

## Super D.S 4571

Chapter 4571:

This time, Ye Xuan resumed his injury and once again broke through the first-order repair. In fact, it only took two days, but in order not to let the twelve powerful existences still circling in the virtual air, he is hard to consume. For seven days, I stayed for a few days before I came out.

This is to make the other side know, this time, they broke through again... Of course, only one breakthrough, the previous breakthrough of the repair, Ye Xuan still hidden, did not show.

Therefore, although Ye Xuan's current cultivation has reached the seventh stage of the universe, when he activates the blood of the body and turns the blood of the konjac into the ninth state, his peak power can be reached. The universe is supreme.

But at this moment, when his figure appeared again, the cultivation of Ye Xuan's strength was only the seventh order of the universe, and only a sixth order was stronger than the previous six.

Although only a strong first-order, but also like the \*\*\*\* bugs who had fought with him before, entered the late stage of supreme. Big

Although the black bug has the supreme eighth-order cultivation, but Ye Xuan in the huge body of 60 million miles, the force of the blood and the first-order addition to the repair, will also have the supreme eighth-order combat power. This

It's not weaker than the \*\*\*\* bug, plus he has a \*\*\*\* stick in his hand. On the surface, he basically has the power to abuse the other side...

In this case, even if he was in the last battle with the \*\*\*\* bug, he did not suffer a small loss, but at the moment he slammed out and immediately yelled to start the third battle with the \*\*\*\* bug. It's completely reasonable.

Falling in the eyes of the twelve powerful presences in the virtual sky outside the circle, but suddenly it is repaired as strength, and under the skyrocketing confidence, it is necessary to find a \*\*\*\* bug to avenge blood! brain

These thoughts flashed through the sea. The existence of the crouching in the twelve canopy groups, after a brief silence, immediately began the secret communication between the gods and began to discuss..."

Sure enough, this violent repair has broken through the strength..."

"Nine days, about two days to recover the injury, and then gnawed the teeth, used seven days to break through ... there is no difference in time, this should be the truth."

"The situation is not very good. If the violent temper is calm down, it will take seven to eight days or so to break through a small step. This is simply against the sky..."

"Now, he is already the seventh-order of the universe, and there are three small-order breakthroughs that can enter the ancient world of greatness. If you use the secrets of blood and sea and promote the power of separation, you will gather three ancient wastes. The \*\*\*\* sea of the environment, at that time, I will be more difficult to trap him."

"Never let him break through again. This time, send a nine-step big and perfect half-step power..."

Do you think this temper is so stupid? Isn't that the same in finding abuse? I have already eaten two small losses before, and if I come back for the third time, I am afraid that he will be suspicious and alert."  
"

"Not to mention, in the previous battle, he was not abused by the black sect. This time, he was so excited to yell at the exit, and he would like to fight with the black lord. If I wait for someone else to play, can he agree? ""

Black Zun, how about another fight? As long as you are alert, avoiding his \*\*\*\* stick, this violent sorrow can't help you. After you stabilize it, you can find ways to irritate him and find the best time. You can seriously hurt it with a single blow..."

"This... well, then it will be another battle!"

In the end, the \*\*\*\* bug finally reluctantly made this battle, but listening to the voice of his gods, but obviously there is some feeling of not too high. thing

This is indeed true. For this upcoming third battle, the \*\*\*\* bug has always had a bad premonition, but it is not why. Correct

In the hands of Ye Xuan's fierce, the \*\*\*\* stick, he was still quite jealous, and even can be said to be frightened. After all, in the early period of the war, the \*\*\*\* bugs were caught off guard by the big sticks on the back. On the spot, a fierce wolverine was heard on the spot, showing how much pain. Rear

The reason why he came to no longer be knocked by the \*\*\*\* stick is that the reason is that he is the eighth-order supreme, and the temper is even the first step of the force of the blood in the huge body of 60 million. The blessing of combat power is only the seventh order of the universe.

Black bugs rely on this advantage to make it faster, and they have avoided the \*\*\*\* bars again and again.

But now, the temperament of repairing the strength has broken through the first order, and also has the eighth-order combat power. As a result, the advantage of the \*\*\*\* bug speed is flattened. In this case, the next coming is coming. In this battle, he once again tasted the possibility of a \*\*\*\* stick to kill the power, and instantly it skyrocketed...

It is possible that he really does not want to fight this battle, but as the other eleven powerful people have said, the violent temper has already hated him. If he is replaced, the other party will not only be suspicious, but also It is impossible to agree.

In this way, he can only bite his head. it is good

Although the strength of the two people's cultivation is almost flat, the speed advantage of the \*\*\*\* bug is no longer, but after all, he is only about a million miles, compared to the huge temper of 60 million miles, slim and too much. The flexibility of the figure can still make a big fuss. only

Be careful, it's not too difficult to escape the \*\*\*\* stick...

These thoughts flashed through my mind, and the \*\*\*\* bugs went away even if they rushed forward, while the other eleven awnings still remained in the distant sky beyond a billion. This

Once, or because of the low interest of the heart, the \*\*\*\* bugs came up, and even half of the words were not. The whole body was transformed into a speedy man, and it directly ran into the past.

Of course, this attack is only a sniper attack. He has left a strength and made preparations to change the position as soon as the other party's \*\*\*\* sticks down.

Roar! ”

"Damn broken bugs, this time, the star will mainly blow you up!"

Seeing that the other party has already rushed, the violent chilling flashes, and after screaming and screaming, the first time will greet him, and the \*\*\*\* stick in his hand will be eagerly picked up and straight. The raging \*\*\*\* bug fell...this

For a moment, the \*\*\*\* bugs were born with a warning sign, and they did not hesitate. When they went to the situation, they immediately withdrew. Even the power that was retained was immediately spurred. The huge body shape of the whole million miles was instantly in the void. Draw an arc that perfectly avoids the \*\*\*\* stick that is about to fall..."

You are clever, but unfortunately, the star master is not so fooled! ”

Almost at the same instant, Ye Xuan's voice of the gods sounded, and the \*\*\*\* stick that would fall down was also transformed into a perfect arc with a dexterity, following a \*\*\*\* bug. In an instant, I squatted on the back of my head...

"Hey..."

For a moment, the fierce wolf howling, once again rang...

## Chapter 4572: A solution to the hatred

With the screaming scream of the \*\*\*\* bug, the third battle was finally kicked off...

The talents face each other, the first round of the fight, the \*\*\*\* bugs will be in the way, and the back of the head is pulled out of a small pit, such a scene, out of the dark sky, the eleven awning light group crouched. The expectation is that all people are stunned.

However, Ye Xuan has already expected it, and it can even be said that it is in the chest.

On the surface, his current combat power is indeed the same as this \*\*\*\* bug, only the eighth order of the universe, but in fact, Ye Xuan concealed the first-order cultivation. but

It is his concealed but only the power, and the atmosphere of the gods, but the reaction and speed of the nine-order supreme, etc., but there is no need to conceal, because these things can not be seen.

Therefore, although the \*\*\*\* bug is slimmer than his body, it seems to be more flexible, but in fact, Ye Xuan's reaction speed is more than him.

It can be said that as long as Ye Xuan is willing, in the next round of each round, he can easily smash the \*\*\*\* bugs, and stick to the meat until they live and kill them.

But he obviously can't do that.

On the one hand, because if it is true, the follow-up two battles will probably be lost. The existence of the crouching in the eleven awnings in the distant sky will surely give birth to suspicion.

On the other hand, Ye Xuan is now launching this third battle. The real purpose is to digest the income of the last breakthrough through the fierce battle of heart and soul, and quickly ushered in the opportunity to break through again.

If every time you use the \*\*\*\* stick to smash it in the past, each time you press the other side to fight. Although the strength of the body is full, it also has its own effect, but it is not so obvious. Ten thousand

The income of the last breakthrough has not been fully digested, and the opportunity to break through again has not yet arrived. I have accidentally bombed this \*\*\*\* bug, which is simply speechless...

The battle continued, Ye Xuan did not always use the big sticks. More often, the \*\*\*\* sticks deliberately let go of the \*\*\*\* bars, and then they rushed to the ground and violently collided with the \*\*\*\* bugs. very

As for, in order to ensure that this guy will not fight more chilling, and finally abandoned the battle to escape, at some point, Ye Xuan will deliberately sell a loophole, being bombarded by the other party one or two.

After all, this kind of sparring is rare. If you want to let the horse run and not graze the horse, it is absolutely impossible.

The battle of the game continued under this tone. Slowly, as Ye Xuan was occasionally hit by one or two times, plus the number of times he had eaten a \*\*\*\* stick, it did not seem to be expected. So often.

Often two or three hours will be so fierce and so screaming...

Therefore, from the beginning of this war, some of the \*\*\*\* bugs that were scared, originally hanging in the eyes of the blind man, finally fell back, slowly converge on the mind, while coping with Ye Xuan, and he began to circulate while waiting for the Thunder. The opportunity of a blow comes...

Unfortunately, this opportunity, Ye Xuan obviously will not give him any more. This

Once, only a day and a half battle, Ye Xuan's last breakthrough in the income, it was completely digested, fully integrated into the body and the soul, once again the opportunity to break through, finally arrived!

Under the ecstasy of the heart, Ye Xuan lost interest in this battle in an instant. After all, the purpose of this war has already been reached. If it continues, there is no meaning at all...

"Boom!" 趁

The other party did not pay attention, the violent sudden turn, the speed of the \*\*\*\* stick instantly increased by 30%, and the blink of an eye once again banged on the back of the \*\*\*\* bug.

This time, Ye Xuan promoted the strength of the flesh and the real body of the body to the extreme, and even used a part of the hidden cultivation. complete

It was only a blow of the electric stone fire, and his knowledge did not change. The pressure of the body did not change, so he did not worry about the eleven awnings that crouched in the distant sky. The strong presence inside sees the clues. can

The \*\*\*\* bug that has endured this great power, as a strong hit of Ye Xuan, is completely different.

He changed his face in an instant, because the power of this blow is definitely not the eighth-order supreme can be displayed, infinitely close to the nine-order supreme. This

At one moment, the \*\*\*\* bug finally understood where the bad feelings of his own heart came from.

As a powerful late supreme, his sense of consciousness is naturally extremely sensitive. For some important things that are closely related to himself, such as the crisis of life and death, etc., there is generally a strong sense of the sixth sense of ordinary creatures.

It is a pity that everything that happened before has successfully confuse the \*\*\*\* bug. Although his heart has produced a warning sign, he has not paid attention to it at all.

It's already late when I realize that it's not good. "

you.....""

Oh..."

boom! "surface

Under the great change of color, the voice of the \*\*\*\* of the \*\*\*\* bug only came out with a word. The savage and fierceness of the mouth was also very short, and there was no end in it. The huge body of the whole million miles was instantly bombed. A black \*\*\*\* fog.

"咻..."

When it was urgent, Ye Xuan did not hesitate. He waved his hand at the first time. In an instant, there was an invisible squirting force that spread the \*\*\*\* fog that had just been diffused and directly into the body. Following

However, he glanced at the \*\*\*\* stick in his hand and yelled at the head, "Good baby, the power that broke out in an instant is really amazing." Then, his body swayed, and his eyes flicked to the Shennong Dingkou where the colorful mist was shining.

The reason why I finally made such a sentence at the end was to cover up his last moment, and suddenly a bang of the horror of the \*\*\*\* bug, pushing it all to the explosive power of the \*\*\*\* stick hidden, naturally perfect. This is the wild treasure that is matched with Shennong Ding. To

After Dingkou, Ye Xuan did not stop. In the next moment, his body shape disappeared and he directly entered the space inside Ding...

At this point, Ye Xuan's Supreme Blood, reached a huge ten, and this one that has just been harvested is still the supreme blood of an eighth order, infinitely close to the best of the ninth order.

Until then, when Ye Xuan's figure disappeared at Dingkou, after entering Ding's inner space, among the eleven awnings in the distant universe of one billion miles away, there was a sudden rumor. Incomparable exclamation..."

what? Black Zun actually fell? What happened in the moment? ”

"Damn, this temper is not as stupid as I imagined. He has been waiting for an opportunity to move. It turns out that the \*\*\*\* stick that the gods have made of pesticides actually has this kind of killing."

"It should be like this. It seems that this violent temper is quite a city. It has been forbearing before, but at the last moment, suddenly shot, and under the attack, it will kill the black .....

"Believe! This time, Black Respect is really too big, let me wait... I missed the opportunity again!"

Chapter 4573: Only one step worse

"Believe! This time, Black Respect is really too big, let me wait... I missed the opportunity again!"

"The realm of its own is only the seventh order of the universe, but because of the first-order blessing of the powerful force in the huge body, it has the powerful strength of the eighth-order supreme, and because of the \*\*\*\* stick in the hand, the opportunity is glimpsed. It is better to be able to kill the Supreme Eighth Order..."

From this point of view, if you want to take this violent temper, you can only move the 9th-order supreme, just don't know me, etc... Is there still this opportunity! ”

"It should be no problem. This violent battle lost two games before. Now in the third game, I designed a slap in the face, and even added another Supreme Blood Essence. In this case, his heart I am proud of it, and most of it is still unfinished..."

"Yes, even the eighth-order supreme has been able to kill, and the violent self-confidence is inflated. In the next battle, even if I send a nine-level supreme battle, he will probably not have too much resistance. mood.""

It's very likely that you will be the last chance. You must be a senior-level 9th-order supreme..."

I am coming... this time, I will definitely take him down! ""

Roar....."

God

Nong Ding, Ding inside space!

"call out....."

The faint sound of breaking the air, the temper has narrowed to the shape of the squad, only from the heights, falling on the edge of the volcano of the central domain.

This time, he immediately shot and killed the \*\*\*\* bug, and he must be shocked by the presence of the crouching in the eleven awnings in the distant sky.

Even if it will be suspicious because of this, it is unpredictable. Therefore, after entering Ding, Ye Xuan did not immediately break through, but motivated Shennong Ding's domain power, secretly listening to the outside world. The voice of the gods.

Soon, the eleven powerful voices of the exuberant voices were clearly introduced into Ye Xuan's ear, which made him feel big!

"After this breakthrough, it is enough to just have another battle... It seems that there is basically no problem!"

Under the flash of Zhonghan Mang, Ye Xuan immediately sat down on the side of the volcano on the central domain: "But the time must be grasped, and they must not let them know that I have broken through the first-order repair. Otherwise, this is about to start. I'm afraid I'll have to fight..."

Oh..."

After that, he no longer hesitated and waved suddenly...

With the faint sound of breaking through the air, there was a rush of anger and hang out in front of him.  
positive

It is the cultivation resource that he took out from the immortal world to develop this breakthrough! No

Half a bit hesitant, Ye Xuan immediately mobilized Shennong Ding's domain power, compressing all the cultivation resources to the size of only the baby fist, swallowed the belly.

"哗啦啦....."

The entrance to the baby boxing ball that has been condensed by the refining resources has turned into a powerful river of power, and in Ye Xuan's body, there is also an unexpected sound of the chain squeaking. . This

There was only one shackle chain that appeared at one time, but Ye Xuan did not pay attention to it. For the first time, he was concentrating on the ambition and urging the energy that was just formed in the body, and launched a major week in the whole body. Working day...

This time the battle was equally fierce, even surpassing the previous second battle, so that it took only two days, and the hanging energy formed by Ye Xuan's body has been thoroughly refining! With

After that, it was only a shock, and this stout chain was broken.

When the shackle chain completely collapsed, the expected system sounds and sounded quickly in Ye Xuan's mind..."

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the eighth order of the universe! ""

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: the eighth order of the universe! "

The eighth order of the master of the universe, from the nine ninth order of this world, is only a first-order situation!

In other words, the current Ye Xuan, the distance to swallow twenty-seventh-level Baodan, there is only a small gap, which is absolutely exciting.

Previously, the cultivation of Ye Xuan's deity was the seventh order of the lord, and the power of the blood of the ancient konjac was activated, and it was able to climb to the eighth order of the lord, and if it was to display the konjac and change the magical power, and reach the ninth change, the battle Force immediately ascended to the eighth order of the universe.

If it is coupled with the blood and blood of the flesh, its true combat power is even more than the ninth-order supreme. and

This time, with his successful breakthrough, Ye Xuan will have the power of the nine-order grand perfection of the universe after he activates the blood of the konjac in the body.

If you use the magical power of the konjac, and directly enter the ninth state of change, its peak power will be able to reach the universe's supreme ninth order! and

Moreover, if it is counted in the huge body of 60 million miles, the pounds will be the first-order bonus to the real power. that

What is the most powerful force that Ye Xuan can show now, and it can almost reach the first stage of the ancient powers of the wild, even if it is because of the leap of the big realm, the power of the body and the blood force to achieve this level of combat blessing, there are The discount, it is definitely far from the average half-step comparable.

Absolutely infinitely close to the existence of the ancient powers...

“Is it only a step worse? And this breakthrough only took two days...”

After calming down the mood, Ye Xuan's fine mans flashed, and he subconsciously tightened his fists: "As long as you complete a big battle, swallow a 27-level supreme Baodan, let yourself be a strength. The opportunity to formally enter the universe and supreme... will come soon!"

"Once I enter the universe, I am in the state of the ninth change of the konjac and the blood, and I will be the second-order power of the ancient powers, and then count the first-order bonus of the power of the huge body. The ultimate combat power will be able to compete with the third-order power!"

If you urging the blood and sea secrets and exerting their avatar power, you will be able to instantly condense three blood and sea avatars that are equally cultivated... If you lead one, the predicament in front of you will be resolved instantly! ""

Maybe you can still take advantage of this opportunity. Before you leave, you can kill a few superstitious universes. So, it is enough to refine the supreme blood of the 28th-level powerful Baodan, no need to continue hunting. kill....."

"So, this battle is very important, and you can't let the eleven guys be suspicious."

Having said that, Ye Xuan immediately rose up and sighed with a sigh of relief: "So, after going out of the space inside Ding, my cultivation is the strength, it is better to stay in the seventh stage of the universe as the previous World War. ...."

"Fortunately, the two days are so short, and it is not for the eleven guys to suspect that during this time, I have successfully broken through the first-order repairs!"

At this point, Ye Xuan no longer speaks, and his body shape slams into the sky at the height of the sky inside the Ding, and his body disappears and disappears.

Chapter 4574: One more is

Shennong Ding, the universe in the sky! Two

The days have passed, and the temper of entering the interior space of Baoding has never appeared. This makes the powerful presences in the eleven awnings that are far away from the distance of one billion miles, all worried.

After waiting patiently for two days, at this time, the eleven powerful existences finally re-expanded the voice of God, secretly negotiating...

"What to do? It hasn't come out for two days, it's not a good sign..."

Yes, if there is no accident, he is very likely to be retreating. If so, once he waits for him to go out, this violent repair will once again skyrocket, reaching the eighth level of the universe, plus the flesh and blood. The first step of force, his real combat power, will reach the ninth-order great perfection..."

In this way, I am afraid that even if this warrior has a ninth-order powerhouse, I am afraid it will be difficult to get rid of it. After all, there is a \*\*\*\* stick with amazing power in the hands of violent, and a critical strike can be taken at a critical moment. ! ""

I can only wait any longer. If this violent cockroach appears within three days, it will act according to the previous plan. If it does not appear for more than three days, it must be a breakthrough. Once it shows up, it can only be seen. Another calculation..."

Roar! "

"How are you, the old bastards, still guarding here?"

Just at this time, in the center of the void that was besieged in front of him, the Shennong Dingkou, which is like a giant star, suddenly appeared a figure, and his head was a roar.

In the discourse, it is full of provocations and triumphs: "Twelve powerful existences, more than the strength of the master, in this case, actually fell one..."

"It's a shame to throw home. If the Lord of the Stars is you, I've been shamelessly hiding, and where is my face still here?"

The words are really mean, and they have reached the pain of these eleven powerful existences, but when they see the violent cockroaches finally appear, they also make their hearts suddenly loose. Hang

In the heart of the blind man, half of the moment fell.

Only two days ago, this violent, it is absolutely impossible to have closed the door and successfully break through the first-order repair. and also

That is to say, as long as he can say that he will come to another battle, then the previously agreed plan can be smoothly launched. This time, they will be sent to a senior nine-stage supreme. For a hundred years.

If he is careful, just be careful, wait for the opportunity, and the chance of successfully slamming this head is still very high...

With this kind of thought, the existence of the crouching in the eleven awnings, although the heart is angry, can only endure, the four powerful wild powers still have no snoring, deliberately appear this kind of indifference, as if violent The success of the war in the battle, even killing the opponent, is extremely disdainful. to

In the other seven universe supreme, but secretly bite the tight, heart resentful, at the same time, the sound of the gods will be heard in an instant, I want to anger this violent again, let the next Four battles have become a reality..."

Ill, do you know what your present attitude and tone are like? The villain is like this..."

Yes, in the previous battle, Black Zun was nothing but a deliberate enemy. Plus, you have deliberately concealed the powerful power of God's pesticides, and launched a sudden attack. Only when the ship is turned over in the gutter, can't explain anything! "

"Now, the \*\*\*\* stick in your hand has already slammed the bottom, and the killer is useless. If it is another battle, it must be called you on the spot!"

"Forget it, roll back to the space inside the Ding, forgive you not to dare to fight again, and finally apply the darkness to move back to a face, if it is followed by abuse, under the huge gap, it is even more shameful!" "

Roll back to the space inside Ding to make your tortoise turtle, and wash your neck and wait for it to die. I have already dealt with your good strategy. Soon after, I will break the domain power of Baoding and enter the space inside Ding. , take you down..."

By then, you will be ruined into a real tortoise, hahaha..."

Roar! "

"The big words! Since you are looking for death, letting you come over is..."

You will say a word to me in the late period, and the sounds of the gods that are heard are all extremely harsh words. The violent temper is finally irritated again, and a body is standing up from the Shennong Dingkou, which is carrying a colorful mist. Yang

After a terrible roar in the hair, the right hand turned down, and the fierce and \*\*\*\* stick appeared in his hands again in an instant. One

Time, infinitely fierce killing, rushing out from the violent body, looking at it with coldness, but also quite a bit of arrogance: "Come, the seventh-order supreme will not come over to deliver food, this Star owners have no feeling of abuse. Now, the Lord of the Stars kills the Eighth Order Supreme! No matter who comes up, it will be a big deal..."

This result can be different from the expectation of the crouching within the eleven awnings. If only the eighth-order stern is on the stage, the result of the fourth battle may be regrettable.

Of course, they do not know that Ye Xuan completely deliberately said this, the purpose is to avoid making these old guys suspicion as much as possible. complete

In fact, for this upcoming fourth game, Ye Xuan is really too important, it is of great importance, in any case, we must strive to win.

At this moment, with the violent screaming and clamoring to challenge the eighth-order supreme again, the seven late supreme ridicules of ridicule will immediately ring again...

"Ha ha ha... It's really a laugh!"

The installation is so incomparable, it seems that the appearance of Wang Ba's gas leaks, and ultimately it is not a sentence to vent the old end? "

"Yes, this is clearly the perfect portrayal of the guilty guilty, just dare to face the eighth-order supreme? For a long time, it turned out to be a tortoise turtle!"

I am violent, you don't even think about the eighth-order supreme. I've been smashed by you for a while. Although it's just an accident, sending another one up, there will never be the same situation, but I'm afraid it's hard to abuse you to die... .."

"So, it doesn't make any sense to me. If you want to fight, you will send a 9th-order supreme. If you don't want to abuse it, it seems to be enjoyable. This battle is a bit of a look."

"Unfortunately, it is estimated that you are not arrogant. If you do, then you will have to continue to install the big tail wolf, and return to the interior of Baoding, when your tortoise will go. ....""

Roar! ""

Oh..." This

The words of one time are even more ugly, and they are said to be so arrogant, and the violent anger is more fierce. Yang

After several screams of screaming in the head, his body shape was directly rushed from the Shennong Ding Ding mouth with a colorful mist.

For a masque masculinity, squatting in the universe of the sky about 300 million miles away from Baoding, a \*\*\*\* stick on the shoulder, screaming loudly: "Come on, how about the ninth-order supreme?" Since the star master can sing the eighth order, the ninth order comes, and the result is the same..."

Chapter 4575: Ear ash

"He was fooled!"

"This violent temper is still too frivolous, not calm enough, perhaps because of the short-term cultivation of the strength of the skyrocketing too fast, a little floating... actually so fooled!"

"This is the best opportunity and the only chance. This time, be sure to take him down!"

It should be no problem, even if he counts the six-thousand-thousand-thousand-thousand-thousand-thousand-thousand-thousands of blood in his body, he is only the first-order blessing of the strength, and this temper is only the eighth-order power of the universe. Absolutely not a nine-level supreme opponent. ""

What's more, Zun Zun is a veteran presence in the ninth century of the Supreme Court. It is not far from the real wilderness. It is absolutely not a problem to crush him. ""

After tossing for so long, this battle can be ended. After all, be respectful, be careful, don't be too radical, wait for opportunities, and look at the opportunity to strike a thunder. This is our last chance..."

"Call..."

Ye Xuan rushed out from the Shennong Ding Ding mouth with the colorful mist, and surrounded by the eleven awning light groups, the eleven powerful existences, once again secretly communicated with the gods and exchanged . This

Once, all of them were extremely excited, and there was a deep expectation in the words.

The voice of communication has not yet fallen. On the right side of the universe, there is a light squad that is speeding up and rushing toward Shennong Ding, while the other ten canopy groups are still stranded in Shennong Ding billion. Outside the void. This

At the most critical time, they did not dare to have any radical actions, and they looked carefully, so as not to stimulate the violent temper that had just been provoked, and eventually led to all the dying. "

Calling..."

The awning light group was gray, and there was a relatively strange sound of shouting. At this moment, as he rushed out, the light-shaped group that shrouded the body quickly dissipated and was included in the body.

In the next moment, a huge scorpion ash in a million-dollar appearance appeared in the void, making the violent stunned eyes.

After a slight sigh of a moment, it was even when one hand was holding a \*\*\*\* stick on his shoulder, and holding his stomach in one hand, he laughed.

While laughing, the more ridiculous voice of the gods came out...

"Ha ha ha..."

"The scorpion? It is actually a scorpion..."

"And the ears are still embarrassing, I said that you are also the supreme ninth-order great perfection, the existence of half-step high-energy level, even if the ears are long-lost, is it still not correct, can't repair?"

"Hey, the ear is ashes. This time, the main killing of the star is actually a slap in the face. It's really a laugh, hahaha..."

"Call!"

"Call..."

I am so funny, what is funny? You shut up your deity! "

"Hey..."

This just came up, did not wait for the shot, actually was so ridiculed by the other party, and this temper is just still angry, I did not expect to be free from the wrath of the moment, this clearly is to look down on their own rhythm... ..

Especially listening to his tone of voice, it is not like deliberate anger, this guy is thinking like this, he actually thinks so...

As these thoughts flashed through my mind, the ash was angered in an instant.

He has been in the universe for the ninth-order grand perfection for hundreds of years. He is a veteran half-step manpower. He is high on weekdays. Who ever dared to be in front of him? this

The sky was scorned by a nouveau riche, and the violent temper of the world has not been seen. For him, this is absolutely unbearable. One

Time, qi and blood under the head, the ear ash screamed up in an instant, obviously it was an ashes, but in the mouth, at the end, a voice of wolverine was heard, which shows the anger of the heart, how many strong.

"Roar!"

Oh... "趁

With this opportunity, the violent figure slammed directly into the front of the ashes, and even the \*\*\*\* stick was useless, because he worried that he would use a big stick at the beginning, and he would slap the ash. It's not good to go to the dizziness and finally scare away.

This time, the temper is just a punch, and the power is kept in the eighth order of the universe, but it is sturdy, and in a moment, it will directly smash the huge figure of tens of thousands of miles. I flew out.

"Call..."

Hey... violent, you sneak attack!焉

The ear ash was horribly screaming, and the figure fell more than 100 million miles. The painful straight-toothed tooth flower immediately revealed a pair of super-significant stencils..."

Hahaha..."

"What did the Lord see? A pair of big dies, the same size as a meteor, is this too violent?"

However, it is good, and there is a little defensive effect. If a meteor is flying in the face, the first thing that should be hit is the big fangs of the violent, and the door can be guaranteed! "Look

To this pair of big fangs, violent sneer again, and laughed to the belly. "

Calling..."

"Impatient, you are deceiving too much, this deity is born like this, no one has laughed at it, why is it in your mouth, how to listen to how harsh?"

"Call... The deity must kill you!"

The ash sputum was completely violently ruined this time. The four hooves were lifted, and even the rules and regulations were gone. The head was hooked and the head slammed into the past.

"boom!"

"Hey..."

The violent figure swayed, and instantly changed a position, punched abdomen, directly hooked on the lower abdomen of the scorpion, and slammed its body shape upwards, like a meteor, lasing away. Wolf

The screams of sorrow and sorrow are loud again. tight

Then, it was the screaming screaming voice: "Nothing, no strength, what about the ninth-order supreme? It shouldn't be a head scorpion. This fighting power is too bad. The deity does not feel it..."

In this scene, the powerful existence of the ten canopy in the distance of one billion miles away is completely dumbfounded and collectively lost.

As I said just now, they don't understand how the slap in the face of the ash is so bad that it's so bad. short

After the temporary death, among the ten awnings, the sound of the gods was finally heard again. It was the ten powerful existences that lie in the light group, reminding them of the ashes..."

Dear, don't be fooled, this violent self-knowledge is not your opponent, so with our old method, he is angering you..."

"And people seem to have succeeded. You have already reached the edge of the runaway. If you don't wake up again, the final result of this battle will probably be the same as the previous black statue. By then, I can't save you anybody..."

Wake up now! "

"Call..."

Reminded by this discourse, I was already stunned by anger, and there was only a line of ash that was completely violent, and finally broke free from anger. Yang

After the head screamed, the black ear squatted and raised the left front hoof, toward the violent air in front of the sky. with

At that time, the sound of the gods also sounded at this moment: "Hey! You have succeeded in angering the deity. From now on, the deity must let you take a good look at what is the real power of the nine-order supreme..."

Chapter 4576: Another spike

"Boom!"

The roar of the sky sounded, and the huge figure of 60 million miles was like a meteor, and flew away toward the rear.

This blow made the violent smashing 200 million miles, and blood was sprayed from the mouth. he

After all, the power that has been revealed is only the eighth order of the universe. Although the appearance of the ashes is a bit embarrassing, it is a senior half-step capable that has already entered the ninth-order supreme for many years. first

The former was only provoked and chaotic, and now the mind calms down, violent is not an opponent, but also a matter of reason. "

Happy, come again! ""

Roar....."

After the figure was stabilized, the violently raised his hand and wiped out the blood from his mouth. After screaming and screaming, he rushed over with the \*\*\*\* stick.焉

Ear ash has not been chased before, but there are also reasons. One

The aspect is that you don't want to be too radical, and the pressure is too tight. If you let the violent battle escape, then it is not good. he

I have to wait for the opportunity to move, to see the best timing of the shot, and then a thunder blow, this one violently. another

On the one hand, it is because of the taboo of the \*\*\*\* stick in the hands of the violent.

The scene of the \*\*\*\* bug between the eighth order of the universe before being slain by this black stick is still still in sight. he

Although the strength is stronger than the \*\*\*\* bug, but if it is hit by the same force, even if it does not fall on the spot, at least it must be a serious injury. This

Absolutely not what the ash is willing to see! this

After engraving, after seeing the temperament being created, the first time, the fierce black-headed black stick was rushed over, and a vow to avenge the hatred of blood.焉

The ear ash sighed in a moment and gave birth to vigilance. The first time I stabilized my body shape, and after a slight stagnation, I rushed forward again..."

boom! "a few

In the next moment, the \*\*\*\* stick in the violent hand disappeared instantly. When it appeared again, it suddenly came to his mind. Without hesitation, a stick slammed down..."

Oh..."

On the back of the head of the ashes, a shocking big bag was swelled in an instant. The mouth was even more like a wolverine, and the body shape rolled away, and it was avoided to the right side. with

When the voice of the gods is heard in an instant, it reveals a deep unwillingness: "Call... What is this operation? This \*\*\*\* stick can actually penetrate the space? How did you not see you before? Have you ever?"

You can't see more black sticks that you haven't seen yet. The star master will let you taste it all over again! "One

After hitting the hand, the violent hand raised a hand, the \*\*\*\* stick instantly appeared in the hand, and then, its body shape shook, disappeared directly in the place, when it appeared again, it was already behind the ashes, one foot Up, directly on the other's back stock..."

Calling..."猝

Under the defense, the ash scorpion simply avoided it. The huge figure was like a broken kite. It flew straight forward and fell into a \*\*\*\* in the void...

The war, this continues, unconsciously, one day has passed! This

At the moment, Ye Xuan's previous breakthrough income was finally thoroughly digested, perfectly integrated into the flesh and spirit, and the opportunity to break through again has arrived!

Thinking of this, his heart was very excited, and hesitated without any hesitation. Under a sudden wave, the \*\*\*\* stick disappeared from his hand...

In this scene, the slap in the face of a billion miles away in the distance gave birth to a strong warning sign. This move is so amazing that it is simply impossible to prevent and make him jealous. can

Unfortunately, his reaction speed is still slow, but on the side of his body, he wants to use the lazy trick again, avoiding the side, the \*\*\*\* stick that disappeared from Ye Xuan's hands, has arrived in an instant. Behind his mind.

The force is fierce, and it is momentary!

"Hey..."

The scorpion ash scorpion only issued a half-length scorpion, and its entire huge body shape has been completely blasted, turning into a \*\*\*\* fog, and it has fallen. This

At the last moment, Ye Xuan slightly used some of the power of convergence, and it was only the force applied to the \*\*\*\* stick, whether it was his power of knowledge or the breath of the body. No change. Place

With the powerful existence in the ten-spot light group crouched in the distant universe of one billion miles away, no abnormalities can be detected at all.

Only by the smoldering ash in this bombardment, I realized that this violent temper has always been concealing strength. The power of this slap is clearly infinitely close to the real wild power. can

Unfortunately, he realized that it was too late, and did not wait for the gods to show the police. The whole body, including the soul, has completely exploded. "

call out!"

One hit and murder the opponent, Ye Xuan did not have a half-point, the first time beckoning, the \*\*\*\* stick in the distance, even when the four pounds of open blood is gathered, wrapped up, directly received by Ye Xuan The body.

At this point, the supreme blood in his hands has reached eleven, and two of them are \*\*\*\* in the late period of this period. Among them, there is one of the best in the world.

After doing all this, Ye Xuan's figure was shrunk and he shrank directly to the size of the singer. He went straight to the Shennong Ding Ding, which was carrying the colorful fog, disappeared here, and went into the Ding's space.

At this time, in the ten canopy of the tens of thousands of miles away from the open air, there was a sudden exclamation of amazement...

"What happened? Is the monk actually fallen?"

"Damn, this violent temper is too slippery. The \*\*\*\* stick in his hand actually has the ability to attack space. This time, when playing this kind of space, it also provoked the kind of full-scale outbreak. power....."

"Under the combination of the two, the power of this blow is terrible, and it is the shackles of the shackles, and the attack is successful!"

"Well, he was successfully hunted by a supreme friend..."

.....Correct

Everything outside of Ding, Ye Xuan has been completely lazy to understand. Enter

After entering the space inside Ding, at this moment, the only thought of his heart is to immediately retreat and break through, first to reinforce his own cultivation and push it to the ninth stage of the universe.

He waited for this day, has been waiting for too long..."

call out....."

The faint sound of breaking the air, the temper has narrowed to the shape of the squad, only from the heights, falling on the edge of the volcano of the central domain.

Under the flash of the glare, Ye Xuan immediately sat down on the side of the volcano on the central domain.

"Hey..."

In the middle of a wave, with the faint sound of breaking through the air, there will be a rush of anger and hang out in front of him. It is the cultivation resources that he took out from the immortal world to develop this breakthrough!

Without hesitation, Ye Xuan immediately mobilized Shennong Ding's domain power, and compressed all the cultivation resources to the size of the baby fist, and swallowed it in the belly.

"Oh la la..."

The entrance to the baby boxing ball that has been condensed by the cultivation resources has become a powerful energy river in the blink of an eye, and Ye Xuan's body has also unexpectedly heard the sound of the chain squeaking. .

Chapter 4577: I am supreme

This time, the chain of shackles that appeared in Ye Xuan's body, as before, still only one! Correct

Therefore, Ye Xuan did not pay attention to the roots, the first time to condense the spirit, full force to mobilize the energy that has just been formed in the body of the river, in the body of the hundred veins to start a big Sunday operation!

This time the battle was equally fierce, and even surpassed the previous third battle. Therefore, it took only two days, and the hanging energy formed by Ye Xuan's body has been completely refining! With

After that, it was only a shock, and this stout chain was broken. when

The chain of the cockroach was completely broken, and the system prompt sound was expected, and it soon sounded in Ye Xuan's mind..."

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the ninth order of the Lord of the universe is perfect! ""

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: the ninth order of the Lord of the universe is perfect! "universe

The main nine steps, finally stepped into the half-step supreme!

Today, Ye Xuan already has the ability to swallow a 27-level supreme Baodan, and thus successfully enter the real universe to the qualifications. first

The previous breakthrough, the refinement of Ye Xuan's deity is the eighth order of the master. again

By activating the blood of the ancient konjac in the body, you can climb to the nine-order grand perfection of the lord. If you then display the konjac and change the magical power, and reach the ninth change, the combat power will immediately ascend to the universe's supreme ninth order. If

It is coupled with the blood and blood of the flesh, and its true combat power is more powerful than the shoulder.

This time, with his successful breakthrough, Ye Xuan will have the power of the first level of the universe after he activates the blood of the konjac in the body. Such as

If you use the magical power of the konjac to change, and directly enter the ninth change, its peak strength will reach the first step of the ancient power! and

Moreover, if it is counted in the huge body of 60 million miles, the pounds will be the first-order bonus to the real power. that

What, now the most powerful force that Ye Xuan can show, can almost reach the second stage of the ancient power of the ancients, infinitely close...

"But this is not enough..." Wan

If the nightmare is generally whispered, Ye Xuan speaks and squeezes his fists...眸

In the middle, there are more cold flashes: "After this breakthrough, the ten old guys outside can't stand me, even if I can't lie to the war that is used to quench the body and sharpen itself, it doesn't matter. ..."

Therefore, even if this time enters Dingzhong space for a little longer, there is no fear that the ten old guys will have any doubts! ""

Because this time, because of the self-cultivation, it has reached the ninth-order perfection of the main position of the universe. Therefore, it is no longer necessary to digest the income of the latest breakthrough and integrate it perfectly through the wars as before. Only after the flesh and the soul, can we usher in a new breakthrough opportunity. ""

This time, as long as I have a twenty-seventh-level Baodan in my hand, I can break through again at any time... And this kind of Baodan, I have already prepared for a long time! ""

So, it's the best time to make a breakthrough and start a breakthrough..."

At this point, Ye Xuan did not hesitate, and suddenly waved again..."

Oh..." with

With a faint sound of broken air, there was a rush of anger and hang out in front of him. It was the cultivation resources that he took out from the immortal world to develop this breakthrough, the most important of which, It is a twenty-seventh-level Baodan.

After urging Shennong Ding's domain field power, all the cultivation resources were compressed to only the size of the baby fist, Ye Xuan directly swallowed into the abdomen, then closed his eyes, excited, and launched the final impact..."

Oh la la..."

The sound of the chains in the material is overwhelming. Although the chain of shackles that appeared this time is still only one, it is very strong. After all, it is the bottleneck of the big realm. It is not the same.

Soon, he will fully promote the formation of this energy in the body of the river, in the body of the hundred veins to start a major Sunday operation! This

The time was obviously longer. After ten days, the energy of the river was completely refining. Then, just a shock, this stout chain was broken. period

The system prompt tone is still ringing in Ye Xuan's mind..."

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the first step of the universe! ""

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: the first step of the universe! "

First-order supreme!

Finally officially entered the supreme realm!

Previously, Ye Xuan's peak power has reached the level of horror that can be second-order power!

Now, with his successful breakthrough, Ye Xuan will have the second-order refinement of the universe after he activates the blood of the konjac in the body. Such as

If you use the magical power of the konjac to change, and directly enter the ninth change, its peak power will reach the second level of the ancient power! again

In addition to the huge body of 60 million miles, the pounds of the arrogant force of the first-order addition to the real power.

Then, the current Ye Xuan, the strongest force that can be demonstrated, has reached the third stage of the ancient power of the ancients... This is the peak of the initial stage of this situation, only one step, you can enter the middle of the big energy!

"There are ten other guys out there, of which four are ancient and powerful, two are early, two are medium-term..."

Consciously grasping the double fists, Ye Xuan is full of enthusiasm and whispers: "The two initial abilities are not my opponents now. If you use the secrets of blood and sea, and motivate the avatar, you can fight in three battles. First, it is absolutely easy to kill them one by one!"

"However, the other two mid-term powers are somewhat troublesome. One is the fourth-order power of the ancients, and the three-game one with the blood and sea secrets. Although the bombing is difficult, it can press the other side. Let it escape..."

"The key is the last fifth stage of the ancient powers. Even if you use the power of the secrets of the blood and sea, with three wars, I am afraid that it is just a reluctance to fight with each other..."

The key now these four ancient powers are not met alone, but gathered together, so even if the blood of the secrets of the sea and sea is applied, with three wars, I definitely have no half chances to win..."

But the other side, if you want to leave me, it is completely impossible! "Say

At this point, Ye Xuan no longer speaks and falls into silence. put

There are two choices in front of him. One

If you are good, you will receive it, and you will leave directly. With his current strength and the existence of ten strong outsiders, it is impossible to stop Ye Xuan again...

The other choice is to continue to stay and try to find more than one universe supreme...

As for the ancient powers of the wild, the current situation, the four places have gathered together, there is basically no possibility of successful killing! This

Both choices have their own advantages and disadvantages. It can be described as a dilemma. At one time, Ye Xuan was in hesitation...

Chapter 4578: The situation has changed

"The opportunity is rare. This time, the six universes are gathered together, and they are all underestimated. As long as they are quick, they dare not say that they are all killed, at least half of them..."

After hesitating, Ye Xuan finally made a plan to make another vote!

Nowadays, he is the true cosmic supreme. As long as he reaches the ninth-order great consummation of this realm, he will swallow a twenty-eight-capacity giant Dan, and formally enter the wilderness. It's time.

From the first step of the supreme order to the ninth order of the supreme, there are only eight small-order breakthroughs. In fact, it is not very far away...

The perfect Dan Fang of the 28th-level Da Neng Bao Dan, he has already been smoothly promoted, and the phagocytic system in the body is now fully promoted, and it is already the perfect Dan Fang of the twenty-ninth-level Baodan. and also

That is to say, for the current Ye Xuan, refining the 28th-level powerful Baodan, it is no longer necessary.

In this case, it should be in the shortest possible time, to the extent that it will be used to refine the sacred blood of the 28th-level Powerful Poem, to the most likely extent...

The kind of Baodan, you need the supreme blood essence refined by the \*\*\*\* fog formed by the savage beast.

And if it is opened, it requires a minimum of five Supreme Blood. by

The level and level of raw materials for refining are too high. For Ye Xuan, this time refining the 28th-level Da Neng Bao Dan, it is very likely that it is only once. Take

Maybe not refining afterwards.

Therefore, this time, it is necessary to maximize the amount of Supreme Blood Serum as much as possible. Therefore, the number of 28-level Da Neng Bao Dan that has been refining will be the most...

Nowadays, there are a total of eleven bloodstains in his hands. Two of them are refining the blood of the late Supreme, eleven Supreme Blood, and Ye Xuan has more than 50% of the refinements. Powerful blood. If

It is to count the power of the ninth-order supreme blood, the number can be one more, that is, eight!

Basically this is the number. If you want to reach nine, the chance will plummet to about 30%...

The twenty-eighth level of great blood, it seems to be quite a lot, in addition to Ye Xuan himself, but also let him kneel, and more than seven ancient powers. but

This is only for the current situation of the universe. Once the end of the flooding has come to an end, a large number of sinister ancient powers and ancient sages will be born. Ye Xuan's only seven high-level genus are obviously not enough...

Therefore, in the face of the six cosmic supreme groups gathered in front of him, he can not help but move.

As for the four ancient powers, Ye Xuan has never touched the mind of hunting, which is simply not realistic...

"Calculating time, this time in the Ding interior space, has been staying for twelve days, and the ten old guys who must have been outside, have already guessed that I have broken through again..."

After the decision, Ye Xuan began to analyze the details of this last battle. After all, he faced the ten strong existence at least in the late Supreme, and must be more careful.

"The last time I showed up, I was the Supreme Seventh Order, and the combat power was comparable to this order."

In their view, in the 12 days, it is obviously impossible to break through the two steps one after another. So, after I went out, they expected to be the strength of the cultivation, which should be the eighth order of the supreme, but comparable to the nine-order great perfection of this place... .."

"And among the six universe supremes outside, five are the seventh-order and eighth-order existences, and the ninth-order grand perfection, only one more..."

If you add a \*\*\*\* stick in my hand, if one-on-one is singled out, they estimate that no one dares to go back. "

"And in their view, my combat power has been more successful than the shoulders of the ninth order, and there is a \*\*\*\* stick as a reliance. I am extremely confident and determined that I am in the supreme position, which is invincible."

"And in the last two battles, I killed one of the eighth-order supreme and one nine-order supreme, which is when confidence expands to the extreme..."

Therefore, in this case, even if I am repairing with the eighth order, the ninth-order combat power, \*\*\*\* the \*\*\*\* stick out and screaming, can not challenge the remaining six universes at the same time, and should not cause them too much. Suspicion. ""

What's more, even if there is doubt, but for them, this is also the last chance. If there is no accident, these old guys will definitely bite their teeth for the last time..."

At this point, Ye Xuan was instigated, and he slammed the fierce and sturdy, and subconsciously tightened his fists again: "The same, for me, this is also the last battle, six universes, even if Only killing three people, but also three more twenty-eight-level big power Baodan..."

The temptation is too big and worth a gamble! "

"Roar!"

"The last battle..."

Afterwards, Ye Xuan no longer speaks, and his hair grows out with a horrible roar. Immediately after his body shape, he directly squats to the height of Ding's inner space, and disappears! ...

...God

Outside the farm, the universe is in the sky! One

In the blink of an eye, Ye Xuan entered the space inside the Shennong Ding after killing the ash, and it has been twelve days. but

Even so, Shennong Ding is surrounded by a universe of billions of miles away, and the ten awnings are still waiting in the ring, firmly guarded, and have not left.

This time, they dispatched eight late supreme, four ancient powers, and they have been fighting for nearly two months, and they have paid the heavy price of the two late supreme deities.

If it is still nothing, it is obviously unacceptable. Place

In any case, they will be stuck here and will never give up easily.

But as time goes by, the ten powerful existences and the sense of despair in the heart are getting stronger and stronger. first

When the last battle entered the inner space of Shennong Ding, the violent temper had already had the horrific power to kill the ninth-order supreme. If he broke through the first-order, he would be able to face the first-class wilderness. It is. that

Absolutely the invincible existence of the supreme territory.

When the time reached the seventh day, the ten great powers completely determined this point, because in seven days, it was enough for the other party to break through a small step. positive

Because of this, after seven days, the existence of the crouching in the ten awnings has begun to secretly convey the voice of the gods and discuss the follow-up plans and countermeasures.

Because the situation has changed, the temper is already invincible, and it is very likely that it has the strength to fight against the first-order power. It is difficult for them to trap them. This

After a deliberation, it took a full five days, and the strong existence in the ten canopy group finally reached a comprehensive consensus. he

We decided to give up part of this benefit, and to make a profit, please move two powerful universe supreme. Have

This level of existence, and two, should be able to forcefully break open the power field of Shennong Ding, so that you can squat in the violent squatting in one fell swoop! and

At the moment, please move the two ancient and supreme signals just to be sent out. At the front of the Shennong Ding Ding, suddenly they rushed out of the figure...

Chapter 4579: You six together

"Hey!" broken

The sound of the air rang, and the Shennong Ding Ding mouth of the colorful fog, a figure appeared quietly, it was violent. although

However, in the state of the ninth change of the magical scorpion, Ye Xuan already has the second-order cultivation power of the ancient powers, and if it is counted as the first-order increase of the force of the blood in the huge body of 60 million miles. Cheng, his combat power is even more powerful than the third-order.

But at the moment, these repairs were not revealed by Ye Xuan. From

The temperament of the temperament is a breath of breath, only the eighth order of the universe, and the first-order bonus of the strength of the blood in the huge body, can also achieve the perfection of the ninth order of the shoulder universe, that is, Half step is great. when

However, in the distance of a billion miles away, in the eyes of the old guys around Shennong Ding, the current temper is absolutely invincible in the Supreme territory. which is

Without mentioning the secrets of blood and sea and its avatar power, just using a \*\*\*\* stick, today's violent, but also barely have the ability to fight with the first-order power. when

However, it's just a reluctance to fight, only passive beatings, and no attacking power..."

You guys, are you still here? "

As soon as the body shape appeared, Ye Xuan had already provoked his voice, and the voice of the voice revealed the smugness and excitement that could not be suppressed. This

After two consecutive successes with him, he even killed two powerful late supremes, and recently broke through the first-order state of mind to match the state of mind...

Deliberately, it is also to make these ten old guys not suspicious.

"It has been ten days, and the Lord of the Stars has broken through the first-order cultivation. Now it is the eighth order of the supreme, but it can kill any supreme existence. You... have not been suppressed by the Star Master. Opportunity!"

Don't talk about single-handedly fighting, that is, the remaining six supremes are all on the same line, and the star master can also blow your tired fare..."

After the end, the violent smugly smirked and laughed, there is a kind of arrogance in the world, invincible and invincible! This

Once, the ten canopy groups that were surrounded by the universe in the distance of one billion miles away from Shennong Ding were all silent. No

Anyone responded to the violent provocation, enough to wait for him to scream and ridicule the small half, and the powerful existence in the ten canopy was finally unable to hold back. In private, he began to exchange knowledge. ..."

After two consecutive battles, I killed two powerful late sages, and during this period, I successfully broke through the two-stage repairs... It's no wonder that this tyranny will now expand into this way, for me, I am afraid it is also true! "

"It's just a little irritating. I think about what happened when I just trapped him nearly two months ago... How did this all evolve? Now, it's so unbearable, it's so trapped. Prey ridiculed!"

"Although it is unwilling, but it is true, the temperament of today is indeed invincible in the Supreme territory. It is the strongman who entered the big powers. If you fight with it, I am afraid that it will not be easily killed."

"Maybe... we have another chance!"

"Yes, this temper has expanded to such an extent that it is the easiest time to show flaws in the war. If one-on-one, I am among the six universe supreme, no one is his opponent..."

"But if you are on a six-to-one basis, it is very likely that you will reverse everything in the first battle. As long as the violent temper reveals flaws, the six powerful late Supreme attacks at the same time, he is stronger... After all, it is still in the supreme position, not the real wasteland. Powerful, under the hood, it is very likely that you will be slammed in an instant!"

"If this is the case, then there is no need to give the interests of the two to the two ancient supreme..."

Speaking of this, the powerful existence within the Ten Canopy Group, no longer speaks, and once again fell into silence.

They are all thinking about the feasibility of this plan.

We must know that they have spent nearly two months in this place in order to encircle the violent shackles. During this period, all kinds of anxiety and ignorance are not mentioned. Just their peers have already fallen into two universes...

At such a huge price, no one wants to distribute the benefits to others.

What's more, the two existed by the people they just called to invite, and they all cultivated to the strength of the ancient and supreme, stronger than anyone present.

In this way, once the violent shackles are laid down and the interests are distributed, the big heads must be the two universe supreme. do not

Not to mention, Shennong Ding and Shennong, are absolutely no part of them...

It has been so hard for so long, and I have paid such a big price. In the end, I have to let the biggest interests go hand in hand. If it is not forced, no one will be willing. can

To say that as long as there is still a chance, they will not give up easily...

After a brief silent thought, the powerful existence of the crouching in the ten awnings finally made a decision, and the secret communication between them was once again ringing..."

Perhaps, for us, this is a good opportunity..."

"If you are on a six-on-one basis, you will have at least a 60% chance of being violent. This is already very high and worth a fight."

"Yes, this violent temper is so enchanting, the secrets of the body must be a lot. Just the ones that are in front of you are Shennong Ding and Shennong, and those that have not been revealed will be even more amazing."

Such a benefit, if it is divided up, is really unwilling, but more importantly, the two existences that are invited to take out are actually ancient and supreme, but they have to take the big head..."

No need to say anything, fight, this is the last chance. If success is of course better, if it fails... At least there is no regret in the heart. ""

In this case, it will not be late, and the aid is just sent out. According to the deduction, the two initial Supremes will take at least two days to arrive. ""

Therefore, within two days, this war must be ended. Otherwise, once the two early supremes come, even if the violent temper has been taken down, they have not contributed, but the interests of the post-war will not be given to them, but they will not be given to them. It is absolutely impossible..."

Roar! ""

Oh..."

You are mad, you are going crazy, even if you are invincible. I am waiting today, I will marry you! "

"Take one pick six, this is what you said. Now I have to wait for the six universe supremes to decide to fight. You should not regret it again?"

"If this is the case, then you will roll back to Shennong Ding and continue to be your tortoise, and let it go."

"But telling you the truth is no problem. I have already sent out a request for help. Two days later, there will be two powerful early wilderness supremes coming here. Even if you can be happy, there are only the last two days..." "

Come out, you have no retreat, only one fight! "

"Roar!"

Oh..."

In the horrible roar and screaming, in the distance between the ten tents in the void, there were six tents rushing out in an instant, while screaming and even threatening the warning, and swiftly swept.

In the blink of an eye, it has reached the space of Shennong Ding, only two or three hundred million miles away, and the group is waiting for it...

Chapter 4580: Destroy the dead

"call out!"

In the air, the faint but sharp and unspeakable sound of the air broke out, and the six canopy light ensembles came in an instant. The blink of an eye came to the forefront, and the universe was only two or three hundred million miles away from Shennong Ding.

At this point, in the imaginary sky in the distance of one billion miles away, there are only four left in the light group, and all of them are ruined in the wild, two early, two mid-term. very

Fast, with the radiance of the six awnings, it was the place where the battle circle was entered. The different color groups that had shrouded their bodies were quickly dissipated and recovered.

In the blink of an eye, the six powerful presences within the light group reveal the ontology.

Six powerful beasts, repaired to the strength of the universe in the late stage.

Among them, the Supreme Ninth Order is a double-headed black dragon. to

The eighth-order one of the honorable world is a mixed-blood phoenix. Yu

The next four are all in the seventh stage of the universe. Among them, the Danding snapping turtle had a fight with Ye Xuan in the first battle.

The other three seventh-order supremes are a blue-backed thorn, a star-studded raccoon, and a golden zerg!

The six beasts are supreme, the seventh and fourth are the eighth, the eighth and the first, and the ninth order is a perfect one. At this moment, they show their physiques, all of them in the thousands of miles, waiting for the universe in the universe around 200 million miles away. An invisible majestic pressure, instantly gathered into one. Look

To this scene, I have already rushed out from the Shennong Dingkou, which is carrying a colorful mist. I stood in the emptiness of the sky in front of Baoding. I couldn't help but smash the singularity, and I couldn't resist the pride. Heart!

Six powerful universe supreme!

At the beginning, the existence of this level, in the eyes of Ye Xuan, is like a mountain, and can only look up.

But now, he is about to pick one, and fight the six powerful late supremes...

In his place, his heart gave birth to emotions, and there was a feeling of being in a dream. This

For a moment, Ye Xuan's ear seemed to hear some kind of faint shattering sound. After a slight glimpse, the violent mouth of the mouth immediately gave a smile of joy.

It really is the way.

Unexpectedly, it was just a sudden sudden feeling of emotion. It was like an epiphany, and his mood was once again a little sublimation.

This can not be underestimated, because with the sublimation of the state of mind, his soul is like a metamorphosis, even if he does not experience a hearty war, Ye Xuan can immediately re-close, and he is sure to be able to successfully re-successfully The first step is to repair.

It's just this point. It's worth it before he made the decision to stay in the last game. but

This is obviously not enough. Since Ye Xuan has decided to stay, then he must harvest more...

"Roar!"

You have to fight... then you can fight! "

"The Lord of the Stars has an enemy of six, crushing and killing!"

The first screaming and violent, the violent body shape suddenly skyrocketed, and the blink of an eye has reached 60 million miles, but the body is refining the breath, but still only the eighth order of the universe. Count

The first-order bonus of the power of the blood in the huge body is comparable to the ninth-order supreme.

Even so, he is still fearless, and the words in his mouth are just falling. He has already picked up the \*\*\*\* stick on his right shoulder, and his shoulders are swaying, turning into a streamer, and rushing to the right side. The Danding snapping turtle in the..."

Hey! "

The Danding crocodile turtle secretly complained, and he asked himself that in the previous first battle, there was no special and violent, but I don't know why. When I came up, the first one found myself. but

The violent temper has come, and even if depressed, it can only be \*\*\*\* the scalp. Yang

After the head screamed, the shape of Danding's crocodile Dan was instantly turned into a man, and he greeted him.

"Oh..."

However, almost at the next moment, toward the violent rush of him, the entire figure was actually disappeared halfway in an instant, which clearly uses the rhythm of the void teleport. under

For a moment, when the giant figure of Pentagon's 60 million miles appeared again, it had already reached the right rear more than 100 million miles away, and was holding the \*\*\*\* stick in his hand, facing nearly ten million miles away. The gold zerg, banging in the head...

Ye Xuan hates worms most. Since there is one here, it is naturally impossible to deal with other opponents first. This worm must be his first target! he

The speed is too fast, and the use of the strategy, the sound of the West. This

The head of the gold zerg did not react at all. When he realized that it was not good, he directly used the teleport to come to his side. The starry sky was only tens of thousands of miles away, and the right arm was already lifted high, holding the root. The fierce and savage \*\*\*\* stick fell to his back..."

boom! "huge

The loud roar of the earth rang from the void, and the huge body of the golden worms had exploded in an instant, and its flesh was completely blown down under the horrible power of this blow. Blood fog, spread rapidly! "

call out! "

Without any hesitation, the violent whistle waved in the first time, and a huge invisible instinct was rolled out from the body, covering a radius of ten thousand miles. just

The blood mist that just spread out swept in an instant, turning into a golden waterfall of blood and blood. Just like the long rainbow, it was incomparably into the body, leaving it to be sent to Shennong Ding and blood. Refined. Are

Between the moments, an opponent solves, the body is exploded, turned into a blood mist, and the \*\*\*\* essence of Ye Xuan's hands rises again, reaching a huge number of twelve. but

All of this is just the beginning. In the vicinity of the universe of two or three hundred million miles, there are five sacred bloodstains, waiting for him to harvest.

"Hey..."

When I think of the excitement, the violent sighs will send out a shocking whistling sound. At this moment, he is fierce and flamboyant. and

The other five of the late Supreme in the emptiness of the sky were shocked by this scene in an instant, and after a glimpse of it, almost simultaneously screamed...

"What? Is Kim Zun actually fallen?"

Damn, this violent temper is too slippery. I just saw him rushing to the crocodile. I didn't expect this to be just a sham shot. The real goal is actually the gold lord on the right rear..."

How long has this been? Before and after, but only a seventh-order supreme, this power is simply ruining..."

"Dome friends, don't distract, the power of temper is now more than me. If they fight each other, the final result can only be attacked by him, killing one by one..."

"Yes, I have to wait for it to unite, perfectly cooperate, and at the same time shoot him..."

Roar! ""

Hey! "

"Hey..."

The sounds of these gods came out, and the remaining five heads of the late Supreme were screaming, and they reached a consensus in the blink of an eye. They were divided into five different directions and rushed to the starry sky at the center...
