

## Super D. S 421

Chapter 421: be found

At the moment, Ye Xuan is beginning to spur the infuriating and let himself fly. It is not difficult to fly in the air, Ye Xuan easily mastered it, but since it is a hundred poison valley, he can not fly, at most three meters from the ground to try.

Cool and cool, the strength is still to be improved, then, Ye Xuan is to begin practicing Huang Quan sword and silver feather body.

It took only one day, he just raised the Huangquan sword method to 80% of the fire, but the silver feather body method, but it is not.

Later, he spent another seven days before he practiced the Huangquan sword method to 90%, while the silver feather body method was only 80%, but it was also very good. After all, it was self-exercise, and martial arts was easier in battle. breakthrough.

In the past seven days, Hong Laowei did not come.

When the eighth day came, the old man was reappeared, and his realm was already upgraded to the power of three hundred and fifty dragons.

Ye Xuan understands that he must have received the award from Baidumen. He was in retreat before.

"Today, there are three poisonous Dans." Hong Laowei came over and handed three medicinal herbs to Ye Xuan.

"Uh....."

Ye Xuan was prepared in the heart, and then just bite down as before.

He was immune to the ingredients in the three poison d's, and he reported the toxicity to the old man.

For Ye Xuan's toxicity report, Hong Laoqi is now convinced that he has handed over a Qiang Kun ring and said: "Very good, these are for you."

Ye Xuan took a look at the Qiankun ring, which actually has a lot of poisonous grass and cultivation resources.

"Your physical condition is indeed special, but in just over two months, it has broken through from one hundred and fifty dragons to one hundred and eighty-two dragons. These are for you, to practice well. If I meet my expectations, I would not mind accepting you. For the disciples." Hong old strange said.

"What, accept me as a disciple?" Ye Xuan eyes lit up.

When Hong Hong's apprentice, Ye Xuan does not matter, but once he becomes an apprentice of Hong Laowei and a disciple of Baidumen, then he is really safe.

"Yes, I will practice well." Ye Xuan grateful.

Although he was arrested by Hong Lao Gu, he also got a lot of benefits.

"Okay, then you practice, I..."

Hong old blame said, but he has not finished, there is a footstep outside.

Hong Laofu frowned and said: "Don't go out!"

"Yes." Ye Xuan nodded.

"Hong Laowei."

A shout came from outside, and Hong Lao geek went out and shouted directly: "Qiu Guan, what are you doing?"

"Hey, let me talk to you, don't welcome it..." The voice of a middle-aged man came out.

"Qiuliang, there is a fart to release." Hong old strange cold.

"Hong Laowei, you are still inhuman. I heard that you have completed a lot of toxicity tests recently. I must have found a good tester. I want to see you." Qiu Liang said openly.

"No." Hong old blame directly refused.

What kind of jokes, he finally found Ye Xuan, a person who is not poisonous, can you see and see?

He naturally understands that this hill is definitely not to come to see such a simple, it is to dig the wall.

"Hong Laowei, there is such a test drug person, you are not ready to hand over to the door of the poison, but to yourself?" Qiu Liang's tone changed.

"Qiu Liang, what do you mean by this?" Hong old strange face sinking.

"Hong Laowei, you should understand what I mean." Qiu Liang did not explain, he just came over and took a share.

Hong Lao is not a fool, naturally understand.

However, he just wanted to accept Ye Xuan as a disciple, can you let go?

What if the Qiuliang brought poisonous and killed Ye Xuan?

"I don't understand, I don't want to understand, let's go!"

Qiu Liang heard the words, his eyes glimpse, he understands that Hong Lao is a person who is unique, and things that have been identified will not change.

"it is good."

Qiu Liang turned and walked away, but he wouldn't forget it.

Hong Lao grotesquely looked at his back. If he thought about it thoughtfully, he walked into the wooden house and said to Ye Xuan: "Follow me."

Ye Xuan understood what he meant, and he had a clear dialogue with the Qiuliang.

That Qiuliang is definitely reporting things.

At the moment, he immediately followed the old man and left the Baidu Valley.

However, they have just left their forefoot, and there are two people who have chased them out.

Upon seeing it, Hong's old face sank to the bottom.

One of the two is the hill beam he has just seen, and the other one is a true disciple of Baidumen.

"Hong Laowei, seeing a true disciple, not a gift?"

Qiu Liang looked at Hong Laowei with a smirk.

Hong Lao was awkward and said: "I have seen Shi Gongzi."

Shi Gongzi is the true disciple of this hundred poisonous door in front of him. He is the apprentice of an elder of Baixunmen. He is the third-order temperament and three hundred and eighty dragons.

Ye Xuan's face on the side is also extremely gloomy. This stone son is 380 dragons, and there are three hundred and fifty dragons in the hills, just like Hong Lao.

It seems that this time, he is still tragedy.

"Hong Laowei, I heard that you arrested a drug tester and completed the toxicity test task of a large number of poisonous grasses?"

Shi Gongzi is about twenty-five years old. He said that he fell on Ye Xuan's body.

"I have completed those toxicity testing tasks." Hong old strangely said.

"My master has been developing a poisonous Dan recently. The former testers have not been able to survive. You give me the price and you open it." Shi Gongzi said straight to the door.

Hong Lao blame decisively refused: "Sorry, Shi Gongzi, I have already accepted him as a disciple."

Although he is not as good as his true disciple, his good deeds are also a matter of the drug, and he has planted poisonous grass for hundreds of poisonous doors for decades. Shi Gongzi is not so easy to grab people from his hands.

However, he is overestimating himself.

"What about that?" Shi Gongzi did not care.

Hong Lao blame a cold, said: "This door has rules, even if it is a matter of management, it is also qualified to accept the apprentice. So he is now a disciple of my venom, not a drug tester."

"Is this your reliance?" Shi Gongzi still did not put it in his heart, said: "Well, I just asked him to help my master, Hong Guan, you will not help me this?"

"Sorry, Shi Gongzi, I was trying to take him to my poisonous flower garden and teach him to plant poisonous grass." Hong Lao Gu refused again.

Shi Gongzi heard the words, flashed a murder in the middle of the sputum, said coldly: "You are rejecting me?"

"Not bad!"

Hong Laowei Zheng focused on the head, he has already made up his mind to save Ye Xuan.

Ye Xuan is also very grateful, although this old blame is a demon outsider, but he also sent a lot of poisonous grass, so in the heart of Ye Xuan, this old blame is still good.
