Chapter 4541: Star Bo wants to steal the sky

"boom!"

A huge roar came, and the ridiculous mosquitoes followed the three men and started to blow themselves up. Their huge flesh was instantly turned into a more sturdy **** fog, which spread.

"Card..."

Once blew up, the empty space where the ancient murderous mosquitoes are located still does not collapse directly, forming a void black hole, just a broken inch. Hong

The power of the law in the emptiness of the air is extremely powerful. It is only this degree of damage, and the void can recover quickly. surface

For this scene, Ye Xuan once again stunned.

He didn't understand what the guys were doing, but he understood that this must be a necessary procedure. Otherwise, why not just three people and one beast? non-

It's so troublesome, it's divided into two times...

If there is no accident, the three men who had blew themselves up before, the body flew out of the blood, and after being swallowed by this wild mosquito, they should pass some unique talent in their blood, or this one. Some kind of qualitative change has taken place in some powerful secrets that the ancient mosquitoes have mastered.

At the moment, after all the previous things are completed, the savage mosquitoes have also started to blow themselves up, and the ventilated blood formed by the explosion of the flesh should be used...

"call out!"

Just as Ye Xuan's mind is pushing all of this, guessing what will happen next, from the more arrogant blood of this canopy, he also rushed out. Look

It is the same as the old murderous mosquitoes before, but it is only the soul of it, and the flesh is also exploding, and it no longer exists.

After the energy soul rushed out of the awning **** fog, he went directly to the position of the previous three lame feet, and there was no other movement. Like the three, he looked at it quietly. Everything is like an outsider. This

It is clearly waiting for the follow-up process to be carried out. They are equally concerned about the final result, and even surpass the important thing of their own success...

"Oh la la..."

At this moment, as the soul of the ridiculous mosquitoes flew out and rushed to the side, the furnace suddenly changed.

On the outer wall of the furnace, the 20,000 chain of chains were swiftly and quickly swept, and each of them was like a starry sky.

In the blink of an eye, as the furnace approaches, the two thousand striated chains are all in the **** fog formed by the savage of the savage mosquitoes.

Then, on the 20,000-character chain, the dense plaques on the chain, without exception, all lit up, blooming haze.

The **** fog formed by the savage of the ancient mosquitoes began to decrease rapidly at a speed visible to the naked eye.

Obviously, these blood mists were all absorbed by the two thousand striated chains, and they were sent into the furnace through the chains, and in the process, when the blood mist was transported along the fringe chains, At the same time, the **** lines on the chain above the chain should also play a mysterious power effect. but

What is specific, Ye Xuan is not sure...

Soon, just the time of the small half-column, the void became empty again, and the **** fog formed by the wilderness of the mosquitoes was sucked away, and it was sent to the furnace by the chain of the fringe.

"boom!"

Rumble..." also

It was at this moment that the inside of the furnace had a thunderous thunder, and Ye Xuan was very familiar. This is the huge grinding disc that started to turn again. only

However, the tens of thousands of emperors and starry beasts that had been built into the interior of the furnace have been crushed into meat, so this time there is no skeleton cracking at all. The voice came out. but

The cold hair of Ye Xuan's back was immediately erected. he

I have been in the oven and know everything inside, so even if I don't see the situation at the moment, I can clearly associate it in my mind...

Undoubtedly, among the pores in the center of the huge grinding disc, at this moment, the meat rafts, which are made of the tens of thousands of ancient survivors and the starry beasts, are half-fluid. and

Nowadays, with the re-rotation of the huge grinding discs, these semi-fluid meat dumplings are stirred again in an instant. The reason for this is undoubtedly the **** fog that will be swallowed up by the fit chain. Mixed with it...he

What are we going to do?

All these moves have become more and more strange and unpredictable. Ye Xuan's mind has turned and made various speculations, but he has never been able to figure out any clues. "

Oh..."

At this time, the low humming sounds, and the dense twitch patterns on the 20,000 chains outside the furnace wall are all faint at this moment, but the huge outer wall of the furnace is also densely packed. There were countless waves and whispers, but all of them suddenly lit up, giving off a **** sage.

At this moment, the sound of the rotation of the huge grinding disc in the furnace disappeared. Obviously, the grinding disc stopped rotating, and the tens of thousands of ancient survivors and the body of the starry beast were crushed and formed. The blood mist that was swallowed completed the fusion. and

The innumerable patterns on the outer wall of the furnace dinger that suddenly illuminate at this moment should be the final blood power blessing in the blood smog in the pores of the grinding disc...

All this is mysterious. What is the meaning of these densely colored blood-colored plaids? What is the power effect? Perhaps, only the refiners of the furnace, that is, the sorrowful eyes, can know.

With this thought flashing in my mind, Ye Xuan subconsciously looked over the blue sky and the distant eyes of the sky. "

call out! "

It is also at this moment that since the advent, there has been no turmoil in the sky, but suddenly a green man, a blue energy beam, shot from this huge blue eye than the stars. Excited

Shooting and rushing, the blink of an eye will reach the emptiness of the sky above the head. "

boom! ”

"Booming..."

Oh..."

The earth-shattering roar sounded, followed by a crisp and fierce sound... head

At the top of the high position, Hong Meng's void was torn open with a crack. but

Behind the crack, it is not dark and deep, but a kind of dream-like star, pouring out from it.

At this moment, Ye Xuan lived, and his face changed wildly. although

Through this crack, I saw only a small corner, just like a glimpse of the leopard, but he still recognized it at a glance... that is the Milky Way!

That's right, the other end of this torn crack is actually reaching the Milky Way. Do not

Of course, it's just the periphery. From this point of view, this corner of the Milky Way is still covered by a layer of translucent light and light curtains. The sky is so powerful that it can't be compared with the law of Hong Kong's void. Can not just rely on a sturdy light column, it will directly tear this layer of light and light curtain into it. also

It was at this moment that Xingbo, who was in the other direction of the void, suddenly stood up...

Chapter 4542: After all, I still went in.

"The old man's plan to steal the sky is finally the last step..."

From the body, Xing Bo's face showed a smile, but in the middle of it, it was stunned. turn

The head stood in the air in the distance, just like the spectator of the soul of the three beasts, and the slight jaw nodded, followed by a glance at the numerous furnaces with **** lines.

Finally, I turned my gaze and landed on the green eyes of the wilderness. Then I said, "Don't hesitate, rest assured. After entering, the old man will try to enter the ancestral star. If you do this, you can get that thing. Introduce all of you..."

Green eyes, this matter, only the old man can do it, what are you still hesitating? ""

The new Hongmeng era will soon be opened. This is your last chance. Otherwise, the new era of Hongmeng will be opened, and all the existence of the last epoch will be turned into dust, even if you were the will of the world. The same is true! "

"You don't have time and opportunity. Only join hands with the old man, and finally fight!"

"call out!"

This discourse has obviously played a role. star

After Bocai just finished, the green eyes of the Hongtian Tiandao once again shot a green mang, but this time, instead of shooting at the sky, it was shot at the furnace...

The sharp sound of the air broke out, and the glare of the glare went to the extreme. The speed between the blinks and the outer wall of the furnace was directly visible.

"call out....."

Almost in the next moment, the second sound broke out, more sharp, and the void resonated with it, and there was a deep humming sound that made people feel trembled.

At this moment, the numerous blood-colored smudges on the outer wall of the furnace are sharp and bright, and then it is easy to extinguish at the same time, and the breath becomes dim.

A blood-blue column of light, shot from the mouth of the furnace, only about half an inch in diameter, can be described as insignificant, but its light is very bright, obviously darker blood green, but it is impossible to look at.

Moreover, this tiny blood-green beam, the speed is almost to the extreme, it seems that it has just been shot from the mouth of the furnace, it has reached the void in the sky above the high. "

call out! "

Xingbo did not hesitate, and his body disappeared without warning, turning into a weaker gray awn, closely following the radiant green blood column...

In this scene, Ye Xuan has already understood everything.

His whole heart sank to the valley. whole

The Milky Way star field has not yet been opened, and the whole is protected by the powerful Hongmeng void law, just like the source nest stars that have nearly 3,000 breeds of Chaos Devil. This

Some of them would have to wait until the new Hongmeng era was officially opened before they would be opened before they would be born. but

Now, Xingbo has to go in advance, and his purpose is obviously not only to enter the Galaxy Starfield in advance, but to make it simple.

Listening to his words about the green eyes of the wilderness, Star Bo entered the Milky Way, and the ultimate goal seems to be to sneak into the parent star and find something from it. through

After that thing, he will be able to make a small sacrifice from the mother star, the sorrowful sky, and the plan for stealing the sky. Even the flesh has blew himself, and the realm is a few people falling. Followers...

This is definitely the stealing of the red fruit!

Ye Xuan does not know what he is looking for.

I don't know what the true identity of Xingbo is.

I don't even know if this thing can't be done in the wild, and I can't do it. But

A little Ye Xuan is clear, that is, if you let Xing Bo enter the Galaxy Star Field, then the result is no doubt that it is not much different from being stolen by him.

The new era of Hongmeng, which will be officially opened soon, will probably be affected by this, and the consequences cannot be estimated! can

Unfortunately, this matter, although Ye Xuan has the heart to stop or destroy, he does not have this ability. do not

Said that Xingbo or Hongtian Tiandao Qingyan. Will

It's the three-person beast that has already blew the flesh, and there's only one soul left, you can kill him... Ye

Although Xuan Xintou is anxious, it is not a reckless impulsive generation.

This matter does not stop, it does have too much impact, it is too far-reaching, and the consequences cannot be estimated, but at least there is still an opportunity. can

If you show up under the impulse now, and you can't do anything about it, then there is no chance...

He is still clear about the lightness and weight of it.

Therefore, even if the whole heart has already sunk to the valley, but Ye Xuan, but always restrained, forcing his excited heart to calm down and become calm, so as not to be accidentally, when it is really rushed out, then it can be I want bad food...

In fact, let alone him, even turned into a corpse lamp tattoo, attached to the headless baby body of Ye Xuan's left chest, there is no movement at all, this also illustrates the problem from one side. although

However, there is no movement for the headless baby, but Ye Xuan believes that he must have been paying close attention to all of this, and what is happening to the outside world is as clear as Ye Xuan. very

As for the gap between the two levels, perhaps the headless baby corpse sees more things, and the secret of understanding is more thorough...

Even he did not have any plans to shoot, then Ye Xuan, there is no need to make the most stupid impulse choice in this situation. "

call out! "

The sharp sound of the air was fleeting, and the tiny blood-green column, with the gray hairs that followed the shape of the star-shaped body, had entered the sky above the horizon. The void crack was directly shot on the light curtain of the layer of Hongmeng's void in the Milky Way's star...

There is no suspense in everything that comes down. The protective light curtain formed by the power of the law of Hongmeng is indeed powerful, that is, the green eyes and the star-studs of the wilderness are unable to open.

But this blood-green light column is too thin, only half an inch is not available, and it is also the combination of the ridiculous Tiandao Qingyan and Xingbo, with all sorts of mysterious means that Ye Xuan could not understand and understand. This

All the factors are added together, and it is obviously no problem to make a small hole in the thin light curtain formed by the force of the law of Hongmeng.

And the time of this small hole does not need to be too long, one ten thousandth of an instant is enough, enough to follow the **** green light column behind the starburst body, the faint masculine, on the occasion of a thousand miles , broke into it.

The next scene is exactly what it is.

The thin light curtain was pulled out with a small aperture, and the blood-green light column was exhausted and disappeared directly. The fascinating point of the star-shaped body was also passed through the light curtain smoothly. Rushed in.

One ten thousandth of an hour did not arrive, and the small hole that was pierced by the blood-green light curtain was re-healed again. At this moment, the sky above the sky was shot by the Hongyan Tiandao green eye, and a hollow crack of the torn light column was also slowly broken. In the self-healing, it quickly bridges.

In the blink of an eye, the void crack disappears, and the galactic star field in that corner is no longer visible, and the star blog... After all, it still goes in!

Chapter 4543: Take over

"boom!"

Rumble..."

"Oh..."

When Ye Xuan came back, the earth-shattering roar sounded again, followed by a crisp and fierce sound...

Once, it is still the flood of the blue sky, the blue eye shot, in the other direction of the head, the Hongmeng hollowed a crack.

However, behind this crack, it is no longer a galaxy starry in the corner of the galaxy, but a dark and deep, I don't know where to go.

Obviously, Xingbo has already entered the Galaxy Star Field. This time, the first step of his plan to steal the sky from the Qingtian Tiandao Green Eye has been successful. Both

However, there is no need to stay here again in the blue sky, and there must be other arrangements. It is impossible to have too much leisure time. fruit

However, almost in the next moment of the appearance of this void crack, under the flash of the blue sky, it has turned into a blue-colored man, and broke into the crack of the void, and disappeared.

"哗啦啦....." Tight

Then, the breath became a lot of smoldering furnaces, and it also waved the 20,000-shaped striated chains outside the wall, and rushed into the void crack. very

Fast, this void cracks disappeared, and the whole piece of the sky in front of the sky, only the bloody, mosquitoes and the three souls of the soulless body.

These three beasts were originally two ancient powers, two ancient and supreme.

But now, because of the flesh and blood, the repairs have all fallen into a big realm, becoming two universe supreme, two ancient powers.

Although the overall combat power is compared with the previous one, it is almost one day and one place. For Ye Xuan, it is still not something he can shake.

At this moment, his heart was agitated to the extreme, and there was a strong sense of frustration floating up. from

After leaving the three major star planes of the world, Ye Xuan's cultivation has entered the world with great strength. Now, he has already entered the second order of the universe. If

In the state of the konjac blood in the body to the ninth change, he can even have the third-order terrorist power of the universe. again

Coupled with the majestic force of the 60 million-mile-old body, his true combat power can be compared with the existence of the fourth-order universe.

Even so, the four guys in front, he still can't handle it. most

The two surviving universes are the repairs of the late stage of this world, not to mention the two ancient powers of the mid-term. It

Former Xingbo wants to steal the sky and smoothly enters the Galaxy Starfield in advance, and Ye Xuan is unable to stop it. but

Now, when the deity of the **** and mosquito-killing ghosts is to be taken away, he still cannot stop...

What is the significance of this practice that has been achieved through so many years of hard work? "

call out! "

"Hey!"

When his mind turned a thousand turns, suddenly became frustrated and angry, there were two broken voices in the front of the sky, the most powerful of the three beasts. and also

It is now that there is still the soul of the ancient murderous mosquitoes and the other old people who have been repaired by the ancients, and suddenly they move at the same time.

Seeing the goal of the two of them rushing, it is precisely the **** and mosquito-like deity, which is simply too ferocious, in order to have a body that fits the soul perfectly, and restore the peak with the fastest speed. Repaired.

These three beasts, even the blood and family are ignored. Want

I know that for this old man, the mosquito-killing deity is his son. which is

It's bloody, it's also the grandson of the oldest mosquito...

But now, as an elder, it is necessary to open the first generation and the second generation of bloodline descendants, which is simply... cold-blooded and ruthless! Head

[illegible]

In addition, there are blood secrets and avatars! "

Roar! ”

"Roar!"

"Hey!" are

Between the moments, a tiny drop of blood beads, into three giant bodies in the 60 million miles of **** sea temper, body shape is different, but the body exudes the breath of the atmosphere is the third order of the universe, more The same fierce anger is rolling like a river, roaring and roaring, and the blink of an eye turns into three awns, rushing toward the front...

"Hey? This kid is in the body... actually has the atmosphere of the old man?"

"Second brother? Go away, you are not their opponent..."

For a moment, perhaps because of the fact that Xingbo has already left, the mosquitoes and bloodstains and **** scorpions are still unable to move, but they are able to speak.

Bloody moments recognized Ye Xuan, his face changed greatly, his eyes shook, and he reminded Ye Xuan to leave.

The Mosquito but the deity, but he stunned. From the body of Ye Xuan, he caught a faint scent of the mosquitoes and old ghosts, and suddenly he was caught off guard, and suddenly he was paralyzed!

"There is still a cockroach ant here... or whatever, whether it is a fit or not, let's use the flesh first to say it, and it's a big deal to find it and change it!"

It was also in this moment that among the two middle-aged people who had not yet moved, one person was bright and bright, and the words in the mouth were cold and eloquent. The figure was swaying and rushing toward Ye Xuan.

Listening to the meaning of his words, I was actually planning to take Ye Xuan to the house. I wouldn't be able to find the flesh that fits the soul of my body in the future, and then change the rhythm at any time!

"Roar!"

"Hey..."

Ants, actually dare to stop the old man from winning, if you are not in the flesh, you will not be able to dismantle your soul..."

At the same time, the old man of the tribe who still has the horror of the ancient powers of the ancients is also screaming at the top of his head, turning to the head of Ye Xuan, screaming in the middle of the cold, and issuing a severe warning message.

Compared with the strength, it is all the ancient mosquitoes of the sixth-order ancient power. Although there is no voice of God, it is a cold and screaming voice.

However, in the process, the two men spurred toward the **** and mosquito-killing deities, but they did not have any delay. shortage

The speed of the ancient power is naturally terrifying. In the blink of an eye, when Ye Xuan is still about six or seven billion miles away from the front, the old man and the ancient mosquitoes are already bloody. The mosquitoes are in front of the deity. this

At this moment, whether it is bloody, or the deities of the mosquitoes and old ghosts, they still turn to Ye Xuan's point of view. The speed of the ancient powers simply makes them unable to react.

"call out!"

"Hey!" two

The faint sound of the road broke out, and the souls of the old people and the evil spirits of the ancients rushed into the body of the blood and the mosquitoes, and they quickly entered, and the eyes disappeared. "

Uh.....""

Oh..." This

At one moment, the body of the **** and mosquito-like deity instantly became stiff, like a squat, and the body shape violently twitched, and the sound of the mouth was more painful and screaming.

"Dare!"

In this scene, Ye Xuan's eyes are cracked, and the body's anger is surging like the Nujiang River, and the whole body seems to be blasting...

Chapter 4544: One thousand

"Hey!" Eye

Seeing the demeanor of the **** and mosquito-stricken devils, they were entered into the body by the powerful spirits of the old man and the ancient murderous mosquitoes. Ye Xuan immediately witnessed the splitting, and his hair screamed and his body shape Want to go...

Although the two old guys have fallen, but even if there is only one soul, it is still a waste of ancient power, and it is still the sixth-order existence of this situation, only one step, you can enter the late stage of power. although

It is said that the deity of the mosquito-killing old ghost has also entered the wilderness and great powers, but only in the early days of this period of cultivation, only in the face of the soul of the old man, he is definitely not an opponent.

As for bloody, let alone, his cultivation is only the ultimate immortality of the emperor, and the murderous mosquitoes facing the grandfather's sin are simply not as good as the ants.

For these two old guys, Ye Xuan is not an opponent. Even if the means are all done, it is impossible to defeat the sixth-order existence of the ancient power. more

What's more, these two old guys have lived from the ancient times to the present, and can't have powerful magical powers and secret methods?

But at this time, he simply couldn't care about it all. which is

It is invincible and must be rushed up.

The husband has something to do, if he does everything, if everything considers the consequences, what does it mean to live?

The mosquitoes are worthy of their dedication. It's just bloody, Ye Xuan can't ignore it.

When he left the fierce mosquito star with blood, Ye Xuan promised to pat the chest of the crazy mosquito, even if he did not consider how to explain this layer to the crazy mosquito, if **** is really something, he even has his own The heart can't pass this...

At this moment, Ye Xuan was almost mad, and the real element in the body was pushed to the extreme, and the corners of his eyes were bleeding. He rushed toward the front in madness. also

It was at this moment that his left chest suddenly became hot. This

It is a sign of a headless baby corpse, perhaps he did not intend to shoot, but at the moment, but because of feeling the madness of Ye Xuan, helplessly changed his mind.

"call out!"

"call out!"

Almost at the same instant, two **** stalks than the worms shot from Ye Xuan's left chest and went to the front.

To be precise, these two points are almost invisible, but they are actually spurred from the corpse lamp tattoo on the chest of Ye Xuan. This is the power of the headless baby body.

It seems to be inconspicuous, a little weak, but even Ye Xuan, can't dare to glimpse its power.

At this moment, his mad mood finally calmed down, and his face was slightly relieved, because he knew that mosquitoes and old ghosts and **** should be innocent, and dare not say that he could escape this battle. But at least keep your life, but it is absolutely no problem.

If Xingbo or Hongtian Tiandao is still here, Ye Xuan may still be worried.

But it's just these three beasts, not to mention that they all fall down to a big realm of cultivation, even if they don't, they still have the peak strength, and they are definitely not the opponents of the headless baby...

The faint glare of the road rushed away, the speed was beyond the imagination, and in the blink of an eye, it was drilled in from the **** and mosquito-like deity's eyebrows. eyebrow

Within the heart, it is the spirit of the sea, and the battle of the soul will be in the mind, it is in the sea of knowledge. Milli

Undoubtedly, these two squats have already entered the sea of blood and mosquitoes.

"puff!""

puff! ""

This breath..."

It's him! Run fast..."

In the next moment, the **** and mosquito-stricken deity simultaneously squirted a blood arrow, and turned to Ye Xuan to look forward to it, all of which showed endless sorrow.

What they are afraid of is not Ye Xuan, but a headless baby. very

Obviously, they have already captured the faint blood of the eyebrows, which contains the breath of the headless baby, so it will be so stunned.

With a weak blood stalk, the identity of the headless baby corpse can be instantly determined, which is enough to prove that they are very familiar with the headless baby. or

Xu even had a deal in the same year, and I don't know!

"Booming!"

"Oh!"

"Oh..."

In the next moment, there was a thunder in the distance, and then it was a crisp and fierce sound. The void was torn open with two cracks. The **** face and the mosquito-killing deity were invisible. For two slaps, break into it.

Almost half a bit of interest, these two void cracks, under the force of the law of Hongmeng, quickly recovered and closed, after all, it was not big, only half a foot, only to heal, naturally faster...

Seeing this scene, Ye Xuan changed his face again, and the whole heart sank to the valley.

Before the last moment of escaping, the voice of the words spoken from the mouth of the **** and mosquito-stricken deities was clearly different from before. It was not the voice of the **** and mosquito-stricken deity, but the old man and the old man. The sound of the ancient mosquitoes.

This means that the two of them have already won in the battle for their own souls, that is to say... the success!

This result made Ye Xuan completely unacceptable. The headless baby corpse has already been shot, but still can't turn around, this psychological gap makes him caught off guard.

It was also at this time that Ye Xuan's left chest was once again hot. This

Once, a message entered his mind and was delivered by the headless baby. Look

By the time of this message, Ye Xuan's heart in the eyes of the blind man finally fell back, but his face was still gloomy and he looked very worried...

The corpse does have the strength to kill the old people and the ancient murderous mosquitoes, but the situation is different just now. These two old guys are all in a state of sorrow and have entered the body of blood and mosquitoes.

It is the means of directing the thunder of the headless baby. Although the two old guys are dying, the **** and mosquito-stricken deities can't live, and they will accompany them together.

Under the smugglers, the headless baby corpse can't even trap the opponent before he escapes. After all, everything is too hasty. surface

In this case, he can only retreat to the next level, first to protect the soul of the **** and mosquitoes. suitable

The two faint bloodstains that lasing away are not attacking, but protection. After they enter the sea of blood and mosquitoes, they immediately wrap the souls of the two. among them.

Although the blood mans seems to be a very weak point, the level of the headless baby corpse is there, and the strength of the old man and the ancient mosquito is simply impossible to break. and also

That is to say, although the body of the **** and mosquito-stricken deities were taken away, the whole body has fallen into the control of the old people and the ancient mosquitoes, but the two old guys have not succeeded.

Because the souls of **** and mosquito-stricken deities are still protected in their own knowledge of the sea, one day, as long as Ye Xuan finds them and tries to trap them, then there will be enough time for the headless baby to take the shot. Under the premise of ensuring that the **** and mosquito-stricken deities are safe and sound, the old man and the ancient mosquitoes will be completely wiped out!

Although this is somewhat regrettable, it is the best result at present...

Chapter 4545: Bombing

"They can go, you... but they must stay!"

The old man and the murderous mosquitoes fled in an instant. Ye Xuan turned to the other two middle-aged men's souls for the first time. His face was gloomy and his voice was full of sorrow. meaning.....

This time, his anger was really provoked! must

Need to kill, in order to calm down a little...

"Hey!"

Oh..."

Before the two bodies blew themselves in the flesh, they were repaired for the late stage of the ancient powers of the ancients, but now, because of the self-destructive flesh, the strength has fallen into a big realm, and only the universe has been repaired. although

It is still stronger than Ye Xuan, even if Ye Xuan is now using the secrets of blood and sea and the power of avatars, it is one of the three, but the three forces are more powerful than the fourth-order cosmic supreme, facing the two late seventh and eighth-order supreme, but Still far from being an opponent.

But in fact, as Ye Xuan's light was turned around, the two souls who were originally rushing to Ye Xuan's spurt were like a ghost in an instant, and a screaming scream in the mouth. Voice, pull out and retire...

Like the previous Terran and old-fashioned mosquitoes, they are not afraid of Ye Xuan, but the headless baby. although

However, the old man and the ridiculous mosquitoes did not name the headless baby corpse, but these guys are together all the year round, just from the reaction of the old people and the ridiculous mosquitoes. The two middle-aged people can also guess. Arrived.

It is a pity that they have no chance to escape and face the headless baby corpse in the late stage of the universe. "

call out! "

"You can't run away, you can smash your hands and you can still leave a life..."

call....."

With Ye Xuan's shot, a nine-color glare rushed away, the speed reached the extreme, more than lightning, the blink of an eye has reached the front of the two.

Then, under the raging wind, this seemingly faint nine-color glory, immediately ushered in storms, short and half interest, has turned into a vast and innocent nine-color fire sea, the soul of the two The body is covered in it, and all the way to the body is sealed by the sea of fire. do not

To say that the universe is supreme, it is the power of the ancients, facing the nine-color flame sea, do not dare to touch easily.

If the non-Ye Xuan is still too weak to repair, it is only the beginning of the universe, this is the nine-color flame sea. In his hands, the power will be even more horrible, and the ancient powers can be temporarily trapped. "

Hey! "

"Hey!"

Almost in the same moment that the figure was trapped by this majestic nine-color flame sea, the middle-aged souls of the two ethnic groups immediately propped up a **** mask, which was able to withstand the nine-color flame. Weineng will protect the two of them.

However, although the two of them were temporarily innocent, they were still trapped in the nine-color flame sea, and there was no way to escape. In the end, most of them would still hate this...

For this, Ye Xuan was very determined in his heart. Seeing that the two were trapped in the nine-color flame sea, the heart that was originally hung in the eyes of the blind man fell back in an instant, and under the sway, the three **** seas broke into the moment. In the nine-color flame sea, surrounded by two flame masks in the inner wall of the flame sea. "

Shennong nine-color flame? This is impossible... how can it be in your hands? "

"In your body, there is a systematic atmosphere. You can only be a human race. Where is the konjac blood? Not only has three konjac avatars been formed, but it has also mastered the secrets of blood and sea. Who are you?" this

Engraved, with Ye Xuan's three **** seas close to each other, the two middle-aged people in the two masks of the middle age, it seems that they have sensed something in an instant, and their faces changed greatly, and they screamed.

The color of suspiciousness on the face is already too strong to be opened. Obviously, they have all kinds of doubts about Ye Xuan's identity, and they don't understand everything that they can see, how they will all gather on Ye Xuan's body. These are originally unrelated...

"Isn't you still aware of the situation? Now, only the Lord of the Stars asks you, there is no qualification for you to speak out..."

In the middle of the Han Mang flash, three blood and sea avatars, violent temper and black fog condensed and moved, but the incomparable shin bones, but raised the left arm at this moment.

"Hey!" micro

The weak low humming sounds, the left arm of the shin bone, and a sturdy energy bow tire quickly condense out...

The shape is quite an ancient servant secret, and the bow body is composed of three parts.

In the middle of the bow is a double-headed monster. The wide mouth of the bow is facing the upper and lower directions, and the upper and lower parts of the bow are two humanoid creatures licking the body. The broad mouths of the two-headed monsters swallowed the feet and part of the calves of the two humanoid creatures. bow

The tip joints happen to be their painful heads, and their mouths are the strings. The hands are on the lips, and they seem to be in awkwardness.

A string of strings formed by the infinite number of fine gold threads twisted together, the two ends are connected to the souls of the two humanoid bodies, and then a golden energy arrow appears in the string.

At this time, the scorpion scorpion also smashed a strange golden glow, the right hand extended, and directly pinched to the bowstring of the left hand energy giant bow, holding the energy arrow, slowly pulling open... "

Oh..."

The buzzing sound of the extreme energy tremor suddenly sounded. At this moment, even the surrounding voids seemed to have an invisible wave, as if the arrow was only in the state of pulling the string, and the momentum emitted by it had already made the void Trembling in general.

"Hey!"

In the next moment, a sharp and extreme sound broke. This

For a moment, the cheekbones directly released the right hand holding the golden energy arrow.

The energy arrow that has filled the full force of the string has been violently rushed away, and the void is instantly broken. The golden flow is smashing, and there is a black wave behind the tail...

Almost at the same moment, the golden arrow that whizzed away at a very fast speed seemed to ignore the distance of the space directly, and instantly reached the front of a mask. destroy

It's dry, it's straight through, it's rushed into the mask..."

This is impossible....."

"Hey..."

As the reticle was instantly penetrated, the middle-aged man who was held in it was eclipsed, and after screaming and screaming, his hair screamed with a fierce scream, his voice revealing an endless sense of despair.This

It is the **** magical power of the Supreme Court, and it should have been broken, but now it is reproduced in the hands of a human race. shortage

Ancient night fork, in the long history of the ancient era of the war, once with this **** magical powers, bowing the eye of the eye, even the wilderness of the heavens and blue eyes, this is extremely jealous.

Even if Ye Xuan is still weak in strength, he is at least the same universe as the other side. He exerts this powerful supreme power, and the middle-aged people in this period are the ones who should have the meaning...

"boom!"

The earth-shattering roar, at this moment, rang loudly...

Chapter 4546: What is hiding?

"Boom!"

The sound of the man's whistling sound has not yet fallen, and the golden arrow of the bow of the heavenly bow has already slammed on his soul. An earth-shattering roaring sound came, and his soul body instantly turned into light rain. And dissipate it... one

Only the arrow, the existence of a cosmic eighth-order late stage, was completely killed! and

It's the spirit of the gods, and even the half-smashed soul, did not stay. leaf

Xuan wants this effect! Take

His current cultivation is strength, even if the cohesive strength can be compared with the fourth-order supreme blood sea, facing the cosmic supreme of these two late realms, they can only rely on the power of the nine-color flame sea, It's just a trap. but

This matter should not be delayed for too long. The movement of this time in the banned mosquitoes is too great. It is difficult to protect the wild powers of other forbidden areas around, and even the ancient and supreme, will come to see if it is. more

What's more, although Xingbo entered the galaxy's starry field, the green eyes of the wilderness are still in the hollow of this piece, and no one is sure whether it will suddenly turn around and kill a carbine.

After all, before they have escaped two ancient powers, they may not have the secret to get in touch with the evil eye.

Therefore, Ye Xuan's time is not much, he must solve these two guys as soon as possible.

More importantly, he wants to learn from the two middle-aged people about all the information related to Xingbo, the wild and the blue eyes, and the Galaxy Star...

Ben, all this is shot by a headless baby, and it may be done easily. but

After the two faint blood awns were shot, the corpse lamp tattoo on the chest of Ye Xuan was once again in silence. No matter how he called, there was no reaction.

Ye Xuan couldn't even determine whether the headless baby corpse was really in a deep sleep, or deliberately so, not wanting Ye Xuan to learn about the hidden secrets of the past and the present through these two middle-aged people...

In the face of all this, time is extremely urgent, he only depends on himself. Shi

The exhibition of the Tiangong, with the Thunder means, instantly kills one of the Terrans in the middle age, the purpose is to shock another person. this

Engraved, with the help of the 陨天弓, the late Supreme of the eighth-order land was completely killed, and Ye Xuan's mid-cold glimmering, turned to another hood, the repairing power in the universe The middle-aged people of the Supreme Seventh Order looked at the past. language

The sound is very cold, warning: "My patience is not much, give you a sigh of relief, immediately smash your hands, pass everything you know, with the knowledge of God, so, the star protects you for the time being innocent..."

"It seems that what you know... not much!"

The words of Ye Xuan fell, and in the middle of the man, the middle-aged man in the mask, the face suddenly showed a smile: "The deity is very strange, what kind of relationship do you and him... now??"

All this, since he has never told you, it is absolutely impossible to learn from the deity..."

The new Hongmeng era will soon be fully opened. Everything in the past will be returned to the dust, and it will only be turned into nothingness. Later, sooner, what is the relationship? ""

However, if he succeeds, even if the present is degenerate, when the new Hongmeng era is opened, we can return as much as we can! "

"So, your threat... useless to the deity!"

"Hey!"

The sound has just fallen, and Ye Xuan has not yet returned to the gods. The soul of this middle-aged man has already exploded. It is the same as the middle-aged man of the past, and it is turned into a light rain, and the stars are just a little bit. dissipate.....

Detonated! and

And still the soul is blew!

This kind of result is no different from the destruction of the gods. The middle-aged man of this race has not left a sorrowful soul. Even if Ye Xuan wants to capture a remnant of the soul, he will search for the soul and learn some secret information from it. It's all impossible... 怔

Looking at the stars in front of you, the light rain that is rapidly dissipating, Ye Xuan subconsciously opened his mouth, his face is dull, as if he had just been thundered, the whole person is stupid...

He didn't think of it anyway, and it would eventually be the result. This

In the middle ages of the Terran, he did not hesitate to squander his spirits, and he fell into a ruthless form. He did not want to let his hands go, and revealed all the secrets he knew. also

Or, as he said, as long as he has entered the Galaxy of the Galaxy, he can sneak into the parent star and get the thing he is looking for. that

After that, after the new era of Hongmeng was fully opened, he and the talented person were bombarded by Ye Xuan, and the other middle-aged people who were also devastated were still able to rejoin in the new Hongmeng era. ? "

What is the truth of all this? ""

Even if you don't hesitate to blow yourself, you are not willing to reveal the hidden secrets. How amazing is it? "

"And, what is the headless baby corpse in the end? Why not want to say it all?"

In the mind, there are thousands of thoughts, and Ye Xuan is in the **** sea. His face is dull, and his mouth is like a nightmare whisper...

At this moment, he was lost again.

For this reason, in this forbidden mosquito in this forbidden place, I accidentally saw the star-boss and the ridiculous Tiandao green eyes appeared, and even witnessed their plans to steal the sky, and let them know more about the hidden secrets of the year.

I have been entangled in many questions for many years, and I will untie some of them...

But in fact, all of this has temporarily ended again, but for Ye Xuan, the final result is exactly the opposite of the expectation. original

This doubt has not been solved, but has added more new confusion and doubts...

"The Lord of the Stars has to look at it, how long can you stay in it..."

After the depression, the leaves of Ye Xuanzhen flashed, whispering, revealing a strong resentment in the vague.

What he is referring to at the moment is naturally a headless baby.

Regarding all of this, the headless baby corpse is clearly clear, but I don't know why. I have never said to Ye Xuan that it is absolutely impossible to say that Ye Xuan's heart is not resentful.

It is a pity that for the headless baby corpse, he has no way at all, and his heart is resentful and he can only squat on his own...

"call out!"

After simply sorting out the confused thoughts, Ye Xuan temporarily put all this behind him, no longer thinking about and tangling, and then suddenly waved... Micro

The weak sound of the air broke out, and the front was vast and vast. The nine-color flame sea that spreads a vast universe of voids quickly contracted in an instant, eventually turning into a flaming light like a worm, and drilling into Ye Xuan. The eyebrows disappeared and disappeared...

In the air, there are still some pure energy left, but the two middle-aged gods of the previous generation exploded and turned into light rain.

After all, it is the energy of the soul of the late universe, which is extremely precious.

Ye Xuan, it will not be easy to waste.

In the middle of a wave, all the soul energy was immediately wrapped up, turned into a human-sized ray of light, and he was thrown into the body...

Chapter 4547: Third-order

Collect the pure energy left by the two middle-aged gods and self-explosion, and gather them into a human-sized ray of light, and then hand over the body. leaf

Xuan removed the secret method of blood and sea, and the three avatars merged into one, and turned into a starry temperament with only a body shape.

With it, it is in the sinking...

The ancient powers of the mosquito-free land and the ancient sacredness have all left, and even Starbo has quietly entered the Milky Way...but

In fact, it is still not safe for Ye Xuan here.

The movement that took place here today is too great. It is difficult to protect the other ancient Qiangqiang and the Supreme Stars in the surrounding area, and the ancient powers and the ancients will not come down in person. more

What's more, the green eyes of the wilderness roads are also likely to return suddenly at any time.

The same is true of the old people who fled before, as well as the ridiculous mosquitoes. Both of them are all ancient and powerful, and it is still in the late stage. Ye Xuan is not an opponent at all. when

However, for the **** and mosquito-stricken deities, Ye Xuan will definitely look for them in the future, but that is a matter of the future, and it must be waited until Ye Xuan has at least the power of the middle and late stages of the ancient powers. to

At the moment, for Ye Xuan, the most important thing is to improve the strength as soon as possible...

This mosquito is forbidden, but it is not the best place to retreat!

After the decision, Ye Xuan did not hesitate, and immediately activated the interstellar coordinate jumping ability attached to the internal system.

Before, there was no reaction in the body system, and Ye Xuan could not find the reason. but

Now, all this seems to have resumed, which makes Ye Xuan more alert. only

Yes, although because of the relationship between Xingbo, Ye Xuan's phagocytic system in the body is far less trustful than before, but since the system is still in the body, then the various system capabilities that are beneficial to itself should be used. !

"call out!"

At this moment, as the interstellar coordinate jumping ability is activated, Ye Xuan's figure is instantly turned into a slightly invisible man, and it disappears in place...

Once, the jumping point he locked in is still near the source of the nesting star that gave birth to his strongest power. when

After the faint brilliance flashed, Ye Xuan's figure appeared, and the blink of an eye had reached the destination... No

Hesitant, his figure swayed, and immediately rushed to the giant abandoned star in the distance from the front of the void. After entering the star nucleus, he waved the Shennong Ding directly.

He wants to break through again. This time, in the forbidden place of the mosquitoes, Ye Xuan's state of mind has risen and fallen several times, and the conditions for breaking through are already mature. And

This time also harvested the pure energy left by the two late supreme spirits. After the devour, the smooth breakthrough of the first-order cultivation is a matter of nailing, no suspense. "

Oh..."

Stepping into the Shennong Ding Ding mouth with a colorful mist, Ye Xuan sat down with his knees, and then waved his hand, and there was a burst of sound in an instant.

A spurt of anger, hanging in front of him, are all the resources of cultivation that he took out from the immortal world. package

The pure energy left by the two late Supreme Spirits has also been taken out and will be swallowed up as a cultivation resource, thus ensuring a smooth breakthrough this time.

Soon, Ye Xuan mobilized Shennong Ding's domain power, compressing all the cultivation resources to the size of the baby fist, and swallowed it in the middle of a wave. "

Oh la la..."

The overwhelming chain of sound in the material immediately rang in his body.

However, this time there is only one shackle chain that appears to be floating. Ye Xuan is concentrating on the ambition, urging the energy that has just formed in the body, and launching a large Sunday operation in the body and the whole body to accumulate strength.

The familiar heartache soon came, and Ye Xuan's entire body and mind were shrouded, but for him, these are no longer a problem...

As time passed slowly, all the minds were poured into Ye Xuan, and the whole week was running!

This time, perhaps because of the pure energy left by the two late supreme spirits, it took only a day or so, and the energy that was formed in his body was completely refining. Now! tight

Then, just a single impact, this sturdy chain of shackles has been broken. when

The shackle chain completely broke, and the expected system sounds, and it soon sounded in Ye Xuan's mind...

"Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the third order of the universe!"

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: the third order of the Lord of the universe! ”

The third stage of the master of the universe, this time the breakthrough, let Ye Xuan's combat power once again climbed sharply!

Before, the cultivation of his deity was the second order of the master of the universe. Once he activated the blood of the ancient konjac, he could climb to the third order of the lord. and

If the konjac is changed and the ninth change is reached, the combat power will immediately rise to the third level of the universe, and the blood and blood of the flesh will be more than the fourth-order supreme.

Right now, with the breakthrough again, Ye Xuan will have the fourth-order refinement of the Lord of the Universe after he activates the blood of the konjac in the body.

If you are to display the magical powers of the konjac and change to the ninth, you will be able to reach the fourth level of the universe! end

Into the midst of the universe supreme!

In fact, if you count the horrible blood power of the huge body of 60 million miles in the ninth state of violent temperament, Ye Xuan's real combat power can basically be compared with the universe of the fifth-order universe. Now!

From then on, any cosmic encounter in the early days will meet him, and he will only be able to escape and even be killed.

It is the mid-term, even if it is the fifth-order, sixth-order, Ye Xuan has been able to face the battle and be unbeaten.

Because once the **** secrets are applied and the avatars are motivated, Ye Xuan will be able to condense three **** seas with fifth-order combat power in an instant, and join hands under the battle, which is the sixth-order universe. Supreme, can only avoid its edge..."

Is the third master of the universe? But this is still not enough..."睁

Open eyes, Ye Xuan If you are truly cultivated, you must reach the first level of the universe!"

"Only the strongest combat power can at least reach the first and second steps of the ancient powers of the ancients, and it can be more emboldened. In this piece of glory, walking in the air, even if it encounters the ancient supreme, at least it can ensure the whole body to retreat!" "

And the third order of the lord, from the main ninth order of the great perfection, there are still six small steps to break through..."

Only now, in a short time, it is obviously not suitable for further breakthroughs. "

Having said that, his words are slightly sloppy, and he seems to be thinking about something. After a few moments, he finally made a decision: "So, taking advantage of this time, you will go all out and first make the 28th-level power of Baodan. Perfect Dan Fang...deducted and said!"

Chapter 4548: Twenty-eight level Danfang

The twenty-eighth-level powerful Baodan can make the existence of the universe's supreme ninth-order great perfection and smoothly enter the ancient world.

That is to say, this kind of twenty-eight-level Dan needs to be taken when it is repaired to its own strength and reaches the great perfection of the universe's supreme ninth order.

And Ye Xuan's current cultivation is only the third-order of the universe's master, and even the universe's supremacy has not yet arrived.

From a certain point of view, his current enthusiasm for the 28th-level power Baodan is actually not so urgent. can

Even so, after some deliberation, Ye Xuan still decided to immediately launch the full force of the 28th-level Danfang. because

In order to follow the appearance of this star-studded and ridiculous heaven and earth, Ye Xuan has a very strong feeling. The moment when the flood era is full, I am afraid it is very close.

The Dan Fang of the 28th-level Baoneng Baodan obviously needs more time to be derived. If

It is a time of great floods. At that time, Ye Xuan has to deal with many things. I am afraid that I will not be able to take time any more and concentrate on the Danfang.

Therefore, this matter must be completed now.

The twenty-eighth level of great energy Baodan is very important for him.

If this Dan refines, Ye Xuan can ensure that he has entered the wilderness.

In this way, in the state where the konjac will be transformed into the ninth change, his real combat power will be able to reach the ancient and supreme!

At that time, even if the follow-up of the twenty-ninth-level supreme Baodan can not be deduced, for Ye Xuan, the real combat power of possessing the ancient and supreme realm can also ensure that he is innocent in the era of the flood of all-round disaster.

If there is no twenty-eight-level Dan, he can't advance into the ancient powers of the ancients. Then, he is self-cultivated as the perfection of the ninth order of the universe. In this case, even if the magical power of the konjac is changed to the ninth. It is only a quasi-ageless supreme cultivation. only

This is not enough to ensure that their own safety is innocent...

Therefore, the 28th grade Dan must be refining success anyway, and what he has to do now is to first promote the perfect Danfang...

In this regard, he did not hesitate, and in a moment he turned the magical scorpion into a ninth change. with

The blood and sea secrets are also displayed together. Therefore, his body shape at the mouth of Shennong has not changed. It is still ten feet high, but it has been repaired to strength, but it has reached the fourth stage of the universe supreme!

After adjusting his mind, he quickly regained his mind and united the body's phagocytic system to promote the system's calculation and derivation ability to the extreme. tight

Then, with the fourth-order horror of the universe as the auxiliary, this is the dedication of the perfect Danfang of the 28th-level Da Neng Bao Dan! first

Before, in the promotion of the twenty-seventh-level Baodan's perfect Dan Fang, Ye Xuan spent more than three months.

But this time, on the one hand, Ye Xuan's current cultivation has reached the fourth level of the universe, and the gods are powerful and too many.

On the other hand, it is because of the perfect Danfang of the twenty-eighth-level Baodan. Before that, he had already confessed to the body's phagocytic system, and launched a full-speed derivation, which is already slightly rudimentary.

The final result, which led to his derivation, only took more than five months, so that the perfect Danfang of the 28th-level Baodan was successfully released.

Five months later, Ye Xuan opened his eyes and screamed with excitement.

"call....."

"The perfect Dan Fang of the 28th-level Da Neng Bao Dan, finally... successfully completed!"

With a sigh of relief, Ye Xuan whispered in a whisper, and there was a kind of excitement and joy that could not be concealed..."

More than three months have passed, and there are people who are concerned about the ban on mosquitoes, but now it should be closed... So, it's time to go back and see! "will

After the emotions of the heart were calmed down, Ye Xuan's mid-cold man flashed and he was moving.

The reason why I left the mosquito ban was that it was indeed unsafe and full of unknown factors. but

Now he suddenly wants to go back. In addition to the time has passed more than three months, more importantly, the perfect Dan Fang of the 28th-level Da Neng Bao Dan has been successfully deduced. two

The 18th level is the powerful Baodan, which can make the universe supreme and the 9th-order great perfection, and successfully break through to the ancient great powers, but the main material needed to refine this Dan is the powerful beast of the universe. The **** blood formed after the flesh exploded, the condensed Supreme Blood.

Moreover, if you want to refine a twenty-eight-level powerful Baodan, you need at least five Supreme Blood.

And if there are six Supreme Blood, Ye Xuan has a certain degree of certainty, and can refine two 28-level Magnums. This

However, each of the powerful Baodan, each represents a wild power, precious degree, more than all the treasures that Ye Xuan had refined before, so if it is possible, he naturally chooses the blood of the supreme in his hand. Fine, when it is as much as possible, re-cooking.

Although Ye Xuan is now the third-order master of the universe, far from the cosmic supreme ninth-order grand perfection, it is hard to kill, so from now on, he must hunt the universe supreme, store the bloodthirsty thing, put Come to everyday. do not

Do not say, in any case, first come together and say five.

"There are no wild powers in the forbidden places, but there are still many great powers in the universe. After all, there is still a lot of super strong forbidden land. Even if it was harvested by the furnace, 80% of the emperor was immortal, but at the time There are still some retreats..."

One thought and this, Ye Xuan did not hesitate, and he sneaked into the fine mans, once again whispered: "If it is not bad, the universe must be in the forbidden place, there should be about ten, even if only hunted In half, the lowest goal of the five Supreme Blood Serums can be achieved..."

Thinking of this, Ye Xuan immediately got up, and when he waved his hand, he directly absorbed Shennong Ding into the body, and then he rose up and rushed out of the star's star nucleus. He urged the body's power and started to speed up. Forbidden to rush to go...

This is far away, but now Ye Xuan has turned the body of the konjac into a ninth change, and promoted the secret of blood and sea, and reduced the figure to only the height of the temper, so the speed is coming. At the extreme, it took only a month to arrive, and it reached the edge of the forbidden mosquito.

He did not rush to enter, but with the magical spirit of perfect shock, the body shape was concealed, and all the air machines were perfectly circulated, which swept the edge of the forbidden ground.

This is done with caution. He has to make sure that there is no wild power or old-age supremacy in the dark to pay attention to the banned mosquitoes. If the answer is yes, then it must be considered.

Just checking it out, it took a few more days. In the end, Ye Xuan did not have any unusual findings. As he speculated, the time passed so long, even if someone was concerned about it, it should have left now. .

Without hesitation, Ye Xuan swayed, even when he rushed into the forbidden mosquito...

Chapter 4549: Hunting the universe supreme

"Hey!" micro

The weak sound of the break sounded, and a slightly undetectable mantra ran across the void, escaping toward the depths of the murderous mosquitoes.

Soon after, the entire smashing of the murderous mosquito has once again restored the calm of the past, but Ye Xuan is not sure, the two human races who have won the **** and mosquitoes, and the ancient mosquitoes, have Returned.

Perhaps it would be more appropriate to refer to them directly as **** and mosquito-eating deities, after all, they were originally their flesh.

Nowadays, the **** and mosquito-stricken deities have the horror of the ancient and powerful world, and they are still in the sixth stage of this situation. Only one step can enter the late stage of the ancient power.

With the cultivation of Ye Xuan as the strength, it is absolutely impossible to cope with it. but

If you see the machine early, and smoothly withdraw, there is no problem. It

Before he had discovered that the phagocytic system in his body, only when Star Bo appeared, would it be like a crash, completely paralyzed, without any reaction.

But it does not include **** and mosquito-like deities.

As long as the body's phagocytic system is no problem, then, once the **** and mosquito-like deity appear, Ye Xuan activates the interstellar coordinate jumping ability attached to the system for the first time, and smoothly withdraws, which should be a problem. more

What's more, the two guys have already known that Ye Xuan is related to the headless baby corpse. At that time, the two smears were injected into the mind of the sea, and the blood and the murder of the mosquito gods were protected. Ye Xuan's body spurred away. This

In this case, even if the **** and mosquito-stricken deities have returned to the murderous forbidden land, after discovering Ye Xuan's whereabouts, it is very likely that they will turn a blind eye and choose to crouch and never dare to take the initiative.

In fact, even if they shot, Ye Xuan was not afraid. He determined that there was a life-and-death crisis, and it turned out that the corpse lamp tattoo attached to the headless baby at his left chest would never sit idly by.

Although this guy has not been snoring, there is no movement, but Ye Xuan suspects that he actually left a **** to pay attention to the outside world, otherwise why is it always at the crucial moment when Ye Xuan most needs his shot, the corpse lamp tattoo on the left chest, Will it suddenly feel a hot feeling?

If the **** and mosquito-eating deity is really here, and after discovering Ye Xuan, it is still a good thing for him. positive

Ok, you can take advantage of this opportunity to verify the guess of your heart and see if you have a headless baby. Is this really true...

These thoughts flashed in my mind, and Ye Xuan was daring and strong. The previous cautions were taken to his back, and the intergalactic coordinate jumping ability of the body's engulfing system was activated, and the energy storage could be started at any time. After the state, he is unscrupulous and directly pushes the gods to the extreme...

In an instant, the fourth-order horror of the universe, invisibly diverged toward the surrounding area, shrouded the entire forbidden mosquito, and then immediately recovered. although

However, it's only a moment, but Ye Xuan has an understanding of the current situation of the entire mobster's forbidden place...

According to his previous knowledge, the entire murderous mosquito banned the land, and did not find any wild power or the existence of the ancient supreme. Of course, it is also very likely to be a hidden atmosphere. After all, it is stronger than Ye Xuan, deliberately converging. Under, to avoid his knowledge of the exploration, is completely ok. to

In the cosmic supreme, there are currently nine in the entire forbidden mob! three

Respect the first to the third stage of the initial supreme.

Three intermediate to the sixth-order to the sixth-order supreme.

The last three are all seven steps of the universe, and they are able to enter the late stage. leaf

Xuan now repairs his strength as the third-order of the universe. The activation of the body's konjac blood is the fourth-order of the universe. If the konjac is transformed into the ninth, then the universe is the fourth-order.

Of course, coupled with the majestic force of the huge body of 60 million miles, his real combat power will receive a small order bonus, which is the fifth order of the shoulder universe! Such as

If you use the secrets of blood and sea, and motivate your avatars, you will have three blood and sea avatars in an instant, all of which have the horror power of the fifth-order universe...

With three wars, it is the mid-term supreme of the sixth-order world, and it is very likely that he will be killed by him. to

It is hard to say in the late stage of the seventh-order world. Even if it is surrounded by three wars, I am afraid it can only be seriously injured...

"It seems that the late Supreme of the three seventh-order worlds can only give up... otherwise it will not be able to kill, and how to toss is just a waste of effort!"

After some thoughts, Ye Xuan made a decision in an instant, targeting the six to six stages of the early and mid-term universe supreme. and

Moreover, his minimum goal is only five Supreme blood, so the six supernatural universes in the early and middle stages are even allowed to escape one.

"First kill the two mid-term supreme, and then solve the three initial Supreme, and the action must be fast, kill them one can't wait..."

At this point, his shackles flashed, and he did not hesitate. His shoulders swayed and he rushed toward the right side of the sky. when

However, it is still the secret of the spirit of the perfect shock, the body shape and all the air, all perfect and concealed state. complete

It is impossible to kill the ancient Supreme. If the enemy is prepared in advance, even if it is the middle of the hunting, it is very likely that the enemy will escape.

"call out!"

The faint sound of breaking through the air, Ye Xuan launched a very fast speed, the body shape invisibly crossed the universe void, and the blink of an eye is already billions of miles away.

The first target he had locked in was not far from this direction. Today, the distance is only a billion. This

It is a cracked empty blood leopard, repaired to the fifth stage of the universe supreme, and Ye Xuan will be the ninth change after the activation of the konjac, and the strongest fighting power can be equal.

This opponent is obviously very difficult to deal with, even if it is to display the secrets of blood and sea, and instantly condense the blood and sea avatars of the three fifth-order esteems, they must be assassinated by absolute secrets in order to succeed in the murder, and this possibility is still Not very high.

At most 50%.

Therefore, Ye Xuan can only choose to shoot him first. Otherwise, once the other targets are smashed, this cracked blood leopard has prepared for it. I am afraid it will be very difficult to get it.

Less than a hundred miles away, Ye Xuanzhen was behind him in the blink of an eye. At this moment, he had already reached the nest of the hollowed-eyed leopard, and he was above the atmosphere. slightly

After he was indulged, he did not hesitate, and he rushed into the atmosphere with his body shape, and his body became an invisible flow, quietly entering a vast mountain. "

call out! "

The faint sound of the emptiness sounded, and a glimpse of a tiny flaming squirrel like a worm, the wind swelled up, and the wind swelled into a vast expanse of millions of miles, covering the entire mountain range. Inside...the same

At one moment, the three roads have a huge figure of hundreds of thousands of miles. They set off from the nine-color flame sea, and at the same time, they punched their fists and rushed to the center of the flames...

Chapter 4550: Bloody dead bird

Everything happened too fast.

This hangs over the vast flames of the vast expanse of the mountains, almost suddenly appeared in a short time.

And during this time, the three giants with hundreds of thousands of miles of huge figures, also set off from the nine-color flame sea, while throwing fists, rushing to the center of the flames...

The reason is to sacrifice the flames first, the purpose is to prevent the target from escaping. After all, the Shennong nine-color flame is not even easy to touch with the ancient powers and the ancient supreme, just a fifth-order supreme, let alone say It is. Have

This awning is a colorful flame sea, he will not escape. only

The suspense of one is only that Ye Xuan can defy the goal without any precautions, so that he can't catch it, and finally he is successfully bombarded...

The central position of the flame is the area where the blood leopard is located.

Perhaps it is because of the terrible accident that occurred in the forbidden mosquito in the forbidden land more than three months ago. This cracked blood leopard is now not only crouching in the nest star, but even staying outside, but hiding it. In the hillside of a giant peak in the middle of the mountains of the mountains...

The cosmic supreme of the universe, in his own nest stars, are hidden in the tail, it is a bit strange. but

It's understandable to think about the amazing changes before the murder of the mosquitoes. whole

A murderous mosquito banned the upper level of the emperor and above, and was killed more than 80% in one battle. The surviving was only because it happened to be in a retreat, and did not rush to the depths of the forbidden land, and escaped from the robbery. only

It's just that, it's enough to be frightening. more

What's more, this happened in a terrible tragedy, but it's still the strongest existence of the murderous ban, which is even more chilling, which directly led to the forbidden beasts and the survivors of the wilderness who survived the banned mosquitoes. .

It is very difficult for each other to have the original trust.

Under this circumstance, the blood leopard with the fifth-order repair of the universe supreme, within the stars of his own nest, carefully and squatting in the mountain belly, it is not difficult to understand.

Unfortunately, even if he is so careful, today is doomed to escape this robbery..."

boom! "shock

The sound of the sound of the sound of the sound of the sound came, the next thing is no suspense... with

Under the guise of the three blood seas, a direct punch hit, the giant peak in the center of the blood sea, directly collapsed into powder. Tibetan

The cracked blood leopard in it, even the chance of mourning, did not have a huge body moment. Are

Between the moments, the huge body around it is completely blown up for a gorgeous **** fog, and spreads!

"call out!"

After a hit, Ye Xuan's heart suddenly ecstasy, and then the flesh and blood in the three blood-stained bodies were waved in the first time, and a huge invisible instinct was rolled out from the body, covering thousands of miles. Square.

The **** fog that had just spread and spread was swept away. After being in the body, it was immediately sent to Shennong Ding by Ye Xuan, and blood purification was carried out! do

After all this, he has a feeling of disbelief in his heart.

Fortunately, at least it took a moment to entangle the battle, in order to completely kill the opponent, but I did not expect it to be a hit, and then successfully got a fifth-order sage of blood. It

So, it is also a coincidence. straight

When the violent amount of the three **** seas smashed out, the whole scorpion giant peak collapsed into a powder, Ye Xuan was suddenly reacted.

The other side has no resistance at all. This is clearly a retreat. Even if the feeling of the nine-color flame sea is spread in a flash, the crisis is coming, but if you want to resist, this cracked blood leopard needs at least two to three response time. . and

Ye Xuan's three **** seas are shot at the same time, and a punch will smash the empty blood leopard with the smashing peak of the retreat where it is smashed into powder, just a little bit of interest.

The time difference is so great that it is doomed to the tragic end of this cracked blood leopard. Even if the three **** seas are slightly slower, he can't escape this robbery! "

This is also the case, the instant resolution of the opponent, so that the possibility of being detected by other supreme beings in the forbidden ground has been reduced to a minimum..."

After calming down the excited heart, Ye Xuan whispered: "So, you will hit the iron hot, and immediately rush to the second goal, first kill another mid-term supreme."

"If this time can be successful, the remaining three initial Supreme, just say..."

Speaking of this, he did not hesitate, and with a wave of his hands, the three **** seas were completely disintegrated, turning into three awnings and endless **** rain, blending into the colorful flames under his feet. with

At one moment, the vast and innocent nine-color flame sea also quickly contracted, and the half-interest has been turned into a glimpse of a tiny worm.

In the next moment, the violent temper of a high-profile singer appeared in the sky above the vast mountains. The fascinating glare of the nine glammers disappeared into the violent eyebrows and disappeared. "

call out!"

After doing all this, Ye Xuan's figure swayed and disappeared between the blinks. when

However, before the rushing out of this fierce beast, the physique that just appeared in the violent sorrow disappeared. Ye Xuan once again activated the magical power of the perfect shock, concealing the figure and converging all the air...

The second goal is also a mid-term supreme, but the strength is better than that of this cracked blood leopard, but only the fourth level of the universe. Place

Therefore, as long as there is no accident, Ye Xuan will be able to kill him at least 60%. This

The guys are the heads of the fierce birds, and the blood should be quite complicated. They are like phoenixes and greens, and they have a horrible mouth.

Perhaps it is possible that all three of these murderous birds have their blood. One

The **** murderous poultry with such a **** head can actually cultivate to this height and become the fourth-order supreme. In addition to proving that he is diligent enough, his talent is obviously extremely extraordinary.

Therefore, although my heart is determined, I feel more confident, but Ye Xuan still does not dare to have any care.

The nest star of this fourth-order mixed-blooded sinister bird, from the nest star of the cracked blood leopard, has a virtual distance of more than one billion and six billion.

For the Supreme of the Universe, more than 10 billion miles have not exceeded the scope of the exploration of the gods.

However, the current banned mosquitoes are still quiet. This **** and ferocious bird cannot continue to pay attention to the nesting stars of the blood leopard, and Ye Xuan is in the interior of the stars within the atmosphere to solve the opponents in an instant. The extent of the leak is not very serious.

Therefore, according to his speculation, this **** and ferocious bird is very likely to be still in the dark, and he does not know that the blood leopard is only more than one billion miles away from him. Just now, already Fallen! If

If this is the case, the chances of Ye Xuan successfully hitting him will be skyrocketing again, reaching more than 80%!

"call out!"

With this expectation, the body shape is hidden, the temperament of the gas machine is completely converged, and the whole body is transformed into an invisible flow vector. It takes only a moment to reach the destination and directly pass through the nine **** bird nest. The atmosphere of the stars, lasing into...
