Chapter 464: Ghost gate

"Hey, the proficiency of the hidden dragon sword method has improved, and it is currently 40% hot!"

"Hey, the proficiency of the hidden dragon sword method is improved, and it is currently 50%!"

"Hey, the proficiency of the hidden dragon sword method is improved, and it is currently 60% hot!"

Ye Xuan and this mountain giant trembled for more than five minutes, and finally raised the hidden dragon sword method to 60%.

He is still only in a dilemma, so he can't raise the top-grade martial arts to 70%, and 60% is the highest.

Now, Ye Xuan has been able to cause no damage to this mountain giant.

This mountain python is a corpse, the blood in the body has already been dried, and Ye Xuan slashes at its right foot. After a while, the foot of the mountain python is cut off, and then the huge body slams down. Suddenly a bunch of cockroaches and dead bodies.

Taking advantage of this opportunity, Ye Xuan jumped directly to the body of the giant mountain, and then rushed to the neck, attacking wildly.

After a while, the head of the mountain giant was smashed by Ye Xuan.

"Hey, the host has broken through to the ninth order!"

Although the body of this grand prince did not have the sacred beast, it also allowed Ye Xuan to break through to the ninth order.

Now, Ye Xuan is only two steps away from the fine world.

"If you are a sinister or a sinister, I am afraid it will be tricky, but it is not a threat to me..."

Ye Xuan shook his head and began to smash the surrounding bones.

Since there is a sacred corpse body here, there should be a second one, Ye Xuan all the way to find the entrance to the fifth floor, while seeing if there is a mountain python.

He searched along the stone wall and found out that he was the second mountain giant. However, this mountain giant was fighting with a horse.

"Well?"

Ye Xuan looked far away and found a lot of translucent flying spirits in the air. These grievances ignored the spurs in the air and attacked the cockroaches around them.

Wraith is a very strange thing, the sword is hard to hurt, so these crickets have no threat to them. However, when the grievances attack, the nails will condense into solids, so it is difficult to get entangled.

From Ye Xuan's entry into the ghost tomb, this is the first time I have seen the Wraith, so he estimates that this team should be a ghost gate.

"Although the poisonous Wangzong has nothing to do with me, but I can once again swallow a swallowing beast, the strength is skyrocketing, and this has a great relationship with Xiaoyan. Since I have seen it, then I will help you to report it!"

Ye Xuan's flash of light flashed and killed the Eight Wild Swords directly.

The Ghost Gate has come twenty people this time, at least the nine-step scorpion, and five of them are ten-order.

As for the old man who led the team, it is naturally the door of the sinister door.

At this time, he was holding one of the giants in the mountains, and the other people in the Yinmen Gate were surrounded by a circle to defend the surrounding army.

"Ok?"

In the air, while defending against the flying spurs, while attacking the sinister doorman of the mountain giant, he suddenly felt what he felt. He turned his head and saw Ye Xuan quickly smashed it.

But he didn't pay much attention to it. After all, Ye Xuan was only a slap in the air.

However, in the following scene, he was unexpected. After Ye Xuan's death, the elders under his door actually began to die one by one. The grievances that were controlled were also out of control and counterattacked.

"How can this be?"

The sinister door smashed his eyes and looked at it incredibly.

He can bring all the elites, but these elites are actually slaughtered by a nine-step slaughter. He doubts that he is dreaming.

"Well? Breakthrough?"

The main shape of the sinister door was once again trembled. He saw that Ye Xuan's dragon was rapidly rising, and in the blink of an eye it was raised to 2,900 dragons.

Xenon tenth order!

The main face of the sinister door sank, and suddenly turned around and headed toward Ye Xuan.

"Golden Taiwan destroys the palms!"

The sinister doorkeeper relies on his own instinct to call the surrounding world and condense it on the palm of his hand, and then suddenly blasts out.

Ye Xuan, who is slaughtering the elders of the Yin Guimen, turned his head and saw a huge golden palm print facing him.

"Nima, is this the palm of your hand?"

Ye Xuan suddenly had a huge sense of oppression and hurriedly displayed the Beastmaster violent. The speed of nearly five thousand dragons allowed him to avoid this huge palm attack in an instant.

"Wasting me once, the Beastmaster is violent, seeing that I don't kill you!"

Ye Xuan was furious and quickly solved the remaining vulture door elders and then killed them.

"Fast speed, not powerful!"

Being able to become the lord of the middle territory, the sinister doorkeeper is not a leisurely generation. After seeing the strength of Ye Xuan, he immediately turned around and fled.

Although the speed of these bone spurs in the air is fast and the number is large, it can't help but he is a master of the fine world who has already opened two veins.

"Want to go?"

Ye Xuan did not fly, but like a sharp blade, breaking the wave of smashing, chasing the door of the ghost gate.

"Hidden Dragon Sword Method, Hidden Dragon Spurs!"

A cold mangling flashed, and in the blink of an eye was the sinister's shoulder.

"what?"

The ghost gatekeeper was shocked.

This time, if Ye Xuan estimated the mistake, his head would have to be shot through.

"call out!"

Another cold plunder came, and the sinister doorkeeper was forced to blast a punch, but unexpectedly, it was broken by this cold mang.

"puff!"

Han Mang did not enter his palm, directly penetrated his entire arm and shot from the back.

His arm was abolished in a short time.

If only the arm was shot through, it was good, but his bones were also pierced. His arm was already soft and he was unable to fall outside the thigh.

"You **** it!"

The Lord of the Ghost Gate was furious and went back.

"Good to come!"

Ye Xuan said a big sentence, if the sinister doorkeeper is killed, it is possible to break through to the fine world.

war!

At that time, the two of them were fighting, and they simply ignored the army around them.

It is already the power of destroying the earth and destroying the land. The surrounding army has been cleared out dozens of meters.

This is the first time Ye Xuan has played against the master of Jingjing. Fortunately, he has been prepared to use the Beastmaster violently. Otherwise, with his speed, I am afraid I can't keep up with this sinister doorkeeper.

However, after using the Beastmaster violent, this sinister doorkeeper, can not help him.

"Hey, the top grade martial arts of the top grade is estimated to be at least 50%. If so, then you will die!"

Ye Xuan kills the machine.

At this time, Canglong Step has been temporarily broken by him to 60% of the fire, his speed has skyrocketed again.

"This man is so strong, where did he come out, not only killing all the elders of my Yinmen, but even I can't escape..."

The sinister doorkeeper has been desperate, and his attack has all been escaped by Ye Xuan, which means he can't kill Ye Xuan.
