

## Super D. S 392

### Chapter 392: Being chased

After all, Ye Xuan's resilience is so strong that it's still at its peak for so long.

The lord of the Yuan dynasty, whether it is infuriating or physical, is rapidly declining. If it is played for another half a minute, the gap will be obvious.

"Oh, if that's the case, then you will see, I will return to the Yuanzong's secret!"

The lord of the Yuan dynasty sang a low voice, and the anger was overwhelming. In the blink of an eye, the power of the three dragons was increased.

Eighty-eight dragons!

"What?" Ye Xuan was a little surprised. I did not expect that the patriarch of the Yuanzong lord would have such martial arts.

However, his face was only slightly changed, and immediately, it was a smile.

"You will, I will!"

Ye Xuan's eyes screamed, and the hair on his body began to become dense. In the blink of an eye, it turned into a konjac.

This move is the konjac change of the konjac city owner!

This is what Ye Xuan got after killing the Lord of the City of Konjac. It is also a heavenly martial art. However, this konjac has no proficiency. Every time it is used, it needs to consume a konjac king.

In the sacred ring of the Lord of the City of Konjac, there were three konjac kings, and he used it once, so Ye Xuan got two.

Now, Ye Xuan has also used one.

In the blink of an eye, the power of the seventy dragons is soaring to the power of the seventy-five dragons, more than the lords of the Yuanzong.

Originally, the speed of Ye Xuan and Gui Yuanzong was almost the same, but now that both of them have used the martial arts to improve their strength, the gap has been opened!

The speed of Ye Xuan has surpassed the patriarch of the Yuan Dynasty.

"what?"

The lord of the Yuanzong stunned and vomited blood. He did not expect that Ye Xuan would change the konjac of the konjac city master. This is a tragedy.

"I originally wanted to save some use, but you forced me to use it, then I will blame me."

Ye Xuan's light flashes, his figure is as fast as a thunder, and he rushes directly to the lord of the Yuanzong.

"not good!"

The old man who watched in the distance changed his face and his body shape quickly exploded. This speed far exceeded that of Ye Xuan.

But this scene suddenly happened, and he was slower.

"Huang Quan swordsmanship, swords fall to Huangquan!"

"Oh!"

A fragile sound spread, and an arm of the lord of the Yuanzong was thrown away.

Seeing this, Ye Xuan's eyes are red.

How many good things do you have in the power of the eighty-five dragons?

However, just as he was about to succeed, there was a sudden spurt on the side.

"what?"

Ye Xuan turned his head and saw that a palm of the hand had come over. This power is not something he can currently block.

"What, the power of one hundred and twenty dragons?"

Through this fist, he found that the old man was rising twelve dragons, twelve dragons and big dragons.

This means that this old man is a super master of the power of one hundred and twenty dragons!

Rumor has it that when the warrior breaks through the 100 dragons, he can try to attack the environment. The one hundred and twenty dragons are far more than a hundred dragons.

Here, how can there be a super master of 120 dragons?

"Damn, fight!"

Ye Xuan screamed in his heart and did not hesitate to display the Beastmaster Fury.

boom!

A force suddenly rose, and Ye Xuan's seventy-five dragons suddenly rose to the ninety-nine dragons.

"Hey!"

The palm of the hand slammed Ye Xuan and flew it.

This time, the old man is also stunned.

Ye Xuan, who only had seventy-five dragons, suddenly went up and threw up the twenty-four dragons.  
What is this anti-sky martial arts?

His heart was very strange. At this time, Ye Xuan fell to the ground.

"This old man is underestimating my strength, good risk, almost killed by his palm!"

Ye Xuan spit out a blood, body aches, he knows, if the old man is fully attacked, even if he is promoted to nearly 100 dragons, he can not live, will certainly be photographed as bolognese.

withdraw!

In the face of such a big enemy, he did not hesitate, immediately slammed and fled.

"This child can't stay!"

The old man is shining, and his eyes are full of murder.

He was not afraid of Ye Xuan, but he was afraid that Ye Xuan would escape and return to Yuanzong.

After all, he will soon leave Guiyuan, and it is impossible to sit here.

Therefore, Ye Xuan must die!

At that time, he just chased the past.

But the next moment he discovered that the speed of Ye Xuan was not slower than him.

How can this be?

"With the power of seventy dragons, catching up with the speed of the eighty-five dragons, now it is less than the realm of Bailong, and I am quite equal to the one hundred and twenty dragons. This one, really can't stay!"

The old man said another word in his heart, immediately behind Ye Xuan.

The two quickly disappeared into the sight of everyone.

Ye Xuan's speed is not slower than the old man, but he used skills after all, so the old man can catch up with him if he catches up for a while.

.....

"Mom, it's a bad idea. How can there be a super master of the power of one hundred and twenty dragons here?"

Ye Xuan was roaring in his heart.

If it wasn't for the old man's sudden attack, he would be able to get the sacred ring of the lord of the Yuan dynasty and break through again.

It is precisely because this old man brought him a great sense of oppression that he gave up the Qiang Kun ring and turned around and ran.

After all, if it is entangled by the old man, the consequences are unimaginable.

However, his current situation is still in crisis.

"Kid, don't waste your efforts, you can't escape!"

The voice of the old man sounded.

"Fart!" Ye Xuan couldn't help but burst into a foul mouth.

At this time, he had already left Guiyuan, and he quickly thought about it in his mind. Suddenly he remembered that there seemed to be a sinister place in the north of Yuanzong. Even the master of Bailong's power did not dare to break into.

It seems that he can only use this place to get rid of this old man.

After all, he also has Megatron's card not showing up.

The old man wants to catch up with him, and he has to grow a pair of wings or break through the dilemma!

"That's it, rush!"

Ye Xuan drums up and starts to run wild.

"This kid is trying to enter the abyss of the Nether, really looking for death!" The old man seems to have seen the intention of Ye Xuan, and his heart is cold.

The abyss of the Nether, but the most dangerous place in the Redwoods, even the master of his power of one hundred and twenty dragons did not dare to go in.

Although Ye Xuan has the power of nearly Bailong, once he stepped in, he may fall into a land of eternal annihilation.

The most important thing is that the old man knows that Ye Xuan suddenly has a strong time. When the time is over, if he stays inside, he will die.

The old man is not in a hurry, because Ye Xuan's violent time of the Beastmaster has exceeded his expectations. He estimates that Ye Xuan may slow down at any time.

The two kept this distance and approached the abyss a little bit.

Ye Xuan's Beastmaster is violent and lasts for a long time, but the time of the konjac is not much.

"Is it not good, is it necessary to use another konjac change?"

Ye Xuan is very helpless.
