Chapter 454: The second dragon

"Damn!"

Ye Xuan screamed in his heart, he and the white bones battle together, the bones of the city owner can not help them two, but now the bones of the city is to take the Megatron to open the knife, this is trouble.

At this point, he was in the heart of wanting not to take the Megatron to leave, because if you continue this way, the situation is not good.

However, just as the violent duration of Ye Xuan Beastmaster was about to pass, the sky suddenly plucked a red figure.

Ye Xuan Yu Guangyi, a strange saying in his heart: "Blood Ravens?"

When the blood crows masters fly in the air, they will emit red light.

But this time, Ye Xuan is admitting the wrong, flying to them is not a master of blood crows, but a holy beast, a dragon!

"what?"

The owner of the Wangu City is also a bit strange. The dragons in the ghost tombs are rarely seen. Now there is another Tianlong, and it seems to be a Tianlong of the refining stage. This is terrible.

Out of such a situation, the owner of Wangu did not dare to continue to attack, but flashed aside, first look at what this Tianlong should do.

However, after the Tianlong of this refining gas stage flew, it even flew directly toward the owner of the city, and launched an attack directly.

"What situation, the road is not flat and help?"

Ye Xuan looked at it, and met a dragon, and actually came to help him. What is going on?

The next moment, he just understood, perhaps, this Tianlong is to help on Megatron's share.

But when he thought about it, he felt that it was wrong. Megatron was only a keel.

"Is it difficult, the little dragon that I killed, is the child of this dragon?"

Ye Xuan is a big sister.

I am afraid, because he took out the dragon bone battle and made this dragon feel, so he rushed over. Then I saw that the owner of the bones was attacking Megatron, so I was furious.

"Forget it, no matter what, join hands to kill this 10,000 bone city owner and say it!"

Ye Xuan, regardless of the three seven twenty-one, once again used the Beastmaster violent, rushed up.

Although this dragon joined the battle, it is still three-on-one, because the humanoid bones will not fly, and can only be seen on land.

However, Ye Xuan's combat effectiveness has increased by more than twice.

"Damn, **** it!"

The owner of Wangu City was roaring in the heart. He had already taken advantage of it. If he gave him some time, he would be able to abolish the Tianlong bone and then turn to Ye Xuan.

It's a pity that suddenly a dragon with a higher realm than him was killed.

This Tianlong, the threat is far greater than the Ye Xuan flying up, so the owner of the city has priority to deal with it.

"Hey!" "Hey!" "Hey!"

The sound of a huge thunder is constantly spreading, and this battle is fierce.

This dragon is crazy and has attacked the owner of the bones. At the same time, Ye Xuan and Megatron are also attacking.

Under their joint efforts, the owner of Wan Gu was finally injured. He was swept in the shoulder by Ye Xuan, and was cut off a small piece of meat. The blood was stained with red.

His face became extremely gloomy, and if he continued this way, he might fall to this place.

So, you can only escape!

At the moment, he is turning around and preparing to flee back to Bone City.

However, the air is the hegemon of the Holy Beast. The speed of this dragon is far greater than that of him. On the ground, there is Ye Xuan, and he can't escape.

"Damn, don't I die here today?"

Wan Gucheng's heart was very unwilling. He originally wanted to kill people and win the treasure, but he did not expect such a thing to happen. This is really a tragedy.

"If I die, I won't make you better!"

The owner of Wangu City gnawed his teeth and burned the infuriating gas directly. However, he finally broke the ninth and ninety-nine dragons. If he burned infuriatingly, he would fall back to the ninth order.

But for now, there is no way!

However, this dragon is not a vegetarian, but also began to desperately. As for Ye Xuan, he can't help but retreat, for fear of being affected.

One person and one dragon played very hot.

The owner of Wangu City burned infuriatingly. Although the strength has soared, but it still can't kill Tianlong, then his realm is beginning to fall back, and finally it has fallen to the ninth order of the qi, but he also played this dragon. It became a serious injury.

"good chance!"

Ye Xuan's eyes lit up, together with Tianlong and Megatron's crazy attack, he knew in his heart that this 10,000-hole city was finished.

"I am resting!"

The owner of Wangu City is also desperate. Even if he burns the infuriating, he can't kill this dragon. Now his realm falls, and he is unable to return to heaven.

When the realm fell, the speed was reduced, and Tianlong concentrated his mind and spit out a burning dragon.

"boom!"

The heat wave will immediately surround the owner of the city of Wangu. However, the owner of Wangu City is also the master of a city. The established Wangu City is much stronger than the Baiguzong. Will it die under this dragon's breath?

However, just as he picked up the infuriating force to resist the dragon's breath, not long distances suddenly plundered a fierce attack and hit his chest.

"Hey!"

The owner of Wangu City suddenly made a move, and immediately spurted a blood, and was sprayed into the body by the dragon.

Suddenly, his whole person is burned up, screams like a chime-like spread.

"Do not!"

Wan bone Santo issued roar unwilling.

Less than three seconds, his body is burned to ashes.

"died?"

Ye Xuan stared, this one long interest rates, is not it a little too strong, Lianqi first order Wan Santo bone did not leave their bodies.

At this time, only the Dragon's head suddenly a turn, the eyes fall leaves Villa's body.

"not good!"

Ye Xuan's face sank, and immediately it was flashing. The next moment, there was a hot fire column.

Tianlong breathes!

This Tianlong, really wants to kill everyone, but fortunately, Ye Xuan hides even if it is sprayed.

Ye Xuan quickly evaded, but Tianlong's eyes were locked in Ye Xuan, and the faucet moved with the movement of Ye Xuan.

It is a pity that the temperature of the Tianlong Breath is too high, and the sacred ring of the Lord of the Earth is burned. Otherwise, Ye Xuan will use this ring to kill the dragon in an instant.

Tianlong's breath is still going on. Ye Xuan's speed seems to be insufficient, and the fire pillar is a little closer.

Just in the midst of this millennium, suddenly there was a sharp object, and the scorpion stabbed into the dragon's eyes, the paw of Megatron.

"it is good!"

Ye Xuan drank a word.

This Tianlong, should be revenge for the child, although it fights the old life to kill the bones of the city, but at this time it wants to kill Ye Xuan, so Ye Xuan must counterattack.

Tianlong was extremely angry. He wanted to spray Ye Xuan together, but he was attacked by Megatron. His eyes were blind and he was immediately a giant.

Fang Cai and the owner of the city of Wangu have made a double defeat. Now, Ye Xuan is coming to benefit a fisherman.
