

## Super D. S 395

Chapter 395: interest

Although Ye Xuan wants to go straight to find the trouble of these people, but afraid that the old man is nearby, if he meets, this time he must definitely enter the ghost gate, after all, the Beastmaster violent can not be used.

Moreover, he also wants to see what this hate Tianjian faction is doing.

At this time, the elite team of this hateful sword school was not found in the air.

Yu Kang, the lord of the Yuan Yuanzong who walked in front of the team, asked: "Two brothers, how long do we need to travel to reach?"

Wen Yan said, a tall young man replied: "Come on, it will arrive soon, it is estimated that it will take ten minutes."

"Ten minutes?" Yu Kang nodded slightly.

The tall young man asked again: "What happened, Yu Shidi?"

Yu Kang shook his head and said: "Nothing, but there is an unpredictable feeling in my heart."

"Haha, don't worry, the purpose of our trip is to sweep away the desolate city and find out the hidden entrance of the array." The tall young man laughed.

"Yes, the ruins of the last lord, we are still not qualified to enter. Our mission is to kill the surrounding sacred beasts and find out the entrance." The handsome young man who led the team.

"But, Yan Lao has been away for half an hour." Yu Kang frowned.

The tall young man continued: "Don't be afraid, Yan Lao is a master of 120 dragons. The strength is stronger than the lord's adult did not break before. He just went to contact other forces first."

"Yes, the secret of this site is that we hate the discovery of the Tianjian faction, and then tell other forces. If these people dare to cross the river to break the bridge, the sovereign will definitely destroy them." Handsome young people should be harmonious.

"Hope is what I think."

Yu Kang nodded slightly and did not say anything more.

This time, he came to find the site of the sixth lord of the Redwoods.

This news is the first thing that hates the Tianjian faction, but hates the Tianjian faction and thinks that it has not explored its strength alone, so it invited other forces.

Their team is the pioneer of the hateful swordsmen, responsible for finding the entrance, cleaning the entrance, and then exploring by the masters of the sect.

Soon, they just found the target.

At this point, they have come to the largest abandoned city in the ruins.

"Come, Huo said, the entrance to Dongfu is in this city, but I don't know the specific location. Therefore, we must dismantle the city and find the entrance hidden by the formation." Gaoda Youth said.

"Other forces are estimated to arrive for a while. Let's start with it. Yu Shidi, you are going to the city to clean up the holy beast. We are here to demolish the city."

Handsome young man turned his head.

Business: No, it discovered.

Cleaning the holy beast, this is a fat difference, after all, the warrior also needs a lot of sacred beasts to practice.

Subsequently, Yu Kang was leading a team to leave.

The remaining 20 people started to demolish the city wall.

This scene fell into the eyes of Ye Xuan, making his mouth slightly tilted.

"I really sent it to the door, huh, huh..."

He took out a homemade Dijia Altman mask from the swallowing space, and after changing his body, he let Megatron carry him into the city.

He has been observing for a while, and the old man should have something, so there is no one.

This is his great opportunity!

The revenge of the three days of pain, can not be reported for the time being, but he can collect interest back.

Ye Xuan lurked in the surrounding houses and waited quietly.

Within ten seconds, there were several figures that entered his kilometer sensing range. It was Yu Kang's team of ten people.

"Yu brother, what do we do now?"

A disciple from the team who hated the Tianjian faction asked.

Yu Kang heard the words and said: "You nine people are divided into trio to hunt the holy beast, don't go too far."

"it is good!"

Nine people nod and then each divided into three groups to leave.

Yu Kang is alone.

He is the power of the Eighty Dragons, and he is also learning a Chinese-style martial arts, the strength is second only to the two.

However, even his father, the lord of the Eighty-Five Dragons, was defeated by Ye Xuan, and he was only the opponent of Ye Xuan.

To be on the safe side, Ye Xuan's first goal is not him, but another nine.

why?

Because Ye Xuan's konjac has changed, he can only use it once.

However, Yuan Yuanzong had a martial arts that improved his strength. He was used by the Emperor Yuanzong, and he was promoted from the power of the eighty-five dragons to the eighty-eight dragons.

Ye Xuan is worried that this Yukang also has it, so in order not to waste the konjac change, the nine people will be solved first. After all, this is a disciple of the big faction. The qualifications are superior, and the strength cannot be compared with the average person.

"Small day, you stare at him."

Ye Xuan ordered a sentence, and then he broke into the shadow.

The nine elite disciples who hated the Tianjian School were also stunned by Ye Xuan in silence and no sound was made.

The nine disciples of the hateful swordsmen are seventy-eight dragons and seventy-nine dragons, and their identities are not low. Therefore, there are many good things in their shackles.

"Hey, the host has broken through the power of the seventy-three dragons!"

With these things, Ye Xuan is also a successful breakthrough.

Although these nine hateful disciples did not get Ye Xuan, but who told them to join the hate sword school?

This is life!

"Well, it's time to find the trouble with Yu Kang."

Ye Xuan blinked his eyes. Although Megatron did not return, he could sense the direction of Megatron. At the moment, he chased the past.

At this time, Yukang did not know, the danger is already approaching.

"Hey, the power of the eighty dragons in the district, dare to swear in front of me?"

Yu Kang snorted.

He is fighting a gale, this gale is the power of eighty dragons, which makes its armor very hard.

However, this is not a role in the face of Yu Kang, an elite disciple of the hateful sword school.

"Hey!" "Hey!" "Hey!"

A burst of sound spread.

Yu Kang uses a middle-class martial arts, although it is not very good, only 40% of the fire, but the power is much stronger than the next-grade martial arts.

Under the attack of the martial arts of the heaven-class martial arts, the yin feng 螳螂 was beaten and lost his armor, and soon died under Yu Kangjian.

"Hey, the sacred beast of a force of eighty dragons can make my cultivation a lot better." Yu Kang sneered, and collected the body.

However, at this time, the change occurred.

"Huh!"

A wind suddenly appeared, Yu Kang did not respond, and a figure swept to his side.

Oh!

Then, Yu Kang felt that his legs were cold, and the whole upper body could not help but fall down.

His legs have been cut off.

"what?"

Yu Kang's eyes widened and he felt that his two thighs were rushing out of blood, and he could even hear the sound of 'Zizi'.
