Chapter 45: Liu Tongling?

"It's been so long, Qingqing should wait for it."

Ye Xuan is also somewhat eager to go back, but after he returned to the inn room of the small town outside the Lengyun 18 Mountain Range, he did not find Xue Qingqing.

"What situation, it will not go out shopping." Ye Xuan was helpless, ready to go out and look for Xue Qingqing.

However, at this time, the passing Xiaoji suddenly said: "Guest, are you looking for the same girl?"

"Yeah, where did she go?" Ye Xuan nodded.

"This....."

Xiao Er's expression was a bit strange. After hesitating for a while, he said: "A group of people suddenly took her away yesterday afternoon."

what?

After hearing this, Ye Xuan couldn't help but exclaimed and was taken away?

"Who, who caught her?" Ye Xuan eyes a glimpse.

"Small don't know, but I heard that they called the leader to be Liu Tongling." Xiaoji said slowly.

Liu Tongling!

Now, Ye Xuan understands who is the person who took Xue Qingqing.

"I didn't expect him to find it here, but fortunately, I was caught yesterday. I should haven't gone far." Ye Xuan thought, just continue to ask: "Where did they go?"

"This, small, I heard that they entered the Lianyun Eighteen Mountains." Xiaoji replied.

"Lianyun 18 mountain range, it seems that I also want to copy the road back to Wanjincheng." Ye Xuan instantly understood, and then, he directly gave the small two thousand two thousand, as a reward.

"Thank you, the guest officer, thank you, if you want to chase them, you can go to the stable in the north of the town and buy a BMW." Xiao Er is also kindly reminded.

"okay, I get it!"

Ye Xuan nodded, but he was prepared to chase with his feet.

Without further ado, he immediately set off and re-entered the Lianyun Eighteen Mountains. With his current physique, plus a seven-mart martial arts, I am afraid that it will not take a day to catch up.

After entering the Lianyun 18 Mountain Range, Ye Xuan quickly went deep and spent a day directly to the Ninth Mountain Range, where there is a road to leave the Lianyun 18 Mountain Range.

In this shortcut, Ye Xuan also found a large number of horse footprints, and Ye Xuan analyzed it, it should be the footprint formed in recent hours.

"It seems to be catching up."

Ye Xuan looked a condensate and immediately chased it up.

Sure enough, he did not expect it, he chased it in less than an hour, and saw a long line. This long team has eleven people and ten people walk around a girl.

"Catch up!" Ye Xuan flashed, and in the past few days, he was extremely exhausted, but it was finally catching up. This is good news.

Among the team of ten people, there was the last Liu commander, but Liu Tongling did not lead the way in front, but led a middle-aged man.

"It is estimated that it is a commander. I don't know how the strength is." Ye Xuan was hesitant.

Now he has broken through to the seventh peak of the martial arts, and he also has the blood of a hundred beasts. It is definitely more than enough to deal with a Liu Tongling.

However, the strength of the middle-aged man in the first place made him hesitate.

The IQ of the Wicked Beast is not high, so it is easy to deal with, but the Warrior is different. The Warrior can use martial arts, and it is scheming.

"Forget it, take advantage of them while they are still taking a break and shooting their horses first!"

Ye Xuan followed in the forest two hundred meters away, and then suddenly took out the broken cloud bow.

"call out!"

"call out!"

"call out!"

A series of arrows were shot, with a total of twelve arrows.

"Huh!"

Now Ye Xuan can fill the broken cloud bow, can shoot more than 300 meters away from the enemy, with the seven martial arts chaos star arrows, the speed is so fast that people can not respond.

"Puff puff!"

Twelve arrows, nine in the middle, and three arrows were blocked by the middle-aged man who was headed.

"Be careful, someone sneaked!" Liu Tongling shouted.

These guards from Wanjin City are also not vegetarian. They rushed to the horse and steadily landed on the ground.

But when their forefoot was just landing, the wind reappeared.

"what....."

The sixth-largest escorts of these martial arts fell to the ground, and they were all shot by Ye Xuan and could not stand still.

"who is it?"

The Liu Tong leader turned his head and shouted.

Xue Qingqing, who was riding on the horse, turned her head and saw a figure rushing towards her, and after she saw the face of the person, she also showed the color of surprise.

"Ye Xuan!"

Out of excitement, Xue Qingqing couldn't help but exclaimed.

She thought that she couldn't escape this time, but she didn't expect Ye Xuan to catch up. However, she thought of this time to pick him up, but after the eighth martial arts of the main government of Wanjincheng City, the look was bleak. Come down.

Although Ye Xuan is strong, he can only play against Liu Tong. If he is the eighth in the martial arts, I am afraid there is not much chance of winning, let alone take her away with the help of Liu Tongling.

On the side of Liu Tongling, after hearing the name of 'Ye Xuan', he also showed his embarrassed face. He smiled and said: "I still want to find you, but you come to the door yourself. It is Tian help me. This time I have to see, who can save you!"

The last time he admitted that he was careless, and that Lin Xiao was there, so he didn't dare to do anything. But this time, there is a master beside him, and Ye Xuan alone catches up, really looking for death.

"Don't dare to shoot our horse, Liu Tong led, to get this kid back!" The middle-aged man headed on horseback, cold and cold.

"Yes!"

Liu Tong took a respectful nod and then rushed out.

The guards who fell to the ground also stopped screaming and turned their heads. They wanted to see how Liu Tongling helped them revenge.

However, the next scene is to make them very stunned.

Liu Tong's speed was very fast, but when Liu Tongjun rushed to Ye Xuan's side, the latter only had a punch, and he directly flew Liu Tong's collar to a place more than ten meters away.

How can this be?

Liu Tongling, the seventh peak of the martial arts, was shot by a punch, and there was a crisp sound, which was clearly the sound of the hand being interrupted.

"This is impossible. This kid can only fight with Liu Tong before. How can he kill Liu Tongling today?"

"Is it wrong?"

"No, I know him, this is the kid."

"This kid is too enchanting, but there is Yuan enshrined here, he is dead!"

"Yes, dead!"

The middle-aged people who were headed to listen to these discussion sounds, the brows were also wrinkled, and then jumped from the horse back, saying: "Look at Xue girl!"

"Yes!"

Several guards nodded. Although their thighs were injured, it was not a problem to watch Xue Qingqing, the fourth middle of the martial arts.
