

## Super D. S 409

Chapter 409: wake

If the Beastmaster violently burns out the cards, then Ye Xuan is dead. He thought about it quickly and finally decided to adopt a very extreme way.

With blood, change blood!

Because he found that the left hand finger of the \*\*\*\* corpse was wearing a ring.

This big knife blood corpse can use infuriating, you can use martial arts, which means that he can also use the Qiang Kun ring.

"Fight!"

Ye Xuan's fascination, with a single hand holding a dragon sword, smashed against the big knife.

"Haha, I want to change my arm with me, then I will fulfill you!" The \*\*\*\* corpse immediately understood Ye Xuan's intentions, but he did not mean to hide. He raised his hand and fell down on Ye Xuan's head.

At this time, Ye Xuan's figure suddenly flashed, and the moon knife was cut straight on his left arm.

At the same time, his big dragon sword has also been cut into the arm of the big \*\*\*\* body.

Fortunately, the defensive power of this big knife blood corpse is not very strong, directly under the sword of Ye Xuan.

"Oh!"

Two crisp and squeaking sounds spread, and both arms were separated from the body.

The big knife \*\*\*\* body smiled arrogantly, sweeping out with lightning speed, and opened a big hole in Ye Xuan's stomach.

Originally, Ye Xuan would not have this knife, but his purpose is the arm, so this injury must be withstood.

The left arm and most of the left shoulder were knocked off, and the abdomen was broken open and a hole was punched. Ye Xuan was suffering from great pain.

But all this, he feels very worthwhile.

"Haha, kid, the blood body of the master refining, but with a strong resilience, no more than two seconds, I will be able to grow a new one." The \*\*\*\* corpse once again laughed.

"Is it....."

Ye Xuan's mouth is also slightly tilted, and his wound is recovering at a speed visible to the naked eye.

"what?"

The \*\*\*\* corpse of the big knife was stunned. He subconsciously looked at his left arm and found that the recovery speed was not as good as Ye Xuan.

How can a human being have such a recovery speed?

However, the next moment, his face became extremely gloomy, because he saw that the number of Ye Xuan's dragon changed, and then he recalled that Ye Xuan had a peculiar ability to instantly enhance the realm.

Originally, Ye Xuan had only one hundred and forty-three dragons, but after he got the squad of this big knife, he was different.

"Hey, the host has broken through the power of one hundred and fifteen dragons!"

When the sound of this system sounded in Ye Xuan's mind, his power of 143 dragons increased in vain and reached a hundred and fifty dragons.

At this time, he has a speed comparable to the power of one hundred and eighty dragons.

The big \*\*\*\* corpse and the big sword blood corpse face suddenly changed, and they felt an unpredictable hunch.

"Big Brother, I will help you!"

The big sword blood corpse saw the situation is wrong, immediately rushed up.

There was no objection to the \*\*\*\* corpse of the big knife. He held the knives with a knife and rushed toward Ye Xuan.

"I only have the same speed as you. Now even if you adapt, the speed will not increase much. And I, but the speed of the nearly ten dragons has increased. Now, do you dare to fight with me?"

Suddenly a murderous machine emerged, Ye Xuan did not wait for the left arm to recover, and then smashed again.

After the breakthrough, he improved significantly compared to the two blood corpses. Although it is only speed, it is enough to clean up the two blood bodies.

"Hey!" "Hey!" "Hey!"

The cooperation of the two blood corpses is really good, but they can't keep up with the speed of Ye Xuan, even if they come back, it will not help.

In the third round of the two sides, there was a different sound.

This sound is not the sound of the two \*\*\*\* heads being cut, but the sound of the entire main hall.

"A strong pressure!"

Ye Xuan suddenly felt a huge pressure, from the golden coffin in the center of the main hall.

"It is the master, the master has to wake up!" The \*\*\*\* body of the big knife exclaimed.

what?

This sentence, but Ye Xuan scared a half dead.

How could he not understand that the master of the \*\*\*\* corpse is the red lord?

"I ended up forgetting this thing."

Until now, Ye Xuan remembered this matter, that is, the resurrection requires human blood.

And he, but forgot about this thing.

His face suddenly sinks to the bottom of the valley. At this time, the main hall has no exit. How can he escape?

Just as he was at a loss, the sound in the main hall suddenly became bigger, and then, the surrounding gates were directly open.

"No, the owner wakes up, and the corpse welcomes!"

The big knife \*\*\*\* eyes widened.

This institution has been set up hundreds of years ago. As long as the generals of the Golden Armor, that is, the Red Lord, are resurrected, all the iron bodies and copper bodies will come to meet.

However, this is a great news for Ye Xuan.

"go!"

Ye Xuan seems to have seen the hope, and regardless of the two blood corpses, and immediately turned around and left, with the speed of one hundred and eighty dragons mad, plunged into a door.

The big sword blood corpse was seen, ready to catch up, but was stopped by the big knife blood corpse.

"Big Brother, what are you doing?" The big sword blood corpse is different.

The big knife blood replied: "Don't chase, the master just woke up, extremely weak, we must be by his side to avoid accidents."

After his reminder, the big sword blood corpse also reacted and nodded: "Also, and the door leads to the abyss of the Nether, where there is a second-order flying scorpion, if he breaks in, he is dead. "

"Booming!"

At this time, the golden coffin suddenly opened, and there was a man wearing a gold armor sitting up.

This man with a golden armor is naturally the lord of red smelting a hundred years ago.

“Congratulations to the owner to wake up!”

The big sword blood corpse and the big knife blood corpse kneel down, respectfully said.

At the same time, a large number of iron corpses came in all directions, and all of them fell.

The golden armor stood up from the golden coffin, and the \*\*\*\* scorpion licked and the corner of his mouth tilted slightly.

.....

At the same time, Ye Xuan, who rushed into a passage, also killed all the way. The speed of one hundred and eighty dragons made him invincible, and all the iron bodies that blocked the road were killed by him.

If it is in the past, he will certainly collect the bodies of these iron corpses, but at this time the situation is urgent, he does not know when the red lord will catch up.

Therefore, he sold his life and ran wildly.

This avenue, there is no branch road, so he ran all the way.

After a while, his speed was lowered, and the duration of the violent Beastmaster passed.

But for insurance, he used another Beastmaster violent, and the speed rose again.

However, his fears are superfluous. This time, the Beastmaster was violent, and he directly rushed to the exit.
