Chapter 4290: Second king of the king

After the three-jawed dragonfly and the elephant fox scorpion left, Ye Xuan's figure appeared in the depths of a giant canyon inside the star. It is still a human form, sitting cross-legged in the central area of the canyon.

"call out!"

"Hey..."

A wave of hands, with the sound of a weak break, a large number of cultivation resources were taken out from the immortal world, all of which are top-level objects, and any kind of release to the outside world will cause a violent sensation.

It's the immortality of the king, and it's all hot!

Purple gold top flesh and blood medicine!

All evil source!

And other rare treasures of rare treasures, etc...

Among them, there is even a large piece of Baoxuebao meat that has been flooded with ancient and powerful energy. It has been roasted into a golden color by the Shennong seven-color flame, and it is full of oil and aroma!

All of this is all the cultivation resources that Ye Xuan prepared for this breakthrough.

Between the meditation, Shennong Ding's domain field power can be motivated by Ye Xuan, ready to hang all the cultivation resources in front of him, under the compression of Baoding domain power, turned into a small ball .

Ye Xuan had a mouth, and the blood-colored beads slammed into the entrance, and instantly became a turbulent stream that fell into the abdomen.

"Oh la la..."

"boom!"

.....

In the next moment, Ye Xuan's body is like a sky-turning, and a chain of shackles is invisible. From this moment, the sound of the chain of huge slaps has not stopped for a second.

The enthusiasm of the various top-level cultivation resources has been raging and raging, and it has shaken the chain and brought a huge roar.

Time passed slowly in this slamming roar, and almost every second he suffered endless pain. In the end, he was even numb, forgetting the existence of time.

I don't know how long it took, when his consciousness gradually returned, he discovered that the roar of the body continued to disappear, and the energy of the incomparable energy disappeared. The chain that had appeared before was no trace. Follow.

A touch of clearness rushed to the heart, Ye Xuan was very happy, the breakthrough was completed, and the next will appear is the long-awaited system prompt.

Everything is coming soon...

"Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the king of immortality!"

"Hey, congratulations to the host, the physical and qi and blood boundary breakthrough! The current realm: the king of the immortal second order!"

Prior to this, the cultivation of Ye Xuan's deity has reached the immortal level of the king. Once the three-headed and six-armed Taikoo konjac blood is activated, the strength is once again soaring and directly climbs to the second stage of the imperial king.

If you re-apply the konjac and change the magical powers, and reach the sixth change, you will be able to reach the horrible strength of the eighth-order immortality of the king.

Only one step worse, you can reach the end of the ninth order of the king!

This time, when his cultivation is a breakthrough again, once Ye Xuan activates the blood of the konjac in the body and enters the sixth change of the konjac, his peak force will instantly reach the ninth stage of the kingdom. Great consummation, the strength of the battle is rising again...

"Unfortunately, the recent breakthrough is too frequent, and some moods are already unstable. Otherwise, if we break through a small step, we will upgrade the strength of the deity in the ordinary state to the third level of the kingdom. Then, once entering the sixth change of the konjac, Will have the power of the first level of the emperor..."

Feeling the terrible power of the sea like a sea, Ye Xuan whispered: "But don't be eager for a moment, the king's nine-order grand perfection, in this territory is invincible, as long as you do not encounter the immortal, you can arbitrarily!"

After adjusting her mind, Ye Xuan checked the time. Although this breakthrough did not advance rapidly, it was slowly moving, but it still only took about half a month, the original one year, There are eleven and a half months!

However, it is no longer suitable for continuing the retreat. The stability of the state of mind needs to be honed through the tempering of the war. All this needs to be completed after a long period of time, after a long journey, through several **** battles!

At present, the rest of the time can be used to derive the seventh change of the konjac... or the perfect Dan of the twenty-four dan!

"The seventh change of the konjac is equally important. It allows me to use the magical power of the konjac to change the realm of the konjac. It is easy to upgrade a small step again, and the qi and blood are skyrocketing ten times. Great increase..."

"But compared to the breakthrough of the deity, the critical degree is still a bit worse!"

"Moreover, the complete mystery of the seventh change of the konjac has already been issued to the system after the sixth change of the last comprehensive crack, and it has been handed over to the system to deduct it... even without my strong knowledge of God, full force Expanding, it will be a bit slower, but in the end it won't take much time!"

After some indulgence, Ye Xuan quickly made a decision: "In this case, the rest of the time is used to promote the perfect Dan Fang of the twenty-fourth level Dan..."

The twenty-fourth grade Dan is the Emperor Baodan, which can make the Fenghuang Jiuji great consummation, and smoothly break through to the first stage of Fengdi.

At the moment, Ye Xuan only seals the second stage of the king. Even if it is the perfection of the ninth stage of the situation, what is needed is only a twenty-three-level Dan who can help him break through the first stage of Fenghuang.

Twenty-three-level Dan's perfect Dan Fang, he has successfully derived it before, but since the ten kings of blood have not yet been assembled, they have not been refining.

It can be said that for the Danish side of the 24th level, he is not very necessary now, and there is enough time to ponder and deduce, but this thing, Ye Xuan does not dare to delay too much, and if he has time, he wants to ponder This matter.

Therefore, it was only the perfect Dan Fang of the 23rd grade Dan. He was using this piece and it took nearly ten months. Only then can we see that the Dan, which was used to break through the immortality of the 24th-level Dan, is estimated to be at least for more than a year!

Moreover, in the past year or so, he still can't do anything, he must condense all his mind, sleeplessly, and constantly push forward... How can he have such a long leisure time at any time?

Since it is free now, it is natural to be able to deduct a little bit!

The use of genetic culture fluid for forging, tearing the body's potential potential, and promoting the way of life evolution, although breaking through the realm is extremely rapid, basically as long as the energy accumulation of nine small steps in each realm meets the requirements. , you can make a smooth breakthrough.

But don't mention it, it's just a bit horrible to push Daniel's energy in this aspect. Even if Ye Xuan has a lot of resources in his hands, then every time he breaks through a big realm, he must pay. Very hard work.

In this matter, he does not dare to slack off. The moment when the vast world is coming, it is possible to come at any time. Now that there is still time, he must seize every minute and every second!

With this sense of urgency, Ye Xuan quickly closed his eyes again after he calmed his mind. He concentrated his mind and devoted all his efforts to the dedication of the perfect Dan of the 24th grade Dan...
