

## Super D. S 4451

Chapter 4451: Old pig fine

"Hey! This is... nine color medicine?"

Yes, nine perfect colors, this is definitely a colorful magic..."

Even in the era of the past, this is also the top drug, not only the ancients can apply, even the existence of the ancient and supreme level can be applied..."

Master, has your Shennong Flame evolved to the peak of the Nine Flames? Otherwise, it is absolutely impossible to refine the colorful magical medicine! "

"With these nine-color \*\*\*\* medicines, the repair of our seven sisters will be a rapid recovery. I believe that in the near future, we will be able to enter the emperor's great perfection from the beginning of the present emperor."

Even if it breaks directly into the universe, it is not entirely impossible..."

"Thousands of cubes, tens of thousands of cubes! Oh... Master, you are so good to us..."

"Hug..."

.....Look

To the seven canopy, the seven gimmicks were all excited. The most naughty nine-tailed fox was wrinkled with a small nose, tearfully spread his arms and hugged Ye Xuan.

At this moment, her arms are wide and her chest is high. If she and Ye Xuan come to bear, then..."

Cough and cough..."

Thinking of that scene, Ye Xuan immediately coughed up, and there was some faintness in the nose. It was really a group of enchanting people. I had to be careful when I was at any time. Otherwise, I was on the road and lost face! "

OK, quickly put these nine colored medicines together, then enter the Baoluo space to retreat..."

Seeing the seven hoes to see him light cough, all smirked, Ye Xuan suddenly speechless, knowing that he was stunned again, immediately sighed, and quickly swear. miss you

It's because the temptations of these tens of thousands of cubic nine-color gods are too big. This time, the seven gimmicks did not delay any more. After screaming at Ye Xuan, they waved their hands and collected their own colorful medicines. Start. With

After that, it turned into a slap in the face, and rushed into the smoke.

"Hey..."

In the wave, Ye Xuan will want to smoke, and then think of something, and immediately sent another 5,000 cubic nine-color magical medicine into the space of the magic dragon. that

Inside, like the old fox, the old goods are still in retreat, Ye Xuan will send these 5,000 cubic nine-color magic drugs, enough for him to break through to the realm of the emperor. "

The violent old man, I didn't see it, you are really blessed.

After doing all this, suddenly there was a figure in the distance, it was the old pig essence. At this moment, the old guy was a thief, and at first glance, he knew that he didn't think of a good thing in his mind. Count

Counting time, he should have broken through two or three months ago, and stayed nearby after the customs clearance, giving Ye Xuan a law. but

Just now, Ye Xuan stepped out of Shennong Ding, but this old thing did not appear in the first time, mostly hiding in the distance, peek at Ye Xuan was rehearsed by the Seven Great Yan.

Thinking of this, Ye Xuan gloomily glanced at the old pig, and saw that his cultivation has been successfully broken. Now it is the first-order cultivation of the universe, and this is nod of satisfaction. With

After the road: "You have successfully broken through, it is unreasonable that the star master is still in the emperor's territory, and then stay for a few more days, after breaking through the Supreme, then go on the road..."

After that, Ye Xuan did not hesitate to take care of the old pigs. When he went away, he went to the abandoned star that had closed before the old pig in the sky. body

Under the sway, Ye Xuan rushed into the star of the abandoned star, and sat down on the knees, ready to break through..."

call out! ""

Oh..."

Soon, the sound of breaking the air, one after the other, is all the cultivation resources that Ye Xuan took out from the immortal world. package

Including a nine-color ball with a diameter of a thousand meters, there is a kind of rich and horrible fragrant fragrant scent, this liquid ball, all are nine-color magic. With

Later, he took out a lot of other cultivation resources, such as ten drops of evil source liquid. tight

Then, Ye Xuan will mobilize Shennong Ding's domain power, compress it to the size of only the baby fist, it looks like a red and a drop, it is like a strange strange medicine.

In a wave, he directly swallowed this blood-colored medicinal drug compressed by massive cultivation resources into the abdomen.

Without a half-stop, to complete all this, he waved to sacrifice Shennong Ding, a step, and went straight to the Dingkou where the fog was full of fog. Without hesitation, he once again sat down with his knees and started a new round. Breakthrough.

In the next moment, the sound of the overwhelming chain makes it easy for Ye Xuan's body to slam, this time, there is only one chain that appears in his body.

For the rest of the following, Ye Xuan has already been familiar with the road. When even the energy that has just formed in the body is spurred, the whole body of the body is in the middle of the body, and the operation of the next big day is carried out. most

In the end, when all the energy is refining, just a shock, the chain will break.

And with this extremely thick shackle chain finally completely broken, the expected system sounds, and soon in the mind of Ye Xuan...

"Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the emperor's immortal nine-order great perfection!"

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: Feng Di immortal nine-order great perfect! "

With this breakthrough, Ye Xuan's combat strength climbed again and finally reached the peak of the emperor's immortality. Before that, his deity's cultivation was only the eighth order of the Emperor, once the body of the ancient konjac was activated, In an instant, you can climb to the ninth stage of the Emperor.

If the magical scorpion is changed again and the eighth change is reached, the combat power will immediately rise to the eighth order of the universe. Now, after the activation of the konjac blood in the body, Ye Xuan will have the sage in an instant. The first-order repair is strength.

If you use the magical power of the konjac and change it, and directly enter the eighth change of the konjac, its peak strength can reach the ninth order of the sage. This is the perfection of the sacred peak. Power can be said to be a big hit!

But this is obviously not the end, because with his current cultivation as the strength, if it is further, it will be able to break through the realm in a moment, and the degree of soaring power can be described as horrifying. Place

Therefore, this time's breakthrough, Ye Xuan's goal is the realm of the deity! "

call out! ""

Oh..."

Without any hesitation, even the meaning of taking a break is not enough. Ye Xuan once again waved, from the immortal world inside the body and the inner space of Shennong Ding under the body, the second batch of cultivation resources that have already been prepared, will be taken out one after another...

These resources, all swallowed into the belly, once again turned into a breath of energy, and finally, and most importantly, a twenty-five-level Dan that has already been prepared.

Soon, this twenty-five-level lord Baodan, who exuded a strong royal scent, was swallowed by Ye Xuan under his mouth, and broke through the great realm...

Chapter 4452: The universe is respect

"boom!"

With the second batch of top-level cultivation resources swallowed in the belly, Ye Xuan's body, there is an earth-shattering roaring sound in a moment...

There is even more unheard of the sound of the horror chain. This time, Ye Xuan's impact is the sacred, quiet and natural!

At the chest inside the body of his body, there was a strong chain of shackles, and the sound of the chain was constantly coming...

The thick chain of the roots represents the cultivation of the sacred person. Once it is torn, Ye Xuan will suddenly become a dynasty immortal! very

Fast, as he urged the energy in the body, he endured the unprecedented pains and pains, and launched a continuous impact. Eventually, a huge squeak came, and the chain of shackles located inside the sternum of his treasure was finally collapsed. Broken! period

The system prompt tone is still ringing in Ye Xuan's mind...

"Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the first step of the universe!"

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: the first step of the universe! "With

With this breakthrough, once Ye Xuan activates the konjac blood in his body, he will have the second-order power of His Holiness.

If you enter the eighth change of the konjac, its peak power will reach the first-order power of the universe!

Finally, I have the power of the Lord of the Universe in advance, and as a result, it is the intermediate to strong forbidden land, Ye Xuan has been qualified to take a trip.

After all, under the state of the eighth change of the konjac, his cultivation is only the first order of the universe, but if it is combined with the huge body of a billion-foot giant, it is a horrible force. leaf

Xuan's true combat power will not be weaker than the second order of the Lord of the Universe.

Even even in this third-order, he can fight against it, and he is still unbeaten...

That is to say, in the face of an initial situation of the universe, the current Ye Xuan, can already be fearless, as long as they do not encounter the terrorists in the mid-term of this situation, they can be rampant! "

Hey! "This

A breakthrough, the significance is too great, Ye Xuan Yang hair out of an excited joy and scream. With

The deduction will wave the Shennong Ding, and one step will be taken from the star nucleus. The whole body is in the purple-golden Xia Rui Mang. From this moment, he is... the universe! "

boom! "

"Booming..."

.....a few

Just in the next moment, under the feet of this life star, there is a lot of black robbery clouds in the universe. This

After all, it is a sacred robbery, not a small one, so the number of robbery clouds is too horrible, the whole star is shrouded, just like the original atmosphere, and covered with a second layer of black atmosphere...!

However, Ye Xuan is completely fearless. Today, what he wants is a baptism of a thunderbolt. In the face of the thunder that makes the monks smell the color, Ye Xuan is completely unrelated.

"Roar!"

In the roar of his head, this moment he flutters and dances, the body's breath is all motivated, the whole person is like a most powerful humanoid star, the body of the body is blooming with endless treasure, through the surface of the body One hundred and eighty million pores emerged. "

Card! "thorn

The crispness of the ear came, and the clouds of the sky suddenly surged even more intensely! short

After a short break, a stout purple gold lightning has collapsed!

"Leidi's India!"

In the wave, Ye Xuan whispered, and Lei Di Yin, who was hanging in the brain and knowing the sea, spurred out. "

Oh..."

In the next moment, Lei Diyin flew up, and the first time in the emperor's seal, a high-pitched whistling sound was heard. This is the thunder of the emperor, and for it, this sacred robbery is precisely The best chance for forging and quenching itself.

Lei Ling in the emperor's emperor, repairing the strength has already broken through to the king's realm, and this time, after sensing the powerful atmosphere of the sacred robbery, the emperor Lei Ling once again rejoiced.

Because this thunder is not only the opportunity of Ye Xuan, it is also its chance. After the baptism of the thunder, the Lei Di Yin will be more powerful, and the Emperor Yin Ling is also likely to break through the big realm and enter the emperor. immortal! it is good

It's so big, it's so exciting to nature, there's a feeling that you've been stunned and want to rush out! "

Still the old rules, the lord robbery, there are still three waves of purple gold lightning, the star of the Lord as long as the last wave, the first two waves, leaving you and the emperor printed ...

In a light smile, the sound of the words of Ye Xuan's mouth is distributed to the three waves of thunder that are about to come to the top! a few

Just finished, the first wave of the emperor's robbery on the top of the head had already slammed down. Although it fell to the top of Ye Xuan's head, there was no leak, and all were inhaled by Lei Di. "

Oh..." This

Once I had enough to eat, the emperor's voice was heard again.

At this time, the top of the sky, the second card bang loudly came, a thicker than before, reached the giant purple lightning of the hundred feet, and instantly rushed.

In the face of this wave of robbery, but Ye Xuan still has no movements, carrying his hands, let Lei Diyin hanging over the top of the head will absorb the second lightning.

Almost at the next moment, a more cheerful and screaming voice came from inside the emperor's seal, revealing a half-step scent of the emperor. This

Once, although the Emperor Yinlei Ling did not directly break through the big realm, it was almost the same, and only after a period of digestion, it will be able to break through!

"Card!"

After a wave of hijacking, the power was even more horrible. Although it was the same as the color of purple gold, the diameter has skyrocketed by more than ten times, and people feel like they are going to destroy the earth. Correct

Therefore, Ye Xuan still has no fear. After licking his mouth, he waved his hand into the body, and then his body shape shook, and he rushed to the top of the horrible robbery cloud that shrouded the endless sky...

"Hey..."

Under the turbulent turmoil, the sound of shouting came from the violent mouth! Do not

Avoiding the flash, the figure is rushing out in the screaming, rushing out, blinking into the electricity, the whole ground is completely submerged. "

Rumble..." This

The scene was too amazing, and the whole piece of the vast purple gold robbery cloud, the horrible roar of the horror continued. number

Tens of miles of sinuous emptiness, all of which were enveloped by the blasted Zijin Leihai, the Xinghe was trembled, as if it could collapse at any time.

This wave of robbery, raging dozens of breaths, the vast Leihai covered by the top of the head, finally completely disappeared, tens of millions of miles of emptiness, this is one of the clear! "

call out! "

The faint sound of breaking through the air, the next moment, Ye Xuan stepped out from the sky in the sky, there is no film on the body, but there is no scar on the treasure, shining, exudes an endless sigh of sorrow, Wei Lin all directions...

"Is it finally broken? Congratulations... ah?"

It was also at this time that the old pig in the distance had rushed over and screamed through the old distance. However, when he saw Ye Xuan, the human form at the moment, even if he stunned: "The violent brother, you ... is actually a human race?"

Chapter 4453: The ninth change of konjac

"Yes, this star is a human being...how, is there a problem?"

A wave of hands, Ye Xuan appeared in a purple gold robe, the evolution of the stars above, life and disillusionment, exudes an endless sigh of sacredness, this moment, even if it is only quietly standing in the void of the universe, it is invisible A temperament dominated by the Lord. "

by! You guys will be better than..."

Seeing this scene, I look down on my own black-skinned pig's head. It is very insignificant. The old pig has been said to have suffered 10,000 points of damage. He has turned his eyes blankly: "The same is the universe." Mao, you look so good, the atmosphere is extraordinary, the old pig, I am..."

Ye Xuanqiang smiled at the heart, shook his head in a serious manner and sighed: "No way, this is the difference between man and pig..."

"Hey..." old

The pig's essence is straight and his feet are out of a sorrowful anger, but he dare not rush to come and Ye Xuan theory. because

For him to know, don't look at Ye Xuan now, like him, is the first-order cultivation of the universe, but the magical blood of the people did not show it.

Once it is displayed, it will become a starry and horrible starry sky, and its cultivation will also rise to a big realm.

Here, the old pig was shocked and shouted: "You, brother, you are now the cosmic lord, isn't that if you motivate the blood of the body, you will have the terrorist battle of the Lord of the universe in an instant?" force?"

This time, Ye Xuan is still nodding in the clouds: "It is true, but... the Lord of the Universe, nothing!"

Oh..."Old

The pig sperm has suffered another 10,000 points of damage. It has just broken through to the cosmic sage. It will instantly have the terrorist power of the Lord of the Universe. It straddles a big realm, but it's still awkward to say nothing, this is simply... ! "

Not right..."

After a lot of boring, the old pig suddenly seemed to think of something. He turned to Ye Xuan and read it: "Since you are a human race, how can there be such a \*\*\*\* magical power? In fact, even if it is a starburst Oh, no..."

"Is the \*\*\*\* lion lion heard? The konjac of the star lord has changed its power, and it has been transformed from the mad lion of the \*\*\*\* lion lion. It has evolved and evolved..."

Nodded, Ye Xuan went on to say: "It's just that the mad lion of the \*\*\*\* lion has changed its magical powers. It can only hold a certain amount of time. Once it is injured, it will fall from the state of magical power..."

However, after the singer of the singer received the singer's sacred magical powers, he changed the sacred power through his own ability to push the heavens, so that it is not only suitable for the konjac blood that the star owner occasionally gets, but even Perfect, there is no limit on the time of magical communication... As long as it does not fall, it will remain in a state of supernatural power! "

"There are such good things..."

Listening to this, the old pig's excited eyes are green: "The \*\*\*\* lion is a powerful wilderness. It is said that the original wild war, there was a powerful lion, and the horror of the ancient supreme level ....."

"But the blood of these ethnic groups is fascinating with the lions. It is indeed perfect, as you said..."

"Brother, you can be a enchanting singer. You will change the blood and other geniuses of other species. Not only can you adapt to your own physique and blood, but it is also perfected to make it perfect..."

Hey, since you have this ability, or else... change it again, from the current konjac change, how do you make the magic pig nine? Let's be good, teach you pig brother..."

Said, the old pig fine is the old tricks, the mouth is screaming, and the face of the pig brother came to Ye Xuan came forward, the person stood up, the two fat front shovel, the desire to come Bear hug...

"stop!"

Ye Xuan's face was green, and he quickly stopped. With

After that, I was slightly addicted. Then I said, "This is not entirely impossible. If you look at the Taikoo Porcupine, try it. Just in the future, you will pass it directly to him..."

"However, now that this konjac has changed its mind, the Lord of the Star has only realized the eighth change. If you want to change it again, change it into a change of the magic pig. This must at least fully understand the current konjac. It's possible to see through."

Therefore, you can only wait for this matter. After the star master will turn the konjah into the ninth, you will naturally be able to help you get the magic pig nine times... but let me know first, at most, help you Three changes are derived, and later I will comprehend and deduct! ""

No problem... The first three changes each upgrade the first-order combat power, plus the first-order combat power that activates the magic pig to change the magical power. This is the fourth-order, oh, half-real world, old pig I am content, and later I will do it later! "One

Seeing Ye Xuan promised, the old pig jumped up excitedly. Say

After the end, the words turned and turned, and the momentum and desire to rush to Ye Xuan:  
"Brother, do you want to start now?"

You have already understood the first eight changes, only the last ninth change is left. Anyway, you have to understand sooner or later. How about starting now? I will give you the old pig..."

"Also, now that you have entered the Supreme Court and activated the eighth change, you will have the cultivation of the main body of the universe in an instant, and the power of the realm of this realm will be combined with..."

Having said that, Ye Xuan immediately made a decision: "Put the last ninth change, at most, it is only half a month..."

When he does it, he will not hesitate at the moment, directly activate the \*\*\*\* magical power of the konjac in the body, and directly cast to the eighth change. "

boom! "

The huge bang sounded, and Ye Xuan's eyes changed into a starry sky with a height of ten feet, and then the body shape soared, and the half interest had reached six million miles.

The temperament that he radiated in his body also reached the first order of the Lord of the universe.

Seeing this scene, the old pig's fine face changed greatly, and he retired, and his eyes were tens of millions of miles away.

Don't look at him as a cosmic lord now, but in the face of the terror of the Lord of the universe, he still dare not face it.

After repairing the strength to the back, often a small step of the gap is judged, not to mention the current gap between Ye Xuan and his cultivation, but also reached a whole realm. and

At this moment, with the expression of the old pig's face and fear and resentment, Ye Xuan also sat down in the void, closed his eyes, cooperated with the body's engulfing system, and changed the blood of the konjac. The ultimate change, launched a full force to promote ... Yu

The powerful \*\*\*\* of the Lord of the Earth is really terrible. If Ye Xuan wanted to push the ninth changed bloodline, it would take at least a year, but now it only takes 13 days. It is over. ten

Three days later, Ye Xuan opened his eyes and flashed a surprise in the depths of Yiyi. This

For a moment, there are countless creaks in his mind, which is the essence of the ninth change of the konjac.

After some enlightenment, all of this was thoroughly understood by Ye Xuan. At this point, the konjac changed from the \*\*\*\* lion's blood and the lion's lion's ninth change, and finally was completely mastered by Ye Xuan!

Chapter 4454: Green land

In the next moment, Ye Xuanyuan flashed over the cold mang, and he did not hesitate. The first time he looked up and screamed: "The konjac nine changes... the ninth change!"

"Hey!"

His words were degraded, and a huge explosion came in an instant. In the blink of an eye, Ye Xuan's body shape skyrocketed and the speed was so fast.

The power in the body is rolling like the big river is roaring, and the limbs are screaming for endless fierceness!

There is also a thunderous and unimaginable horror that rushes out, and the short-term one-tenth is not enough. It has already reached the height of six million liters, with a hectic speed and rapid expansion. Get up again, skyrocketing ten times! meat

Between the eyes, it has reached a billion. and also

It is 60 million miles! and

Moreover, at the same time of the skyrocketing body, the cultivation of the atmosphere in Ye Xuan's body is also rising at the same speed. The half-interest has been the first step of the former universe and reached the present universe. Second order! Yu

The second order of the Lord of the Earth! If

It is the arrogant and powerful blood of the huge body of 60 million miles in the ninth state of Ye Xuan. At this time, the real combat power is equivalent to the third order of the universe.

In the early days of the Lord of the universe, it is absolutely invincible! Will

It is the fourth-order of the Lord of the universe, and it can fight with one side and be unbeaten..."

I am dropping a mother..." This

A scene fell into the eyes of the old pigs that had already retreated to tens of millions of miles, but in an instant they let him exclaim, and violently retreat tens of millions of miles.

Because Ye Xuan used to display the ninth change of the konjac, it was only six million miles in size, and instantly rose tenfold, reaching 60 million miles.

In the process of this skyrocketing, there were two abandoned stars along the way, all of which were directly smashed by the horrible figure of Ye Xuan.

After reaching 60 million miles, Ye Xuan, who was far away from the old pig, was close to each other, but only a few million miles away. This

It is simply dangerous. If

It's nearly a few million miles away from the old pig, which is clearly the rhythm that is directly squeezed by the horrible body shape of Ye Xuan's rapid expansion. If

If that is the case, even if it is not like the two abandoned stars that have just been blasted, it will be turned into a piece of fine cosmic dust, and the horror will be seriously injured on the spot...

After the horror was set, the old pig was quickly stunned back, and his face was full of excitement: "The violent brother, congratulations, finally turned the konjac into a \*\*\*\* mind, completely transparent..."

In half, his nephew slowly got green, licked his mouth and licked his face and answered: "Would you like... Now let's push the squad, help my brother, I will get the magic pig nine 呗? As long as the first three changes are all right, it should not be difficult?"

Ye Xuan glanced at him. Like a meteor, the huge scorpion scared the old pigs and retired, and Ye Xuan quickly closed his eyes and spread the ability of the body's phagocytic system to the extreme. again

Together with the second-order horror of the Lord of the universe he now has, he unfolds and begins to turn into a blueprint with the konjac, and promotes the so-called magic pig nine changes.

Perhaps it is because Ye Xuan's powerful \*\*\*\* of the universe is too horrible. again

In addition, with the ninth change of the konjac, he has fully realized the \*\*\*\* power of the konjac, so even if it is now changing this \*\*\*\* sensation, it will be modified into a magic pig suitable for the starry porcupine. Nine changes, for Ye Xuan, it was also very smooth...

It took only two days to complete, and the basic embryonic form of the magic pig has changed. also

After a day, Ye Xuan pushed out the first change of the magic pig. First

Two changes, it took three days.

Finally, it took another four days, the third change of the magic pig, and smoothly derived...

Before and after, it only took ten days, and the magic pig has changed the first three changes. At this point, Ye Xuan closed his hand and opened his eyes.

The following six changes will take longer and longer. Ye Xuan has no time to do the work. The road has already helped the old pigs to be paved. The follow-up will be completed by himself. very

Fast, see Ye Xuan opened his eyes, the old pigs who had already waited in the distant sky, the eyes of the old pigs brightened, the four hooves rose, and immediately the fart was over, the face was full of bright smiles, the corners of the mouth I'm all around..."

call out! "No

When he uttered his voice, Ye Xuan had already waved his hand and directly shot a glimpse into the eyebrows of the old pig.

Within this mile, it is the general outline of the magical pig, and the essence of the first three changes. "

Oh..."

As the mans shot into the eyebrows, the old pigs suddenly roared excitedly, no longer hesitating, even sitting in the void.

This is clearly the rhythm of understanding and understanding.

Seeing this scene, Ye Xuan's thoughts were freed from the state of the ninth change of the konjac, and returned to the starry sky of the ten-foot high, and the second-order cultivation of the original universe in the body was also reduced. Go to the second order of the sage!

Ye Xuan did not leave, but stayed in the void in the distance to protect the old pigs. Time

After a short period of time, the old pig opened his eyes. "

Hey... the magic pig is nine! "band

Excited, he screamed and screamed, directly activating the \*\*\*\* magical power of the magic pig that had just realized the thoroughness. Are

Between the moments, the huge size of the original giant, the blink of an eye narrowed to ten feet high, turned into a mini black pig. Do not

However, although the size has shrunk, but it was only the first-order cultivation of the sage, but it has risen a step, reaching the second level of the present. This

This is the unique way to activate this kind of blood and magic. At the beginning, no matter how big your body is, it will be reduced to ten feet. This is a kind of preparatory condensing, which will lay a solid foundation for the subsequent nine changes.

"The magic pig has changed nine times... the first change!"

Without continuing, the old pigs screamed directly and continued..."

The magic pig has changed nine times... the second change! ""

The magic pig has changed nine times... the third change! Pick up

Even the three changes, every roar came out, the old pig fine body shape, also immediately skyrocketed ten times, the original ten feet high, first reached the hundred feet, then thousands of feet, and finally stopped around Wanzhang.

Compared with his previous body size, it is really inconspicuous, but in fact, his body is repaired, but it has risen three times in a row. Nowadays, it has reached the fifth level of the universe!

Before, he was still in the first place, and now he has reached the middle of the situation with a blink of an eye. This

The kind of change makes the old pig ecstatic, screaming and screaming, and for a time, the spirit is high, and the arrogance..."

It's so cool to be a violent old man. I haven't been so cool in my life..."

After a lot of tossing, the old pig fine finally stopped, shaking his head and sighing: "The breakthrough of each small step before, I do not know how many years to go, I did not expect that between now, the moment will suddenly rise to the fourth-order repair, This is simply...dreaming!"

When it comes to half, he seems to suddenly think of something, and the steepness of the slamming flash: "So, we should continue to act next, have stayed here for more than a year, the next goal... Forbidden land!"

Chapter 4455: Want to marry a wolf

The barren ban is the same as the previous ban on the ban on the wolf. It is also a primary and strong forbidden land, and the cosmic sages who sit in the forbidden land of the Qing dynasty are also two.

Although a mid-term, a late, extremely powerful, if before, Ye Xuan and the old pig Jing two people together, I am afraid may not be able to guarantee the kill.

But now, with Ye Xuan already having the power of the Lord of the universe ahead of time, this is not a problem.

"But before that, there is still one thing to be solved, that is, the savage wolf in the forbidden city."

After the decision, Ye Xuan turned to the old pig fine: "This sub-blood wolf is only the fifth-order repair of the sage, and now it is just a matter of convenience."

Just finished, the old pig essence on the side has been freed from the third state of the magic pig, but still maintains the state of activating the magic pig nine blood.

Therefore, the size of the body is the same as that of Ye Xuan, but the strength of the two is also the second order of the universe.

The two second-order sages walked in the void, which is absolutely a side, no one dares to provoke the existence.

What's more, now that Ye Xuan has turned the konjac into a ninth change, he has been cultivating a big realm in an instant, and will have the second-order power of the Lord of the universe. Therefore, the two completely have nothing. fear.

Immediately, Ye Xuan gave instructions to the body's phagocytic system, and fully launched the dedication of the twenty-seventh-level Baodan Dandan, and then with the old pig fine, the body shape turned into a mans, to the forbidden , spurt away...

.....

In a year's time, the burgeoning wolf banned the land and restored the calm of the past!

Although the cracked demon tiger sitting in the forbidden land was killed and lost a cosmic sage, the sub-blood wolf was driven by anger and anger after the extreme anger. In this year, it finally broke through to the respect. The sixth order of the situation.

Only one step worse, it is considered to be in the late stage of the sage. Although there is one less cosmic sage, there is a late sage who sits in the town, and barely can guarantee the safety of the ban on the ban.

The only shortcoming is the lack of the Emperor.

Before, the whole savage wolf was immortal, and all were killed by Ye Xuanzhen. Even now, after a year, the \*\*\*\* savage wore a lot of top-level cultivation resources, and after the departure of Ye Xuan, More than a dozen late emperors who have returned to each other.

But nowadays, there is still no one in the forbidden place, but in addition to the sixth-order sub-blood wolf, the following is the strongest of the three, and only the three emperors Only.

At this level, the power of the emperor should be restored to the original scale, and the horror must be at least hundreds of years.

However, for this level of the strong forbidden land, for hundreds of years, really nothing, the \*\*\*\* wolf is not in a hurry, his heart has calmed down, the recovery of the forbidden wolf is as strong as ever. confidence.

The only thing that made his heart uneasy was that the mysterious existence that killed the cracking evil tiger and the immortality of all the emperors in the forbidden city, he did not know the origin and details of the other.

I don't know if the other party will kill it.

For this, his heart is both uneasy and expecting.

Because of his judgment, the starry sky is violent, and absolutely only the initial cultivation of the Supreme is strength. If it is really killed, even though the burgeoning wolf will experience some turmoil, it can not only be for the sub-blood wolf. Help the cracked empty tiger to report great enmity, and even vent their hearts and hate.

Unfortunately, the other side's whereabouts are unknown, and then look forward to it, it is just a helpless thing...

"call out!"

"call out!"

Two faint sounds of emptiness sounded, and then, two awnings, rushed into the forbidden place of the greedy wolf from a space of the universe outside the forbidden land at an impressive speed.

After the stagnation of the central area of the banned wolf, there were two figures, one for the black-skinned beast, one for the starry sky, and the body shape was ten feet high, while the body was filled with the breath, then All are the second order of the universe!

These two lasings came into the shadow of the forbidden wolf, which is Ye Xuan and the old pig.

At this time, with the arrival of the two of them, because the body's repaired breath did not deliberately conceal, it was an instant that alerted the entire banned wolf.

In this moment, within the thousands of fierce beasts, countless savage beasts of the forbidden land, all of them rushed out of the atmosphere of their respective stars, gathered in the void, and looked at Ye Xuan and the old pig.

Although they have strengths and weaknesses, they are all in the face of Ye Xuan and the old pigs.

The reason why it is so emboldened is obviously because the blood-streaked greed is the strongest person in the forbidden area. Now it is within the forbidden land, giving these infinite faith to the forbidden beasts...

"Hey..."

Almost in the next moment, in the faraway a huge beastly star, there was a fierce and fierce voice, and there was a faint excitement and excitement between the faint anger and the anger of the sky.

Then, it was a voice of the gods, and it was the voice of the \*\*\*\* savage wolf: "Impatient, I didn't expect you to dare to come back... Hey, only the second-order repair of the sage Is it strength?"

"So, if you invite a helper, what can you do?"

"The deity has broken through not long ago, but now it is the sixth-order sage..."

"Even if it was only the fifth-order cultivation of the previous strength, and at the same time force your two second-order sages, the same ability to protect and kill, let alone now?"

"You... no chance!"

"Hey..."

With the sound of the gods, the giant star in the distance, once again came a screaming sound of long scorpion, a giant \*\*\*\* savage wolf, rushed out from the stars, body Like a meteor with a fast glancing, the atmosphere of the entire star is disturbed.

"The sixth order? It is a bit of a meaning. This is the peak of the Middle Ages. It is only one step away from the end of the Supreme Court..."

Standing in the void, Ye Xuan nodded, and looked up and down the \*\*\*\* savage wolf, and finally he grinned: "So it seems, this time the harvest of this blood The quality will be extremely extraordinary. Although it is still far from the best, it is not too much..."

"Roar!"

"Impatient, are you looking for death? All this time, actually dare to provoke the deity?"

Although I don't know what Ye Xuankou said in the blood of the Sacred, but the blood of the Asian blood wolf knows that it must not be a good thing, mostly related to himself.

He was immediately furious, and once again raised a roar, and then his body shape, the claws rushed to Ye Xuan!

"Roar!"

"Little wolf scorpion, want to take a shot on the pig's violent brother, have you asked my old pig about my opinion?"

At this time, the old pig in the sky was screaming, and even when it rushed out, he roared and looked up: "The magic pig is nine times... the third change!"

Chapter 4456: Going to Qinglan

"The magic pig has changed nine times... the third change!"

Directly entered the third change of the magic pig nine changes, the old pig fine body shape, also immediately skyrocketed, from the original ten feet high, blinked to the end of the Wanzhang only stopped.

Compared with the huge body shape of the \*\*\*\* savage wolf in front, it is really inconspicuous, but in fact, the repair of the old pig's body is breathtaking, but it has risen three times in a row, but now it has reached The fifth dimension of the universe!

Before, he was still in the first place, and now he has reached the middle of the situation with a blink of an eye.

This kind of change makes the old pigs feel good and angry, and it is so arrogant... Although it is weaker than the sixth-order sage, the sub-blood wolf is weaker, but the key feeling of this ratio makes him extremely incomparable.

In fact, the blood-stained wolf that was spurting in front of it was indeed scared by this scene.

His figure came to an abrupt end, and he immediately stopped in the forbidden land of nearly 100 million miles, and his face was full of surprises.

Lost voice exclaimed: "There are nine changes in the magic pig? What is this \*\*\*\* magical power? Never heard of it! Actually, it has directly surged three small steps of repairing, the third change is so... Is it a step up?"

Hearing this discourse, the old pig is more proud, excitedly raised a pair of forefoot, and the person stood up and said: "Little wolf scorpion, now knows awesome? Today old pig and violent Brother, you can't kill you."

"Hey..."

The \*\*\*\* wolf was furious, and once again, a long scream appeared, and the look on his face was instantly inconspicuous.

But the previous flustered meaning gradually calmed down, watching Ye Xuan and the old pig fine, sneer again and again: "What about the fifth order of the Sayādaw? Don't say how long your strength may not last. Up..."

"Even if you can always have it, it is still a little weaker than the deity. Even with the starry sky of a second-order sage, it is definitely not the opponent of the deity..."

"Hey, you shouldn't say that the violent temper will also have this kind of \*\*\*\* magical power? Since it is a magic pig, he is violent, and where is the blood of the magic pig?"

"Yes, this star master does not really change the konjac..."

Hearing this discourse, Ye Xuan almost laughed, but the look on his face was still cold, faintly licking the blood of the Asian blood, and talking about half, the words turned: "But the star master, will be konjac Nine changes!"

"Roar!"

"The konjac changes... the eighth change!"

"boom!"

As his words fell, a huge explosion came in an instant. In the blink of an eye, Ye Xuan's body shape skyrocketed and the speed was so fast.

The power in the body is rolling like the big river is roaring, the limbs are screaming for endless fierceness, and there is a horrible breath that is unimaginable.

In just one tenth of the interest rate, the body shape, which was only ten feet high, swelled at a very high speed and swelled at a rapid speed. When it was visible to the naked eye, it reached a billion.

That is six million miles!

More than a giant star!

In addition, at the same time of the skyrocketing body, the cultivation of the body of Ye Xuan's body is also rising at the same speed. The half-interest has reached the second stage of the previous sage, reaching the current master of the universe. Order!

This is the result of his only transformation of the konjac's blood and magic, and the result of the eighth change. Otherwise, if it is directly applied to the ninth change, now Ye Xuan will immediately possess the second-order terrorist power of the universe!

In fact, just the first step of the current universe, it is enough to easily crush the sub-blood wolf, completely like playing...

"Is there really a konjac change? Actually still... has reached the eighth change?"

"puff....."

Seeing this scene, the blood-stained wolf instantly widened his eyes, and the shocked color of his face was almost spurted on the spot.

After a short while, he only raised his voice of sorrow and anger: "Cheating! This is the cheating of the red fruit! Why do you have a magical pig, a konjac change, a single It's the deity... won't the devil wolf change?"

This is really speechless.

Even Ye Xuan and the old pig Jing did not expect that he would suddenly ask such a sentence when he was cold, and he would squat on the spot.

At the same time as the two suddenly stunned, and after a long sigh of anger and anger, the \*\*\*\* savage wolf in front of the billion miles, but at this moment, suddenly turned around, actually hesitated halfway, directly to the distance The void is gone.

Although he was shocked and sorrowful, he was still very clear about the situation at hand.

The old pig is fine, and at most he is reluctant to deal with him, but Ye Xuan can be different. Now he has the terrorist power of the Lord of the Universe, even if it is just a punch, the blood of the blood can not afford.

I am even more sorrowful and have no important life.

Realizing this, at the moment, he turned around and wanted to go straight to the point where Ye Xuan and the old pig were caught off guard.

It is a pity that this is just his wishful thinking. In the face of a cosmic master, only about a hundred million miles away from the starry sky, if you want to escape, it is too late...

"You are clever, but unfortunately... Strength is doomed, today's death is doomed to no solution!"

The violent starry sky of the starry sky flashed through a touch of fine mans, and the body of the speech swayed, directly across the gap of more than 100 million miles of space, and stopped in front of the hurried escape of the \*\*\*\* wolf.

"boom!"

In the next moment, the starry sky violently slammed a punch, and there was a huge roaring sound in the void. The \*\*\*\* greedy wolf sighed in front of him, and its huge body began to blast from the back.

In the face of the starry and violent full blow of the main force of the universe, this sub-blood wolf has a sixth-order sacred cult, but it is still like an ant, and there is no chance of any reaction.

In the blink of an eye, the huge body of a huge tens of thousands of people, when it was violently punched down, it was completely blown up for a \*\*\*\* fog, and it spread.

"call out!"

Without hesitation, Ye Xuan waved at the first time, and the sharp sound of the air broke through.

With his wave, a incomparable invisible temperament, which spreads from the violent body, has shrouded thousands of miles of void.

The red blood fog that just spread out swept through, and when it was in the body, it was immediately sent to Shennong Ding, and it was thrown into the flame pool at the bottom of the volcano in the central area of Dingnai Space.

"call out!"

After doing all this, Ye Xuan's figure was swaying, and the huge size of six million miles was reduced to ten feet in an instant, turning into a mans, directly rushing into the sub-blood wolf. The giant beast is inside the stars.

After all, this guy is a sixth-order sage, and there are still many good things in the nest.

The last time Ye Xuan has been collected again, but the real good thing he can not stay in the nest in the case of going out, this time it is not running!

After a short period of time, Ye Xuan rushed out of this giant star, together with the old pig fine, directly left the greedy wolf forbidden land, went to the green bar to ban the land...

Chapter 4457: Dislocated old pig essence

Shortly after leaving the burgeoning wolf, Ye Xuan was sent to the body of the volcanic bottom of the central volcano in the inner space of the Shennong Ding in the body after the war, and it has successfully condensed into a blood of the sage.

And the quality is still quite good, although it has not yet reached the best of the world, but the difference is not too far.

As a result, in the hands of Ye Xuan, there are four bloodstains in the eyes.

The blood of these four nobles are from the blood-stained wolf, the slashing tiger, the black-skinned stalker, and the \*\*\*\* ash-gray with the seventh-order sage!

Among them, the blood of the sages of the blood of the blood of the sub-blood and the spleen of the blood, and the quality of the blood of the sages of the sages have reached the top grade.

Undoubtedly, Ye Xuan only needs to make up another blood of the Sacred, and he can immediately start the refining of the twenty-sixth-level Baodan.

And, because of the existence of the blood of the two \*\*\*\* sorcerers, such as the blood-stained wolf and the blood-clear gray-gray, this time, Ye Xuan even only uses five blood vessels to carry out refining, and twenty-six will be released at that time. Level Baodan, I am afraid there will be more than one.

There are about 60% chances, and two can be released!

But just two, Ye Xuan is unlikely to be satisfied.

Although at the moment, the cause of his and his allies and his beggars is only that he and the old pigs have reached the universe. In the short-term, the twenty-sixth-level Baodan, which is at most two. Just one.

However, after all, the cosmic sages are too difficult to hunt, and the number is too small. Ye Xuan either does not refine the twenty-six-level Baodan. Once refining, he must pursue the maximization of interests.

In this way, you can only let the blood of the Sayādaw in your hands accumulate the most, and then carry out the refining.

Only in this way can we guarantee the twenty-six-level Baodan that has been released, and the number will be maximized...

In fact, this matter is not only what he is thinking about, but also the same.

This old goods was only the repair of the emperor's territory, but since the encounter with Ye Xuan, in a short period of time, it has been the sixth stage of the emperor's immortality, reaching the first-order horror cultivation of the universe.

This point, if it is placed in the past, it will take at least a thousand years of age, and even if it is a breakthrough from the ninth order of the emperor's immortality to the first step of the universe, it still depends on the chance.

If the chance is not enough, it will be possible to stay in the semi-steps forever.

For all this, the old pig carefully clears the door, because of this, now he, Ye Xuan has long been stunned, although still known as the younger brother, but in the subconscious, the only Ye Xuan Ma is the leader!

However, since this time I tasted the sweetness of the 25th-level lord Baodan, the old pig Jing felt that he had embarked on a road of no return without knowing it.

This is not, now he is only the first-order cultivation of the universe, and his mind is turning around and lingering, they are all used to break through the twenty-sixth-level Baodan in the realm of the universe.

This is also normal, when it is normal, how difficult is it to break through the big realm?

But now a Baodan can make a smooth breakthrough, and it is still within a few days... This kind of thing, once tasted once, basically can not be quit.

Now, if you want the old pig to be fine after the 9th order of the Sayādaw, and then wait for a chance to break through the big realm with a normal heart, then it is harder than killing him directly.

"The violent brother, you have four bloodstains in your hands now?"

The two of them were on the fast track, and the old pigs on the side were somewhat restless. After all, they still couldn't hold back. They turned to Ye Xuan to take the initiative to talk: "Refining two twenty-six-level Baodan, you need ten bloodstains." , does this mean that... as long as we hunted five cosmic sages, I will get a twenty-six-level Baodan from the old pig?"

"You have just broken through, and the first step is to be a master of strength. It is more urgent than the owner of the star..."

Ye Xuan was speechless, and glanced at him with a white eye, and then he said: "Even if you give you a twenty-six-level Dan, you will not be able to use the ninth-order grand perfection."

"Get your hands early, isn't it true?"

Listening to Ye Xuan's tone, it seems that there is no refusal. The old pig is so excited that he immediately smirked and said: "Let's say, now, look at the younger brother, you will have the eighth and the ninth change. The terror power of the Lord of the universe, the old pig I... it's really a blind eye!"

"The more the blood of the magic pig is changed, the harder it is. The more difficult it is to push forward the next six changes in a short period of time, obviously it is unlikely...so, the old pig I only have to make an idea in my own cultivation. !"

At the end of the day, the old pigs were smashed in the cold, and the heels were picked up. "Reassured, isn't there already four? Is it just six? The top three runs at the beginning." Forbidden land, this thing...just fine!"

"Don't say anything else, there are two bloodstains in the forbidden land in front of us, waiting for us..."

"Roar!"

A roar, the old pig sperm is like a shot of chicken blood, the shape of a glimpse, the speed suddenly rose by 30%, turned into a stream of glory, rushing toward the front.

This old thing, for the twenty-sixth-level Baodan, is clearly the rhythm of dislocation...

The Qing ban is the same as the previous ban on the ban on the wolf. It is also a primary and strong forbidden place. The cosmic sages who sit in this forbidden place are also two.

One mid-term, one late, extremely powerful!

If it was before, Ye Xuan and the old pig Jing joined forces, I am afraid that may not be able to guarantee the kill.

But now, let's not say Ye Xuan, even in the third state of the magic pig, the old pig essence that already has the fifth-order power of the Sayādaw is already in a hurry.

In fact, the barren ban is not close to the ban on the greedy wolf, and it is hundreds of billions away.

However, Ye Xuan and the old pigs did not stop for a moment, with the second-order horror of the Sayādaw, and the speed of the saga, and the speed of the vast stagnation of the entire Milky Way galaxy and the edge of the Supreme Star. Row.

After nearly a month, the green bar was banned and finally arrived!

It is no wonder that the name of this elementary tough forbidden land is called Qinglan. From the far-reaching view of Hongmeng, this piece of starry ground is affected by some glowing stars in the vicinity of the Milky Way, and the surface is like a layer of faint Green mans general.

Under the background of the completely dark Hong Kong void, it is extremely eye-catching.

Beyond the green bar, it may be because of this!

The reason why the old pig sperm will be the next target for hunting is to choose a place in this place. There is actually a reason for it. Everything is for security!

The deep area of this green forbidden land, although it is also next to the mysterious Milky Way star field, but a strong forbidden land and a strong star field adjacent to the left and right sides are far apart, at least 10 billion The distance in.

In this way, even if a war broke out in this green forbidden land, the left and right sides of the forbidden land and the cosmic sages or the masters of the universe in the star field, as long as they are not specifically concerned and explored, it is impossible to detect them for the first time. The change in the forbidden land of Qinglan...

Chapter 4458: Killing the \*\*\*\* dog

"call out!"

"call out!"

The faint sound of breaking the air rang out, and two volleys rushed into the green bar.

The comers are Ye Xuan and the old pig essence under the violent starry sky. Both of them have activated the blood and magical powers in the body. The body shape is at ten feet high, and the body is filled with the breath of the atmosphere. Second order, there is no half-point concealment.

The two cosmic sages came together, and the meaning of the sigh of relief was not even, and even the faint meaning was revealed. This was obviously a bad person. In an instant, the forbidden beasts in the forbidden land were stunned.

Within the birth of a fierce beast, countless forbidden beasts rushed out of the atmosphere, suspended in the void, and looked at it.

Even if they are even repaired, they are not ordinary immortal, only the existence of the universe, but they are all without fear.

Because the two cosmic sages who came from the invasion at the moment are strong, but among the two sages who are seated in the banned land, even the weaker one has the fourth-order cultivation of the sage. Suppressed easily.

"Irritable, porcupine, you... what is your intention?"

"Here is the forbidden land, not your site, speeding away, otherwise... killing innocent!"

Soon, within the two giant beasts in the distance, two low-pitched voices were heard.

These two giant stars are all located in the deepest part of the Qing dynasty forbidden land, one left and one right, apparently the nest of the two sacred beasts sitting here.

As the two low-pitched rumors came out, two giant stars rushed out of the two mans, and the universe in the tens of billions of miles ahead stopped.

The powerful sages of the sages are suddenly spread, powerful and incomparable...

Standing on the left side of the sky is a Hell's double-headed dog. The body is full of temperament, and the body's self-cultivation is breathtaking. It has reached the fourth stage of the sage, and has just entered the middle of this period.

On the right side of the sky, it is a green scorpion, but there are some variegated feathers on the body, indicating that his blood is not pure, not a pure breed of cockroach.

The cultivation of this miscellaneous green scorpion is not weak, and it has reached the eighth order of the sacred person. It is the later stage of this period, which is stronger than the \*\*\*\* and gray ash that Ye Xuan had previously encountered.

"It's gonna be out of you... I don't know how to live!"

"The magic pig has changed nine times... the third change!"

In the face of the extremely rude words of the two sacred beasts, the old pig essence almost did not hesitate, and immediately screamed and entered the third change of the magic pig.

Its body shape suddenly skyrocketed, from the original ten feet high, blinking to the end of Wanzhang.

The size of the body is comparable to that of the two cosmic sages in front. It is really inconspicuous, but the old pig's body is retouched, but it has soared three small steps. Has reached the fifth level of the universe!

In the first moment, he was still in the first place. Now, with a blink of an eye, it has reached the middle of the scene. This scene is like a dream. The countless forbidden beasts in the emptiness around the sky are stupid on the spot...

But the real shock is still behind, and it is coming soon.

"Roar!"

"The konjac changes... the eighth change!"

"boom!"

The roar of the old pigs just fell, and Ye Xuan's roar came out of the starry sky. As his words began to sound, a huge explosion came.

The situation of the starry sky is soaring, and the speed is so fast.

At this moment, the power in the violent body is rolling like the big river is roaring, and the limbs are screaming for endless fierceness.

Invisible, it is a horrible atmosphere that is unimaginable.

Half-interest, the temperament is only a body that is only ten feet high, and it expands at a speed that is horrible...

At a speed visible to the naked eye, it has reached a billion-thousand-thousand-thousandth, that is, six million miles... more than a giant star!

At the same time of the skyrocketing body, the temperament of the violent body is also cultivated, and at the same time it climbs up. It is the second order of the former sage, reaching the first order of the present universe...

All this happened too fast, and with a dazzling effort, the two second-order sages who crossed the border changed into a fifth-order sage, and a more terrifying cosmic master...

This is simply a nightmare. The entire vast expanse of green land is forbidden. In an instant, it is full of dead silence. All the beasts and forbidden beasts are all crouching in the void and shivering.

Looking into the distance, and still standing still, it is only the two cosmic sages of the scorpion and the two-headed Hells, which are billions of miles away from the front, and the eight seals that surround the distance. The emperor is immortal...

In fact, although the eight emperors are immortal, although they are far away, they have not been crouched in the void, but they have obviously been frightened, and the whole body is slightly shivering.

In the face of a cosmic master, the so-called powerful immortality of the emperor became a joke in an instant...

As for the two-headed \*\*\*\* dog and the miscellaneous scorpion, after a short period of shackles, they soon changed their face, and they lost their voices and exclaimed...

"The Lord of the Universe? This is impossible..."

"In the middle of the middle of the strong forbidden land, I have never heard of a starry sky, even on the other side of the distant Milky Way!"

"This is not your true cultivation, you... just a kind of talented supernatural power that has been promoted for a moment!"

"Only by this, would you like to be in the middle of my forbidden land?"

After the last sentence, the temperament of the infernal double-headed puppies, immediately raised a roar of hair: "So, the deity must look at the repair of the Lord of the universe that you have come out of the air, how many pounds two How long can it last..."

"Although you have been guessed, but ... even if it is repaired out of thin air, killing you is enough!"

"boom!"

As the sound of the ignorant gods came out, the next moment, the starry sky rushed out of the shoulders, and the blink of an eye reached the side of the two-headed \*\*\*\* dog, suddenly bursting a punch!

In the void, a huge roaring sound came, and the head of the \*\*\*\* dog sighed in the distance, and its huge body exploded, and it was like the master of the universe, facing the master of the universe. In general, ants are not given any chance of reaction, and they have been hit by a punch.

In an instant, the huge body of its huge body was completely blown up for a \*\*\*\* fog, and it spread.

"call out!"

With a punch back, the violent wave waved in the first time, and the sharp sound of the air broke through. A incomparable invisible temperament, rolled out from the violent body, enveloped a million miles and will just spread. And the red blood fog that opened, all swept through...

After being in the body, I will immediately send it to Shennong Ding and start blood purification!

After doing all this, Ye Xuan's heart suddenly disappeared.

In his hand, there are already four bloodstains of the Supreme Master. Together with the one that has been annihilated by the two-headed Hellhound, the five bloodstains that are required for the refining of the twenty-sixth-level Baodan are finally available. ....

Chapter 4459: Replacement

"Hey..."

In a blink of an eye, the Hell's double-headed dog was murdered, and the whole body exploded. It turned into a \*\*\*\* fog and was taken away by the starry sky.

This scene fell into the eyes of the mischievous scorpion, and instantly made him witness the crack, but also had a strong sense of crisis, hit the heart.

After screaming and screaming, the head of the Eighth-order Supreme Court did not hesitate, and once he was swaying, he turned around and fled.

Previously, his head, like the Hell's double-headed dog, who had been slain, thought that the power of the master of the universe, acquired by some kind of \*\*\*\* temper, must not last forever, and it is very likely that it would be invisible.

There is only a tempered Hell's double-headed dog, and there is no need for him to test it. Otherwise, the mischievous scorpion has already been shot.

But now, as the Hell's double-headed dog was hit and killed, the mischievous scorpion finally realized the seriousness of the problem. The strength of the master of the universe owned by the other party is not only inconsequential, but also extremely It may not disappear in a short time.

If this is not the case, this starry sky is so violent, there is no hesitation, and the \*\*\*\* double-headed dog is directly killed by a punch...

In the face of a real-world cosmic master, even the cult of his eighth-order cult is not enough to see, and there is almost no difference between them and the ants.

At most, it is a ants who can only escape and have some chances of success.

The mischievous scorpion knows that the situation is in jeopardy, and the vitality is fleeting. At this moment, the whistling whistle has turned away, and the strength of the body has already been promoted to the extreme. It is just a struggle to flap the wings, and its shape has reached hundreds of millions of miles away. ....

A hundred million miles of fluttering wings, this is absolutely terrifying, and some abandoned stars along the way have been shocked into pieces of stars by the invisible impact power generated by this speed.

In such a scene, the old pig was looked at with silly eyes. Although he now has the combat power of the fifth-order sage, it is only three small steps away from this miscellaneous.

However, at the high level of the Supreme Court, even if the repair of a small order is a gap, the final effect is extremely amazing, not to mention the difference between the three small steps.

What's more, he is not a savage bird, and he is not good at speed. I am afraid that it is the strength of the eight-level sacred person who has reached the same level as the singularity of the singularity, and there is no way to go far for a hundred miles.

However, this is only for the old pigs, but for Ye Xuan, it is not the case at all.

Under the support of the powerful power of the first-order of the universe, Ye Xuan, now the power of control over the void teleport, has reached a heinous degree.

"call out!"

Only one mindfulness, his body shape has appeared in front of the road of this miscellaneous hairy green, and the distance of the teleport is just the same as the distance between the shredded wings and the time spent in it. It is completely negligible.

"You...deceive too much!"

The hairy green scorpion gas knot, the body shape that originally went away, suddenly stopped in the void, and then, after the sound of his gods was degraded, the miscellaneous green scorpion was immediately turned and rushed to another direction.

"boom!"

Almost at the same moment, the starry sky violently rushed out of the shoulder, and the blink of an eye had already reached the side of the two-headed \*\*\*\* dog, suddenly bursting a punch!

In the void, a huge roaring sound came, and the raging sorrow of the sorrowful sorrow, the huge body of the body blew open, and there was no chance of any reaction, and it was already blown.

In an instant, the huge body of its huge body was completely blown up for a \*\*\*\* fog, and it spread.

"call out!"

With a punch back, the temperament habitually will bring the blood of the canopy to the body, but he quickly discovered that it is wrong, because there is a figure in the sky in the distance, and it is rushing. Hey.

It's the kind of green hair that should have been blown up by Ye Xuan...

It was also at this time that the \*\*\*\* fog that was spreading in front of him was half-baked and disappeared completely, as if they had never appeared before.

"Ok?"

This scene made Ye Xuan feel surprised, and fixed his eyes, and soon found an abnormality.

At this moment, the two flapping wings have already escaped to more than 200 million miles of miscellaneous green crickets, and the feathers on their foreheads have clearly lost one!

This is absolutely true, with the powerful knowledge of the Lord of the Ye Xuan universe, the resolution is clear.

"Is there a hodgepodge? There is still the effect and power of illusion..."

His mind was born with a clear understanding. There is no doubt that the reason why the punch was just like this is related to the miscellaneous hair on the top of the head.

For him, he actually died once in a while, but his deity has not been damaged. The missing feathers on his head help him stop it!

Moreover, after Ye Xuan slammed out, it was clear that the body of the squid was bursting open, and the bombing was opened as a result of the spread of blood.

At the same time, this kind of hairy feathers helped him to block the next robbery, and even produced some kind of illusion, which affected Ye Xuan, and fought for two moments of escape for the miscellaneous.

Nowadays, after two times of flapping his wings, his body shape has already reached 200 million miles, but the distance between himself and Ye Xuan has been stretched twice.

This situation, for Ye Xuan, has never been encountered before, this time suddenly found abnormal, but it has aroused his interest.

"It's a bit of a point, but... if it's just that, today, you will still be able to escape!"

The voice of the gods came out, and Ye Xuan did not hesitate again. He moved the body shape again and moved directly away.

This time, it was still short to almost negligible time, and the huge figure of 6 million miles in the starry sky disappeared instantly in the same place. When it appeared again, it was stopped in the miscellaneous green. Go ahead in the road.

Two hundred million miles, for the starry sky with the first-order strength of the universe, it is still within a distance that can be easily reached by a teleport.

"Hey..."

Seeing this scene, there was a desperate flash in the green hair, and the head screamed, and the sound revealed a deep unwillingness: "Impatient, you don't force the deity, you can't do it together..."

"The Lord of the universe is strong enough, but the deity is also an eighth-order lord. The gap between you and the lord is big. If you arrogate in spite of everything, even if you can't pull your back, it will at least make you a little... .."

"Let me go..."

"You think too much, that is absolutely impossible. How can the Lord of the Stars put any blood of the eighth-order sage, so slip away from the fingers?"

The violent shaking of the head, the voice of the gods again came out, although gentle and soft, but it revealed a firm and unquestionable meaning.

At the same time, without waiting for the sound of this \*\*\*\* to be degraded, the huge starry sky of six million miles, has lifted the right arm again, with a sneer sneer in the corner of his mouth, a punch, The weeds in front are slamming...

Chapter 4460: burn one's boats

"Irritable, this is what you force the deity..."

Since I refuse to let go, the deity is a dead man, and definitely not let you be better..."

Oh..."

Seeing violent refusal directly, and still sneer sneer at the corner of his mouth, when even a punch banged to himself, the miscellaneous scorpion was completely desperate, and the scorpion shot a crazy \*\*\*\* mang, after screaming, Its huge body shape of Panda's tens of millions of people exploded in an instant!

"boom!"

Rumble..."

A shocking sound of the sound of the explosion came out, followed by a chain reaction, the sound of thunder in the void. complete

It was actually a late sage in the eighth-order world. It was too strong to cultivate. At this moment, under the wrath of the wrath, it was desperate to spurt itself. The moment of its flesh exploded, it showed the power of destruction. It was simply amazing. Awkward. on

Lian Yexuan, at this moment, felt the fierce hurricane blowing in the face, the body has a feeling, like standing in front of the violent hurricane, facing the hunting wind, the skin has a little tingling. miscellaneous

Mao Qingying's words are not intimidating, nor vain. As a late sage in the eighth-order world, if he is arrogant and arrogant, he cannot pose a greater threat to Ye Xuan, who has the first-order strength of the universe. Slightly small, but still enough to do.

In fact, Ye Xuan now has this feeling, and the skin feels stinging. but

It is also limited to this.

He did not pay attention to it, but he waved at the first time..."

call out! "With

With a violent wave, the sharp sound of the air broke through, and a very invisible invisible temperament, rolled out from the violent body, shrouded a million miles, and the virtual air was just blew. Produced, the red blood fog that is spreading at the moment is spreading swiftly...

At the moment, Ye Xuan's heart is actually guarded, worried that like the last time, it's a trick of miscellaneous hair. After all, he can have more than one hairy feather on his head, in case every root has its own death and attracts The power of illusion, then the scene in front of it, is very likely to be fake.

But soon, Ye Xuan hung back in the eyes of the blind man.

Because this time, the \*\*\*\* fog that spread out of the canopy in front of the eye, not like the last time, was invisible by Ye Xuan's invisible anger, and it instantly disappeared into a bubble...

Once, all the blood fog was rolled back by Ye Xuan, and I was born in the first time... I feel really real.  
Look

It's really desperate to come to the head and to give up the struggle.

This thought was crossed in the brain, and Ye Xuan suddenly breathed a sigh of relief. This miscellaneous hair is really difficult to deal with. It has both a hodgepodge and a phantom. It is a bit tricky...

"Roar!"

"The violent brother, ran...right!"

Just at this time, hundreds of millions of miles away from the distance, the sound of the old pig's arrogant voice, the roaring words, instantly let Ye Xuan a glimpse. This

At one moment, Ye Xuan's heart suddenly became clear, and there was a faint sense of emptiness in the body... The aptitude was swept by him, and the suffocating blood in the body disappeared and disappeared.

This feeling is too strange, even if there is already the previous experience, but Ye Xuan still stunned, and then subconsciously turned to the direction of the old pig, and turned to the right side of the distance. this

At that time, the phantom power that confuses him has apparently disappeared. The right side of the sky in sight is at the end of the sky, and the spurs of the scorpion are escaping at a rapid speed. A few fluttering wings have already reached 670 million miles.

To be sure, now he can no longer be called a miscellaneous hair, perhaps more suitable for bald greens!  
very

Obviously, the so-called self-destruction is just a trick of mischievous, this time, he is also playing tricks, and in order to get more escape time, he even puts the variegated feathers on his head at once. All are consumed. Want

I know that there are dozens of variegated feathers of different colors on his head. When I first walked away, I used one.

Now it seems that these variegated feathers are clearly the same, all have the power to replace the disaster, and the power to trigger the illusion, is definitely the treasure of the blood. Do not

However, it is obvious that he has only one chance. If he misses again, the temper will not continue to be fooled.

Therefore, this time, in order to ensure the effect, he was stunned, and his teeth were all consumed by dozens of hairy feathers on his head.

This is definitely a real ruin, and the heart is really extraordinary. thing

In fact, he is almost successful. Just now, he has escaped to 670 million miles. In fact, if the old pigs in the far back are not in the air, they are not like Ye Xuan. The phantom power of dozens of hairy feathers can be affected. Do not

But I saw the whole process in a clear and unparalleled way, even arrogant at the most critical time, warning the Ye Xuan, and waking up the mind that was still in the illusion of illusion...

What, just give him five or six minutes of time, and the few shuffles between the shredded scorpions can definitely escape to nearly two billion miles. If

If this is the case, maybe he was really escaped by him today...

It is a pity that there is no such thing in reality... Since now Ye Xuan has already sneaked through the tricks of miscellaneous hair, then today, he is destined to die!

"Hey!" micro

The weak sound of the air broke, and Ye Xuan's figure was already 300 million miles away. No

Half hesitate, the second teleport immediately followed, and then the third time...only

It was only a short break, and the imaginary distance of 670 million miles that had been exhausted by the machine had been pulled closer again. At this time, the distance between him and Ye Xuan was only two thousand. More than ten thousand miles.

This distance, for the huge starry sky of the six million-mile body, is only three body distances, completely within the scope of melee. "

Bald old hair, this time you are finished, the star master does not believe, except for the dozens of hairs on the top, the greens on your body have the same power effect..."

"If you don't have it... you can die now!"

"boom!"

With the sound of the ignorant gods coming out, the next moment, the starry sky violently burst into a punch...

The huge roar of the ear screams came, and the sorrowful sorrows of the sorrows were not far away, and the huge body exploded!

In an instant, the huge body of its huge body was completely blown up for a \*\*\*\* fog, and it spread. There is no doubt that this time it is absolutely impossible to have another accident, because the old pig in the distance, I have already raised a very excited and long-haired sorrow: "Hey... violent brother, this is the sixth one?"

It seems that this old guy has been checking Ye Xuan..."

call out! ”

With a punch back, violently waved in an instant, and the sharp sound of the air broke through. A huge invisible invincible spirit shrouded the tens of miles, and the blood and blood that just spread and spread all swept... ...
