands of Ye Xuan, who was violent.

"Hey, the host has broken through the power of sixty-four dragons!"

The konjac city owner, expensive for the city owner, is naturally rich, but he will not be stupid enough to put everything in the ring, so only let Ye Xuan break through the power of the two dragons.

However, Ye Xuan's Beastmaster Rage is just beginning, he does not want to waste this opportunity.

Therefore, he chose to rush into the city government!

"No, the city owner is dead, and the \*\*\*\* of killing rushes in!"

The city's main government was in a mess.

But fortunately for these people, Ye Xuan is not ready to kill, his goal is just a ring.

"Hey, the host has broken through the power of sixty-five dragons!"

"Hey, the host has broken through the power of sixty-six dragons!"

As time goes by, Ye Xuan's harvest is getting more and more.

Every time he breaks through, his experience will increase, so the action of looting the city's government will only let him break through the two dragons.

However, this is also quite good, and now he has the speed comparable to the strength of the eighty dragons.

On this day, the city of Konjac is also open, and the death of the konjac city owner will soon spread.

"I killed the lord of the konjac and ransacked the city government. Then the lord should stare at me. By then, my portrait will be hanged overnight. It is better to make another noise!"

Ye Xuan left the city of Konjac and drove away in Megatron.

This time his destination is Guiyuan Yuan!

When he wants to tell the news that he has not yet spread, he will make another noise with the pursuit of the soul.

Now, he also understands the strength of returning to Yuanzong. The master is a master of the eighty-five dragons. There are ten thousand disciples in the Zongli, three thousand guardians, and one hundred elders.

Ye Xuan estimates that this time it should be able to break through the power of the seventy dragons, and even higher.

Although it is no longer possible to use the Beastmaster to violently, but the time is tight, and if he is allowed to break through again, even if he is the lord of the Yuan dynasty, he will be able to fight.
