

## Super D.S 4551

Chapter 4551: The third supreme blood

"Hey!" micro

The weak sound of the empty sound, with the perfect shock of the spiritual power secret, the body shape is hidden, the air machine is perfect and perfect, Ye Xuan, the body shape is turned into a mans, the speed is extremely fast, and the blink of an eye passes through the front. The atmosphere of the beastly star, rushing toward a giant peak on the right...

This mega-peak is an active volcano. It seems to be quite active. At the moment, the towering crater that towers into the sky is ejecting a hot red magma! fire

Inside the mountain pass, it is the nest of the \*\*\*\* and sinister bird. This

There are at least three kinds of powerful birds in the blood of a poisonous poultry, one of which is true phoenix. true

The phoenix family, born in the wild, is born in the legendary fire. Even if it is fallen, it can be reborn in the raging fire. Therefore, there are \*\*\*\* murderous birds with blood in the body of the true phoenix, without fear of high temperature in the volcano. In the sturdy magma, like a fish, it can be understood as a place for a nest...甫

As soon as he entered this fierce beast, Ye Xuan had already captured the breath of this \*\*\*\* and sinister bird, because it was not concealed at all, even if Ye Xuan did not push the gods to explore, it could be instantly and clearly sensed. "

call out! "on

At the moment when Ye Xuan's figure arrived above the active volcano, he did not hesitate and immediately shot.

A faint sound of broken air rang out like a worm-like tiny nine-color flame from Ye Xuan's eyebrows, lasing away, and the wind rose, and the blink of an eye turned into a vast expanse of millions of miles. Surrounded by active volcanoes...

At the same instant, the three giants with hundreds of thousands of miles of giant figure, also set off from the nine-color flame sea, while throwing fists, rushing to the center of the flames! "

Oh..."

In the circular crater, a horrible sound screamed in an instant, and at this moment, the \*\*\*\* and sinister bird finally realized that it was not good, and its whistling sound revealed a desperation that could not be turned away. "

call out....."

The sound of the whistling sound has just started, and the sharp sound of the air has come from the volcanic mountain. A pretty figure flutters and flies out. The feathers on the body have at least six colors.

"The blood is so complicated, it can also enter the universe to the highest position, your talent, the star master has to admire!"

"Unfortunately, today is the same as falling, \*\*\*\* here..."

"Hey!"

The sound has not fallen, the sound of the earth-shattering sound has been heard, the three \*\*\*\* seas at the same time shot, the next thing, obviously no suspense. blink

In the eye, the three figures swayed and slammed directly, and the giant peak in the center of the \*\*\*\* sea collapsed directly into the powder. no

A few fires spattered the void, this \*\*\*\* murderous bird, even the chance of mourning, there is no chance, the huge body suddenly exploded. Are

Between the moments, the huge body around it is completely blown up for a gorgeous \*\*\*\* fog, and spreads! "

call out! "One

Hit the hand, Ye Xuan's heart is big, the flesh and blood in the three \*\*\*\* seas are waving in the first time. One

The invisible invisible enthusiasm of the stocks rolled out from the body, covering a radius of 10 million miles. The \*\*\*\* fog that had just spread and spread was swept away. After being in the body, it was immediately sent to Shennong Ding. Blood essence condensate!

"call out!"

After doing all this, Ye Xuan did not hesitate, and received the nine-color flame sea, the three \*\*\*\* seas, but also instantly collapsed. One

The starry sky under the head of Zhang Gao's violent appearance appeared, and the blink of an eye disappeared.

In the next moment, he rushed out of the fierce beast star at the extreme speed, and the violent figure that had just appeared disappeared, because the magical power of the perfect shock has been activated again, and the body shape is concealed, and all the air is converged!

In the blink of an eye, the second Supreme Blood is at hand!

And Ye Xuan's stated goal is only five extreme blood, but it can be said that it has been completed a little. thing

In fact, it is really necessary to strictly say that the two supreme bloodstains that have already been harvested, compared to the five missions that Ye Xuan has set, even if they have not completed the majority of the degree, half of them still exist.

After all, the two cosmic supremes that have been hunted are all in the middle of this period.

The other three remaining goals are all in the early days of the universe, the strongest, but only in this situation, Samsung, there is a guy, even a star is supreme.

Nowadays, in the ninth state of the konjac, with the strength of the huge body, you can get the first-order combat power bonus. The final real combat power is better than that of the fifth-order supreme Ye Xuan, even if it is not displayed. The blood power of the secret law of the sea and the sea, alone in a single shot, can also be easily killed!

Next, his third goal is the strongest of the three early supreme, but his cultivation is only the third order of the universe. First

The three goals are an octagonal crocodile, which is an extremely rare star worm, and the blood is also a bhutan. Although the shape is like a beetle, it is full of crocodile scales and has eight long tentacles on the top. It is covered with barbs, it is very embarrassing. leaf

Xuan's most annoying thing is the worm, but at the same time, because the star worm is too mysterious and has a variety of unique abilities that are unexpected, so he almost accidentally eats a big loss, basically because of the star worm The reason. positive

Because of this, although the third goal is only the initial supreme, the cultivation is the strength to reach the third-order of this situation, but Ye Xuan does not dare to take it lightly. and

Moreover, there is a very strong intuition between him and the faint instincts of this cosmic third-order starry zerg, most of which will bring him unexpected troubles like the powerful starry zergs that Ye Xuan encountered before. .

The previous two huntings have been smooth. because

For the two heads have been killed, in the Shennong Ding in Ye Xuan's body, gradually refining into a mid-term supreme of the Supreme Blood, Ye Xuan all unexpectedly, successfully smashed in the atmosphere of his nest stars.

And when killing these two mid-term supreme, Ye Xuan's speed is very fast, there is no situation of a \*\*\*\* battle, all of them are a hit.

For this reason, even if he has successfully succeeded in killing two powerful mid-term supremes in this murderous forbidden land, in fact, Ye Xuan's traces are still not leaked. can

This third goal, although only the initial supremacy of a third-order situation, but considering the identity of the other starry zerg, if there is no accident, this time hunting, Ye Xuan is very likely to be exposed.

Even if you choose to start the location, it is still in the atmosphere of the target nest star. This result can't be avoided in all likelihood. In terms of transmitting information, the Starry Zerg has a variety of mysterious means, and it is impossible to prevent it.

Even if it is only a Zerg Zong Zong, it is possible to overturn the ship in the gutter, not to mention the star-studded worm that is about to start, or a powerful third-order supreme...

With this kind of vigilance, after leaving the nest star of the \*\*\*\* murderous bird, Ye Xuan directly launched the speed, only half a column of incense time is not up, it has arrived at the destination, the third Supreme blood, it will be Get it...

Chapter 4552: mission completed

"Hey!" broken

The empty sound rang, and the body shape of Ye Xuan was rushed into the nest star of the octagonal crocodile. Head

The sign crouched in the hinterland of the largest land in the stars, which is a valley of wet tide, with a vast terrain. No

With a half-stagnation, Ye Xuan directly spurred away. In the process, he always invisibly concealed by the magical spirit of the perfect shock. After the sky, he looked down and saw a large black zerg of a huge body. Crouching in a secluded pool in the valley. "

It's now! "

Under the flash of the cold mang, Ye Xuan directly spurred away. This time, he did not even provoke the power of the secrets of the blood and sea secrets. He was alone and punched. complete

Actually, this is just a star-strange zerg of the third-order universe. and

Ye Xuan, even if he is only a tall man, he has given up the huge body shape of 60 million miles to repair the first-order bonus of strength, and he also has the real-life fourth-order supreme power.

Nowadays, it is even more unpredictable to take a sudden shot. It is a matter of nailing the octagonal crocodile.

"Hey..."

At the same instant, the octagonal crocodile, which was half-immersed in the secluded pool below, had eight tentacles on the top of the head, and the earthquake suddenly violently and high-frequency trembled.

I didn't even see him open his mouth, but there was a very sharp and screaming voice that came out at this moment.

Even the powerful fourth-order supreme power of Ye Xuan, which was fully motivated by the show, was completely unstoppable, and there was no effect at all.

The punch of the violent blast has not touched the body of the octagonal crocodile, and the sharp and screaming sound of the screaming has spread. foot

The atmosphere of this life star has violently tumbling up. There is no doubt that the whistling sound has penetrated the atmosphere and passed to the universe under the stars.

This means that the traces of Ye Xuan are still exposed... At least, the fact that this octagonal crocodile suddenly hits and is in danger is no longer covered up and completely leaked. "

The \*\*\*\* bug, you know that this time you will have a moth..."

Xuan was speechless and whispered, and turned a blind eye directly.

It was also at this moment that the violent slammed the punch and reached the target...

"boom!"

The majestic boxing strength and body, the huge body of this octagonal crocodile blasted in an instant, and the huge body of the screaming sound, its huge body around the eye, was completely blown up for a gorgeous \*\*\*\* fog, and spread !

"Hey!" Light

With a sigh of relief, violently waving at the first time, there will be an invisible invisible temperament from the body. cage

Covered with a million miles, the \*\*\*\* fog that had just spread and spread was swept away. After being in the body, it was immediately sent to Shennong Ding by Ye Xuan to carry out blood purification!

"The last two goals, and they are only the first step of the universe, and can be solved easily..."

With all this, Ye Xuan's mid-cold flashes, this time, he is even lazy in his body shape and breath, and the \*\*\*\* fog formed by the explosion of the octagonal crocodile body is in the body. The first time I turned and rushed to the atmosphere of this fierce beast star...

In the mouth, there is a voice of whispering and whispering, revealing an incomparable firm meaning:  
"As long as the speed is faster, after successive shots, after the two first-order supreme bombings, you will be able to take a long-term view and become a body. Back!"

"咻..."

The sound has not yet fallen, and his figure has already rushed through the atmosphere of this fierce beast, and came to the universe of the universe outside the stars. "

Roar! "

"Hey..."甫

As soon as it rushed out of the atmosphere, there was a violent sound of violent screams and screams in the ears, all of which were uneasy. fruit

However, the scream of the octagonal crocodile before the fall of the octagonal crocodile has already spread beyond the atmosphere of the stars. The original silent mosquitoes forbidden the ground, and they boiled in an instant. One

A large number of forbidden beasts crouching within the stars of a beastly beast, all roaring in uneasiness...

Xuan turned to look to the right for the first time, because his last two goals of the nest stars, are on the right side, and not far from each other, only a few hundred million miles away, quite a bit of a sense of enthusiasm. this

Engraved, as his line of sight moved away, the two beasts that had already been locked in Ye Xin's mind, there were two figures that rushed out.

It is the target beast that is the first order of the two universes. This

The two guys are also clever, and from the desperate whistling sound of the octagonal crocodile, which has been cultivated in this way, it is clear that the strength of the unknown opponent has been judged.

Therefore, not only did they have no intention of resisting, but even their statures were reduced. Nowadays, they only have a figure of hundred feet high. After the two beasts in the sky in front of the right side rush out, one Left and right, start a speedy split and escape!

"You... can't run!"

call out! ”

"Hey..."眸

In the middle of the cold mang, a violent sigh in the mouth, it has suddenly waved.

With the faint sound of breaking the air, a tiny awning-like fascinating glare rushed away, and when the storm rose, the blink of an eye turned into a gorgeous nine-color flame sea, covering the universe of a thousand miles. Void.

The speed is almost at the extreme, and the blink of an eye has reached the front of the first step in front of the left front, blocking the road of its escape. At the same time, it has been surrounded by all directions, and it has not been half-baked. Entrapped in the nine-color flame sea.

At the same time, the violent figure is more directly collapsed in the original place, turned into a \*\*\*\* sea, just like a smashing away, the speed is also fast to the extreme, less than half interest, it has reached the right On the right side of the first step of the front.

The \*\*\*\* smelt rushed to the storm, and instantly became a \*\*\*\* sea, blocking all the first-order supreme. "

Roar! ""

Oh..."

The sound of the roar of the sky sounded, and the vast sea of blood that had enveloped the emptiness of the sky was just formed. Three large bodies were set up in the \*\*\*\* sea, and each side was in a shape of a character. The first step of the head is sealed by the \*\*\*\* sea, surrounded by. Connect

There is no suspense in the scene.

The roar of the roar is still not falling. The three \*\*\*\* seas that have just landed on the ground have already punched at the same time and rushed to the center of the siege.

"Hey!"

The sound of the roar of the earth is ringing, and this first-order supreme has almost no resistance, and there is no chance of mourning.

It is only about a hundred feet in the flesh, and it has been combined with three blood and sea gangs, and it has turned into a breath of blood and fog.

"boom....."

At the same time, in the void in the distance of hundreds of millions of miles away from the left, the second loud noise also burst open.

The other first-order supreme, under the rapid contraction of the nine-color flame sea that enveloped the figure, although barely insisted on the time of the rest, but still failed to escape. blink

Between the eyes, the physical body has been in the power of the horror of the nine-color flame sea, was smashed hard, turned into a screaming \*\*\*\* fog, and it fell...

Chapter 4553: The devil is coming again

In the blink of an eye, the last two first-order supremes were almost simultaneously bombarded, and the body that was reduced to about a hundred feet was fully exploded, and each became a \*\*\*\* fog..."

Oh la la..."

"call out!"

call out! "under

In a flash, the three \*\*\*\* seas are like pushing Jinshan down the jade column, and at the same time disintegrating, and blending into the \*\*\*\* sea under the feet.

Then, a violent figure emerged from the \*\*\*\* sea, only the heights of the master, but the body's repaired breath, but has reached the fourth stage of the horrible universe supreme!

Two weak vacancies sounded, and the \*\*\*\* sea under the feet quickly contracted. The blink of an eye turned into a weak blood awn, and Ye Xuan's eyebrows were shot, and disappeared. and

The \*\*\*\* fog that had just spread out in the \*\*\*\* sea was also violently waved in the first time, and there was an invisible invisible temper. cage

Covering a million miles, all of them were swept away. After they were in the body, they were immediately sent to Shennong Ding to carry out blood purification! do

After all this, Ye Xuan turned to the left front of the nine-color flame sea that hangs thousands of miles away. Between the movements, the flame sea shrinks, turning into a glimpse of the size of a worm-like color. Ye Xuan body.

At the same time, there is another \*\*\*\* fog formed by the first-order supreme body.

Was taken away by the violent wave, and sent to the bottom flame pool of the volcano in the central area of Shennong Ding, and the blood condensate was started at full speed...

In an instant, the last two first-order supremes were bombarded. At this point, Ye Xuan's Supreme Blood has reached five, which is the minimum requirement for refining a twenty-eight-level powerful Baodan. Do not

However, if it is only five Supreme Blood, even if you use Ye Xuan's Dan Dao to make a slogan and use the Shennong Nine-Color Flame to refine it, the twenty-eight-level Da Neng Bao Dan that is released is only one at most. Only. Out

The probability of two furnaces is less than 10%... almost impossible!

At the moment, Ye Xuan's own cultivation is only the third-order of the universe's main, and the distance swallows a twenty-seventh-level Baodan, and thus enters the universe to the highest position, there are still six small steps to break through.

After entering the universe, he still needs to go through nine small-order breakthroughs. After repairing the strength and reaching the ninth-order grand perfection of the universe, it is considered to have swallowed a twenty-eight-level power. Qualifications!

In other words, in total, Ye Xuan is swallowing twenty-eight levels of Da Neng Bao Dan, there are still fifteen small steps to break through, no need to worry, no need to start condensing now!

"The minimum requirements of the five supreme blood, have already arrived, so that is the bottom of the air ..." brain

These thoughts flashed through the sea, and Ye Xuan's fine mans and sorrows whispered, whispering: "And with my current cultivation as the strength, I swallowed the 28th-level powerful Baodan, and there are still 15 small steps. Need a breakthrough..."

"So, just like the previous twenty-sixth-level master Baodan, and the twenty-seventh-level Baodan, Botan is a big one... That is, next, the Supreme Blood is still hunting. Collect and try to maximize the number!"

"And this mosquito is forbidden, right now, there are four universes along the Supreme..."

Here, the violent turn to the head, a giant beast star in the distance to the left front, and go away...

In this large mosquito ban, there have been nine surviving survivors, three of which are the first to the third, the third to the sixth, and the third to the sixth. The last three are all seven steps of the universe, and they are able to enter the late stage. and

Ye Xuan, his own cultivation is now the third-order of the Lord of the universe, and the activation of the body's konjac blood is the fourth-order of the universe.

If you turn the blood of the konjac into the ninth, then the fourth step of the universe, of course, plus the force of the blood in the huge body of 60 million miles, his truth The combat power will get a small order bonus... also

It is the fifth order of the shoulders of the universe!

And if you apply the secrets of blood and sea, and motivate the avatar, he will have three blood and sea avatars in an instant. and

All have the horror power of the fifth-order universe. Under this circumstance, the three-war one is the mid-term supreme of the sixth-order world, and it is very likely that he will be killed by him. to

It's hard to say in the late Supreme of the Seventh Order!

Even if it is surrounded by three wars, I am afraid that it can only be seriously injured.

For this reason, Ye Xuan did not think too much before the action, and immediately gave up the late Supreme of the three seven-level world.

Even the remaining six middle and middle fierce beasts, the strongest sixth-order existence, was also given up by his teeth, the only purpose is to first ensure the refining of a twenty-eight-level master The minimum of five Supreme Blood, which Dan needs, can be safely handed! and

Now, this minimum goal, he has done it.

And because of the different situations, the original idea, at this time, Ye Xuan has also changed... Supreme blood, he is now the one who refuses, the more the better.

There are still four universe supreme in this forbidden mosquito. that

The late Supreme of the three seventh-order worlds has also fallen, even if Ye Xuan is now turning the blood of the konjac into the ninth change, and stimulating the avatar power of the blood sea secret.

The three blood-splitting corps with the fifth-order power of the universe supreme, besieged the late Supreme of a seventh-order world, and the chance of its smooth blasting is no more than 30%. At most, it is the other party that seriously injured...

There is no point in this. The late Supreme of the three seventh-order worlds can only give up. Maybe after breaking through one or two small steps in the future, it is possible to kill them.

But the other mid-level peak of the sixth-order world is supreme, but it is another situation.

The blood of the three fifth-order combat forces is in battle. If it is hard to beat, the chance of successfully killing it is more than 40%...

Cheng, already very attractive, worth a fight!

Of course, the most important thing is that with the extension of Ye Xuan's knowledge, at this moment, he clearly explored the universe in the sky beyond the billions of miles away. The sixth-order supreme root did not escape, still crouching. Within its nest star!

"Since you are looking for death yourself, you can't blame the star master..."

Under the flash of the cold man, Ye Xuan made a decision between the moments of biting his teeth. That is, there is still no other accident, but the final blow of the danger, try it, can you put this sixth-order supreme Kill, and harvest another Supreme Blood! "

Roar! Decision

After the decision, the violent temper will not hesitate, and will raise a terrible roar.

Anyway, before the war, it has already exposed the traces. In this case, there is no need to hide it again, but it is only the last battle. If you want to fight, you will fight him! "

Call..."

For a moment, with this horrible roar coming out, the violent temperament was only able to succumb to the height of the body. It suddenly rose and disappeared. It has reached the height of 60 million miles, across the void, more than one Giant stars.

Almost in the next moment, in the far-away giant star, a scream suddenly sounded: "Is he? Damn, this demon god... actually came back!"

Chapter 4554: Tree collapse

At this moment, Ye Xuan was finally recognized! first

When he first smashed the two first-order supremes, he sacrificed the nine-color flame sea, and even applied the blood power of the secrets of the sea and the sea, and condensed three blood-blood avatars. but

At that time, these three blood-skinned bodies were only a singularity. Because the target was supreme, the size of the body was also reduced to about a hundred feet. It was too large and inconvenient.

For this reason, the murderous beasts of the banned mosquitoes in the forbidden land did not recognize him in the first place. and

At the moment, Ye Xuan will display the ninth change of the blood vessels of the konjac in the body, and the body shape does not promote the control of the blood and sea secrets. The huge horror body of 60 million miles will be recognized in an instant.

After all, this huge to horrible body shape is too characteristic. When this murderous mosquito banned the ground, Ye Xuan once showed a huge terrorist shape of 60 million miles. that

The scene has long been shackled in the surrounding voids and stars, crouching on the ground, screaming and screaming countless forbidden beasts, deeply imprinted in memory. near

Can't be erased! This

However, there are terrors that can be confronted with the four Xeons in the forbidden land. he

Even the two most powerful ones in the forbidden land of the murderous mosquitoes were stunned, that is, the old people of the human race and the murderous mosquitoes.

Although they blew themselves up because of their flesh, they have already plunged into a big realm at that time, but after all, they are still ruins.

All the banned beasts in the mosquito ban were forgotten. At that time, Ye Xuanyi appeared, and the two giants were scared away at the first time, and there was no hesitation. They turned to rush and fled in the first place.

Until now, it has not returned!

Although they do not understand why this is the case, the facts are facts. From that moment on, the countless forbidden beasts in the entire banned mosquito plague left a deep impression that this violent temper can not be provoked. more

What's more, after the two giants went to the warehouse, the remaining two giants, which were originally cultivated by the ancients, were also plunged into a big realm, and they were for the six-level supreme middle-aged... ..

Under his cover, he was eventually killed by an instant, and one was forced to spurt himself... This

Everything is enough to prove the horrible horror, no one is willing to provoke this existence. "

call out! "

"Hey..."

Almost in the next moment, countless sharp breaks sounded, and in the nearby vicious beasts in the sky, a large number of fierce beasts and other ethnic starry beasts spurted out from the stars. No

After half a hesitation, after rushing to the void of the universe outside the atmosphere of the stars, they fled in the first place and rushed to the edge of the banned areas.

This is clearly the rhythm of fleeing from here. This

These starry beasts are afraid, because today, this horrible starry sky is like a demon, it is already the second time to come to the murderous forbidden land, it is clearly pointed out. on

Once, he was entangled with the four strongest murderers. This time, it is difficult to overcome those universe supreme, the ghost knows that the next time you come over, will you get rid of the ordinary beasts below the honorable position? total

Since it is so stared by such a horrible demon god, it is obviously impossible to wait for this murderous forbidden land, and it can no longer be treated. The only option is to hurry and hang on to the top of your head. Escape from here. anti-

In this Xingqiang forbidden land, there is no such thing as the existence of the old man who has been repaired by the ancients. This is already a name that is inconsistent and can collapse at any time..."

Oh..."

With this kind of thought, surrounded by the void, the stars of a beastly beast, will be in a row, all of them have a large number of starry beasts rushing out of the atmosphere of the stars, fleeing toward the distant warehouse.

This scene is like a plague in the spread of the general, from near to far, quickly toward the vast expanse of mosquitoes banned, radiated away ... also really took the old saying, the tree fell! "

call out! "

Just at this time, in the target star in front, a figure spurt out, and it is only a hundred feet in size, and it also converges on the atmosphere, mixed in a large number of starry beasts that are rushing out from the atmosphere of the stars, toward the far I am rushing away.

This guy clearly wants to fish in troubled waters and escapes. This

It is an iron-ridged wolf, which is gray and looks unobtrusive, but in fact, he is a powerful sixth-order supreme, only one step, and can enter the late stage of the universe.

Obviously, this guy is also afraid of Ye Xuan, because in this murderous forbidden ground, the last time, Ye Xuan has used his own power to transform the two fallen realms into the sixth-order supreme. The middle-aged people are trapped. most

Eventually they fell down one by one.

For this reason, even if the current cultivation of Ye Xuan is not as good as him, only the fourth order, but the iron-backed wolf still dare not have a little luck.

Anyway, there is no advantage in staying here. Just don't take the risk, let's talk about it and let it go.  
can

Unfortunately, his air machine has long been locked by Ye Xuan, even if it will be repaired as strength, its shape, in Ye Xuan's perception, is also like the candlelight in the night, too eye-catching, simply fleeing  
Drop it. "

I want to go now? Too late....."

In the middle of the Han Mang flashes, Ye Xuan does not hesitate, and in the movement, a touch of fascinating glare from the eyebrows, the wind will rise, the blink of an eye will turn into a vast nine-color flame sea, covered with thousands of miles Fang Yuan, the road to the front of the iron-ridged wolf, and the shape of the body, are all banned. "

Blood sea secret law..."

In the next moment, Ye Xuan snorted, and the huge violent typhoon of 60 million miles instantly collapsed into a \*\*\*\* sea and merged into the nine-color flame sea in front. a few

At the same moment, from the vast nine-color flame sea, three huge figures with a huge head and a large number of people at the same time, they are located in the shape of the iron-ridged wolf, which is in the shape of a character. It is surrounded by the middle. "

Go to hell! "

"Booming..."

boom! "

The violent sound has not yet fallen, and the sound of the earth-shattering sound has already come. The three \*\*\*\* seas have been shot at the same time. The next thing is obviously no suspense.

In the blink of an eye, the three physiques swayed and slammed directly. The iron-ridged wolf in the center of the \*\*\*\* sea collapsed directly into the powder. The huge body was completely blown up for a gorgeous \*\*\*\* fog, and it spread! "

call out! "

The faint sound of the air broke out, and the flesh and blood were also waving at the moment. blink

Between the eyes, there is an incomparable invisible gas that rolls out of the body, covering a radius of ten thousand miles. The \*\*\*\* fog that has just spread and spread is swept away. After being in the body, it is immediately He was sent to Shennong Ding and started blood purification!

At this point, Ye Xuan's Supreme Blood has reached six giants, and this number has exceeded the minimum goal he had set before returning to this murderous forbidden place... Excessive completion!

Chapter 4555: Three hundred rounds

"Hey!"

"Hey..."

In the blink of an eye, it is also a powerful sixth-order supreme degeneration. This scene falls in the eyes of countless forbidden beasts who are fleeing around in the void, and the panic is more intense.

Numerous banned beasts screamed, revealing endless fear and fear.

Under the urging of the desire to survive, they rushed toward the edge of the forbidden land of this murderous mob, and the speed suddenly became faster...

Xuan did not pay attention to these things. In the wave of the hand, the star of the iron-winged wolf in front of the star, there was a rush of light from the inside of the star, passing through the atmosphere and directly into his body. This

These are the top-level cultivation resources harvested in the iron-ridged wolf's nest.

After all, this time hunting is the supreme of the universe, second only to the existence of the ancient and the ancient powers, and the good things in hand are obviously indispensable. These can not be missed.

In fact, when the other five guys were killed earlier, Ye Xuan also did not let go of the resources, even if the time is rushed, they will be charged. This

The head of the iron-shouldered wolf is really rich, and it is spurred by Ye Xuan. Among the top-level cultivation resources in the immortal world, there are quite a few precious things. Even Ye Xuan is extremely excited.

At this point, he was cold and remembered the last time the mosquitoes were banned. that

Once, Xingbo left, and the old people and the ancient beasts who had been ruined by the ancients and the ruins of the ancients had escaped from the \*\*\*\* and mosquito-stricken deities. most

The two guys who stayed behind, originally had the horror of the ancient powers, but because of the flesh and blood, the repairs fell to the sixth-order supreme, without exception, all died in the hands of Ye Xuan. can

Unfortunately, at that time, Ye Xuan entered the deepest area in front of the forbidden mosquito, and searched for it within the star of the star and the beast of the three beasts, but nothing was obtained. This

It can also be understood that Xingbo was going to leave, and the four guys had already done a good job of self-destructing the body, and then went out to find the opportunity to seize the opportunity. The nest has naturally been cleaned up once and there will be something. Good things to stay?

This incident made Ye Xuan feel sorry, but also helpless.

Fortunately, this time I returned to the murderous forbidden land, and finally gained a lot. So far, he has already harvested six precious Supreme Blood, and all the top cultivating resources in these six powerful Supreme Nests, which is absolutely good harvest.

"Damn! It really is this fierce..."

What does he want to do? Actually hunting the universe supreme? ""

In a short period of time, the only nine survivors of my mosquitoes banned the land, but actually fell six? crazy! Absolutely crazy, not afraid of causing public anger? "this

From the distance in the other direction, the sound of roaring came out, revealing endless indignation, but among them, clearly can also capture a sense of fear. This

It is the voice of the gods, all of which reveals the powerful pressure of the universe, and it is not the middle and the middle, but the seventh order, which has already entered the late stage of this situation.

Undoubtedly, these three guys are the last three third-order supremes in this forbidden mosquito.

"No need to entangle with him, this violent madness is crazy, I am waiting to leave quickly..."

So unscrupulously hunting the universe supreme, this matter must lead to public anger, there are many top and even super strong forbidden and sturdy star fields on both sides of the Galaxy Star Field. Although I can't help him, but the ancient and the ancient, But can clean up him..."

"Yes, you have to get rid of this matter, there is no need to stay here and entangle with it, take the split..."

"call out!"

"Hey..."

The sounds of these gods came again. From the three giant beasts in the distance, there were three masons in the air.

The blink of an eye rushed out of the atmosphere of the stars, smashing in three different directions..."

Seventh order supreme? "

Looking at these three awns, I went out in different directions. I turned to look at the leaves of Ye Xuan, and I whispered: "If the three sevenths get together, the star is still There is really no way to do it..."

But now, since you are taking the lead, if you are biting your teeth, it is not too difficult to leave one of them. The chance of success is at least 50%! ""

So, it is enough..."

Thinking of this, Ye Xuan did not hesitate, and his body shape shook, and immediately chased the past to the right side.

The mouth is even more roaring, roaring, giving people a feeling of being violent, maddening...

"Roar!""

Don't run in front, stay, fight for three hundred rounds... Guarantee not to fight you! ""

Oh..." with

This almost unbridled word came out, accompanied by the sound of roaring, and the three universes in front of the distance were swept away, and the body shape trembled in the same place. he

Although they are the late supreme, they have been stronger than Ye Xuan. However, when the last time the murder of the mosquito was changed, what Ye Xuan did here was too deep.

It can be said that in the depths of my heart, these three late supremes are no exception, all of them are full of taboos on Ye Xuan, and they do not want to provoke. and

At this moment, when he heard such words, the roar of the roaring sounds, this is clearly a sign that madness has gone! One

If the starry beast is violent, it will be very difficult to entangle it. However, this is still a starry temperament known for its temperament, and it has been so fierce in the past, even the two ancient powers have been shocked by him. Turn around and go...

If this is really to stay with it, it is definitely a rhythm of being beaten!

Thinking of this, the three late Supreme physiques trembled again, without hesitation, and the speed of the spurt in the direction of the front was almost three minutes faster.

Seeing this scene, Ye Xuan's heart is big, knowing that everything is fine. when

In the middle of the squat, the awning flashed, and in a moment, there was a fascinating glimpse of the eyebrows at the eyebrows, and the late Supreme rushed toward the right side.

Although this point is unremarkable, it seems that the worm is generally small, but its speed is far more than lightning, which is the result of Ye Xuan's field power of Shennong Ding. "

call out....."

The nine-color glare spurt away, only used two interest rates, it has reached the right side of the late supreme closeness, and then, between Ye Xuan, like a worm, the tiny nine colors in a matter of moments, the storm will rise in an instant.

Less than half interest, turned into a vast and innocent nine-color flame sea, enveloped a million miles, the late extreme road, and all around the body shape ...

"Hey!"

Damn madman, what do you want to be..."

Facing the millions of flames surrounded by millions of flames, the figure of the late supreme spurt is momentarily stopped in the void, and the power of the Shennong nine-color flame is too horrible, even as the seventh-order In the late Supreme, he did not dare to touch the points...

Chapter 4556: Don't make a mistake

"Ask this nonsense... is it interesting?"

Oh..." with

The words in the mouth rang, the violent figure spurred, and soon it was on the edge of this tens of thousands of colors.

The voice just fell, the next moment, Ye Xuan snorted, the huge violent horror of 60 million miles, instantly collapsed in shape, into a \*\*\*\* sea, into the front of the nine-color flame sea.

Almost at the same moment, from this vast nine-color flame sea, three huge figures with a huge number of millions of miles were simultaneously set up at the same time, respectively, in the late siege of the besieged, in the shape of a character. , trap it in the middle.

"If you can't walk, how can you fight with the star master?"

Speaking of it, the late Supreme, the star master has not been killed yet..."

"Booming..."

The violent sound has not yet fallen, and the sound of the earth-shattering sound has already come. The three \*\*\*\* seas have been shot at the same time, facing the besieged in the center, and the body is shrouded in a awning light group. Seeing which kind of starry beasts belong to the late supreme bombing..."

You are too arrogant, violent, even if you have the secret of blood and sea, you can condense the three avatars of the same strength, and you can't kill the lord..."

At the same time, the three \*\*\*\* seas were shot at the same time, and the late Supreme in the center also sent out disdainful words. To

At this moment, he calmed down, but he was already trapped anyway. It is useless to blast like a thunder.

"嗡..." low

The sound of the incomparable humming sounds, the body shape was originally shrouded in a layer of gloom, and it was impossible to see the late Supreme of the figure. It seemed to be a secret method.

A layer of blue reticle shrouded its shape, which was the same as the middle-aged people who fell in the realm of the two realms. "

boom! ""

Oh..."

Three earth-shattering roars blew open, and the three big \*\*\*\* seas smashed out of the punch, and at the same time fell on the blue mask. can

Unfortunately, although the blue mask shook violently, it eventually survived and was not smashed. "

Do you see it? Illness, the strength of your three blood-splitting avatars is only between the fourth and fifth steps of the supreme, and the deity is the late supreme of the seventh-order..."

The sound of the sound of the day is still not falling. Within the blue mask, the voice of the late supreme voice has been transmitted again. This

It's even easier at once, and even there is a hint of sarcasm in the vagueness: "The power is not at the same level, even if it's just this layer of energy shield, you can't open it..."

"Although your nine-color flame sea can trap the deity here, but since you can't open this layer of energy shield, how can you resist the deity?"

Don't forget, your time is running out..."

Soon there will be other forbidden places of the ancient powers and even the ancient sages. At that time, even if you have a nine-color flame, I am afraid that it is impossible to escape."

Speaking of this, the cyan mask was briefly silenced for a moment. but

Soon, the late Supreme, who has never even revealed the true meaning until now, has already turned a sharp turn, and the tone of voice has been tempted: "Illness, you and I have no resentment, why bother?"

This battle, continue, you can't get any benefit. ""

On the contrary, the longer the time drags on, the more unfavorable it is for you. If there is a wilderness from other Xingqiang forbidden places, then I am afraid that you will not have time to regret it..."

"Withdraw it, now I am leaving, and I am still coming back, violent, this deity is all right, you... don't be wrong!"

After saying these words, the late Supreme in the blue mask will not say much more. It seems that Ye Xuan has no way to take him. It is estimated that he is smug in the blue mask at this moment...

"Do you want to make a mistake? This sentence... The star owner will not give it to you!"

"Because you are today... no doubt!"

"Roar....."

As the late supreme voice fell, the mouths of the three \*\*\*\* seas also sounded the voice of Ye Xuan.

Then, the three peaks of blood and sea peaked at the same time. under

For a moment, the violent violent avatar and the black fog screamed again, one left and one right, toward the front of the entire body is covered in the late glory of the blue ray.

But the incomparable cheekbones were detached, but at this moment the figure suddenly stopped and quickly raised the left arm...

At this time, Ye Xuan has no choice, the other party said yes, he does not have much time, he must solve this battle as soon as possible, so only use the powerful Shentong Yutian bow, and it is full force to push... ..

"Hey!"

At the same moment, a faint low humming sounds.

The left arm of the shin bone, a scorpion energy bow tire quickly condensed out, its shape is quite ancient servant secret, the bow body consists of three parts. most

In the middle is a double-headed monster, with wide mouths pointing up and down.

The upper and lower parts of the bow are two humanoid creatures licking the body. double

The broad mouths of the head monsters swallowed the feet and part of the calves of the two humanoid creatures. The joints of the bows were just their painful heads. The mouth was the place where the strings were held. like

In the embarrassment, the expression is inexplicable, a string of strings formed by the twisting of numerous fine gold threads, and the two ends are connected to the souls of these two humanoid bodies. Following

However, a golden energy arrow appears in the string.

Soon, the shackles of the cheekbones also found a strange golden glow, and the right hand extended.

Directly pinched to the bowstring of the left hand energy giant bow, holding the energy arrow, slowly pulling open..."

Oh..." low

The incomparable tremor humming sounds suddenly...this

For a moment, even the surrounding voids seemed to have an invisible wave, as if the arrow was only a stringed state, and the momentum that had been emitted had already stunned the void. "

call out! "tip

The sound of the ultimate emptiness came. At this moment, the sacral body directly released the right hand holding the golden energy arrow, and the energy arrow with the full force of the string was rushed away.

It seems that even the void has been broken open in an instant, and the golden flow of the stream is shining, and behind it is a black wave of tail flames.

In the blink of an eye, the golden arrow that whizzed away at an extreme speed, instantly reached the front of a sleek mask, smashed through the ruin and rushed into the hood..."

No..."

The sound of the whistle sounded at this moment, revealing endless unwillingness and despair, but unfortunately, this can't change anything.

There is no suspense in the following. In the blink of an eye, the late Supreme in the center of the flames of the sea is directly collapsed into powder. The huge body was completely blown up for a gorgeous \*\*\*\* fog, and it spread!

"call out!"

The faint sound of the air broke out, and the flesh and blood avatar waved at the moment. The invisible invisible enthusiasm of the body flew out of its body, covering a radius of ten thousand miles. just

The \*\*\*\* fog that just spread out was swept away. After being in the body, it was immediately sent to Shennong Ding, and blood purification was carried out!

Chapter 4557: Fourth master of the universe

"Hey!"

In this movement, the vast expanse of the flames of the tens of thousands of miles, condensed into a worm-like point in an instant, quickly rushed, and fell into the violent eyebrows, disappeared...

At the time, Ye Xuan had lifted the secret law of blood and sea, and the three \*\*\*\* seas disappeared. At the moment, the air that was dispersed in the body was still the fourth order of the universe, but his body shape was only high.

"Seven of them... This time, the harvest is simply amazing!"

The late Supreme was slain, and the supreme blood of Ye Xuan's hand has reached seven giants. It's just these seven supreme blood, he has the confidence to refine three twenty-eight Can come to Dan. "

There is no value in the ban on mosquitoes. The last nine universes are supreme, and they are smashed seven and escaped two..."

In the words, Ye Xuan turned to look at the three giant stars in the distance in front of the sky, where it was just the three long-lasting nests that had been killed and previously escaped. he

Suddenly, although the most important treasures must have been taken away, there may be some legacy in the nest.

This is the top cultivation resource harvested in the late seventh-level sacred nest. Even if it is not the most precious thing, for Ye Xuan, its value is absolutely amazing... he

Haven't robbed the late Supreme Cave House, and now the opportunity is in front of you, naturally won't miss it! One

In response to this, he immediately reminded the gods to the extreme, invisibly stalking the three beasts of stars in the distance. wear

Passing through the atmosphere of the stars, entering the interior, launched a rapid and comprehensive exploration.

In the next moment, Ye Xuan's singer was bright, and his mouth was filled with a smile. It was indeed rewarding, and it was not small. The top cultivating resources left by the three giant stars were added together, even more than he had before. The land of the lair of the Iron Ridge

There are almost rare treasures in the treasures, even Ye Xuan is hot!

"call out!"

Oh..." tight

Then, with Ye Xuan's meditation, the dense and sharp sound of the air rang.

In front of the void, from the three giant stars, a spurt of spurs, a large number of rare top-level cultivation resources, all wrapped up, sent to the immortal world of Ye Xuan. do

After all this, he did not hesitate, and did not delay, between the movements, directly activated the interstellar coordinate jumping ability attached to the internal system, and the body shape became a small man, disappearing directly in place.

This time, the interstellar coordinate jump point he locked in is still the same as before. When his figure reappears, he has already arrived near the source nest star that bred his strongest power. God

After learning to extend the exhibition, it was determined that the source nest star and its surroundings were as old as possible, and there was no accident. Ye Xuan's figure was turned into a mans, and after a short time, he went to the giant used for retreat. In the abandoned star, directly into its star nucleus...

So after the end of the last battle, I immediately returned here because Ye Xuan is about to start a retreat and break through the first-order repair.

In the first battle, he fully urged the strongest \*\*\*\* to pass the bow of the heavens. The blood and the real yuan in the body were almost scarce. Although it has not yet reached the level of breaking through, but with the income from the repeated wars, the opportunity to break through again. Already coming!

"call out!"

In a wave, Shennong Ding was sacrificed by him and hung in the space inside the star of this giant abandoned star. "

Oh..." tight

Then, Ye Xuan stepped into the Shennong Ding Ding mouth with a colorful mist. After sitting down on the knees, he waved his hand and immediately broke the air. very

Fast, a spurt of anger, hanging in front of him, are the resources of cultivation that he took out from the immortal world.

After doing all this, Ye Xuan immediately mobilized Shennong Ding's domain power, and compressed all the cultivation resources to the size of the baby fist, and swallowed it in the middle of a wave.

"哗啦啦....."

In the next moment, the sound of the chain of squeaking sounds was overwhelming, and it sounded in his body and continued. This

Once, Ye Xuan's body has only one chain, which is also expected. After all, it is now the middle of the universe. As the two consecutive breaks that have occurred frequently, three breaks, basically no. It is too likely to have it again.

After a little sigh of relief, Ye Xuan quickly sighed and spurred the enthusiasm of the dying energy that had just formed in the body, and launched a major Sunday operation in the whole body, and used this to save power... Cooked

The painful heartache soon came, and Ye Xuan's entire body and mind were shrouded, but for him, these are no longer a thing, and have become everyday! With

As time passed slowly, all the minds were poured into Ye Xuan, and the whole week was running out!

The progress of this breakthrough is obviously slower than usual. After seven days, the energy that was formed in his body was finally completely refining! tight

Then, just a single impact, this sturdy chain of shackles has been broken.

When the shackle chain completely broke, the expected system sounds, and soon in the mind of Ye Xuan...

"Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the fourth stage of the universe!"

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: the fourth order of the universe! "

The fourth stage of the king!

Before, the revision of Ye Xuan's deity was the third order of the master.

Once the body's power of the ancient konjac is activated, it can climb to the fourth stage of the lord. If it is to display the konjac and change the magical power, and reach the ninth. war

Force is immediately soaring to the fourth level of the universe, plus the body's majestic blood and blood, enough to shoulder the fifth-order supreme, and now, with the breakthrough again, he is activating the body's konjac blood. Are

The engraving will have the fifth-order cultivation of the Lord of the Universe as a strength. If you then display the magical power of the konjac, and enter the ninth change directly, the peak force will reach the fifth level of the universe! If

Counting the horrible blood power of the huge body of 60 million miles in the ninth state of violent temperament, its real combat power is basically comparable to the universe of the sixth-order universe!

The sixth order is already the peak of the mid-term of the universe. It is only one step away and can enter the later stage of this situation.

And Ye Xuan also has the secret of blood and sea. Once the secret power of this secret method is applied, it is possible to condense three \*\*\*\* seas with the highest level of combat power. Such as

In this case, under the Three World Wars, if he encounters the late Supreme in the seventh-order world, he no longer needs to use the sacred power of the sacred bow, and he can also kill each other.

As for the eighth-order supreme, in the case of using the strongest magical scorpion, the current Ye Xuan can be killed. Will

It is the existence of the great perfection of the ninth order of the universe, that is, the quasi-ageless power. Now, he can barely ensure that he is innocent.

However, if it is a real wild power, today's Ye Xuan, still can only withdraw immediately...

Chapter 4558: Continue to hunt

"Even if we break through again, we still don't have the strength and qualifications to face the ancient powers of the wild. It seems that the current repair is not enough, we must continue to improve and break through..."

Under the flash of the cold man, Ye Xuan whispered: "However, after entering the middle of the universe, every breakthrough is more difficult than before. This time, it took seven days to prove that..."

Moreover, if it was before, even if it had just completed a breakthrough, if it was needed, under the teeth, it would continue to retreat immediately, still have certain certainty, forcibly breaking the first order..."

"It is now in the middle of the Lord of the Universe, and there is basically no such possibility."

If you want to continue to retreat, you have to go through many battles. After the previous breakthroughs have been thoroughly consolidated and digested, it is possible..."

Speaking of this, Ye Xuan briefly indulged for a moment, and finally bite his teeth, and decided: "If this is the case, then continue to hunt, on the one hand, through the war to sharpen itself, and to make a breakthrough after the repair and gain..."

"On the other hand, just happen to get more Supreme Blood!"

However, this time I went out to hunt again, I am afraid I can only wait for the opportunity to move, secretly shot, and after a thunder blow, I immediately pulled out and looked away..."

"After all, with the two supreme escaping of the murderous moorings, now that there is a strong ban on the right side of the galactic river, most of them have been staring at me again."

"In the beginning, I just hunted the immortal, and then the cosmic lord, the master of the universe, and now, in less than a year, have begun to hunt the universe supreme."

"This is a very strange thing. Now I am afraid that even those ancient powers have given birth to vigilance. The existence of the universe's supremacy must be more at risk..."

That is to say, this time, no one will stare at me. If there is, at least it will be a great old man, and even it may be a sacred supreme... So, for the sake of safety, the only choice is to shoot one for another. Place, start safari!"

Speaking of this, he did not hesitate, and grew up, stepping out of the Shennong Dingkou with a colorful mist. "

call out! "One

During the wave, Bao Ding was included in his body. Then, Ye Xuan urged the secret of blood and sea, transforming his body into a tiny drop of blood, and then applying the magical spirit of perfect shock, hiding the blood beads, the universe supreme five The horror pressure of the order is perfect and concealed! Indeed

After everything is indistinguishable, the abandoned star is rushed out in an instant, and the speed is high. The ring on the right bank of the Milky Way in front of it is waiting for a large number of Xingqiang forbidden land and the strongest star field.

.....

After spending about ten days, Ye Xuan once again came to the right bank of the Galaxy, which was waiting for a large number of areas of Xingqiang forbidden and Xingqiang.

This time, he did not stop in the middle of the right bank of the Milky Way, nor did he go to the right bank of the right bank where the mosquitoes were forbidden... but went to the left side of the right bank of the Milky Way.

He plans to pick the right senior Xeon in the left area.

In the super strong forbidden and the strongest star, the strongest person in the town is the ancientest.

The top-ranking strongest forbidden land and the strongest person in the Xingqiang area are the ancient powers.

As for the advanced Xingqiang forbidden land, the strongest person in the middle of the town is the Supreme of the Universe, but the number is not equal. Some of the advanced Xingqiang forbidden places have only one supreme power, and some have two or three, even More! This

One time to continue hunting, one of Ye Xuan's purposes, although it also includes more Supreme Blood, but this is no longer the main purpose.

The main purpose is to find the existence of the Supreme of the Universe, fight it with it, and temper itself through \*\*\*\* battles. Place

Therefore, if it is not necessary, he will not even use the power of the secrets of the blood and the sea, but only the violent body, the opponents, and then the bombing..."

call out!"

The undetectable sound of the air broke out, and Ye Xuan, who had taken all the air, turned into a drop of invisible blood, rushing into the edge of a strong forbidden land in front and entering its interior.

This is a strong forbidden land, Ye Xuan has not come, and does not understand, so I still do not know its level.

But it doesn't matter, just hunted a forbidden beast that has been cultivated in an immortal environment. Under the search for souls, you can get everything you want to know.

After entering this area of strong forbidden land, the universe in front of the left side is nearly 100 million miles away, and a figure is reflected in Ye Xuan's field of vision. This

The repairing strength of the head starry beast is just in line with the requirements, and it is immortal.

Nowadays, a starry beast that has been repaired by immortality is in the eyes of Ye Xuan, and it is no different from the real ants. He does not even need to leak too much air, he can easily bombard it. kill.

"call out!"

In the mind, Ye Xuan's body shape disappeared in the same place. When it appeared again, it was already on the side of the immortal body.

He did not even remove the magical secret of the perfect shock, but only released a small part of the power. The seal that is not far from the side is immortal, and the whole body is completely exploded. No

When the \*\*\*\* fog spreads out, a powerful force of squirting force spreads out, and all the blood mist is wrapped up and sent to Shennong Ding in the body. One

The seal of the blood, Jing Xuan has not looked up, but can not let this \*\*\*\* fog spread in the forbidden land, so extremely inappropriate, in case of some unnecessary attention, I am afraid that the incident will be . versus

At the same time, in the \*\*\*\* fog of this tent, there is also a remnant of the soul that was taken by Ye Xuan, directly into the body, and launched a soul search. short

After a short period of time, everything about this Xingqiang forbidden land was basically all learned by Ye Xuan.

Fortunately, this is indeed an advanced and strong forbidden place. and

The number of cosmic supremes sitting in this strong forbidden land is not much or too many, just two. to

Less repair is the strength, one is the fifth order of the universe supreme, and the other is the fourth order of the universe supreme, all in the medium term! Now

In the leaves of Ye Xuan, in the transformation of the body of the konjac into the ninth change, the show is the realm of cultivation, the fifth stage of the universe, but if it is counted as its huge giant of 60 million miles The majestic blood in the flesh, his real combat power, will have a first-order bonus, which is the sixth order of the universe supreme. Such as

Therefore, with one enemy and two, the two battles are the universe of the fourth and fifth worlds. For Ye Xuan, the effect of grinding itself will be the best..."

That being the case, then there is nothing to hesitate, the first stop... choose here! "

One thought of this, he did not hesitate, whispered in a whisper, there is a chill in the shackles. words

The sound has not yet fallen, and its shape has turned into an invisible man, spurting toward the deepest part of the forbidden land. that

Here, it is the place where the two mid-term supreme stars in this high-level and strong forbidden place are located...

Chapter 4559: Shocking from the blood

"call out!"

The faint sound of breaking the air, an invisible awning, rushed in from the edge of this advanced and strong forbidden land at a limit speed beyond lightning, and slammed into the deepest part of the hinterland of the forbidden land.

This is a manskin, it is the embodiment of the blood sea secret, transformed into a drop of tiny blood beads Ye Xuan! although

It is said that the figure is small, but now he is in the ninth state of the konjac change bloodline, so he is the fifth stage of the universe. If

It is to remove the secret law of blood and sea, and restore the shape of tiny blood beads to the violent starry sky of 60 million miles. In such a huge body, the endless horror of blood and blood. will

Let his real combat power get a second-order blessing, which is the sixth order of the Supreme Universe.

Of course, if you use the power of the blood and sea secrets, then Ye Xuan will immediately condense three \*\*\*\* seas with all the six-level supreme power...

But this time, he did not intend to do so. because

For now, the reason why he came to this place is that it is not for the thunder, to kill the universe and to obtain the supreme blood. and

It is to sharpen the war by itself, to digest the gains of the last breakthrough, and to seek the opportunity to break through again in a short time...

In this way, it is naturally impossible to exert the power of the secrets of the blood and the sea, to condense the three blood and sea avatars, to be more and less sin... it is no different from his purpose, running counter to one another. "

咻..." Exhibition

Under the speed of opening, the tiny blood beads of Ye Xuan's body shape crossed the endless empty space between the eyes and came to the deep hinterland of this advanced and strong forbidden land. before

Just about 200 million miles away, two giant beastly stars appeared in the field of vision.

One left and one right, only two or three hundred thousand miles apart, quite a bit of a group to take advantage of it. This

It is also the meaning of Ye Xuan, which can be described as being in the middle!

During the meditation, he directly smashed the body shape and the magical power of all air movements to perfection and shock. In a flash, tiny worm-like blood beads appeared. although

However, it seems to be inconspicuous, but the temperament of the blood in the blood is terrible, reaching the fifth level of the universe.

This moment, the entire vast and powerful forbidden land, all exist, have felt the powerful pressure of this fifth-order supreme, within the fierce beasts, countless starry beasts shivering. Will

It is the Lord of the universe, and they are all in the nest, and they simply don't dare to show their heads...

However, within the two giant beasts and stars that opened 200 million miles ahead, it was easy for the first time to stir up two powerful and powerful pressures. which is

Compared with Ye Xuan, it is also a difference. left

In the star of the giant beastly beast, what is diffused is the pressure of the fifth order of the universe.

In the other beastly star outside the two or three hundred million miles away, the prevailing pressure of the universe is the fourth order of the universe...

"Roar!"

get out....."

Feeling the fierce meaning contained in these two supreme threats, Ye Xuan's mind was fully ignited at this moment.

With a terrifying roar coming out, this drop is so faint as a worm-like blood bead, and immediately after a storm rises, short and half interest, it has become a body full of 60 million miles of horror Irritable. Such as

This huge size is almost the same as the two giant beasts in front of it, and even a faint lap. This

At the moment, the temperament of the starry sky is still the essence of the universe, although it is still the fifth order of the universe, but in fact, because of such a huge body, the horrible power of the horrible, now violent, true The combat power is already more than the sixth-order supreme. "

boom! ""

boom! "

Without hesitation, there was a flash of glory in the middle of the sky. The starry sky was violently separated by a virtual space of two or three hundred million miles. Suddenly, two sharp fists hit the target, pointing to the two giant beasts and stars on the left and right sides. ..."

boom! ”

"Hey!" two

The sound of the earth-shattering sound of the explosion came, and the two huge beastly stars, no half suspense, almost exploded at the same time. star

Innumerable banned beasts in the Chen smashed blood, and they didn't scream, they burst into blood. "

call out! ""

Oh..."

At the same time, with the explosion of these two giant beasts, from the inside of the stars, there is also a rush of violent spurs. number

A lot of money, overwhelming, like the attraction of a certain powerful force, the speed is almost to the extreme, the blink of an eye has been immersed in the huge and incomparable body.

These luxuries are all the top cultivating resources in the two giant beasts and stars. They are the two privately-owned private objects sitting in this high-level and strong forbidden land. but

So, on the one hand, the violent sudden shot, they can't catch up. another

On the one hand, it is the temperament of today's combat power than the sixth-order supreme, the gods are even more powerful, locked in the top resources of the two beasts after the explosion of the stars, and when the first time to collect ...

Sitting in the supreme level of these two beasts and stars, can't stop it! blink

Between the eyes, the various top-level cultivation resources they have collected for many years are taken away by the invading enemies and sent into the immortal world. This

It is definitely the face of the red fruit, which can inspire the anger of these two supreme powers to the extreme. and

This is exactly what Ye Xuan did for this purpose...he

This is to sharpen myself with the big battle, but I didn't have time to play with the two guys. The more time I dragged, the more unfavorable it was to Ye Xuan. Place

Therefore, he must completely irritate the other party as soon as he comes up, so that the war will be truly heated from the very beginning...

His purpose has obviously been reached. This

The effect of the sample is simply unexpectedly good..."

Roar! ""

You are a bandit..."

"This is simply the robbing of the red fruit..."

"I will hand over all the cultivation resources immediately, including your own one, otherwise...die!"

"Hey..."

In an instant, the screams of screaming and screaming sounded, and then, from the two giant beasts that were exploding, two large figures were directly rushed out.

This is the two-headed blood horned antelope, which has a huge body size of tens of thousands of miles. The body exudes a breath of breath, which is the fourth-order supreme and fifth-order supreme.

At this moment, the first burst of the nest star that was blasted in an instant, the two blood horned antelopes hoofed in the void for the first time, wrapped in a thick and \*\*\*\* fog, one left and one right, hanging down With the \*\*\*\* giant horn at the top of his head, he rushed toward Ye Xuan. although

It is said that the violent body is huge, and there are 60 million miles of giants, but the repairs that are dispersed in the body are only breathable, but only the fifth stage of the universe. he

Among the two of them, there is one of the same order, and the other is weaker than a small step. No matter how they look at it, they all have an advantage, so there is no fear at all.

It means that when you come up, you want to fight against robbery, and you are clamoring to let Ye Xuan even hand over his own cultivation resources.

Chapter 4560: Ambush

"You two guys, really not the average confidence..."

To the words of the two \*\*\*\* horns, Ye Xuan was almost on the spot.

"Roar!"

"In this case, today, the Lord of the Stars will not take advantage of you. It will crush you with the sixth-order power of the Supreme Supreme. I will look at it, and you can take away the cultivation resources of the Lord. ...."

After screaming and screaming, with the voice of Ye Xuan's fascination, the horror figure of the original 60 million miles of the starry sky began to shrink. short

Shortly after a short period of time, it has become about a million miles, and the two blood-horned gazelles that are coming from the speed of his own right and left are generally no different. Such as

This time, with Ye Xuan's \*\*\*\* secrets, he will shrink his body shape. In the huge body of 60 million miles, he is soaring and arrogant, the first step of his real combat power. The bonus is instantly weakened to the extreme. and

Today's Ye Xuan, repaired as a strength can not be compared with the sixth-order supreme, but compared to the fifth level of the supreme, but still have to be stronger, but extremely limited.

It is between the sixth order of the Supreme and the fifth order of the Supreme!

With this kind of cultivation as the strength and the two blood-horned magic antelopes, the effect of Ye Xuan's own temper will be maximized. and

Moreover, this battle will not only use the various powerful powers such as the 陨天弓, and even the treasures of the Shennong nine-color flame and the \*\*\*\* stick will not be used. From

From beginning to end, he will fight with a pair of flesh fists and the two-headed repaired blood-horned antelope. In this way, the income of the last breakthrough in the body can be quickly digested, and the opportunity to break through again is ushered in.

This is really helpless, but Ye Xuan has no choice. After entering the mid-term of the universe, the time required for each breakthrough is getting longer and longer, and he is in urgent need of upgrading to become a strength. There is simply not enough time to wait for the time. The breakthrough opportunity naturally comes. only

In this way, forcibly fight for it!

"call out....."

As the body has just shrunk, Ye Xuan has displayed a virtual teleport at the first time. Under the sway of his shoulders, his huge body shape is easy to disappear.

When it appeared again, the blink of an eye had already reached the back of the \*\*\*\* horned antelope on the right side. There was no hesitation in the middle of the sneak peek.

boom! ""

boom....."

In the thunder of the thunder, a shocking explosion came out, the fourth-ordered blood-horned demon, the entire huge right leg blasted. "

Oh..."

This shot was not enough, and it was obviously very heavy. Poorly, this \*\*\*\* horned antelope, under the pain, actually screamed at the sound of a wolf, screaming, screaming...not

However, the Supreme of the Universe is not so good to kill, the general first-order supreme is still the same, not to mention the \*\*\*\* demon sacred has the powerful fourth of the universe supreme, compared to Ye Xuan, but only weak one Small steps only.

This punch, although let him eat a big loss, but it is obviously not enough to kill him.

In the blink of an eye, the huge suffocating blood of the huge right hind leg is like being sucked by an invisible force. The blink of an eye rushes into the body of the blood horned antelope.

At the same time, the right rear leg of the blood-horned demon, which had just been blasted, was quickly re-grewed at a speed visible to the naked eye. on

It seems that the scene of being talented has never happened before. This

Everything was as early as Ye Xuan's expectation, but he did not care at all. His purpose was not to kill the two blood horns with the fastest speed, but to treat them as sparring, as much as possible. Sharpen itself. and

Just a punch, Ye Xuan rushed out, the body's power surged to the extreme, and the effect of sharpening itself was clearly achieved.

But this is not enough. He needs more to digest the previous breakthrough income and welcome a new breakthrough opportunity..."

Roar! Come again..." Brain

After flashing these thoughts in the sea, Ye Xuan did not hesitate. After screaming and screaming, he stooped and rushed to the other fifth-order magic antelope on the other side.

"It's violent, you are the supreme fifth-order, and you actually want to challenge us both at the same time. I really don't know where you are confident..."

Today, it is necessary to stay with you. Even if you can't kill, you don't want to escape easily. You don't give up all the cultivation resources. The two of us will always kill you behind you, killing all the way..."

"Roar!"

Seeing the body shape of Ye Xuan rushing, the fifth-ordered magic antelope flashed a slap in the face, and the voice of the gods was also heard.

Finally, with a violent scream, the fifth-ordered demon hangs first, and the sinister \*\*\*\* giant horn on the top of his head slams into the violent belly.

However, a fifth-order supreme that is similar to the strength of the current self, is a full-strike attack. If it is topped to the abdomen by this \*\*\*\* giant horn, the horror Ye Xuan will immediately break the intestines. although

It is impossible to fall down on this, and it may not even be considered a serious injury, but this situation is obviously unwilling to accept it. mill

“I am not automatically looking for abuse. What Ye Xuan needs is to let go of the war, instead of being hurt by myself...”

"Hey!"

In the interim, he once again urged the void to move, the body shape disappeared directly in place, and when it appeared again, it was already behind the fifth-order magic antelope.

Almost at the same moment, the violent right fist suddenly slammed out..."

boom! "

The void was spurred by the thunder of the rolling, this blow, all the power in Ye Xuan's body once again fully stirred, giving him a sense of exuberance.

"Only you will be a virtual teleport? It's really interesting..."

It is a pity that this punch has just blasted out, and the sound of the gods of the fifth-order magic antelope has already sounded, revealing endless sarcasm. fruit

However, just in the first half of the moment when Ye Xuan's fist hit the back of his back, the figure of the fifth-order magic antelope disappeared instantly, and like Ye Xuan, he also exerted a virtual teleport at the most critical moment.

And, it's not just him..."

call out! "micro

The undetectable sound of the air broke out, and the other side of the sky, the body shape of the fourth-order magic antelope disappeared instantly. When it appeared again, it went directly to the back of Ye Xuan, and did not scream. The skull went down and the first time The \*\*\*\* corner at the top of the head, tied to the back of the violent... This

At the moment, Ye Xuan's heart was suddenly alarmed. positive

When I want to avoid the flash on the right side, I can't help but see the void on the right side of the universe, but at this moment there is a wave scale that is like a fish scale. This

It is clearly the mega-visual of the void, and the fifth-order magic antelope, after the start of this teleport, chose to appear, just on the right side of Ye Xuan, directly escaping the retreat of its sideways, and sealed it. . under

For a moment, the figure of the fifth-order demon appeared, and as soon as he raised his right hoof, he stepped directly toward Ye Xuan's chest.

It's utterly ridiculous, and it's also screaming at the moment: "Hey..."

The wind smells that you are violent and fierce. It's just like this. Today, it's a bit too big, and the teacher is moving..."
