Chapter 39: Trouble to find

"It's me, what's wrong, this girl is not happy to give you lunch, I don't know how to thank you." Xue Qingqing wrinkled his face and said dissatisfied.

"Yes, yes, thank you girl, do you want me to be with you?" Ye Xuan took the bamboo basket and said a joke.

"Beautiful you!"

Xue Qingqing turned a blank eye and sat in front of Ye Xuan. After she looked at it for a while, she asked: "Now Yuncheng is the world of both of you. Are you starting to help?"

"Help, what busy?" Ye Xuan looked up.

"You are a jerk, you forgot, you said that you have to help me." Xue Qingqing directly on the shank of Ye Xuan, the footprints are clear.

"Oh, of course I remember, but you didn't say anything to help you." Ye Xuan, Yan Yan, such a reminder finally thought about it.

Xue Qingqing brewed a moment in his heart and then said: "You know, why did I leave Wanjin City this time?"

"why?"

"It's also related to you. I originally wanted to marry me, but I was rejected by my uncle, so I gave my promise to the Shaocheng master of Wanjincheng..." Xue Qingqing said.

"What, are you fleeing?" Ye Xuan suddenly looked up and almost didn't die.

"It's going to be engaged for a while, but it's okay, I don't know where I am." Xue Qingqing suddenly revealed the expression of a small man's ambition.

"do not know?"

Ye Xuan swallowed up the things in his mouth and said a little, "I am afraid this may not be the case."

"They don't know where I am..." Xue Qingqing said, suddenly saw Ye Xuan's expression, immediately it was a meal, and immediately exclaimed: "You sent people to Wanjincheng?"

"Cough, yeah, I sent someone on the same day. I just want your father to know your safety." Ye Xuan wiped a cold sweat.

"You are a jerk, why don't you tell me earlier?" Xue Qingqing got up and beat Ye Xuan.

"Who knows that you have retired." Ye Xuan is really helpless, but kindly helped.

Xue Qingqing pulled up Ye Xuan in a hurry and said: "Walk away, let's set off today to crack Yunzong."

"Don't worry, isn't it a marriage? If you quit, you won't have it. You just want me to help you get married." Ye Xuan put the meat bag into his mouth and said vaguely, he didn't think at all. meaning.

"Who said that I want you to help me to retreat now, I want you to enter the cracked cloud sect and say, you are just a son of a small city family, but the people of Wanjincheng are less, and he is also An elder of the cracked Tianzong was accepted as a pro-disciple, and then the strength was leaps and bounds..." Xue Qingqing said with a small face.

Split Tianzong!

When I heard this name, Ye Xuan's face was also a condensation.

Splitting Tianzong and Cracking Yunzong, these two sects are considered to be the top sects of Nanlin County. They were originally a family hundreds of years ago, but because of certain things, they caused the splitting of Tianzong to split, thus establishing the Li Yunzong.

However, if it is said that the strength, the cracked Tianzong is much stronger than the cracked Yunzong, and the disciples of his Majesty are also graceful and graceful, not comparable to the Yun Yunzong.

"Don't be a disciple of the elders, what are you afraid of, is it better than me to be a genius?" Ye Xuan still does not care.

Snapped!

Xue Qingqing directly slaps on the back of Ye Xuan's head and said: "The qualifications of others are of course better than you, but his age is older than you, both are twenty years old. Moreover, he is also the seventh middle of the martial arts. You I can't beat it, go fast."

However, her voice has not yet fallen, and there is a figure in front of them, trotting toward them.

"Young master, Xue girl, the family came to the guest, the owner called you in the past." He came from a guard of Yejia.

This time, Ye Xuan and Xue Qingqing's face changed in unison, I was really worried about what to come.

If it is an ordinary person, as long as Ye Xuan is in the past, Xue Qingqing is an outsider after all, and certainly will not let her go.

But now, Xue Qingqing has also been counted, and this is definitely Wanjin City.

"When you come, you will be safe, go, and I will give you the top of the sky." Ye Xuan said and turned and left.

"You are looking for death, people are the masters of Wanjincheng less city, ten even Yuncheng are not comparable to a Wanjincheng, we sneak away, they can not catch." Xue Qingqing pulled Ye Xuan back.

"You can't go home for a lifetime." Ye Xuan turned and asked.

"It won't be back for a while, at least you will enter the cracked cloud sect. If you have an identity, then help me. Now you have no use at all. They may still take me back." Xue Qingqing said worriedly.

Wen Yan, Ye Xuan is also hesitating.

Wanjincheng is a big city. Even if it is ten Lianyuncheng, it is not comparable to a Wanjincheng. The strength of the city government of Wanjincheng is definitely not comparable to that of the Wu family. If they send a master, Lin Xiao may not be able to stop it.

"Well, let's sneak away." Ye Xuan nodded, anyway, he also wanted to go out early, hunting some seventh-order monsters, and opening the blood of the beasts.

"Want to go, not so easy!"

When Ye Xuan's voice fell, there was a violent scream in the sky.

Ye Xuan turned around and saw that Ye Zhang and the four major tribes came with a group of strangers.

"When it's over, it's Liu Tongling of Wanjincheng. I can't go now. Hey, I just ran out..." Xue Qingqing, hiding behind Ye Xuan, cried and cried.

Ye Xuan is also slightly helpless. This matter has something to do with him, so he can't back down.

"Ye Xuan, this is Liu Tongling of Wanjincheng." Ye Zhang introduced.

"No, I just came over with her today." Liu Tong took a look at Ye Xuan. For the latter, he really couldn't afford any interest. After all, this is just a family son of a small country town.

When he finished, he set his sights on Xue Qingqing and said: "Xue girl, you sneak out, the city owner is furious, and you quickly follow me back."

"No, let me lick myself." Xue Qingqing hid behind Ye Xuan and retorted.

"Noisy, grab her." Liu Tongling is also a resolutely popular person, no nonsense, directly ordered.

At the moment, two guards from Wanjincheng walked over, but they were just getting close, and they were punched back at the same time.

"Ye Xuan, what are you doing?" The leaf chapter on the side was shocked. People took Xue Qingqing to leave. What did Ye Xuan do?

"You don't want to go green, please come back." Ye Xuan stood in the same place and said slowly.

"Let's go, who are you, dare to intervene in my business?" Liu Tongling screamed, indicating that the two guards continued to work.

"Hey!"

The two guards from the main government of Wanjincheng City were still beaten back by Ye Xuan.
