Chapter 434: get away

"Hey!" "Hey!" "Hey!" "Hey!"

After a series of muffled sounds spread, the eight-handed blade all pierced the elder's body, and even two small necks and heads were inserted.

dead!

Ye Xuan quickly catch up, picking up the elder's Qiang Kun ring, he will not give this thing to Feng Yaqing, and Feng Yaqing now has no intention to take the Qiankun ring.

"Hey, the host has broken through the power of three hundred and fifty dragons!"

Ye Xuan's realm has once again improved.

At the same time, coupled with the violent Beastmaster, he has reached four hundred and sixty dragons, even higher than Feng Yaqing.

However, the duration of the Beastmaster's violent temperament passed, and he immediately fell to the three hundred and fifty dragons.

Feng Yaqing witnessed all this, and her heart was very surprised, but she was only surprised at it, just looking at another battlefield.

There are three battlefields here.

One is the battle between the disciples, the second is the battle of the elders, and the third is the battlefield of Tang Huaizhi, Gu Qi and Feng Shan.

In the third stop, Feng Shan was beaten by the two to fight.

The situation in the second battlefield is not very good, because there is a sixth-order white scorpion, and the elders of the venomous door have been killed.

"Ya Qing, you are going!"

At this time, Feng Shan of the third station suddenly shouted.

"father!"

Feng Yaqing shouted.

"Come on, we have no hope, you will return to the door of the poison, inform other elders!" Feng Shan supported and shouted. He also understands that he estimates that it will not last long.

Feng Yaqing looked worried, but she also saw the current situation. The elders of the poisonous door had been dragged down, and there was a white shackle. It was only a matter of time before the ban.

Ye Xuan on the side is also quickly calculated in his heart. Now he is the power of three hundred and fifty dragons. Even if he gets the elders and Qiang Kun ring, I am afraid it will not help, in case the sixth-order white scorpion is eyeing him. Then he will die.

This battle is actually a foregone conclusion.

"Let's go, if you are all here, you are afraid of the door." Ye Xuan reminded.

If all people are completely destroyed, then the five poisonous people can pretend to visit afterwards, and then kill the people of the venomous door. At that time, it is not only these deaths.

"Kid, take her away and pass it on."

Feng Shan was drinking.

The Bailingzong people actually entered the territory of the poisonous king. If they were known, then this bone seven will definitely be killed.

"Xiaobai, go and kill them." Bone seven commanded with the yin and yang voice.

At the moment, the white bone is turning to look at Ye Xuan, and then rushed over.

"not good!"

Ye Xuan was shocked. What happened to him was really happening. He hurriedly displayed the Beastmaster violently, soared to 460 dragons, and then grabbed Feng Yaqing and turned around.

Fortunately, this shackle is not the same as the red lord, and can't use the infuriating. This means that it can't fly, and it can't use body martial arts, so you can't catch up with Ye Xuan.

After chasing it for a while, it lost the trace of Ye Xuan and then turned around and turned back.

That bone seven will certainly not think that Ye Xuan can burst out of the speed of the sixth-order powerhouse, which is a surprise to him.

.....

Ye Xuan left with Feng Yaqing, very fast, until the Beastmaster violent time passed before stopping.

He felt very sorry, because if there is no such thing as bone seven, he may be able to upgrade to the power of four hundred dragons this time.

"Your father won't have anything to do."

Ye Xuan loosened Feng Yaqing's wrist and comforted him.

However, he did not think so in his heart.

Feng Shan is a six hundred and thirty dragon, Tang Huaizhi and the bone seven are all six hundred and twenty dragons. In the case of the two men joining hands, Feng Shan is already feeling tremendous pressure.

The white scorpion was the battle between the elders. Now the elders are almost dead. The elders of the five venoms are enough to suppress the elders of the venomous door, so the sin can be killed.

If the white scorpion joins the battle, Feng Shan will be hacked to death in less than ten seconds.

"You don't have to comfort me!" Feng Yaqing said with a red eye.

Her 18-year-old girl is strong, and she can hold back tears at this time, which is commendable.

After all, she was brought to the \*\*\*\* king from childhood, and was also killed by the other side in the battle of Fang Cai.

"Go!"

Feng Yaqing slowed for a while, said.

"Slow!"

Ye Xuan suddenly stopped her.

Feng Yaqing turned his head strangely and looked at Ye Xuan.

"Now, there is no possibility of ending the battle there. Even if there is no fighting, it is not difficult to catch up with them at their speed. If we go directly to your door, you will be caught up with them..."

Ye Xuan said.

After he reminded him, Feng Yaqing also instantly understood that they are now returning to the door of the poison, but behind them are the masters of the sixth-order temperament, they can not run.

"What should I do?" Feng Yaqing's eyebrows are wrinkled.

"Do you think that there are other places that can be saved, or are there any other denominations nearby?" Ye Xuan asked again.

Feng Yaqing looked back carefully and found that there was really a sect nearby.

"There is a flying scorpion near here. One of my sisters is married here. Although it is not as strong as one of my hundred poisonous valleys, it also has a master of the fifth-grade temperament, which is equivalent to the division." Feng Yaqing said.

"Then go here first, please send them a master to go to the door to inform." Ye Xuan nodded.

"it is good!"

At the moment, they are heading in the direction of the Flying Dragon Pavilion.

If you follow the speed of Feng Yaqing, you only need one day to arrive at the Feifei Pavilion, but if they are back to Baidu, it will take at least three days.

Although Feng Yaqing has not been to the Feifei Pavilion, they are fortunate enough to have a map.

This time, Ye Xuan is also acting as a flower ambassador. Although his task has been completed, he feels that there is still a lot of room for improvement. After all, he may be able to pull the banner of Baidumen. Got the five poisons.

The Flying Dragon Pavilion was built on the edge of a cliff, and this cliff is the place where the flying rafts raise the cornices. Ye Xuan and Feng Yaqing ran for a day and finally saw the cliff.

However, it is at this time.

"Ha ha ha, you two little guys, really want to come to fly to the pavilion for help." Suddenly a hearty laugh sounded, the two figures suddenly fell from the sky, intercepted Ye Xuan and Feng Yaqing.

Feng Yaqing's face changed dramatically. She did not expect to be intercepted by the Flying Dragon Pavilion. She fixed her eyes and found that the lowest of the two had 470 dragons and the other one was 480 dragons.

And she is only the power of four hundred and fifty dragons, and she is somewhat reluctant to the last five poisonous elders.

This is trouble!
