

Super D. S 445

Chapter 445: Dark dragon

"The trough, the seventh step!"

Ye Xuan was shocked. He didn't understand how there would be a super-powerful seven-level master here.

Moreover, it is clear that this blood-blowing youth is coming from him.

"Megatron, evacuation at full speed!"

Ye Xuan, regardless of the three seven twenty-one, hurriedly ordered Megatron to run at full speed.

Fortunately, this blood-skinned youth is a defensive flight, and the speed in the air is similar to that of the bone dragon.

"Is it you, blood washed a hundred poisonous doors?"

Suddenly a cold voice fell into Ye Xuan's ear, which made him react instantly. This person should be the blood crow.

He is helpless. In such a big place, this master of blood crows can find him. His luck is really bad.

What is more helpless is that this blood crow **** worshipped him and bones.

Moreover, he still can't explain.

"Tragedy, hill management, let you live for a while!"

Ye Xuan rides the bone dragon, directly crossed the door of the poison, and fled insanely.

This young man is a master of the seventh-grade temperament, and it is still from the big sect, and the strength is definitely extraordinary.

However, when the young talented person found Ye Xuan, he suddenly threw a blood crow out, apparently notifying other people.

If Ye Xuan was wrapped up by him, the consequences would be unimaginable.

So, you can only escape, desperately escape!

As long as the infuriating youth of the blood-skinned youth is exhausted, then he is safe. Although Ye Xuan is trying to kill the blood-skinned youth, he is holding back and escaping.

The two fled one by one and flew for more than a day.

"If you can't escape, the people of Bai Bingzong dare to go to the site of my blood crows, I must bring your head back!"

The blood-skinned youth is still chasing. In this day, he has repeatedly provoked Ye Xuan, but Ye Xuan has escaped like he did not hear anything.

On the second day, the medicinal herbs in the blood-skinned youth finally consumed, but they couldn't help.

"It's damn, he was actually escaped by him!"

The blood-skinned youth is giving up, turning around and leaving.

And Ye Xuan looked at the back of his departure and gave him a breath. This blood-skinned young man was really patient. He even chased it for two days. If it is not enough, he will continue to chase.

The battle between the three forces of the ghost tomb is too intense.

However, Ye Xuan did not take it lightly and continued to fly forward for a long time.

He now has a map of this area, just in time, there is a place called the dark dragon in front, which is very suitable for him to experience.

The dark dragons are all dragons. It is said that the big boss in the dark dragon is a dragon king, and there are countless dragons and dragons. It is dangerous for others, but for Ye Xuan, no problem.

Ye Xuan rides the bone dragon to the dark dragon mouth.

"Refining the white bone warfare requires a lot of bone powder, and the higher the better the better, this dark dragon is at least the fifth-class dragon class, or can let me improve the realm..."

Ye Xuan thought about it.

This is his plan on the way to the hungarian youth.

Refining the white bones trench, in the poisonous Wang Zong's nine quiet land is estimated to find out how much material, so you need to enter the bones of the corpse, but before that, Ye Xuan is ready to upgrade the strength first.

Ye Xuan fell to the ground, and the bone dragon controlled by Megatron was flying in the sky.

In the case of dragons, it is natural to have eight ridiculous dragon swords. Ye Xuan estimates that these eight ridiculous dragon swords have at least 50% increase in attack on dragons. If the dragon's ruling is used, it should be able to double the attack.

He just entered, just met a few earth dragons.

The dragon and the dragon are very similar, but they have only one pair of wings. They are so powerful that they can make a big earthquake.

"Eight ridiculous dragon sword, dragon's ruling!"

Ye Xuan directly attacked three snipers in the three earth dragons that rushed toward him.

"Oh!"

The three dragons were born in two halves.

Spike!

"The dragon's ruling is really powerful. Here, even if I don't use the Beastmaster violent, I can kill the dragons below the sixth order."

Ye Xuan thought in his heart, that is, plundering and collecting the three dragons and the sacred beast, and then directly swallowed.

"Yes, if you sweep this dark dragon, you don't know how much power you can improve."

Ye Xuan thought as he went deep into the dark dragon. And Megatron in the sky is starting to investigate again.

This bone dragon is huge, even if it flies into the sky, it is very conspicuous. What makes Ye Xuan strange is that when Megatron came back, it brought back a large group of dragons.

"I wipe, this hatred is high..."

Ye Xuan was shocked. It seems that these dragons are all seeing their fellow bones being used, so they chased and wanted to swallow Ye Xuan.

However, these dragons are all coming to die.

"kill!"

Ye Xuan shouted and suddenly rushed up.

All the dragons of the fifth-order temperament are killed by the dragon's ruling. As for the sixth-order temperament, they can escape some, but after all, they can't escape.

More than sixty dragons, not a minute, all died in Ye Xuan's hands.

"Hey, the host has broken through the power of five hundred and fifteen dragons!"

Subsequently, Ye Xuan continued to go deep into the dark dragon, the strength is fast and mad.

In the dark dragons, there are probably thousands of flying dragons. The deeper the strength, the stronger. At this time, Ye Xuan encountered almost the sixth-order dragon.

After half a day of killing, Ye Xuan is also promoted to the power of 530 dragons. He estimates that if the dragons in the dark dragons are destroyed, at least they can be raised to more than 550 dragons. This is still a conservative estimate. .

He continued to deepen and his strength improved little by little.

"The dragon king of the dark dragon, the strength does not know much, but according to the realm of these dragons, it should be at most seven steps."

Ye Xuan secretly estimated in his heart.

He is still able to deal with the 7th-order Earth Dragon King. He is afraid of coming to the eighth-order temperament, which is a bit of a hassle.

However, anyway, there are so many dragons here, he will continue to improve.

at this time.

"Roar!"

Suddenly a huge bang, passed into Ye Xuan's ear, and then the earth began to oscillate, it seems that there is a giant.

"Is that the dragon king?"

Ye Xuan stepped up and raised his vigilance.

The earth is swaying, Ye Xuan's figure is constantly ups and downs, but then, Ye Xuan's brow is a wrinkle.

There are more than one behemoth coming to him, but two!

"Roar!"

The roaring sound was deafening, and Ye Xuan turned his head and saw two huge heads appearing above the cliff.

Earthworm!

Ye Xuan was shocked. The eyes of these two dragons were bigger than his whole person, and they were surprised.

"The seventh step of the Royal Air?"

Ye Xuan's brow wrinkles, it seems that these two are the bosses of this dark dragon.

The two sides looked at each other and immediately the two dragons jumped off the cliff.
