

Super D. S 396

Chapter 396: Complete extinction

Yu Kang's upper body fell to the ground and turned his head and saw that there was a figure standing in front of him. This is a black man wearing a strange mask.

"who is it?"

Yu Kang can't think of it, who wants to kill him.

"Less lord, I haven't seen it for a few days, is it good?" Ye Xuan said coldly.

Upon hearing this voice, Yu Kang suddenly reacted. Is this voice not the thief who took off his father's arm that day?

"You are not dead? How is it possible?" Yu Kang could not believe it.

He said that Yan Lao, who had listened to one hundred and twenty dragons, said that Ye Xuan had broken his hands for three days.

Now, three days have passed, how can Ye Xuan still stand in front of him, and the strength is even stronger?

"Do you think that I will die in three days, will I die?"

Ye Xuan sneered a sneer, and even two squats, Yu Kang's two arms were also cut off. Yu Kang is also a waste person, can not escape, can not attack.

"hiss....."

Yu Kang sucked a few mouthfuls of air, and the pain of his limbs made him almost faint. This is the first time he has been beaten like this. He can't help but he also shows a desperate look.

"Not much nonsense, the man who chased me that day, what is the name, where is he now?" Ye Xuan asked coldly.

Yu Kang bit his teeth and shouted: "If you kill, you will kill, do you think, I will tell you?"

"This is not the right thing to say. I am looking for him. Naturally, I am taking revenge. You tell me his position. I will naturally go to the door and send it to death. I may be able to go to **** with you when I am." Xuan suddenly opened a joke.

Yu Kang Yi Yi, can not understand the intention of Ye Xuan.

However, he will never tell Ye Xuan of Yan's whereabouts.

"It seems that you are a hard bone, you can rest assured that he will be buried." Ye Xuan lazy questioning, a sword swept out, cut Yu Kang's head.

After his death, his body was also taken up by Ye Xuan.

"Let me see, how many good things are there for you, the young master of the Yuanzong."

Ye Xuan pinched his shackles in his hands and poured the things inside into the devour space.

He explored it, but found a lot of precious things, of which the most useful for Ye Xuan, is undoubtedly the dragon grass that has been more than 300 years old.

He estimated that this dragon grass can let him directly break through the power of two dragons.

At the moment, he is swallowing this dragon's blood grass.

"Hey, the host has broken through the power of seventy-five dragons!"

Then, it is to devour those treasures.

"Hey, the host has broken through the power of the seventy-seven dragons!"

This time, the harvest is beyond the expectations of Ye Xuan. It is very good to improve the strength of the four dragons.

"Okay, Xiaotian, all these things are for you." Ye Xuan dumped all the celestial bodies and ore in the ring.

Then he is dumping other things.

"Hey, the fusion of martial arts failed!"

"Hey, the fusion of martial arts failed!"

"Hey, the fusion of martial arts failed!"

He got a lot of down-class martial arts, and naturally he wanted to integrate. When he ransacked to Yuanzong, he forgot about it.

There are hundreds of different swordsmanships, both good and inferior.

Ye Xuan possesses the middle school martial arts Huang Quan sword method, naturally will not learn these, what he wants is the middle class martial arts.

After dozens of prompts, Ye Xuan finally showed a smile, and this hundred martial arts, finally succeeded in a fusion.

The hateful swordsmanship is a big faction in the redwood collar. The middle-class martial arts will naturally have it. This Yukang and several other people have several books.

Therefore, Ye Xuan took this six-medium-class martial arts, including Huang Quanjian, and merged again.

"Hey, the fusion of martial arts failed!"

"Hey, the fusion of martial arts failed!"

"Hey, the fusion of martial arts failed!"

Three reminders, Yang Xuan's face sank to the bottom, martial arts fusion is still not so easy.

"This martial arts fusion is really a big pit. Forget it, even if it combines the top-level martial arts of the top grade, I don't think it will be used."

Ye Xuan shook his head and chose to give up, because he could only practice 60% of the fire in Huangquan swordsmanship. Even if there is a top-grade martial arts, I am afraid that only 30% of the fire can be trained.

Of course, what he regrets most is that he did not find the martial arts of the Yuanzong dynasty in the martial arts of Yukang.

But it doesn't matter, after all, its own realm is still the most important.

At the moment, he drove away in Megatron and headed for the gate of the city.

Hate the Tianjian faction, there are two teams, which are all the goals of Ye Xuan.

In order to be on the safe side, he still squatted in the air for a few laps, and then landed.

Although his realm is lower than the worst, his strength is far superior to everyone.

Coupled with the excellent hidden means, he easily solved ten people.

"What happened, where did the younger brother go?"

The tall young man looked around in a strange circle and found that there were fewer and fewer people, and he only explicitly told him not to go too far.

But he did not expect that these people had been killed and continued to work.

The disciples they came from were all elites, and they all had the strength to run in the ruins, so he was not worried.

However, he couldn't help but frown.

Because he saw that the handsome young man with the power of eighty dragons disappeared. At this time, there were only three people left in his eyes.

"Sir Wu, brother Chen, are they?"

A disciple also asked strangely.

Now, everyone present has reacted. Their task is to dismantle the entire city. Naturally, it is violent.

However, since they stopped, they never heard anything.

Obviously, at this moment, only four of them are here.

"No, they planted!"

The tall youth suddenly reacted.

It is at this time.

"call out!"

Under the night, the cold mang flashed, the tall young man did not respond, and the head was separated from the body.

The remaining three disciples saw their eyes coming out.

Hate the Tianjian School, the strongest of the elite teams, was actually killed by people, they can not even capture how the tall young people died.

"escape!"

The three responded.

But when they turned around, they had already plucked the eight cold men and removed their first class.

Now, this team from the hateful swordsmanship has been completely destroyed.

Ye Xuan, as a result, broke through the power of the seventy-nine dragons.

Not only that, but he also made up the body of the sacred beast, the icon of the beastmaster violent has been lit, which means he can use this card.

"Now, if I use the Beastmaster violently, I can reach the power of Bailong, plus the mobile bonus of two agile advances, I should be able to fight the old guy!"

Ye Xuan thought so in the heart.
