Chapter 4631: Deadly

"call out!""

Rumble..." Wan

If the worm-like fascinating glare rushes away, and the storm rises, it will instantly become a fascinating endless nine-color flame sea, first blocking the road ahead of Du Dedong's escape, and then spreading in an instant. And open, and his body shape around and up and down, all sealed.

Completely cut off his escape.

After doing all this, the violently took his eyes back directly, and did not intend to pay attention to him again, because with the siege of the nine-color flame sea, Du Dedong even has three heads and six arms, it is absolutely difficult to escape. and

Before he shot the guy, hundreds of millions of miles to the left, there was another Dudenan who was still escaping, and he needed to solve it first. More

Du Debei and Du Dexi, who had been slain in the past, Dudnan's cultivation is stronger, but not much. He is a fifth-order power. "

Roar! ""

I'm violent, I have a skill and a fight with the old man..."

At this time, see Ye Xuan shot in the light stone fire, the blink of an eye will kill Du Dexi, and even the seventh-order Du Dedong, is surrounded by a majestic nine-color flame sea group There is no way to escape. Rear

Du Dezhong, who was coming from afar, was suddenly stunned and snarled.

In his view, Du Dedong, who was trapped by the nine-color flame sea, had no hope at all. The nine-color flame sea, even if he could not easily approach, Du Dedong could not escape, then the final result must be treated. After the tempering and taking time, he entered the flames and bombarded him with great enthusiasm.

Since Du Dedong has no hope, then the only thing he wants to rescue right now is Du Danan. which is

At this time, in the heart of Du Dezhong, it is still determined that the violent temper can not kill himself. Otherwise, why should he always avoid himself and pick another four people to start?

With this kind of thought in mind, Du Dezhong even saw that Du Debei and Du Dexi had been murdered in succession, and there was no fear in their hearts. They did not intend to leave at all. but

Among the five ancient powers of Xiafeixing, except for him, the other four can't die anyway. Du Dexi and Du Debei, who have fallen, don't mention Du Dedong, who is now trapped by the nine-color flame sea. There is no hope. he

The only thing that can be saved is that Dudenan is left...this

Engraved, with the sound of roaring in the mouth, the body shape of Du Dezhong's spurt, the speed will instantly increase by 30%, blink of an eye, from the three major avatars of Ye Xuan, it has only been hundreds of millions of miles away. "

You wait slowly, after killing all four of them, you won't drop you..."

To the roar of Du De, the violent eagerly turned to look forward to, and after the sound of a **** of knowledge came out, he ignored it. "

Oh la la..."

"call out!"

Almost at the same instant, the black mist and the sacral body collapsed instantly, turning into a **** rain, blending into the blood of the feet, and then, the endless **** seas contracted and turned into a weak man. , shot into the violent eyebrows, and disappeared. versus

At the same time, the violent figure once again disappeared in place, and Dudzhong, who was spurting, rushed into the air, and when the violent figure reappeared, he was already on the left and hundreds of millions of miles away. Behind Dudnan. phase

It's just a million miles away! "

Rumble..."

"call out!"

As soon as the body shape appeared, with the thunder of the thunder, the huge body shape that had just appeared appeared to collapse and turned into a **** spread. This

The blood of the canopy will rise in the wind, and there will be a billions of miles in the blink of an eye. It just happens to include Du Denan, who is in front of his body and wants to speed up, into the blood.

"Roar!"

"Roar!""

Oh..." tight

Then, from the three different directions of this vast sea of blood, the sound of screaming and screaming, and the boundless blood of the sea, there are three huge figures, instantly plucking the ground. "

No... violent, you are shameless! The old man is not dead..."

Seeing this scene, especially a few moments ago, I just saw DeDexi in the same situation. In a flash, I was bombarded by the three big avatars in the blood, and Mao did not leave one.

Compared with Du Dexi, he only strengthened a small order of Du Denan, and his face instantly showed boundless desperate color. In his mouth, there was even more shocking whistling sound, revealing a thick Frightened and unwilling. he

Knowing that he is finished, like Du Dexi, who had just been smashed in the first few moments, is absolutely a dead end. Until now, he realized that moment, Du Dexi's hair screamed. When is the desperation of my heart..."

boom! "under

For a moment, the loud roar of the sound rang from the emptiness, and the three **** seas were shot at the same time, showing a character shape, and slammed toward Du Denan, who was surrounded by the center. no

The horrible energy of the horror is raging. The whole body of Dudnan, like the previous Du Dexi, blasted in an instant, thoroughly bombing it into a **** fog, and it spread! "

call out! "

Without any hesitation, the violent face looked indifferent, as if it was just a trivial little thing, and licked his mouth. Swing

In the hand, a incomparable invisible temperament was rolled out from the body, covering a radius of ten thousand miles, and the blood mist that had just spread and spread was swept away in an instant...

"Damn! Damn! You are **** violent..."

In this scene, Du Dezhong, who is hundreds of millions of miles away, has already had blood in his eyes, and his look is even more extreme.

Before and after, this is only about ten degrees. The five ancient powers of the entire Xiafeixing domain are now only with him and Du Dedong. The other three, Du Denan, Du Dexi, Du Debei, almost completely in him. In the time that did not respond, it was completely killed. and

And the gods are extinct, and half of the hairs are not able to stay.

Even, even the fall of Du Dedong, there is no more suspense, he has been surrounded by a vast and endless nine-color flame sea group, there is no chance of leaving. 偌

The big one of the Xiafeixing domain is clearly a big robbery today, and there will be only one person who has the rhythm of supporting the overall situation. "

Roar! "

"The old man is unwilling... Today, can only one old man be left? Hate..."

In the roar of his head, Du Dezhong's body shape also disappeared hundreds of millions of miles away. When it appeared again, the blink of an eye has already reached the nearest ten million miles. This old guy also exerted a virtual teleport. body

As soon as the shape appeared, he raised his arm to the vast sea of blood and punched it...

At this time, Ye Xuan was full of sarcasm and disdainful voices: "I will leave you alone? Old guy, your face is really not thick, it's time, I think you can live today. ?"

"Oh la la..."

"call out!"

Almost at the same instant, the black mist and the sacral body collapsed instantly, turning into a **** rain, blending into the blood of the feet. tight

Then, the endless **** seas of the majestic eyes contracted and turned into a faint awn, and they entered the violent eyebrows and disappeared.

Chapter 4632: Waste utilization

"Booming..."

"Card..."

In the void, the earth-shattering roar of the earth is ringing, and the sound of crisp and cracking is accompanied by overwhelming sound.

As the black mist and the shin bones collapsed instantly, they turned into a **** rain, integrated into the blood of the feet, and then the endless **** seas contracted, turning into a faint awn, into the storm. Awkward eyebrows...

Du Dezhong, who was teleported from the void, also urging the strength of the body and punching it with violent temper. he

However, a half-step supreme of the 9th-order grand perfection of the ancient and powerful powers, the punch that is now blasted is anger, and the power of the body is promoted to the extreme, even the Hongmeng void can not bear it. Broken in inch. when

However, as the boxing force rushed through the void in the void, the void of the rear inch was broken, and under the powerful force of the emptiness of Hongmeng, the blink of an eye quickly closed. Will

It is the ancient supreme, it is impossible to let Hong Meng's void be in a state of collapse for a long time, and the ancient powers obviously do not have that ability. "

Will you be left alone? Old guy, your face is really not thick, it's time, do you think you can live today? "

Also at this time, Ye Xuan was full of sarcasm and disdainful voice: "Reassured, after solving the last guy, there is time for you to enjoy!"

"call out!"

The voice just fell, the huge size of the violent Pangda six million miles, instantly condensed at a rapid speed, turned into a little bit of the size of the belly, with a speed beyond the lightning, toward The endless piece of the nine-color flame sea in front, spurred away. blink

The eyes have disappeared, and they disappeared...

Obviously, as the temper is saying, he has not yet planned to fight with Du Dezhong. Anyway, he will solve Du Dedong first.

The latter, already in the midst of the nine-colored flame sea, escape without a door, basically has been destined to be killed and fallen! "

Oh..."

"Hey!" brain

The whole world flashed through all of this. Dude, who was in the air and stopped in the air, gave his head a terrible scream. Then he opened his mouth and spurted a blood arrow.

In just a short period of time, the other four ancient powers of Xiafei Star Field will be completely degraded. This is a bad smell, he can't swallow it anyway.

At this moment, he is almost violent, just like crazy, killing has already reached the extreme...

.....nine

Inside the giant sphere formed by the color flame sea!

"call out!"

The faint sound of the broken air sounded, and only one of the nine-color awns of the size of the belly was spurred from outside the flame ball, instantly piercing the giant sphere and entering the hollow area inside the sphere. This

A sphere formed by endless nine-colored flames, with a diameter of hundreds of millions of miles. At this time, the fascinating nine-color glory has no storms, and between the short and the half, it has become a body. The huge starry sky of 60 million miles is violent.

Its huge body is about one-tenth of the inner space of the flame ball. At this time, more than 100 million miles in front of the violent violent appearance, there is a figure floating there, full of fear. Color, quite a bit of a feeling of mourning the dog.

This figure is the second of the power of the five survivors of Xiafei Star Field, Du Dedong, the seventh-order of the ancient power!

The seventh-order world is the late stage of power! which is

It is now that Ye Xuan, in the activation of the body of the konjac blood, and the magical power of the konjac nine to the ninth change, in the repair of the realm, can not reach this level, only the ancient sixth-order, This is the mid-term peak of this situation.

Only by counting the first-order bonus of the violent and huge body of the 60-million-strong body, the true combat power can reach the level of being able to compete with the seventh-order power.

Therefore, it can be said that if there is a giant flame ball formed by the nine-color flame of Shennong in the past, it will sever all the retreats. For Du Dedong, although he is not able to complete the nine-order Dacheng Generally, you don't put temper in your eyes at all, but at least, the bottom of your heart is still there.

It can even be said that basically there is a grasp that can be retired in a war.

For this reason, the current violent temper is trapped in this way, and the other party has the secret of blood and sea, which can condense the **** sea corps that are more powerful than the seven-step majors of the shoulders. At that time, they will fight themselves, it is almost ten deaths. No end of life. Place

At this moment, Du Dedong, at the same time in his heart, desperate, more, is still a deep unwillingness and resentment. In his view, violent temperament was originally not for himself, but now it is so shameless. Too bully..."

I am violent, can I fight for a fair fight? Remove the flame ball, do not show the blood and sea secrets and condense the body..."

In the midst of screaming and screaming, Du Dedong will have a heart and cross, and across the emptiness of more than 100 million miles, he will scream at the violent appearance of the figure: "You are also a famous figure on the right bank of the Milky Way. Is it only going this way? Unfair crushing? It's really buried in the name of the outside world..."

how? Even the radical method is used? Unfortunately, it is useless to the Lord of the Star..."

I licked my mouth, and at the same time, Ye Xuan's voice of the gods came out: "This nine-color flame ball is impossible to remove. Although I don't worry about you fleeing, there is a guy outside who is violently jumping, in order to be quiet first. You killed it, or blocked him outside..."

"As for the use of blood and sea secrets to condense the avatar... This is exactly what you want."

"Oh, anyway, the three guys have all fallen. Although there is one left, it seems to be arrogant. There is no plan to escape at all. In this case, the star owner is not in a hurry to take time. As a result, when you become a companion, you will be able to move your muscles and muscles..."

"Don't say, your suggestion is really good, reminding the star owner of waste utilization... Thank you!"

"噗..." leaves

Xuan's words have not been finished yet. Du Dedong, who was in the void more than 100 million miles ahead, was squirted with a blood arrow on the spot.

Until then, he realized that the original fierce violent temperament, the effort on his mouth was so good, he was about to fall, but before he died, he had to be so humiliated by him. A stomach evil, it is really too miscalculated.

I knew this before, and it's okay to take a quick shot and start playing...

"Roar!"

"The teeth are sharp, violent... you are going to die!"

In the head of the giant hate, Du Dedong did not say much, and screamed with his head up, and immediately raised his right arm, spurred his body and slammed into the violent face. "

Rest assured, the Star Master will never kill you casually. Since it is a sparring, since it is necessary to use waste, how can it be played for a while, or is it not too far-fetched? "

He licked his mouth, and the voice of Ye Xuan's voice was heard in the mouth of the violent voice. Then, as he turned his hand, in the right palm, there was a black and thick long and narrow thing. ... **** stick!

Chapter 4633: Half step supreme also has to die

Inside the colorful flame ball! "

Rumble..."

boom! "With

With the right hand turning over, the **** stick appeared, and the violent sigh did not hesitate. The first time, the shoulders shook, and did not retreat, welcoming Du Dedong who swooped.

At the same time, the right arm was lifted high, shaking the **** stick and falling down. Virtual

There was a thunderous sound in the air. There was no suspense. The **** stick fell instantly and fell on Du Dedong's body...

"boom!"

Oh..."

puff! "shock

In the loud noise of the earth, Du Dedong raised his hair with a horrible sound of horror, opened his mouth and spurted a blood arrow, and his body flew away.

It is like a kite that has broken the line.

His entire body was swollen and he couldn't see the human form at all, just like a meat ball.

After all, the **** stick is so huge, and he is only the shape of an ordinary human being. This stick goes down, quite a bit of a huge peak to pick up the feeling of mosquitoes.

If it is not the strength of Du Dedong's cultivation, it is the late power of the seventh-order world. When this stick goes down, it will directly explode and die.

"This is only a matter of time, can't you just do it?"

Didn't you just yell for a fair fight? Now, as you wish, it's such a pustule, it's really disappointing..."

Come again! "No

When Du Dedong's body shape flew away, Ye Xuan's voice of the gods has already sounded again, revealing endless contempt and ridicule.

As soon as the voice fell, his figure was once again spurred away, and the **** stick held in the right hand was lifted again and again, kneeling...

"boom!"

Oh..."

The second earth-shattering bang came, followed by the unexpected screams, and Du Dedong squirted a **** arrow and his body flew away uncontrollably. This

It is a one-sided abuse, although Du Dedong is a seventh-order power, but today's violent under the huge size of 60 million, the real combat power is not weaker than the seventh-order power.

Coupled with the heroic arrogance of the **** stick, he is destined to be Ye Xuan today, a great stick, slowly alive and killing...

This abuse did not end in a short period of time, and it continued for a long time. At this time, Du Dedong had already been abused and could not see the human form, and his consciousness was blurred. "

boom! "

Even the violent, it seems to have lost interest, at this moment in the middle of the cold, the **** stick of the right hand jerked out again.

Soon, the loud roar of the sound rang from the void, and Du Dedong's entire body exploded in an instant, thoroughly bombing it into a **** fog, and it spread! "

call out! "

Without any hesitation, the violent face looked indifferent, as if it was just a trivial little thing. In the middle of the wave, a incomparable invisible temperament was rolled out from the body.

Covering a radius of ten thousand miles, the blood mist that just spread out is swept away in an instant..."

call out! "do

After all this, with Ye Xuan's thoughts, the huge huge flame ball with a diameter of hundreds of millions of miles instantly condensed and turned into a nine-color stalk of the size of the belly, breaking into the violent eyebrows. under

For a moment, between the violent and violent hands, the **** stick disappeared, and at this time, he had turned to the direction of the right side of the virtual space. that

In the middle, Du Dezhong's figure is very visible. This old man was still roaring outside the huge flame ball. Later he thought that he knew everything was stunned and calmed down, but he did not leave. He seemed to be waiting for the storm. Get out and then retaliate. this

Engraved, seeing the violent after the bombardment of Du Dedong, finally appeared, waiting for the outside of the Dud Lieutenant in the middle of the cold, the body has already converged, the moment of the sky..."

I have to say that you are not really confident, but unfortunately, as long as the Lord is willing, it is a half-step supreme... It is also dead! "

The face turned to the first look of Du Dezhong, and the violent shackles were full of ridicule. "

Hey! "God

The sound of knowledge just fell, not waiting for Du Dezhong to rush, the violent temper has slowly raised the left arm, a sturdy energy bow tire quickly condensed out!

The shape of this horror giant bow is quite ancient. The bow body consists of three parts. The middle part is a double-headed monster. The wide mouth of the anger is directed upwards and downwards. its

The mouth is the place where the strings are held, and the hands are on the lips, as if they are in awkwardness. A bowstring formed by a number of fine gold threads twisted together, the two ends are connected to the life of these two humanoid bodies!

As the low humming sounds, a golden energy arrow appears in the string...

Du Dezhong is a powerful half-step supreme. If he does not use the bow of the sky, Ye Xuan is really not sure to kill him. Therefore, it is a proper intention to suddenly exert this supernatural power at this moment.

Right now, with Ye Xuan's thoughts, the violent smashing smashed out a strange golden glow. His right hand stretched out and directly pinched the bowstring of the left hand energy giant bow, holding the energy arrow. Slowly open...

"Hey..."

The incomprehensible tremors and humming sounds made a big hit, and the voids around them seemed to have an invisible wave, as if the arrow was only pulling the string, and the momentum that was emitted from it had already made the void tremble.

"call out!"

Without any hesitation, the violent release of the right hand holding the energy bowstring, the void, a sharp to the extreme, the sound of the eardrum resonating. This

At the moment, all the power in the violent body was taken away, in order to ensure that a single blow would be resolved by Du De. Because if this blow can't be killed, all the energy in Ye Xuan's body is almost exhausted. In a short time, I am afraid it is difficult to launch the second wave of the same attack. One

In an instant, the energy arrow that fills the full force of the string is spurred in an instant, and the breath is strong and irritating. It is simply ruined and ruined, and it seems that even the void is broken, and the golden flow is shot. In between, there was a black wave behind the tail.

The time is short enough to be negligible, and the golden arrow that whizzes away is already in front of Du Dezhong..."

陨天弓? How can this be! No..." This

At one moment, Du Dezhong was utterly sullen, and his hair screamed with a whistling sound. In the middle of it, there was endless unwillingness and despair, but it had no meaning. With

The sacred bow was urging, and the void around his figure was locked by the mysterious power of this supreme power. Not to mention that he, even the mighty ruins of the ancients, could not be evaded and could only be forced to do this. hit.

When you pass, you can live. and

If it is not enough, then the end is a complete fall..."

Oh..."

The sound of the sound of the sound of the sound came, and everything went on without any suspense.

In the blink of an eye, as the golden arrow did not enter the body, the entire body of Du Dezhong collapsed instantly, and it was completely blown up for a **** fog! "

call out!"

With the disappearance of the golden giant bow in his hand, there was no sadness and no joy on the violent face, but he was not shocked, but he waved at the first time.

In the middle of the wave, a incomparable invisible temperament was rolled out from the body, covering a radius of ten thousand miles. The **** fog that had just spread and spread was swept away, and it was in the body...

Chapter 4634: Locust crossing the air

With the fall of Du Dezhong, he was smashed by the scorpion bow, and the flesh exploded, turned into a **** fog, and was taken away by violent temper, leaving it to be returned to the source nest star in the future, and then handed it to the tens of thousands of beasts in the base camp. The army absorbed and swallowed...

The five survivors who lived in the Xiafeixing area were finally annihilated. Like the previous Hongzong forbidden land, their ranks will fall. From the previous top-ranking starfields, they will only be one place. There is a high-level forbidden land in the universe.

In this battle, Ye Xuan paid the same price. In the end, he used the Tianzhu bow to make his body almost empty. Now, a deep sense of exhaustion is coming.

"Hey!" No

Half a bit hesitant, and in the thought room, Ye Xuan turned his hand, and immediately took out a large number of top treasures, together with a large canopy of the magical medicine, the domain of the Shennongding can be compressed into a small Dan Pills, directly in the import, swallowed into the abdomen.

The medicine in Dan Maru was instantly melted, turning into a turbulent flow in Ye Xuan's body, nourishing the limbs, and the energy that was previously extracted is quickly recovered..."

This time, I got the news of swallowing the avatar. It was also an unexpected surprise. Unfortunately, the soul of the avatar has already left. The only place to stay here is just a devour of the treasure..."

After all this, Ye Xuan's fine mangling and whispering, whispering in a whisper, immediately smashed into the abandoned star hundreds of millions of miles ahead.

Entering the interior of the star, the breath of the devour of the treasure is more intense, and the source is in a dark grand canyon on the right side of the star. only

It's just that it's not in the interior of the stars. If you accidentally enter the Grand Canyon, even the ancient powers will be trapped by the swallowing vortex that is swallowed up by the treasures. Even if you don't fall, you have to get out in a short time, but It is absolutely impossible. swallow

Before the departure, the **** of phasing out of the body has apparently ignited the blood of the treasured body to the extreme. With its innate engulfing the property of the crystal, the whole body is turned into a devour vortex, which will instantly become a wasteland. It's no problem to be trapped for a moment. Du

The five people in Germany and China wanted Ye Xuan to be swallowed up by the whirlpool. The five of them were on the outside, and the chances of successfully trapping Ye Xuan were at least 80%. can

Unfortunately, people are not as good as days, they can't think of it anyway, as a means of relying on the darkness, for Ye Xuan, it is just a joke. "

call out! "

Ye Xuan's figure is suspended in the inner sky of the stars. As soon as he lifts his hand, there is a glare in the dark canyon below. From

At this moment, the invisible power of the canyon disappeared completely.

Because the phagocytic vortex has disappeared, re-in order to engulf the treasure, but it is no longer the appearance of Ye Xuan's devouring avatar... Because of the detachment of the soul, the engulfing treasure has been restored to the original size. Large crystal egg with prismatic crystals.

Unless the soul of the swallowed avatar returns, enter this prismatic crystal egg, otherwise Ye Xuan will not appear again. "

Sure enough, I left a mark..."

When God entered and explored, Ye Xuan soon found the inside of this prismatic crystal egg and found the mark of the soul that swallowed the avatar. This is in his expectation. because

If there is no such a sacred mark left, the ribbed crystal egg that has been engulfed by the treasure can not be recruited by Ye Xuan.

"What? Actually... entered a source nest star?"

Fast, Ye Xuan took out the mark of the soul in the prismatic crystal egg. After some exploration, he immediately received all the information in the imprint.

Under the slight change of his face, he immediately whispered. This

The mark of the road is a message that was deliberately left to Ye Xuan. he

Inadvertently entering the Xiafeixing domain, but was trapped by the five people in Du Dezhong, and the only way is to give up the devour of the treasure, turn it into a powerful devour vortex, devour the vortex For a moment, the soul fled. It

Therefore, this kind of decision is made on the one hand, and on the other hand, because the devour of the avatar originally had this idea. because

Before he entered the Xiafeixing domain, he found a source nest star in a remote place in the empty Hongmeng void, and the chaotic seeds in the star nucleus have not yet sprouted, and can be settled in it and replaced. swallow

The reason why the avatar was not entered at that time was because his own cultivation was weak, and he thought about it after a period of time to raise a big realm.

However, after being trapped in the Xiafei Star Field, he had to leave in the state of the spirit, forcing him to enter the source nest star in advance.

All of this is explained in the mark of the soul in the prismatic engulfing crystal, because the devouring body knows that Ye Xuan will find it sooner or later, and besides him, it is the half-step supreme of the 9th-order grand perfection of the ancient It is also impossible to collect the phagocytosis vortex. Place

Therefore, in the case that there is no need to worry about the removal of the soul mark in the prismatic engulfing crystal, he even has the specific coordinates of the source nest star that has been stationed in it, which has been clearly marked in the mark of the soul.

Ye Xuan can check the situation at any time.

"So, it's a blessing to devour the avatar this time..."

After everything was clear, Ye Xuan sighed with a sigh of relief, and between the hands, he instantly engulfed the prismatic engulfing crystals into the immortal world.

Devouring the source of the nest, the source of the nest, he must inevitably look at the situation, otherwise the heart is always a little rest assured. but

But it is not now, because there are other things that need to be dealt with at hand. Anyway, the coordinates of the source nest star have been learned, and once the devour of the soul is swallowed into it, instead of the original chaotic seed germination, the whole source nest star will be activated. In an instant, it will be covered by a layer of invisible diaphragm.

This layer of invisible diaphragm is the rule of Hongmeng's void, let alone the ancient powers, even if it is the ancient supreme, can not be blasted, naturally it is absolutely safe.

This matter can be left to be dealt with later, but in front of it, all the cultivation resources in the five star-studded stars in the Xiafeixing area will be taken away. This

Once, he spent a lot of effort to kill five powerful wild powers, but even a big blood can not be harvested, because the blood of the benevolent strong body bursts, can not condense blood . pay

With so much effort, there was not much gain, which made Ye Xuan feel uncomfortable. All the cultivation resources in the five stars of Du Dezhong's great survivors' nests were like a locust transit, completely swept away, and how many It's a little comfort.

"Hey!" brain

The thoughts flashed through the sea, and Ye Xuan's glimpse of the faint glimpse, turned to the front of the virtual space of hundreds of millions of miles away from the virtual space on the right side, the body shape suddenly turned into a mans, lasing go with.....

Chapter 4635: Supreme sixth order

The ancients are different from the starry beasts. star

The cultivation of the empty beast is basically achieved by the blood of the body. Therefore, the starry beasts basically rely on mutual engulfing to strengthen their own bodies. Although there are also various treasures, they will also use various kinds of stars. Tiancai Dibao, but the proportion is not very large.

The ancient survivors want to improve their own cultivation, relying almost entirely on flesh and blood medicine, refining flesh and blood medicine, and the beastly flesh and blood is the main material, but other kinds of top treasures are also indispensable. Place

In addition, in addition to the storage of the flesh and blood materials of the beasts, there must be a large number of top treasures in the hands of the survivors.

Although there are such things in the hands of the starry beasts, the number is absolutely incomparable with the survivors. where

I am afraid that this is the case for the ordinary abandonment of the ancients, not to mention the wild power of the five survivors of Du Dezhong.

Undoubtedly, among the five caves of the caves, they must have harvested a huge amount of precious treasures, and they must also be the top of the list.

Even Ye Xuan's hands may not have such a huge amount of treasures. complete

In fact, although he killed five people in Du De, he relied on the strongest means such as Qi Tiangong and other powerful supernatural powers, nine-color flame sea and **** stick. very

Even now, the real power of the seventh-order power of the shoulders is only in the state of the ninth change of the konjac. true

To put it bluntly, Ye Xuan's own cultivation is now only the fifth stage of the universe, and there is still a little distance from the real wild power.

At the moment, the place where he is about to plunder is the five caves of the ancient capital, and there is even a half-step supreme of the 9th-order grand perfection of the ancient powers...

The realm of strength is so great that there are naturally gaps in the treasures of the top treasures in the hands.

For Ye Xuan, this is definitely a big harvest. All the resources in the five nest stars have been swept away by him, and it is simply full of overflow!

After doing all this, he immediately left the Xiafei star field, directly activated the interstellar coordinate jumping ability attached to the internal system, locked the source nest star that gave birth to his strongest power, and disappeared immediately after the body shape flashed. not see. "

Oh..."micro

Undetectable sound broke, and when Ye Xuan's figure appeared again, he had already arrived near the source nest. four

Zhou Jing quietly did not have any movements. Ye Xuan extended his knowledge to make sure that the source nest stars were as old as they were, even when they went to the giant abandoned star that was used to retreat in front and went directly into the interior of the star.

He wants to retreat again. This time, the battle to kill five powerful survivors, the opportunity to continue to break through has arrived. leaf

Xuan's own cultivation is rapidly rising, but even now, it is only the peak of the mid-term of the universe. Even in this period, it has not entered, not to mention the ancient great power. no

On how to do it, he must be promoted into a powerful environment as soon as possible. As a result, the most powerful military power can reach the ancient and supreme.

He has a kind of hunch, and the days when the end of the flooding is fully open must not be far away. It is very likely that it will come soon. This gives him a strong sense of urgency and must be improved as soon as possible.

"call out!"

After the decision, with Ye Xuan waved, Shennongding was instantly sacrificed. He stepped into the tripod of the nine-colored fog and sat down on his knees.

"Hey..."

Later, more faint sounds broke through the air, and in a moment there was a rush of glare, hanging in front of him. It was the cultivation resources that he took out from the immortal world to develop this breakthrough, including the evil source. , as well as the colorful magic medicine and so on.

Then, in the first time, Ye Xuan urged Shennong Ding's domain field power, and compressed all the cultivation resources to only the size of the baby boxing. One

Swallow, swallow it into the abdomen. "

哗啦啦....."

At the next moment, when the energy ball was compressed into the size of the baby fist, Ye Xuan's body suddenly heard the sound of the chain squeaking.

All the resources in the previous swallowing entrance melted instantly, and there was a huge energy in his body. This time, the chain of shackles that appeared in his body was the same as before, and there was only one.

This is what it should be, Ye Xuan did not pay attention. Condensate

Under the sacred ambition, Ye Xuan urged the energy that was just formed in the body, and fully and continuously in the hundreds of veins, to launch a second big day! first

In the previous battle, he himself even spurred the power of the scorpion bow, and the energy in the body was almost drained. Place

Therefore, this time the breakthrough is not a hindrance. It only took a day. The energy formed by Ye Xuan's body has been completely refining.

When this hanging energy Dajiang disappeared completely in the operation of Zhou Zhou again and again, after the soul and body of Ye Xuan...

Next, he was only a shock. The chain of shackles that appeared this time has been broken. The system prompts in expectation are also very loud in Ye Xuan's mind..."

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the sixth stage of the universe! ""

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: the sixth stage of the universe! ”

Supreme sixth order! This

It is already a breakthrough in the medium term, and it has been completed in the late Supreme! first

Before, the cultivation of Ye Xuan's deity is the fifth order of the universe. After activating the blood of the ancient konjac in the body, he can climb to the sixth stage of the supreme.

And if you use the konjac to change the magical powers and reach the ninth change, the combat power will immediately rise to the sixth stage of the ancient power.

In fact, if you count the temperament of the flesh and the blood, the real power of the repair is the seventh-order power.

But now, with his successful breakthrough this time, after the activation of the konjac blood in his body, Ye Xuan will immediately possess the seven-order refinement of the universe. again

Casting the magical power of the konjac nine changes, and directly into the ninth change, its peak strength will be able to reach the seventh stage of the ancient power!

Counting the huge body of 60 million miles, the pounds of the horrible power of the first-order addition to the real power. Such as

Today, he is able to show the strongest strength, has been able to completely shoulder the shoulders of the ancient powers. except

In addition, he also has the secret of blood and sea. Once he mobilizes his avatar power, he will condense three blood and sea avatars in an instant, all of which have the horrific power of the eighth-order power.

In the case of three wars, the killing of the eighth-order power is completely out of the question, that is, when you encounter the ninth-order power, you don't have to use the sacred bow, you only need to sacrifice the **** stick and nine. The flames of the sea, under a bitter battle, can also be killed. and

And the probability is still very large, more than 60%! "

The self-cultivation is the realm, and has reached the sixth level of supreme. And if it is needed, the peak strength is even more powerful than the eighth-order..."

In the middle of the brilliance, Ye Xuan whispered, and in the chest, there was an unprecedented enthusiasm in the moment, and it stirred out: "There are three breakthroughs in small steps, and it is time to step into the wilderness." Everything... will come soon!"

Chapter 4636: Only one line

"Hey!" micro

The weak sound of the air broke out, and Ye Xuan stepped out of Shennong Ding, which was carrying a colorful mist. Then, between the waves, Bao Ding was included in the body. press

According to the original plan, he intends to go to the source nest base camp after the settlement of the Xiafeixing domain, leaving behind the nine-color magical medicine and various grades of Baodan, and then going to Xusheng forbidden land. .

Finally, go to the forbidden land of the phoenix that has been in existence for nearly 20 years, and take over the savage beast army and the captive army.

But now, although the things in the Xiafei Star Field have been resolved, everything that follows has not completely ended. One

After Fan Sisuo, Ye Xuan decided to complete two major events, and then went to the source nest stars.

The first one is to go to the source nest star where the devouring avatar is located to see if everything is going well. This matter is not implemented, and his heart always feels a little uneasy.

The second is to fully integrate the unfinished secrets of refining drugs. As a result, under the support of Shennong Nine-Color Flame, Ye Xuan is sure to refine the flesh and blood that is more amazing than the efficacy of Jiu Cai. Big medicine. This

Things can't be dragged on for too long, it's the truth to sharpen the knife and cut the firewood. If it really can produce a big medicine that is more effective than the colorful medicine. that

What, after the reopening, the speed will obviously be faster...

"First solve the first thing and say that if the source nest stars in the devour of the avatar are all normal, they will return immediately, and the final comprehensive integration of the unfinished secrets of refining drugs!"

After the decision, Ye Xuan's fine flash of a man's eye flashed out of the core of the abandoned star where the retreat was located, turning into a faint awning, exploding at a speed, pointing to the void coordinate position marked in the mark of the soul. , rushed to speed...

Although he is a human form today, the konjac in his body has changed his blood, but he has already applied the ninth change. Therefore, the current Ye Xuan, repaired as the strength of the seventh step of the ancient power, is the late stage, the speed Nature is extremely fast.

In addition, from time to time, the virtual air teleport was launched. In the end, he only took about six days to reach the destination. This

The area is very remote, and within a few tens of billions of miles, even a little bit of cosmic dust can't be seen, let alone the general abandoned stars.

In fact, the 3,000-year-old source of the chaotic demon gods in Hongmeng's void is basically in this situation. They are all in a relatively remote area, and there is no end to the endlessness of Hongmeng, so there is no end. These source nest stars are basically difficult to find. this

At the time, the front of the road is about a few billion miles away, and the source of a black scorpion is already visible.

Hong Meng's void is dark, except for the vast banned galactic star field. In other places, there is no half-point source. which is

It is in this dark void, scattered around the three thousand source nest stars, all of which are completely unlit, otherwise they have already been found. before

The same is true of this source nest star, which is billions of miles away.

Ye Xuan's physique spurt away, and soon he was near. During his meditation, his knowledge extended and he was only a few miles away from the source of the stars. The humming sounded, and the surface of the whole star appeared a layer of translucent film.

This layer of film seems inconspicuous, but it is a powerful law of Hong Kong and the emptiness of the law, and the ban on the Milky Way, so that countless survivors and beasts can not enter, can only ring the giant film on both sides of the Milky Way, belonging to The existence of the same type.

Similarly, the appearance of this film, which represents the core of the source nest star protected by the film, has sprouted the seed of Chaos Devil.

Of course, there is another situation, that is, like the giant source nest star that bred Ye Xuan's strongest power, the chaotic seeds inside have been stolen...

This is obviously the case. Ye Xuan had a similar experience, and he personally operated it. He planted his own avatar within the source nest star that gave birth to the power demon.

Therefore, as soon as he approached, he immediately determined the source of the nest in front of the eyes, the same situation. and

And the source of the nest star in the other direction is all normal, so he hangs in the heart of the blind man, it will fall half way. "

call out! "

A slap in the face, a faint sound of broken air, from the darkness of the darkness in the distance, a glare from the glare, did not enter Ye Xuan's eyebrows. This

It is the message left by the devour, very brief, but it is clear that he has entered the source nest star!

This engulfing the message of the gods left behind, let Ye Xuan completely rest assured, and then stayed, even when urging the interstellar coordinate jumping ability attached to the internal system, he was almost instantly returned to the birth. The source of the power is separated from the nest star. No

There is hesitation, when the abandoned star that goes to the front for retreat directly enters its star nucleus. Such as

Today, before the start of the gathering of the lower armies, Ye Xuan has only one thing left to do, that is, the unfinished secrets of refining drugs are thoroughly integrated. he

There is a very strong hunch. This time, after the completion of the new perfect refining secret, with the powerful power of the nine-color flame, from then on, the flesh and blood medicine he refines will most likely surpass the previous nine-color god. Medicine, reaching a new level. plate

After sitting down on the knee, Ye Xuan gave instructions to the body's phagocytic system for the first time, mobilizing all the calculation and derivation capabilities of the system, and launching the final tackling calculation for the unfinished refining secret. with

At the time, he himself is based on the horror of the seven-order power, and cooperates with him.

The new perfect refining secret is not so easy to integrate. Ye Xuan's requirements are very high. The perfect secrets that I have mastered before must be combined with the refining drugs obtained from the five talents of Du Dezhong. The secret method is perfectly matched. Such as

Therefore, the difficulty is naturally higher.

Time passed slowly, unconsciously, and half a month passed by. in

In the past two months, Ye Xuan, who is kneeling in the giant abandoned star star, is like a petrochemical. Without any movement, all the minds are devoted to the derivation and evolution of a new perfect secret.but

But until now, there is no result. also

It was three days in the past, and Ye Xuan, who had been closing his eyes, suddenly opened his eyes. In the depths of the bottom, there was a deep exhausted awn, and it quickly passed.

The whole body and mind are devoted to the promotion for nearly twenty days, every minute and every second is calculated at a very fast speed, that is, the late power, the mind and the heart, are somewhat unstoppable.

Unfortunately, this time the derivation and calculations have ended, but the new perfect refining secrets have not reached the level of true perfect fit.

"Ugh....."

A secluded sigh, Ye Xuan whispered: "It's a pity... it's just a line!"

Chapter 4637: a few more votes

The secret of the refining medicine that was previously obtained from Du Dezhong has been completed, but the new refining secrets obtained by Ye Xuan are not perfect, and they are still in the same line. This

If you want to fill it in the first line, you can only obtain new secrets of refining medicine from the hands of other ancient people, and then expand and integrate it. and

Moreover, the general common medicine refining secret law is obviously not acceptable. I am afraid that I have to go to the top-most strong star field to find the powerful powers of the survivors.

Moreover, according to Ye Xuan's derivation, it is only a top-level Xingqiang star field, and most of them still can't complete this line deficiency. At least two refinement secrets passed down in the top-ranking Xingqiang domain are needed.

That is to say, in order to complete the new refining secrets and make it fit perfectly, Ye Xuan still needs to take at least two top Xingqiang stars. "

If it is too much, it will only be a short line. Now, just take two more top-level strong forbidden places, you can complete it and get a more perfect secret of refining medicine. The flesh and blood of the medicine..."

In the whispering language, Ye Xuan's shackles, from time to time, there are faint flashes: "So, if it is temporarily put down, it's a bit unwilling, it's better to bite your teeth and do it a few more votes!"

"call out!"

After the decision, Ye Xuan did not hesitate, even when he swept out of the giant abandoned star where the retreat was located, he waved the magic dragon directly. This

Once his goal is still the ancient power, and the purpose is not to kill, but to get the secret of the refining medicine in the hands of the other party, so obviously there is no way to use it.

If Ye Xuan's current peak strength can reach the ruin of the ancients, it is naturally no problem. After the survivors of the ancient powers of the ancient ages are smashed down, they will be able to get everything. but

He is now in the ninth state of change, even if it counts the huge force in the huge body of 60 million miles, the first-order bonus to the cultivation of strength, the peak force is only the eighth step of the ancient power. .

The eighth-order power, even the survivors of the early days of the ruins of ancient times, has certain difficulties. After all, the killing is completely different from the oysters, and the latter is more complicated. more

What's more, even if the goal of success is born, and with the strength of his eighth-order power, there is no way to directly search for the soul of the powerful players in the same level. Correct

If Fang is going out, he has a chance to spurt himself. If

In the unlikely event that the personality is a bit more serious, the final result is obviously that the bamboo basket will be filled with water.

Therefore, the only way is to obtain the required secrets of refining medicines in the same way as in the Xiafeixing domain, in the form of a big bank on the left bank. Do not

A long time ago, in the battle of Xiafei Star Field, although the starry sky was exposed at the end, there were no other life stars in the surrounding universe.

The abandoned star that was swallowed and trapped was the extremely remote area of Xiafeixing, and in order to avoid the news of the left bank of Ye Xuan, the five people in Du Dezhong had issued strict orders before the outbreak of the war. It is forbidden for any survivors in the forbidden land to extend their knowledge and explore the area. and also

That is to say, although the five people in Du Dezhong have been completely killed, but the left bank is the fact that the star of the right bank is violent, but it has not leaked out.

Even in the Xiafeixing domain, no one knows.

At this point, Ye Xuan is very determined, so even if he now appears as a left banker in a top-ranking Xingqiang domain on the right bank, his identity will not be suspected. top

The incident of the Duo Xia Fei Xing domain was revealed, letting the outside world know that he had erupted in the Xia Fei Xing Yu and Du Dezhong five people, and eventually killed all five people. but

This point, obviously, will not have much impact, just for a reason to be fooled, so Ye Xuan is not worried at all...

.....

Seven days later, the middle section of the right bank of the Milky Way.

"call out!"

A faint sound broke through the air, and a black mantra ran across the void, spurting toward the front.

This is a man, it is the magic dragon! and

The target star field in front of it is called Hongyang Star Field. It is also a top-ranking Xingqiang field with a strong power of the ancients.

There are only four survivors in the Hongyang Star Field. In total, there are only two of the most powerful late-stage powers. One is a visiting friend, and one is retreating. If it does not affect the survival of the Hongyang Star Field. When a major change occurs, it is impossible to show off.

The rest is only the two survivors of great power, all of which are only in the early days of this situation, all of which are the third-order of the ancient powers...

In these cases, Ye Xuan has already inquired about it along the way, so I am very determined in my heart. At this moment, I went straight to the Hongyang Star Field. The last distance was only 10 billion miles away. This

It is the middle section of the right bank of the Milky Way, and the previous Xiafei star field is on the right bank of the right bank of the Milky Way. Although it is far away, the time is not short, so the news of the Xiafei star field and the news of the left bank Most of them have been spread. thing

This is indeed true. When Ye Xuan drove the magic dragon to drive, like a black lightning, when he rushed directly into the Hongyang Star Field, the two initial powers in this top-of-the-range Xingyu domain were just talking about it. sense

Feeling the sudden arrival of the uninvited guest, the two men extended the knowledge of God for the first time. After the exploration, they first smashed for a short while, then immediately changed their face and changed their voices.

"Luxury driving, nine black dragons with great power... Hey! This is the left bank to kill God!"

"It is rumored that this person's cultivation is only the sixth-order power of the ancients, but not long ago, in the Xiafeixing domain, the five survivors who were sitting in the star field were all killed. This includes even a wilderness. The ninth step of the great energy is a half-step supreme!"

"No matter how he did it, at least one thing is certain. That is the mysterious left bank, like the starry sky that has become a public enemy on the right bank. The temperament is also violent. It is clearly a word of dissatisfaction. Just turn your face and kill the rhythm..."

What happened to this recently? The entire right bank of the Milky Way is not flat. The violent storms have not passed yet. The heart of the people is stirring, and suddenly there is such a mysterious left bank..."

"How can this suddenly come to my Hongyang star field? The old man has a very bad feeling. This time... I am afraid that Hongyang Star Field will be a disaster!"

"call out!"

"call out....."

In the exclamation, the survivors of these two early days were able to spurt the giant life of one of the cave caves, and spurred toward the edge of the star field.

Over there, the black dragons that the magic dragons used to drive were just like the lightning and thunder, and they were still far from the virtual distance of billions of miles, but they came to the eye in the blink of an eye.

Suddenly, the stagnation of the universe is easy for the two people to be in front of thousands of miles away...

Chapter 4638: Magical medicine

"call out!"

The sharp sound of the sound broke out, and the stunned magic dragon slammed into the void of the universe thousands of miles away.

Then, like the sound of a splash of water, the curtain formed by the mist in the vestibule of the vestibule, slowly rolled up, and Ye Xuan, who was lazy in color, walked out of it and walked slowly, just like walking in a leisurely stroll. in

Behind him, the seven great cults, such as the ancestral marshes, are surrounded by the sacred sacred sacred sacred sacred sacred sacred sacs. and

At this time, Ye Xuan's cultivation is a breath, but it is the seventh step of the ancient power of the ancients.

In addition, there are nine black dragons in front of the magic dragon, and the body is filled with the breath of the air, which is also a great environment for the ancients. This

The lineup can be described as luxurious, whether it is the nine black dragons in the wild and the seven-and-a-half-step universe, the prostitutes who are so peerless in appearance and body, it is difficult to gather on the right bank of the Milky Way.

What's more, there is a luxury car that is extremely luxurious...this

Everything is now gathered in the hands of one person. Its identity and background are strong, and it is clear that there is no doubt.

In fact, now Ye Xuan is from the identity of a super-strong star in the left bank. On the right bank of the entire Galaxy, no one has had any doubts.

If there is such a big deal, on the right bank of the Milky Way, who would dare to so arrogantly kill the five survivors of the top-ranking Xingfei Xingyu, a top-ranking Xingfei star field?

Of course, it's true that it's not a problem. At least, the fierce name, the starry tyranny that has long since become a public enemy on the right bank, definitely has this courage. can

What is irritating is only the starry beast. For the singer's star field, although he has this daring, he has no interest at all, and he can't look at it at all... This point has also become a myriad of strong banks on the right bank of the Milky Way. Consensus. Look

Looking at everything in front of the luxury, the two early big eyes from the Hongyang star field twitched and turned to exchange a look. its

In the middle of a black robe, when he even clenched his fists, he carefully said, "This Taoist friend, I don't know if I come to Hongyang Star... What is it?"

Another white robe is powerful, but the light flashes, revealing the color of vigilance. Obviously, he has already been wary of the heart, and he is prepared to prevent Ye Xuan from shooting. After all, he left behind in the Xiafei star field. The name has long been broadcast.

"The two Taoist friends don't have to be nervous. The younger ones came here this time, only to exchange experience in flesh and blood medicine."

First glanced at the white robe next to him, Ye Xuan smiled and said: "I must have heard of the two Taoist friends. Previously, this young master did go to the Xiafeixing domain and left in the end. Before, in a rage, the five old men in Du Dezhong were all killed..."

Outside, there may be rumors that the Lord is temperamental and killing, but this is not the fault of the Lord...."

When it comes to this time, Ye Xuan's face sinks, and the tone of his voice also reveals a sense of resentment: "On that day, this young master is as good as it is now, and he is willing to go to the door to discuss the secrets of refining medicine..."

I even said that if the drug secrets mastered by the five people in Du Dezhong is really useful to the young master, it can help the young master to refine the legendary nine-color magical medicine, and in return, help them to refine on the spot. a furnace..."

In the end, after learning the secrets of the refining drugs they provided, the young master did not refine the nine-color **** medicine, but only the three-color **** medicine, but they were disappointed, but they never reneged, and they refining them. A stove of three color magic medicine. "

"I didn't expect the five old men to see the righteous uprising, and look at the Dude's middle school to be stronger than the young master. It is already a half-step supreme for the nine-step grand perfection of the ancient powers, and wants to **** the eight-color flame of the Lord. The outbreak of the war, in the end, was smothered by the Lord of the Lord with the means of the bottom, simply... the death is not enough!"

"Hey!" said

In the words, Ye Xuan suddenly waved his hand, and immediately there was a splendid volcanic spurt out, to the virtual air on the side of the magic dragon, turned into a sacred flesh and blood medicine, blue, red and blue. It is indeed a three-color **** medicine.

Moreover, the three-color magical medicine of the awning Wanzhang is known to have been refining at first glance. This point, let alone the ancient power, is the general immortal, and can be easily seen. This

It is also the original refining of Ye Xuan, the three-color magical medicine that was played in front of the five people in Du Dezhong, and now it has come in handy again...

At this moment, I heard his words, and in addition, this awning is clearly the three-color **** medicine that was just refining not long ago. The two initial powers of Hongyang Star Field have already believed in Ye Xuan's words. inverted

Under a sigh of cold, the two men changed slightly and immediately whispered...

"Sure enough, it is a three-color magical medicine... the breath is so fresh, it is indeed just refining!"

"Three color magic medicine, although there are some gaps with the legendary nine-color magic medicine, but after all, it is also a flesh-and-blood medicine, and in the top of the Galaxy on the right bank, even in the super-strong star field, all parties can The best quality flesh and blood medicine that Supreme has refined is only the amethyst treasure medicine. Compared with it, the tri-color **** medicine is much more precious than it is..."

"call out!"

Not waiting for the two people to fall, Ye Xuan has waved again, a weak eight-color mans, shot from his eyebrows, the wind will rise, and instantly become a bonfire of eight hundred squares, hanging In the void of the side. Two

The eyes of the early great eyes from the Hongyang Star Field were straight, and the air was again chilled, and the whisper continued...

"Eight-color fire? Daoyou really owns this thing..."

Hey, you can refine the magical medicine, you need at least six colors of fire and more than the fusion of flames, it is no wonder that the Taoist friends can refine the three-color magical medicine, this eight-color fire is the greatest guarantee."

"It seems that the five people in Du Dezhong, who are sitting in the Xiafei Star Field, are really blinded by the interests. They want to force the eight-color fire of the Taoist friends, and they will fall to the end of the present, and they will not be embarrassed..."

During the speech, the faces of the two men are full of sighs, and the eight colors of fire in front of them are even tempted. If they are not as strong as the other, and there are five people in Du Dezhong who are sitting in the Xiafei Star Field, they will learn from the past. I am afraid that most of them will be confused...

"Daoyou, I have misunderstood you before, and I am really sincere, I also hope that my friends will not care!"

It's really a rumor outside, so I...has been misled by those false rumors! "

After some emotions, the two survivors of Hongyang Star Field showed their sorrowful colors on their faces, and they held a fist to Ye Xuan.

Then, I switched to a look, and the black robe was great. When I waved my hand, I would rush to Ye Xuan. If there is no accident, it should be the four survivors in the Hongyang Star Field. The magical method and experience of mastering the master's hands!

Chapter 4639: Must be the name of the Taoist friend

"call out!"

With the black robe able to wave, a glare came.

Seeing this scene, Ye Xuan sighed with a sigh of relief, but his face did not show up. He still had a faint smile, and the light cloud was light, as if it was not very general.

However, this masculine rush came from the front, but he was picked up by the first time, and the knowledge was extended. It was confirmed that there was no problem. Then he raised his hand and took a look at his eyebrows. Disappear.....

"The two Taoist friends, the previous commitment must be fulfilled. This is mainly a small and careful study to see if the secret of this refining drug is helpful. After the completion, the two Taoists will refine the magical medicine. Please wait.""

At the same time, please also ask the two friends, the ferocious flesh and blood materials needed to refine the magical medicine, as well as the various top-level natural treasures as auxiliary materials... Let's prepare for it first. "Say

In the words, Ye Xuan bowed to the two fists, smiled and said hello, then turned and walked to the demon dragon behind him. corpse

The seven major cults such as the ancestral dynasty did not stay, and all went with them. "

brush! ”

After entering the vestibule of the Dragon Dragon's driving, with Ye Xuan's meditation, the original misty curtains will fall in an instant.

In this way, everything in the vestibule of the imperial court will not be visible from the outside, and it will be impossible to have a result if the ancient sage is explored by the gods, unless the field power of the dragon dragon is smashed. magic

The dragon safari is an ancient treasure, and the luxury is incomparable. At the same time, it is more focused on its defense ability. although

It is said that it can't be compared with Shennong Ding, but even if the general wilderness is coming, it will be impossible to break open in a short time. positive

Because of this, Ye Xuan, who was willing to pay for it, was not worried at all. After the fog curtain fell, he sat down in the front court. With

After that, Ye Xuan ordered the body's engulfment system to fully launch the system's ability to derive and calculate, and then with its own seven-order power of horror, the secret medicine of the refining medicine that has just been reached, and the similar secrets that have been mastered before. , expand integration optimization.

Time passed slowly, and in a blink of an eye, ten days passed. first

All the pre-chemical refining secrets have been completely integrated. This time, it is only a mere way to integrate the secrets of the four survivors of the Hongyang Star Field provided by the black robe.

So the speed is very fast, but even so, it takes a full ten days, after all, it requires a lot of derivation and calculation work...

Although it has been delayed for ten days, but fortunately, it is not all without gains. Ye Xuan's secret method of refining medicine has taken a small step to the perfection. According to his deduction, he will go to the last remaining people's domain. Can completely complete it..."

哗啦啦....." Wan

If the abnormal sound of the splash is coming, the magic dragon hanging in the void can lift the vestibule curtain and slowly rise. This

Once, the seven sacred repairs such as the corpse of the corpse did not follow, but stayed in the magic dragon, only Ye Xuan walked out slowly, his face still smirked..."

call out....."

"The two friends, fortunately, don't insult, there are some gains, but I am afraid that there is still a little distance from the refining of the nine-color **** medicine. I have to go back to other survivors..."

Walking out of the vestibule of the imperial court, Ye Xuan's speech has already waved a sacred sacred flame, turning into a giant of a million feet, a fireworks daring condensed by eight-color fire.

This is clearly to fulfill the previous promise, the rhythm of refining the magical medicine on the spot. in

The Dragon Dragon has been waiting for the power of two remnants of the past ten days. The whole heart has already mentioned the eyes of the blind man. It is awkward. Now that I saw this scene, I finally fell back and my face burst into a smile. "

Oh..."

Soon, two awns accompanied by a broken sound, rushing toward Ye Xuan, this is the two treasures of storage, which are filled with the flesh and blood materials prepared by the two survivors. A kind of top treasure medicine. versus

At the same time, the two men clearly revealed the words of excitement, and at the same time came..."

The friend of the road has worked hard, this is the material I am waiting for..."

"Daoyou really is a promise, and the external rumors are too overdone. After this incident, I will definitely send the news out, and I must be the name of the Taoist friend..."

"So, thank you!"

Ye Xuan nodded, smiled a little, did not say anything, turned to look at the eight-color flame trip in the air. "

call out! "

"Hey..."

Almost at the next moment, as he was in the middle of the two treasures of the two treasures of the Hongyang Star Field, there were a large number of beasts and treasures that were taken out. This is exactly the same. The main material of the nine-color **** medicine.

But at the same time, there are a large number of top-quality treasures, which are numerous and numerous.

Even the spring water used for refining medicines, both of them are prepared... Of course, these raw materials, whether they are fierce beasts or spirit springs, are not as advanced as Ye Xuan's hands. inverted

There is no difference in the treasures of all kinds of top treasures. After all, this is what was taken out of the hands of the ancients. Do not

However, although the refining materials are generally quite different from those prepared by Ye Xuan when he refining himself, this time he refining the **** medicine, only the Shennong eight-color flame, not the nine-color flame.

However, with the secret of refining medicine that Ye Xuan now controls, under this condition, Jiu Cai Shen Medicine can't be refining, but Sancai and Si Cai are still completely ok. "

boom! ""

Rumble..."

"Hey!" Very

Fast, the rumbling rumbling came, the whole body of the energy form of the Shennong eight-color flame condensed.

Then, with the sound of a broken air, all the materials originally suspended in the void on one side were automatically flew into the furnace, and the eyes melted and mixed together. under

For a moment, Ye Xuan's hands fluttered like a butterfly, and the different colors and shapes of the crepe patterns fell from the sky in his hands, and directly entered the colorful shape of the energy form. its

The situation is overwhelming, dense, and the number is horrible. The speed is even more daunting. The two survivors in the sky are so powerful that they look silly at first...

Between the slow lapse, this time, Ye Xuan deliberately slowed down the speed, while refining the medicine, while feeling and recalling the secrets of the refining medicine that he had learned in the previous two days, he was quite unknowingly.

This time, it took only one day, this furnace's top flesh and blood medicine, it was completely refined, and with the success of the great medicine, there will be numerous Xiangrui visions in the air, and the void in the space of the cabin is high. Presented at the place.

"Hey!"

"expensive....."

boom! "

Almost the next moment, the loud roar of the bell rang, and the colorful furnace in the front of the void burst into an infinite treasure...

The virtual shadows of a true dragon and a phoenix all rushed out from Ding, and the neck screamed and cleared.

Then, the whole furnace Ding will be turned into a little bit of colorful flames in an instant, and will be put away by Ye Xuan, sent to Shennong Ding, and will be absorbed into the body...

Chapter 4640: last stop

"Hey..."

With the disappearance of the colorful flame furnace, the front of the virtual sky in the line of sight, there is only a large can of rich and colorful color of flesh and blood medicine, exudes a strong energy.

The size of this canopy is like a giant peak. It is huge and huge, and it has a huge scale of 100,000 feet. Although it is far worse than Ye Xuan's own refining, it is only about one tenth, but after all, it is four colors. The magical medicine, for any powerful person, can definitely be considered a treasure! complete

In fact, the numerous foreclosed forbidden land and the strongest star field on the right bank of the entire Galaxy, the best flesh and blood medicine that has been refined before, is only the extent of Amethyst treasure, and even did not enter the level of the **** medicine. can

It is said that there are four colorful people in the Hongyang Star Field, and the four survivors in the Hongyang Star Field are capable of improving the two small steps.

If Ye Xuan, naturally it is not eye-catching, but for other beasts and survivors, it is tantamount to a great creation. put

In normal times, the existence of a powerful environment needs to improve the first-order cultivation, which does not require a long accumulation of thousands of years? Now with the help of this awning four-color **** medicine, within two years can be two levels of Jin, the gap... can be imagined!

At this moment, with Ye Xuan's eight-color flame tripod removed, the four-color magical medicine with a tentacles of 100,000 square feet is directly exposed in the void, revealing an incomparably rich energy atmosphere, blooming Wanzhang Baomang, Longteng Fengming... ..Look

The two survivors of this scene were powerful, and they instantly widened their eyes and took a sigh of coolness. Even the body shape shook slightly, and the mouth whispered, revealing the incomparable meaning...

"Four color **** medicine! Actually it is a four-color **** medicine..."

Daoyou's refining and pharmacy has been improved a little. Previously, it was only able to refine the three-color magical medicine. Now it has produced a four-color magical medicine. It seems that I am waiting for the secret medicine of refining medicine, but it still has a little credit, otherwise... There is something wrong with it. ""

Hey... Daoyou, this canopy is too much, or if you take half of it, after all, I don't have to participate from beginning to end, it's all you have to do it..."

In the words, the two survivors turned their heads to Ye Xuan at the same time, and the faint sorrow could capture a touch of painful color...

Although they are polite in their mouths, it is absolutely impossible to say that they have no choice.

Ye Xuan is also speechless. These four-color **** medicines can't look at their eyes at all, and the amount is originally small. These two guys actually let themselves take half of them, but it is really not generous.

In general, this time the trip to Hongyang, Ye Xuan felt very happy, and successfully achieved the intended goal. eye

The other side is so on the road, he is naturally also generous.

In a light smile, he waved his hand and said directly: "The two friends are very polite. For the young master, the improvement of refining medicine is the biggest gain..."

This furnace is a four-color magical medicine. This young master has been fortunately not insulted. It has been successfully refining. This is the previous promise, and all the materials used in the refining are provided by two Taoist friends. Can you win someone's love? ""

No need to be polite, just accept it..." See

He is so, the two survivors are all able to glimpse together, this is a four-color **** medicine, and such a big glimpse, actually ... not a bit tempted?

This kind of thing, if it was before, they did not believe that they were killed. After all, the entire right bank of the Galaxy has had endless years, and no one has ever had a magical medicine. but

When I think about the secrets of the refining drugs and the eight-color flame that I have in my hands, the two will be relieved immediately. If there is such a thing, if people need it, after collecting the materials, they can open the furnace at any time.

Like them, don't look at this time, you have harvested a hundred thousand squares of scorpion scorpion, but after all, it is a one-off harvest, sit on the mountain, but use a little less in the future. One

With this in mind, the two did not hesitate, and after switching to a look, one of them immediately waved and divided the four-color sacred sacred sacred medicinal medicine into four.

The two took two of them, and after properly collecting them, they exchanged one more look, and their faces were swept away. They turned to Ye Xuan and took a punch.

"Dao You is a person who believes in righteousness, I am waiting for it!"

Now, think about the rumors about the outside world and your friends. It's just outrageous..."

"Daoyou rest assured that this matter is wrapped in both of us. When I turn back, I will spread the news immediately. It must be the name of the Taoist friend!"

Here, I would like to wish Daoyou already refining the legendary nine-color magical medicine. In addition, if the Taoist friends are embarrassed, I hope that I can come to my Hongyang Star Domain to be a guest, and I must meet the sweeping table..."

Say it well..."

Xuan nodded and waved his hand, even when he turned to the demon dragon behind him: "So, I would like to thank the two friends first. If it is empty in the future, it will definitely come again..."

Oh la la..."

After that, Ye Xuan had stepped into the vestibule of the imperial court, and the vestibule curtain formed by the mist was falling, and then, between his minds, nine black dragons screamed and the whole seat was instantly turned into a The black mans, going to the far speed, the blink of an eye has disappeared at the end of the sky, and it is not seen!

The two survivors of Hongyang Star Field are powerful, but they are indeed trustworthy people. Ye Xuan just left, they even spread the news.

In the glory of Hong Kong, the speed of the message is the existence of the ancient power level. I am afraid that I can't catch up with the full force, because there are all kinds of secrets and treasures to achieve this. can

It is said that soon after Ye Xuan left the Hongyang Star Field, everything that happened here was spread out at a hectic speed. complete

In fact, since the endless years of the right bank of the Milky Way, even the survivors of the ancient and noble places have shot, and the best flesh and blood medicines that have been refined are only the amethyst treasures. treasure

The medicine is one level worse than the medicine.

Nowadays, the four-color magical medicine suddenly appeared, although it is not the legendary nine-color magical medicine, it is enough to shock the eight parties. short

Within a few days, countless strong people on the right bank of the entire Galaxy have received news, not only the excitement and excitement of the survivors of a strong star. ratio

What they are even more excited about is the countless star-studded beasts in a strong forbidden place.

Because the four-color **** medicine, in addition to the ancient survivors, the starry beasts can swallow, and the effect is the same...

It can be said that in just a few days, Ye Xuan's identity as the mysterious left bank has become the most popular object on the right bank of the entire Galaxy. no

It is said that the starry beasts in the Xingqiang forbidden land, or the ancient survivors of the Supreme Stars, are all looking forward to seeing him come.

In particular, the abandonment of the ancient people in the Supreme Star field, after learning that the secrets of the medicines they have in their hands, can actually change the four magical medicines, one by one excited is almost crazy. in

In this case, after another five days, Ye Xuan, who was rushing in the void, finally arrived at the second top-ranking Xingqiang field with the power of the ancients...
