### Chapter 4641: Chaos drug

Here, it is the top-most strongest star field from Hongyang Star! Place

Therefore, when the two lucky bereaved people of Hongyang Star Field were able to spread the news, the entire Qihongxing domain was completely sensational...

The two survivors of Hongyang Xingyu were powerful, not only with their own secrets of refining medicine, but also from the mysterious left bank, in exchange for the opportunity to refine a colorful medicine.

He also revealed that the left bank is fascinated by the refining of medicine, and he wants to refine the legendary nine-color magical medicine. After leaving the Hongyang Star Field, he will continue to visit other top-ranking strong stars with the power of the survivors. Continue to improve the secrets of refining drugs in your hands...

Yu Yuhong, this is definitely a thrilling news, because they are the closest top Xeon domain to Hongyang. Place

Therefore, if the mysterious left bank is coming in this direction, then his next goal must be the starry field.

This is definitely a good thing to lose the pie in the sky. Maybe after the left bank's secret of refining medicine is perfected again, it is possible to refine the colorful medicines this time...

In short, the opportunity must not be missed, otherwise regrets for life, and perhaps no chance to get the legendary flesh and blood medicine in the future! meaning

Knowing this, the four survivors who lived in the starry field of Xinghong were able to rush to the forbidden land in the first time, waiting in the void, looking forward to seeing and wearing...

Long-awaited, they waited for six days, and the empty dark universe in front of the sky finally saw a faint black man, spurting toward this side at a heinous speed.

After a short period of time, the black mans are stopped in the void outside the 10,000 miles ahead. It is a luxury, and there are nine black dragons pulling the car.

"哗啦啦....."鸾

The misty curtain of the vestibule was slowly raised, and a young man with a red lips and white teeth, but his attitude was indifferent, and his mouth was full of enthusiasm. He showed his hands and walked out.皓

The four remnants of the Hongxing domain were so excited that their physiques were shaking. One of them immediately stepped forward and held a fist and bent down slightly. "Daoyou, waiting for a long time, here... I am waiting for four." People have been studying the secrets of refining drugs for many years, and hope to help the friends!"

Oh..."

As soon as the sound fell, a small mang, he waved his hand and spurred toward Ye Xuan in front of him...

.....

Ten days later, Ye Xuan left a colorful potion of 100,000 square feet. In the thousands of gratitudes of the four survivors of the Hongxing Star, they drifted away.

After walking away, he stepped out of the magic dragon, waved it and put it away, and then directly activated the interstellar coordinate jumping ability attached to the internal system.

As for the locked jump coordinates, it is the source nest star that is bred with his strongest power.

"call out....."

Under the glimpse of the glory, Ye Xuan arrived at the destination, and the first time he rushed to the distant abandoned sky in the sky, the giant abandoned star used for retreat... first

Before the Yuhong Star Field, his secret recipe for refining medicine finally became perfect. This time, he rushed back to this temporary retreat, just to refine a big flesh and blood medicine, how to try it! "

Rumble! ""

Oh..."

After entering the star of the abandoned star, Ye Xuan waved to sacrifice the Shennong Baoding...

Then, as he was in the middle of the battle, the sealed ruins of the bottom of the volcano in the central area of the Dingnei space, 108 treasures of the ancient treasures were taken out. This

The treasures of some ancient creatures are the main materials that he used to smelt large drugs, but at the same time, there are a large number of top treasures, which are numerous and numerous.

Nowadays, Ye Xuan's secret recipe for refining medicine has become perfect. Under the influence of the power of Shennong's nine-color flame, it is no longer a problem to refine the flesh and blood of medicines that are more effective than Jiu Cai's medicine.

Therefore, this time, the ruins of the treasures of the ancient and ancient spirits that he took out were not weak, one hundred and eight, at least all of them were the Supreme of the Universe, and there were even eighteen, which was the beastly treasure of the ancient power level.

In the same way, the spring water used for refining medicine is also the same luxury this time. It is replaced by a mixture of congenital yin and cold spirits and a lottery lotion! "

boom! ""

Rumble..."

"call out!"

When everything is ready, with the sound of a broken air, all the materials originally suspended in the void on one side will automatically fly into the furnace. blink

It is easy to melt and mix together under the furnace temperature of the nine-color flame.

"call out!""

Oh..."

After taking a deep breath, Ye Xuan's hands flutter like a butterfly.

The colors of the roads are different, and the crepe patterns of different shapes are falling from the rain in his hands. They directly enter the Shennong Baoding, which is overwhelming and dense, and the number is so horrible!

Time is slowly passing...

This time, because it is a refining system that uses the perfect method of refining the medicine, and the materials used in this time are more precious, Ye Xuanxian is extremely serious. special

The intention is to slow down the speed, while refining the medicine, while feeling and recalling the secrets of the refining medicine that were learned in the previous two days... After ten days, the top flesh and blood medicine of this furnace is completely refined.

"Hey!"

With the eyes open, Xuanyuan opened his eyes and Shennong Baoding, which was suspended in the void inside the star's nucleus, suddenly trembled and made a low humming sound...

This flesh and blood medicine has finally been successfully cultivated! Are

Between the engravings, there are countless dragons and sorrows on the top of Baoding. "

Hey! ""

expensive....."

"boom!"

With the huge roaring sound, Shennong Baoding in the emptiness of the sky bursts into infinite treasure, and the virtual shadows of Zhenlong Zhenfeng are all rushed out from Ding, and the neck is roaring and clear, which can be described as meteorological. "

Start..."

call out! "

Under the flash of the cold mang, Ye Xuan screamed, almost in the next moment, a gray mang, rushing out from Shennong Baoding, bursting out the endless chaos of the mans, the energy of the atmosphere is strong, even the leaves Xuan Du immediately gave birth to a feeling that I dare not look at it...

After taking a deep breath and forcing the excitement of his heart, Ye Xuan fixed his eyes and looked at it. Vision

In front of the line, the sky is high, and a large can of flesh and blood is floating silently. When it was rushed out of Shennong Baoding, it also exudes a strong energy atmosphere, but now, Baoguang is restrained and looks like The ash is not only unremarkable, but it has not felt any energy. This

It is clear that this is the return to the truth. Only by this point, Ye Xuan's refining of this big flesh and blood medicine, its efficacy, must be above the nine-color magic, this is what it should be. very

As for the size of this canopy, it is also like a giant peak. The huge gray flesh and blood medicine is very likely to have surpassed the scope of the magical medicine and reached a higher level. it

It is neither amethyst treasure medicine nor the legendary nine-color magical medicine, but it has never appeared in the ancient flood era... Chaos medicine!

Chapter 4642: Long-lost two breaks

"Chaotic medicine? A strong energy atmosphere..."

Looking at the front of the awning is like a giant gray medicine, Ye Xuan

Even in the Hongmeng area, which is on the banks of the Milky Way, the strong forbidden land and the Xingqiang star field, Jiu Cai Shen Yao has long become an ancient legend.

Nowadays, he actually made a chaotic medicine that is one level higher than the \*\*\*\* medicine. If all this is spread out, I am afraid that no one will believe it...

After a long time, he calmed down his excitement and took a deep breath. He directly took the chaotic medicine, which is like a giant peak, into the immortal world.

His body shape also directly enters the Dingnai space from the Shennong Dingding Department, which is full of fog.

He wants to retreat, try the effect of this chaotic medicine, and break through again...

"Hey..."

At this time, his figure was sitting on the knees of the central volcano in the Dingnai space. One

During the wave, a lot of faint sounds broke through the air, and in a moment there was a rush of glare, hanging in front of him. all

They are the cultivation resources that Ye Xuan took out from the immortal world to develop this breakthrough, including the evil source liquid, and the nine-color \*\*\*\* medicine.

Of course, the most important thing is the chaotic medicine of two thousand squares! quasi-

When ready, Ye Xuan mobilized Shennong Ding's domain field power in the first time, and compressed all the cultivation resources to only the size of the baby boxing.

Then, with a wave of his hand, he swallowed it into the abdomen and quickly opened it.

"Oh la la..."

Almost at the next moment, when it was compressed into the entrance of the energy ball of the size of the baby fist, Ye Xuan immediately heard the sound of the chain squeaking. Let

What surprised him was that this time, there were two human chains in his body! This

The appearance of the two chains represents Ye Xuan. If this retreat is successful, he will once again greet the two consecutive breaks... It has been a long time, and I did not expect to encounter such a good thing in the late stage of the big power.

This is because of the first time to swallow a chaotic drug.

On the other hand, it is also because of his previous breakthroughs that he has already fully integrated into the soul and the flesh, and the opportunity to break through again has already arrived.

Soon, all the resources in the previous swallowing entrance melted instantly, and there was a huge energy in the body of his body. Under the ambition, Ye Xuan urged the energy that was just formed in the body. Continue to run in the next few days of the week! This

Once, perhaps because of the two consecutive breaks, the pain in the body is particularly strong when the river hangs in the meridians, but Ye Xuan has long been used to it.

However, it is limited to this. In addition, this breakthrough has no obstacles. It took only about seven days, and the energy formed by Ye Xuan's body has been completely refining. when

This hanging energy Dajiang disappeared completely in the operation of Zhou Zhou again and again, after being integrated into Ye Xuan's soul and body, then he was only a shock, and the shackles that appeared this time were already broken. period

The system sounds to be heard were also quickly heard in Ye Xuan's mind, and they sounded one after another...

"Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the universe is the eighth order!"

"Hey, congratulations to the host, the breakthrough of the flesh and blood! The current realm: the universe is the eighth order!"

Respect the eighth order! This

Two breaks at a time, making Ye Xuan a perfect completion of the ninth order of the universe, leaving only one step difference! first

Before, the cultivation of Ye Xuan's deity is the sixth order of the universe. After activating the blood of the ancient konjac in the body, he can climb to the seventh level of the supreme.

And if you use the konjac to change the magical powers and reach the ninth change, the combat power will immediately rise to the seventh level of the ancient power. can

In fact, if you count the temperament of the flesh and the blood to repair the first-order bonus of strength, its real combat power is more than the eighth-order power. but

Now, with his successful breakthrough this time, Ye Xuan will activate the body's konjac bloodline, and will soon have the perfection of the universe's supreme ninth order. again

Casting the magical power of the konjac, and directly entering the ninth change, its peak power will be able to reach the ruins of the ruins of the ancient ruins of the ancient times... that is, the half step supreme! This

It is not the universe to the supreme, but the ancient and supreme! If

It is a huge body of 60 million miles, and the first-order bonus to the real power of the horrible power.

Nowadays, the strongest force he can show, even if it is because of crossing the big realm, can't be compared with the real ancient supreme, but the difference is absolutely limited. can

It is said that under the sage of the ancients, today's Ye Xuan is definitely invincible.

In addition, he also has the secret of blood and sea. Once he mobilizes his avatar power, he will condense three blood and sea avatars in an instant, all of which have almost the same level of horror.

In the case of three wars, if you use the sacred power of the sacred bow, you will encounter the real first-order supreme, and you can also kill it. and

And the probability is still very large, more than 60%! "

Only a first-order breakthrough is the perfection of the ninth order of the universe. By then, you can swallow a twenty-eight-level powerful Baodan, let your true cultivation be the realm, and formally step into the realm of power..." eye

In the middle of the fine flashing, Ye Xuan whispered, in the chest, there will be an unprecedented enthusiasm in an instant, stirring out: "If one comes, in the ninth change 60 million miles in the state of the huge body, my peak strength , will reach the second level of the ancient sage!"

And not alone, under the avatar power of the blood sea secret law, I will have three blood powers that are second-order supreme. ”

“Even if you encounter the powerful existence of the third-order of the Supreme Age, you can be fearless and able to swear...”

"This is clearly the invincible rhythm of the mid-term supreme, but only need to have a small breakthrough, you can achieve it..."

At this point, Ye Xuan no longer speaks, subconsciously clenching his fists...

"Hey..."

Head, you broke through..."

Just at this time, in the right direction of the Dingnai space, an exaggerated long squeaking sound, followed by two figures spurt. leaf

Xuan turned to look forward to seeing the elephant fox and the Yingtai, and heading shoulder to the direction of the volcano in his central area. short

I haven't seen it for a short time. Like the fox, I finally got into the emperor's realm from the imperial ninth order of the emperor. Now it is the first step of the emperor. and

Yingtai, which has been staying in Shennong Ding for a long time in the recent period, has been quite well-received. It is now the middle of the imperial family.

I will soon be able to enter the realm of the emperor, just like the fox python.

"Hey, I've just had a particularly good smell here..."

The guy really didn't care about the blood of the treasure hunt in the body. Just approaching the front, like a fox, he picked up his nose and sniffed around: "Good smell, smell it all Shutai, head, you can't be too stingy..."

Chapter 4643: Go back to the base camp

Like the fox python, it has been a few great achievements in the past. Now he uses his rat nose that is better than the dog to smell the taste of chaotic medicine. If it is not comforting, it will not work.

Moreover, the higher the strength of this guy is, the more useful for Ye Xuan in the future. Therefore, in the supply of cultivation resources and improvement of his cultivation, Ye Xuan actually has no embarrassing thoughts.

Including the British and Taiwan is also the same, since she is not a celestial family, then it is not the enemy of Ye Xuan, but the mechanical family is now also a lot of doubts, because the patriarch of the mechanical family, Emperor II, is also created by the pioneer of the Terran Technology.

Now that Xingbo is not dead, and there is obviously a terrible plot, in this regard, Ye Xuan has to be wary. but

He believes that even if there is a problem with Emperor II, there will be no problem in the Yingtai area. At most, she is just a chess piece in the name of protection.

But later, with Ye Xuan leaving the three major star planes of the world, he came to the void of Hongmeng. For Emperor II, the inserted chess piece of Yingtai has basically lost its role and significance. anti-

However, for Ye Xuan, the value of Yingtai is now slowly reflected.

Because it was because she gave birth to the induction, she let Ye Xuan see the star blog in the forbidden mosquito. Now that Xingbo has entered the Galaxy Star Field, the Tianji and the mechanical family are still outside.

Now that the end of the flood is about to come, no matter whether it is a celestial or a mechanical family, it will surely find ways to enter the emptiness of Hongmeng. For this, Ye Xuan is very sure that the two guys, Emperor Yi and Emperor II, are not as simple as the world imagined. Both

However, Xingbo is in the void of Hongmeng, and Emperor Yi and Emperor II are created by him. Then, the Tianji and the mechanical family cannot possibly receive a half-step message. Sooner or later, they will enter Hongkong's void. Such as

Therefore, for Ye Xuan, Yingtai has become a weapon for him to find the Tianji and the mechanical family. As long as it is close to a certain distance, Yingtai must have some sense. By then, Ye Xuan will win a certain The first opportunity, follow-up, no matter what action, is significant...

Therefore, the repair of the British and Taiwanese strengths must also be upgraded quickly. Nowadays, only the emperor is immortal, and it is still too weak. test

With this in mind, Ye Xuan even took out four thousand squares of chaotic medicine from the immortal world, and divided them into equal parts, which were handed over to Xianghu and Yingtai. also

They sneaked a few words to them, and they must be diligent and quickly upgrade their strengths. Then they sneaked into the sky above the sky of Ding, and disappeared.

.....

"Hey!" micro

The weak sound of the air broke out, and Ye Xuan's figure rushed out from the Shennong Ding Ding mouth with a colorful mist. Under the wave, Shennong Ding was taken into the body by him, and his figure rushed out of the retreat. A star of a giant abandoned star. To

After the vast void outside, Ye Xuan waved again, this time he was sacrificed by the dragon. "

Oh la la..."

During the meditation, the smog curtains of the vestibules slowly rise, and the seven savvy figures such as the ancestors of the ancestors emerged from them.

"咻咻咻..." leaves

Xuan said nothing, directly waved, and immediately there was a light spurt of seven canopies rushing out of his body, hanging in front of the void, it is a chaotic drug. Seven

The awning group, each awning has a radius of ten thousand yuan. After all, the seven sacred repairs have now been restored to the universe's supreme ninth order, and further, it is the ancient power, the cultivation resources needed, far from the elephant The fox and the Yingtai are comparable. this

Engraved, seeing Ye Xuan waved the seven-chamber chaotic medicine, the seven hoes such as the corpse of the ancestors were first smashed, and then the face changed greatly, and they sighed with a sigh of relief, and they exclaimed...

"There is a strong energy atmosphere. What kind of medicine is this? It is actually more than a colorful medicine, and it is not a little bit..."

"The ash is ugly, it looks unremarkable. If you don't explore it carefully, you can't even feel the breath of energy. This... This is similar to the legendary Chaos drug!"

hiss! Chaos medicine? Master, what is your big luck? From which ancient ruins or former caves, I found this kind of anti-sky thing? "

"You are also stupid. In front of these chaotic drugs, the breath is fresh. It is clear that it was only recently refining. If there is no accident, this must be the master's handwriting..."

"Chaotic medicine! Even in the era of the past, it was a legendary thing, and the nine-color magical medicine in the world. I was a wild man, but I have never seen it before." "

"I didn't expect that in today's later generations, I saw so many chaotic drugs, and it was still the master's own refining. This is simply... unbelievable."

Congratulations to the master's refining and pharmacists, and with this chaotic medicinal medicine, this time, after slumbering, I will wake up again. I will wait for the strength of the seven sisters to be even further than the previous world, at least to the past. The peak of the situation..."

Yes, Master, this time we have come out of our time is not too short, can not delay, have to return to Baoluo space to continue to retreat, I believe that the next time you meet again, the seven sisters should have returned to the peak of past lives. The ancient world of the 9th-order greatness of the ancient times. ""

Even further, it is not entirely impossible to achieve the ancient and supreme realm that has not been reached in previous lives..."

"Master, take care!"

Oh..."most

After the last sentence, the seven gimmicks did not hesitate, and gave a gift to Ye Xuan Yingying. Then they waved in succession. The seven-chamber chaotic medicine hanging in the front of the sky was instantly turned into seven grays and rushed into them. in vivo. "

call out....."

Ye Xuan smiled and nodded. When he waved his hand, he wanted to smoke him from the body. When he stormed the storm, he instantly turned into a pink piazza with a hundred feet, and fluttered in the air.

The gimmicks did not delay too much, and once again gave Ye Xuan a gift, and then they set off, and then broke into Baolu, and disappeared.

"call out....."

Until the figure of the seven hoes disappeared, Ye Xuan waved his hand and would like to smoke into the body. His shoulders were more like a heavy load. He sighed and whispered: "Tossing for so long, this Will the seven gimmicks finally return to the realm of the last peak of the past?"

"I think when they end this retreat, when they wake up from the silence, the end of the flood...and it should come!"

Here, Ye Xuan suddenly thought of something, and the slap in the middle of the eye, subconsciously tightened the double fist: "The things that are urgent at hand have basically come to an end, and now the end of the flood will come, the star master Those who belong to the army should also come together..."

In the words, his figure was stunned and he rushed to the right side in an instant. Here, it is the direction of the void to the source nest base camp...

Chapter 4644: Real void

This time, Ye Xuan's destination is the most important place in the Hong Kong Void, except for the strongest power split and the devour of the two nested stars. Say

It is in the back of the base of his glory, it is no exaggeration.

Old pig fine, eight King Kong, flying scorpion, silver scorpion, and a sea of knives, Cang Qingyu, as well as Naboshan, Ba Gu, Li Mo, Zuo Fengtai and other demon army.

There is also a tens of millions of beasts, including the Longye Life Giants, all staying there...

The location, the distance from the most powerful source nest star that is bred by Ye Xuan, is only a distance of more than two billion miles. It is the source nest of Ye Xuan in the void of Hongmeng.

Calculating the time, Ye Xuan left here, and it has been more than ten years. ten

In the past few years, for the myriad of strong forbidden land on the banks of the glory of the glory of the glory and the starry beasts and the survivors of the Supreme Stars, there is nothing at all, not to

mention the strong existence above the Supreme Court. It is the immortality of Fenghuang and Fengdi. In the past ten years, at most, it has been a breakthrough of one or two orders, or even less. but

For the subordinates under Ye Xuan's subordinates, it is definitely more than that.

Whether it is the old pig essence or the eight King Kong and the tens of millions of beasts, the cultivation resources provided by Ye Xuan are at least purple gold medicine, repaired to a little stronger, even with him, using nine Color medicine.

We must know that in the top-level strong forbidden land in Hongmeng, even the absurd people of some powerful places, the resources used for cultivation on weekdays may not reach the level of Zijinbao. in

On the right bank of the entire Galaxy, you can refine the power of the survivors of Zijinbao, but there are only a few...

It can be seen that the subordinates under Ye Xuan's subordinates are extravagant in terms of the resources used in practice on weekdays. and also

For this reason, Ye Xuan left the Yuanchao Base Camp this time for only a short period of more than ten years. However, at this moment, he is still very much looking forward to the degree of entry into the strength of all the subordinates in the base camp. ten

In a few years, he himself has grown to the eighth order of the universe, and when he left, he was only the universe. He cultivated his strength and jumped into three realms. If there were no accidents, these subordinates of his majesty Judging from the extent of the rise in strength, some exist, I am afraid there are more than three big realms. complete

Actually, the more it goes to the back, the harder it is to break through, and the repairing power is weaker, the bigger the room for improvement, the more violent it is, the more amazing it is naturally..."

call out....."

With the faint sound of breaking the air, Ye Xuan's figure came to an abrupt end. The distance of more than two billion miles for him is nothing at all, and he has arrived in a short time. before

Beyond a million miles away, it is the source of the nest base camp. From the outside, everything is as old as there is no accident, let him sigh. God

As soon as the knowledge extended, Ye Xuan's face changed instantly, but it was not a problem, but was shocked.

The source of the nest in front of the stars is extremely large, but now, in addition to the surface of the soil and rock formations, the whole star is all metal. very

Obviously, in the past ten years, the Longye's life giant plug has already emptied the entire source of the nest stars. On the surface, this is still a source nest star, but in fact, it is the life of the dragon field. Giant plug, only the surface of the soil and rock formations as a cover.

This is absolutely amazing, because the dragon's life giant plug looks out from the outside, its size is so huge, then its internal space must be even more amazing.

You must know that the entire life of the giant plug, its internal space, can all use the space folding technology...

Today's Longye Life Fortress has grown into a real void, like a giant, compared with the original Tianji City base camp city, in terms of volume, it is not weak, even still After...

With such a vast space, even the two squadrons that Ye Xuan will suffocate the forbidden land and the banned blood of the phoenix are all enough to accommodate. to

Yu Long, the life attacker and defense power of the Dragon Field, the former Ye Xuan even has not paid much attention to it, because in the near future he will have the horrific power of the ancient Supreme level.

As long as the defensive ability of the Longye Life Giants is strong enough to protect his subordinates, it is enough to have a place to live. This

One point, obviously there is absolutely no problem. With Ye Xuan's understanding of the world's self-propagating population, he is extremely confident.

"Hey..."

"Who is peeping? Is it because your grandfather is not set up? Get out immediately... Hey!"

Just as Ye Xuan's heart sighed, from the source nest in front of the star, suddenly there was a shocking sound of long scorpion, clearly the sound of the old pig. "

Rumble..."

Then, a black mans spurt out from the land table of the source nest star, and the wind will rise. It will be a horrible \*\*\*\* pig with a body size of a hundred feet. It is the old pig.

However, in addition to the old pig essence, other base camps, including the devil strong, the beast army, but none of them appeared. When Ye Xuan explored the gods, he also saw some patrols from the star's surface. .

But nowadays, even they all crouched and hid in the giant life of the stars underground.

This is obviously to confuse the foreign enemies. People think that this seemingly abandoned star is only such a powerful starry porcupine. There is no other existence. Such as

This will eliminate the exposure of the source nest base camp!

And if there is no accident, this should be the idea of the old pig, let Ye Xuan nodded frequently, quite satisfied.

After a lapse of more than ten years, the strength of the old pigs has been upgraded from the original universe to the nine-order grand perfection of the universe.

It should have been more than this, but when Ye Xuan left, he only left him with a twenty-six-level master Bao Dan who broke through to the universe. that

There is no way to do it. At that time, Ye Xuan, the twenty-seventh-level Baodan, has not been refining.

However, although his own cultivation is only the strength of the nine-order grandeur of the universe, the old guy later apparently realized the transformation of the porcupines transformed by the konjac and the blood.

And it seems to have a good harvest, and now they have realized the sixth change. Place

In the sixth change state, his real combat power has soared seven small steps. On the surface, the old pig fine is now cultivated as a strength, and it has clearly reached the seventh order of the universe...

"call out!"

"Hey!"

To the roaring old pig blame from the source nest base camp, Ye Xuan did not have a nonsense. After a faint smile, a direct bomber, there are two weak volleys in a moment. positive

It is a twenty-seventh-level Baodan used to suddenly reach the universe, and a twenty-eight-level powerful Baodan used to break through the wilderness...

Chapter 4645: Return of the Lord

"call out!"

"call out!"

The sharp sound of the sound broke out, and the two Baodan turned into a mans, and they rushed at the extreme speed. In the blink of an eye, they came to the front of the old pig, and they stopped. "

hiss! "

"This is..." old

The shape of the pig essence stopped instantly, and a cold breath was taken. A pair of huge eyeballs almost slammed out, and suddenly exclaimed: "Bao Dan! This is the tyrannical brother's Baodan! One is the supreme Bao Dan, another breath... God, wouldn't it be a big bun?"

In the next moment, the two Baodans were instantly picked up by his hoof, and then they sneaked at Ye Xuan on this side and grinned. "The violent brother, it turned out to be you..."

"How come it becomes a person again? How good is the violent look? You become a human being, and my brother almost didn't recognize it..."

"puff....."

Ye Xuan originally smiled. When he heard this, his face turned black in an instant, and he almost spurted a blood on the spot. real

It's too irritating, this old guy really can't spit out ivory in the dog's mouth.

What is it that has become a person again? What is the name of the person who is changing, and almost no one can recognize it? Say

The star master does not seem to be human...

"Even a supreme Baodan and a great-powered Baodan can't stop your stinky mouth..."

When he licked his mouth, Ye Xuan took a lazy look at the old goods, even when he plunged to the source of the nest in front of him: "It seems that the next time, the wilderness of the ancient sacred treasures will be refining. No need to remember you anymore..."

"Hey! Abandoned treasures? Abandoned ancient times? Don't misunderstand..."

The eyes of the old pigs are red in an instant, and the body shape is reduced between the minds. In the void, the hoof is lifted, and the body shape of Ye Xuan is picked up by the fart, and he is straight to his body: "Da, don't be angry." The old man, my mouth is stinky, you don't know, this is born..."

Xuan rolled her eyes, although she did not say anything, but the look on her face eased a lot. "

This is right, we are good brothers..."Old

The pig Jing looked at the color and saw that he didn't seem to be really angry. When the front turned, he immediately asked him: "Oh, yes, when did the deserted Baodan open?"

"roll!"

Just gave you two, will you use it for a while? This is remembered..."

Xuan was furious and kicked him on the kick. He turned around and rushed to the source nest star..."

Oh..."

"I am not anxious about the old pig?"

The pig essence rolled over tens of thousands of laps in the void, and immediately stumbled after stabilizing the body shape. After following Ye Xuan's entry into the source nest base camp, he did not return, and went directly to his retreat: "The violent brother, Brother, I broke through, I have long

waited to enter the universe to the supremacy, and I will see you later... Don't forget the old man's ridiculous treasure!"

call out! "leaf

Xuan didn't pay attention to him, but he also raised his hand and threw out 10,000 cubic chaotic medicines, squatting on the back of the old pig's head, but let him rejoice and look up again: "This big medicine... than Jiu Cai Shen Yao is so good, thank you, Dad..."

Although the old pig essence is a little bit unconstrained, but the loyalty is still no problem, this point has been verified before, not to mention, he is the most powerful general of Ye Xuan, repaired as a strength and seven beautiful one Level, so, chaos medicine is absolutely indispensable to him, Ye Xuan still thinks that he will break through to the ancient powers as soon as possible, then he can sit on the side! very

Fast, the old pig fine screamed with excitement, while quickly moving away, the body shape disappeared, but at this time, Ye Xuan has also entered the inner space of the life giant plug. put

Looking at it, it is so vast that you can't see the end. At this moment, there are a lot of starry beasts rushing around, and each one is very excited. its

There are also a sea of knives, Cang Qingyu, as well as Neboshan, Ba Gu, Li Mo, Zuo Fengtai and other magical strongmen, as well as the figure of the eight King Kong, Feitianyu, and Yinluo, all of them are Extremely excited. complete

This time, Ye Xuan's departure time is really not short!

I haven't seen it for more than ten years. The eight King Kong, Feitianyu, the silver scorpion, and the returning sea, and so on, naturally made a lot of trouble with Ye Xuan. Look

Ye Xuan is also very pleased with their cultivation. fly

The scorpio and the silver scorpion are now immortal, and they are not far from the universe.

The Eight King Kong and the returning sea, the Cang Qingyu, and the heads of the Devils, such as Naibo Mountain, Ba Gu, Li Mo, Zuo Fengtai, are all immortal, and still in the late stage, not even from the emperor. Far.

The other 20,000 devils, without exception, are all immortal, and still late, I believe that soon after, the entire 20,000-magnish demon army will become immortal. One

The Devil's Legion, which consists of 20,000 members of the Emperor's Powerhouse, is thrilled by Ye Xuan's thinking.

All along, he has been arguing with the 20,000 squadrons of the sea and Cang Qingyu, as an elite ace team is cultivating, and now finally sees initial results. but

It's just that, but it's not enough. According to Ye Xuan's original expectations, the two thousand magicians must have the strength of the emperor's immortality, including some cosmic lords, the cosmic masters and even The leader and commander of the universe's supreme level, its combat power, will be strong and horrible! except

In addition, the starry beasts in the army of 10 million beasts are also amazing in their ability to enter the country. The Lord of the Universe has nine appearances, but it is the beginning, compared with the old pig.

As for the emperor's immortality, there are thousands of them. The rest are at least all ordinary and immortal. They are definitely an elite army of fierce beasts.

"call out!"

Oh..."

After the sigh of sigh, Ye Xuan immediately waved, and instantly took out a large number of amethyst treasure medicine, nine color magic medicine, and chaotic medicine.

These three different levels of flesh and blood medicines are obviously different in supply. The most advanced chaotic medicines can only be supplied to Ye Xuan's core confidants and cultivated to a higher level of strength. Times

The first-grade nine-color magic medicine and amethyst treasure medicine will be successively decreased. except

These, Ye Xuan also left a vast amount of other cultivation resources, as well as a part of the various levels of Baodan in his hands.

I handed it all over to the sea, and after he turned back to the old pig, he handed it over to the old pig, and after allocating it, Ye Xuan and the lower part of the coffin were chilling for a while, then left. Source nest stars. he

The next goal to go is the Xusheng forbidden land outside Hongkong and the void.

In Xu Xing, there is a fierce beast army and a remnant army. In their mouths, Ye Xuan is called the demon Lord, and he has always guarded the entrance of the Hongmeng void there. Such as

Today, Ye Xuan has been away there for nearly two decades. I don't know what the beast army and the remnant army in Xusheng's forbidden land are now. leaf

Xuan has come again nearly two decades later. For them, it is undoubtedly the return of the Lord!

Chapter 4646: On merits

"Hey!" micro

The weak sound of the air broke out, and Ye Xuan's figure was deep in the forbidden land of Xusheng, and the star-shaped vortex that led to the emptiness of Hongmeng's emptiness. In the blink of an eye, he left the emptiness of Hongmeng and came to the wilderness outside. Fragmented starry sky...

Around this star-shaped swirl, Ye Xuan branded a star-shaped coordinate jump point.

However, Hongkong's void and the starry sky of this ruined land do not belong to the same cosmic plane, so they cannot jump directly. Considering the difference between the two places, it may not be the same as the three major stars in the world. The adjacent cosmic plane, therefore, Ye Xuan even did not use the interplanetary coordinate jump across the plane level, but it was crossed from the body of Hongmeng.

Therefore, Rao is based on his current horror training. When he arrived at Xusheng forbidden, he left the source nest base camp for a long time.

At the beginning, when Ye Xuan left the Xusheng forbidden land, Zhao Dong, Qian Nan, Sun Xi and Li Bei had already broken through to the emperor's immortality. At that time, Xu Xu was forbidden, and there were four emperors and fifteen emperors. The level exists, among which four beasts are beasts and eleven are strong beneficiaries. This

It is already the size of the top star ban, and within the emptiness of trillions of miles, it is the only giant-level existence, and there will be no danger at all. If not, when Ye Xuan leaves, It will be so reassuring that it will last for nearly two decades.

After all, here is the entrance to Hongkong's void. The geographical position is still extremely important. In any case, you must grasp it in your own hands...

At this moment, with the arrival of Xu Sheng, the first time, Ye Xuan will refine the body in the first time.

Such as

Today, he is his own original form, but the magical power of the konjac has changed to the state of the ninth change. Therefore, at this moment, Ye Xuan, the body that has been dispersed in the body is a breath. Can be a nine-step great consummation. also

That is half a step! This

When the horror of the temperament was breathed out, the 甫弥弥,,,,,,,,,,,, 顷顷顷顷顷顷

"The star master is back, Zhao Dong, Qian Nan, Sun Xi, Li Bei... come see you immediately!"

For a moment, Ye Xuan's voice of the gods came out, and at the same time it also converges the body's repairs. After all, it's too strong. If you don't take back the body, I'm afraid that even Zhao Dong, who is not immortal, can't stand it. Can't move in the void..."

call out! ""

Oh..."

At this time, Ye Xuan was carrying his hands like this, standing in the void of the universe in the center of Xu Sheng's forbidden land. There was no smell in the body, but it was invisible.

Soon, a sharp burst of air came from the emptiness around the sky, and a spurt of the figure came. for

The first one is Zhao Dong, who has not seen for nearly 20 years. They have already stepped into the emperor's immortal ninth order, but they are limited by the fact that there is not a twenty-five-level lord Baodan, so they have not broken through. except

In addition to the four of them, there are also eight other immortals, four beasts, and four survivors. They are all in the early days of this, and it is apparent that they have broken through in the past two decades. The land of the emperor.

The rest are nearly fierce beasts and survivors of the royal family. After all, Ye Xuan left a lot of cultivation resources such as Amethyst and treasure medicine here. In less than 20 years, tens of millions of beasts Among the army and the remnant army, nearly 100 emperors have emerged, and it is not too much.

Of course, there are quite a few. to

The existence of Yufeng Wangjing is obviously more, but he is not qualified to come at all. He stays in the star of his own town and stands by and waits!

"Hey..."

Seeing the arrival of Zhao Dong, Ye Xuan immediately waved and sent four twenty-five-level Sayādaw Baodan, four twenty-six-level master Baodan, and four twenty-seventh-level Baodan...

All of them rushed away and stopped in front of Zhao Dong's four people. this

At the time, Ye Xuan's words began to sound again: "Since nearly 20 years of age, Xu Sheng's forbidden land has been led by four of you, and the development is not bad. These twelve treasures will allow you to break through to the universe. Supreme, this is a reward, accept it immediately..."

Other Fengdi and Fenghuang, as well as the beasts and survivors of the Fenghuang Emperor, have rewards, including various cultivation resources, and the strength has reached the ninth-order great consummation of the great realm, and can also apply for Baodan step by step..."

"Returning, Zhao Dong will hand over a list of applications, and at that time, he will distribute his own resources and resources..."

To his words, looking at the various levels of Bao Dan suspended in front of him, Zhao Dong and Qian Nan, and other beasts and the tops of the survivors, the look on his face was excited, and the chest was ups and downs. , shortness of breath, even more powerful in the middle of the battle!

Especially Zhao Dong, the feeling of the heart is more intense...he

They thought about the situation when Ye Xuan left Xusheng forbidden for nearly 20 years. that

At the time, the four of them had not yet broken through, but they entered the Fenghuang Jiujie Great Consummation. They have been in a short period of time, but they have always stayed in this realm and have not been able to break through.

It can be said that Zhao Tong's only wish and goal has always been that one day, he will be able to break through the realm of the emperor and become a true emperor, rather than the so-called half-step emperor.

However, the practice of the strong star is extremely difficult. The more it goes to the back, the more difficult it is to break through the bottleneck of the big realm. Since the long years, Zhao Dong has not been able to break through, which makes them disheartened.

The circumstances surrounding the emperor were so difficult that they did not even dare to expect more.

But at that time, Ye Xuan gave them one person and one twenty-four-level Fengdi Baodan, so that their long-cherished wishes suddenly realized incomparably. that

A refreshing breakthrough, for them, is just like a slap in the face, and immediately makes Zhao Dong four people suddenly open. that

At the moment, they even got a sublimation of their minds, and they have accumulated their yin for many years. They have never been weak, and they have begun to boldly look to the future and think of the universe and even the more powerful universe. Lord, the universe is supreme...

If they were in the past, they would never believe it. They would be able to one day be so ambitious and dare to expect this level of realm. can

At that time, with the birth of the miracles that I saw after I followed Ye Xuan, the hearts of the four people were no longer entangled, and the heart was solid and firm.

All of this, although still like yesterday, in fact, it has passed nearly 20 years.

Since the 20th anniversary, the four of them have practiced the amethyst treasures left by Ye Xuan. They have already entered the ninth-order great consummation of the emperor, as long as they get a twenty-five-level lord Baodan, in an instant Can break through. and

Right now, four precious twenty-five-level lords Bao Dan are in front of you.

In addition, there are even four twenty-six-level lord Baodan and four twenty-seven-level sage Baodan...

This is undoubtedly to ensure their cultivation, and in the future 100% step into the universe of supreme power after the ancient powers of the wild, ask ... who can not be excited?

Chapter 4647: The world has changed

"Respect for the return of the Lord..."

Demon Lord is mighty! "

"Thank you for your reward..."

"Roar!"

"Hey..."...

...

At this moment, the entire vast and imposing Xusheng forbidden land is boiling. no

A few stars and fierce beasts and ancient survivors crouched on the ground and snarled, all excited. he

We all just felt the temperament of Ye Xuan's body, but the legendary half-step sacredness may exist in Hong Kong's emptiness, but in this shard of starred sky, it is only a legendary figure. It is enough to be rampant. body

Not far away, Zhao Dong and other more than 100 emperors are immortal and immortal, whether it is a huge starry beast, or a deserted survivor, even excitedly crouched in the air.

Not only because of Ye Xuan's strength, but also because Ye Xuan does not give up. This

In the past 20 years, because of Ye Xuan and Anping coexist, tens of millions of starry beasts and tens of millions of ancient survivors gathered in this Xusheng forbidden land, occasionally the heart will also be shaken, after all, the devil left It's been a long time...and

The Lord of the Devil is going to the world of Hongmeng, which is extremely wonderful and has a lot of weather. The Xusheng ban, where they are located, is just a piece of starry sky in the wilderness. can

It is said that in the past few years, no one has doubted whether Ye Xuan will return. Even the stars and beasts and the ancient survivors who have had such thoughts are still quite numerous...but

Nowadays, everything has become a smog. Even after a long period of 20 years, the Lord of the Lord still not only forgets them, but even remembers the original promise. When you return, you are ready. Cultivation resources, various levels of Baodan... This

Let them move, completely heart!

"Put up the Baodan, and the other emperors are scattered. Organize the beasts and survivors of the camp. Count Baodan to apply for information and return to the merits."

Was swinging his hand, Ye Xuan still looked indifferent: "As for Zhao Dong and other twelve emperors, with the owner of the star, talk about the changes and trends of this world in the past 20 years..."

call out! "

After that, Ye Xuan's body shape suddenly turned into a mans, and a giant life star not far ahead, lasing away. body

After that, nearly a hundred star-studded beasts and the ancient survivors of the ancient emperor, who continued to disperse, went on their way.

The four men of Zhao Dong Qiannan waved their three levels of Baodan hanging in front of them carefully, and then together with the four emperors, and four other emperors, a total of twelve Emperor, follow Ye Xuan and go behind...

.....

Since the beginning of the past 20 years, Ye Xuan has not been in Xu Xu, but this giant life star has been kept for him, and no beasts and survivors have settled in.

And Zhao Dong and others, in the most embarrassing peak of the interior of the stars, created a huge palace group for Ye Xuan, the extraordinary momentum, the famous temple! This

Everything, after Ye Xuan entered the atmosphere of the stars, the knowledge of the gods was fully understood and quite satisfactory.

At this time, he was seated on the throne above the main hall of the main hall. There were some ministers in the next head. After Zhao Dong and other 12 emperors entered, they did not dare to sit there. Standing in the middle of the main hall, holding your breath. when

When Chu Ye Xuan left, the cultivation of strength was also immortal, and the gap between Zhao and Dong was not big, but now, he is already half-step absurd. in

In the eyes of Zhao Dong and others, nature is even more awesome. Of course, this kind of awe is first established on the point of conviction. "

Sit down..."

After swinging his hand, Ye Xuan gestured to Zhao Dong and others to take a seat, and then he took the lead: "This magic hall is good. Later, Xu Sheng banned the land and the outside world, it will show people in the name of the magic hall. Now the climate has been established, and there should be a domineering A little respect..."

"In addition, a big life star, no living beings can not be done, pick some ornamental beasts into the stars, and then choose some of the benevolent strong and powerful beasts, as the waiter and guard of the magic hall... ..."

"I want to follow the Lord's will!" Zhao

East immediately got up again, respectfully clenched his fist and performed a gift, remembering it in his heart, going back immediately, and doing it beautifully..."

It has been a while for the four people to enter the emperor's immortal ninth order. It is urgent to break through and enter the universe. From this moment, they will immediately retreat. Other matters are left to them to play. Just fine. "point

Nodded, Ye Xuan confessed this matter. When even the front turned, the line of sight swept the twelve emperors around the temple, immortal, and asked: "The star is a 20-year-old, the outside world What is the big change in the starry sky of this ruined land? What is the overall situation now?"

To this discourse, Zhao Dong and Qian Nan and other twelve emperors were immortal, and the look on their faces suddenly became strange.

Ye Xuan saw the clues, his heart moved, his face even when he sank, he said with a slight disappointment: "What is it? Why is it so swallowing? Immediately come..."

Seeing that he was not happy, the twelve emperors were immortal and trembled at the same time. They quickly got up and screamed at Ye Xuan with a fist, and then Zhao Dong gave a report to the details..."

I am not obsessed with the Lord, but the reason why I didn't look back immediately is because the matter is too complicated and the clue is a bit messy. I really don't know where to start..."

Halfway through, the look on Zhao Dong's face changed again and again, and it's faintly sighed. This goes on to say: "Twenty years of age, for this ruined starry sky, but the whiteness is too long, a dazzling time... ..."

"If it is in the past, in the past 20 years, there will be no obvious changes in the sky, let alone any major changes."

"But the 20-year-old is completely different from before. This whole piece of the vast sky of the ruins of the world is not an exaggeration. In short, the whole world has changed!"

"What? The world has changed completely? Can you let you describe it with 沧海化桑田? Is it so serious?"

Fan discourse, even Ye Xuan was a big surprise, but also gave birth to a strong interest, after a slight glimpse, even when asked about the details: "Talk about the specific situation, this 20 years, this starry sky ...is how to smash the sea."

The sea of sangtian is naturally exaggerated. In fact, the starry sky is still the starry sky. The stars of life and the abandoned stars in the sky are also as old, but the creatures living in this starry sky are different from before... "

During the speech, Zhao Dong once again sighed and sighed: "The Lord of the Lord is in the Xusheng ban, and naturally does not know the outside world. In fact, the entire fragment of the vast sky, even if there are only two or three emperors The top-level forbidden land and top-level star fields that are immortal, have now fallen..."

Chapter 4648: Big rout in the sky

"The Lord of the Devil is in the Xusheng ban, and naturally I don't know the outside world. Now, the entire fragmented starry sky, even some of the top forbidden areas and top-level stars that only have two or three emperors are immortal, nowadays They have fallen..."

During the speech, Zhao Dong sighed: "In fact, it was Xusheng who banned the land and was attacked twice. But those outsiders have all failed. We have twelve emperors sitting in the town. Under the four people of Qiannan, it is a half-step sage!"

However, the entire fragment of the starry sky, such as I Xusheng banned the land, is still stable as ever, has not been invaded by the outsiders in the half-star banned land and the sacred star field, at most a dozen, all have at least The two nine-step seals are located in the town..."

"As for other star-struck and forbidden stars, they have either been compromised or are experiencing a major war, or the beasts of the starry ban and the abandonment of the survivors in the starry sky are fleeing in the void..."

"In short, the vast shards of stars outside Xusheng's forbidden land are simply chaotic, and the tranquility of ours is not much..."

At the end of the day, Zhao Dong sighed again, seemingly feeling something, but did not say more..."

You have done a good job. It is important not only to hold the Xusheng forbidden land, but also to follow my embarrassment and not go out and pursue it. This is very important..."

Ye Xuan's face was shocked, but it quickly passed, and the expression returned to peace again. When the words turned, he then asked: "Zhao Dong, what do you mean by outsiders..." "

They have both starry beasts and wilderness survivors like us, but apparently come from other fragments of the void, because these ancient survivors will not even sculpt flesh and blood, they drive a metal called a warship. Magic weapon, great power..."

Nodded, Zhao Dong said: "In addition to this, even some of the appearances seem to be exactly the same as our ancient survivors, but in fact they are sly things, there are all kinds of strange pieces in the body. It seems to call itself...the machine family!"

Of course, these outsiders are not a group. They are also divided into many camps. The number is too large, too complicated, and they cannot be listed all at once..."

Needless to say, the Lord of the Stars... already know where they are from, what the background is! "No

When Zhao Dong finished, Ye Xuan immediately raised his hand and interrupted his words. The look on his face also became strange...

Undoubtedly, these foreigners mentioned by Zhao Dong are obviously from the three major star planes of the world, and they must be the major legions of the star-space cracks that follow the second universe.

Because of the group of various ethnic groups that entered behind Ye Xuan, Ye Xuan had captured one of them, that is, the captive army that is still in the forbidden place.

The most powerful existence among the captive corps is just that it is immortal, and there is not even a king.

However, listening to what Zhao Dongshi said, nowadays, the tribes of the three major stars in the sky of the shards of the ruins of the ruins of the heavens and the earth are clearly in the presence of the eternal perfection of the ninth order of the emperor. Among the entrants of the captive army, it is absolutely impossible to exist...

Moreover, listening to the meaning of Zhao Dong, it seems that even the mechanical family of the Emperor Er also entered the starry sky of this ruined world. From this point of view, the major groups of the three major stars and stars, the major forces, have mostly All come.

Even the ones they dispatched are not conventional forces, but the ancestral level of their respective ethnic groups...

It seems that at this moment, there is still a lot of old friends in the sky. miss you

At this point, Ye Xuan's face could not help but also be a little weird. Just shook his head and smiled. He suddenly flashed a flash of light in his head, and his face changed instantly...

When the young cow was separated from him and returned to the banned blood, it was only the immortal cultivation of the king. Even if Ye Xuan let him take a twenty-three-level Fenghuang Baodan, even though the Baodan Qingniu had already Swallowed, its cultivation is the strength, and now at most it is the ninth-order grand circle of the emperor. and also

It is a half step to seal the emperor!

This kind of cultivation is the strength. In today's shards of debris, it is obviously not enough to look at it. So, is it not dangerous to stay in the branch of the Phoenix Blood Star? One

Mind this way, Ye Xuan's face changed slightly again. He turned to Zhao Dong, who was on the left side of the lower hall, and looked a little anxious. He asked, "Yes, I have heard of a phoenix in these years. Forbidden land? Or Starry Nomadic Legion?"

Seeing that Ye Xuan suddenly became anxious, the twelve emperors were immortal and faceless, and their faces were full of gloom.

Later, Zhao Dong got up again and gave him a fist to perform a ceremony. Then he replied: "The blood of the ban is not heard of it. It must not be a top forbidden place. The existence of this level is in this piece of land." There are too many, naturally not too noticeable..."

However, the Starry Nomadic Legion, which the Lord of the Lord said, is subordinate to know..."

Halfway through, Zhao Dong's words suddenly turned, and exchanged a look with the other eleven emperors. His face was once again weird, and then he took it: "In fact, the Starry Nomadic Legion is now in this ruin. I don't dare to say that it's famous, but it's definitely famous..."

"It's just this kind of fame, but it's really a bit speechless, because... they almost become street mice, everyone shouts, but like the unsuccessful Xiaoqiang, they often escape in the most critical moments. Cataclysm."

It can be said that in the past ten years, the Starry Nomadic Legion has almost always flowed in the sky of the shards of this ruined land. The days are not as good as one day, but now it is not far from the moment of true and complete destruction..."

what? "

"boom....."

I was shocked by this bad news, Ye Xuan face madness, immediately screamed, the body shape was even more shocked, a palm shot on the armrest of the throne underneath, the entire throne of the throne, instantly turned into powder. "

thump! ""

Plopping..."He

Suddenly angry, and extremely angry, Zhao Dong and others were simply unprepared, and the face was followed by a big change. The twelve emperors were all immortal, and they immediately slammed into the center of the main hall. Guilty..."

The Lord of the Devil is angry, I don't know where it is... Is it wrong? ""

Zhao Lingzhu said that the sentence is true, there is no concealment or addicted, please ask the Lord of the Lord to see..."

"Get up!"

At this point, Ye Xuan realized that his reaction was a bit too intense, and immediately took a deep breath and calmed down the mood, this waved.

Slowly said: "Zhao Dong, Qian Nan, Sun Xi, Li Bei, you and other four people immediately retreat, break through as soon as possible, the other eight are immortal, each with an elite team to set off, be sure to position the Starry Nomadic Legion today ...exploring!"

Chapter 4649: Nomadic Legion's nightmare

When I heard Ye Xuan's order, Zhao Dong and other 12 emperors were all immortal, but soon, their faces showed a faint color, and finally they understood that Ye Xuan had heard the Starry Nomadic Legion. After that, why is it so earthquake anger...

Undoubtedly, this starry nomadic army group, whose reputation is not very good outside, obviously has something to do with the Lord of the Lord.

Ye Xuan's line of sight swept Zhao Dong and others, gently sighed, and then said: "You guessed it, the Starry Nomadic Legion, is also a subordinate army under the Lord's main..."

"Speaking of it, when the Lord of the Creator first put them into the account, it is still far ahead of you."

"Original, this time from the Hongmeng void, I was planning to go to Xusheng to see the land, and then go to the banned blood to ban the land, pick them up, but I did not expect this happening..."

"The overall strength of the entire Starry Nomadic Legion is much worse than the Xusheng forbidden land you led. When you left there, the Lord has not yet refined the breakthrough to the immortal level of the emperor. Baodan..."

Therefore, the highest commander of the Starry Nomadic Legion, the original blue star, left only a twenty-three-level Fenghuang Baodan. ""

After so many years have passed, his cultivation must have broken through to the imperial territory. If there is no accident, it should be the first perfection of the Fenghuang dynasty, that is, the half-step empire..."

Even he is only the perfection of the emperor, and other subordinates obviously need not say more. According to the proprietor of the star, the whole starry nomadic army, at most, is dozens of emperors..."

Nowadays, the emptiness of this piece of land in the wilderness is so complicated that even the top forbidden land with the immortality of the Emperor's emperor has been captured. How can their days be learned..."

At this point, Ye Xuan's smashing out of the mansions, the voices have become harsher: "You have to remember that it is your companion. In any case, you must inspect the whereabouts of the Starry Nomadic Legion, and then... rescue!"

"Follow the Lord's will!"

The Lord of the Lord is kind, I feel in my heart..."

"It will not be insulted..."

This discourse allows Zhao Dong and other twelve emperors to listen to the immortality of the towering movement, the eyes are already red, faintly tears.

It is so touched! Such as

Today's Lord of the Devils is already a half-step level of absurdity. Don't say that the emperor is immortal, even if it is immortal, in his eyes, it is not even the existence of ants. can

Even so, the Starry Nomadic Legion, which was originally accepted, still remembers it. This alone is enough to prove that this is a kind of empathy and value.

That is, Zhao Dong and Qian Nan, Sun Xi, and Li Bei will leave and leave. They want to retreat, because once the news of the Starry Nomadic Legion is inspected, they must be levied. magic

Even if the main adults are interested in personally, they will also be self-recommended... The outside army's strongmen who are not even in the universe are not qualified to let the devils kiss! With

Zhao Dong's four people left, the remaining eight strong emperors, four fierce beasts, and four survivors, all of them left their homes, and each time they kissed an elite team, separated. Rushing to the Xusheng banned land in all directions.

They must find the whereabouts of the Starry Nomadic Legion as soon as possible and bring the news back. This

Although the emptiness of the ruins of the heavens and the earth is vast and innocent, the eight emperors of the present are now immortal, and they are responsible for one direction and carry out a full search. I believe that at most ten days or so, there will be results. miss you

Here, Ye Xuan's heart is slightly loose, but the coldness of the shackles is strong and strong.

The guys from the three main faces of the starry sky have forced them to such a situation, and they have made him angry. Do not

The ethnic groups and forces that have been handed over to Ye Xuan, such as the Emperor and the Devil, are not known. They do not know the relationship between the Starry Nomadic Legion, which is governed by the Green Bull, and their inconvenience. but

Other forces, such as the first cosmic servant group, and the second universe, and so on, once the green cow returns, and asks that they do have a shot, this account, Ye Xuan must be a good liquidation...

Hearing the words of Zhao Dong, the Starry Nomadic Legion is known for its escaping from the shards of this ruined land. It seems that it has been more than ten years.

Ye Xuanguang thinks about it with his heels. He can expect that the young cows have been in the past ten years. It's just that every day is running away...

Every time I think about it, I let his heart pump a little. it is good

Now that he has returned, as long as they are still not degraded, all these sufferings will end.

The only thing Ye Xuan is worried about now is the current Starry Nomadic Legion, how many people are left in the end...

At the beginning, it was composed of Qingniu and Yuling, Longjing, Gongjun, and the beast army group headed by the black wind tiger and the roaring moon, and the sangzhi immigrant tribes with tens of millions of survivors, as well as the three-jawed dragon, Longshan. Tang and so on, various types of warships, hundreds of millions of captive corps, etc.

The star-studded nomadic corps, which is jointly formed, is still very large in scale and is definitely a striking force. but

Nowadays, the banned blood of the banned land has been captured. The young cattle led the entire starry nomadic army to carry out a great escape in the shards of this ruined land, and it has been more than ten years old...

In the meantime, he experienced a life-and-death battle. When the huge army was in the beginning, how much combat power is left, it is hard to predict. miss you

Here, Ye Xuan sighed and looked a little lonely. All this was caused by his negligence. The time to leave... It's been too long! six

The sky passed by, and during this period, each of them left with an elite team of confidants to pursue the news of the fall of the Starry Nomadic Legion. The Asahi banned eight emperors were immortal, and none of them came back.

Even Zhao Dong's Qian Nan, Sun Xi, Li Bei and other four emperors were immortal and the nine-step grand perfection. After entering the retreat, there was no movement. "

Roar! "

"Roar!""

Oh..."

Just as Ye Xuan and others were somewhat intolerant, Xu Sheng's four different directions in the forbidden land almost simultaneously sent four shocking roars and screams, which was the voice of Zhao Dong's four people. "

Finally broke through! From this moment, Xu Sheng banned the land... wrong, it should be the magic hall! ""

From this moment on, the magic hall will have four powerful cosmic sages, conquering the Quartet..."

The four screaming roars came, and the spirit of Ye Xuan suddenly rose, whispering in a whisper, and his body shape shook, and he immediately smashed out of the magic hall, and the blink of an eye went to the forbidden land outside the atmosphere of the stars. "

call out! ""

Oh..."

Almost at the same instant, the four figures were spurred from all around, and the body was full of the first-order cultivation of the universe. It was Zhao Dong.

When I saw Ye Xuan, the four men immediately clenched their fists and kneel down in the void..."

Enlightened the Lord of the Lord, I am fortunate not to be insulted, a smooth breakthrough, and now is the universe! ""

Just the devil's master can make a slap in the face, and the liver and brain can be smeared at any time..."

Chapter 4650: Green cow is roaring

"call out!""

The Lord of the Lord, the Starry Nomadic Legion has news..."

On the other hand, Zhao Dong and Qian Nan's four talents have just cleared the border and successfully broke through to the universe. Before Xu Sheng's forbidden land, there was a spurt of anger. It's the eight-head seal that was previously responsible for going out and inquiring about the news. One of the immortal.

As the emperor came to immortality, there was also an elite team responsible for the search, followed by the speed, and soon arrived at Ye Xuan's immediate vicinity, all of which stopped. its

Behind him, the 100-year-old king and the emperor were immortal, and they immediately fell to the ground. In the face of this Xusheng ban, the Supreme Lord of the Lord, they went to the close, and they did not even have the qualification to stand up. Will

It was their commander, the emperor was immortal, and he went down on one knee and hugged his fist: "The Starry Nomadic Legion is in the void of hundreds of billions of miles from the right side of my Ascension. Now it is being taken by three. The team's team is attacking, but there is no danger for the time being..."

"Get up and talk... what is the team that is killing them?"

Xuan frowned and his face was gloomy.

"The beasts of the three foreigners, one is a \*\*\*\* family, one is a Qingpeng, and the other is a warrior..."

When the emperor was immortal, he immediately rose and continued to swear: "There are four or five emperors in the three chasing army, and even the half-step sages of the ninth-order grand perfection of the emperor. Therefore, the subordinates are Don't make a fuss, don't help, please forgive the Lord..."

You are right, as long as you are innocent for a while... OK, let's go down, send troops to conquer, the star owner has his own arrangements. "

Nodded, Ye Xuan finished, and turned to Zhao Dong, four people looked at the past: "You four people go out for a trip, the Starry Nomadic Legion and the three attacking army, all brought back, do not have to vent Identity... The Lord of the Stars, they will be there for a while!"

The returning emperor was immortal and immediately led the descendants of the genus to leave, and Zhao Dong and Qiannan four, who took the lead in the first time, rushed out of the Xusheng forbidden land.

The four of them did not even bring a family member, let alone the army. The four people are now the cosmic sages. Although they only entered the world, the most powerful existence among the three attacking forces. However, it is the perfection of the nine-order immortality of the emperor, and it is not a match in front of them.....

## Tianhua Star Field!

Originally a hereditary star field, it is more than 200 billion miles away from the Xusheng ban, but nowadays, with the major tribes and powers of the three major star planes in the world, they poured into the starry sky. The original Tianhua Star Field has already become history.

Today, the tens of thousands of life stars in the Tianhua Star Field have long been a mixed place for arowana, and they are divided by the forces of size.

Among these forces, there are both outsiders from the three major star planes of the world, as well as the original living creatures in this starry sky, that is, the starry beasts and the ancient survivors.

But in the past two weeks, almost all the powerful forces in the tens of thousands of life stars in the original Tianhua Star field have been huddled inside the stars. If there are no important matters, they will not easily walk out of the atmosphere and come to the outside world. In the void.

Because this time, it is not quite flat, the infamous, has been fleeing in the void, but like the unsuccessful Xiaoqiang, the so-called Starry Nomadic Legion, which has never been completely destroyed, finally came here...

Among the large forces that occupy nearly 10,000 life stars in the Tianhua Star Field, the army of three foreigners immediately set off and entered the starry sky, killing them.

These three great armies, from the bloody, Qingpeng and warrior lions, are said to have been allies. Now the three tribes have sent a large army of tens of thousands of troops to carry out the containment, which is clearly the result of a secret negotiation. . half

In the past few months, the Starry Nomadic Legion fled everywhere, and the battle damage was not small. But this notorious legion fled for more than ten years in this piece of debris in the sky, and has accumulated a wealth of experience.

Therefore, although this interception has passed for half a month, the Starry Nomadic Legion has never been blocked, and even a rare opportunity to escape to the stars outside the edge of the Tianhua Star...

This is clearly the rhythm of the trio to chase the big net and escape again! "

Oh..."

You guys, the turtle son, caught the old cow, I don't let it go, I've been chasing it for more than ten years..."

The hair is out of a roar, and the green cow's face is full of sorrow. He bites his teeth and cuts his teeth: "You wait, the old cow I don't have no backing, and I will return in the future, and you will be asked to go all the way..."

Roar! ""

Oh..."

"Hey..."

As the roar of the green cows began, the three great armies behind them, countless beasts, survivors and strong people of the human race also responded to the general, screaming and screaming, no matter who, they revealed endless resentment... ..when

At the beginning, when the banned blood of the phoenix had not been compromised, the entire starry nomadic army regiment, which was temporarily led by the Qingniu, could be described as a strong lineup.

There are a total of three great armies under his command.

First, Yu Linglong, Long Yao, Gong Jun, and the beastly army group headed by the Black Wind Tiger and the Roaring Moon, all kinds of starry beasts are nearly 100 million heads...

The second is the Sangzhi immigrant tribe, which has a tens of thousands of warships and troops, and has been repaired as a remnant of the ancients with a total strength of more than 50 million...

The third is the captive army led by Three-jawed Dragonfly and Longshan Tang. The members of this army are complicated. There are both the Terran from the Third Universe and the Qingpeng, War Lion, etc. from the Second Universe. The strong people, even the teams from the slaves of the First Universe, have a total of hundreds of millions of warships and nearly 10 billion people...

But now, with the ban on the banned blood, the Starry Nomadic Legion has flowed into the stars, and the wolves have escaped for more than ten years. The combat power of these three legions has been reduced by more than half.

Of course, the wars that have been eliminated in the past ten years are all cultivated as weaker strengths, as well as some ordinary warships, and star-studded stars and star-rated battleships below the Star Fortress.

Today's Starry Nomadic Legion, only more than 20 million beasts.

The survivors of the survivors are only about 10 million, and the battle boat has been reduced to one million.

The most severely affected was the captive army. At the beginning, there were hundreds of millions of warships and nearly 10 billion people. Today, there are only about 20 million large and small fortresses and large and small fortresses. The total number of personnel is only about 500 million, only half of the original. ...

Therefore, it is because the captive corps among the three major legions have been targeted and killed during the decade of flight.

The entire captive army was originally from the three major star planes of the world, including the third cosmic human race, the second universe of Qingpeng, the war lion and other ethnic groups, and some of the first universe of slaves and servants.

When the army of the three major star planes in the world captured the phoenix star field, they originally wanted to save them, but they were rejected by the members of the Capricorn Assembly, such as Longshan Tang.

It is for this reason that it led to the star-studded pursuit that lasted for more than ten years. In the eyes of the top leaders of the three major stars in the world, they were traitors at all, preferring to be prisoners of others. The face is lost...
