Chapter 40: Punch a fly!

"Good boy, really dare to cover the sky, give me a catch!" Liu Tong led his eyes wide open.

Then, the four guards behind him also went out.

A total of six guards, each of which is the sixth-largest martial art martial artist, and who have all fought in battle, even if they are dealing with a martial art seventh heavy weapon, it is enough.

"Wait a minute..." Ye Zhang also hurried out and said: "Liu Tongling, is there any misunderstanding between them?"

"Misunderstanding? Dare to shoot my people, your Ye family is quite courageous, kneel down to him!" Liu Tongling did not care about Ye Zhang.

After hearing the order, the six guards rushed toward Ye Xuan at the same time.

Ye Xuan is also ready to do one job. He let Xue Qingqing retreat and then greet him.

"The tiger doesn't show up, you are a sick cat!"

Ye Xuan shouted and his breath soared.

In the six martial arts sixth heavy weapons, he can stumble in ten seconds.

Sure enough, but in ten seconds, the six weapons of the sixth martial arts were all bombarded by Ye Xuan. Among them, there were two martial arts sixth-phase warriors.

This time, Liu Tongling was finally moved. He was surprised: "Impossible, just a kid, even six of them are not opponents?"

"This, Liu Tongling, Ye Xuan is the seventh middle of the martial arts!"

Ye Zhang also said that in fact, he is also very dissatisfied with this Liu Tongling. After all, it is Lianyuncheng. After all, it is Yejia, and Liu Tong wants to catch Ye Xuan. How can this be done?

"What, the seventh middle of the martial arts? This is impossible!" Liu Tong led the shock.

He has heard that Ye Family is just one of the four major families in Yuncheng. This family can be found in Wanjin City. At most, it is a second-rate family, even a third-rate family.

You must know that the first-class family in Wanjin City can have the eighth martial arts martial arts.

Liu Tong led a look at Ye Xuan, and he estimated: "The age of this kid is estimated to be relatively large, but it seems to be young. Hey, the realm of using medicinal herbs can only deal with low-level warriors."

"The kid, the person who dares to hurt me, is really courageous. I want to take you down and return it to Wanjincheng to be convicted by the city owner."

Before the voice of Liu Tongling fell, his whole person rushed out and prepared to kneel down Ye Xuan.

"not good!"

The old faces of Ye Zhang and Ye Jia's four major groups are all changed, ready to be shot.

But at this time, Ye Xuan suddenly took out a medicinal medicine and swallowed it, and shouted: "I come!"

As early as when he saw Liu Tongling, Xue Qingqing told him that this Liu Tongling was a warrior of the seventh peak of the martial arts.

Ye Xuan is the seventh middle of the martial arts. Taking a bursting dan, it is the seventh peak of the martial arts. It is no worse than this.

"Kids, dare to take shots of my people, it is really tired!" Liu Tong led the side and snarled.

"If you want to play, don't talk nonsense!" Ye Xuan was a little impatient.

The two figures touched instantly.

Now, they are the seventh peak of the martial arts, it depends on the martial arts and combat experience of two people.

Although Ye Xuan's age is not dominant, the martial arts sold in the phagocytic system are martial arts that do not appear on the market, and are much better than the average martial arts.

Now Ye Xuan is wearing a number of seven martial arts, and he is directly confronted with this Liu Tong collar!

"Booming!" Liu Tongling shouted and directly used the seven martial arts to learn, there is no scruples.

"Hey, look at my frost!"

Ye Xuan is also a newborn calf not afraid of the tiger, and directly banged out.

The two spiritual forces collide, and Ye Xuan slightly takes the wind, but in martial arts, this frost boxing is much stronger than the bombing.

At the time when the turbulence swept through, there was a special energy spreading to Liu's hands.

"Hey!"

A group of crisp sounds spread, Liu Tongshen shocked to retreat, he found that his right fist is somewhat stiff, and the outside has condensed some ice crystals.

"Seven martial arts? In this country, there are even seven martial arts that are stronger than the bangs? In addition, what happened to the blasting dragon?" Liu Tong was shocked, but he did not believe in evil, and once again greeted Go up.

"Booming!"

"Flower cream!"

The two also played a meeting, the same punch and punch, and this time, Liu Tong led the downwind.

"What kind of boxing is this, there is even a frost effect, this martial arts, at least worth 20 million two silver!"

Liu Tongling was shocked again. Although his bombing was taught by the city owner, he still needs tens of millions of silver in Wanjincheng.

However, Ye Xuan's boxing method is even more overbearing than the bombing of Tiantian, and there is still an effect. The price will definitely not be less than 20 million.

"Hey, even if the martial arts is good, how can I see you not killing you!" Liu Tong led the flash of light and punched again.

"Hey!"

"Hey!"

"Hey!"

Ye Xuan and this Liu Tong collar constantly continually punched, the sound of spiritual power continually swayed, and the people around them were stunned.

The six guards who had been beaten by Ye Xuan, after watching Ye Xuan and Liu Tongling's court, could not help but swallow.

"Who is this person, we can fight against us at a young age."

"This martial arts is so powerful that it can freeze the enemy's arm. If this punch hits us, it is estimated that a punch will make us unable to climb."

"Look, the hands of the leader..."

Everyone looked at it and saw that Liu Tong's hands were pale, with a lot of ice crystals attached to them, and even spread to the elbows.

"Not good, can't bend..." Liu Tongling was also shocked. He hurriedly punched his elbow and crushed the ice crystal.

However, his action was to give Ye Xuan a chance.

"Seven martial arts, quiet step!"

Ye Xuan's flashing body came to Liu Tong's collar and then slammed a punch!

"Hey!"

The fist banged in front of Liu Tong's chest, and the strength and spiritual power contained in the fist also rushed out, and Liu Tong was led to fly back.

"What, the commander was bombarded!"

The six guards are already shocked to bring their eyes out.

Even Ye Zhang and others are the same.

You know, Liu Tong's age is twice that of Ye Xuan. However, it is incredible that the former was actually shot by the latter.

"Haha, Ye Xuan, fast, yell at him, so he can't climb." Xue Qingqing, who was on the sidelines, feared that the world would not be chaotic, and hurriedly waved Xiaofenquan to cheer there.

However, Ye Xuan did not win the battle, but stood there quietly.

Liu Tongling played a flip in the back and spit out a blood. He yelled: "I want to kill you!"

Originally, he wanted to leave Ye Xuan and then return to Wanjincheng, but now he wants to kill Ye Xuan on the spot!
