Chapter 4621: Dalat from the left bank

"Hey!"

The sharp sound of the air broke out, and a few billion miles away from the front, a black man's glare came from a spurt of light. In the blink of an eye, it's already in front of you, stopping abruptly outside the hundred miles. Hanging in the void...

Until this time, this hunting team of more than a thousand people saw the true appearance of this mang, it was a gorgeous luxury to the suffocating drive, driving the car in front, actually nine Black dragon...this

The extravagant driving is obviously an ancient treasure, and the breath that comes out of them makes them heartbeat, and the nine black dragons pulling the car in front are all wild and powerful. This

But the ancients are arrogant, even if it is only the second-order cultivation of this situation, but it can also make up the nine powerful black dragons to pull the car at the same time... What is this?

Even the most powerful ancient supremes on the right bank of the Milky Way have never heard of this kind of ostentation, which can scare people to death...

"Oh la la..."

At this moment, the curtains that swayed the vestibules like a curtain of water suddenly rolled up, and the originally hidden scenes were instantly revealed in the eyes of everyone. One

A silver robe, it looks imposing, the temperament of the young man came out, carrying his hands, his attitude is bleak, just like walking in his own backyard. tight

Behind the young man, there are seven female practitioners, who are peerless and temperamental, and each one is in the country.

Seeing this scene, the thousands of survivors of the survivors all widened their eyes and sighed.

Because this step is out, it seems that the young man who is not very old is the sixth-order of the ancient power. This

It is a mid-level peak of the human race, only one step away, you can enter the late stage of power. very

As for the seven glamorous maids who followed the side of their bodies, the temperament that was scattered in the body was not bad. The seven women were all the nine-order grand perfection of the universe, that is, the half-step supreme.

It is a sixth-order power, and the seven prostitutes around it are all the masters of the universe in the ninth-order grand perfection. Even the nine black dragons that pull the cart are second-order powers...

This kind of handwriting is not seen on the right bank of the Milky Way. I have never heard of it. It is unimaginable. a few

It is subconsciously, the thousands of survivors and strong people have all identified this temperamental human race young man, and must be scared by the head. There must be an extremely powerful force behind it. I am afraid that there will be more than one ancient supreme, or even ordinary. The ancient sacredness of the ancients is most likely to be the ruin of the ruins of the ruins of the nine generations. and also

It's half a step! This

It's obvious that because of the strength of the young man's sixth-grade cultivation, although it is enough to suppress the black dragon that is only in the second-order world, if you want the black dragon to be so obedient and obedient, then another Let alone. shortage

Gu Dan can never do it. Only the middle ages of the past and the ancients can only have this arrogance. more

What's more, the second-order power level black dragon that appeared in front of the beast is more than one, but a whole nine, fearing that it is the ancient supreme of the medium-term situation, it is difficult to collect it...

These thoughts flashed through my mind. The thousands of survivors, who immediately felt that the young men who were coming out of the car, had an invisible pressure on their bodies, allowing them to breathe and subconsciously hold their hands. Very nervous. Correct

Fang... It's so mysterious, it's too big, even the nearly 100 cosmic people who are present have to be nervous! "

Unexpectedly, on the right bank of the Galaxy, I met a large number of survivors. It's really rare..."

At the time, when everyone was nervous, the silver robe man who had already walked out of the car had already smiled at the jaws, and was very approachable. The voice was softer, revealing an invisible superiority: "I don't know who you are." Daoyou... What is this intention?"

Fellow? Hall

The sixth-order power of the church is so scary, the audience is unheard of, and I will call it a friend.

Hey, this is the real superior, this is the real strong man... and

And, what is the meaning of listening to his words, is it from the super-strong star field on the left bank of the Milky Way?

This is a big deal, free to wander around the banks of the Milky Way, all the time to play and see the scenery, so the handwriting, the general wildest supreme I am afraid there is no such a line.

These thoughts flashed through my mind, and the strongest of these thousands of survivors were all excited by the ground color, and for a moment they forgot to answer the other party's words.

"presumptuous!"

"Don't dare to ignore the question of the Lord, do you want to be killed?"

Pole! ""

Bumper..."

...

Just after the slowness of the two interest rates, there was no snoring. The seven prostitutes behind the silver robe man changed color, and while the screaming and screaming, the seven women almost simultaneously shot, and the screaming sound was repeated all the time. Excited, but some of the more than a thousand remaining survivors, without exception, all face a big ear. complete

It was the existence of the nine-order grand perfection of the seven universes. Under the joint hand, it took no more than a thousand large ear brackets in an instant. even

The nearly one hundred cosmic sages, without exception, all smashed the big ear.

It was only then that they realized that they had been in trouble for a long time, and they were not as good as the seven prostitutes around the mysterious silver robe man.

The prostitutes of the people are the nine-order grand perfection of the Lord of the universe, and they are only the cosmic sages, and they have not yet reached the ninth-order great perfection, and they have weakened a great realm...

In this way, the silver robe man said that the one-channel friend is just polite. If he really thinks of himself as a person who can stand on the same level as the other side, then it is probably a big deal.

This is not, the silver robe man did not respond, the level of people does not care about this little thing, but the seven prostitutes who followed him did not speak so well, only the two interest did not answer the question, on the spot was worried. If

It is to continue to be so sloppy, but it is not as simple as one or two big ears. If you get it bad, it is a life-threatening thing.

And at all, there is no need for a silver robe man to shoot. The seven-and-a-half-step prostitute who is behind the people is enough to kill more than a thousand of them...

With this in mind, the thousands of survivors of the survivors all sneaked a bit together, and their knees were soft, even when they collapsed in the void, they smashed their heads.

Under the face of great changes, some people pleaded for mercy, while others explained it in a panic, but some of them were more clever. They quickly used short words to answer the questions that the silver robe man had just...

I have to say that this scene is a bit messy, but after a short period of chaos, these guys, after all, still have to explain the problem clearly. its

There is nothing to say, it is not from Xiafei Star Field, is it going to go to the rainbow behind the forbidden land to start hunting? It was originally a matter of two or three sentences that I could explain. It was a moment of excitement, slowed down two times, and a big eared with a white ear...

Chapter 4622: Somebody is lacking

"Oh, there is a top-level strong forbidden land outside the tens of billions of miles ahead. In the meantime, there are five powerful people in the world. This is interesting..."

After listening to the words of the thousands of survivors, you said a word, Ye Xuan's heart is funny, but his face is deliberately showing the color of surprise. The big hand waved and said: "Exactly, this little master traveled to the right bank of the Galaxy. Looking for opportunities to refine the colorful medicines..."

I am in a good mood today. Maybe it's not a chance to come. I'm just going to see what you said in the Xiafeixing domain, and the five great friends of the great powers, and learn about the experience of flesh and blood medicine. Maybe this Once, I can really refine the nine-color **** medicine..."

Listening to this, the thousands of survivors in front of them are sighing at the same time, and the exclamation sounds loud..."

Jiu Cai Shen medicine? God, I didn't get it wrong? In the world, there are still people who can refine the colorful medicines? ""

Sure enough, it was from the left bank of the big squad... the predecessor, I was actually planning to refine the colorful medicine. "

"On the right bank of my Galaxy, Jiu Cai Shen Medicine is just an ancient legend. It is the most powerful person in Xiafei Star Field. It can only refine the purple gold medicine. It is different from Jiu Cai Shen Medicine. A big level, and not every time can be successfully refining!"

"It seems that this time, maybe it will be a small opportunity for me, Xia Fei Xing Yu, this is the predecessor from the left bank of the Galaxy, the five old people sitting in the star field. The ancestors, if they can learn from the experience of flesh and blood, they must gain something..."

"Bao!"

Bumper..."

"Where is there so much nonsense? The Lord has already spoken out, have you not heard it?"

After leaving half of the people to lead the way, the other half immediately went back to the notice, letting the five survivors of the Xiafei forbidden area be powerful, and outside the star field, line up to meet..."

Without waiting for the exclamation of the thousands of survivors, the slap in the face has already sounded again, still one per person, and no one has fallen.

The seven gimmicks, such as the ancestral marshes, have once again taken the shot. The color of their sorrow is now a slutty slut, and now deliberately said this, invisibly, the amazing origin of Ye Xuan's so-called "less master" is scary. More mysterious. Want

I know, they have already said that Xiafei Xingyu is a top-class Xingqiang domain. There are five ancient powers in the star field, and one of them is the most powerful one. It has reached the great perfection of the 9th-order of the ancient powers of the ancients, that is, the half-step ancients are supreme.

Even so, the mysterious little master still didn't take it seriously, and even the seven prostitutes behind him did not react at all.

Actually, they also rebuked them. Half of the people immediately rushed back to report, let the five powerful survivors rush to the outside of the Xiafei star field... This

What does it mean? Say

Even if it is the half-step ancient sacredness of the 9th-order grand sacred, the people are completely in the eyes, and this kind of arbitrariness and all the demeanor should be so accustomed to the rhythm. only

With this, it is enough to prove that this person's coming is big. It is estimated that the existence of the old-age level in the home of the week is also unknown.

Otherwise, how can it be as it is now, even the half-step of the ancient ninth-order grand sacred, the ancient sacred, completely accustomed to ignoring? miss you

Here, the thousands of survivors and strong people, once again stunned and stunned, did not dare to be scornful, even if they flustered, even the purpose of this time from Xiafei Xingyu could not be taken care of. In the first time, half of the people were separated. They started the speed and rushed toward the Xiafei star field in the direction of the road. They reported the situation ahead of time. and

The hundreds of people who have left are becoming more careful, one by one, bending slightly, with a smile on their faces, asking Ye Xuan if they are leaving immediately...

"Alright, although the billions of miles are not far away, the young master is suddenly a little lacking..."

Nodded, Ye Xuan's face was lazy, and while he was talking, he turned and walked to the Dragon Dragon: "You just lead the way in front of you, you don't have to be too anxious to hurry, this little master squeezes the body bone. It will take a while..."

During the talk, Ye Xuan has already entered the vestibule of the Dragon Dragon's driving. He sat down on the vestibule floor covered with soft and fierce beast carpet, lying on the side of a prostitute's white and white thighs.

And the other six glamorous prostitutes gathered around him, pinching their shoulders one by one, so they were not attentive...

Once, after returning to the vestibule of the Dragon Dragon, the fog curtain that originally isolated the interior scene of the vestibule did not roll up. Therefore, everything inside was completely clear and unparalleled by hundreds of survivors in the air. Those, I saw it clearly.

All the people have opened their mouths and stunned!

Seeing this scene in front of them, they finally understood what the true meaning of the four words of enjoying life is. This

The mysterious little master just walked out of the shackles, and only said the work of three or four sentences before and after, and the ancient power of the sixth-order state of the world was so lacking... and

As soon as he compares, the five ancestors of the great powers of the Xiafei Feixing domain have been the hard days of the past few years!

This kind of amnesty from the super-strong star field on the left bank can't be ruled by common sense, and from the perspective of this person's market, I am afraid that he is in the super-strong forbidden land on the mysterious left bank, and his status is extremely extraordinary. Both

However, it is called the young master. Maybe the elders in his family are the half-step eccentrics of a certain ancient and supreme ninth order. It is also possible. brain

These thoughts flashed through the sea. The hundreds of survivors of the survivors subconsciously exchanged a look. All the mouths were twitching, but they didn't dare to be disturbed. Seeing the silver robes after entering the vestibule was closed. Eyes, lying in the seven beautiful virgins to enjoy life, and quickly rushed to the front of the Dragon Dragon.

Then, he will not rush to the direction of the Xiafei star field beyond the tens of billions of miles ahead...

As they rushed to the scene, the nine black dragons also slowly vacated under Ye Xuan's thoughts, pulling the magic dragon to drive, trailing behind the guys, and slowly moving toward the front. This

At the moment, the hundreds of survivors who lead the way ahead, the whole heart is almost collapsed.

The imaginary distance of about 10 billion miles, they can arrive in the original meal, but they do not know how long it takes for the silver robes in the back of the luxury squat to be boring. Place

So that you can only slow down as much as possible, so as not to arrive early, so that the other party is not happy.

In this way, the meal can be completed after the tens of billions of miles, it is hard to be worn by them for two hours, the front, the edge of the Xiafei star field, is finally in sight...

Chapter 4623: Want to refine the colorful medicine

There are a total of five powerful wild powers in Xiafeixing, and these five powerful survivors are the same ancestors of the same family. Among them, the strongest is Du Dezhong, and the strength has been reached. The ruins of the ancient ninth stage of the greatness of the ancients, that is, the half-step ruins of the ancient times. its

Among the four people, Du Dedong is in the late stage of this situation, and the ancient powers are seven steps!

The other three are all in the middle of this period, Du Denan's fifth-order, Du Dexi and Du Debei, are the fourth-order power!

Five ancient powers, three medium-term realms, a late realm, plus a ninth-order grand perfection. Only by this point, Xiafei's top-level combat power exceeds six. The rainbow of the great-level beast is forbidden.

Of course, it's just a good deal.

Because of the decline of Hongzong's forbidden land, the five people of Du Dezhong have been proud of the spring breeze. At this moment, the five people are gathered in the giant star where Du Dezhong Dongfu is located, and drink the spirits. also

At this time, half of the thousands of survivors who had left the Xiafeixing domain and went to the Hongzong forbidden land to hunt for hunting, hurriedly returned, everything that would happen outside the Hongzong forbidden land, all of them come.

"What? Nine black dragons drive, and all are the second-order of the ancient power?"

"Even the seven beautiful nieces around me, all of them are gorgeous and versatile, cultivated for strength, and are the half-step supreme for the nine-step grand perfection of the universe?"

"Even the driving of travel is actually a waste of ancient treasures?"

And also threatened to refine the legendary nine-color magical medicine? "

"I still want to wait for the edge of the Xiafei star field... line up to meet him?"

"It's so unheard of in this way, is it... is it really from the super-strong star field on the left bank of the Galaxy?"

After the return, Du Dezhong's five faces were shocked, all put down the cup in their hands, and they stood up and screamed at each other, and they all felt incredulous. its

In the middle of the seven-step world of the ancient powers of the ancients, Du Dedong, in the depths of the bottom of the scorpion, had a smattering of sinful sorrows. When he heard that there were seven beautiful and virgin prostitutes around him, he was tempted. this

People have always been lascivious, although in the stars where Dongfu is located, the remains of the remains of the palaces are numerous, but they are still not satisfied.

In his view, this singer from a super-strong star in the left bank of the Milky Way, the prostitute who followed him, naturally can not be a general posture, most of them are the best in the world, and even more rare is the seven The prostitute's cultivation is the strength, and all of them are all the nine-order grand perfection of the universe.

This is perfect, if you can grab it and stay with you, you will be blessed. when

However, this matter can only be carried out in secret. At least, the news cannot be vented outside the Xiafei star field. Otherwise, the super-strong star field behind this son is on the left bank of the Galaxy, but if its identity is different, I am afraid it will also Doomed.

Such as the empty giant tortoise, the ancient sacred nine-step grand perfect half-step heavenly existence, if it is the heart, it is not completely impossible to rush from the left bank of the Milky Way to the right bank in a short time...

Just as Du Dedong gave birth to evil thoughts because of his lust, the Du Dezhong on the side was also indulged in depression, and his squatting bottom was as flashing.

I am a half-step supreme of the 9th-order grandeur of the ancients, but the kid is only able to be sixth-order. He dared to be so rude. He asked the five people to go outside the Xiafeixing field and lined up to meet him.

What if it's really a big scorpion from the super-strong star field on the left bank of the Galaxy? Here is the right bank of the Milky Way, and the prestige is too far away?

Only by this point, Du Dezhong has been unhappy, not to mention the fact that there is still an old-fashioned treasure in the hands of the other party, presumably the defense is amazing. this

In addition, only the nine powerful second-order black dragons are a weak force. Now the end of the flood is coming. For any star power strong, this ancient and treasure-level driving and nine second-order The power of the Black Dragon is absolutely an irresistible temptation...

At this moment, the two strongest of the five survivors of Xiafei Xingyu, one of the seven glamorous prostitutes who remembered Ye Xuan, one who remembered his magic dragon and nine black dragons, and The three people are only repaired to be weak, and they dare not have this thought. At this moment, the same light flashes and exchanges their eyes. very

Obviously, the five old guys are all the same mind, and they are not planning to let this big scorpion from the super-strong star field on the left bank of the Milky Way live alive from the Xiafeixing...

"It seems that everyone is a meaning, so just right!"

After making a decision, Du De turned to the other four people and nodded and smiled. In one sentence, he took the matter. With

After that, his words turned and then he said: "However, this matter is not anxious to start, he first deceived him into the depths of the stars, and explored the details and said..."

After all, this person has to come to me and still have to figure out, at least there is a number in my heart. In addition, he threatened to refine the legendary nine-color magical medicine, and he would not have to come to the wind. This point must also explore his fault. "

"Maybe this person's hands really hold the secret of a certain flesh and blood medicine..."

"Let's do it, just follow his meaning, and instead of learning the secrets of flesh and blood medicine, I can first throw a brick to attract jade, even if I have to tell all the secrets I have mastered, it doesn't matter. Anyway, he will not escape today. And as a result, you can let the other party dispel doubts."

If he really has a strong secret of refining, he does not have to hurry to try to trick the secrets he has mastered, and he can't do it... he will be introduced to that place, and then he will never be able to recover. ”

Speaking of this, Du Dezhong's mouth slowly showed a faint smile: "The deity does not believe, facing the big horror where he is, he can still be hard, strong support does not say the secret method."

Upon hearing this, Du Dedong suddenly breathed a sigh of relief, smiling at each other and showing ease.

Obviously, the four of them were extremely confident in the mystery of what Du Dezhong said.

"Well, if that's the case, I will first let go of my body, condescend to go down, and go to the big man from the left bank..."

All agreed, the five people do not hesitate, even if they rushed out of the stars of the Dede Zhongdong Palace, followed by five people, there are thousands of survivors of Xiafeixingxing, the strength is extraordinary, at least The emperor is immortal. Both

However, if you play, you have to do enough, so as not to let the other party be suspicious. Five powerful wild powers have come out of the Xiafeixing domain and rushed to the edge of the star field to meet. Did not consider it. sheet

After the work, the five people took the thousands of Xiafeixing stars behind them and came outside the star field. Just after a while, there was a legacy of the surviving universe in the distant universe.

Chapter 4624: The secret law is perfect

"call out!"

The faint sound of broken air rang out, and the magic dragon spurred from the distant sky. Through the misty curtain that did not fall, the scene inside was clearly visible. A young man with a silver robes was lying on his side. Closed on a snowy thigh in a glamorous woman... and

On the side of his body, there are six other glamorous prostitutes who are as peerless as the body or the face.

Just this scene, let Du Dezhong five people twitching.

At this moment, they completely believed in the identity of this mysterious young master. This must be from the big scorpion in the super-satellite on the left bank of the Milky Way. Otherwise, it would be in the middle of the Milky Way on the right bank. I have never heard of it. do not

Not to mention, it is only the seven beautiful nieces who have been trained to be the nine-order grandeur of the universe. On the right bank of the Milky Way, it is extremely rare.

It is not that the right bank of the Milky Way does not have the nine-order grand perfection of the Lord of the universe, that is, the female repair of the half-step to the respectful position, but there is no such a unique existence. do not

It is said that it is difficult to see even if it is one.

This point, the lascivious Du Dedong has the most say. In the stars where his Dongfu is located, there are countless palaces, and a large number of survivors have been collected. Among them, there are also amazing appearances, and there are many, but none of them can compete with these seven. Any one of the prostitutes is comparable.

At this moment, just a glimpse of the emptiness of a hundred miles away, his soul was ticked away, but it was only a flash of gloom in the depths of the bottom of the scorpion, and soon it was Cover up, there is no point on the surface.

As for the other four people in Du Dezhong, the line of sight has turned from Ye Xuan and Qi Da Yan Xiu to the luxurious dragons and the nine black dragons that drive the car in front.

This beast is too extravagant, and the ancients are supreme, and it is extraordinary. Even some of the ancient supremes on the right bank of the Galaxy have never owned. use

The nine black dragons that come to drive are even more amazing. The black dragon, a starry beast, is not in the top of the right bank of the Milky Way and in the super strong forbidden land. but

There are not many people. If you want to make the same nine, you will even be the black dragon of the second-order power of the ancients. The right bank of the Milky Way is absolutely impossible.

What's more, the nine black dragons are so smooth, it is even harder...

In this way, it is said that the man in the vestibule who is closing his eyes and raising his spirits is not from the super-strong star field on the left bank of the Galaxy. Even Du Dezhong will never believe it.

Even so, his decision will not change. After all, here is the right bank of the Galaxy, and the repair of the silver robe is only the sixth stage of the ancient power, even if the nine black dragons of the second power are counted. It is also not an opponent of five of them. only

If they want to enter the depths of Xiafeixing, this time, they are destined to fall here...

Thinking of this, Du Dezhong Wuzhong subconsciously turned to exchange a look, at the end, there was a sneer and flashed without a trace. and

At this time, in front of the void, the hundreds of survivors of the Xiafeixing domain have already led the magic dragon to the front of the place...

"call out!"

The dragon dragon slammed into the air, and at this time, Ye Xuan, who was closed on the ground with a soft and fierce animal blanket in the vestibule of the imperial court, opened his eyes and grew up, carrying his hands and walking out. The magic dragon is driving.

Behind him, the seven great cults are closely followed, and the look on their faces is very cold and arrogant, giving a feeling of being close to people. "

Five friends, polite..."

The line sweeps five people in Du Dezhong, Ye Xuan's slight jaws, the obvious humiliation is not shocked, the tone is also very indifferent: "This young master traveled to the right bank of the Galaxy, inadvertently, I heard that there is a top-class Xingqiang domain, you will come to heart Let's talk with your friends about the experience of flesh and blood medicine. I don't know... can there be an abrupt?"

"Dao friends are polite, I am waiting for the survivors, how can there be no interest in the cultivation of flesh and blood?"

Right, I heard that Daoyou wants to refine the legendary nine-color magical medicine. This incident has caused me to be extremely shocked. Now I am afraid that the interest is more intense than that of the Taoist friend. Why not enter the old-fashioned Dongfu? "

"Yes, the outer periphery of this star field is ridiculous and empty, and it is not a place for hospitality. Please contact us..."

The five people in Germany and China exchanged their eyes for a look. They all showed no traces. They smiled on their faces and looked very polite. They invited Ye Xuan to enter the depths of Xiafei Xingyu, and then elaborated on the inside of the stars where they lived. .

Although these five old guys concealed very well, but Ye Xuan still saw the clue, they... seems to be too eager to invite themselves into the depths of the Xiafei star field. This

There is obviously a problem in it. Ye Xuan is naturally fearless, but the other party's urgent expectations are an opportunity for him to use.

He is telling how the five old guys will tell each other about the secrets of their own flesh and blood. Now it seems that this is no longer a problem.

"Five friends, this young master can not have too much leisure time to accompany you to drink and chat..."

"call out!"

Shaking his head, Ye Xuan immediately waved his hand. In an instant, there was a head-sized eight-color flame spurting out of his hand and hanging in front of him.

This eight-color flame is naturally extracted from the Shennong nine-color flame.

The nine-color flame has entered the peak state of Shennong's flames, but in fact, if Ye Xuan is willing, he can arbitrarily extract one-color or multi-color fireworks.

Of course, as the color of the flames declines, its power will naturally fall. Want

If you want to refine the legendary nine-color magical medicine, you must have a nine-color flame. But now, the entire right bank of the Milky Way has already known that the right-wing male enemy has a violent hand in the hands of Shennong Ding, and the Shennong fire in Ding has grown to nine colors. The extent of the flame.

Therefore, if Ye Xuan takes out the nine-color flame at this moment, it must be suspected, but the eight-color flame is different. In addition to the Shennong flame in Shennong Ding, all kinds of top fireworks between the heavens and the earth can be blended and refining.

Ye Xuan has encountered some powerful fierce beasts with two-color flames or three-color flames. Such as

Today, he is still a big cockroach from the super-strong star field on the left bank of the Milky Way. He has the same atmosphere in the hands of the world.

"This is the extent to which the Lord's heaven and earth are different, and it has already melted into the eight-color flame..."

At the same time, seeing Du Dezhong's five people at the same time, Ye Xuan smiled lightly, and then said: "Unfortunately, refining the nine-color magical medicine, you need nine-color flame, this little

master's heaven and earth fire is still slightly different, so, I want to try to find out if I can find a way to learn the secrets of flesh and blood."

If the secrets of the five Taoist friends can be useful to the lesser, it will make my curatorial secrets perfect, and it will not matter if I put aside time. ""

Otherwise, the young master may only be disappointed and take another chance..."

Chapter 4625: Get what you want

"Hey? It's actually an eight-color flame? The Taoist shot, it's really extraordinary..."

"On the right bank of the entire Galaxy, in addition to the infamous temper, there is only one sixth-order land of the ancient supreme, the hands and the flames of the heavens and the earth have already melted to the extent of six colors. I did not expect that I will be in the hands of the survivors. The flame of eight colors..."

"Don't the Taoist friend previously claimed that he wants to refine the legendary nine-color magical medicine. There are eight-color flames in hand. If it is the secret of the flesh-and-blood medicine, you can't say the nine-color magical medicine, at least, eight colors. The magic medicine is absolutely refinable..."

At this time, Du Dezhong's five talents recovered from the shock, and all of them changed slightly, all of them chilled and whispered...

At this moment, they have no doubts about Ye Xuan's origins from a super-strong forbidden land on the left bank of the Galaxy, because everything in front of him, no matter what point, confirms this. versus

At the same time, the greed of the five people's heart was also climbed to the extreme because they saw Ye Xuan's wave of eight-color flames.

As the great power of the benevolent, the five of them naturally have their own different worlds, but even the five of them have the highest strength, and they have reached the ninth-order grand perfection of the ancient powers, that is, the half-step to the respect of the Du Dezhong, the hands The melting of the heavens and the earth is only a three-color degree.

The other four people even have only one refining monochromatic flame, and they are the same kind of fireworks. Therefore, even if the five people unite, they will combine the heavens and the earth with their own flames to unify and refine. Come out with four colors of flames. more

What's more, there are all kinds of fires in the heavens and the earth. Not all fireworks can be successfully merged smoothly. This

It is also why multi-color flames are so rare and rare.

However, it is necessary to have at least seven colors of flames. Therefore, although Du Dezhong has three colors of different flames, it is impossible to smelt the three-color **** medicine. The best quality flesh and blood medicine he has produced is also However, it is a purple gold medicine, and it is still a lighter color. on

Before Ye Xexuan evolved the Shennong flame into the nine-color flame, the rich purple gold medicine that was refined was stronger than him.

For this reason, suddenly there was a glimpse of eight colors of flames in front of him. The five people were powerful as survivors. To say no to be tempted, it is absolutely false.

In this way, they also let Ye Xuan fall into the Xiafeixing domain, and the determination to use the dangerous land to make it worse is even stronger.

This is exactly the case in the starry sky environment, as long as the interests are attractive enough, let alone the six-stage power is just a smash from the super-strong star field on the left bank of the Galaxy, even if it is a powerful ancient supreme, they may not I don't dare to move this mind... no

After all, this left bank is a sixth-order power. Even if they have five people, they may not be able to easily drop the other side.

What's more, there are still nine people driving black, which is also a first-order power.

In addition, the place where we are now is only the outer zone of Xiafeixing. If it is here, the news must be leaked. If the movement is too big, attracting other ancient powers and even the ancient supreme, then look at it. I am afraid that some of the benefits will be taken away.

This is absolutely unacceptable to them. In any case, it is necessary to introduce the other party into the depths of the Xiafeixing field, use that place, and smoothly kill them and get everything in their hands...

These thoughts flashed through my mind. The five people in Du Dezhong exchanged their eyes and exchanged their eyes. They reached an agreement in an instant. In any case, they would return the other side to the old nest.

"Daoyou really is a real person, the old man just likes this straightness..."

The smile on his face is still the same. Halfway through, Du Dezhong's words turned, and he secretly bite his teeth and touched his heart. "Refining the magical medicine is also the biggest wish of the old man's life. It's just the flames of the world. Only when the three-color flames are melted into the three-color flame, I am afraid I don't know what year and month..."

"This was originally a great pity. Fortunately, I met a Taoist friend today. If I can see the Taoist refining the magical medicine, even if it is not a colorful magical medicine, but only an eight-color magical medicine, the old man is also known to have enough... .."

Speaking of this, he seems to suddenly think of something, a little hesitant to continue: "However, the secrets of the flesh and blood medicine mastered by the old man, after all, are also experiencing endless years, a little bit of accumulation and perfection, if it is small If the refining of the **** medicine is helpful..."

"Hey, I wonder if Xiaoyou can wait for five people for me to refine a cup of sacred medicine. Of course, the flesh and blood materials of the medicinal herbs and the various top-grade treasures added are naturally made by me. ready....."

In the latter request, Du Dezhong was deliberately proposed, in order to dispel Ye Xuan's doubts. After all, he did not know each other. Too diligent and talkative must lead to suspicion! "

This is natural..." Look

Out of the calculations of the other party's heart, Ye Xuan secretly sneered, but did not show it on the surface, immediately nodded and promised: "If it is the secret method of the five Taoist friends, it can really help the lesser master refining the bleeding medicine, even if it is not nine Color medicine, but only colorful, eight color medicine..."

"At that time, the young masters will never renege on their words. They must be five friends, refining a pot of medicine, in return."

"So, it's a word!"

Seeing Ye Xuan hooked, Du De center head loose, with a smile nodded, the voice just fell, directly waved a shot of a mans, yelling toward Ye Xuan.

"You are friends, this is mainly a careful study, to see if this medicinal secret is helpful... please wait!"

The hand took the faint glare from the lasing, and Ye Xuan explored it with the knowledge of the gods, confirming that there was no hand and foot underneath, and then waved his hand into the eyebrow. With

After that, he gave a fist to the five people in Du Dezhong. He smiled and said hello. Then he turned and walked to the dragon behind him.

The seven sacred repairs such as the ancestral karsts did not stay, and all went with them. "

brush! "

After entering the vestibule of the Dragon Dragon's driving, with Ye Xuan's meditation, the original misty curtains were instantly dropped. As a result, everything in the vestibule was invisible from the outside, and it was the ancientest. It is impossible to have a result with the exploration of the gods, unless the domain of the magic dragon is defeated first. but

This imperial car is an ancient treasure, and the luxury is incomparable. At the same time, it is more focused on its defensive ability. Although it can't be compared with Shennong Ding, even if the general wild supreme is coming, it will be hard to open in a short time. It is also completely impossible. Place

Therefore, Ye Xuan, who was willing to pay for it, was not worried at all. After the fog curtain fell, the first time he sat down in the front court.

Then, he ordered the phagocytic system in the body to fully activate the system's ability to derive and calculate, and then with his own six-order power of horror, the secret recipe of the medicine that he had just arrived, and the similar secret method that Ye Xuan originally mastered. , expand integration optimization...

Chapter 4626: Poison meter

After all, Du Dezhong's five people are powerful wild powers, especially Du Dezhong himself. The cultivation of strength has already reached the 9th-order grand perfection of the ancient powers of the ancient times. It is the peak power, that is, the half-step supreme. This

The kind of old monsters, all lived in the endless years of existence, plus he is an abandonment of the ancients, smelting flesh and blood medicine can be said to accompany its growth, throughout, so, Du Dezhong in the flesh and blood of the drug secrets, the experience of nature Rich and incomparable. he

Although the light group that has been waved by the genius is only a weak point, it is like a worm, but the refining experience and secrets contained in it are so vast. Look

The five old guys are really worried that Ye Xuan is not interested in their secrets of refining medicine, so they have left. All the family backgrounds have already been brightened, and Ye Xuan is cheaper.

After a full two days of full-time calculations, all the secrets and experiences of refining medicines from Du Dezhong were finally fully deciphered. Ye Xuan was very excited because he had a strong intuition.

If you have already deciphered the secrets and experiences of the refining medicines that belonged to Du Dezhong, and merged with the original secrets of refining medicines that you have mastered, and perfectly optimize the fit, in the end, Ye Xuan's secret recipe for refining medicine will be even more perfect.

It is not necessarily impossible to refine the supreme medicine that goes beyond the nine-color magical medicine!

However, this kind of integration needs to last for a long time. It is not a one-off effort. After all, it is the mutual integration and optimization of the secrets and experience of massive refining drugs. If there is a half-point difference, it will give up all the work and return to everything.

The so-called eagerness can not eat hot tofu, this is the truth.

With this in mind, Ye Xuan even took out the knowledge and gave instructions to the body's engulfment system, temporarily suspending the promotion of the 30th-level Tiandao Baodan perfect Danfang, and putting all the calculation skills of the system into the whole. Going to the integration optimization of the perfect refining secrets...

After doing all this, Ye Xuan took a deep breath and fell into sinking!

Right now, only the past two days have passed, but the secrets and experience of the refining drugs given by Du Dezhong are so magnificent. If Ye Xuan uses the calculation ability of the in vivo phagocytic system, and then cooperate with the horror of the sixth-order power, two Time is simply not fully understood.

Going out at this time, but let the other side be suspicious. "

Just take advantage of this opportunity to refine a cup of colorful medicine for the occasional need..."

One thought of this, Ye Xuan made a decision in an instant, and then did not hesitate, even with the seven major Yan Xiu into the cabin from the imperial court. "

Rumble! "

"Hey..."

After entering the space inside the room, Ye Xuan waved the Shennong Baoding, which was reduced in shape, almost at the next moment. As he moved, he took out one hundred thousand from the sealed cave at the bottom of the volcano in the central area of the body. The treasures of eight ancient creatures. This

It is the main material used to smelt the colorful medicinal herbs, but at the same time, there are a large number of top treasures, which are numerous and numerous. to

In terms of the spring water used for refining medicine, this time is also the same luxury, and it is also directly replaced by a mixture of congenital yin chilling liquid and smelting lotion!

"boom!"

Rumble..."

"Hey!" Very

Fast, the rumbling rumbling came, an energy form that was condensed by the Shennong nine-color flame, which quickly rose from the flame pool inside Baoding, and was pulled from Shennong Ding. The void in front of a valley in the space. With

After that, all the sounds of the empty space appeared. All the materials originally suspended in the void on one side were all automatically flew into the furnace, and the eyes melted and mixed together.

"call out!"

Oh..."

For a moment, Ye Xuan's hands fluttered like a butterfly, and the different colors and shapes of the crepe patterns fell from the sky in his hands, and directly entered the colorful shape of the energy form. its

The situation is overwhelming, dense, and the number is horrible...

Time passed slowly. This time, Ye Xuan deliberately slowed down the speed. While refining the medicine, he felt and recalled the secrets of the refining medicine that he had learned in the past two days. Unconsciously, he already had quite everything.

For a full two-day color, this top-class flesh and blood medicine is completely complete.

This time, the great medicine that was refined, Ye Xuan and the last time, even the body of the refining medicine is condensed with the pure Shennong nine-color flame, and the power is added invisibly. to

As for the flesh and blood materials used, it is still the same as the previous one. The lowest level is the land of the emperor, and there are nearly half of the quasi-ageless ancient energy level, which is the fierce beast of the real wild power. A few. Such as

Today, this furnace of flesh and blood medicine is successful, and there are countless dragons and stalks of Xiangrui in an instant, appearing in the void of the space inside the compartment.

"Hey!"

"expensive....."

boom! "a few

In the next moment, the loud roar of the bell rang, and the colorful stove in front of the void was full of infinite treasure. The virtual shadows of Zhenlong Zhenfeng are all rushed out from Ding, and the neck is roaring and clear, which can be described as meteorological.

Then, the whole furnace Ding will be turned into a star-shaped nine-color flame in an instant, and will be put away by Ye Xuan, and sent to Shennong Ding, which will be included in the body.

At this time, with the disappearance of the nine-colored flame furnace, the front of the valley in the line of sight, there is only a large can of rich and colorful color of flesh and blood medicine, exudes a strong energy.

As for its volume, it is also like a giant peak, huge and incomparable, even surpassing the last pot of the magical medicine that Ye Xuan originally refining, in a short time, it is absolutely enough!

"Is it four days? Calculating the time, it is enough to grind..."

After the refining of the nine-color magical medicine was waved and folded, Ye Xuan's mid-cold man flashed, and the words in his mouth said that he would stop abruptly.

After some indulging, he used a time to touch the fragrant incense, refining a small pot of flesh and blood medicine. This time, he deliberately put water, and the refined flesh and blood medicine is not a colorful medicine, but only Three colors only. This

The number of awnings is not much, only for Wan Xuan, because for Ye Xuan, nowadays, refining the three-color **** medicine is simply wasting precious blood materials and various treasures.

The reason why I know this way is to refine this little three-color magical medicine, naturally in order to deal with the five old guys in Du Dezhong. Such as

Today, these five old guys have mastered the secrets of refining medicines. Ye Xuan has already arrived. They could have turned their faces directly and killed them one after another. But before, he has seen that these five old goods seem to be stunned and want to lie to him. Into the depths of the Xia Feixing field.

If there are no accidents, most of them have left some kind of arrangement in them. They want to use the poison to count Ye Xuan into the depths of Xiafeixing.

Therefore, Ye Xuan suddenly had some interest. He would like to see what medicines these five old guys are selling in the gourd. Maybe there will be any unexpected gains.

One thought of this, he did not hesitate, immediately got up, from the space inside the car came to the imperial court vestibule...

Chapter 4627: Breathing the breath of the treasure

"Wan

If a splash of abnormal sound came, the curtain curtain around the vestibule of the dragon was slowly rolled up, and Ye Xuan stepped out of it, and there was a faint color on his face...

Once, the Seven Great Yan Xiu did not follow him out, but stayed in the space of the Dragon Dragon.

Because it will enter the depths of Xiafeixing, it is very likely that a big battle will occur. There will be dangers coming. Although the seven great cults are the nine-step grand perfection of the universe, the five people in Du Dezhong are all Abandoned ancient power. Take

The seven major cults are now leveled, and they are far from being able to fight against them.

"Let the five friends wait for a long time, hehe..."

Stepping out of the vestibule of the imperial court, the color of the face of Ye Xuan's face is more intense. When it comes to half, it is a secluded sigh, and the line of sight sweeps toward Du Dezhong: "The secret recipe of Taoist friends does help the lesser, within half a day. The space in the compartment is opened and refining, and the flesh and blood medicine is refining..."

"Unfortunately, it is not a colorful magical medicine. Even the eight-color magical medicine is not, just...three color magic medicine!"

"Hey!" said

In the words, Ye Xuan suddenly waved his hand, and immediately there was a splendid volcanic spurt out, to the virtual air on the side of the magic dragon, turned into a sacred flesh and blood medicine, blue, red and blue. It is indeed a three-color **** medicine. and

Moreover, the three-color magical medicine of the awning Wanzhang is known to have been refining at first glance. This point, let alone the ancient power of the ancients, is that the general emperor is immortal and can be easily seen.

This is also the reason why Ye Xuan deliberately refines a furnace. Therefore, it is a complete set to do the play, and it is not bad at all. "

Sure enough, it is a three-color **** medicine... The breath is so fresh, it is indeed just refining! "

"Three color magic medicine, although the gap with the expected goal is a little bigger, but after all, it is also a flesh-and-blood medicine, compared to the best quality amethyst medicine that I have refined, it is already too precious too much... ..."

Right, the Taoist friends don't have to be too disappointed. After all, the old man is only giving you the secrets of refining medicine. You only have to enlighten for a few days. Perhaps it is possible that some things have not been fully integrated. "

"Yes, it is only now that you can refine the three-color magical medicine. In time, the Taoist friends will be able to refine the legendary nine-color magical medicine. Don't be discouraged!"

"It's not like this, Daoyou, deep in the hinterland of Xiafei's star field, there is also an ancient ruins of ancient ancients. There are quite some ancient secrets of refining medicine, which exist in the form of murals in a local cave..."

"The old man has been involved in it for many times. He has gained income every time. He has the talents of the Taoist friends and the refining of medicine. If he can enter the enlightenment, he will have income."

At that time, I will not ask Daoyou to refine a cup of colorful medicine. Even if I can get a colorful, six-color magical medicine, for me, this time, it's worthwhile... ..."

"Ancient ruins? Is there an ancient secret of refining medicine, which has survived in the form of murals?"

Listening to these words, Ye Xuan sneered, but his face did not show up, but the fine man's face lighted up, a moment of heart-like look. "

Oh..."

When the voice just fell, he waved the three-color magical medicine that was in the sky, and even the magic dragon that was suspended in the void in the air, and directly absorbed the body. Big

When the hand waved, even when he answered: "This young master came from the left bank and traveled to the right bank of the Galaxy. It is to find such opportunities, so that his own refining pharmacy will be upgraded rapidly, since the five friends are sitting in the town. There are such places in the depths of Xiafeixing..."

That is natural and can't be missed! "

Halfway through, Ye Xuan immediately laughed: "The five Taoist friends are assured that after entering the ancient relics, after completing the enlightenment, the young master must be a remedy for the five **** remedies, although they cannot guarantee that they will have The degree of multicolored, six-color, but at least four color magic drugs, still completely sure, will not be insulted..."

The party is following the temptation, and Ye Xuan is also a virtual and a snake to push the boat. At this moment, it is intentionally obvious, but it is also to dispel the doubts of the other party's heart.

Sure enough, when I heard Ye Xuan's words, I saw that he couldn't wait for the obvious points. The five people in Du Dezhong exchanged a look without a trace, and they suddenly put up a smile on their faces.

In particular, after seeing Ye Xuan's demon dragon's driving has been put away, the last few fears of the five old guy's minds have disappeared.

The nine black dragons that the dragon dragon drives in front of the car, after all, are all the existence of the early days of the ancient powers. Although the strength is not very strong, but the number is more than enough, there are nine. If

If Ye Xuan is shooting, once the black dragons in the early stage of the nine great powers are also involved, how many difficulties will be added, and even the possibility of accidents will increase.

But now, the Demon Dragon is being picked up by Ye Xuan. In their view, as long as they can successfully swindle the other party into the place, they will be in a difficult situation, and then I will not be able to call out the nine black dragons. Participated in the war.

In this way, they will successfully drop the chances of Ye Xuan, which will reach at least 70%...

In the first calculation, the five old guys and Ye Xuan were greeted with a few words. Then, Du Dezhong turned his head and raised the business. When he led the way, he led Ye Xuan to the depths of Xiafei's star field.

...

"call out!"

"Hey..."

In the void, the sharp sound of the air broke out. It is already the deep hinterland of the Xiafei star field. It has reached more than 100 billion miles from the periphery of the previous star field.

A few miles in the void, it is the five people of Ye Xuan and Du Dezhong.

The five old guys lead the way ahead, and Ye Xuan is about a thousand miles away, behind the five.

After a long time of stagnation of the semi-column, the five people in the Du Dezhong who led the way in the front suddenly stagnate at the same time and stopped in the void.

Ye Xuanyuan flashed over the secluded man, and he secretly warned. "

Daoyou, the land surface of the abandoned star outside the miles of a hundred miles, has a huge black gorge, the depths of the canyon, the ancient ruins that the old man said..."

Ye Xuan arrived at the back, and five of them looked at the same time. Du Dezhong smiled and said, while raising his finger to the front right side of the sky, there is indeed a giant abandoned star. It is very visible. "

I can't think of this place, but there is still an ancient vestige left. If it is not the guidance of five friends, I am afraid that this young master will never think of it..."

Ye Xuan smiled lightly, and he ran into two sentences at the same time. At the same time, the knowledge of the gods quickly spread, and the eyes disappeared to the ground area of the abandoned star. under

For a moment, Ye Xuan changed his face, because he caught a familiar atmosphere here... It belongs to the breath of the treasure!

Chapter 4628: Suddenly turned face

Ye Xuan has already seen that the five people in Du Dezhong are in the depths of this Xiafeixing field. They have laid down some means and want to harm themselves, and they seem to be confident and confident. but

Ye Xuan is completely fearless. However, following the journey of the five old guys to the depths of Xiafei Xingyu, he thought about all kinds of possibilities in his mind, but he did not think of it anyway. Related to his own swallowing avatar. from

After Ye Xuan entered Hong Meng's void, he swallowed the avatar and left alone. Although there were countless people in Hong Kong's imaginary air, there were even survivors of the ancient powers and the ancients, but Ye Xuan's safety for swallowing the avatar Not worried. when

At the beginning of his cultivation, the strength was still very weak. In the territory of the third universe of the three major stars in the world, the third universe of the tribe of the real people camp, it stirred up an amazing weather. most

Not only is it innocent, but it is still going through a hard time and has grown rapidly.

Although the devour of the treasure is his perfect avatar, but this avatar is very special, the treasure itself is formed by a congenital engulfing of crystal refining, strong and incomparable, difficult to be destroyed, and has the ability to repair itself.

But what is more perverted is his engulfing talent. Almost all energy can be plundered and swallowed. This is extremely fearful. In the special environment of Hongkong and Nether, the speed of engulfing the growth of the treasure must be extremely amazing. It is said to be like a duck. but. positive

It is for this reason that Ye Xuan decided to let the engulfing treasure leave and grow alone.

After all, the deity is different from the path of growth that is swallowed up. The deity grows more complicated, and when you devour the treasure, you just need to bury your energy and grow your body.

However, since the devouring of the treasure, Ye Xuan has not disappeared.

Until today, after calculating the time, he has entered the Hong Kong void for decades, and finally finally saw the engulfing treasure.

But this is not the reason why Ye Xuan suddenly changed suddenly.

After all, suddenly saw the separation of dozens of years, there has been no news of the engulfing treasure, even if Ye Xuan is no accident, the face should also be a surprise color. but

Today, the look on his face is shocked and shocking. because

To devour the treasure... there is a clear problem!

At this point, Ye Xuan did not need to probe at all, and it was already realized in an instant. Make

For his perfect avatar, Ye Xuan and the devour of the treasure, within a certain distance, there is some kind of inspiration.

This distance has become more and more distant as Ye Xuan's deity and engulfing treasures have become more and more powerful. which is

It is not the mention of the strength of the cultivation of the treasures. It is only the Ye Xuan deity. In the state of the ninth change of the konjac, nowadays, it has the sixth-order horror repair of the ancient powers. in

Under the support of this kind of cultivation, within a hundred billion miles, he can instantly sense the existence of the engulfing treasure. Similarly, the engulfing treasure can basically sense the existence of Ye Xuan's deity at this distance. . This

It is a kind of intimacy between the deity and the perfect avatar. It is extremely mysterious and it is impossible to have any accidents. but

The fact is that he has been behind the five people in Du De, and he came to the abandoned star where the treasure was swallowed in front of him. When he was only about 100 million miles away, Ye Xuan still could not sense the devouring. The existence of the treasure. straight

By taking the initiative to extend the power of God's knowledge and entering the inland of this abandoned star, it captures the familiar flavor of engulfing the treasure...

This is obviously not normal, and the only explanation is that the state of engulfing the treasure is wrong, and something has happened! brain

When the thoughts flashed through the sea, Ye Xuan was almost a moment, and he understood the poisons of the five old guys in Du Dezhong.

No one knows more about his engulfing treasure than him. The five old guys in Du Dezhong rely on it. It is obviously the characteristic that devours the treasure to devour all energy...

It's really ridiculous. They actually want to use their own avatars, and they also devour their own deities, or they can't help themselves by being trapped in their own devotion!

Although it is ridiculous, but with Ye Xuan's understanding of his engulfing treasure, he has to admit that the calculations of these five old guys are actually very mature and perfect. It is no wonder that they will be so determined and so confident.

If it is to be replaced by other people, let alone the sixth-order power, even if it is the half-step supreme of the ruthless ninth-order great perfection, it is very likely that it will be in the middle of the unconscious, and it will appear in the unconscious state of the swallowing treasure. The devour of the whirlpool, but can not be dialed. but

Ye Xuan is an exception. This has nothing to do with the cultivation of strength. It is only because of the devour of the treasure, it is his avatar, he is the real deity!

These five old things, actually want to use their own devotees to devour the treasure, to deal with their own deity... brain

The thoughts flashed through the sea, and Ye Xuan was almost screamed by them, and the anger of his heart was getting more and more fierce. because

For him, he did not know how his own swallowing avatar came to this Xiafeixing field and was trapped in the abandoned star in front. but

All this must be inseparable from the five old guys in front of me. This

But I really don't know how to live and die, and the grievances between myself and this deity have not been liquidated yet, and now they have become acquainted with their own avatars. more

Seriously, the five old guys have been able to deal with their own devours. To a certain extent, they have clearly succeeded.

The devour of the avatar is now in an abnormal state, and Ye Xuan feels that he does not feel his volatility, just like a complete sleep, or a general abnormality, is evidence.

If you are completely sleepless, if these five old guys really use some unknown means to let their own devouring and ruin, leaving only a swallowing treasure, then today, this hatred can be It's really big. fear

I am afraid that even if these five old goods are killed on the spot, it is not enough to let Ye Xuan solve the hatred of the heart.

However, the real situation, he is still uncertain, but at least, with the discovery of the swallowing of the treasure, Ye Xuan has now changed his mind. that

It is that he has lost interest in the five old guys and the snakes. At this moment, Ye Xuan has already prepared for a sudden turn of his face. The power of the body has been secretly pushed to the extreme and can be shot at any time. "

Daoyou, seeing your face suddenly changed, is there any abnormal discovery? "

Just at this time, the five old guys who led the way, clearly found the illusion of Ye Xuan, the five people secretly exchanged a look, repaired as the strongest Du De Lieutenant in the glory, with a smile on his face I immediately saw it from Ye Xuan and asked for it. "

The abandoned star in front, it seems that the situation is a bit too bad..."

Under the sneer, Ye Xuan said as he pointed to the abandoned star in front of him...

Chapter 4629: Punch

"The abandoned star in front, it seems that the situation is a bit too bad..."

Singing under the heart, Ye Xuan said as he leaned forward toward the abandoned star in front: "First, don't mention whether there are any ancient relics that you said, but at least..."

There is a devour treasure in the innate engulfing of crystals, and the state is obviously wrong. If you accidentally enter it without knowing it, you are afraid of being trapped and being swallowed by the outside of the treasure. Trapped! ""

It seems that several of the Taoist friends did not have any good intentions. This is to want to bring this young master to this place, and then use the place to devour the whirlpool, and to punish the rhythm of it? "One

Listening to this, Du Dezhong's five people suddenly looked awkward, and while they were chilling, they lost their voices...

"Impossible, how do you know so clearly? The congenital engulfing of the treasures around me, I have already arranged and repeated the masks, unless you enter them, it is impossible to explore with the gods..."

"Oh, even if you have discovered it? It's already here, everything is too late."

I still want to start again later. Now it seems that this is your own life's intolerance, can't wait, and immediately shot him and forced him into the abandoned star in front! ""

Roar! "

"Kid, today, you are dead..."

In the latter sentence, the five old guys turned their faces in an instant, and their faces became very incomparable. They were divided into five different directions and rushed toward Ye Xuan.

"I am still obsessed with it now. It is really speechless."

Shaking his head and sighing, Ye Xuan's sly flashed a smack of sorrow, facing the five old guys who came at the same time, the face was not flustered, still standing calmly and calmly: "Know Why is the owner of the Star's knowledge of this all clear?"

Because, the engulfing treasure in the abandoned star in front... is the devour of the Lord's Lord! ""

I haven't seen it for a long time. I didn't expect to encounter it here today. All of this is really a coincidence. It is all destined! ""

what? This is impossible.....""

What is the devour of the treasure, is it your avatar? "

"This....."

"So it seems that today you can't leave you."

Yes, your swallowing avatar, under the trap of the old man and five people, has abandoned the flesh and spirits, and even the devour of the treasures left, the old man has spent all his means, ten years Since then, I have been unable to succeed until now. This matter is almost the same. Today, it will be liquidated..."

Words, the five old guys look changed again and again, subconsciously exclaimed, but the spurt figure is not evenly stagnant, but the body's stirring atmosphere is more intense, the more intense the killing.

"I was forced to discard the treasures of the treasures, and the spirits left alone?"

As soon as I heard this, the cold mans in Ye Xuan's ancestors were more prosperous, and the body was rushing out of the air and screaming, and screamed: "In this case, today's business is even more impossible."

As you said, the new hatred and old grievances, now... are also liquidated! ""

Roar! "words

As soon as the sound fell, Ye Xuan thought of the movement, the body suddenly soared, and the half-interest had reached a huge 60 million miles. The violent form instantly appeared, and a fist hit the right side of Du Debei Booming..."

Rumble..." This

At the moment, with the appearance of violent temperament, the complete form of the ninth change of the konjac and the blood of the konjac was instantly revealed, and the cultivation of the body of Ye Xuan was still the sixth stage of the ancient power.

However, because of the endless horror and blood of the huge body of 60 million miles, the first-order bonus to the cultivation of strength, today, his true combat power is already seven-step power. and

Du Debei, who came from the right side, was only in the fourth stage of this situation. He was not the opponent of Ye Xuan at all, and he could not resist his full blow.

Everything that follows is no suspense..."

boom! "

Almost in the next moment, the loud roar of the sound rang from the void, and the entire body of Dede North, which had been spurred, exploded in an instant. thorough

The bottom ground is fried for a **** fog, and it will spread!

"call out!"

It's just a second explosion! No

Any hesitation, then, violently waved in the first time, a huge invisible instinct from the body, enveloped a million miles. just

The blood mist that just spread out was swept away in an instant, turning into a waterfall of blood and blood, just like Changhong, and it was incomparably into the violent body. This

After all, it is also the blood fog formed by the wilderness of the ancient power level. Although it can't be sent to Shennong Ding like the starry beast, it is not tempered to smelt blood, but Ye Xuan has no intention of wasting it. Such as

Collected today, I will return to the source nest base camp later. There is also a tens of millions of beasts and soldiers. These blood fogs can be used as flesh and blood, thrown at the stars and beasts, and there will always be some Benefits... this

Everything happened too fast, and Du Dezhong did not react at all. When they returned to God, Du Debei was already bombarded by Ye Xuan, completely degraded, and still disappeared. Did not leave one.

Such a terrible change, so that the body shape of the four people of Du Dezhong was almost like a conditional reflection, and stopped in the middle of the road. tight

Then, the four old guys turned pale and finally recovered and understood what happened. inverted

Under the cool air, the sound of the roaring roar and roaring instantly came out of their mouths and resounded through the vast expanse of the Xiafei star field...

"What happened? The fifth child was actually beaten into a **** fog by a punch?"

Oh... violent? How can the screaming starry sky suddenly become the **** starry sky? "

"Conspiracy! Everything is a conspiracy. Let's count on it. What is left and right in the left bank is simply nothing. This guy is the **** violent..."

"Under the moment, he was actually deceived by him, directly killing the life of the fifth, the old man is not willing! Oh..."

Boss is going fast, this violent temper is not the same, Hong Zun banned six starry monsters in the sky is not an opponent, now I wait for only four people, absolutely can not beat him, immediately leave, stay in the green hills, not afraid of no firewood burn.....""

If you don't have the ambition to destroy your own prestige, the old five will just die, are you going to escape? So **** and deep hatred, is it not reported? That's it? The old man can't swallow this bad breath..."

It's hard to be violent, but what about it? After all, he is only a sixth-order power. Even if I can't kill him, can he still kill the old man? Don't forget, the old man is a great success in the ninth stage of the ancient powers. The half-step to the supreme existence of the eternal state, as long as the empty giant turtle does not appear, just rely on this violent, can you resist me? ""

Oh..." this

At this moment, although Du Dezhong was completely irritated, in the face of the persuasion of the other three, he could not listen to it at all. In the end, when he turned his head and screamed, he stepped into Ye Xuan...

Chapter 4630: Nine-color flame sea

"Since the Star Master has arrived today, you want to go, there is no possibility..."

In the stunned Du Dezhong, the violent smashing flashed a slap in the face, just as he was about to shoot, the next moment, he immediately turned to look at the other three directions.

In the line of sight, Du Dedong, Du Denan and Du Dexi, who are the seventh-order, fifth- and fourth-order powers, have exchanged a look at each other after seeing that they can't persuade Du Dezhong. At the same time, I turned around and fled in the direction of the later time. This

The three old guys are sober, of course, this is also because their own cultivation is not as good as Du Dezhong, facing the violent temperament of the seven-step power of the battle, the heart does not have a sense of superiority. Place

Therefore, for them, this war has completely meaningless. It is best to escape as far as possible. If

It was the temper that eventually killed Du Dezhong, then their choices and decisions were undoubtedly correct, because even the ruins of the ruins of the ruins of the ancients, that is, the half-step to the respect of the Dude, were not opponents, were killed on the spot, they stayed What kind of end will be down, it is even more imaginable.

If Du Dezhong was not murdered, the violent temper finally left, and there was no loss for them. Then they would turn back and return. The five of them were originally the same family. Even if they are now fleeing, they are only because of their weak strength. Knowing that it is not a helpless choice under the violent opponent.

Du Dezhong can never blame them for this.

On the contrary, it has also preserved the strength for Xiafeixing. Otherwise, Du Debei has already fallen. If the three of them stay and fall one or two people, the loss will be too great. Xiafeixing is fundamentally It's hard to bear...

It is said that at this time, Du Dedong and Du Denan and Du Dexi suddenly turned around and fled at the same time. There was no psychological pressure. Everything was done naturally!

Seeing this scene, there was a cold flash in the violent moment. It was already like this. He couldn't sit down and watch the three people from Du Dedong leave. Today, these five old guys must be completely killed in any case.

One can't be less! "

It's too late to want to escape now? Today, you can't escape one..."

Rumble..."

call out! "

In the middle of the cold, the last sentence, the huge figure of the starry sky suddenly disappeared in the same place. At this moment, he launched a virtual teleport. again

When it appeared, it was already hundreds of millions of miles ahead of the left side, which just stopped Du Dexi's way. With

The thunderous sound of the rumbling sounded, and the huge body shape that had just appeared suddenly collapsed and turned into a **** spread. The wind rose and the wind rose, and instantly the tens of billions of miles, just the front body just stunned. And Du Dexi, included in this **** sea. "

Roar! ""

Roar! "

"Hey..." from

In this three different directions of the vast sea of blood, the sound of screaming and screaming sounds, and then, in the boundless blood of the sea, there are three huge figures, and instantly rise to the ground.

This is the three great devils of the ancient konjac. First

One is the flesh and blood, that is, the starry sky.

The second one is the body of the cheekbone, without any flesh and blood, just a purple-golden cheekbones, revealing an endless fierce breath, very incomparable.

The last one is the body of black fog, although it is also a violent form, but the body is a black fog, even a pair of scorpions, just two awnings, it looks very strange. leaf

Xuan Shi's avatar power of the blood sea secret method separates the three great devils of the Taikoo konjac into three **** seas. This is clearly to kill Dudsey in an instant, and then immediately chase the rhythm of the other two.

In fact, Du Dexi's cultivation is only the fourth-order power of the ancient powers. Compared with the current violent power of the seventh-order power, it is too far away.

But the fourth-order power is also in the middle of this situation. The previous Du Debei was caught by the smashing of the second. Nowadays, Du Dexi has already been prepared for defense. Even the violent force with the seventh-order combat power is in full force. In the case of not using the sacred bow and other supernatural powers, it is still difficult to kill them.

But nowadays, Du Dedong and Du Denan are escaping at a rapid speed. Ye Xuan does not have so much time and Du Dexi tempered. Therefore, he will choose to use the secret method of blood and sea, and condense three blood and sea avatars. West killed in one fell swoop. and

Today, his heavy avatars of the blood and sea secrets have been fully understood. These three **** seas, the body's repaired breath, are all six stages of the ancient power. And

Because these three **** seas are all huge bodies of 60 million miles, like a giant giant star, in such a terrible body, the power of blood is too majestic, directly making its own reality. Fighting power, skyrocketing first.

That is to say, the real combat power of the three blood-sea avatars is all more powerful than the seven-step power of the shoulders. Nowadays, Du Dexi, who is surrounded by the three blood seas in the center, is only in the fourth stage, even if he How to get up, there is absolutely only one dead end. and

And no suspense, will be spiked!

"Hey..."

The sound of the screaming whistling sounded through the deep fear and unwillingness.

Just in this vast expanse of blood and sea, and in the moment when his body shape was trapped in it, Du Dexi knew that he was finished, and he died without death. At this time, his hair was screaming, completely unconscious and meaningless. Struggling. "

boom! "a few

In the next moment, the loud roar of the sound rang from the void, and the three **** seas were shot at the same time, showing the shape of the character, and slammed toward Du Dexi, who was surrounded by the center. can

In the midst of raging, his entire flesh has exploded in an instant, and it has been completely blown up for a **** fog, and it has spread! "

call out! "

The three **** seas were shot at the same time, killing a fourth-order power that was far less powerful than theirs. All this was originally intended. Just like the previous attack on the North Germany, it was just a second explosion. ! No

Any hesitation, then, violently waved in the first time, a huge invisible instinct from the body, enveloped a million miles.

The blood mist that has just spread out will be swept away in an instant, and will be left to the source nest stars in the future, and will be engulfed by the millions of beasts in the base camp...

After all this, Ye Xuan's three **** seas turned to the front and the right side at the same time. In these two directions, Du Dedong and Du Denan changed their faces, but they did not stagnate. They have been escaping. "

You two, you can't escape! "

"call out....."

In the middle of the cold, the flesh and blood flashed, the flesh and blood in the three big avatars, that is, the violent moments waved, and with the sharp break of the sound, a fascinating Du Dedong rushed forward and fled. As the wind rose, a majestic nine-color flame sea appeared in the void, and it stopped the body shape that Du Dedong fled...
