Chapter 423: died?

When the eighth day arrived, the stone son was also coming. At the same time, he also caught another person.

When Shi Gongzi saw Ye Xuan, he also said: "You didn't die?"

Ye Xuan's face sinks, what is this Nima?

He did not answer and stood there silently.

Shi Gongzi is very surprised, because he feels that Ye Xuan can't support it, so he went out and grabbed the individual back.

At this time, the person who was put in his hands had a full force of three hundred and thirty dragons.

Three hundred and thirty dragons, more than a hundred dragons than Ye Xuan, but in front of Shi Gongzi, but it is vulnerable.

He did not dare to move, for fear of being killed by a sword.

At this time.

The door of the wooden house was opened, and the elders of Wu had a few broken sausages in their hands. After seeing the stone son, they couldn't help but say: "Oh, I caught another tester, just one, one by one."

He threw the medicinal herbs in his hand to Ye Xuan and the warriors of the three hundred and thirty dragons.

"This....."

The warrior took the medicinal medicine and took a look at Shi Gongzi.

"Eat him, or you will kill you immediately." Shi Gongzi looked at him.

The warrior swallowed his teeth and swallowed it. The next moment, he was planted directly on the ground, rolling in pain, and the blood in his mouth was screaming and screaming again and again.

Ye Xuan did not swallow for the time being, but watched quietly.

The screams fell into the ears of the three.

In less than three seconds, the martial artist of the three hundred and thirty dragons had widened his eyes and shouted.

"Today's broken sausage Dan, the amount has been much less, even three seconds can not support, it is really waste." Wu elders snorted, turned to look at Ye Xuan.

Ye Xuan has swallowed several times of the broken sausage, and rolled it on the ground for a few laps, then spit out a few mouthfuls of blood.

Then he stood up and reported the toxicity.

"Okay, almost, this time, the amount is small. When I increase the weight to ten times, I can definitely poison the guy." The elders of the elders flashed a touch of color, and he refining this kind of broken sausage, but not for Come to sell.

He thought about it in his mind, and then he looked at Ye Xuan and said: "This time you are doing very well. I will go out for a while later. As long as my business goes well, I will accept you as a disciple."

what?

When the words came out, the stone son was shocked.

Want to accept Ye Xuan as a disciple?

You must know that Ye Xuanlian's second-order temperament has not been reached. How can he become a disciple of the elders of Baidumen?

But the next moment, he just reacted. This is just an excuse for his master to find. Even if he accepts Ye Xuan as a disciple, I am afraid that he will take Ye Xuan to try the medicine.

"Humph."

Shi Gongzi snorted, I don't know why, he was hostile to Ye Xuan, and hoped that Ye Xuan would die soon.

Then, Elder Wu entered the log house and refining the new Broken Dan. This time, the weight was ten times that of the previous one.

Then he hurried away and left nothing.

The stone son looked at Ye Xuan and left.

"Mom, what is the apprentice, when Laozi is a fool, don't even give me a place to live, accept your apprentice!"

Ye Xuan roared in his heart.

Now, both Elder Wu and Shi Gongzi are gone, and he is free to move for the time being. The thing he wants to do most at this time is to look at the injury of the old man. This old man is waiting for him to be not thin. In order to protect him, he was injured by Shi Gongzi.

Ye Xuan left the residence of Elder Wu, and found the past along the memory. On the way, he also saw a lot of disciples of the Taobao. The strength was almost two hundred dragons, close to three hundred dragons, and the true disciple reached three. More than a hundred dragons.

Hundreds of poisonous doors, only a ghost tomb leads a small sect.

Ye Xuan, who was caught here, only felt the pressure of Shanda. He wanted to circulate gradually, but he did not expect such a thing to happen.

Along the way, he was very careful, for fear that his handsomeness had provoked a disciple and was killed.

Fortunately, his concerns are superfluous.

He found his own place on the day.

Hong Laowei lived next door. He walked over and found that the door was not closed. He explored and there was no one inside.

It seems that Hong Lao is out.

However, at this time, suddenly a venomous disciple came over.

"What are you doing here?" asked the disciple.

Ye Xuan shuddered and replied quickly: "I am here to find Hong Guan."

At this time, he discovered that this scorpion disciple was the Shoushan disciple who was caught by the old man when he came in.

"It's you?"

The Shoushan disciple also recognized Ye Xuanlai and said: "Hong Guan was seriously injured a few days ago. He died two days ago. He left a letter and asked me to hand it over to you."

what?

His words made Ye Xuan's body shake.

Hong old strange, dead?

Ye Xuan's eyes burst into two fine mansions, and one step went up and took the letter.

Then, the disciple continued to say: "Well, the thing that the Hongkong administration entrusted me was completed, and his tomb was under the tree."

After the Shoushan disciple finished speaking, he left.

Ye Xuan squatted for two seconds and turned to look at it. Sure enough, under a big tree not far away, there was already a tombstone.

He opened the letter.

"Kid, when you see this letter, I am afraid I am already dead."

"I'm sorry, I took you to the Baidu Valley. I wanted to accept you as a disciple, but I didn't expect this to happen. Shi Gongzi's hundred poisonous palms are very strong, and I have broken through several times in recent days, and the foundation is unstable. So can't be cured."

"My Hongfeng has not lived in my life, and I have no friends. Before I died, I buried a ring in the back of the tombstone. This is the only wealth left by my old man. There are also my poisonous flowers in the ring. I will give it to you all."

"Finally, don't try to help me revenge!"

When Ye Xuan read the letter, the corner of his eye couldn't help but wet, and a sadness poured into his heart.

Although this old blame is not a good person, but there are principles to do things, in order to protect him, it was killed by Shi Gongzi.

At this point, Ye Xuan's heart has already made a secret decision, and it is necessary to kill the three.

Qiu Guanshi, Shi Gongzi, Wu Elder!

These three people must be buried for the old man!

After standing for a while, Ye Xuan converges on the murder, then slowly walks to the tombstone and digs up.

Sure enough, there is a ring in the back of the tombstone.

Ye Xuan checked it out, and sure enough, there are many good things.

Before the old blame, Ye Xuan got a lot of rewards, but he didn't use it all. This is a huge fortune for Ye Xuan.

At the moment, Ye Xuan is directly devouring these treasures.

"Hey, the host has broken through two hundred and thirty dragons!"

"hiss!"

After hearing this one tone, Ye Xuan couldn't help but **** a cold air, only then he was only one hundred and ninety dragons, and now he has raised the forty dragons.

At the same time, the Beastmaster violent has also increased to three times.
