Chapter 403: Breakthrough probability

This time, Ye Xuan is even more surprised, because the five people in the Yin Yu Palace, one is a hundred and fifteen dragons, and the four are also in the hundred and five dragons to one hundred and ten dragons.

This kind of realm is enough to kill any iron corpse.

What is it, fighting with them?

Ye Xuan approached curiously and put his ear on the door.

Hey!

Coincidentally, there seems to be a heavy object hitting the door, a huge tremor, almost shocking his ears.

"It's so intense, it won't be two silver bodies in those populations?"

Ye Xuan thought in his heart.

He only seized one person and asked about the news of the Red Cave House. He also learned about the silver corpse.

He estimated that the silver corpse of the Red Cave House should be between one hundred and ten dragons and one hundred and twenty dragons.

However, according to the strength of the five people in Yinyu Palace, this silver corpse should be more than one hundred and fifteen dragons.

"Is it going now, or are they waiting for them to finish?"

Ye Xuan thought in his heart, and finally he decided to go in now, because he couldn't wait, and wanted to break through to the power of one hundred dragons.

As soon as he gritted his teeth, he raised the spirit of 120,000 points and then pushed the door open.

The door was opened inward, and Ye Xuan pushed it and cracked a gap. Then he got into it.

He stared at it, and it turned out that he found four figures and was fighting a silver chain of up to three meters.

"How come four people?"

Ye Xuan was shocked and looked around in a circle. Sure enough, a human body was found in a corner.

The most important thing is that Qiankun is still there!

Ye Xuan both screamed and rushed to the past.

At the same time, the four people who were fighting the silver chain of the chain were all shocked by the tiger body. They even saw a mysterious man wearing a mask.

Where did this person come from?

The four men fought and distracted and placed their attention on Ye Xuan. I saw that Ye Xuan plunged to the side of the body and then took off his ring.

"Kid, stop!"

The palace owner of Yinyu Palace shouted.

Ye Xuan took care of it and directly swallowed up the things in the ring.

"Hey, the host has broken through the power of the ninety-seven dragons!"

The master is a master, a lot of wealth, enough to make Ye Xuan's realm improve the two dragons up.

Ninety-seven dragons!

Still the strength of the three dragons, Ye Xuan can reach the power of Bailong, by then, he should be able to know the conditions for breaking into the dilemma.

After the breakthrough, Ye Xuan couldn't help but smile, then turned and looked at the four people who were struggling.

"Kid, who are you?" asked the owner of the Yinyu Palace frowning.

"Under, Ye Liangchen!"

Ye Xuan walked slowly and said.

Ye Liangchen?

The four people looked at each other and they had never heard of this person.

"I don't care where you come from, help us kill this chain of silver corpses." Yin Yugong Gongzhu shouted.

He believes that since Ye Xuan can come here, he must have a strong strength, one more person, and one more chance of winning.

Ye Xuan glanced at it and found that the four men were still in a weak position.

The iron chain silver corpse, holding a large chain that does not know what to make, the offensive is fierce, and the defense is extremely strong, it is estimated to reach the power of one hundred and twenty dragons.

It is no wonder that the four people have been beaten to escape. In the face of such a powerful enemy, I am afraid that my heart is very embarrassing.

"Why should I help you?" Ye Xuan said with a squint. In his plan, this Yinyu Palace is his stepping stone.

Let him help?

What international jokes!

"You took the things of my silver festival, as long as you help, then the things in the ring will be yours!" Yin Yu Gong Gong main price.

"Ha ha."

Ye Xuan opened his mouth and smiled. "I have already got something, why should I promise you?"

"Hey, don't kill this chain of silver corpses, you want to leave here, this door is only opened from the outside." Silver Moon Palace main cold shouted.

"Oh?"

Ye Xuan frowned a bit, but he was not worried, this chain of silver corpses in front of him, not a big threat.

He estimated it in his heart and said: "No, I am not going to cooperate with you. Instead, I want to kill you first."

"what?"

After the four people heard it, they were all embarrassed.

At this time, the iron chain silver corpse will smash the chain in the hand and draw one person. Suddenly, this person was drawn and flew out.

Seeing the situation, Ye Xuan's eyes lit up and someone came to give benefits.

He went up one step.

"Huang Quan sword method!"

"Oh!"

This person was originally taken out of half a life, and now is replaced by Ye Xuan, how can it not die?

Ye Xuan, another one has a ring.

"Hey, the host has broken through the power of the ninety-eight dragons!"

At this point, the distance from Bailong is only the difference between the power of two dragons.

"Bastard!"

The palace of the Yin Yu Palace saw the situation and immediately became angry, and went to Ye Xuan.

At the same time, Ye Xuan can no longer hold back.

"Let you see this group of people, my true strength of Ye Xuan, Beastmaster violent!"

Ye Xuan snarls and the seventeen flying dragons that are flying are suddenly increasing.

One hundred, twenty-eight dragons!

"what?"

When the palace owner of Yinyu Palace saw these dragons, their hearts were cool.

Ninety-eight dragons, bursting to one hundred and twenty-eight dragons.

He calculated it in his mind, but this has increased the power of 30%!

Is that human being?

And just when he calculated, Ye Xuan had already flashed in front of him, and a sword swept out.

Huang Quan sword method, the sword falls Huangquan!

A sniper with a breath of death crossed the neck of the Lord of the Silver Palace.

Blood splashes.

Ye Xuan doesn't care where his head flies. What he cares about is the other party's ring.

He grabbed his hand and took off the other party's ring.

"Hey, the host has broken through to the power of a hundred dragons."

The long-lost tone finally sounded.

What makes Ye Xuan stunned is that he can't break through the ambiguity.

However, this is within his expectation, because he now understands that Bailong only has the conditions for the impact of the situation, otherwise, how can there be so many powers over Bailong?

"Hey, the host's current breakthrough probability is 10%. Do you try to break through? Tip, if the breakthrough fails, the host will explode and die!"

what?

After hearing this tone, Ye Xuan almost didn't scare him to death.

Breakthrough probability, 10%?

If the breakthrough fails, it will explode and die?

Ye Xuan also carefully felt it. Sure enough, if the realm is improved, the probability of breakthrough will continue to increase. For every boost, the chance of breakthrough will increase by one percent.

The power of one hundred dragons, the probability of breaking through is 10%!

This means that if it is the power of one hundred and ninety dragons, the probability of breakthrough is 100%.

At the same time, there are a few things that can help break through and increase the chance of breakthrough.

"I don't want to say this for the time being. I will clean up the messy people first!"

Ye Xuan temporarily put down this matter and plucked it again.
