

Super D. S 422

Chapter 422: Test drug person

"Hong Laowei, I am giving you a chance to give him to me. This is all right. Otherwise, I will not remember the same door..."

Shi Gongzi's light flashed and his tone was cold.

"Sorry....."

Hong old blame does not want to think, refuse again.

But he just spit out these two words, Shi Gongzi is directly hands-on, the power of three hundred and eighty dragons, an instant burst.

Shi Gongzi instantly crossed the distance of 100 meters and came to the front of Hong Lao Gu, and he slammed it.

Hundreds of poisonous palms!

"Hey!"

When Ye Xuan reacted, the old man was already flying out of the kilometer.

This palm seems to be ordinary, but it is the singularity created by the lord of the door. This power is not big, but the stone man's palm is with a poisonous, two-pronged approach, and the old man is almost killed.

"So fast....."

Ye Xuan swallowed the swallow, which is not the speed he can compete with.

At this time, he only felt that his strength was slag. In front of this stone son, even if there were a hundred of them, he could not pose a threat to Shi Gongzi.

"Shi Gongzi, this..." The back of the hills and beams.

"This old blame is not good for me. I missed the same door and I didn't have a killer." Shi Gongzi snorted, and it was a slap on the shoulder of Ye Xuan, and directly lifted it up.

Ye Xuan was brought up like a chicken, which is really uncomfortable.

However, his gaze fell on the old man, and he vowed to kill the shit.

Shi Gongzi's speed is very fast, and in a blink of an eye, Ye Xuan has returned to the Baidu Valley.

"Qiu Guan things, this is for you." Shi Gongzi threw something to Qiu Liang.

"Thank you for the stone son." Qiu Liang hurriedly thanked.

Then, Shi Gongzi took Ye Xuan and flew to a remote place. He left Ye Xuan casually and walked to a wooden house.

"Master, I caught another tester." Shi Gongzi yelled inside.

"Dangdang!"

The door of the wooden house was opened, and a man with a messy hair came out from inside. He was the elder of the venomous door.

He glanced at Shi Gongzi and said coldly: "I am not letting you at least catch the third-order person?"

"Master, this test drug is not the same, Hong Guanwu with him, completed a large number of toxicity tests, even the test of poisonous Dan has a lot, I think, he may be able to support the past ..." Shi Gongzi said quickly.

"Oh?"

Elder Wu was a little surprised. He took out a medicinal herb directly and threw it to Ye Xuan. "The kid, ate it."

His tone is very strong and he can't resist Ye Xuan's rejection.

At this time, Ye Xuan only felt that he was a cargo, and his heart was not a taste. He remembered these people deeply in his heart, then took the medicinal herbs and swallowed them.

He seems to swallow the medicinal herbs. In fact, he only swallowed a small piece, and the rest was received in the swallowing space.

Fortunately, Ye Xuan, the ingredient in this remedy, is immune, so there is nothing.

After Ye Xuan swallowed the drug for three seconds, Elder Wu nodded and said, "Okay, pass, this is for you."

When he finished, he took out some things from the Qiankun ring to Shi Gongzi.

After Shi Gongzi took the reward and took a look at Ye Xuan, he left directly.

Elder Wu looked at Ye Xuan and said: "Boy, come in."

Ye Xuan did not have any retreat, and went straight into the scalp.

After entering the door, Elder Wu took out a medicinal herb from a stove and threw it to Ye Xuan: "This is the broken sausage Dan that I have refining. I have poisoned seven people. The strongest one is two hundred and nine. Ten dragons."

This elder is not the same as Hong Lao, and Hong Lao will give Ye Xuan something afterwards. But the elders are talking in the tone of the order, and they don't take Ye Xuan seriously.

"It's a miserable prisoner!" Ye Xuan took the medicinal scalp and swallowed it.

The tragedy is that this broken sausage has a few poisonous grasses that he can't immunize. He was poisoned at the moment he swallowed.

"Hey, the host has been poisoned and started detoxification!"

"Hey, the host has been poisoned and started detoxification!"

"Hey, the host has been poisoned and started detoxification!"

A series of three prompts sounded, Ye Xuan suddenly had three poisons.

At this point, he felt that the organ in his body began to crack and then was repaired, which made him tumbling on the ground, as if there was a knife in it alone.

"In the past few people, they all died of pain. I don't know if this person can persist and report the toxicity to me..." Wu long old man blinked and looked at Ye Xuan.

Only when he learned the toxicity, can he continue to improve the medicinal herbs and refine the poisons that are useful to the strong.

However, what he did not think was that after Ye Xuan rolled on the ground for half a minute, he suddenly stopped mourning.

At this time, Ye Xuan, who fell in the **** blood of his own spit, suddenly climbed up.

"Put it over?"

Elder Wu is very surprised. This is the first time he has seen someone who has taken his own medicine and is still alive.

At the moment, he hurriedly asked: "How do you feel when you are a kid?"

Ye Xuan stood up with his teeth and said the feeling of the genius and the toxicity of the broken sausage. He was also fortunate. Fortunately, he only swallowed a little bit. If he swallowed the whole medicinal medicine, he would have died.

After listening to Ye Xuan's report, Wu's eyes immediately lit up and said, "Okay, very good, this medicine is for you, restore it, stay outside."

He did not expect that Ye Xuan had actually passed, and immediately gave Ye Xuan a bottle of healing medicine.

What he refines is an acute poison. If he does not die, he will be saved.

Ye Xuan gritted his teeth and went out. This elder and the old man were really inhuman, and even a rest room was not given to him.

He went out and swallowed things, breaking through the power of 185 dragons.

As the physical condition improves, his anti-toxicity can also be improved, and then it will be safer.

He stayed outside the chalet for a whole day, and then he was called in by the elder Wu, taking the second broken sausage.

This second broken sausage Dan has been improved by the elders, and the toxicity is stronger.

However, this is only a change in the amount of use, there is no new addition of poisonous grass, so Ye Xuan immune this broken heart Dan.

However, he still rolled on the ground for a while, pretending to look like.

This made him sigh, the actor is really difficult!

Then, he was driven out again, and Elder Wu continued to improve the broken sausage.

On the third day, Elder Wu called Ye Xuan in again and tested the third broken sausage Dan. Then Ye Xuan came out again and spent the night outside the wooden house.

In this way, day after day, it took seven days to go straight.

In these seven days, Ye Xuan actually wanted to see the injury of Hong Lao Gu, but because of the unknown strength of this elder, at least the fourth-class master of the Royal, he did not dare to leave.
