

## Super D.S 4521

### Chapter 4521: Visiting the parent star

"It's not just the minimum requirements of the five Supreme Blood, including the perfect Dan Fang of the 28th-level Magnum, I am afraid it will not be so easy to defer..."

In the whisper, the helplessness of the violent face suddenly became more and more intense: "The ancient powers of the ancient world are different from the universe, and they have already jumped out of the realm of the stars and the era of the previous Hongmeng era. In the era of the Great Wilderness..."

In this way, if you want to pass a treasure, you will make your own cultivation as the strength from the universe of the last big star of the world, breaking through the shackles and reaching the wild and powerful environment. I am afraid it is not easy! "

"Only by this point, we can see that the difficulty of the 28th-level Powerful Baodan will be more difficult than the previous ones, and must be qualitatively breakthrough to complete!"

"As far as time is concerned, it is even more unnecessary to say that it will be lucky if it can be smoothly derived within one year."

Here, he does not hesitate, even if he gives instructions to the body's engulfment system, he will transfer all the system calculation skills and push the perfect Danfang of the 28th-level power Baodan!

This matter must be carried out from now on, and the system will be fully launched, so that the system will be fully promoted all the time. Otherwise, when it is really necessary to have the 28th-level Danfang, it is too late to hold the Buddha's feet.

After doing all this, Ye Xuan waved out fourteen small jade bottles, and installed the fourteen twenty-six-level supreme treasures suspended in front of them, and they were born into the immortal world. With

After that, he grew up and walked out of the Shennong Ding Ding mouth with a colorful mist. When he waved his hand, he took Baoding into the body and disappeared.

After that, Ye Xuan fell into sinking, he is considering the next step! two

The seventeenth-level Supreme Baodan has been refining, but at the moment, his true cultivation is strength, only the first step of the universe, even swallowing a twenty-seventh-level Baodan, from then on The cosmic sages are still quite far away.

Under this circumstance, there is no need to rush to hunt down the five Supreme Bloodmen needed for the 28th-level Da Neng Bao Dan. thing

In fact, it is basically unrealistic to kill a cosmic supreme with his current strongest force, only the third-order state of the universe, and the means currently available. miss you

At this point, Ye Xuan's mind suddenly remembered something, and the faint singer flashed and muttered: "So it seems that you can take advantage of this time and go to a smashing mosquito to ban the land..."

What he said is that the \*\*\*\* mosquitoes are forbidden to the ground. It is a high-level forbidden land with a cosmic supreme town.

Before Ye Xuan had decided, he would have the qualification to go to the forbidden place to explore the enemy after he had the power of the universe to advance in advance, and he immediately went. eye

Next, in the state of the ninth change of the konjac, he has already reached the second level of the universe, and the combat power is comparable to the third-order supreme, so that the trip to the stagnation of this mosquito is also It's in front of you.

This time, he went to the forbidden mosquitoes forbidden, not only to check the whereabouts of bloody, but more importantly, to try and see if he could find the fathers of the mosquitoes and the evil spirits, and the followers they followed. The whereabouts of the mysterious mother star came.

The identity of this person is too mysterious. The bloodline left by His followers in the three major star planes of the world is the existence of the level of mosquitoes and old ghosts and the madness of the madness, and its own power is obviously Can be imagined! Such as

Today, Ye Xuan has basically been able to determine the deity of the crazy mosquito king and the mosquito-killing old ghost, and they have already entered this piece of Hong Kong. its

In the middle, the deity of the crazy mosquito king is like Ye Xuan. He entered a source nest and starred in the Hongmeng era. when

When he was born again, he would change and become one of the chaos demon gods born in the air. to

The deity of the mosquito-killing old ghost has not yet fallen, but according to Ye Xuan's guess, it is also the same as the deity of the crazy mosquito emperor, stealing a certain source of stars and stars.

Either, it is in the hands of a strong star in the hands of the ancients.

After all, he is a demon, not a beast, and should not be in the strong forbidden land where the beasts are rampant...

In addition to the two of them, the fathers of the crazy mosquitoes and the mosquitoes and the old ghosts, the mysterious old man they followed, according to Ye Xuan's estimate, were mostly within the forbidden ground.

After all, \*\*\*\* before said that in this piece of Hongmeng, he felt the power of two \*\*\*\* summons.

One has already been determined to be the source of the nest star, which is sleeping in the deity of the crazy mosquito king, which is the \*\*\*\* father, while the other is more intense and ancient. If there is no accident, it should be followed by that person. The ancient mosquitoes around the mysterious old man.

It is \*\*\*\* grandfather! blood

The reason why I decided to leave alone and enter the forbidden mosquito is for this reason.

Since the \*\*\*\* grandfather is in the forbidden ground, then the mysterious old man should be the same, eighty-nine!

Although Ye Xuan still does not know the origin of this mysterious old man until now, he only knows that he is a parent star visitor, and entered the three major star planes of the world, and a descendant who followed him left the blood of the devil, and another A follow-up of the ancient murderous mosquitoes left a vein of crazy mosquitoes. from

After that, the mysterious old man, with the descendants of the family he followed, and the ancient mosquitoes, left the three major star planes of the world, entered the Hong Kong void, embarked on the road to find the returning mother star. Journey...but

I don't know why, Ye Xuan always has a strong intuition. The mysterious mother star comes to visit, and there should be some inextricable relationship with himself. very

As for him, he feels that many doubts in his heart can be answered one by one after seeing the mysterious parent star.

"According to the information I have learned before, the murder of the murderous mob is a strong and strong forbidden place, the strongest person who sits in it, but only the universe is supreme..."

"As for the location, it is in the area behind the right half of the right bank of the Galaxy Star. From here, there are trillions of miles away!"

After the decision, Ye Xuan immediately fell into thinking: "At my current speed, I will be able to get there in ten days!"

Speaking of this, his sly glare flashed, no hesitation, and the figure rushed out of the star where the retreat was, and entered the emptiness of the moon outside the stars.

"call out....."

The sharp and unpredictable sound of the air broke out. At this time, Ye Xuan still maintained the state of the ninth change of the konjac and the blood, and cultivated the second order of the universe. but

However, due to the practice of blood and sea secrets, the figure was reduced to only the height of the master. this

Engraved, as he pushes the power of the body to the extreme, lasing toward the established goal, his figure, the blink of an eye becomes a mile, disappears at the far end of the line of sight, disappears without seeing it. ....

Chapter 4522: Mosquito

The reason why the mosquito ban is named after the murderous mosquito is because there are more than 60% of the star-studded beasts in the life-stricken forbidden places in the high-powered forbidden land, all of which are murderous mosquitoes.

As for why this happens, no one knows.

No one even can determine whether the strongest person in the forbidden place in this forbidden mosquito is a powerful murderous mosquito.

Even the cosmic supremacy in this high-imperity forbidden place is one or two, and the outside world has no knowledge.

But one thing is completely certain, that is, not only a cosmic supreme, but also the mysterious existence of this supreme level, which is sitting in this high-level forbidden land, is not an ordinary supreme power.

Because thousands of years ago, there have been two powerful beasts of the universe's supreme level, coming together and entering the forbidden mosquitoes forbidden, the purpose of which is not known.

However, the strength of these two supremely powerful beasts is known to the outside world, and they are all six steps of the universe! six

The realm of the order, this is the peak of the mid-term, and one step, you can enter the late stage of the universe.

At that time, when the powerful supremes of these two mid-peak peaks entered the forbidden mosquitoes, countless other star-studded beasts of the forbidden land had witnessed them.

Soon after, from this mysterious mosquito ban, there was a terrifying sound of the war, which lasted for a month...

No one knows what happened inside, and no one knows whether it is a same level of existence or more than the two mid-term peaks.

But since then, the two powerful and fierce beasts that have been repaired in the middle of the mid-term have never appeared, and the news from the forbidden mosquitoes is that they have all been...

As soon as the news came out, the large and small stars and the stars on the right bank of the entire Milky Way were instantly stunned. that

But the cosmic supreme, this level of existence, has a powerful means of life, even the first-order supreme, it is difficult to be killed. more

What's more, this time it was still the mid-term peak of the two sixth-order worlds. In the first battle... was it killed at the same time? If

The news is real, then, the mysterious existence of sitting in this forbidden mosquito, the extent of its power is simply daunting!

However, the specific authenticity of the news, but no one can be sure later. complete

In fact, the cosmic supreme of the two mid-level peaks, even if there is no degeneration, is definitely not good enough to go out, or is imprisoned in the forbidden mosquito.

Either, it is forced to act a certain kind of card-based life-saving means, paying a great price, and the wolf escapes...

Even if they are still so, who dares to easily enter the forbidden mosquito, and venture to find this? This

There have been thousands of years in the past. Since then, the mysterious mosquitoes have become more mysterious. The existence of the outside world will not easily enter the starry territory of the banned mosquitoes.

Even if it is close to the edge of this advanced and strong forbidden land, it is also with care. can

In fact, in the forbidden land of murderous mosquitoes, although the most numerous are still murderous and beasts, it is not uncommon to see other species of starry beasts in addition to murderous mosquitoes and sinister mosquitoes.

Even in this mysterious high-end forbidden land, there are still tribe stars belonging to the survivors of the ancients! total

In terms of the ban on mosquitoes, it is a place where the stars and races are mixed. but

Living in this high-imperity forbidden land, whether it is a murderous beast, a star-sex beast of other races, or a deserted survivor... basically rarely go out, even if it is a marginal star outside the forbidden land The situation of domain roaming is rare!

In these cases, Ye Xuan has already understood all of them before, so he is not a murderous mosquito, but as long as he enters, it should be hidden, it should be no big problem.

As long as you enter the forbidden mosquito, everything is easy to say.

This is a rare mysterious forbidden land of a star-studded race. It is clearly named after a murderous mosquito, but it is even inside the deserted people. Ye Xuan enters it in a violent form, and it is not too noticeable.

Yes, he did not intend to enter the forbidden place in his own human form. although

It is said that there is also an Xingchen tribe in the high-level forbidden land, and the number is estimated to be indispensable. After all, it is a high-level and strong forbidden land. The territory is too vast. It is just a variety of life stars. I am afraid there are dozens of them. Millions of...

But the human form is walking in it, and there are still some inconveniences.

It is a pity that there is no blood in the body of Ye Xuan. Even if it changes its appearance, it is just a matter of appearance, and there is no blood of the mosquito family. no

Then, he even wants to become a wild and murderous mosquito like a bloody, into it. Do not

However, although Ye Xuan's own body has no \*\*\*\* mosquitoes, his \*\*\*\* mosquitoes and larvae have tens of millions of murderous beasts, and after the last leap of the life of the kinetic energy group, The tens of millions of murderous mosquitoes in the blood-mosquito battle, and now the strength is not weak.

Even the immortal seals have appeared, and there are hundreds of imperial seals.

Although this strength is of little significance in combat, if you enter the murderous forbidden land, use these tens of millions of murderous beasts, as a scout to generally inquire about the news, or to expand some arrangements, but it is still enough!

It can be said that the existence of tens of millions of powerful mosquitoes and beasts, which are the \*\*\*\* mosquitoes and the kinetic energy groups in the war, have made Ye Xuan more entangled in this time.

"call out!"

The faint sound of the air broke out, and a very fast spurt came from the end of the void. The blink of an eye was close, and on the back of an abandoned star, it stopped.

A starry sky and violent manifestation of the figure, only to make a high, but the body is diffused out of the breath but powerful, is the second order of the universe.

This violent, it is Ye Xuan! before

Fang, there are billions of miles, it is the edge of the forbidden land.

Because this high-level and strong forbidden place is fierce and mysterious, few outsiders are close, and the murderous mosquitoes, other beasts, and the ancient survivors who live in the forbidden land are rarely seen. Therefore, here is The long border between the forbidden land and the starry sky has always been cold and clear. This

In this case, even if Ye Xuan has already reduced his body size to only the height of the game, if it is so close to the big thorns and rushes in, it is estimated that most of them are still exposed, and some powerful presences within the forbidden land are staring. on.

Therefore, he decided to stop at a distance of billions of miles from his edge, once again urging the blood and sea secrets, turning the entire body into a tiny blood. also

With the magical spirit of perfect oscillation, concealing the blood and concentrating all the air, this continues to move forward and turns into an invisible faint stalk, and blinks into the front of the forbidden mosquito. Entering it...

Chapter 4523: Amazing

"Hey!" micro

The weak sound of the air broke out, and the secret method of blood and sea was applied. Ye Xuan, who turned into a tiny blood, directly rushed into the forbidden mosquito.

Because it is just a tiny drop of blood, and Ye Xuan has displayed the magical power of the perfect shock, so although there are some fierce mosquitoes wandering inside the forbidden ground, there is no existence, and no leaves are found. Xuan's arrival.

This drop of the fine blood of the perfect shock spirit has collected all the tiny blood of the air machine. After entering the forbidden mosquito, it has not stopped for a while, and all the way forward, and the speed is almost at the extreme, and between the blink of an eye, it has already passed the edge zone and entered. The hinterland of the forbidden mosquito. along

On the way, Ye Xuan saw a number of indigenous beasts in the forbidden mosquitoes. In addition to the murderous beasts, there were some other star-studded beasts of other races, including even the starry sky, which made people quite speechless.

But my heart is more stable.

What's more, he even saw a few remnants of the war boat passing through the void, indicating that the situation inside is the same as the outside rumors, mainly based on fierce mosquitoes.

However, there are many kinds of starry beasts and ancient survivors of other races.

In this way, whether Ye Xuan appears in the form of starry sky and violent, or appears as a human being, there is no problem, and it will not attract too much attention and doubt.

Soon, there are a lot of stars in the front of the life star. Looking around, there are at least hundreds of life stars in the distance, and it's not fierce to enter and exit from this life star. Mosquitoes, but other starry beasts of different races.

There is a starry sky! leaf

Xuan dynasty, the tiny blood drops that swiftly crossed the virtual sky, slowed down the speed in an instant.

He chose to show his figure in this area, still appearing in the form of starry sky, but at the beginning, the strength should not be too high, so as not to attract too much attention.

Finally, after clarifying the general situation of this area, Ye Xuan will choose a target to kill, change into his appearance, and replace his identity. Such as

In this way, in the future, you will be able to act indiscriminately in this forbidden mosquito. Even if someone investigates, they will not be afraid of identity disclosure. Such as

Be careful, Ye Xuan did not really have it before, but this time it is different, this mosquito is forbidden to be too mysterious, the strongest sitting in it, even the cosmic supreme can kill, so that Ye Xuan has to fear. to

Less, now, even if he activates the \*\*\*\* magical power of the konjac in his body, and pushes it to the ninth state of change, the cultivation of strength is only the second order of the universe.

Even if it is to show the avatar power of the blood sea secret method, and to condense the blood of the three second-order supreme, it is impossible to completely kill a universe supreme. more

Not to mention that there were two powerful cosmic supremes in the past. After entering here, there was no news for that...

Absolutely what Ye Xuan can't do now!

Ye Xuan observed that among the various stars and airborne beasts that enter and exit the hundreds of life stars in this area, they are basically all above the immortality. and

The most powerful one is the immortal.

Whenever an emperor is immortal and walks out from the stars and rushes to a distant direction in a certain direction, the starry beasts who sense the breath in the periphery will basically stop and respectfully stay in the void for attention. The other party is leaving...

Of course, this is not to say that the emperor is immortal, that is, the most powerful existence of these hundreds of life stars.

At least, in a short period of time, Ye Xuan saw several emperors entering the stars of life, indicating that in the hundreds of life stars, although the emperor is immortal, although it has been counted as a high-level, but the number is also quite a lot. Definitely not the strongest.

If there are no accidents, sitting inside the hundreds of life stars should be at least the cosmic sage, and dare not say that there is a cosmic sage in every life star, but at least not too little.

And, if there are no accidents, among the hundreds of life stars, at least several of the cosmic masters are right! From

In these cases, if Ye Xuan appeared after the appearance of the emperor's immortal cultivation, it must attract the attention of all the vicious beasts. At that time, when he saw him strange, I am afraid that there will be a beast in the moment. .

However, the emperor is immortal, and the number is much more. For a while, Ye Xuan has seen at least dozens of people.

When there is an immortality coming out of the interior of a living star, although there will be starry beasts in the close range, but not in the distance.

It is enough to prove that the emperor is immortal here, only the existence of the small leader, the influence is not great. Such as

In this sense, any one of the emperors is immortal, not well known outside their own territory, or even not knowing, then it is completely understandable, and will not attract any suspicion of the beast. With

These thoughts flashed in my mind, and Ye Xuan made a decision in an instant. The starry sky that was immortalized by the emperor was violently displayed in this area, and then explored, and all the conditions in the entire area were After roughly figuring out. again

Decide on the next step, and the follow-up action plan!

"Hey..." just

Just decided, Ye Xuan had not had time to have any movements, and even even the \*\*\*\* sea secret method, the state of being a tiny blood has not been lifted.

The magical spirit of the perfect oscillating spirit of all the air machines has been plucked, and it has not been too late to withdraw. In the far-flung direction of the extreme end of the murderous mosquito ban, there is a shocking whistling sound...

The pressure of the pressure from the Daoxiaoxiao is so amazing that it is the original master of the universe that keeps Ye Xuan, and it is shocking. four

Hundreds of life stars everywhere in Zhou Yuan, without exception, all in the whistling sound, slightly trembled.

Although the situation inside the stars can't be seen, but the stars in the universe outside the atmosphere, all the starry beasts, at the same time, after hearing the sound of this whistling, they are in the air in an instant. When I fell down, I shivered.

Even the few emperors that can be seen in the line of sight are the same.

And Ye Xuan, after a short stay, his heart leaping, his face changed dramatically, and he almost screamed...

Wild power!

The scent of the sigh of sorrow, he is too familiar with it, it is the power of the ancients. complete

In fact, Ye Xuan is in the bottom of the central volcano of Shennong Ding's internal space. Among the giant closed caves, there are many treasures of the ancient powers and the ancient and powerful ancient wild spirits. Correct

How can he not recognize this breath?

The only difference is that the ancient powers and the ancient sacredness in the closed caves have already fallen into endless years. Although the pressure is still there, it is much weaker. but

The existence of the whistling now is a living ancient power, and the breath is even more terrifying...

Chapter 4524: Gritted teeth

In the farthest area of the forbidden mosquito in the distance, I don't know what happened. I heard a shocking whistling sound, and the existence of this screaming scream is actually a powerful wild power! This

Everything, even Ye Xuan was caught off guard, was shocked to be sluggish on the spot, and it took a long time to recover from the extreme shock of my heart...

The ancient powers of the wild, sitting in the town is the top of the strong forbidden! and

The ban on mosquitoes is a high-level forbidden place, at least in the outside world, it is treated like this...

In the advanced Xingqiang forbidden land, the strongest person in the town should be only the supreme universe. can

Yes, how can you suddenly rush out of the ancient power?

Moreover, judging from the screaming voice of the screaming voice, the area where the sound of screaming sounds may not only exist in the wild.

After all, how can an aging man become angry like this, and how could it be just the universe supreme? In all likelihood, it must be the same level of existence.

That is to say, in this forbidden mosquito, there are at least two wild powers. This

Where is a senior Xeon forbidden?

This is clearly a top-level strong forbidden land! very

As for the top-level Xingqiang forbidden land, this murderous forbidden place is definitely one of the best. After all, some of the top-level forbidden places are only one of the oldest. but

Here, there are at least two!

At this moment, Ye Xuan finally understood why the two cosmic supremes that joined the fierce mosquitoes in the past year were degraded, and the Supreme of the Universe is indeed difficult to completely kill. example

For example, Ye Xuan, with the blood of the three universes of the third universe, besieged an enemy who was only the first stage of the universe, but eventually let the other party use the secret to escape.

But if it is the power of the ancients, it is another matter. when

The reason why the two cosmic supremes of the year fell to this place was clearly because of the fact that a certain ancient man who had been sitting in the forbidden place of the murderous mosquito was shot.

That is to say, even at that time, this mosquito banned the land, it is already a top-ranking strong forbidden land with the power of the ancients.

This means that there are at least one of the two ancient powers sitting in the forbidden land of this murderous mosquito. At least one of them is the old-fashioned power of the ancients. Its cultivation is strength, it is not the beginning of this...

The reason for this is that it is an extremely powerful top-level forbidden forbidden place, but the outside world has never known it. It has always regarded the murderous forbidden area as the advanced and strong forbidden place where only the universe is supreme.

The reason is also very simple.

Once the starry beasts coming outside, they will not go out, or they will be killed or detained.

The murderous mosquitoes, the star-studded beasts of other races, and the ancient survivors who lived in this top-notch forbidden land will basically not go out.

Even if there are some strong presences occasionally, there will be no contact with other places outside the forbidden land.

Therefore, when the news is blocked, no one knows that there is actually a top-level strong forbidden place, and it is completely understandable...

It's really a dog! original

I thought it was a high-level and strong forbidden place, so even if I had a heart to come in and find out, but Ye Xuan still waited for the ninth change of the konjac to have the power of the universe supreme level. Only to start the action. because

For the senior to strong forbidden land, the strongest person in the town is the supreme universe. Hold

With the same level of combat power, after Ye Xuan entered here, he was able to cope with the inevitable changes. Even if he could not fight, he would have no problem. but

It seems that the situation has suddenly become more serious. This

There are wild powers in the world, and there is more than one, one of them, at least the middle of the wild.

Xuan now even in the ninth state of the konjac change bloodline supernatural powers, the strongest combat power is only the second order of the universe, compared with the wilderness of the medium-term situation, weaker a big realm.

If it is really to be targeted by the other party, whether he can successfully activate the interstellar coordinate jump ability attached to the internal system is still unknown. complete

Actually, this situation has not been seen before! brain

The thoughts flashed through the sea, and Ye Xuan was in the midst of sinking...

Now the situation has changed, and he has only just entered the stagnation of this murderous mosquito. All actions have not yet been carried out. It can even be said that the follow-up action is not even planned at the moment. Both

However, without deepening, it is no problem to quit quietly again. Place

Therefore, he is now faced with two choices, or he will continue to move forward. According to the previous plan, he will show up in the form of a starry sky with the immortality of the emperor, and explore the general situation of this area. Decide how to proceed in the follow-up.

Or, just how to get there, squatting out of the stagnation of the mosquitoes. In the future, after the ninth change of the konjac and the \*\*\*\* genius, after having the power of the ancient power level, I will enter the brain again...

In the sea, hundreds of thoughts and thousands of turns, thinking about these two choices, for a time, Ye Xuan actually fell into a dilemma. "

No matter what, when it comes, it is safe, even if this is a top-level strong forbidden place? As long as you don't take the initiative to provoke the two wild powers, plus the usual low-key and careful behavior on the weekday, there should be no problem..."

After the entanglement, Ye Xuan finally made a decision.

He decided to bite his teeth and stay in danger. He will follow the previous plan and start his actions:  
"The road to practice, if everything is considered, it will be hesitant when you encounter a little danger.  
How can you have a strong heart?"

At this point, he did not hesitate. When he even thought about it, he removed the secret law of blood and sea. The form of only a small drop of blood was disappeared instantly, and the avatar was violent for a starry sky.

However, the magical power of the perfect shock is still open, and the atmosphere of his whole body is perfectly condensed. do

After all this, Ye Xuan's attention was put on the outside world, and the empty airs around the distance, those who were originally crouching on the ground, shivering and shaking, all of which have now returned to normal. because

After the sound of the screaming noise of the ancient powers, there was no follow-up movement. The powerful power of the sky was gradually dissipated. These starry beasts were shaken from the rustling state. Get out of it. One

After the investigation, it was confirmed that all the starry beasts in the four weeks had returned to normal. After nothing else, Ye Xuan sighed with a sigh of relief, still maintaining the state of perfection of the spirit of magic, and quickly rushed to the back of a life star. left

Look right, make sure that there is no one to pay attention to, this will be between the meditation, the magical spirit of the perfect oscillation, and some will be lifted. Are

Between the moments, a starry sky with a ten-foot-high violent appearance appears, and the body's tempered atmosphere is the third dimension of the immortality of the emperor. When it appears, it is perfectly integrated into the background of this area. Turkic feeling...

Chapter 4525: Replace it

"call out!"

The faint sound of breaking through the air, a starry sky with a ten-foot high, rushing out from the back of a life star, appeared in the void environment of this area.

The scent of the body that has been dispersed in the body is the third order of the immortal. This

The head is violent, it is Ye Xuan.

As he emerged, he rushed out from the back of a life star, and there were some star race beasts of different races in the vicinity, which sensed his breath.

Soon, these starry beasts cast a notice to Ye Xuan, repaired to be less powerful than the emperor, and even the body shape has stopped. square

Among the various ethnic stars and beasts within a few hundred million miles, there are two Zerg in the royal world, and the starry sky in the two royal worlds. When he saw him appear, his figure did not stop. Go, where are you going?

But it turned to Ye Xuan's point of view, nodded slightly, it was said hello. leaf

Xuan Xintou is slightly nervous. These little ants are naturally fearless, but they are worried that they will be seen. This will lead to the attention of the wilderness in this forbidden mosquito. band

With this kind of tension, he also learned the immortal appearance of the four emperors, slowly moving toward a life star in front, the figure did not stop, just just nodded at them, it was said to say hello...  
...very

Fast, the four immortal levels of the emperor are far away, and the other starry beasts in the vicinity of hundreds of millions of miles are returning to normal, no longer paying attention to him.

The first debut, Ye Xuan easily resisted the past, which made him an instant increase in confidence, and the confidence is enough. Do not

However, this is only the first step, just a transitional step.

Ye Xuan can't just walk in this forbidden mosquito with the immortal cultivation of the emperor. In that case, the monkey year can not find the \*\*\*\* fall, and inquire about the information related to the mysterious parent star. This

Some things are definitely not accessible to a family of immortals. Want

Want to get in touch with these as soon as possible, Ye Xuan must at least have a reasonable cosmic identity, preferably the Lord of the universe. and

Moreover, the owner of this identity, like him, is a starry sky, so that there is no need to change the breath of the blood, so even if it is noticed by the two ancients in the forbidden land of this mosquito Exploring him can also be unspeakable. because

For him, there is a konjac bloodline in his body, which is in line with the violent starry sky. This

Although there are hundreds of life stars in the film area, they are not crowded in one place, but scattered. Basically, in the universe of hundreds of millions of miles, there are three or four life stars. Enter

The stars and beasts of these life stars have a variety of races. Ye Xuan has been paying attention before. whole

Among the various starry beasts in the area, there is starry sky, and Ye Xuan has long noticed that these starry sky appearing in the void are basically in and out of several life stars. Out. If

If there are no accidents, the strongest of the stars in these life stars should be starry and violent.

After all, although this murderous mosquito is in the forbidden place, it is like a hodgepodge, there are all kinds of starry beasts, and there are even old people, but basically they should all live in groups. this

At this moment, Ye Xuan's forward target star is one of the stars with a lot of stars and violent in and out. he

To find a powerful starry temper, at least you must have the strength of the cosmic sage, preferably the Lord of the universe...

Then think of ways to approach, thunder, quickly kill it, and replace it. Finish

In all this way, Ye Xuan will have a formal and reasonable identity if he has a formal ban in this murderous mob. So, when other activities are carried out in the future, all kinds of troubles will be avoided as much as possible. "

call out! "micro

The weak sound of the air broke out, and Ye Xuan's body was turned into a man. After the target star, he did not hesitate, and went straight through the atmosphere and entered the interior of the star.

Everything in front of me is suddenly open.

The aura of heaven and earth in this star is still not good, and the green mountains and green waters are full of vitality. although

However, in the interior of this star, there are also some star-studded beasts of other races, but looking at them, more than 80% of them are all starry and violent.

Of course, even if the starry sky is violent, there are body sizes and faint differences in appearance. For example, the human race, although it is both a nose, but the face is still different.

After entering here, Ye Xuan is even more inconspicuous, and the emperor is immortal. In this top-level strong forbidden land, it should be just a small leader.

Ye Xuan looked at it, even if it was the interior of this star, the imperial emperor was not a minority. This weather is not the primary that Ye Xuan encountered before, and the intermediate to strong forbidden land is comparable.

I am afraid that the so-called high-powered forbidden land in the so-called cosmic supreme is far worse!

However, the star field inside this star is a bit strange. Ye Xuan tried it. The powerful \*\*\*\* of the immortal level of the emperor could not cover the entire interior of the star. This is mostly because the soil contains too many minerals such as metamagnetic. Relationship. Such as

In this case, if he wants to check the details of this whole star, it will be a little troublesome.

It is necessary to go somewhere and explore separately, but Ye Xuan did not make this choice.

After a little indulging, he secretly activated the \*\*\*\* magical power of the konjac, and it was directly applied to the ninth change. Of course, at the same time, the secret of blood and sea and the magical power of perfect shock were also motivated. Place

Therefore, although the konjac's \*\*\*\* magical powers have been cast to the ninth change, but Ye Xuan's body shape has not changed, still only ten feet high. and

Although his strength in the body has reached the second level of the universe, but because of the magical power of the perfect shock, the current Ye Xuan, the body of the air is still the same as before, for the emperor Immortal third order.

But in fact, at this moment, he already has the horror of the second order of the universe. No

If there is any hesitation, Ye Xuan will push the power of the gods to the extreme in the first time. Under the premise of concealing the air machine as much as possible, the whole life of this life star will be covered...

Almost a moment, all the internal conditions of this life star have been collected in Ye Xuan's mind. he

The spirit of the moment is also a moment, because in the exploration of the gods, he found the strongest person sitting in this life star.

It really is a starry sky. The body shape under normal conditions is not very big, only about a hundred feet, but its cultivation is quite extraordinary. It is the sixth order of the universe, only one step, you can step into this. Late in the world. only

In the middle of the universe, only the sixth-order universe, under the deliberate concealment of Ye Xuan, even the power of the sacred world that he quietly unfolded to explore, there is no sense! This

It is definitely the best opportunity. As soon as you immediately take out the thunderous means and kill this violently, Ye Xuan can replace it. In this forbidden mosquito, you can safely go ahead...

Chapter 4526: Wu Nai Devil

With Ye Xuan quietly and silently transforming the body of the konjac into the ninth change, everything in the life star under his feet will instantly capture his mind.

Almost for a moment, Ye Xuan has locked in the position of the strongest person sitting in this life star. that

It is a vast valley sandwiched by three giant peaks.

This starry sky with the sixth-order powerful repair of the Lord of the Universe is very enjoyable.

This valley is like a spring season, the left and right sides and the back are all huge peaks. There are countless spiritual fruits in the meantime.

On the far side of the valley, there is a vast sea area. although

However, the sea is undulating, but there is no visible figure of a starry beast, including water and underwater.

Obviously, this piece of sea is a powerful and violent sight to see the scenery. As a violent starry sky, this guy is quite elegant, and the place of the nest is a seascape valley. Beautiful and pleasant! can

Unfortunately, all this has no meaning, because he has been stared at by Ye Xuan today, and is destined to fall to this...

Today's Ye Xuan, although the body is only ten feet high, and she has gone back to the huge figure of 60 million miles. It is called the endless blood and strength, and the effect of self-cultivation is the first-order bonus.

Even so, he is now on the surface of the immortal third order, the real life of the body is surging and surging, but still reaches the second order of the horrible universe supreme.

Compared with the sixth-order of the Lord of the universe, even the starry sky turmoil that has not yet entered the late stage of this universe is stronger than just a little bit. With just one blow, you can instantly kill each other! will

After the gods recovered, they determined that everything was normal. After there was no abnormality, Ye Xuan made an immediate decision...

"call out!"

Under the flash of the cold mang, the body shape of Ye Xuan disappeared in the same place, almost at the same instant. When it appeared again, it was already within the seascape valley of the sea. mountain

The valley is vast, there are no other beasts inside, even if there is no violent starry sky, only a \*\*\*\* temper with a hundred feet high, is in the depths of the valley. This

The \*\*\*\* and violent head of the whole body, such as blood, is the target of Ye Xuan. The life star that sits at the foot of the head, repaired to the strength reached the powerful existence of the sixth order of the universe. leaf

Although Xuan is the perfect secret of the spirit of the spirit of the shock, the second level of the horror of the horror of the body is repaired as strength, perfectly concealed, but in order not to attract attention, he still shows the repair of the imperial emperor. For strength. This

The first layer is scented and not concealed. Place

Therefore, with his arrival, the \*\*\*\* and violent screams in the depths of the valley in front of him, the first time there was a notice.

However, he apparently also sensed the blood of the starry sky that was scattered in Ye Xuan's body, so he was not warned, and he did not even care about it. He did not blink, and he was still false. complete

In fact, in this life star, he is the ancestor of the violent starry sky.

Since it is an ancestor, how can it be a so-called vigilant heart for a ancestors of the same family? Do not

However, although there is no vigilance, this head obviously has a strong and violent temperament. It is obviously quite dissatisfied with the sudden arrival of Ye Xuan's strength as a singular ancestor. of.

His body shape has not moved, still relying on the huge green fluorite stone that looks like a throne, the eyelids are not smashed, but the voice of dissatisfaction is revealed together, but it is instantly transmitted and resounded through this vast valley. "

The little nephews are all immortal, do you still know the rules of the king? Get out, go to the front of the sea, blew it..."

However, the same family, but the starry beasts rarely pay attention to blood and family, not to mention, the starry sky here is too much violent, just jump out of a starry and violent starry sky, even if it has a blood relationship with him, That is also extremely thin. or

For this reason, the \*\*\*\* temper on the front of the Qingying Stone Throne, suddenly came to this moment, disturbed the rest of the rest of his family, and even had no mercy.

It's just this little thing, it's actually Ye Xuan's self-destruction, and it's not here, it's free of soiling, and he's going to blow himself up over the so-called Bohai Sea outside the valley. All

It's dead, and people have to go to the designated place to make their own decisions according to their own requirements... There is no doubt that this \*\*\*\* and violent is not only cold-blooded, but also extremely ferocious! on

Even Ye Xuan has some things that can't be seen..."

Seeing that you are a starry and violent part of the star, the original heart of the star is still a bit uncomfortable. Now it seems that you are clearly arrogant, you should die! "

With the words of endless contempt in the mouth, the violent shoulders swayed, and its shape was instantly easy to disappear. When it appeared again, it was already inside the valley, and the \*\*\*\* scorpion on the Qingying stone throne. It's violent, but it's only a few dozen miles..."

you....."

At this moment, the \*\*\*\* temper finally realized that it was wrong. The eyes that had been closed were suddenly opened, and two blood awns were shot, and they came to Ye Xuan.

There is a strong horror in the body, which instantly dissipates. The blink of an eye has covered the life star under the feet, and the countless beasts in other areas in the valley are all stunned in the middle of fear. shake.

It's a pity that it's just like this. Although he has realized that Ye Xuan has problems, he has no chance to shoot..."

boom! "

There was no suspense in the following, and a huge roar sounded from the valley.

As the violent figure swayed and slammed directly, the \*\*\*\* and violent temperament of the sixth-order arrogant territory did not even have a chance to mourn, and the huge body suddenly exploded.

In an instant, in the ordinary state, only the body of the lord, who is only about a hundred feet, will be completely blown up for a gorgeous \*\*\*\* fog, and will spread!

"Hey!"

With all this, the violent wave waved in the first place, and a huge invisible enthusiasm rolled out of the body, covering the entire valley. just

The \*\*\*\* fog that had just spread out was swept away. After being in the body, it was immediately sent to Shennong Ding by Ye Xuan, and blood purification was carried out!

At the same time, among the \*\*\*\* mists that spread out, there was a \*\*\*\* and violent remnant, which was directly received by Ye Xuan, and immediately began to search for souls.

After a short period of interest, Ye Xuan opened his eyes again, and the singer was flashing.

Although it is only a smashing soul, there are not many messages to be searched. Therefore, Ye Xuan still knows nothing about the other conditions in this banned mosquito. but

At least, he knew that the \*\*\*\* temper that had just been killed by him was enough.

"From now on, I am... Devil!"

In the mouth of the chilly man, the violent mouth, the sound of whispering like Ye Xuan's nightmare...

Chapter 4527: Second order

A fist to kill \*\*\*\* and violent, Ye Xuan's hands, once again a master of blood, but now, he is not too care! ape

The devil, this is the name of this \*\*\*\* and violent, in fact, he is not only the strongest person sitting in the foot of this star.

Dozens of life stars in the surrounding tens of millions of miles are all dominated by him. Of course, within the dozens of life stars, there are other cosmic masters and cosmic sages.

Among them, the three masters of the universe are in the realm of two stars. Yu

There are ten statues of the sages, and they are cultivated from the first to the ninth.

To say that Ye Xuan was quite lucky this time, just pick a life star, which is actually the best target. heart

After a sigh of relief, he quickly changed his body shape to a hundred feet. Because it was originally a violent form, the others did not need to change. It just changed the body's flaws into blood.

It seems that the \*\*\*\* and violent blood that was just bombarded by him is exactly the same.

Of course, there is also the cultivation of strength. Ye Xuan's original cultivation is the first step of the universe. In the state of activating the body of the konjac and the blood, the second order of the universe. Now

In that, he needs to reach the sixth-order cultivation of the Lord of the Universe, and only activates the blood of the konjac, and activates to the fourth change.

After all this is done, Ye Xuan has no difference in body shape, appearance, or the strength of the body, and even the temperament of the blood. although

Even if other lords of the universe, such as a zerg, can change into this way, but after all, can not withstand exploration, the ancient power can still see the clue. can

This problem is completely absent for Ye Xuan. He has violent blood in his body, and everything is truly incomparable.

After finishing all this, Ye Xuan looked at himself first, everything was seamless, without any flaws. At this moment, he had been hanging in the eyes of the blind man, and finally fell back completely.

Under the sudden sin of the heartstrings, even the state of mind, even without a sense of a slight sublimation. long

Under the high tension of time, the heartstring is suddenly loose, which is also an understandable change. but

For Ye Xuan, it is an unexpected joy, because the improvement of the mood, representing his opportunity to break through again, has come. "

This is also the case, and now the first stage of the universe, the early breakthrough into the nine-order great consummation of the Lord of the universe, once the real into the universe of supreme, then, in the ninth state of the konjac change, I can It has the terrorist power of the ancient and powerful world. ""

In this way, even in this forbidden mosquito, there is no need to be too careful to act, even if it is still low-key and careful, but at least, the qi is completely different..."

Having said that, Ye Xuan no longer speaks. He has suddenly decided to take this opportunity and start a retreat to attack the second order of the Lord of the Universe. "

call out! "

The faint sound of the air broke, and after the decision, Ye Xuan swayed into a huge cave at the bottom of the mountain behind the valley. This place is obviously the \*\*\*\* and violent retreat. but

Now, it has fallen into the hands of Ye Xuan. in

The space is very large, and there are many top treasures and refining consumables.

After all, \*\*\*\* violent temper is a sixth-order lord, only one step can enter the late stage of this situation, and the family is still very rich. No

Half a bit hesitant, Ye Xuan waved his hand, rolled up all the treasures, and earned the immortal world. Then he waved his hand, closed the hole, and set up a heavy isolation and ban, he took Shennong Ding, of course, yes. Reduce the shape. "

Oh..." with

With a step, Ye Xuan entered the Shennong Ding Ding mouth with a colorful mist, followed by a wave of his hand, and immediately there was a sound of emptiness, and a spurt of glare came out, hanging in front of him, all from him. The cultivation resources taken out of the immortal world.

Including the \*\*\*\* scorpion that was just smashed by \*\*\*\* temper, he also took it out and prepared to swallow it as a cultivation resource, which guaranteed the chance of a smooth breakthrough. anti-

There are enough twenty-seventh-level Baodan in the hands of the hands, and there are fourteen, and there is no need to store the blood of the master. very

Fast, Ye Xuan mobilized Shennong Ding's domain field power, compressing all the cultivation resources to the size of only the baby fist, swallowed in the belly.

"Oh la la..."

Unexpectedly, the overwhelming chain of sounds sounded in his body for a moment, but this time there is only one chain of shackles!

Ye Xuan is concentrating on the spirit, urging the energy that has just formed in the body, and launching a large Sunday operation in the body and the whole body to accumulate strength.

The pain of the heart pierced his entire body and mind in an instant, but for Ye Xuan, it is still nothing, he has long been used to it.

Time is slowly flowing. Under Ye Xuan's all-hearted and full-scale operation, this time, it only takes about one and a half days, and the energy of the body has been completely refining. leaf

Xuan is only a shock, and this sturdy chain of shackles has been broken.

When the shackle chain completely collapsed, the expected system sounds and sounded quickly in Ye Xuan's mind..."

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the second order of the Lord of the universe! ""

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: the second order of the Lord of the universe! "

The second order of the king!

This breakthrough will undoubtedly make Ye Xuan's combat power rise again! It

Before, the cultivation of his deity was the first step of the master of the universe. Once he activated the blood of the ancient konjac, he could climb to the second order of the lord. and

If you then use the konjac to change the magical powers and reach the ninth change, the combat power will immediately rise to the second level of the universe!

But now, with the completion of this breakthrough, Ye Xuan will activate the third-order refinement of the universe after activating the blood of the konjac in the body, and if it is to display the magical power of the konjac, and directly enter The ninth change, the peak force will be able to reach the third level of the universe!

This is the peak of the beginning of this situation, and further, it can enter the middle of the universe. thing

In fact, if it is counted on the horrible blood of the huge body of 60 million miles in the ninth state of violent temperament, Ye Xuan's real combat power can basically be compared with the universe of the fourth-order universe. Now! and also

That is to say, nowadays, the cosmic supreme of any initial situation will meet him, and he will fall into a stature, or flee. Will

In the medium term, even if it is the fifth-order, sixth-order, Ye Xuan has been able to face the battle and be unbeaten.

After all, as long as he exerts the secrets of blood and sea, and motivates the avatar, Ye Xuan will be able to condense three \*\*\*\* seas with fourth-order combat power, and join hands with the fifth-order sixth-order. The supreme cosmic of the universe is not in the words. One

In the blink of an eye, only the universe supreme above the seven-order world can pose a threat to him...

Chapter 4528: Seven Greats

In just one and a half days, Ye Xuan once again made a smooth breakthrough. Today, his own cultivation is the second order of the universe.

And if the \*\*\*\* magical power of the konjac is changed to the ninth change, then, in a moment, the third-order terrorist power of the universe can be possessed. "

call out! "

After calming down the emotions, Ye Xuan waved up and walked out from the Shennong Ding Ding mouth with a colorful mist. When he waved his hand, he took Shennong Ding into the body. tight

Then, the previously severely banned, it was completely removed by him. After the opening of the Dongfu, Ye Xuan stepped out of the body, and the seventh-order master of the body of the universe was breathed, and was instantly pushed to the extreme.

"Roar....."

Walking out of the mountain cave house, to the outside of the valley, Ye Xuan Yang hair out of a violent, revealing endless joy. Both

If you break through, you should let the outside world know!

At this moment, with the powerful atmosphere of the seventh-order master of the universe in his body, the stars are slightly trembled, and the countless stars and beasts within the stars are all smashed to the ground and shiver! with

At the time, there are even more scornful voices that sing in the interior of the stars, revealing joy and excitement. he

Our demon king finally broke through. From the sixth stage of the universe, it entered the seventh stage of the universe and became a powerful late-time master. This is naturally worthy of being happy.

For such an effect, Ye Xuan was extremely satisfied, but after a violent sigh, he ignored it and sat down on the Qingying Stone Throne in the valley. he

In thinking about the next step of the action, although the identity of the demon king has been successfully obtained, it is only to pave the way for everything that follows. he

Entering the two goals of this top-level strong forbidden land, one of them has not yet started. I really want to say that there is no half-point progress, and naturally it should not be too late...

At this time, his body suddenly came a familiar incitement, that is the movement of the smoke, Ye Xuan heart move, a wave of hands, will directly want to smoke.

"咻..." micro

The weak sound of the air broke out, and Bao Luo screamed out, and the wind rose. The blink of an eye turned into a pink pipa of a hundred feet in size, and the sky in front of Ye Xuan slowly rises and falls, revealing a very powerful mystery. Breath. a few

At the same moment that Bao Luo was sacrificed, the voice of Zixia Fairy came out, and it was gentle and pleasant. He listened to his ears and made the bones lightly three or two: "Master, this time, closed sleep The harvest is too great, and the sisters have already broken through to the universe."

"what?"

Ye Xuan stood up and stayed asleep, and the face suddenly showed an ecstatic look. he

Waiting for this day, waited for too long, too long...

The seven ancient sacred repairs in Yanluo, namely the ancestral ancestors, the ancestral ancestors, the ancestors, the nine-day virgins, the nine-tailed foxes, the phoenix goddesses, and the Zixia fairy, seven of them in the distant ruin Zeng Yan is a wild.

Known as the seven great savage repairs, the name is alive! Rear

Come, the ancient world broke out in the war, the seven major repairs were all fallen, but each had a source of consciousness, sealed in the ancients and heavy smoke. One

Until the endless years, this treasure was obtained by Ye Xuan, and experienced various obstacles in the meantime. Until now, the seven great cults that had been famous in the past, finally reunited into the universe after the reunion. .

Of course, the seven great sacred repairs in the far-flung era, all of them are the existence of the ancient level of the ancients, and now they have recovered to the cultivation of the Sacred. but

From the peak of the past life, there is still a long way to go, but this distance is not too far away. After all, the cosmic sage is the Lord of the universe, the universe is supreme, and then, it can reach the ancient power of the wild...

That is to say, the seven major cults in the smog of the smog are only three major realms from the restoration of the last peak of the past. Take

The number of top-level cultivation resources that Ye Xuan provides them, plus the speed at which they have been recovering, perhaps, this distance, just three times of sleep retreat, can be completed!

Thinking of this, Ye Xuan's breath is heavy, his chest is ups and downs, and he is very excited.

He is looking forward to that day. Once he arrives, he will have seven powerful wild powers. This is definitely a terrorist camp that has swept the eight wildernesses. I have never seen such a luxurious scene since the ages!

"call out!"

"Hey..."

Just as his heart swelled, a faint sound of broken air rang out, and seven lines of figure rushed out of the smog in the sky.

In the void in front of Ye Xuan, the words are lined up...

It is the seven major repairs that have closed the sleep in Baoluo.

This is the seven sacred repairs of the famous and unfamiliar. No matter which one is the existence of the face and the body, the temperament is different. At this moment, it is a feeling that the pair of eyes is not enough.

Although I have been in contact for a long time, but at this moment, Ye Xuan still can't hold it, the heartbeat is faintly accelerated, and even the breathing is rushing. The nose seems to be faint and itchy, and the nosebleed seems to be thrown out at any time.

"See the owner..."

As the figure emerged, seven glamorous savage savage repairs, while at the same time laughing at Ye Xuanjiao Yingying, screaming at the owner, then they discovered the current strength of Ye Xuan, so The whispering sounds like a tidal wave..."

hiss! Master, your cultivation is strength... Actually entering the country so fast? How long has it not been seen, and it has soared to the seventh order of the Lord of the Universe? ""

Originally, I thought that we only recovered from the previous life. It was already a very fast speed. I didn't expect to compare it with the owner, but it was not enough. "

"That is, we swallowed so many nine-color magical medicines, and made a full breakthrough in the slumber, and it only returned to the universe. The master has already entered the late stage of the universe... This is not a level. speed.""

It seems that staying with the master is faster, and the sisters are better off than sleeping in Baoluo afterwards. It is better to follow the master directly. Maybe soon, it will be able to return to the old age of the previous peak. Can repair for..."

Not a few words, a group of hoes suddenly screamed, and sometimes smiled, seeing Ye Xuan is speechless.

"Don't make trouble, know what you mean..."

In the depressed, Ye Xuan turned a blind eye, and then waved a hand, directly from the closed cave of the bottom of the volcano in the inner space of Shennong Ding's internal space, took out a lot of colorful magical medicine. according to

The old is the same as the previous one, divided into seven, each one is full of tens of thousands of cubic meters.

As a result, the batch of nine-color magical medicines that Ye Xuan refining before suddenly lost a little less, just like a huge glimpse of a giant peak, this is the second fifth..."

call out!"

"Hey..."

With his wave, seven weak vacancies sounded, and seven volleys rushed away, and the emptiness of the sky fell abruptly. It was the seven awnings that had tens of thousands of cubic quintessential medicines...

Chapter 4529: The breath of the black hand behind the scenes

I have to say that these seven canopies are sent out with tens of thousands of cubic nine-color \*\*\*\* medicines. Even Ye Xuan himself has some pain.

Although there is no problem in the refining of the nine-color \*\*\*\* medicine, every refining system must consume a lot of treasures that are powerful in the ancient power level. leaf

Although Xuan's hands still have a lot of treasures left behind by the ancients, but the ancient level of the ancients is really not much. Partial

If you want to refine the universe, you will be able to refine it. After all, it will be a little hot, and the nine-color magical medicine that has been refined will probably have a slight effect. discount.

The more powerful ancient sacred treasures, although there are some in his hands, but the headless baby corpse is not allowed to use...

Once, the nine-color magical medicine that he refines, counted this time and thrown it out, is only the seven ancient savage repairs such as the ancestral karst, which consumes 40% of the total, the remaining 60%, Ye Xuan himself and others. The rest of the family has consumed about 20%.

That is to say, the nine-color magical medicine that was refined in the last time was only 40% in his hands. also

Well, support to Ye Xuan's own strength as a breakthrough in the universe's supremacy, or no problem at all, far from being used so much..."

call out! "

"Hey..."

These seven canopies have tens of thousands of cubics of nine-color magical medicines taken out by Ye Xuan, hanging in the front halfway, and a faint sound of broken air will ring again. This

The seven gimmicks are clearly used to the hand, and they are not at all polite. The white jade arm is under the sway of the arm, and the seven canopies are placed in the outside for a moment, so that countless cosmic sages are blushing and crazy. The colorful medicinal herbs are lightly harvested into the body. Following

However, it is like a trivial little thing just done, and I can't help but look around.

While looking at the environment around the valley, I was still talking about it...

"Hey, where is this? Master, the scenery is good..."

A lot of violent, the beasts in the whole star, at least 70% are all starry and violent, master, these will not all be your embarrassment? ""

This is too raw..."

Beyond this star, there is a vaguely fascinating atmosphere, oh... there is a splendid galaxy in the distance, like the Milky Way star where the parent star is. ""

No, it's not just like, there is the Milky Way star where the parent star is. It was a battle in the early days of the world. The entire vast Milky Way star field flew with the mother star. No one knows the whereabouts. I didn't expect this world to actually Appear. "

"Hong Meng's void! It turns out that the Galaxy's star field has flown to Hongkong's void!"

A lot of powerful atmosphere, the entire vast expanse of the Milky Way, actually surrounded so many powerful forces, not... The deepest part of this star field, there is a very familiar atmosphere! "

"Yes, although it is very concealed, but... definitely the old guy that year..."

"Sisters, the black hand behind the scenes has been found, and our enemies are still alive. From the distant era of the wild, to the present, they crouch in the deepest part of this starry sky..."

These seven gimmicks, now all have been restored to the strength of the universe, and now because of curiosity, the power of the gods is extended, and beyond this star, even through the edge of this murderous forbidden land Spread to the outside world and saw the right bank of the Milky Way in the distance...

In the process, the seven gimmicks explored and explored the things and sights of the gods.

Although this is not appropriate, it is still within the forbidden ground.

However, Ye Xuan has not stopped too much. After all, this is a top-level strong forbidden land. There are many masters of the universe, and there are more cosmic people. Even if there are several cosmic gods in the void, the gods are exploring. It is also impossible to attract the attention of the two ancient powers sitting in the deepest part of the forbidden land. no

Then, even if it is a ridiculous power, pay close attention to these on weekdays, and the horror must be exhausted and tired.

Moreover, these seven gimmicks have been sleeping in the inner space of the smoky, and it is difficult to come out once, and Ye Xuan also knows that they just look at the fresh and will soon lose interest.

By then, they will be paid to Baoluo, and there will be nothing to be peaceful.

However, the evolution of the matter clearly exceeded the expectations of Ye Xuan, and his unexpected accidents suddenly came without warning.

As the sound of the cymbals in the mouths of the seven scorpions continued, they seemed to capture a familiar atmosphere in the void of the shackles.

Listening to the words of the gimmicks, this sigh is very concealed, very weak, but they are very familiar, it seems that there are some intersections with the seven gimmicks in the past life... and this intersection is clearly an enemy friend!

And listening to the mysterious direction that they mentioned is located in the deepest part of this starry sky. It is clearly the core of the forbidden land. If there is no accident, it is the ancient power of the wilderness in the forbidden land. Area.....

This is also reasonable. After all, the seven ancestors were all horrific in the era of the ancient powers, able to avenge them, and at the same time enemies, it seems that they still have their existence in the back, repaired as strength, and can be too weak What? most

Less is also the existence of the ancient power level of the ancients. It may even be the ancient sacred, or the half-step sacredness of the ruins of the ruins of the ancients. After all, the seven women are born again and again, and their strength is not restored.

But people, but they have always lived, from the distant era of the past, to live in the world!

This is definitely a super horrible super grotesque. Even Ye Xuan heard the words of the seven gimmicks in a cold voice. When they flashed these thoughts in their minds, they all jumped, widened their eyes, and slightly opened their mouths. It's like being stunned...

And just as he was so devout, because he captured the familiar concealed atmosphere in the deepest part of the forbidden mosquito, and thus the seven gimmicks that had been raging in an instant. in

After looking at each other, they exchanged a look, and they reached a certain consensus in an instant. They eagerly turned to see Ye Xuan at the same time.

The hustle and bustle of the previous hustle and bustle has long since disappeared. The seven gimmicks and the look on the face are all extremely dignified. The stunned eyes are shot with firm eyes, and even more cold and cold...

"Master, you are leaving now, leave here!"

"Yes, our sisters have met the enemies of past lives, and they are hatreds that cannot be resolved. We must revenge..."

But it can't be so tired of the owner. The other party is very powerful. We are very likely not to be opponents, but this war can't escape. The master has the re-creation of us. We can fall to the market ourselves, but the master must leave. ! ""

Please master to complete..."

The implication is that they are going to die, and asked Ye Xuan to turn away, the first pace of deserters! brain

The thoughts flashed through the sea, and Ye Xuan was speechless. He turned a blind eye and stunned on the spot: "All lived out of the second world. After a long time, you still have no brains to turn around. No wonder the past lives were people. The damage is so terrible, there is only one remnant of the soul, or is banned..."

Chapter 4530: Predecessor

When I heard Ye Xuan's words, the seven gimmicks were a bit dumbfounded, and they looked at each other. Although they all showed indignation on their faces, they did not dare to say anything about Ye Xuan. In their hearts, Ye Xuan had a re-creation. Grace, this master is not called casually. "

OK, let's enter Baoluo first, so as to avoid unnecessary attention from the sensible gods. If it is a great power, it will be troublesome..."

Said, Ye Xuan raised his finger to the side of the air in the air: "Where is the situation, after entering Baoluo, exchange with the gods, let's talk in detail..."

Therefore, the seven hoes did not persist. After nodding, the physiques were all turned into a mans, and they disappeared into Baolu in an instant.

Ye Xuan did not delay any more, and waved Bao Luo into the immortal world.

Later, the gods were extended and rushed out of the atmosphere of the star under the feet, into the void of the universe outside the stars, and explored it. It was determined that everything before it did not disturb the existence. After attracting attention, this rest assured. will

After the gods recovered, Ye Xuan swayed and turned to sit on the Qingying Stone Throne in the valley. It seemed to be in the falsehood, but in fact, it was in the dark with the gods and the seven gimmicks in the body. communicate with. Correct

Ye Xuan is also very interested in the words of the seven Shantou talents, and is extremely concerned. This is related to the secret of a strong presence in the depths of the shackles of the murderous mosquitoes, which may reveal his identity. he

I was not eager to express my opinion, but asked the seven gimmicks in detail about what happened in the past...

This time, the seven gimmicks did not linger again. The other six gimmicks all remained silent. Only the last fallen Zixia fairy declared everything in that year...

It turned out that when the floods broke out in the past, the seven gimmicks, which were the seven savage savage savage, did not join any of the camps of headless corpses and hunters.

In fact, they did not participate in the war at all, and they were not interested in it.

But in the end, all the seven gimmicks were degraded, and the flesh was either completely exploded, or because of some secret method and opportunity, leaving a remnant, and it was only in this world that Ye Xuan recovered and rebuilt the treasure.

When the seven gimmicks were in the past, although they were called the seven ancient cults, but in fact, before the fall of the year, although there were several gimmicks in each other, they were not all familiar, but there were several gimmicks. There is no intersection at all. to

They were involved in the ravages of the past, and the reasons were different. Some of them were inadvertently encountering inexplicable strong enemies in the void, and the other side took the initiative to attack and were forced to face the battle and eventually fell.

Some of them are because they suddenly get some kind of news, and they are related to some secret treasures or starry resources. They can't help but start exploring, and eventually an accident occurs, and it falls under the war. and also

For this reason, the seven gimmicks did not have any doubts about this. They thought that the reason why they fell down was that they were not lucky. very

As for, even the remnants of the soul left behind after their fall are all earned into the treasures of the ancients, and they are sealed in it. None of the seven gimmicks have been suspected before. recognize

For this should be a strong presence in the era of the ruins of the past, that is, the owner of this smog, when walking in the sky, the land continued to encounter the remnants of their remnants after the trench, so they immediately earned Within the treasure. pure

It was a good luck. In the end, it was a coincidence that all the ruins of the seven ancient savage savage savage were collected.

Until the end of the last sleep, after the wake-up, the seven gimmicks chatted in Baoluo, and when they talked about the past and the fallen, they suddenly realized that they had discovered a huge conspiracy. that

It was the original evasion of the world, and it was simply unintentional to participate in the seven gimmicks of the raging war in the past. Later, the reason why all of them were successively degraded was because there was a mysterious black hand behind the scenes.

In order to talk about the passing of their past lives, the seven gimmicks discovered that before they fell, they were involved in a battle, and eventually they fell, all of which were related to a mysterious existence.

It can be said that the fall of the seven gimmicks seems to have no doubts, but it is not good luck, but in fact, all behind it is the result of the mysterious man's manipulation and guidance.

During the period before the fall, they all came into contact with a mysterious old man, whether they decided to set off to explore some of the stars and ruins, or inadvertently swam in the void, encountering strong enemies, and then breaking out, all with That mysterious old man is related. Such as

It seems that if there are no accidents, the mysterious old man and the old man should be the behind-the-scenes black hands that caused them to fall, and the remnants of their souls after the trenches are all through the hands of the mysterious natives. The income is intended to be smoked and sealed.

However, this how Bao Luo later flowed to the three major star planes of the world, and finally fell into the hands of Ye Xuan. What happened in this, the seven gimmicks are unknown, and there is no speculation and deduction. ....but

Just now, when they explored the atmosphere of the star under the feet of the gods, they explored the deepest part of the forbidden land outside the stars, but they captured a familiar atmosphere.

It belongs to the atmosphere of the mysterious old man of the year! Take

The seven gimmicks were all repaired to the level of the ancient powers of the past. This kind of thing is naturally impossible to make mistakes. again

Say, one or two people are wrong, and all seven people are mistaken at the same time. Is this too clever? Basically there is no such possibility...

After all this was clearly understood, Ye Xuan finally understood the mood of the seven hoes at the moment.

It's no wonder that they just got excited like this. Even if they know that the mysterious existence is strong, this world will only be restored to the universe. They are not opponents. If they go, they will definitely fall again, but they will still be in the same place. Excuse me. This

Kind of things, who can not stand the body.

The past life was murdered by the other party, but it has been kept in the dark. Until the rebirth of this life, I was shocked to learn the truth of the matter in an unexpected chat. I realized that I was deceived by the endless years until I died. .

The ruthlessness and embarrassment of death and death, suddenly shocked the facts, not blame.

"It's hard for you, but even if you understand your feelings now, I still want to stop you from revenge, at least not now..."

"After all, this world can be reborn, it is also a chance, shouldn't it be cherished?"

After a sigh, Ye Xuan voiced the gods and guided seven gimmicks, following the temptation: "Of course, the hatred is not not reported, but after you have reverted to the peak of the previous life, isn't that more important?"

Speaking of this, Ye Xuan suddenly remembered something, and asked casually: "Right, what is the mysterious old man, what is it..."
