

Super D. S 460

Chapter 460: Re-enacting beasts

"Hey, the host has broken through to the ninth order of refining!"

Practicing the ninth order, the power of one thousand eight hundred dragons.

The disciples of this three-level power are also paralyzed, watching these powerful grievances be taken away by Ye Xuan.

Ye Xuan still wants to ask some things. At this moment, a large number of black shadows suddenly appeared in the distance. No, it is a large number of white shadows.

He turned his head and saw that it was not the master of the land of ghosts, but the land of bones.

Those white shadows are all white bones.

"Is the person who buried the bones finally come..."

Ye Xuan eyes a glimpse.

There have been such a big thing in the land of Jiuyou, and the land where you buried it will definitely not be able to sit still.

He estimated that if he can come here, the strength is not expected to be strong. Now he is directly rushing out.

This team from the bones of the bones, the strongest is also the second order of suffocating, can not stop Ye Xuan, not a little time, this team from the bones of the land is all fallen.

Ye Xuan, therefore, broke through to the tenth order of refining, only one step, you can go to the 罡阶.

Now, the land of Jiu Ning is considered to be a thousand and a hundred holes. None of these sectarian forces on the periphery can survive the crisis safely, even the poisonous Wangzong and the six second-class denominations.

Although Ye Xuan still does not understand why the corpse and the sinister gate should lead the people to attack the nine quiet places, but he knows that as long as he continues to deepen, he will understand.

Therefore, he continued to move toward the center of the nine quiet land.

However, just as he entered a second-level sectarian site, he saw a battle of the world.

At this time, in front of him, there are two groups of people in the big battle, the movement is great, and it is resounding through the clouds.

When Ye Xuan saw the realm of these people, the whole person was paralyzed.

The strongest of the more than 20 people actually reached the three thousand dragons, which is the three dragons.

Xenon tenth order!

"My God, what I saw, the peak of anger, only one step is the perfect situation!"

Ye Xuan was shocked.

The tenth order of suffocating, this is already the peak force in the ghost tomb.

He quickly looked at it again, and he could tell that this was the poisonous Wangzong and the Yinmen Gate people fighting.

Poisonous Wang Zong, naturally used poison, and the Yin Guimen is in control of the Wraith battle.

Although Ye Xuan's realm is not high, but the situation can be seen, the poisonous Wang Zong people, I am afraid it will not last long.

"Small, go!"

A giant drink echoed between heaven and earth.

Then, Ye Xuan saw a petite figure rushing toward him.

Upon seeing it, the middle-aged man headed by Duan Wangzong reminded him: "Not here!"

Hearing this, Ye Xuan stunned and found that this petite figure was actually a six-seven-year-old girl.

The reason why the middle-aged man reminded him was because he saw Ye Xuan.

However, this little girl is still rushing toward Ye Xuan.

"Big brother, please help me..."

The little girl shouted at Ye Xuan with a crying face.

Ye Xuan's figure once again trembled, Nima, this little girl turned out to be a master of the first-order sigh, higher than him.

He watched as the little girl rushed over.

Then, the little girl took off a ring in front of her neck and cried a little face: "Big brother, this thing is for you, help us."

Ye Xuan looked at the little girl who was not at his waist. She shook her head helplessly: "Small sister, you are coming over, you are not afraid that I am a bad person?"

The little girl squinted her eyes and dragged two tears and said: "I believe in you."

"Uh....."

Ye Xuan was stunned by this sentence. In fact, he had long wanted to run. For fear of being affected, how could he still help?

"Kid, you dare to move her, I want your life!"

The middle-aged man who was poisonous Wang Zong in the distance yelled.

Obviously, the identity of this little girl is very unusual. Ye Xuan took a look at the battlefield in the distance and then silently took over this ring.

However, the next moment, he couldn't help but take a breath.

There are so many things in this ring, not only that, but there is still something in the ring, so that he almost couldn't help but tempted and almost swallowed everything.

"You want to use this Qiankun ring as a reward, let me help you?" Ye Xuan asked.

"Ok."

The little girl should arrive.

"Okay, I agree."

Ye Xuan is also the key point of Zheng.

Now, regardless of the three seven twenty-one, he directly devours all the things in this exquisite ring.

"Hey, the host broke through to the first step!"

"Hey, the host broke through to the second order of suffocation!"

"Hey, the host has broken through to the third order of suffocation!"

"Hey, the host has broken through to the fourth order of suffocation!"

"Hey, the host has broken through to the fifth order of suffocation!"

There are not many treasures in the little girl, and there are not many sacred beasts, but it is still letting Ye Xuan rise to six realms out of thin air.

But this is not the point. The point is that there is a corpse that swallows the beast.

This is a devourer, a black rabbit.

"Hey, the host gets a little advanced!"

Finally, he got the third advanced point.

Then he did not hesitate to choose Agile Advanced.

"Hey, the Beastmaster's blood is agile and advanced, and the current advanced is three!"

The advanced three agility, let Ye Xuan's speed increase again, and now he is more than 2,400 dragons, even if you do not use the Beastmaster violent, it is beyond the scope of the gas.

However, he does not dare to care, because this group of people are masters of high hands, there must be top grade martial arts.

The little girl's Qiankun ring also has the top grade martial arts, which also provides convenience for Ye Xuan.

"Hey, the host learned the hidden dragon sword method, and the current proficiency is 10%!"

"Hey, the host learned about the dragon, and the current proficiency is 10%!"

These two martial arts are top grade martial arts, but because they are just learning, they only have a chance.

"Big brother, you are going to help Uncle Huo."

At this time, the little girl's words pulled Ye Xuan back to reality.

"Well, you stay here!"

When Ye Xuan returned to God, he immediately swept out. Now what he is doing is the Canglong Step that he just learned.

However, he is not surrounded by a dragon at this time, because his realm is beyond the scope of the gas, reaching more than 3,100 dragons.

The ambiguous situation, even if it is the tenth order of suffocating, it is more than the strength of the three days of dragons, and Ye Xuan is more than a hundred dragons.

At this time, the speed is almost the fastest, and the ghost tomb collar is already unable to find a person compared with him. If it is calculated by the dragon, it is four thousand and one hundred dragons.

"Hey, the proficiency of Canglong Step is improved, and it is currently 20%."

"Hey, the proficiency of Canglong Step is improved, and it is currently 30%."
