

Super D.S 4601

Chapter 4601: Precarious

"Dear friends, please also take the shot and try to stop this violent..."

"Yes, I can't let him escape. This is too murderous. It must be eradicated, not to mention being shocked. Once successful, all the Taoist friends, whether they are the mighty or the universe, or the Lord of the universe, Can share..."

This violent, in just a few decades, from the emperor's immortality, to the third-order of the ancient powers of the past, the secrets in the hands are too amazing. You, do you want to make your own cultivation rise rapidly? ? ""

If you want to gain something, you will immediately take out the action, and let me wait for the violent temper. I just need to stop him for a while! ""

Roar! "

"Hey..."

To the left side of the sky, the forbidden beasts and the ruins of the ancients, especially those who have the power of the ancient and powerful powers of the past, are behind the emptiness of the sky behind Ye Xuan's 1 billion miles. Blood crocodile and sub-blood white tiger are in a hurry. heart

During the micro-motion, the two of them squint at the same time and screamed at the same time with a screaming scream and screaming...

Then, the voices of the gods of these two old guys came out instantly, and they resounded the universe's void within nearly 10 billion miles. The forbidden beasts and the ancient survivors in the far left side of the front... all without exception, all listening It's really true!

At this moment, Ye Xuan's whole heart sank to the bottom of the valley...

There was nothing wrong with his previous derivation. It has been two days since this road came. press

According to the situation of the past two days, the star-studded blood crocodile and the sub-blood white tiger, which are chasing after him, even spouted the energy light ball and bombarded Shennong Ding. and also

It will take another three to four days to temporarily destroy the domain power of Shennong Ding. and

Today, Ye Xuan and their previous distance have been pulled to nearly 1.1 billion. again

There are three days or so, and this distance will exceed 5 billion miles. Session

At the time, Ye Xuan escaped from the cover of these two ancient mysterious mysterious secrets. Once he activated the interstellar coordinate jumping ability attached to the internal system, he could escape smoothly in an instant...

Unfortunately, people are not as good as days!

Everything has already been counted, because these starry beasts and the ancient survivors suddenly appear in the far left side of the front, which immediately triggered the variables...

Among the starry beasts and the ancients, there are eleven statues in the body, and the most powerful one is even the eighth step of the ancient power. This is a late power, distance The ninth-order grand perfection peak, that is, the half-step supreme, is only a step away.

Although they are far away on the left side, they are still in front. If they are shot, under the spurt, they can just stop Ye Xuan's way.

However, Ye Xuan, who is now in the past, cannot change his direction at all. He now has two sacred sages that are chasing after him, with a virtual distance of one billion miles. If

It is a 90-degree angle that is directly folded to the right side. Although it can avoid the eleven ancient powers in front of the left side, the distance between the star-shaped blood crocodile and the blood-white tiger that is chased behind it will be instantly Close to 700 million miles, this result is almost desperate for Ye Xuan, because the remaining three to four days, he may not be able to pull the distance to 5 billion miles away...

But if it is just a forty-five degree angle to the right side, it is not enough to avoid the eleven powerful wild powers in the void in front of the left side.

In this way, there is an interception before, and there is a chase afterwards. Once Ye Xuan's figure stops, the star-shaped blood crocodile and the sub-blood white tiger, which are only a billion miles away from behind, will catch up in the twinkling of an eye.

At that time, Ye Xuan wants to flee again, there is no possibility of a half..."

Roar! "brain

These thoughts in the sea flashed past, and my heart had already sunk into the temper of the valley. I immediately gave my hair a terrible roar, revealing endless unwillingness. "

call out! ""

Oh..."

It was also at this time that the eleven ancient powers in the void on the left side of the front finally moved, and the speed reached its peak. The body shape was turned into a slap in the face, rushing toward the front of the violent road. Expand the interception.

It's coming... After all, it's coming! most

After a trace of hope was shattered, Ye Xuan's heart suddenly sank again, and he made a choice in an instant...

"call out....."

The sharp and unspeakable sound of the air broke out, and the starry sky that was originally rushing toward the front violently violently turned away at this moment, at a 90-degree angle, lasing toward the front of the right side...

The choice is very helpless, and it will make the violent storm open to the star-space distance of nearly one billion miles. In a short period of time, the star-studded blood crocodile and the sub-blood white tiger, which are chased after him, are quickly shortened. It will be around two or three hundred thousand miles.

The consequences are so terrible that it is simply unbearable. but

It's better to go straight ahead, and after a short while, it's stopped by the eleven powerful wild powers. After the body shape stops, it's better to be chased by the star-studded blood crocodile and the blood-white tiger.

In a word, to the right ninety degrees to escape, there is a line of life, if it is straight forward, then there is no death..."

The Lord of the Stars made a vow here, if today can not be blamed, change the day, will be er, etc. ... one by one! "

"Follow my hatred..."

Roar! "this

Engraved, with the shape of the 90-degree angle to the right side of the fold, within the universe of billions of miles in the universe, it also sounded Ye Xuan full of indignation and unwilling voice of God...

Therefore, the eleventh forward in the distance has already swept the body shape, which is considered to be the ancient power of the past. They have no reason at all. They have identified this violent temper and are now escaping.

Even if there are more words, it is just nonsense, and it makes no sense. and

After the chasing of the starry sky crocodile and the sub-blood white tiger, after seeing that the temper was forced to turn 90 degrees to the right, the heart was loose, and immediately corrected the direction of the move, copying the road, walking Straight line, chasing away from violent illness.

At this moment, their originally tight heartstrings have been completely loosened, because with the violent reluctance to be forced to fold, the distance between the stars and the sky that had been pulled to nearly 1.1 billion miles will be Shortened to about 200 million miles. Such as

Therefore, as long as they bite their teeth and do their best, and no longer spurt the energy ball to bombard, at most, it is a day's time, you can catch the temper, and then shoot, and then bombard a day or so, you can break the Shennong instantly. Baoding's power field will be alive and well...

Slowly passing...

With the violent turn, the eleven ancient powers that were originally intended to be intercepted in the front were taken far behind, but they did not give up, and they followed closely. This is the rhythm of wanting to share a piece of cake.

The star-and-blood crocodile and the sub-blood white tiger have also caught up close behind them. Because they have not spurted energy **** during this time, the speed has increased. Therefore, the distance between them and the violent has been shortened. It's only about 100 million miles.

It can be said that it is in jeopardy...

Chapter 4602: Supreme third order

Unexpectedly, Ye Xuan encountered a new enemy, eleven powerful ancient powers, and appeared in the void in front of the left side, directly inserted horizontally, blocking Ye Xuan's way, forcing him to turn to the right 90 degrees. Such as

As a result, although the eleven powerful ancient powers have been taken to the far side, his distance from the star-studded crocodile and the sub-blood white tiger has been pulled to nearly 1 billion miles, but it has been shortened rapidly. It's only about 100 million miles...

This kind of price is too painful, and Ye Xuan is almost mad.

"No, time is running out. According to this weak speed advantage, within three days, it is impossible to escape five billion miles..."

In the whispering whisper, the violent side moves forward at a rapid speed, while thinking about countermeasures in the mind. very

Fast, he bit his teeth and made a decision: "If this is the case, then make the last fight, take advantage of this time, break through again..."

In the past, with four powerful wild powers, and the sublimation of the previous state of mind, the last breakthrough did not reach the limit, and it was far from the limit. ""

In addition, nowadays, I have spared no effort to escape for two days. From time to time, I have also solved the bombardment of Shennong Ding. The income of the previous breakthrough has basically been fully integrated into the body and the soul..."

"In this case, if there is no accident, within a day, you will definitely be able to break through again."

"So, my peak strength will reach the fifth stage of the ancient power of the ancients. Although it only enhances the first-order combat power, it can improve a lot in speed."

"In this process, behind the starry blood crocodile and the sub-blood white tiger, the speed will be slower and slower, and my repairing strength will once again break through the first order, and the speed advantage will be More obvious."

"The last two days of the last two days, even if you can't escape five billion miles, three or four billion yuan is still no problem. So, after Shennong Ding's domain field power can be temporarily broken, he will bear some injuries and bite his teeth. There are also hopes that rush out of five billion miles..."

"It's better than now, there is no hope at all."

As for the day during the breakthrough period, Shennong Ding has been reduced. So, even without my control, there will not be much decline in speed due to the smaller size. "

"More importantly, after shrinking the size, the chance of being bombarded will also drop. So, the time that can be won may be more than just three days..."

Having said that, Ye Xuan's moment is lit up, no longer hesitating, and between the movements, the whole figure is instantly turned into a mang, with a whole piece of nine-color flame sea wrapped around the body, along the misty color. At the mouth of Shennong Ding Ding, it rushed into the space inside Ding. "

Oh..."

Almost at the same instant, Shennong Ding's domain field power was motivated by him and adjusted. It was originally a huge volume of more than 40 million miles. It suddenly slammed several times and changed into only one million miles. Left and right.

Then, Ye Xuan adjusted Baoding's domain power to the front, and the line was fast. With

After that, his shackles flashed, and no matter what else, when he sat down on the side of the volcano in the central domain..."

Oh..."

When he was tight, he didn't hesitate. When he waved his hand, with the faint sound of breaking the air, there was a rush of anger and hang out in his body...

It is the cultivation resources that he took out from the immortal world to develop this breakthrough!

Subsequently, Ye Xuan mobilized Shennong Ding's domain field power in the first time, and compressed all the cultivation resources to the size of only the baby fist, and swallowed the belly.

"Oh la la..."

When the cultivation of the resources of the baby fist ball into the entrance, the body immediately unexpectedly heard the sound of the chain squeaking.

All the resources have turned into a powerful river of energy in the blink of an eye, and this time the chain of shackles is still the same as before, only one! this

It should be the intention, Ye Xuan did not pay attention to it, immediately sighed and motivated, fully motivated the energy that was just formed in the body of the river, and launched a major Sunday operation in the whole body!

As he expected, this breakthrough did not have much hindrance. It only took a day, and the energy that was formed in Ye Xuan's body was completely refining...

The energy of the body in the body disappeared completely in the week-long operation, and it was integrated into Ye Xuan's body and spirit. Then, he was only a shock, and this stout chain was broken.

When the shackle chain completely broke, the expected system sounds, and soon in the mind of Ye Xuan...

"Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the third level of the universe!"

"Hey, congratulations to the host, the breakthrough of the flesh and blood! The current realm: the third level of the universe!"

The third-order supreme, this is the peak of this period!

The previous breakthrough, Ye Xuan deity's cultivation is the second order of the universe.

If you activate the blood of the ancient konjac in the body, you can climb to the third level of the Supreme. If you then display the konjac and change the magical power, and reach the ninth change, the combat power will immediately rise to the third level of the ancient power. If

It is coupled with the blood and blood of the flesh, and its true combat power is more powerful than the fourth-order power.

This time, with his successful breakthrough, Ye Xuan will have the fourth-order refinement of the universe after he activates the blood of the konjac in the body. Such as

If you use the magical power of the konjac to change, and directly enter the ninth change, its peak power will reach the fourth stage of the ancient power! again

Counting the huge body of 60 million miles, the pounds of the horrible power of the first-order addition to the real power.

In the end, the most powerful force that Ye Xuan can now show is already completely comparable to the fifth-order shoulder of the ancient power. but

What he is looking at now is not the improvement of combat power, because behind the scenes, there are two powerful ancient supreme, not to mention that now is only the improvement of the first-order combat power, even if the two-order, third-order, are not too Great meaning. but

This level of combat power has brought changes to his current speed, but it makes Ye Xuan extremely happy.

Although the fifth-order power and the fourth-order power are only in the middle of the ancient era, but the fourth-order is just the beginning of the medium-term, but the fifth-order, but the stable mid-term, the speed, a lot faster!

"Boom!"

"Booming..."

The earth-shattering roar is still ringing, and the inner space under the body is more intense than the previous shaking.

He just opened his eyes, and the surrounding space and the earth in the surroundings of the Ding suddenly shook the sound of the roaring sound. Obviously, Baoding was once again bombarded.

However, Ye Xuan is not in a hurry.

Mumbled: "In the past day, Shennong Ding was bombarded because of the size reduction, and it was really less. Compared with before, it is 30%. So it seems that the distance field can be Bombing, there are still three days!"

Chapter 4603: Shocking claws

"There is another day, I don't know if in the past day, Shennong Ding will have been drawn to a distance of only about 100 million miles, and opened some..."

I know that this is basically impossible, because Shennong Ding does not have his control, even if the speed is fast, followed by two powerful ancient supreme, not to shorten the distance is not bad, but also want to count it in this case Pulling the distance apart is a bit too much. band

With a faint expectation, Ye Xuan quickly mobilized Baoding's domain power and explored the situation outside the tripod. This

It doesn't matter if you don't look at it. At first glance, he suddenly stopped him, and then his face changed slightly, shaking his head and smiling...

As expected, after losing his consciousness, Shennong Ding has been reduced in size and speed, but it is still getting closer.

This may be the star-studded blood crocodile and the sub-blood white tiger that has been chasing behind, and peeked at Ye Xuan's plan, so the energy of the bombarded energy ball, the frequency also decreased, causing their speed to rise slightly...but

At this point, the reason is no longer meaningful, because the facts are facts.

Originally, the distance between Baoding and the star-studded crocodile and the sub-blood white tiger behind him was more than 110 million miles away, but now, after one day, the distance has been closer to more than half. eye

Next, the starry blood crocodile and the sub-blood white tiger have already been close to the rear of Baoding, which is only over 20 million miles away. also

Hao Yexuan has now retired, otherwise, after two hours, Baoding will be intercepted by the star crocodile and the **** white tiger, and the situation will be even worse..."

Although the distance has been pulled to about 20 million miles, there are still three days..."

In the fine mans flashed, Ye Xuan whispered: "Now I have broken through again, with the speed of the fifth-order power, three days, will be able to pull this distance away again..."

Having said that, Ye Xuan did not hesitate any more, and his body shape shook, and in a moment he rushed to the sky of Ding's inner space, and his body shape disappeared.

.....

In the void of the universe, the eleven powerful ancient powers of the past are no longer visible. Since Ye Xuan turned to the right ninety degrees, they were immediately thrown behind them...

But nowadays, the star-studded blood crocodile and the sub-blood white tiger have approached the distance of Shennong Baoding only more than 20 million miles. "

call out! ""

call out....."

In the spurt of spurt, these two ancient and supreme physiques were crossed in the void, and the star-studded blood crocodile and the sub-blood white tiger opened their **** mouth again, and each time they spurted a diameter of more than 10 million miles. Energy light ball. speed

The degree exceeds their own speed, blinking to the front!

"boom!"

"Booming..."

The speed of the two energy **** is so fast that it is so eye-popping that it is already a billion miles away. although

The size of the Baoding has been reduced to only a million miles, but this time it still can not avoid, the two energy balls, all hit the Shennong Ding with the colorful fog.

Almost at the next moment, the earth-shattering roar sounded, and the giant swayed violently in an instant, and the faint mist of Dingkou violently rolled and looked so thrilling. "

Roar! ""

Oh..."

"There are still 20 million miles, and at most two hours will be able to catch up. At that time, once Baoding is forced to stop, you must not let the violent escape again!"

"One day, the storm has entered the space inside the Ding, and this guy is too slippery, and he must be arrogant and arrogant. He must speed up the progress..."

Hit the hand, the starry blood crocodile and the sub-blood white tiger spirits, and each of them raised a terrifying roar and screaming, and then there was a voice of God's voice to spread and communicate. "

call out! "

"Booming..."

At the same moment, in the mouth of the Shennong Ding Ding, which is full of mist and fog, a masculine rushing out, the wind will rise, and instantly become a starry sky with a huge body of 60 million miles. It is Ye Xuan. With

The violent figure appeared, and the nine-color flame sea was also poured out from the inside of Baoding, and the huge body shape was shrouded in the blink of an eye. and

There was no stagnation in the violent temper. Just rushed out of the trip, and the first time it rushed to the front.

The original unmanned Shennong Baoding also surged instantly, reaching a full form of 40 million miles, suspended in the top of the violent head, pouring an invisible field force, holding the violent figure. One

Blinking, rushing out of the temper of Baoding, there will be no crisis.

At close range, there are nine-color flame sea body protectors, even if it is the ancient supreme, it is not easy to touch. and

Long-distance energy bombardment, and Shennong Baoding's invisible domain field power protection, unless Baoding's domain field power can be temporarily smashed, or more energy lightballs can not shake the violent...

At least, according to Ye Xuan's derivation, within three days, he is still safe.

At this moment, with the violent figure reappearing after one day, the star-studded blood crocodile and the white-blooded white tiger in the back closely followed, and then the sound of the gods has already sounded, revealing the endless sorrow. Meaning...

"What happened? The temperament of this violent body has been cultivated as a breath... It has turned into the fourth stage of the ancient power of the wild?"

"Damn, one day, after he entered the space inside Ding, he actually broke through."

This speed is simply irritating, and his body is really amazing! ""

The fourth-order power, coupled with the majestic force of the huge body of 60 million miles, the real power of this violent, now can be more powerful than the fifth-order, damn, his The speed has skyrocketed again, and it's not going to work. The distance that has just been pulled will soon be pulled away again..."

"No matter what, the distance has not been pulled apart, full bombardment, must stop him, intercept it, otherwise, I will wait a few days later, will once again fall into a passive situation!"

"Don't keep it, bombard it all, the last moment is coming... violent, this is what you push the deity!"

"Roar!""

Oh..."

Suddenly shocked, the starry blood crocodile and the **** white tiger roared again and again, and finally issued a terrible roar and screaming, no longer hesitate, the first time opened a **** mouth...

"call out!"

Oh..."

"Boom!"

Rumble..."...

...shop

The sound of the sky was loud and sharp, and then it was the low thunder of the void due to resonance.

This time, the star-shaped blood crocodile and the sub-blood white tiger are obviously desperately desperate. They are no longer spurting out the energy ball of light one by one, but a mouth, which is dozens in an instant.

The two ancient sages were fully exerted, and together, for a time, there were nearly a hundred energy **** of light, which came from behind.

"Oh..."

Almost at the same moment, beyond the billions of miles on the right side, there was a sudden and fierce crack in the void. Virtual

The emptiness was torn open with a huge rip, a huge toe claw that stretched out from it...

Chapter 4604: Grinding ants in general

"call out!"

Oh..."

"Boom!"

Rumble..."

.....

The overwhelming sound of the sound of the sky was so sharp that it was followed by the low thunder of the void due to resonance.

The starry blood crocodile and the sub-blood white tiger fight for life, no longer spurt out the energy ball of light one by one, the two ancient sages are fully exerted, and together, for a time, there are nearly 100 energy **** of light, from The rear spurt comes...

This movement is so amazing that the violent temperament of the front 20 million miles is looking back and subconsciously, almost on the spot! star

Although the empty-blooded crocodile and the sub-blood white tiger are powerful and ancient, they have a huge energy ball of tens of thousands of miles, and they are squirting dozens at the same time. For them, it is equally unbearable, and most of them have to pay for it. The price will be reversed afterwards.

But they obviously can't take care of this. As they say, all of this is forced out by Ye Xuan. Count

Counting the time, the two ancient sages are chasing after the rear, and there are more than three days. In the past three days, the means have been exhausted, and they have tried their best to shorten the distance between the original one billion and a billion miles. Only 20 million miles. but

In this kind of time when it is necessary to succeed, it is suddenly found that the violent smashing has broken through the first-order repair, and the distance that is drawn closer will soon be greatly opened again...

This kind of psychological huge gap, even the ancient Supreme can not bear, for a moment of excitement, these two guys, instantly like a runaway, bite their teeth!

At this point, Ye Xuan simply can't, nowadays, facing this critical situation, he can only sigh in his heart, to say that the solution is ... that is not at all.

Nearly a hundred energy **** are spurred, each one has a huge miles, plus the distance between the two, but only 20 million miles away...

Undoubtedly, at least half of these radiant energy **** will be bombarded in the area covered by Shennong Ding invisible field power. and

Others, even if they fail, when the energy ball of the bomb blows up, they will also be detonated by the raging energy.

In other words, the nearly 100 energy **** of light will all blow up. If

There is no accident, and the void within a billion miles is very likely to be broken.

Even if the power of the law of Hong Kong and the void is strong, it will soon recover. but

During the period of the void, even if the domain power of Shennong Baoding was not destroyed, the violent and he will be trapped here, and temporarily unable to move forward.

Even if this time is very short, there is only one meal or even a fragrant time, but for the Star Blood crocodile and the Asian blood white tiger, it is also enough.

After all, the distance between them and the violent is only 20 million miles away. For the powerful wild power, if the violent rush to stop, the starry blood in the back The crocodile and the **** white tiger can arrive almost instantly...

"Ugh!"

In the heart sigh, Ye Xuan simply stopped, and his body shape turned into a mans, directly into the tripod of the colorful fog, into the space inside the Ding.

At the same time, it also spurred Shennong Ding's domain power, narrowing its size to only a million miles...

Anyway, it is also a loss to escape. The nearly 100 energy light **** are blasted out. Within a radius of 10 billion miles, the void is broken and can no longer move forward. inverted

It is better to retreat into Ding and reduce the size of Baoding. As such, the area affected by bombardment is smaller, and perhaps it can be more time. This

It is only a matter of expediency, and the current crisis cannot be solved at all. Even the real crisis will soon come.

Once the nearly 100 energy light **** were blown open, the voids of the inch and the broken space were restored to the original under the powerful law of Hongkong and the void, and it was the time when Ye Xuan was in trouble.

At that time, two powerful ancient sages, one left and one right, will be sandwiched in the middle, and they will be bombarded at close range. At most, one day, he will be thrown out of the space inside the Ding..."

Roar! "

"Hey..."

"He can't escape..."

"Everything is finally over!"

"Boom..."

Rumble..."

.....

Seeing the violent stop, once again retired into the interior space of Baoding, and even reduced the size of Baoding to a huge one million miles, stopping in front of the void in motion. This

It is clear that it is abandoning and fleeing, and it is intended to resist the rhythm of this round of bombardment. star

The empty blood crocodile and the sub-blood white tiger are very happy, and each of them raises a terrifying roar and scream. and

At this time, nearly 100 energy **** of light that had been stunned were finally blasted, and the earth-shattering explosion sounded loudly, accompanied by a weak emptiness.

In the blink of an eye, the vast void in the front of the tens of billions of miles, is in the raging energy raging, Shennong Ding is like a blade of a swell on the waves, the wind and rain are swaying.

At this time, the starry blood crocodile and the sub-blood white tiger, have been left and right, each retreat to 5 billion miles away, they are not worried about violent escape, because the void can not move forward before the restoration, and there is that Time, the distance of five billion miles, they rushed to a few...

"Oh..."

Almost at the same moment, beyond the billions of miles on the right side, there was a sudden and fierce crack in the void.

The void was torn open with a huge split, a huge toe claw that stretched out from it...this

It's just a toe claw, not a complete claw, but a claw toe on the claw, but its volume is already 50 million miles, which is unimaginable...

Almost subconsciously, when this crisp and unclear sound came, the star crocodile and the **** white tiger all turned to look at the past. under

For a moment, they opened their mouths at the same time, and their eyes almost smashed out of the shackles...

There is a claw on the whole claw, there are 50 million miles, and their entire body shape, then, the coming of the existence, the entire body ... how big?

A whole star field? Thousands of trillions of miles away? If

If this is the case, what is the horror of its cultivation?

Under the great change of color, the star-shaped blood crocodile and the sub-blood white tiger whispered and whispered, revealing the endless sorrow.

"In the starry beast, what race has such a huge size? Hehe...should it be a void giant turtle?"

"The void giant turtle? There is only one person in the past, has it not fallen in the war of the ancient world? It can never be him..."

"call out!"

Almost in the next moment, the black mang flashed, this giant toe in the far distance, I do not know why, with that huge hollow crack, actually blinked to the front. tip

The sharp sound of the air broke out, and the giant toe was just a glimpse. The huge shape of the star crocodile blasted into a huge shape, and it burst into flames. light

Loose, it seems that it is just an ant that has been crushed by hand...

Chapter 4605: Giant tortoise

"Abandoned ancient nine-order grand perfection? This is a half-step heaven! The virtual giant turtle, it really is you, the ancient war! You are fine!"

In the blink of an eye, the star crocodile blasted and died, and with the shot of the toe claw, the **** white tiger finally caught the temperament of the toe claw master, and even instantly guessed his identity...

Respecting the powerful third-order supreme, it is like smashing an ant in general, and it instantly smashes and dies. This is absolutely the perfection of the ruthless supreme ninth order.

Compared with the green eyes of the wilderness, it is only worse! This

The existence of horror is not much in the vast world of the past, but the world is more than a few...

Coupled with this huge size, a claw toe is enough to have a giant of 50 million miles. In addition to the hollow giant turtle of the year, he really can't think of anyone else.

"Oh!"

Oh la la..."

.....

For the sub-consciousness of the sub-blood white tiger, the existence of the crack did not respond at all, and he ignored it at all, and ignored it directly.

But the toe claws that came out of the cracks were swiping left and right. In an instant, with the sound of crisp cracks, the sound of the cracks appeared in the void, and there was a length of 100 billion miles. Huge cracks.

This time, the existence of the crack in the air, the entire right forelimb stretched out, like a small star field, occupying the sky and the earth. This

Sure enough, it is a tortoise!

In the far distance, the eleven ancient people who finally chased here saw this scene, and their bodies disappeared in unison. tight

Then, under the trepidation of his body, there was no pause for a moment, and he turned around and fled.

Even the star-studded crocodile was killed by a finger. They were only ruined in the wild. In the hands of others, even a fart is not counted. Even if it is tens of billions of miles away, if someone is willing, a finger will come. The same is a death. near

In the front, with this whole large and indescribable claw protruding from the void crack, the **** white tiger finally returned to the soul under the shape of a skeleton.

In the next moment, his neck was shrunk, and his half-sounds were not stunned. He turned and fled in the opposite direction...

"Roar!"

It was also at this moment that there was a huge black crack in the billions of miles, and there was a low scorn that was unpleasant.

The existence of the crack seems to have for a long time, I have not torn a huge crack into the hollow of Hongmeng, so that the body can come here completely, and it is extremely unpleasant...

"Hey..."

In the next moment, the low humming sounded, and the giant horrible claws, which were hundreds of billions of miles outstretched from the huge cracks, quickly shrank down at a speed visible to the naked eye...

Obviously, this is the existence of cracks without patience. In a short period of time, it is impossible to tear a large enough crack into the hollow of the law, so turn to the next and choose to reduce the figure. speed

The degree is very fast, just a moment of interest, a figure will be smashed out from this huge void crack, the whole body is dark, exudes a powerful and simple, heavy atmosphere, full of billions of miles... but

This is just the size of a forelimb that protrudes from the void before it.

It can be seen that its complete form of the body, at least in the trillions of miles, the general star domain, are not so vast...

The existence of cracks is the void giant turtle! when

After being rescued from the mysterious unknown void fragments by Ye Xuan and the headless baby corpse, the Void Giant Turtle returned to the second universe in the three major stars of the world, and one of the ten largest ethnic groups in the Second Universe. The ancestral home of the family crouched and recovered.

It now appears that his injury is completely exhausted.

And he has already arrived here, presumably the tortoise family, and most of them also enter the Hongkong void, or is in an unknown void connected to it somewhere, crouching...

"call out....."

As soon as the body shape rushed out of the void, the giant turtle had already necked at the first time. In a moment, a sharp break sounded, and the star crocodile, which was previously smashed by his finger, spread all the pounds after the body exploded. The suffocating blood, all of them were swept away in an instant, and they fell into the mouth of the giant tortoise and were swallowed directly by him...

Come, he is also hunting.

The starry beasts were originally engulfed by each other, usurping the flesh and blood of other beings, and turning them into self-cultivation. only

However, the Void Giant Turtle itself is already a great consummation of the 9th-order sacred, and the level is too high. Therefore, even if it is a third-order supreme body and blood, after being completely swallowed by him, there is not much use... ..

If this scene is seen by Ye Xuan, I am afraid that he will be mad at the scene.

For him, this is a **** sorcerer who can't think of dreams. It's just a blink of an eye. The key to the virtual giant turtle has not played any obvious role. It is simply a violent thing...

After all this, the Void Giant Turtle turned his head lazily and looked toward the direction of the **** white tiger. to

In the eleventh ancient powers, although the distance has been hurriedly turned around, wandering, but the virtual giant turtle is just as aware, but there is no interest. where

I am afraid that if I lift a paw, I can burst it all at the same time. He is too lazy to do it.

He is already a great success in the ruins of the ancient sacred, and even the third-order sacred blood has not had much effect, let alone the ancient powers?

At this time, if Ye Xuan is aware of the thoughts of the empty giant turtle, I am afraid that I will spurt blood on the spot...

However, although the ancient powers of the ancients have not been able to withstand the interest of the giant turtles, but the ancients of the Supreme is not in this list, even if a third-order supreme blood is not very effective for him, but the mosquito legs are small and meat. .

Therefore, this white blood tiger, the virtual giant turtle is definitely not let go...

All of this is long, but in fact it happens only in one or two interest periods. Although the speed of the **** white tiger is fast, in such a short period of time, it only flees to nearly 10 billion in the distance. Out of the box. "

You can't escape! "This

For a moment, a low-pitched voice of the gods reveals the endless laziness, but it instantly envelopes the endless void of tens of billions of miles, far away, and the two places are just in this area. Within the top-level strong forbidden land and top-level Xingqiang, there are countless starry beasts and ancient survivors, all of them crouching in the air, shaking and shaking...

"Hey..."

It seems that I realize that I am about to die, and there is no suspense at all, and there is no semi-separator.

The white blood white tiger, who was escaping in front of him, suddenly stopped his body shape and raised his unwilling noise.

"call out....."

The sharp sound of the sound broke, and after nearly ten billion miles, the body of the Nether Giant Turtle did not move half a step, just lifted the left forelimb, and a toe claw pinched out...

"boom!"

"Booming..."

The horrific sound came, and the huge body shape of the **** white tiger 50 million miles suddenly exploded and turned into a **** fog, which spreads out...

Chapter 4606: One Supreme Blood

Shennong Ding, interior space! "

Bang! "

"Booming..."...

...

The earth-shattering roar is resounding. Since the outbreak, it has not stopped. The entire inner space of the Ding is trembled with violent earthquakes. Ye Xuan understands that this is because it has been reduced to only a million miles. Baoding body, at this moment in the horror energy raging outside, like a boat in general, the waves are ups and downs...

At this moment, Ye Xuan has narrowed the violent body shape to the height of Zhang Xu, and the knees are over the volcanoes of the central domain, and the face is very gloomy. Correct

Shennong Ding's domain field power, Ye Xuan has confidence, this wave of bombardment, although there are nearly 100 energy light **** at the same time blasting, but if you want to directly collapse Shennong Ding's domain field, it is absolutely impossible.

However, after this raging, Shennong Ding, which had not been able to support the power field for a long time, will become even more precarious.

According to Ye Xuan's deduction, after the bombardment of this wave of bombardment, Shennong Ding's power field, at most for a half-day support, will be smashed by the starry blood crocodile and the sub-blood white tiger...

However, I can slowly recover from the return. After more than a month, I can return to the peak state again. However, for Ye Xuan, this temporary domain power can collapse, but it is absolutely fatal.

Don't say a month, even if it's only a short period of time, it's enough to star the blood crocodile and the **** white tiger, and he will take him out of Ding's space...

At one moment, Ye Xuan is really no choice. All the means have been done, but they can't escape.

After all, it is two powerful ancient sacred supremes. With his current cultivation as the strength, even if he is fully committed to display the sacred bow, he will at most let one of them respect the death. but

Then Ye Xuan can no longer have any chance to turn over, the energy in the body is exhausted, and even if people don't chase, he can't escape. Do not

He will not do this as a last resort. when

However, if it is true that there is no death, Ye Xuan will never have any hesitation. Before he dies, he has to display the sacred bow of this sacred bow. Try to pull a cushion...

All of this is a long story. In fact, it is only a matter of one or two moments. In this short period of time, Ye Xuan's mood has experienced several ups and downs. most

In the end, his slap in the face flashed and he made the final decision. "

Instead of shrinking in the space inside the Ding, waiting for half a day after the power field of Shennong Ding was smashed, and then the two guys were born and smashed out, it would be better to take the initiative and rush out of the space..."

In this way, Yu Shaoding's domain field power can ensure that it will not be blasted, and it will retain the extent of supporting half-day bombardment."

"Although this is undoubtedly facing the two powerful ancient Supreme Supreme, but this is the thing that will come sooner or later. It will not be late..."

"Now is the last fight, look at the life and death of the most crisis, this time the headless baby is living."

"If the answer is affirmative, naturally everything will be solved, and if it is negative, it will only fall half a day in advance, and it will rush out of the space inside the Ding, and after the hope is completely cut off, it will be extended to the strong gods. Give yourself a back cushion..."

At this point, Ye Xuan no longer speaks, and the chilly mangling flashes, his face becomes extremely determined, and even the violent body has a fierce atmosphere, which is blasted out. This

A moment of temper, the breath is extremely incomparable, this is clearly ready to be a battle and a battle... Stars are vying for the same thing, originally it is, or born, or died, what is tangled? brain

The thought flashed through the sea. At this moment, Ye Xuan's whole body and mind were released. It was frank and invisible, and there was a small sublimation in the state of mind. This means that he can break through again and the opportunity comes. can

Unfortunately, time is not enough...

"Hey..."

Shaking his head, smiled and stunned his thoughts of retreating again, and violently screamed his hair out of a terrifying whistle. Then, his body shape slammed directly into the sky above the head of Ding's space. It disappeared without a trace, and no longer sees...

.....

Outside Shennong Ding, Hong Meng is in the air! first

The smashing of nearly 100 energy light **** ejected by the former star-empty blood crocodile and the sub-blood white tiger has gradually stopped. boom

Although the sound of Longzhi is still there, it is only sparsely populated, but with Shennong Ding as the central point, the huge and empty space with a diameter of tens of billions of miles has been broken. Do not

This kind of fragmentation is obviously only temporary. At this moment, as the energy of the nearly 100 energy **** is gradually dissipated, the fragmented void within the tens of billions of miles is under the powerful law of the world. The speed visible to the naked eye quickly bridges. far

The same is true of the huge void cracks that smashed out of the hollow giant tortoise, which is 100 billion miles away.

It's just that this void crack is too big, and it's not a fine crack, but a powerful force that rips a big hole directly. Place

Therefore, even under the influence of the powerful law of Hongmeng, the recovery is slower. I am afraid that it will take at least half a day to fully bridge. "

boom! "

At this moment, in the void in the distance of tens of billions of miles away, a shocking sound came, followed by a huge blood fog spreading, which was so majestic that the blink of an eye covered the hollow of the billion miles. . complete

In fact, the body shape of the **** white tiger, originally had a giant of 50 million miles. At this moment, the body was exploded by a hollow giant turtle, and instantly spread 100 million miles. This is what it should be.

"call out!"

Almost at the same moment, it was reduced to the giant scorpion of Shennong Ding, which was only a million miles away. There was also a faint sound of broken air, and only one figure that was only able to stand tall, with one The fierce atmosphere of the stock rushed out of Dingkou. positive

It is a violent form of Ye Xuan! when

When Ye Xuan heard the loud bang from the distance, his figure was slightly stagnation, and then he subconsciously turned his head...

In the next moment, his figure was violently shocked, and his face was drastically changed, and even his eyes were almost smashed.

It was just that time, he just saw the scene of the appearance of the **** white tiger, and it was still horrified by a body to the horrible hollow giant tortoise, fluttering and reaching the claws...

Wait... the virtual giant turtle?

The thought flashed through my mind, and Ye Xuan recognized the giant tortoise in an instant, but was it the one that rescued himself and the headless baby from the mysterious debris? To

What happened at the bottom? How did you get a blink of an eye and everything changed? Asian

The blood-white tiger is watching the naked body with his own eyes, so what about the star-studded blood crocodile?

Ye Xuan turned around and looked around. Not only did he not see the star crocodile, but even after a little bit of explosion, there was no blood...

At the same moment, after a finger burst into the **** white tiger, the hollow giant tortoise was also a neck, making it want to suck. leaf

Xuan instantly understood, his face was furious, his feet snarled in the void: "Shut up! You kill a thousand knives, immediately shut up..."

"That is a supreme blood! You have swallowed one, and you have a share. This must be the owner of the star..."

Chapter 4607: There is no discussion

"call out!"

The sharp sound of the sound broke, the voice was still not falling, and Ye Xuan's figure had already been spurred away. At the same time, Shennong Ding also clung to him and hung over his head.

"call....."

The distance of more than one billion miles, for his current three-level cultivation of the ancient powers, is nothing, but it is too urgent, and half a step is a bad thing, so Ye Xuan did not hesitate. The body shape just moved, directly urging Shennong Ding hanging over the top of the head.

In an instant, a nine-color flame sea rushed out from Ding, and instantly surged thousands of miles away, swept away toward the front. although

However, the repairing power of the Void Giant Turtle has been restored. Now it is the peak of the eternal perfection of the eternal sacred, and it is half-step, but for the Shennong nine-color flame, he does not dare to touch it easily, otherwise it will not It's fallen, but the pain of the flesh is inevitable.

Feeling that the crisis is approaching, the Void Giant Turtle has stopped the action of wanting to take the awning, and looks back subconsciously. Look

When I went to Ye Xuan, I was obviously stunned, and then I felt a bit of annoyance. a few

At the same instant, the hollow voice of the hollow giant turtle snorted and snorted: "Little guy, what are you doing? Actually shot on the deity? Could it be that it is not itchy?"

At the same time as the sound of zhizhi came out, his horrible figure of tens of billions of miles was also smashed up, so as to avoid the nine-color flame sea that the awning roared.

"Hey..."

In this scene, Ye Xuan was overjoyed, and he was lazy to answer the words of the empty giant tortoise. The speed was swift, and the figure was already in front. When there was a wave, there was an invisible squirting force that came out, covering hundreds of millions. In the universe of the universe, in the blink of an eye, all the blood and blood formed by the **** white tiger body burst out.

After all, the blood-white tiger is a powerful ancient supreme, the body has a total of 50 million miles, and the blood of its flesh is naturally extremely majestic, which is simply horrifying.

Therefore, even if Ye Xuan, all of this awning, blood and blood will be sucked up, it will take a certain amount of time.

But for the Void Giant Turtle, it is exactly what you can do.

This awning suffocating blood has just been wrapped up. Before it has arrived, it has been slammed, and it has been intercepted by an invisible force and rushed to the upper left. leaf

Xuan turned to look forward to it, all the blood of the majestic blood has turned into a **** ball, about a thousand feet, suspended in front of the nose of the hollow giant turtle, compared with his horrible body shape, it is simply insignificant...

However, Ye Xuan was frightened. With his current cultivation as a strength, if he wants to grab something with a powerful peak, it is absolutely no drama. Now he is most worried about the empty giant turtle. The thousand blood beads in front of his nose are swallowed directly into the abdomen.

Then with Ye Xuan theory... true

To do this, Ye Xuan is estimated to be mad at the scene to spurt blood! "

Kill a thousand knives, immediately shut up..."

Seeing this scene, Ye Xuan suddenly rushed and thundered: "If you dare to swallow it, the star master will break with you."

"Breaking? The deity and you... seemingly not very familiar?"

The voice of the empty giant tortoise is still screaming, but it reveals a sense of playfulness: "If you say it again, you will be ruined by the great powers. It seems to be forced to ascend with some kind of blood and magic. Once the magical power is lifted, The true cultivation should only be the universe to the highest level..."

"This is the whole flesh and blood of a third-order ancient and supreme, do you swallow it? Could it not be afraid of exploding?"

"You know a fart..." No

It's okay to mention this, when Ye Xuan suddenly came to the air: "It's a waste of direct swallowing, and it's a violent thing. The Lord's Lord wants to make it into the Supreme Blood, and make up five. The perfect Danfang of Tiandao Baodan will be deduced, and then a Tiandao Baodan will be produced..."

"Tiandao Baodan? What is it? Is there such a thing? The deity has never heard of it since he was alive."

The emptiness of the giant tortoise, a smack of suspicion in the moment, the upper and lower will look at Ye Xuan, the language with the taste: "Yes, your kid, now learn to swear, and do not change the color of the heart does not jump, all come to The deity is coming..."

leaves

Xuan almost vomited blood on the spot, gas straight, after turning a white eye, directly from the body of the immortal world, took out a few Baodan, the level is different. two

One of the fifteenth-level honors Baodan.

The twenty-sixth-level master Bao Dan. also

There is a twenty-seventh-level supreme treasure... Of course, the supreme here refers to the supreme universe, not the ancient supreme. to

In the 28th level of the power of Baodan, although he has already derived the perfect Dan Fang, the blood of the Supreme is also enough, but it has not yet had time to refine, so I can't take it if I want to take it.

However, there are three different levels of Baodan, which is enough to explain the problem!

"This is the lord Baodan, which can make the Emperor's immortal ninth order perfect, and within a few days, successfully break through the universe."

"This is the main treasure of the dynasty, which can make the universe's ninth-order grand perfection, and within a few days, successfully break through the realm of the universe..."

"As for the last one, it is the supreme treasure of the universe, which will make the nine-order great perfection of this territory, and in a few days, become the supreme of the universe."

As he spoke, Ye Xuan raised his hand and pointed to the three Baodans suspended in front of him. After they finished speaking, they turned them over. With

After that, I received the following: "As for the great success of the ninth order of the universe, in a short period of time, we can successfully break through to the mighty power of the ancients. The material master has just collected and will soon start to refine..."

And this thousand-footed blood bead in front of your nose is the important main material for refining Tiandao Baodan in the future. It is Tiandao Baodan. One can make you such a great and supremely perfect, and break through to the heavens in a short time. The same heaven and earth as the green eyes of the wilderness..."

The breath of these three treasures is correct, and it does have the effect you said..."

Seeing these three different levels of Baodan, the dawn of the Void Giant Turtle became dignified for the first time. Once again, Ye Xuan looked up and down a few times, and finally he snorted and asked: "Your boy is sure to be able to refine it. Tiandao Baodan?"

Danone Baodan can be opened at any time. After the mighty Baodan, it is the supreme Baodan. Now the perfect Danfang is still worse, not complete, but it is fast..."

"After the Supreme Baodan, it is Tiandao Baodan, you have to push out the perfect Danfang, and then collect the materials, in order to refine, each Tiandao Baodan needs five supreme blood, which is formed after the ancient body of the ancient body bursts open. The blood of the blood of the pounds..."

If the Supreme Blood is not lacking, it is estimated that within three years, the perfect Danfang of Tiandao Baodan should be able to be deduced..."

"Three years? So fast?"

Upon hearing this reply, the dawn of the Void Giant Turtle suddenly lit up...

Chapter 4608: Supreme fourth order

"I don't think you have this kind of skill, you can refine the heavenly treasures..."

In the middle of the Flesh and blood evolution, I am afraid that at least a thousand people must have this possibility. Compared with you, it is indeed too defeated..."

When he got here, he seemed to think of something. He flashed a smear of smudges and glanced at Ye Xuan: "Why didn't you just come out early? The deity had just swallowed one..."

"It's hard to kill the Supreme Age, the key is tortoise, it's hard to get them out, because you're slowing out a little bit, wasting a Supreme Blood..."

"Hey..."

Hui Ye Xuan is really mad at the old blood. He used to think that this giant turtle is a little shameless. Now it seems that it is a little bit? simple

Straight is extremely shameless! just

I also rushed to grab the blood with myself, almost swallowed it, and now I can refine the heavens and treasures, and immediately changed the tone, but also blamed myself.

The sacred and ancient ninth-order grand perfection, from the distant ruins of the past to the eternal existence of the world, actually so faceless and skinless, this is no one.

"call out....."

"Kid, hold, this is the first Supreme bloodline that the deity is registered with you, and there are still four. The deity wants to find a way. After he has made up, he will give the deity the Tiandao Baodan as soon as possible..."

The faint sound of breaking the air, the bloodbee that had been suspended from the front end of the hollow turtle's nose, was immediately rushed toward Ye Xuan.

At the same time, the voice of the emptiness of the giant tortoise also rang, and its shape was stunned, and it was intended to spurt away from the distance. "

Hello, what is your deposit? I just said it right now. If you have a share, you have swallowed one. This is the owner of the star..."

In the words, Ye Xuan quickly shot, and the **** beads from the volley were taken up and sent to the bottom of the volcanic volcano in the inner space of Shennong Ding. With

After that, I was relieved and answered with enthusiasm: "Remember, to refine a heavenly treasure, the main material, you need at least five Supreme Blood, and there are other auxiliary materials. Star owners can't give you white, and the benefits of alchemy are always there?"

So, at least nine more Supreme Blood Extracts will come over. This star master will only give you the job, otherwise you will have to mention it again..."

"Roar!"

You **** kid, actually blackmailing the deity..."

At the end, the hollow snorkeling of the hollow giant turtle came, but it did not look back. The huge figure was almost at the extreme speed. In the blink of an eye, it disappeared at the end of the line of sight..."

I don't think that this is the end of the game..."

Taking a breath, recalling the previous life and death, Ye Xuan's heart was filled with emotion.

After calming down his mind, he quickly remembered the eleven ancient powers that had intercepted him in front of him. He suddenly took out the cold mang: "Oh, the words I said before, I didn't expect to cash in so soon." ..."

However, before I go back to revenge, my own cultivation is a strength, I have to break through again..."

The previous breakthrough was originally not the limit, and there was the possibility of breaking through again, and just now, I decided to let go of everything and rush out of the space of Ding, and the mood was once again sublimated. So, this time the breakthrough has been It's a nail on the board, there's nothing suspense..."

"Hey..." said

At the end, Ye Xuan did not hesitate, and his body shape suddenly came to the Shennong Dingkou, where the colorful fog was smashing, thus entering the Dingzhong space, hanging over the volcano of the central domain, sitting cross-legged...

"Hey..."

In the middle of a wave, with the faint sound of breaking the air, there will be a rush of anger, hanging in front of Ye Xuan, which is the cultivation resource that he took out from the immortal world to develop this breakthrough. ! tight

Then, in the first time, he mobilized Shennong Ding's domain field power, and compressed all the cultivation resources to the size of only the baby fist, and swallowed his belly. "

At the entrance of the baby boxing ball, Ye Xuan's body instantly has a sound of chains and squeaking sounds. All the resources are instantly transformed into a powerful energy river. and

The chain of shackles that appeared this time is still the same as before, only one!

This is what it should be, Ye Xuan did not pay attention to it, immediately sighed and motivated, fully motivated the energy that was just formed in the body of the river, and launched a major Sunday operation in the whole body!

Perhaps because of the sublimation of the mind, this breakthrough has no obstacles. It took only two days, and the energy formed by Ye Xuan's body has been completely refining. and

With this hanging energy Dajiang completely disappeared in the operation of Zhou Zhou again and again, into the body and soul of Ye Xuan, then, he was only a shock, and the chain of shackles that appeared this time has been broken.

When the shackle chain completely collapsed, the expected system sounds, and it quickly sounded in Ye Xuan's mind..."

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the fourth level of the universe! "

"Hey, congratulations to the host, the physical and qi and blood boundary breakthrough! The current realm: the universe is the fourth order!"

Supreme, this is the middle of this season! first

The previous breakthrough, Ye Xuan deity's cultivation is the third order of the universe supreme. If

It is the power to activate the blood of the ancient konjac in the body, and it can climb to the fourth stage of the supreme. If the konjac is changed to the ninth, the squad will immediately ascend to the fourth stage of the ancient power.

If it is coupled with the blood and blood of the flesh, its true combat power is more powerful than the fifth-order power.

This time, with his successful breakthrough, Ye Xuan will have the fifth-order refinement of the universe as soon as he activates the blood of the konjac in the body.

If you use the magical power of the konjac and change into the ninth change, its peak power will reach the fifth stage of the ancient power!

Counting on the huge body of 60 million miles, the pound's power of horrible power is a first-order bonus to real combat power. most

In the end, Ye Xuan is now able to show the strongest combat power, and it is completely comparable to the sixth-order shoulder of the ancient power. That is to say, unless you encounter the late power of the seventh-order or more, Ye Xuan has been able to Invincible. thing

In fact, even if the opponent is a seventh-order power, for Ye Xuan, it is not a problem at all. It is a proper intention to protect itself, and even the possibility of killing each other is 60%. the above. because

For him, there is also a secret method of blood and law. Once he is motivated by his avatar power, there will be three blood and sea avatars in an instant, all of which have the horrific power of the sixth-order power. Take

In the case of the Three World War One, it is natural to kill the seventh-order power. Will

It is the eighth-order power, which can ensure that it is innocent. Only when it encounters the nine-order perfection of this situation, that is, when it is half-step supreme, Ye Xuan only needs to use nine-color flame sea and **** stick...

Chapter 4609: Six beasts and five beasts

"The fourth stage of the universe, the peak force... the sixth-order power!"

In the middle of the fine flashing, Ye Xuan whispered to himself: "Now, can you finally fight with the mighty late stage?"

When he arrived here, he couldn't help but think of the scene when he was shocked to see Xingbo. At that time, Ye Xuan, even the initial power could not fight in front, and far away, he could only escape. This

How long has it passed? No

I think that my own changes are so great. In the blink of an eye, I have been able to fight for the future.

After calming down the mood, Ye Xuanyuan flashed a glimpse of the cold, and began to recall the eleven ancient powers that had been rushed out from the left side of the road before him.

At that time, the one on the left side of his way to the road obviously had more than one high-imperity forbidden land. Adjacent to it, there should be a high-level and strong star field controlled by the ancients. because

Among the eleven ancient powers of the wild, in addition to the starry beasts, there are clearly a few ancient survivors. when

When the situation is urgent, and the distance is far away, Ye Xuan does not look very real, and does not care about going to the heart. Now recall that among the eleven powerful wild powers, it seems to be six beasts. And five survivors...

Among them, what impressed him the most was the existence of an eighth-order power and a nine-order great consummation of the ancient powers, that is, half-step supreme. Eight

The great power is the most powerful existence among the six starry beasts.

The five surviving survivors, although one less than the number of starry beasts, have a great ninth-order grand perfection. true

To talk about the comprehensive strength, these five ancient survivors are actually slightly stronger than the six starry beasts. when

At the time, these eleven powerful wilderness rushed out and intercepted Ye Xuan to the front of the road. When Ye Xuan was forced to turn 90 degrees to the right, he was snarled with anger.

If it is not today, come to Japan, you will surely kill these eleven ancient powers one by one! which is

It is now recalling that the anger of his heart is not weakened by half...

It's so hateful to help the guy, halfway to kill and fight against himself. If this time I accidentally met the hollow giant turtle, Ye Xuan is very likely to be here.

Because even the Void Giant Turtle appeared, turned into a headless baby corpse with a corpse lamp tattoo attached to his left chest, and there was no reaction at all.

This is clearly a deep sleep, and in a short period of time, it is impossible to wake up.

Every time I think about this, Ye Xuan now regrets it. This

Once, the eleven ancient powers almost killed him.

Although this kind of murder is the mainstream of the stars, strictly speaking, they are not wrong. If Ye Xuan encounters such an opportunity, he will make the same choice. but

In the same way, the situation is now reversed. Then, they have the courage to kill and win the treasure. Then, they must be prepared to be killed.

However, with Ye Xuan's current cultivation as a strength, although it can kill the seventh-order power, it is the eighth-order power, and there is a certain chance to suppress it, even if it is a half-step supreme of the 9th-order grand perfection. In the case of the nine-color flame sea, the **** stick and the scorpion bow, the teeth are swaying, and there is no chance that there will be no killing...

But that means a single one!

If you are confronted with the eleven powerful wild powers at the same time, he is still not an opponent.

If these eleven ancient powers are all star-studded beasts in the same high-impaired forbidden land, then, even if Ye Xuan hates again, he can only temporarily suppress the anger of his heart, and wait until after a while to cultivate strength. Stronger, and then revenge.

But in fact, this is not the case. This

Among the eleven powerful wild powers, there are only six stars and beasts, and the other five are ancient survivors. do not

Seeing that they were rushing out together, rushing to the front of Ye Xuan to go to the road, intercepting him, but it was only driven by the interests of the people. when

At that time, there was such an earth-shattering movement in the void, although the eleven ancient powers appeared almost at the same time, but they were from the two adjacent places to the forbidden land and the strong star, because they heard this. After the movement, I rushed out to look at the situation. he

They are not a group at all.

In the emptiness of Hongmeng, the starry beasts and the survivors of the ancients were originally deadly enemies.

The two high-level forbidden places are adjacent to the high-end Xingqiang, and the low-level conflicts on weekdays must be closed for a while. and

At the peak level of the ancient power level, the basic strength of the two sides is basically different, and with this high level of existence, they are generally retreating and attacking the ancient times. Therefore, even if they are adjacent, they It's not that it's hard to understand when it's fine. Place

Therefore, Ye Xuan has more than 90% of the confidence that if he rushes into the advanced Xingqiang forbidden land with six ancient powers, and launches retaliatory killings, among the adjacent high-strength stars, The five powerful ancient survivors will not intervene, but will watch the fire across the bank...

In fact, among them, there is a half-step supreme of the 9th-order great perfection of the ancient and powerful. From the perspective of surface strength, they still have the ability to suppress Ye Xuan. Therefore, most of them are afraid that Fang Xuan would not come to the door and rush to the adjacent place. Advanced Xeon Star! thing

In fact, Ye Xuan did not have this plan.

It's not that half of this vengeful report is counted. The five ancient ruins of the great powers will not be let go of them anyway.

But you can completely solve them in the next step.

After all, now he is rushing to refine the 28th-level powerful Baodan. After all, now the universe has been the fourth-order, and then there are five small-order breakthroughs, so that it can swallow a twenty-eight. The moment of the big power Baodan, so this thing can never be dragged.

However, before the refining, these six ancient stars and monsters could not let go, but this is the six powerful blood, Ye Xuan's powerful blood, there are already four, if By getting these six pieces together, there are ten in total. return

After refining the 28th-level Daineng Baodan, it is only necessary to spurt the perfect Danfang of the twenty-ninth-level Baodan, which has not yet been completed. Ye Xuan will continue to refine the twenty Nine-level Supreme Baodan...

After doing this, he can put a whole cut on his whole heart, because at least he can ensure his own cultivation and strength, and he will reach the end of the ancient world. If he wants to survive in the coming end, I am afraid At least you must have the strength of the ancient and supreme, and you will have the confidence.

Therefore, this time I turned back to revenge, and Ye Xuan plans to plan a bombing, just the starry beasts of these six powerful places. and

The five ancient survivors, even after the bombing, have no flesh and blood in their flesh and blood. Anyway, the enemy has already killed half of it. For the time being, it is out of breath, and they will keep them, and then they will be smashed in the future! "

call out....."

After the decision, Ye Xuan did not hesitate, and his body shape suddenly rushed toward the road...

Chapter 4610: The world is coming soon

Rainbow is forbidden! This

It is a top-class strongest forbidden land, the strongest in the town, the ancient powers, second only to the super strong forbidden land with the oldest Supreme. thing

In fact, even in the entire right half of the right bank of the Galaxy, the rainbow forbidden land can be regarded as an extremely powerful top-level forbidden land.

Because there are six ancient people sitting here in the ancient powers. And

One of the strongest ones has even had the strength of the eighth-order ruins of the ancient powers. Only one step, you can step into the ruins of the ruins of the ancients, that is, half-step supreme. Do not

At the moment, the whole rainbow is forbidden in the forbidden land, and it is shrouded in a very disturbing death. The starry beasts who are crouching in the stars of the beastly beasts are almost afraid of breathing. No

Some people know what happened, only know that not long ago, Hong Zun's emptiness outside the forbidden land suddenly heard the earth-shattering roar and the sound of the explosion. when

At the time, the high-level beasts and high-level beasts that were repaired by the universe in the forbidden land were all alarmed. They rushed to the edge of the forbidden land and went outside the forbidden land to see what happened.

Subsequently, the relevant news gradually returned with those cosmic sages, the Lord of the universe and the Supreme of the Universe, and gradually spread it, saying that there is a powerful violent temperament in the wild and powerful, and is being treated by two more powerful ancient sages. Chase. and

The six ancient powers of the rainbow in the forbidden area are also together with the five powerful survivors in the neighboring Xingqiang area. A total of eleven powerful wild powers are joined together and attacked. Got... no

Some people think that there is nothing wrong with this. In the starry environment, killing people and winning treasures, seeing the benefits, is originally a rare thing, and it is more common. more

No one will think that there will be any accidents, joking, even if the violent temper is going against the sky, can you resist the next eleven ancient powers and the two ancient sages?

His fall is only a matter of time!

However, what everyone did not expect was that the six ancient powers of the banned land of Hong Zun had hurriedly returned shortly after they left, and they had escaped after a few days. One

It seems that the birds are scared, and it seems that the soul has been scared. Once they enter the nest star, they have not appeared.

But in the void, there is still the fear of their invisible in the invisible. It is this strange invisible fear that frightens the countless forbidden beasts in the entire forbidden land.

In the past few days, the whole rainbow has been banned from the ground, and it has been confusing and the atmosphere is unprecedented.

"Hey!"

It was at this time that a sharp and unspeakable sound broke out, and from the distant starry sky outside the forbidden land, a masculine rush came. This

After entering the Hongzong forbidden land, the first time has already opened up the whole sense of the gods, and a strong and unique atmosphere of the fifth-order supreme, covering the entire rainbow. "

The current report, come soon! Six of your guys are coming out immediately..."

In the blink of an eye, the mansions rushed into the storm and turned into a starry sky with a body size of 60 million feet. In the roaring voice, the first time they rushed to a giant star in the far right. This

In the middle of the nest, one of the six ancient powers of the banned land of Hongzun. "

call out....."

"Oh la la!" broken

The whisper sounded, and the violent moment rushed into the atmosphere of the nest star. The entire figure instantly collapsed and turned into a **** sea, spreading over a vast valley inside the stars. "

Roar! "

"Roar!""

Oh..."

Then, from the three different directions of this vast sea of blood, the sound of screaming and screaming sounded, and then, in the boundless blood of the sea, there were three huge figures, instantly plucking the ground. . He

It is the three great devils of the Taikoo konjac. One

For the flesh and blood, that is, the starry sky. One

For the body of the cheekbones, there is no flesh and blood, just a purple-golden cheekbones, revealing endless fierce breath, very incomparable.

One is the body of black fog, although it is also a violent form, but the body is a black fog, even a pair of scorpions, just two awnings, it looks very strange...

Between the moments, the three bloods and seas are condensed, and the temperament that is dispersed in the body is all the fifth-order of the ancient powers. The real combat power is even more because of the huge body of 60 million miles. The blessing of qi and blood is enough to be more powerful than the sixth order!

"Irritable, how dare you arbitrarily blame the rainbow forbidden? Don't you die?"

"Hey..."

Almost in the next moment, from the vast valley covered by the blood sea, a light and shadow rushed up, huge in size, full of thousands of feet, but can not see what kind of beast. Do not

After, the temperament that has been diffused from the light and shadow, like the temper, has reached the fifth stage of the ancient power!

It is a pity that the real combat power of violent has already been more powerful than the sixth-order shoulder, and now it is still in the three-dimensional one. The existence of this group of light and shadow is destined to fall here today.

"boom!""

boom! ""

boom! ""

boom....."

At the same time, they did not pay attention to each other. The three **** seas were shot at the same time, and a punch hit the middle.

After the earth-shattering roar, a sound of the blast of the coldness came out, and there was no chance of even a slam in the light and shadow.

Oh la la..."

call out! ""

call out! "under

In a flash, the three **** seas are like pushing Jinshan down the jade column, and at the same time disintegrating, and blending into the **** sea under the feet. tight

Then, a violent figure emerged from the **** sea, only to be able to succumb to the heights, but the body that was dispersed in the body is breathless, but terrible! One

The faint sound of breaking the air, the **** sea under the feet quickly contracted, and the blink of an eye turned into a weak blood awn, and the violent eyebrows were shot, and disappeared.

The **** fog that had just spread out in the **** sea was also violently waved in the first time, and there was an invisible invisible temper. cage

Covering a million miles, all of them were swept away. After they were in the body, they were immediately sent to Shennong Ding to carry out blood purification! do

After all this, the temper is not hesitant, and the body shape rushes directly to hundreds of millions of miles away. It is the most recent ancient power, and the strength is also weak, only the second step of the ancient power. .

"boom!"

"Booming..."

After the engraving, there was an earth-shattering sound of explosion in this fierce beast, and the whole star was shattered. Among the pieces of the endless stars of the splash, there was a light blue-colored blood that spread.

But very quickly, the light and blood of this awning was violently waved, and it was directly absorbed into the body.

All of this is very slow, but in fact it happened between the lightning and the fire, from the violent rush to the rainbow, the forbidden land, and now the punch of this second-order power, and the formation of its body burst The **** fog, before and after, but only five or six breaths of time.

Everything is unprepared...
