Chapter 4511: Seeing the machine is not good

"Card!"

The crispness of the ear came, and the clouds of the sky suddenly surged between the moments. After a short break, a stout purple gold lightning was already down!

With the slamming of this thunder and lightning, the sky shrouded hundreds of miles of black and black clouds, and it disappeared in an instant. universe

The main thunder, although only one, but its power, but powerful to the point of horror, surpassed any previous thunder of Ye Xuan. very

There is no comparability at all, revealing the endless atmosphere of destruction! Correct

Therefore, Ye Xuan still has no fear, and after smashing his mouth, his body swayed, and he rushed to the top of the head and covered the endless emptiness of the horrible robbery cloud...

"Hey..."

At this moment, under the turbulence of the mood, the sound of the shouts came from the mouth of the violent, not avoiding the flash, but the figure was rushed out in the screaming, and went on the face, and the eyes disappeared into the electricity. The whole land was completely submerged. "

Rumble..."eye

The scene before it was so amazing that the whole piece of the vast purple gold robbery cloud, the horrible roar of the horror continued.

The vast expanse of the millions of miles, all of them were shrouded in the purple gold Leihai, and the void was trembled, as if it could collapse at any time.

Although it was just a wave of thunder, it was enough to ravage nearly ten breaths. At this time, the vast Leihai, which was covered by the top of the head, had disappeared completely, and the vastness of the vastness of the billion-mile-long circle was empty. For one clear!

"call out!"

As the entire thunderstorm disappeared, the faint sound of the air broke out quickly.

In the next moment, the violent stepping out of the sky from the heights of the sky, there is no scar on the treasure, shining, exudes endless zebra atmosphere, Weifang!

It was also at this time that a skyrocketing roar came from the universe of the universe beyond nearly one billion miles.

"Roar!"

Violent, surrender your Shennong Ding, the deity... can leave your whole body! ”

This sound of the gods is from the spur of the canopy, and the dark red light group that exudes a strong and supreme atmosphere gives a clear and unparalleled sense of high mountains.

Full of superiority, it is like the gods dominate, overlooking the hustle and bustle!

Ye Xuan turned to look at it and saw that the other side only had the strength of the first level of the universe, and suddenly grinned. The disdain in the discourse did not hide: "Oh, is it? Look at you...have this ability!"

In the mouth of the violent temper, the voice of the gods, which reveals the meaning of endless sorrow, came out. The next moment, the head turned out to be a roar...

"Roar!"

The konjac nine changes... the ninth change! "

As the roar of the roar came out, a huge explosion broke out inside the starry sky.

In the blink of an eye, the size of the original, which was only ten feet high, has skyrocketed in an incomparable time, and the speed is almost horrifying. its

The power in the body is even more like the roar of the river, the inexhaustible fierceness in the limbs, and the invisible, there is a horrible breath that is unimaginable.

Moreover, while the body has skyrocketed, the temperament of the violent body has also rapidly increased.

If you don't get enough interest, you will be promoted to the second stage of the current universe by the first step of the former universe. first

Before, although Ye Xuan activated the blood of the konjac in the body, repaired the first step of the strength and reached the second order of the universe, but deliberately concealed the first-order cultivation. After all, in the throne of the king, the first step The strength of the situation is in line with the situation.

At the moment, as he transforms the blood of the konjac into the ninth, the hidden cultivation of this order will appear in an instant, and together with the ninth change, it will be upgraded. The power of the realm. Now

In the moment, he reached the current peak state and became a second-order universe of the universe! and

Moreover, due to the huge size of the Pontiac 60 million miles, the power of qi and blood is too rich and full, and it has a small order of addition to its own strength.

Therefore, the current Ye Xuan, the real combat power, can already stand shoulder to shoulder with the universe supreme... see

In this scene, the dark red light spurt from the distance suddenly stopped in the void halfway. Within the light group, there was an inexhaustible exclamation, and at the same time, it was said: "What? ?Second-order supreme? Actually, in a flash, it has directly increased the cultivation of a big realm? How is this possible..."

No wonder he will be astonished at this moment. It

Before, the seventh-order lord, who was crouched in the black light group, was asked to move him out of the mountain. When he came to help, he did not disclose the violent as a target. He had a horrible \*\*\*\* fact...

It's just that this temper has a Shennong Ding, and now it's already trapped, but because Baoding's defense power is too strong, the strong Zhou's main power can't be broken, so you need to move a universe supreme. Shot. complete

Actually, as the supreme of the universe, since this matter has been intervened, then this other Shennongding people absolutely do not want to get any more.

The existence of the black light group believes that it is only enough to ask him to take the shot and easily suppress the violent temper. It is enough to have such a wild age to pay for the treasures of the era. to

The mysterious powerful blood of the tyrannical master, he does not mind sharing with this powerful cosmic supreme, but he is worried that after knowing the matter, once he is violent, he will leave immediately. They have a basket of water in the air.

After all, this kind of anti-sky blood, the smaller the scope of diffusion, is naturally more beneficial to itself. he

The masters of the universe are incapable of limiting this matter, but the cosmic supreme can, if the other party really has this mind, maybe it will be so...

It is precisely because of this kind of worry and consideration that the existence of the crouching in the black light group conceals this point, so it caused the cosmic supreme in the dark red light group, and such a scene of utter sorrow occurred. "

what? Actually the second order of supreme? So, this violent real combat power... Is it already comparable to the third-order supreme? "

Just as the first-order supreme figure came to an abrupt end, while the screaming exclamation, the universe of the universe beyond the distance of tens of billions of miles, has been stuck in the distance, and there is no black light inside the group. Again, a voice of exclamation came out.

Although he knows that once he is motivated, he immediately makes himself a horror of blood and power, but he does not know that Ye Xuan can have a small step after activating the violent blood in his body. The cultivation is strength.

Therefore, his previous prediction of the peak of the violent peak is the first step of the universe, the second order. on

In this way, the first-order supreme that he invited is no longer an opponent. What is more, the real power of the people has now become the second order of the universe, the third order? This

It is definitely the rhythm of the cup. brain

The thoughts flashed through the sea, and the black light group did not hesitate. The exclamation sounds still not falling, and the machine is not good.

Chapter 4512: Supreme like a fun dog

"I just want to run this time? Why are you doing it early wherein?"

To this black light group to run, the sound of Ye Xuan's voice is heard in the mouth of the storm...

"Hey!"眸

Under the flash of the cold man, Ye Xuan did not hesitate, and with the weak sound of the air, his body shape was easy to disappear. again

When it appeared, it was already in front of the black light group. It was the way to escape, blocking the death, and then, waiting for the other side to respond, the starry sky was huge and the huge right fist, Has suddenly blasted.

"boom....."

There was a blast in the void, and the earthly lord, who was crouched in the black light group, did not even have a chance to scream. The whole body burst into a \*\*\*\* green smog.

Just spread out, it was rolled up by Ye Xuan, and sent to Shennong Ding in the body to carry out blood purification.

At this point, the blood of the master of the universe he has held has reached twelve!

The ten masters of the universe, including the Lord of the Blood Sea, who had first remembered him in the heart of the universe, except for the one who had ran away before, the remaining nine, have all fallen!

Of course, the one who escaped, Ye Xuan is impossible to let it go. Such as

Today, his strongest strength has reached the level of being able to compete with the third-order universe supreme, directly killing the guy's nest, and can kill it in a flash!

However, this matter is not anxious, because the last post-era in the black light group has fallen, but there is a first-order supreme next to it!

"Hey!"

At the same time that Ye Xuan turned to the dark red light group, there was a sharp and unstoppable sound in that direction. drop

In the scene of the line of sight, it was almost impossible for Ye Xuan to stunned his eyes from the scorpion... The huge dark red light of the diameter of the awning was far and wide. This

It is clearly the rhythm to escape!

Being able to cultivate into the supreme world of the universe is not a fool, nor is it an impulsive generation. At the moment, the cultivation of Ye Xuan has already formed a crushing trend for him, even if his heart is unwilling. ratio

Have you ever had your own life?

"You are simply! However, the supreme, just take a face, a move is no more, just turn around and run away, not too expensive?"

When the other side ran into the head, Ye Xuan swayed, and even when it turned into a mans, it quickly caught up. One

While chasing, while also transmitting the voice of God, Dun Dun is tempted: "This way, the Lord of the Stars will not bully you. My third-order supreme power, a step is the blood of the huge body." Forced..."

"The big star is to shrink the size of the star, do not want this level of blood and blessing power to go to the head office?"

Saying, Ye Xuan's thoughts, the huge horror figure of Pangda's 60 million miles, was instantly reduced to about 10 million miles, and the dark red light group that fled in front of it was almost equal. "

Oh..."Let

What is extremely frustrating is that he has actively reduced his figure on his own side, and has given up the power of the huge flesh and blood to the first step of the cultivation of strength.

Now Ye Xuan, the real combat power has fallen to the second-order supreme and third-order supreme, and closer to the second-order supreme. Of course

However, the dark red light group that fled in front of the speed not only did not stop, but also angered and attacked the heart, faintly screaming a sneezing voice...

At this moment, the cosmic supreme crouching in the dark red light group, the whole heart is collapsed!

Supreme, when was it so degraded? body

The guy who chased after him was too irritating. Even if he gave up his huge flesh and blood force to repair the first-order bonus of strength, he still has a real second-order combat power. according to

The old has strengthened his own first-order, but also said that he is not bullying? again

Said, the level of combat that he gave up, in the war, can not recover at any time? I really want to use this trick to deceive myself, it is shameless...

These thoughts flashed through my mind. The speed of the dark red light group not only did not weaken, but suddenly it increased a little. In the blink of an eye, it has already rushed out of the edge of this intermediate and strong forbidden land.

"call out!"

Almost at the next moment, the starry sky on the edge of the forbidden land once again sounded a sharp and unpredictable sound, and the temperament that shrank down to a million miles rushed out, chasing after it, and the dark red light group fleeing in front of it. Only a distance of more than 200 million miles..."

Hello, the front, do you want to face? Supreme, like a dog that is mourning, is this too expensive? "

Seeing that the other party is unmoved, Ye Xuan is also depressed. He is so easy to enter the supreme world. He can immediately play with a powerful cosmic supreme, but he did not expect to encounter such a bag.

Simply lost! This

I thought, the fire of Ye Xuan's heart suddenly came out. "

call out! "One

In the palm of the hand, among the right hand of the giant clam, there is a \*\*\*\* stick in an instant, which is the \*\*\*\* pesticide that is matched with Shennong Ding! Big

When the black stick came out, the fierceness of the violent body suddenly rose by 30%. This big stick was used too much, and it had already formed a habit. Now, when it is pinched to the hand, it feels like an instant. this

At the time, Ye Xuan's figure was a huge violent temper, and the \*\*\*\* stick pinched in his right hand was 20 million miles long and stubborn. After all, it was an ancient treasure, and still Under the use of Ye Xuan, it has already accumulated a fierce atmosphere in the invisible. At the moment, it is invisible, and it is simply impossible to look at it.

At this moment, the presence of the dark red light group fleeing in front of it suddenly gave birth to a feeling like a mans on his back. heart

Under the faint feeling of the head, he subconsciously looked back and looked at it. It was this eye that instantly made him fly away...

The \*\*\*\* head, exudes a horrible and fierce breath, just like a killing stick, just from the back, slap in the face...

Although there is still a distance of about 200 million miles between him and the violent pursuit of the back, but the \*\*\*\* stick is the ancient treasure, and the strength of Ye Xuan's current cultivation is separated by a distance. I got to him. "

boom! "a few

In the next moment, the sound of the earth-shattering blast sounded, and the \*\*\*\* scorpion slammed on the dark red light group, so that the glare of the awning light group violently swayed a few times.

"Hey!" and

At the same time, within the dark red light group, there was a dull and soft sound again. This is the existence of the crouching inside the light group.

Estimated not too light, most of them have already vomited blood, look at this posture, even if it does not cause serious injuries, minor injuries are absolutely not running!

"Hey..." spit

The sound of blood just fell, a screaming screaming like a wolf has already come out... At this moment, Ye Xuan is extremely skeptical, the existence of the crouching inside the light group, its deity, in fact, is a starry giant wolf!

Otherwise, how can you be so embarrassed?

Chapter 4513: Alarming the half of the Milky Way

Ye Xuan guessed it right, or maybe it was the existence of this black light group, and it was so eloquent that it exposed its own bottom...

Inside the group, it is indeed a wolf beast, and it is still a greedy wolf. Although the blood is still not pure, it is much purer than the one that Ye Xuan once killed. It is estimated to be true and ancient. The greedy wolf, whose blood is pure, is not too far apart.

"Hey..." this

Engraved, with Ye Xuan holding a \*\*\*\* stick and a stick on the black light group, the greedy wolf in the light group looked up and screamed, and the black light group that had shrouded its shape was in a fierce After the shaking, it gradually became unstable, and finally it collapsed.

The black light group collapsed, revealing the appearance of the crouching presence.

This is a pure-blooded wolf with a whole body of blood, without a hairy hair. Perhaps it would be more appropriate to call it a \*\*\*\* greedy wolf. this

At this moment, the state of this \*\*\*\* cowardly wolf is obviously not very good, full of face and anger, and a big bag is bulging on the top of the head. Because of its shape, it has a huge amount of thousands of miles. The big bag that was knocked out by the \*\*\*\* stick has a size that is as big as a meteor.

It looks so shocking! "

Oh..."

I am violent, what exactly do you want? "

At this time, with the body shape revealed, the speed of this \*\*\*\* greedy wolf has not been reduced, and it is still very fast.

While fleeing toward the front of the void, Ye Xuan, who was chasing after him, turned to roar, look and tone, full of grief and indignation: "You and I have no hatred, why do you bite the deity? You ...is simply unreasonable!"

reason? Did you talk to the star master when you first came? "leaf

Xuanyuan Yi, relentlessly ridiculed the \*\*\*\* greedy wolf: "Before I saw that the master of the star is only the first-order person of the universe, you are not very singer? You must jump over, open your mouth is to rob ....."

"Now, if you look at the repair is not as good as the owner of the star, do you know that it makes sense?"

Roar! Sorry, the violent family never makes sense..."

call out....."

After the last sentence, Ye Xuan did not hesitate, and the violent right arm was lifted up, and the shocking \*\*\*\* stick was over the top of his head, and he slammed again.

The sharp and unspeakable sound of the sound of the air, accompanied by the emptiness of the emptiness of the void, like the giant black head of the stars, smashing a ruin, the supreme power of Mo Kefeng, slamming toward the front . "

boom! "shock

The roar of the earth was ringing, and when I saw this stick, I had already tasted the \*\*\*\* greedy wolf, and the speed of running away suddenly became tight. can

Unfortunately, after all, it was still a little bit worse. As his figure jumped forward, this stick didn't reach his head, but he was behind the \*\*\*\* coyote's left stock...

The pain of the heart of the heart came, and the \*\*\*\* greedy wolf once again screamed in the sky, and the left thigh suddenly swollen a big bag, which looked shocking.

"Hey..."

"Impatient, you are too much, this stick almost slammed the deity..."

The head roared, and the \*\*\*\* greedy wolf screamed in the mouth.

Looking back at the sinisterly, Ye Xuan glanced at the body shape that had been rushing forward, but suddenly changed direction, and instead spurred toward the left front oblique thorn. with

At the time, there is also a warning like a general word: "Illness, don't forget that your cultivation is strength, but it is promoted by some secret method. The deity does not believe. This kind of cultivation, you can always Always keep..."

"Even if this is the case, then it is no problem. Here is the emptiness of Hongmeng, the banned land of the Milky Way, the forbidden forbidden land on the banks of the Milky Way and the Supreme Stars. You are only able to repair the universe in the early days. The degree of ruthlessness..."

"Don't come back, the deity can do nothing, and see you again next time, we are still friends..."

If you dare to keep up, it is difficult to protect you from death today, and you will fall on the right bank of the Milky Way..."

"Hey! Not afraid of death, you will come over..."

After the roar of the roar, the \*\*\*\* greedy wolf no longer speaks, while taking care of it, he glances back and forth from time to time, in order to beware of the \*\*\*\* stick that may be rushing down at any time.

On one side, the limit speed is expanded and the front is lasing away.

Now, he has corrected the direction of the move, before he rushed to the far side of the right side of the Milky Way, but now, looking at the direction of his forward, it is clearly going straight to the right bank of the side of the Galaxy Star. , but only slightly to the left... this

At the time, Ye Xuan and this \*\*\*\* greedy wolf are located on the left side of the right bank of the Milky Way in front of it, and there are still thousands of miles of space in the universe.

But after all, the two are all powerful cosmic sages, and now one escapes, one kills, and the body is fully opened, and the speed is pushed to the extreme.

In this case, the imaginary distance of trillions of miles is far, but it is only two or three days, and it can be thrown behind.

Two days later, the front half of the right bank of the right bank of the Galaxy is very close, and it can be reached at least one day. and

During these two days, Ye Xuan and the \*\*\*\* greedy wolf chased and fled, and the huge violent temper behind him was from time to time, he picked up the horrible \*\*\*\* stick and squatted on the \*\*\*\* greedy wolf. One or two notes. Such as

As a result, the movement caused by it is too great. There are occasional beasts in the stars, some scattered star-like beasts squatting in the stars, and all the accident scenes are shocked. Do not

The pipe is the cosmic lord, or the master of the universe, none of them dare to show up. As the saying goes, the gods drive, the little devil suffers, this is the two powerful cosmic sages in the dry frame, with their cultivation, it is really coming out. Head, even just watching a lively. most

In the end, it is very likely to be affected, and it will be directly affected by one of them. It is like venting anger, and it will be eliminated along the way...

After half a day, the distance to the left half of the right bank of the Milky Way was only a few hundred billion miles away. At this time, the violent temptations that followed the road, once again set off the \*\*\*\* stick of the right hand.

Without hesitation, he directly raised his head and squatted on the back of the \*\*\*\* cowardly wolf in front of him..."

Oh..."凄

The fierce screams of fierceness came out. This time, because it was squatting on the back of the head, it was especially painful, and the tragic sound of \*\*\*\* greedy wolves was also particularly fierce. again

Adding to the left half of the right bank of the Milky Way in front of it, there are already only a few hundred billion miles of empty space.

Such a fierce screaming screams, coupled with the utter sorrow of the clear and incomparable cosmic sorrow, is almost a moment of work, and will be the foremost forbidden land in the left half of the right bank of the Milky Way. The Xingqiang star field was all alarmed.

At this moment, the vast banks of the Milky Way are dead and dead...

Chapter 4514: Friends of the road are saving lives.

At this moment, with Ye Xuan and the Scarlet Wolf, one after the other, chasing and fleeing toward the left half of the right bank of the Galaxy, the speed came, and Ye Xuan's last stick was on the back of the head, blood The tragic voice of the greedy wolf is particularly fierce.

This vast and innocent left bank of the right bank of the Milky Way, one size and one strong forbidden land and the Xingqiang star field, immediately fell into a dead silence. tight

Then, after a few breaths, the sound of shock and unbelievable exclamations began to sound..."

what happened? Why is this screaming voice so fierce? And... In the vagueness, there is a clear and powerful pressure on the clear and unparalleled universe! "

"A cosmic supreme, is it being abused? Is it so miserable, what sin is it? It is incredible!"

Listening to the sound is a bit familiar, it seems to be the \*\*\*\* greedy wolf in the blood wolf star field, the first level of the universe is the strength of cultivation, but ... can make him abuse like this, I am afraid that even the first stage of the third-order situation is supreme, also Hard to do? ""

In general, even the Lord of the universe is unlikely to explode this level of war. The Supreme of the Universe is less common, and the conflict has reached this level. What happened? ”

"Listening to this movement, this \*\*\*\* greedy wolf seems to have been chased all the way from a very distant place. This is clearly the rhythm of a dog like a mourning dog. The supreme supremacy is forced to this part, and the shame is lost..."

Go and see! ""

boom! ""

Oh..."

... with

The exclamation of this road sounded, and hundreds of millions of miles away from the left half of the right bank of the right bank of the Milky Way, the size of the forbidden land and the Xingqiang star field, some figures immediately rushed out.

After all, this is the battle of the supreme level of the universe. If you have the courage to come out and look at the excitement, you must at least be the half-step supreme of the nine-order grand perfection of the universe. repair

For the strength below this level, even if you just watch it, it is extremely dangerous. It may be hated by the two universes that are furious. Place

Therefore, the size of the left half of the right bank of the Milky Way is strong and the forbidden land and the strongest star field. Although there are many stars and beasts and ancient people, it is impossible to count, but basically all crouch in their own nest, only quietly The ground secretly pays attention to all this. true

The figure that is rushing out is only a few dozens. It is all half-step supreme and the existence of the first and middle of the supreme. that

The strong existence of these late Supreme needs to retreat and impact the next big realm, so basically ignore this boring thing.

As for the few repairs, the strength has surpassed the cosmic supremacy, reaching the ancient powers of the wild, and even the existence of the ancient supreme level. In the left and right margins of the right bank of the Galaxy, there may not be no.

But for many years, the existence of this level has never been publicly exposed on both sides of the Milky Way. The existence of this level is squatting here. The plot is the glory of the galaxy, everything else, They simply can't attract their interest...

Half of the dozens of figures shot from the universe are the half-step supreme of the nine-order grand perfection of the universe. They don't dare to rush out of their own forcible forbidden or supreme star, at their fringe. It has stopped, with a suspicion, to extend the knowledge and exploration to this side. only

There is a real cosmic supreme, full of enthusiasm, dare to rush out of the edge of the forbidden land, but it is not really close to Ye Xuan and the \*\*\*\* greedy wolf, but in the distance ahead of the still about 560 billion or so. They stopped each other.

There are more than a dozen such figures, and the body shape is large and small. The body shape is all enveloped in a different light-colored group.

Generally speaking, the existence of the cultivation of the universe above the main territory, when traveling on weekdays, will be like this, the light group that shrouds their body shape, representing the power of these powerful existences to understand some of the laws of Hongmeng. Light

The group can not only hide the body shape, convergence, but also have the ability to defend. this

Inscribed, these dozens of different colors of the Twilight Group rushed out of their strong forbidden land and the Supreme Star Field, and stopped in the universe of tens of billions of miles ahead.

With just one glance, I can see the scene that is happening here. tight

Then, the sound of the exclamation of the road was full of sounds, and it immediately sounded...

"Hey! Is this a \*\*\*\* coyote? What hate and blame? Is it actually abused like this? The deity is almost unrecognizable, what happened to him? The whole body is full of big swollen packs... at least a hundred. !""

This is the supreme of the universe, and the Lord of the Universe has already fallen for hundreds of times! ""

Violent? Is it a violent?嘶...Second-order supreme, but the body is Panda, and it has a rich and sturdy temperament. At least one more level of cultivation, this violent real power has been able to The beginning of the stage is the same as the peak of the supreme. "

"Yes, just one step away, you can reach the mid-term supreme! What is the situation of the \*\*\*\* greedy wolf? Don't you know that the starry sky is famous for its temper? Is it strange that it has been smashed into such a way that it is really a brain The first-order supreme, actually to provoke the fighting power comparable to the third-order existence of this situation, but also an unreasonable starry sky violent..."

"boom!""

Oh..."

In the dozens of cosmic sacred people, the sound of exclamation, the violent temptations that followed the \*\*\*\* greedy wolf in front of tens of billions of miles in front, in the midst of the chilly flash, suddenly picked up again The \*\*\*\* stick of the right hand. ruthless

狠棒棒,,,,,,棒棒棒棒棒棒棒棒棒棒棒棒棒棒棒棒棒棒棒棒棒棒

The latter has been smashed by hundreds of sticks for nearly three days. The whole body is full of big swollen packs. At this moment, there is no more on the back of the head. There is a fierce and fierce voice in the mouth. its

After the physique of the body has not diminished, after the tragic mouth, it has already pleaded with all the cosmic supremes who are watching from here.

"You, friends, help, don't just talk about saying that the wind is cool? If you are a supreme, everyone is not easy, just pull a rack..."

Black bears, we have friendships, and we have gathered together last time. It's only a few hundred years, you won't forget it? Seeing that the deity is like this, you don't support it, it's too unreasonable..."

I thought it was really anxious in my heart. At the end of the day, the body of the \*\*\*\* cowardly wolf spurred and asked for help, and even nodded directly.

The other dozen or so universes are worthy of the supreme, but the star-shaped black bear whose body is covered by a huge black light group of ten thousand miles is immediately depressed. "

Damn, blood wolf, are you a dog nose? Actually, this has been recognized..."

In the black light group, the starry black bear passed through the voice of a depressed, snoring voice, and then went forward, and Ye Xuan, who was chasing after the \*\*\*\* greedy wolf, was helplessly playing the round...

Chapter 4515: Depressed black bear

"Irritable, everyone is supreme, almost on the line, really want to consume, you can not kill him, the universe supreme, but not so easy to fall, have their own means of life!"

As soon as the shape shook, the black light group rushed forward for tens of billions of miles, and stopped in the void. Then, within the light group, the sound of the starry black bear snoring was heard. he

Although he is not willing to pay attention to this kind of thing, as he said, the Supreme of the Universe is no more than the Lord of the Universe.

As the supreme cosmic, it is definitely not so easy to really fall. Both

However, the Scarlet Wolf has already named his name. If he does not say it again, he will definitely be remembered by him. This is not necessary.

Moreover, the \*\*\*\* cowardly wolf has been so pleading, the universe supreme is face-faced, if he is still unmoved, in the other supreme minds around him, there will be an impression of not derogatory. Place

Therefore, even if it is depressed, I am afraid that I have to owe this violent temper a small humanity. He has no other choice but to come forward...

The \*\*\*\* greedy wolf, seeing the starry black bear crouching in the black light group finally came out, even if the voice was thankful, the tone was obviously a lot easier, and even its spurt figure was stopped in front. Down...this

Obviously, this violent temper that has been chasing after him will surely find a rhythm for the next step. complete

In fact, the strength of this starry black bear is not weak, and it has reached the peak of the third stage of the universe supreme. It is really weaker than this temper! and

Moreover, although he has been violently violently in the past three days, like a dog who is mourning, it is simply uncomfortable, but this is only because he did not use the basic life-saving means.

It will cost a certain price. If it is not the real moment of life and death, any universe supreme will not easily use this card.

And this temper is behind him, although all the way is strong, but he is just suffering from the bitter flesh, far from the extent of the near-life crisis. Correct

At this point, temper should be clear in my heart, so since I know that I can't kill myself, it is natural to be the best time. Do not

But the face earned enough, the gas also sprinkled, and let the starry black bear owe a small but not small human feelings...

It can be said that in the face of this situation, in exchange for any cosmic supreme, I understand how to choose!

Unfortunately, although Richard is such a child, he has forgotten it. This time, he is provoked by a starry temper with a grumpy temper. If Ye Xuan is so good, then who is going to avoid himself? ?

The reason why he has been chasing all the way is to make the movement bigger. After all, he now has the power of the peak of the universe's supreme peak. It is indeed a deliberate attempt to pretend to compare the image of his own cruel and unpredictable. It's time to get up..."

Roar! "

"Almost on the line? Black bear, this star is still far behind here..." Star

The words of the empty black bear just fell, and the violent screaming has already screamed and screamed indignantly: "The star master and his no complaints and no enmity, suddenly met in the void, actually jumped out directly, to this The star owner kills the treasure..."

Spread this kind of thing, afraid that even you can't stand it? This star master is a little tempered and absolutely not used to him..."

"Black bear, if you want to give him a head, then the star master is an enemy two, it is like you!"

"Booming..."

"call out!"

After the last sentence, the huge body shape of the starry sky suddenly collapsed, and it turned into a \*\*\*\* spread of the canopy. The wind will rise, and the wind will rise for a moment, and the \*\*\*\* savage wolf will just stop. , included in this \*\*\*\* sea.

"Roar!"

"Roar!"

"戾..." tight

Then, from the three different directions of this vast sea of blood, the sound of screaming and screaming sounds, and then, in the boundless blood of the sea, there are three huge figures, instantly plucking the ground. He

It is the three great devils of the Taikoo konjac.

One is the flesh and blood, that is, the starry sky. One

For the body of the cheekbones, there is no flesh and blood, just a purple-golden cheekbones, revealing endless fierce breath, very incomparable. One

For the body of the black mist, although it is also a violent form, but the body is a black fog, even a pair of scorpions, just two awnings, it looks very strange...

Under normal conditions, the three great devils are trinity, and the back seems to stick together. However, now, Ye Xuan's avatar of blood and sea secrets divides the three great devils of Taikoo konjac into three Blood and sea are separated.

Nowadays, he has fully realized the power of the blood-sea secrets. Therefore, these three blood-splitting bodies, the self-cultivation of the body, are all the second order of the universe.

And because these three blood-splitting bodies are all huge bodies of 60 million miles, like a giant star, in such a terrible body, the power of blood is too majestic, directly making its own Real combat power, skyrocketing first.

In other words, these three blood and sea avatars all have the third-order power of the universe, and no one is slightly weaker than the starry black bear!

As for the \*\*\*\* greedy wolf... If it was just a violent one, it might be difficult to kill it, but now the three \*\*\*\* seas with the third-order cosmic power of the universe are joined together at the same time. Killing the blood of the wolf, there is no suspense!

Seeing this scene, especially from the words of Ye Xuan Shicai, I have roughly understood the cause and effect of this scene and the cause of the incident.

Within the faint light of the dozens of awnings in the front of the sky, there was a resounding voice again.

"What? Killing people to win the treasure? Is the \*\*\*\* greedy wolf brain broken? First-order supreme, actually want to fight against the star of the third-order starry murderous battle to win the treasure? This is simply killing yourself..."

hiss! This is the secret of blood and sea. I heard that there is a blood-skinned master. Although it is only the main body of the universe, it can have five blood-stained bodies. As long as the blood is not destroyed, it will not die..."

"It seems that the guy has fallen, and he died in the hands of this violent, the secret of blood and sea was taken, and it was also pushed to the perfect form by others. The temper in this state, if three third-order The supreme power is afraid that only the mid-term peak of the sixth stage of the universe can be killed..."

For all of this, especially the complete \*\*\*\* secrets that have been revealed at this moment, even the starry black bears are a bit dumbfounded. This

The head of the blood wolf's own brain into the water, to die to take the initiative to provoke a star-level temperament of the third-order combat power, but even the shackles also lost a face, it is not so depressed...

Turning head and hatefully, after the \*\*\*\* greedy wolf that had been covered by this vast \*\*\*\* sea, the black light group swayed and directly retreated to the distance.

This is clearly to pick up the child, and does not intend to control the rhythm of this broken thing...

Chapter 4516: Kill the door

"Roar!"

Big wolf dog, come and die..." See

The black light group is extremely reluctant to directly retreat, which is clearly intended to pick up the child, no matter the rhythm of this matter. blood

The three \*\*\*\* seas that rose from the sea, each screaming and screaming, immediately screamed: "Even if you can't kill you today, you must at least be disabled and say..."

boom! "

"咻..."

As soon as the sound fell, the hand and the big black-headed flesh and blood body, that is, violent, directly smashed the big stick to the top, and a stick smashed forward.

On the other side, the body of the cheekbone directly pinched the bone fist that was as big as a meteor. Under the swaying body, a punch was blown toward the \*\*\*\* greedy wolf. black

The body of the fog is the most strange. His form is originally an energy form, and it is ever-changing. At this moment, Ye Xuan uses the body of the black mist to display the blood of the Nether, transforming

himself into a tens of millions of giants, and the screaming, roaring, One bite went to the \*\*\*\* greedy wolf. three

The big blood and the sea are separated, but the situation of attack is not the same, but the power is not weak. They are all powerful and can be compared with the third order of the universe. this

Engraved in the shape of a character, and at the same time, the \*\*\*\* greedy wolf trapped in the middle of it, and instantly let the \*\*\*\* greedy wolf in the encirclement, all trembled. This

However, the three forces have the same strength as the third-order supreme. With his strength as the only step in the universe, one can't beat it. It's only met by the abuse, but it's still an enemy. three?

If he had been yelling for three days behind Ye Xuan, he had never felt that the real crisis of life and death had come. Now, at this moment, when he is in the shape of a character, he will be trapped in the middle of the three \*\*\*\* seas, and at the same time When a hit hits... The \*\*\*\* greedy wolf finally feels bad! This

A blow, even if he can resist hard and not fall, at least it must be a dead end. and

If it really falls into that situation, I am afraid that today is really a cup.

Once seriously injured, there will be no chance to endure the painful use of the secret card. As a result, in the \*\*\*\* sea, surrounded by three such powerful blood seas, this is clearly the rhythm of living and being killed to death... ..brain

These thoughts flashed through the sea, and the \*\*\*\* cowardly wolf made a decision.

"Hey..."

"Irritable, today's business, the deity and you are not finished! One day... will be the soul of today!"

The ups and downs show the color of grief and indignation, and the \*\*\*\* greedy wolf screams out a fierce and screaming voice, revealing endless unwillingness and anger. steep

However, arrogant: "The greedy wolf... disintegration!"

"boom!"

"Booming..."

Almost in the same moment in his mouth, the last moment of the words, the \*\*\*\* greedy wolf was trapped in the \*\*\*\* greedy wolf, the body suddenly burst into a powerful atmosphere, incomparably irritating.

Immediately afterwards, it was not until Ye Xuan reacted. The huge body shape of a million miles was convenient for a moment, and it was completely blasted, and it was spread into a \*\*\*\* fog. This

The scene looks like a self-destructive, but obviously it is not a self-destruction. This should be a kind of life-saving means of the greedy wolf family, similar to the disintegration of the demon. Take

As a price, the self-destructive flesh escapes! this

Engraved, with the huge body of the Scarlet Wolf in full bloom in a flash, the void of its body shape was also torn by this extremely incomparable impact. tight

Then, in the time when the tenth of the time was not enough, the bloodless savage wolf's huge body exploded and the endless blood fog formed by it was like a spirituality, all of which broke into the void of the inch. Blinking disappeared... this

After all, it is the void of Hongmeng, and the power of Hongmeng's law is too strong. Even if it is a horrific storm that is formed by the sacred law of the universe, it is just a time when the void is broken and it is not a short time.

The \*\*\*\* fog of the \*\*\*\* greedy wolf has just broken into, and the cosmic void around the billion-mile radius is under the influence of the mighty Hongmeng rule, at a speed visible to the naked eye. Healed! "

The greedy wolf family, actually have this kind of blood secret? Actually, I can still use the position of the void to instantly blew my body away..."

Looking at the void of the universe that is rapidly bridging in front of him, the violent flash of brilliance, the voice of Ye Xuan's whispering in the mouth..."

Forget it, although it is not the main victim of the star, but the result is the same, the cost of this secret method is too great, this time, after the \*\*\*\* greedy wolf escapes, even if it can reshape the treasure, repair the strength Will fall to the main state of the universe..."

Hey, when you are really shameless, when the universe is supreme, the owner of the star, who is not guilty of blasphemy, flees and flies away from the flesh. Now he is about to fall into the realm of the universe, and dare to say such words? "

"If you encounter it next time, you must kill him on the spot!"

"boom!"

boom! "

At the same time as the voice was picked up, the body of the cheekbones and the body of the blood mist instantly turned into two \*\*\*\* collapses, which were integrated into the boundless blood of the feet.

Then, Ye Xuan removed the secret law of blood and sea. Under the foot of this piece of endless blood sea that covered 10 billion miles away, in a short period of time, it quickly condensed, all indented into the violent body. .

Then, the violent temperament seems to suddenly think of something, the mouth is like a nightmare-like muttering voice, once again spread: "Well, this \*\*\*\* greedy wolf is solved, although it has not fallen, do

not want to go out within a hundred years Now, I must try to reshape the treasure. I will not find it for a while..."

However, in addition to this \*\*\*\* greedy wolf, who wanted to kill the master of the star before, there is also a half-step supreme for the nine-order grand perfection of the universe. "

"Although I fled early, but his origins, the star master has already learned about it. The monk who ran can't run the temple. Before, he couldn't get the time to work. Now the \*\*\*\* greedy wolf has been solved."

Then, it is also time to kill the door, to the middle of the strongest forbidden land, to the head of the universe, the nine-step grand perfect half-step supreme ... smash out the stick to kill, a solution to the heart of hate! "Say

At this point, Ye Xuan did not hesitate, and the right arm was lifted down. The \*\*\*\* stick that was so shocking and shocking was instantly picked up by his right shoulder. Following

However, under the sway of the body, it will go straight to the far side of the right side.

The half-step supreme of the escape is in the middle of a strong forbidden land in the right side of the right bank of the Milky Way.

Now the Scarlet Wolf has escaped, and will not come out again within a hundred years. Ye Xuan has no fear of some hidden secrets related to himself, and has been promoted through the \*\*\*\* greedy wolf. but

The guy who is half-step to the respectful position must not let go, killing people, but it is what they should be..."

call out! "band

With this kind of thought, the violent figure is gone for a moment, and disappeared in the blink of an eye.

And the dozens of cosmic supremes who stayed in the place, after a short sluggishness, immediately exclaimed again...

Chapter 4517: Killing and killing

With the huge temperament of 60 million miles, in the whispering whisper, the shoulders screamed at the fierce and savage \*\*\*\* stick, and the dozens of cosmic supremes who stayed in the place, After a short period of sluggishness, I quickly exclaimed again..."

Do you heard the Taoist friends? In addition to the \*\*\*\* greedy wolf who got into the water, three days ago, I wanted to kill the starry sky and kill the treasure... Actually, there is still a half step to the supreme? ""

by! Is this the rhythm of the head being kicked? A nine-step grand perfection of the universe, a half-step supreme, actually wants to rob a third-order situation of combat power, temperament and violent starry sky storm? "

"There is no doubt that it should be the \*\*\*\* greedy wolf gave him the temper, these two dead guys, and most of the other arrangements, coupled with the sneak attack, dare to have this courage..."

It is a pity that after all, it has failed. The \*\*\*\* greedy wolf is still lucky, and the life-saving secrets of the greedy wolf family are exerted, and the cost is squandered. ""

But the ninth step of the cosmic master is a half-step supreme, I am afraid that it is not so lucky, a small intermediate to the strong forbidden land, it is impossible to have the universe supreme, he should be the strongest place Now, being violently looking for a door, it must be the rhythm of blood washing! ""

This violent temptation will not be blamed, too willing to report, the second-order supreme, the combat power is more than the third-order of this situation, even if it is provocative, but now has a savage savage wolf to the self-destructive flesh escaped The fire of my heart has not yet dispersed, so I have to find a half-step supreme suffocation..."

"This is clearly a big bullying rhythm. The violent people are really such a small temper, and there is no reason to talk about it..."

As these exclamations sounded, the dozens of different colors of the Twilight Group turned around and returned to the advanced Xingqiang forbidden land in their respective towns. through

After this campaign, they were very impressed by the temperament of this temper, and the starry sky that was not mentioned at all. Milli

Undoubtedly, as the news of this war gradually spread, if it is absolutely unnecessary in the future, this violent, in the area on the right bank of the Milky Way, I am afraid that even the existence of the supreme level of the universe will not easily provoke Up...

...

After a day! "

call out! "

In the void, the sound of a sharp break is ringing, and a mile is unfolding, and the speed is swiftly crossed in the void. The speed is fast to the extreme, beyond lightning, and between the blinks, it has disappeared at the end of the line of sight!

This is the man, it is Ye Xuan!

At this moment, he still maintains the supernatural state of the ninth change of the konjac, and the body shape is 60 million miles. The body that is diffused out of the body is the second order of the universe, but the real combat power is enough to compare the third-order supreme. . very

As for the \*\*\*\* stick that is fierce and fierce, he is still tied with one arm at the moment, kneeling on the right shoulder...

All the way to the glare, in front of the tens of billions of miles, is the right section of the right bank of the Milky Way.

The escaping of the ninth-order grand sacred half-step supreme of the lord of the universe, which is in the mid-level and strong forbidden land beyond one billion, is the strongest in the intermediate-level forbidden land. It

Before, after killing the Lord of the Sea of Blood, Ye Xuan had a detailed understanding of the other nine existences in the small circle of the universe that secretly remembered him. This

The half-step of the head escaped, its body is a starry blue sky, and at this moment Ye Xuan came strong, the only purpose is... killing and killing!

In addition to this starry blue sky, the middle of the strong forbidden land beyond the one billion billion in front, there is another cosmic master, but it is only the third order of this situation. For Ye Xuan, it is just like The general presence of cockroaches.

Even if he does not use the \*\*\*\* secrets of the konjac, he can easily kill! "

Oh..."

The virtual distance of more than one billion miles, for Ye Xuan, who has the initial peak of the ninth state of change, is just a moment of time, and it has already passed away. blink

Between the eyes, the horrible figure of Pangda's 60 million miles has turned into a speedy rush and rushed into this intermediate-level forbidden land.

Before, Ye Xuan and the Scarlet Wolf were ambushed from there, one after the other, chasing one and fleeing, and rushing toward the edge of the right bank of the Galaxy, there was no delay on the road.

The speed of the two universe supreme is obviously far from the blue sky of the half-step to the respect of the world.

Subsequently, Ye Xuan forced the \*\*\*\* greedy wolf to pay a great price, and after the \*\*\*\* secret method fled the flesh and fled, there was no delay, and he directly rushed over here.

Therefore, if it is an ordinary case, the starry sky that fled one step at a time, it should not have arrived at the middle-level Xingqiang forbidden land in which it is sitting, and most of them are still on the way back!

But for this, Ye Xuan is not worried at all.

Because the other party fled at the time, it was the secret of the blood of the Zerg, the black lord.

This Zerg's escape secret, Wei can be very strange, in the void in the air and sea secrets, can easily be smashed away, only then can be seen.

Therefore, according to Ye Xuan's estimation, under the genre of the Zerg, the blue sky of the first half of the sacred position has returned to the middle of the foremost forbidden land.

He probably didn't think of it anyway, Ye Xuan could solve the \*\*\*\* greedy wolf of the universe in such a short period of time. very

As for the possibility of not thinking about it, Ye Xuan actually dared to directly kill the door, and still just after the \*\*\*\* greedy wolf, the first time came...

Roar! ”

"Starry blue dragonfly, shrinking turtle, immediately come out to die..."

At this moment, the body was turned into a mans, and after rushing into this intermediate-level strong forbidden land, Ye Xuan screamed at the first time, and the voice of God immediately came out.

In an instant, in the horror of the horror of the 60 million-mile Pontiac, a majestic to the horrible supreme pressure, it is also instantly dispersed, just like a hang of the Nujiang. One

The time of breathing has enveloped this whole piece of the vast and innocent intermediate-to-strong forbidden land.

At the same time, the horror of Ye Xuan's esteemed territory swept the entire intermediate and strong forbidden land for the first time, and instantly locked the two giant beasts and stars in the far left and right of the front.

In the two beastly stars, there is a breath of the Lord of the universe. There is no doubt that it is the land of the two goals that he came here...

"Hey!"

Hey! "this

Engraved, with the violent horror of the supreme pressure to spread, covering the entire intermediate to strong ban, but also firmly locked the breath of the two goals.

From the two beastly stars in the distance, there are two screaming screams in the air, revealing endless fear and despair...

Chapter 4518: Fourteen bloodstains

"Hey!"

Hey! "Two

The sound of the whistling sound of the road is very loud. From the two giant beasts in the front and left, there are two huge figures rushing up. After rushing out of the atmosphere, there is no stagnation, and it is directly left and right. Leaving toward the edge of this intermediate-level strong forbidden land.

This is clearly the rhythm of taking the opportunity to escape.

Both figures are only a few feet in size, apparently narrowing down the size of the body, but the repairs that are scattered in the body are the masters of the universe, together with the beginning of the first phase, a ninth-order perfection for this situation, that is, Half step to the respect.

"I just want to go now, it's too late..."

In this scene, in the mouth of the violent, the voice of Morin's words was heard.

Without hesitation, the huge horror figure of Pangda's 60 million miles will instantly turn into a masculine mashing, and half of the breathing will stop at the right side of the figure. In front.

Choosing this side to start the escape, it is the starry blue sky, at this time the body has been reduced to about ten thousand, compared with the huge violent temper of 60 million miles, it is even worse than the ants. thing

In fact, this blue-eyed blue sky is the strength of repairing, and it is just like the ants.

As the violent figure swayed in front of his own way, the momentum of the starry blue sky slammed away, and the two shots were desperate, and there was a touch of faintness in the dream. General confusion...this

At this moment, he looked at the violent temper in front of his figure, and his heart really floated the illusion of being like a dream.

Looking back on it, not long ago, he and the other eight cosmic masters set the violent shackles, the other side is just a caged beast, and even want to escape and is unlikely.

At that time, they were arrogant, and even began to swear by the violent killing or captive, how to distribute the benefits.

However, the changes in reality are so amazing. In a short period of time, the other eight masters of the universe were killed one by one, leaving only the risk of his escape. very

As for the accident, even the cosmic supreme that was later invited, most of them are fleeing... brain

These thoughts flashed through the sea, and the face of this starry blue sky showed a sly color, screaming at Ye Xuan, and the voice of the gods came out: "The temper, the deity wants to know one thing... the deity is gone. After that, the universe that was invited to the Supreme, what happened now?"

Although still alive, it is a \*\*\*\* secret, and it's escaping from the flesh..."

In the mouth of the scorpion, the mouth of the violent screams, the sound of the gods of Ye Xuan was also heard: "If there is no accident, now it should be squashed in a nest that can't be seen somewhere, and try to reshape the treasure. As for its cultivation, it must have fallen to the highest position, and the semi-residual difference is not much..."

Hey! "listen

In this discourse, the starry blue sky finally completely despaired, and the gloom of the gloom in the shackles, screamed with a sigh of relief, revealing endless tragic and grief. even

The true cosmic supreme is still in the end, and he is only the half-step supreme of the nine-order grandeur of the universe. What can he do? this

Day is already mortal!

"It is death, it is impossible to make you better..."

"boom!"

[illegible]

Card! ”

"Card..."

"Hey!"

This is the half-step supreme of the nine-step grand perfection of the Lord of the universe. At this moment, the soul and the flesh burst at the same time, and it fell. but

Therefore, the power of powerful destruction is also annihilated in an instant, all the stars and stars within a billion miles, even the voids are broken and opened, and the dense sound of the card sounds, There are endless emptiness and turbulence.

With the appearance of these emptiness, the blue blood fog of the blue sky of the starry blue sky exploded in an instant, and it was about to be involved in the raging emptiness..."

This is a superb master blood, can you be so wasted? "Look

In this scene, the violent chilling flashes, while muttering in the mouth, a wave of blue blood fog that spreads directly and spreads all over the body, and is sent into the body.

After doing all this, Ye Xuan did not hesitate, and turned to look at the other direction.

There is a speed escaping over there, like the lord of the universe, like the dog of the family, just the beginning of the scene, even if it is speeding at the moment, and fleeing for a while, for the violent, there is no impact at all...

"The half-step self-esteem of the nine-step grand perfection of the universe is self-destructive, and you....do you still want to escape?"

In the words of endless contempt, the violent shoulders swayed, and its huge body shape of 60 million miles was instantly easy to disappear. When it reappeared, it reached nearly 10 billion miles on the left side. .

It just happened to stop in the early two or three hundred million miles ahead of the main road of the king...

"Hey!"

At the beginning of this period, the body shape of the lord was abruptly stopped, and the scorpion shot a deep sense of despair, and his hair screamed. "

boom! Pick up

Everything down is no suspense...big

The loud roar of the sound rang from the void.

As the violent figure swayed and slammed directly, the early lord did not even have a chance to mourn, and the huge body suddenly exploded. Are

Between the moments, the body of the lord, who is about a thousand feet, is completely blown up for a gorgeous \*\*\*\* fog, and spreads!

"Hey!"

With all this, the violent wave waved in the first place, and a huge invisible instinct was rolled out from the body, covering a radius of ten thousand miles. just

The \*\*\*\* fog that had just spread out was swept away. After being in the body, it was immediately sent to Shennong Ding by Ye Xuan, and blood purification was carried out..."

call out!"

"咻咻咻..."

For a moment, with Ye Xuan urging the gods to the extreme, covering the vast and innocent intermediate to the strong forbidden land, everything in the empty nest of the two universes is instantly inconspicuous, all of which are clearly reflected in him. The exploration of the gods.

The sharp sound of the sound broke out, and the road was rushed out from the inside of these two giant beasts, passing through the atmosphere of the stars, and rushing straight toward the huge starry sky.

These luxuries are all the top cultivating resources that Ye Xuan still can see. They belonged to the two masters of the universe, but now they all become the saga of Ye Xuan! Knot

With all this, Ye Xuan's glimpse of the fine mang, whispering, reveals a feeling of excitement and excitement that can't be suppressed: "Unconsciously, the blood of the lord in the hand is as high as ten. Four? Actually... There are two half-step supreme grades of the best blood!"

Chapter 4519: Twenty-seventh grade Danfang

Before starting this hunting, Ye Xuan never thought about it. In the end, he was able to raise so many bloodstains of the universe before the first refining of the 27th-level Baodan.

You must know that every blood of the lord, represented by a powerful cosmic universe, must be formed with the power of the blood and blood formed by its complete flesh, and is supplemented by the Shennong Ding of Shennong Ding. In order to refine it. and

Ye Xuan, now in the ninth state of the konjac, although he can already have the powerful power of the second order of the universe, but his true cultivation is the strength, but it is only the first order of the universe. Just broke through.

Just entering this situation, you can kill more than a dozen of the same realm, the small order is cultivated but he is better than him, and this kind of thing is changed to others, it is not imaginable. and also

For this reason, he will quickly improve his cultivation, and the various levels of Baodan, which are easily and smoothly cross-border bottlenecks, will be so rare.

At present, apart from Ye Xuan, I am afraid that no other person can refine all kinds of Baodan. Absolutely

It's the only one, no semicolon! This

On the one hand, it is because of the need for Shennong's flames to condense, this alone limits all others, because it is only Ye Xuan that owns Shennong Ding. and

On the other hand, it is because he has the blood of the konjac. If

I don't have this \*\*\*\* magical power, and I'm pushing it to the ninth. After the full force, I can instantly improve the strength of a big realm. Even if Ye Xuan has Shennong Ding, it's not the same. The powerful beast of the level, can not condense the blood of the beast, but also stunned!

A twenty-seven-level Baodan can make the ninth-order grand perfection of the universe the supreme step, and in a short time, smoothly and unsuccessfully break through to the universe.

This kind of thing, even in the era of the glory of the last Hongmen era, which was already shattered at the beginning, may not exist. At most, there are innate treasures with similar effects, or treasures of chaotic grades.

But now, the old Hongmeng era is coming to an end, and the new Hongmeng is coming soon. This kind of anti-theft Baodan will appear in the hands of Ye Xuan...

Of course, if you want to refine the 27th-level Baodan, for him, there is still a crucial issue that needs to be solved immediately.

That is the perfect Dan Fang of the twenty-seventh-level Baodan! This

Once again, it was quite embarrassing. The blood of the masters of the twenty-seventh-class Baodan was fully prepared, and the number was far more than expected, but until this time, Ye Xuan still could not. The perfect Danfang of the seven-level Baodan is derived. "

During this time, I was hunted for the Lord of the Universe, especially when I was shackled by the nine cosmic lords, forcing three consecutive breakthroughs. After all, it was a little too fast! "

In the midst of Shen Yuzhong, Ye Xuan whispered a whisper, and the middle of it flashed with sorrow and sorrow: "Now it is just the opportunity to push the twenty-seventh-level Baodan perfect Danfang, once again consolidate the state of mind and solidify the foundation!"

At this point, he did not hesitate to directly reduce his body shape to only the height of his temperament, but he did not get rid of the \*\*\*\* state of the ninth change of the konjac, but only used the secret method of blood and sea. The shape is reduced.

Therefore, even if his body shape is reduced to the height of Zhang, the body can be repaired as strength, but there is no change. There is still the second order of the universe, but the force of the blood in the huge body is the whole battle. The first-order bonus of force is gone.

"call out!"

After the body has shrunk, Ye Xuan, who still has the second-order strength of the universe, has once again mobilized the power of the body and developed a speed, which is obviously more rapid than before.

A mile in the sky, far beyond the speed of lightning, crossed the sky, and soon disappeared, disappeared!

After leaving this intermediate tough forbidden land, Ye Xuan directly activated the interstellar coordinate jumping ability attached to the internal system. After the body shape, it instantly turned into a man, and disappeared. This

Once, his locked jump coordinates are still near the source nest star that bred Ye Xuan's strongest power. This

It is necessary, although with his current cultivation as the strength, up to the second order of the universe, even if it is to cross the void from the intermediate to strong forbidden to arrive here, in fact, it does not take much time.

However, above the Supreme Court, after all, there are still ancient powers and ancient sages. Ye Xuan is not sure whether he has been targeted by this level of existence. Even if there is Shennong Ding's protection, he will be careful. complete

Actually, with the starry blue sky being killed now, and the \*\*\*\* greedy wolf has been ruined, it should not appear again in a hundred years. This piece of Hong Kong is in the air, knowing that Ye Xuan is sitting on the enemy of Shennong Baoding. have nothing left. can

If you don't expose this, it's best to be free.

"call out!"

After arriving at the source of the nest, Ye Xuan swayed and turned into a giant abandoned star that went to the front.

Under the light car, he directly entered the star of the abandoned star and waved the Shennong Ding.

Of course, it is a reduced form, otherwise even this giant abandoned star will only be comparable to the complete form of Shennong Ding, and it will not fit at all! With

After that, Ye Xuan swayed and rushed to the Baoding Dingkou, which was carrying a colorful mist, and sat down on the knees.

After adjusting his mind, he quickly regained his mind, combined with the body's engulfing system, and mobilized the system's calculation and derivation ability to the extreme, and then with the second-order horror of the universe as an aid. Seven-level Baodan perfect Dan Fang's full derivation! first

Before, in the perfect Dan Fang of the twenty-sixth-level Baodan, Ye Xuan spent almost half a year, and this time, on the one hand, Ye Xuan's current cultivation has reached the second level of the universe, God. I know that there is too much power.

On the other hand, it is because of the perfect Danfang of the twenty-seventh-level Baodan, he has already derived a part of it before. Yes

Therefore, this time, he only used the time of about three months, and he successfully derived the perfect Danfang of the twenty-seventh-level Baodan. short

After three months, Ye Xuan opened his eyes and smashed a slap in the middle! "

call.....""

What is the perfect Dan Fang of the twenty-seventh-level Baodan? It's finally finished..."

After the completion of the Meidan side, Ye Xuan sighed with a sigh of relief, whispering in a whisper, and flashing a touch of excitement. "

Although the real cultivation is still only the first time to enter the universe, it is only a step in the world. It is only a step to swallow a twenty-seven-level Baodan. There are still eight small steps to break through..."

After calming down the excitement, Ye Xuan fell into sinking, and from time to time, he screamed and whispered, and there was a whisper in his mouth: "But the blood of the lord is short, I am afraid I can't go hunting again. So as not to cause unnecessary attention."

In this way, the refining of the twenty-seventh-level Baodan will no longer have to be delayed..."

Chapter 4520: Supreme Baodan

In the middle of the glimpse of the fine man, Ye Xuan made a decision immediately, without delay, squatting now, first to use the twenty-seventh-level Baodan that was used to break through to the universe to the future, first refine it! "

call out! "

At this time, Ye Xuan still sat on the knees of the Shennong Ding Ding mouth with a colorful mist. After a wave of hands, the fourteen baby fists of the size of the baby, which had already been condensed, appeared in the palm of the right hand. its

In the middle, there are two exhaled atmospheres of the main territory of the universe, especially strong, which is the half-step supreme of the nine-order grand perfection of the two main universes. After the body of the body bursts, the \*\*\*\* coagulation is formed. Refined. If

It's no accident, just the two best bloodstains, you can make Ye Xuan's twenty-seventh-level Baodan, which is refining this time, two or three more when it comes out!

However, the exact number of the most outstanding Baodan in this furnace is still unknown!

These fourteen masters of blood, together with a large number of other top treasures and treasures of ancient treasures, will become the basic raw materials of Ye Xuan's twenty-seventh-level Baodan! and

In addition to these two most important base materials, Ye Xuan will also add some of the evil source fluids, as well as the top resources previously found in Hong Kong. when

After all this was ready, Ye Xuan waved his hand and took out all the resources needed for the recipe and all the treasures of the top treasures. Then he closed his eyes! a few

In the next moment, the internal space of Shennong Ding in his body, inside the flame pool at the bottom of the volcano in the central domain!

"call out!"

Oh..."

As the sound of the sound of the road broke out, the dense and colorful spurs came from the heights of the volcanoes above the central volcano. straight

It was placed above the flame pool at the bottom of the volcano, and suddenly hovered for a moment. It was the top materials and cultivation resources that Ye Xuan prepared for the twenty-seventh-level Baodan.

"call!"

Then, just like the whistling sound of the wind...

Almost in the next moment, below the top resources, from the flame pool at the bottom of the volcano of the central domain, a fascinating Shennong nine-color flame whistling, in the raging wind, the nine-color flames instantly condensed into one Xu Fangyuan's nine-color stove Ding!

The whole stove is small and simple, revealing an extraordinary atmosphere, and with the formation of the small flames that are condensed by the nine-color flame of Shennong, the materials and resources such as the blood of the beasts have been prepared. Then all fly automatically.

I didn't enter the fireworks Ding Ding, which only succumbed to Fang Yuanyuan, and the first furnace of the 27th grade Dan was officially launched!

The twenty-seventh-level Baodan, with only one piece, can make a nine-order grand perfection of a cosmic master jump into an extraordinary universe in an instant...

The importance and preciousness can be imagined, and this is the first time that Ye Xuan refines the 27th grade Dan, so he does not dare to take it lightly. From

At the beginning, I was in control of everything. very

Quickly, a refining method was thrown out in the hands of Ye Xuan, and the speed reached its peak. The blink of an eye turned into a mysterious pattern of incomprehensibility, and it did not enter the nine-color stove at the bottom of the volcano in the central domain. Do not

Unconsciously, half a month passed by...

"Boom!"

At this moment, above the flame pool at the bottom of the fire center of the central area of the Ding Nei space, a huge roaring sound rang, and the furnace that was condensed by the pure Shennong nine-color flame was scattered. Wan

If the colorful fireworks like the river rushed back to the flame pool below, but still stayed above the flame pool, it was the size of fourteen baby-sized balls! circle

The surface of the beads is full of rich and colorful colors, and there is a layer of dreamy halo, revealing a simple and heavy atmosphere, which is the twenty-seventh-level Baodan!

With just one, you can make the nine-ordered perfection of the Lord of the universe, after swallowing, break through the realm in a short time, and directly enter the twenty-seventh level of the universe... Supreme Baodan!

"Is there actually fourteen?"

The fourteen pieces suspended in front of the eyes exudes a strong and supreme atmosphere of Supreme Baodan, Ye Xuan took a sigh of coolness, whispering in a whisper, and smashing a fierce sorrow.

Fourteen masters of blood, under normal circumstances, should be about twenty-seven levels of the supreme Baodan. many

The four out of the four, in addition to the two elements of the best blood, are mostly caused by the Shennong nine-color flame.

In this way, in addition to a self-swallowing, the remaining thirteen, in the future will be able to let Ye Xuan's underarms among the other, more than thirteen powerful universe supreme!

The supremacy of the universe, sitting in the middle is the high and strong forbidden land, but in fact, the general high-level strong forbidden land, at most, is the existence of the three universe supreme level.

Even if it is the top-level strong forbidden land with the power of the ancients, the inner universe as the next-class peak combat power, it is impossible to reach thirteen, at most, it is only ten! Such as

Therefore, if these twenty-seven-level Baodan in the hands of Ye Xuan are all consumed, by then, the comprehensive strength of his and his subordinates will even exceed one of the top Xeon forbidden! This

Everything for him is just like an unreal dream, but Ye Xuan believes that this day...will not be too far away! only

Yes, as soon as I thought of the next twenty-eight-level powerful Baodan, the joy of Ye Xuan's heart was instantly turned into a black, violent face, showing a deep helplessness.

Twenty-eight-level Da Neng Bao Dan, can make the universe supreme nine-order great perfect existence, in a short time, successfully break through to the ancient wilderness!

In addition to the other materials on the 28th-level perfect Danfang that will be used in the future, in addition to other auxiliary materials on the 28th-level perfect Danfang, it will definitely require at least five Supreme Blood. that

But the Supreme Blood, only by hunting the universe supreme, with the blood and blood formed by its complete flesh, can be condensed.

Compared with the Lord of the Universe, there are fewer universe supremes.

Even if it is one of the strongest forbidden places on both sides of the vast Milky Way, I am afraid that the total number will not be too much.

In fact, even if you really encounter a powerful cosmic supreme, with Ye Xuan's cultivation as a strength and means, it is now unacceptable.

For example, the previous \*\*\*\* greedy wolf, Ye Xuan's real combat power at that time has been able to compete with the third dimension of the universe, and also exerted the secret of blood and sea, stimulating its avatar power, condensing the three bloods of equal strength. Separated. Wait

If the three third-order realm of the supreme power, surrounded by \*\*\*\* greedy wolf. and

The latter, the cultivation of strength is only the first step of the universe supreme...

The final result, but still let him run away. three

Respecting the third-order supreme, besieging a first-class supreme, but still can not be killed, only this point, you can see the hardship of the supreme power! miss you

Here, Ye Xuan couldn't help but smile again, shaking his head: "Any cosmic supreme is not simple, and it has the means to protect life. So it seems that it will be extremely difficult to collect these five supreme bloodlines... .."
