Chapter 4651: The Lord of the Lord has an order

"Hey!"

"The little ones, plus the hard work, there is a hundred million miles of empty space ahead, you can reach the edge of a starry wormhole, as long as we enter the wormhole, we will win..."

"Hey..."

Rumble..."

In the void, the green cow is in the long squat, showing a deep excitement. This

For more than ten years, he has only been the emperor of the nine-order grand perfection, that is, the half-step emperor's cultivation as the strength, leading the entire starry nomadic army, fleeing around in the strong enemy, can live to Now, it is not easy to save the size of today's army, which can be handed over to the family.

Every time I escape from the crisis, the young cattle will always be excited. and

It's not because I've escaped from the robbery, but because I've finally lived up to the expectations of the big man, and led the army that he gave to himself, and can continue to wait and strengthen for a while...

This time, after the roar of the green cow sounded, among the three major legions that followed him, there was no more response. Place

Some people are full of energy, the blood of the eyes is red, staring at the front. Virtual

In the air, there are only countless remnants of warships and captive star-sized fortresses, large and small fortresses, and the thunder of the forwards.

At this moment, the only belief in their hearts is to escape from this area and rush to the edge of the starry wormhole 100 million miles ahead, then enter the wormhole and start jumping...

In this way, we can avoid the annihilation of today. Such as

Therefore, you can hold your teeth again for a while and continue to wait for the coming of hope...

In the blink of an eye, the three legions marched at full speed under the leadership of Qingniu. In a short period of time, they rushed out of tens of millions of miles. From the edge of the starry wormhole in front, there were only more than 30 million miles left. .

If there is no accident, there will be another time for the incense, the whole nomadic army, will all reach the edge of the star wormhole, and then rush into it, out of danger! can

Unfortunately, unexpected accidents have not happened, but they are still coming..."

boom! ""

Rumble..."

In the distance ahead, the original empty space of the universe, suddenly heard the sound of roaring, with these roaring sounds, a huge battleship army suddenly appeared. Array

It is powerful, with hundreds of millions of large and small fortresses and fortresses. Even the five-kilometer captain's star-rated warships can't see one. This is definitely an extremely powerful elite fleet.

They all started the occult method, closed the kinetic energy cabin, and silently hid in front of the star wormhole. Now it suddenly appears, completely sealing the way of the Starry Nomadic Legion! "

call out! ""

Oh..." this

Engraved, with the active manifestation of this powerful battleship regiment, there are also a number of shadows coming from the imaginary sky around, all of which are all immortal, with more than 30 statues.

There are both **** and Qingpeng, and there are also war lions. Each of them shows the body of the blood, and the body is tens of thousands of feet. It straddles the void, and on both sides, the two sides of the Starry Nomadic Legion retreat. All sealed up...

"Hey..."

In this scene, the young cow raised an unwilling roar in his hair, revealing the incomparable despair and anger.

It also has a huge body shape of tens of thousands of feet, and it stops in the void, followed by the numerous squads, the warriors and the fortresses and fortresses of the three major corps behind them, all of which are stopped. Down...

A desperate atmosphere is rapidly being rendered, even for the green cows. It is natural that there is no need to say more about all the genus in the three major legions behind them.

The entire nomadic corps fled in the void for more than ten years. It has never encountered such a severe situation today. The warships that have blocked the front and rear chased are not mentioned, only the left and right wings have sealed the escape. The immortality of the emperor is enough to bring them back and forth, and easily destroy them hundreds of times...

I know that even the highest commander of the Nomadic Legion, Qingniu, is only half-step to repair the emperor. and

In the immortality of these thirty more emperors, there are actually three half-step sages of the emperor's immortal ninth-order grand perfection... blood

The 三 and Qingpeng, the war lions and the three tribes have obviously been designed, and they will be able to flee to this place. The ambush has already been laid, and now it is only for you to enter the shackles!

It seems that I feel the deep despair of the young cattle and the entire nomadic army, and the other party clearly regards them as the mice trapped in the dead lane, and they are not in a hurry to kill them immediately.

The warships that blocked the front did not open fire, and even the battleships that followed the rear were stopped in tens of millions of miles. left

The more than 30 emperors who sealed the escape route on the right wing were even sneer, but no one heard... short

After the temporary silence, these thirty more emperors are immortal, only three figures, the voice of the gods, is the three powerful half-step sages. One

Head bloody, a Qingpeng, and a lion..."

Three-jawed dragons, Longshan Tang, and all the strong people from the three major stars in the world, the old man will give you the last chance today, return immediately, accept the sin, or else... kill! ""

As a strong person in the world, there are many famous people, and the top leaders of all ethnic groups, after entering the emptiness of this piece of ruined land, rebelled against their own people and surrendered to a green cow in the realm of emperor, the various nationalities and major forces. The face is simply lost by you! ""

You only have time to think about it, repentance within ten breaths, although guilty can not escape, but at least there is a chance to live, but if you continue to obsess and do not understand ... consequences at your own risk! ”

"Hey..."

Go to your second grandfather..."blood

The sounds of the gods of the three half-steps of the lions, the Qingpeng, and the lions have just fallen, and the young cows have already raised an angry sorghum.

Even the swearing on the spot, but the attitude is tough: "The same words, how many times have you said this since the past ten years? Now it is still interesting to talk about, is it interesting?"

If you don't talk nonsense, you have to give it a good time. I'm going to die here today, and I will die here today. Your future will be a hundred times worse than the old cow. Nothing is a pity..."

The three half-step sages immediately changed color, and the body smashed a fierce murderous machine. Within a hundred million miles of the emptiness, the temperature plummeted by several tens of degrees.

"Oh, it really is stubborn!"

"If this is the case, then there is no need to go on with them any more, order it, kill this young cow and all the rebellious... all!"

"call out!""

Oh..."

When the words of the three of them fell, from the starry wormhole behind the huge battleship regiment, there was a faint sound of breaking the air. The four figures slid side by side, and it was Zhao Dong and Qian Nan. With Sun Xi and Li Bei, four people..."

It's really lively..."

"But it's okay, it's not late!"

"Well wait for the order, the Lord of the Lord has orders, everyone, immediately go to the Temple to see, the offender... Hey!"

Chapter 4652: Slap a slap

At this time, Zhao Dong, Qian Nan, Sun Xi and Li Bei walked out of the star wormhole, and the body's repaired breath completely converges, and they are not touched at all, but their voices are not big, but they are clear. It was introduced into the ears of everyone.

All the people are stunned. quasi-

To be sure, it was the thunder that was given by such words...

the Lord?

The temple?

Actually let all the people here immediately go to see, and there must be no mistakes, violations... eh? brain

These words were flashed in the sea, and all people's faces showed a dull color, because it was too funny.

Where are the four madmen coming?

Can't you see that there is a big war here? Living

Let the two sides who are about to erupt, and at the same time go to see the magic master who has never heard of it... This is simply a slippery world! more

What's more, there are more than 30 statues in the presence of the emperor, and there are even three half-steps of the emperor's immortal ninth-order grand perfection!

Is the so-called demon Lord, is it a true cosmic sage? no

So where is this big shelf?

However, this universe of the ruins of the ruins of the heavens and the earth is a little bit like the universe. Everyone is high on the top. Although they will not show up on weekdays and participate in the battle between the forces under their arm, they are no exception. All are famous people. This

If you are a real cosmic person, you can't hear it, it's totally unreasonable...

In fact, let alone the cosmic sage, it is among the half-step sages of the Emperor's ninth-order grand perfection, and have never heard of such a person! brain

These thoughts flashed through the sea, and together they could not sense the cultivation of Zhao Dong and Qian Nan. Therefore, all the strong players on both sides of the scene, after a few moments, almost all subconsciously Zhao The East Four, became a madman who didn't know where to come from...

It's a lively impatient madman who dares to come out at this moment and sell crazy in front of more than 30 powerful emperors. This is not a lively sorrow, but what can it be? "

Oh..."

"This can be really interesting. I didn't expect that at this time, I could still encounter such a fun scene..."

When the cow looked up and shouted, he smiled and said: "Hey, the magician you said is really not an ordinary arrogance. If it was put on a decade ago, it would be comparable to the old cow's big bang, maybe in the future. They really have a day to meet, but unfortunately, I can't see the old cow..."

"Let's go! What a **** master, I have never heard of it..."

Where are the four old bastards? I dare to be crazy in front of the old man..."

The words of the cows have not yet fallen. Among the three half-steps of the enemy camp, the temperament of the lion's temper is the most violent, even when it is violent. Say

Between the words, tens of millions of miles away, lifted the right front paw and pressed Zhao Dong to the four people...

Clearly, it is a disagreement, and the rhythm of killing is on the spot.

The faces of Zhao Dong and Qian Nan, Sun Xi and Li Bei were all gloomy. After switching to a look, the other three did not react. Zhao Dong was cold and immediately shot: Oh, I don't know how to live!"

boom! "

The words are still not falling, his figure is not moving, his shoulders are not shaking, but his right arm has been lifted, just like a slap in the face, a vacant distance of tens of millions of miles, half a step toward the warrior Sayādaw, a big eared man, took it.

"Snapped!"

"Boom..."

The sound of the road was crisp and loud, and then the sound of the earth-shattering roar was blown up. One

It's just a slap in the face, and it's still tens of millions of miles away from the sky, but the lion's tempered half-step sage, the huge body of the entire tens of thousands of people, but one Instantly, completely blasted, turned into a **** fog...this

One scene scared everyone, and countless cool sounds appeared, and even the blue cow almost smashed the eyeballs out.

A few tens of millions of miles apart, a slap in the face... actually killed a half-step sage of the ninth-order grand perfection of the emperor? This

It's incredible, even if everything is seen by the eyes, it's still in front of you, but it still makes him feel unacceptable and unbelievable...

For a moment, the vastness of the vastness within a billion miles was completely ruined.

The atmosphere became dignified and dull in an instant, but after a short silence, there were countless exclamations, not just bloody, Qingpeng and lions. Inside the Starry Nomadic Legion behind the Qingniu, there were also exclamations, revealing endless sorrow...

"What happened? The ancestors of the War Lions... actually fallen?"

Moreover, it was still slammed by people, and the distance between the stars and the sky, which is tens of millions of miles away, has surpassed the five great empires in the absolute emperor's realm, so it will have such a disparate crush. strength. "

"The survivor of the survivor, is it... is it the cosmic sage?"

hiss! If this is the case, today's nephew may be widened. This is not a cosmic sage, but four..."

"How can this be the four powerful cosmic sages? In this shard of the ruins of the heavens and the earth, all the survivors of the universe are all famous, but they have never heard of these four. In the end, Where did it come out..."

"No, the old man seems to have heard of them... Remember the mysterious Xusheng forbidden land? It was once crusade twice, but it was not taken down. It is said that there are a total of twelve in the Xusheng forbidden land. The powerful emperor is immortal, and the four most powerful ones are all the emperor's immortal ninth-order great perfection. The four people in front..."

"Is it true that the four half-steps of the Xusheng banned land have all broken through? But how is it possible? It's amazing. Now that all four have broken through, what amazing opportunities and achievements have they encountered?"

Damn, my **** prince's prince arrived just a short time ago. I have heard of this Xusheng ban, and I am preparing to attack the squad soon. I didn't think that at this time, Xu Sheng's forbidden land was out. Four powerful cosmic sages..."

"Yes, it is indeed a bit irritating. The four cosmic sages, although the **** prince is not afraid, or even not in the eyes, but if this battle is really unfolding, I am afraid that the damage will not be comparable before..."

Those are follow-up things, or think about how the crisis in front of you can be spent. The four cosmic sages from Xusheng's forbidden land can't be irritated, and they can't say a word, and they directly slap the old lion's family. Ancestor..."

"This is definitely not a joke. Could it be that I am going to be captured today? This is a shameful eye... It's too irritating!"

Chapter 4653: Magic Hall

"Is that enough?"

In the distant sky, Zhao Dong is sneer: "The patience of the Lord of the Lord is not a lot. Finally, I will give you a ten-day time. If there is no indication within the ten-day interest, the old man will shoot again and kill the chicken and the monkey!"

This sentence just fell, and it was silent all around, and all the people on both sides were once again entangled, and they were quite speechless.

The so-called master of the magic hall is a bit too strange, and I have never heard of such a forced persecution of others to see him, just joking.

"Hey!"

"Go and go, not a big death, at least not in the hands of these outsiders..."

The green cow was flashing, and the first one responded. After the head screamed, even when the order was issued: "The children of the Starry Nomadic Legion, all the members, rushed to the starry wormhole in front. Going to Xusheng forbidden..."

"Hey, guys in front, quickly let the road go, haven't you heard? The princess's patience is not much, you will stop the road, be careful that they will kill you with four slaps..."

The last sentence is obviously said to the **** army, the Qingpeng and the war lions, which are on the way to the Starry Nomadic Legion.

For Qingniu, anyway, it was already a deadly situation. Even if I went to the so-called Xusheng forbidden land, the situation could not be worse than it is now, so after some thoughts, he simply went out.

Even the mentality has been let go. At this moment, the horror of Zhao Dong's four thieves is a testimony.

Such a discourse, such an attitude, not only the bloody, Qingpeng and War Lions, the strong parties in the three armed forces feel angry, even Zhao Dong and Qian Nan, Sun Xi, Li Bei, are quite speechless.

This young cow is really shameless. It is obvious that he is also a prisoner now, but he is just like the triumphant. This is just the virtue of this genius. After working together, I am afraid that there will be more headaches when I have a headache...

These thoughts flashed through my mind. Zhao Dong's four people subconsciously exchanged a look. They all had no help. They were depressed and depressed. However, they looked at the front and blocked the starry nomadic army. The **** tribes who went to the road joined forces.

The invisible pressure of the air leaked out of the body, causing the air within the tens of billions of miles in the sky to cool again.

"boom!"

"Booming..."

The thunderous roar sounded, and this was the movement brought by countless warships to open the kinetic energy cabin.

At this moment, the ancestors of the bloody, Qingpeng and war lions could no longer remain silent. Even if they gave instructions to their subordinates, they temporarily succumbed and went to the magic hall in the Xusheng ban to see one. Look, at least always stronger than now being bombed here...

After all, the three tribes in this base of the ruins of the ruins of the wilderness have two core ancestors who have surpassed the universe.

Everything that happens here will soon spread. Once the core ancestors in the base camp receive news, they will be angry and will rush to Xusheng for the first time. Maybe they are still halfway, have not arrived yet. Xu Sheng banned the land, and the reinforcements behind him have arrived and rescued them.

Then I will solve these four powerful cosmic sages again...

It is out of this kind of thinking that the three brethren who are the most powerful in the presence of Bloody, Qingpeng and the War Lions almost made the decision and issued the order at the first time after the green cow snarled. Let all the subordinates of the Majesty and the warship corps temporarily obey the requirements of the other party, enter the starry wormhole in front, and go to Xusheng forbidden...

"boom!"

"Booming..."

The earth-shattering roar is quickly rising, and the ancestors of the ethnic group have already given orders. The warship commanders of Qingpeng and Shishi tribes naturally dare not have any delay. For them, The cosmic sage is definitely a god-like existence. It has already trembled, and I can't wait to fall to the ground immediately...

Soon, the two corps of **** and Qingpeng, the three lions of the war lions, and the warships of more than 500 million, all entered the starry wormhole in front.

Including the more than thirty emperors immortal, without exception, no one dares to resist, because the former lions of the half-step sage of the ancestors of the ancestors, is the foresight of the car, no one wants to follow the footsteps...

Among the two **** triads in the lineup, Qingniu also led the entire starry nomadic army, mixed in it, and also plunged into the starry wormhole in front.

At this time, neither the young cattle nor the other people in the Starry Nomadic Legion were completely unpredictable. At this moment, as they were forced to go to Xusheng forbidden, the starry sky lasted for more than ten years. The big escape is also officially over.

For more than ten years, the star-studded nomadic corps of the banned phoenix of the original lineup has now lost more than 30% of its total strength.

In terms of the beast army, Yu Linglong, Long Yao, Gong Jun and headed by the Black Wind Tiger and the Roaring Moon, there are only about 100 million heads of various stars and beasts...

The second Sangzhi immigrant tribes, now only a million warships, and repaired to the ancient people of varying strengths, the total number is more than 50 million...

The formerly the largest captive army of the captives, although the three-claw dragons, Longshan Tang and other high-ranking parliamentarians of the captive parliament are all alive, the members are still complicated, there are both the human race from the third universe, and the Qingpeng from the second universe. Lions and other strong people, and even some teams from the first universe of slaves.

But the original billions of warships, but now there are only hundreds of millions of warships, and the people are not even...

Such a scene, if you let Ye Xuan see it, I really don't know what it would be like to think about his heart!

Soon, the two large corps that had been confronted in this star field and saw that they were about to explode in the battle of the dead, all entered the starry wormhole in front, and Zhao Dong and Qian Nan, Sun Xi, Li Beisi People, first and foremost, escorted everyone to the front, and also entered the star wormhole...

This scene was seen by some fierce beasts, survivors, and other powerful ethnic groups and powerful forces who were stationed in the void in the distance hundreds of millions of miles away.

Previously, Zhao Dong and Qian Nan, Sun Xi, and Li Bei all naturally noticed the existence of these distant viewings, but they did not pay attention to it and intended to let them spread everything that happened here.

Because the Lord of the Lord has returned, now it is even more powerful to the ancient and supreme. The name of the Temple of Devils is the same as today's battle of Megatron... It was originally intended!

With Zhao Dong's four people escorting the huge army of the two sides, the strong men in the imaginary air finally recovered from the extreme shock after a short period of stagnation. In an instant, all kinds of stunned The exclamation sounded like a wave, and it's overwhelming...

Chapter 4654: Wrath of the Prince

After Zhao Dong's four men were escorted to the huge legions of the two sides, the powerful parties who watched the distant air in the distance, after a short period of sluggishness, finally recovered from the extreme shock.

In an instant, all kinds of screams of excitement rang, overwhelming...

"God, it's a big deal, this piece of emptiness, I'm afraid I'm going to have a terrible battle soon..."

"In the mysterious Xusheng forbidden land, the four most powerful Fengdi ninth-order grand perfection, at the same time, broke through and entered the real universe." This is simply awkward..."

"Where is the Devil's Hall? Listening to the name is domineering, and the style of action is even more shocking. These four powerful cosmic sages are all dispatched, and the Starry Nomadic Legion and the Bloody, Qingpeng, and War Lions The army, all robbed..."

"This is the four powerful cosmic sages. What is the origin of the mysterious demon lord? How much has it been cultivated for strength, and it has been able to drive such a powerful four sages as his men..."

"I have heard before that there are more powerful beings behind the twelve emperors of the Xusheng ban, but they have only gone out temporarily, not within the Xusheng ban, so these ten years Since then, the survivors and the beasts in the Xusheng ban have not stepped out and never participated in the external expedition. They are waiting for the master to return..."

"Now it seems that this is the case, the whole piece of the ruins of the ruins of the heavens and the earth, such a vast and innocent area, and only the Xusheng ban is a mixture of such beasts and survivors, and peaceful coexistence, this alone You can see the means of the Lord of the Temple of the Devil. This person, I am afraid that it is not the cosmic person, and is very likely to be the Lord of the universe..."

"Even if this is the case? I am among the ethnic groups and forces from the three major star planes of the world, and there is no existence of the main level of the universe, and even there will be a stronger existence in the follow-up, which will come one after another... .."

"Yes, just inside the base camp of the three races of blood and Qingpeng and the lions, there are two cosmic owners sitting in the town, but this core ancestor will not pay attention to the expedition in general. Major changes can only alarm them..."

"This time, the three tribes, more than 30 emperors and hundreds of millions of warships were captured at the same time, enough to alarm the core ancestors of the universe's main territory, the real turmoil, will soon erupt..."

"Right, talking about the mysterious and powerful Lord of the Lord behind the Xusheng forbidden land, do you still remember that the green cow of the Starry Nomadic Legion seems to have been yelling,

saying that there is a big man behind him, once returning It must be dominated by the whole piece of the void, and all the forces that have chased them will pay a heavy price..."

"Do you believe this kind of discourse? The green cow is only immortal, don't say that there is no big shackle behind him. Even if it is true, how strong can it be? This kind of cultivation is strength, in the face of the true Lord of the universe, it's not even a fart..."

"This is also..."

Soon, as the screams gradually stopped, the powerful parties who watched the distant air in the distance and left were also leaving, and everything that happened here was so horrible. Speed, quickly spread in the vast void of this vast wasteland, and passed on...

.....

Bloody family base camp!

Here, it was originally a powerful top-level starry ban, with several powerful Fengdi immortal sittings, but more than a decade ago, as the starry army flooded into the emptiness of this ruined land, the **** people saw this place. The top star is forbidden.

In the first time, the army was dispatched to carry out the expedition. It took two years to attack, until the follow-up of a group of star-studded powerhouses, including several cosmic sages of the **** clan, so the entire forbidden area The countless stars and beasts have been killed. This top star is forbidden. Since then, it has become the base of the **** people in this void.

However, the few cosmic sages who arrived at that time are not the strongest in the **** base camp.

In the base camp of the **** people, the true supreme power is the prince.

But the prince, but not the most powerful one here.

The cultivation of the prince's strength has reached the third-order of the Lord of the universe, and not long ago he and his ancestors from the second cosmic **** ancestral home came to this universe of the ruins of the ruins of the heavens and the earth.

This person is also the core ancestor of the **** people, named six bloody, repaired to the strength of the nine-order grand perfection of the universe, which is the half-step supreme of the peak of this situation.

However, this six-headed **** scorpion is not a **** descendant of nine heads, but a descendant of mixed blood. Therefore, it is not too much valued in the **** eyes of the father of the prince.

Although his cultivation is strong, but it is only the Guardian of the Prince, it is plain, it is a slave!

The prince of the prince was originally honored. He was the blood ancestor of the bloodline ancestral ancestors, and the nine **** scorpions that were cultivated in the wild.

If Ye Xuan still has the impression, he will surely remember that he used to play the chain of the scent of the furnace, and sent some evil venom to go out. At that time, he had poisoned the two powerful ancient sacred sacred scorpions and the nine sacred crocodile. A star field that belongs to the source of all evils.

At the deepest part of the **** ancestral home, nine **** scorpions, also got a drop of evil venom, half of which was sent into a **** giant egg.

At that time, what was born in the **** giant egg was the prince.

It is precisely because of the influence of the half of the evil venom, although the prince of the prince has the horror of the main body of the universe when he was born, the mind is somewhat abnormal, and the madness is sometimes normal and sometimes rampant.

Nine heads of **** scorpion sent six **** scorpions as his Guardian. He escorted him to here two years ago. Part of the reason is that it is the reason.

However, although the prince is sometimes rampant, but after all, it is a powerful third-order lord. As the master of the dynasty, he still has the pride. Although he has been here for two years, the **** army has been conquered on a regular basis. The war, but I don't care too much.

This kind of ordinary warfare has not reached the level of alarming his existence.

But now, bloody, Qingpeng and the lions and tribes of the hundreds of millions of warships have been captured. Even more than 30 emperors have been robbed. The matter was passed back to the **** base camp and it was immediately The prince is so angry!

It can be a slap in the face of the imperial ninth-order grand perfection. It is definitely the cosmic sage, and the so-called lord who can make the four powerful cosmic sages listen to it is also the master of the universe...

This level of existence already has the qualification to let him take the shot.

It's been a whole two years since I came to the emptiness of this piece of land. Now it's time for a beautiful battle of the peaks to make the name of the **** prince's princes resound...

Chapter 4655: Supreme Nineth Order

It is with this in mind that even if a screaming screams, the **** prince rushed out of the **** base camp, with an elite army consisting of only a few stellar fortresses. Forbidden to rush to go...

In this regard, his bloodsetters of the six guards did not stop, because in his view, the master of the temple, even the master of the universe, is only in the middle of this period, but he himself It is the half-step supreme of the ninth-order grand perfection in this world. I have to follow my own prince, and naturally there is no possibility of accidents...

"Hey..."

"Booming..."

As the prince screamed at the neck, the entire elite army immediately rushed out of the **** base camp and went to the Xusheng forbidden land...

.....

Xu Sheng is forbidden!

Zhao Dong, Qian Nan and Sun Xi, and Li Bei, have left Xu Xu forbidden, and it has been one day.

Since this day, Ye Xuan has not done anything else, and he is still somewhat worried. He has been waiting for it, but just now, he received the message of Zhao Dong's knowledge, and the starry nomadic army led by Qingniu and his majesty has already After meeting with Zhao Dong, success was saved.

This made Ye Xuan sigh of relief and his heart happy.

In particular, Zhao Dong also mentioned in the subpoena that this time, his Qiannan four not only rescued the Starry Nomadic Legion, which was led by the Green Bull, but even captured an outsider regiment with hundreds of millions of powerful warships.

Among them, even more than 30 emperors of the bloody, Qingpeng and war lions are immortal...

At the moment, the four of them are holding this huge battleship army and the Starry Nomadic Legion, returning to the Xusheng forbidden land at full speed.

However, because the road is too far away, hundreds of billions of miles away.

Even if all the star-studded wormholes encountered along the way, and the wormhole jumps once and for all, such a huge army, if you want to cross the imaginary distance of hundreds of billions of miles, you can at least get the Xusheng forbidden land. It takes six or seven days to look like...

"It takes six to seven days? It's been a long time..."

Was waved the light group sent by Zhao Dong's knowledge transmission. Ye Xuan frowned and muttered: "But it's good, taking advantage of this time, just try again to retreat and break through the first-order repair."

Although he had encountered two long-lost violations last time, it has been a breakthrough for some time. Since returning to Xusheng's forbidden land, Ye Xuan has never reciprocated and broke through the gains of the last breakthrough.

Now that this is over, the income of the previous breakthrough has been thoroughly integrated into his soul and body, so the opportunity to break through will naturally come.

Taking advantage of Zhao Dong's four people to take the captive army and the star-studded nomadic army that was rescued, they have not yet reached the Xusheng forbidden land in the past few days, just to break the first order and make their true cultivation into a realm. Enter the universe to the supreme ninth order of great perfection.

"call out!"

"Hey..."

After the decision, he did not hesitate. With a wave of hand, Ye Xuan directly gave Shennong Baoding a sacrifice. Then he stepped into the Baoding Dingkou, which was carrying the colorful fog. Sitting in the volcano of the central area of the Dingnai space.

Soon, a lot of faint sounds broke through the air, and in a moment there was a rush of glare, hanging in front of them, all of which were taken from the immortal world of the body to develop this breakthrough, including the evil source. , as well as the colorful magic medicine and so on.

This time, he prepared a chaotic medicine with a thousand feet!

After everything was ready, Ye Xuan immediately mobilized Shennong Ding's domain power, compressing all the cultivation resources to the size of only the baby fist, swallowing it into the abdomen with a wave of hands and quickly opening it.

"Oh la la..."

All this has just been completed. When it is compressed into the entrance of the energy ball of the size of the baby fist, Ye Xuan's body has a sound of chains and sounds.

As the chain of the cymbals sounded, all the resources in the previous swallowing were instantly melted.

In the blink of an eye, Ye Xuan's body has a lot of power to hang the power of the mighty river. Under the sorrowful spirit, Ye Xuan urges the energy that has just formed in the body, and it is fully and continuously in the hundreds of veins. Start the next big day!

This time, when the body hangs energy in the meridians, although the pain is still very strong, but compared with the previous two consecutive breaks, it has weakened too much, and Ye Xuan has long been used to it, no impact at all. .

This time, the breakthrough has not been hindered. It took only about five days, and the energy formed by Ye Xuan's body has been completely refining.

As this hang-up energy was carried out in the meridians and once again, it disappeared completely and merged into his soul and body.

Immediately afterwards, Ye Xuan only had an accumulative force to launch an impact, and the shackles that had appeared this time had already broken.

And the system prompts in anticipation are also very loud in my mind, and they are ringing again...

"Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the universe is supreme and the ninth order is perfect!"

"Hey, congratulations to the host, breakthrough in the realm of flesh and blood! The current realm: the universe is supreme and the ninth order is perfect!"

Supreme Nine Steps... This is the perfect place for this scene!

A further step forward, Ye Xuan will be detached from the prestige and into the real wilderness.

Previously, the cultivation of Ye Xuan's deity was the eighth order of the universe. After activating the blood of the ancient konjac in the body, it was able to climb to the supreme ninth order.

And if you use the konjac to change the magical powers and reach the ninth change, the combat power will immediately ascend to the ninth-order great consummation of the ancients.

In fact, if you count the first-order bonus of the flesh and blood on the strength of cultivation, its real combat power is more than the first step of the sacred sacredness of the first step...

This time, with his breakthrough success again, Ye Xuan will have the power of the first step of the ancient powers after he activates the blood of the konjac in the body.

Then display the magical power of the konjac nine changes, and directly into the ninth change, its peak power will be able to reach the first level of the universe!

If it is counted in the huge body of 60 million miles, then the strength of the horrible blood will be the first-order bonus to the real power.

Nowadays, the most powerful force he can show will reach the second-order of the unprecedented ancient supreme!

It can be said that under the sage of the ancients, today's Ye Xuan is definitely invincible.

And he also has the secret method of blood and sea. Once the fascinating power of the blood and sea secret law is promoted, Ye Xuan will immediately condense three blood and sea avatars, all of which have the second-order terrorist power of the ancient and the supreme.

In the case of three wars, if you use the sacred bow of this sacred bow, you will encounter the third-order ridiculous, and you can also kill it.

It can be said that now, as long as he does not encounter the mid-stage absurd of the fourth-order or above, he can be invincible no matter where he is. However, due to the rush of time, he did not immediately devour a twenty-eight-level powerful Baodan. Because Zhao Dong, they still have a day or two, they are coming...

Chapter 4656: 殃 and pool fish

"call out!"

Teng himself smashed the buckle of Dingkou, which was full of fog. When he waved his hand, Ye Xuan directly took Baoding into the body, and then he fell into thought. less

After that, he changed his form and changed the original human form into a starry sky, and remained in the ninth state of the konjac, but his body type exerted the influence of blood and sea, so he only High. can

Even so, the temperament that has been dispersed in his body has reached the first level of the ancients! To

This height and level of his present, if not necessary, no longer has to rely on the strength of the 60-mile-old giant body to repair the first-order blessing.

Although the huge size of 60 million miles is fierce, it is too large and inconvenient to move. Therefore, today's Ye Xuan, under normal circumstances, is the type of such a high. It

So the decision to change to the current violent form, rather than its original human form, is because he does not want to expose his true identity between the major forces and ethnic groups in the three major planes of the world...

In fact, although the beasts such as the Qingniu and the ancient survivors have seen the appearance of others, the captive army in the Starry Nomadic Legion is not known. Capture

Among the top members of the House of Representatives in the parliament, only the three-jawed dragon knows this, and everyone else is still in the dark. in

Ye Xuan seems that the timing of his exposure to his true identity has not yet arrived, so it is obviously most appropriate to show up temporarily as a violent identity. "

Calculating the time, at least one and a half days, it's time to come..."

In a whisper, Ye Xuan took a step and immediately entered the magic hall standing on the top of the cave inside the star of his cave. The first throne on the main hall was sitting cross-legged and closed his eyes. Taking advantage of this time, quickly refining the harvest that the body has just broken through...

.....

One day later, Xu Sheng banned the edge! "

boom! ""

Rumble..."

The roar of the earth's movement came from the area outside the forbidden land, and it resounded the universe's void of tens of billions of miles. This

These roaring sounds are the result of the full speed operation of countless star-war battleship kinetic energy tanks. This

All the way, Zhao Dong and Qian Nan, Sun Xi, and Li Bei urged from time to time, whether it is the bloody, Qingpeng and war lion tribes, or the starry nomadic army led by Qingniu, in these days. Within, there was no delay, and the full speed was launched, and Xu Xu was rushed to the ground.

Now, after a full seven days, this horrible army that stretches tens of millions of miles in the void has finally arrived at the edge of the Xusheng forbidden land, and after Zhao Dong's order, with a very uncomfortable mood, from Xu The edge of the forbidden land enters and heads towards the central star...this

At that time, all the stars and beasts and the ancient survivors in the countless stars of Xu Sheng's forbidden land have all rushed out of the atmosphere of the stars and came to the universe of the universe outside the stars. positive

Under the leadership of the other eight emperors of the Xusheng forbidden land, they watched and watched along the way...

The entire army of warships slowly sailed toward the central star field, and all the way to see countless powerful starry beasts and survivors, so that all people are moving. green

The old goods of the cow is even more envious. If the phoenix star field where he was sitting can have such a strong lineup and scale, even if it is because of the arrival of the universe, it is still difficult to escape the fate of being captured. but

At least for more than ten years of **** battles, it will not be as miserable as it is now, and will soon be taken prisoner of others..."

Boom..."half

After the day, under the full speed, the entire huge army finally came to the central area of the Xusheng forbidden land, and there was a giant life star in front of it, which is where Ye Xuan's palace is. Zhao

East and Qiannan, Sun Xi and Li Bei, four people, rushed to the forefront of the army, the shape of the abrupt end, side by side facing the giant life stars. with

In the back, the bloody, Qingpeng and War Lions triads, as well as all the strong stars of the Starry Nomadic Legion led by the Green Bull, all jumped, and the entire army was quickly stopped. no

At this moment, the strongest people held their breath, sight and attention, all gathered to the giant life star in front. because

For them to know, if there is no accident, this giant life star should be the ruler of Xusheng's forbidden land, that is, the temple of the demon temple, the place where the mogul's palace is located...

This mysterious existence, there is a Xu Sheng ban that is so powerful, and it ruled countless powerful starry beasts and ancient survivors.

Not only are there eight emperors immortal, but there are even four powerful cosmic sages as their great generals. Then, his cultivation is strength, and at least he must be the master of the universe. in

Among the hundreds of millions of warships and the entire star-studded nomadic army, there are only a handful of powerful people who have seen the Lord of the Universe, and they are still remotely separated by the endless remote universe.

Like this close-up view, there has been such an experience of existence, less... So, suddenly it is so tight, it is completely understandable.

At this moment, as the army came to the central star of the Xusheng forbidden land, and all of them stopped, all the warships turned off and the kinetic energy compartment was turned off. before

Fang Zhaodong, Qian Nan and Sun Xi, and Li Bei, both of them, also held fists and squatted down in the air. God

The state is respectful, Qian Nan and Sun Xi, and Li Bei did not finish, but Zhao Dong said with respect and respect: "The enlightened Lord of the Lord, the Starry Nomadic Legion brought to..."

In addition, when I was rushing there, there was a large army of hundreds of millions of warships joined by three foreign ethnic groups, Bloody, Qingpeng and Shishi, who wanted to kill them..."

Nowadays, in addition to the Starry Nomadic Legion, this tribal army has also been brought together, including more than 30 emperors who ruled this tri-family army, except for the first time to kill one, and the rest, all bring... Please go to the Lord of the Lord! "listen

In this discourse, the whole army in the rear was stunned, because listening to Zhao Dong's words, the reason why the four of them went to the star field, the real goal was originally just the Starry Nomadic Legion. to

The joint army of the bloody, Qingpeng and war lions is completely unlucky, just besieged in the Starry Nomadic Legion, wanting to fight with it, this is implicated, by the way brought over... think

Here, the more than thirty of the top commanders of the three major ethnic groups immortal, after an accidental glimpse, they quickly brushed their eyes to the youth and starry nomadic corps that were still surrounded by them in the central area. Come over, you are full of resentment...

"What is the situation? Are these guys actually being caught in the pool? So, the goal of the Lord of the Devil is actually the old cattle my starry nomadic army?"

As a result, even the green cows have a little bit of a sigh. At this moment, they are confused and confused. "It is impossible. In the impression, I don't seem to offend the existence of the old cow. Where is it? The problem is..."

Chapter 4657: Worship all over the world

"boom!"

"Booming..."

The roar of the earth is ringing. With

Zhao Dong's words fell, and the atmosphere in front of the giant life stars violently rolled up, and then automatically separated a wide and unparalleled road, a black glare came from the blink of an eye. Going outside the stars.

This black man is welcoming the storm, and when it is not enough, it has turned into a black palace with a huge number of miles. The whole body is black and inky, but it is crystal clear and bright. I don't know what kind of material it is. Create, give people the feeling, but the incomparably high-end atmosphere, exudes a supreme arrogance...

This huge black giant temple is the main hall of the magic hall. At this time, Ye Xuan is sitting in this hall, but also lazy to show up directly, between the movements, with the whole devil The temple, just flew out. this

At the time, the temple is tens of thousands of miles, standing above the atmosphere of the giant life star in front, it looks like an endless power.

Zhao Dong and Qian Nan, Sun Xi, and Li Bei immediately got up and turned to look at the army behind them. They were stunned and shouted...

The Lord of the Lord is coming, what is still grinding? ""

All the existences of the emperor and the emperor were immediately released, and they met in the void, and saw the devil..."

"In the three interest rates, if there is less than the emperor, there is no such thing!"

call out! "

"Hey..." Zhao

The words of the Dongsi people just fell, and in the behemoth army behind them, there was a large number of weak and empty sounds in a moment. The first time they swept from their respective warships and battleships, they came to Zhao Dongsi. Behind the person.

Although the look on the face is different, no one dares to say anything.

On the one hand, this sacred demon hall is really amazing. On the other hand, it is because Zhao Dong's previous disagreement was shot, killing the lions and the emperor's immortal ninth-order grand perfection. Cutting, they made the impression too deep, no one dared to touch his mold.

What's more, now that they have arrived in the hinterland of the people's home camp, there is no way to escape, and they can only accept their fate, at least not to eat what is lost.

In the blink of an eye, behind Zhao Dong and Qian Nan, Sun Xi and Li Bei, they gathered two people. left

The dialect of the side is the **** and Qingpeng, the warrior and the three lions in the army of the top of the emperor, the emperor is more than 30 immortal, the emperor is immortal more than two hundred.

As for the right side, it is the hero of the Qingniu and its underarms in the Starry Nomadic Legion. green

The repairing power of the cow has already entered the eternal perfection of the imperial ninth order of the emperor. Only one line can break through the realm of the emperor. Besides him, there are still many emperors in the starry nomadic army. After all, When the young cow was separated from Ye Xuan, Ye Xuan almost handed over all the twenty-three Fenghuang Baodan in his hand to the Qingniu.

Among the beastly army regiments, there are Yu Linglong, Long Yao, Gong Jun, and the Black Wind Tiger, the Roaring Moon, and the Ten Emperors.

The emperor of the Sangzhi remnant army is immortal, and there are also 20 statues, all of whom are familiar with the Sangzhi family.

As for the captive army, headed by the three-jawed dragon and the dragon mountain Tang, the dozens of members of the prisoners' parliament all entered the royal world...

In addition, including the blue cow, the Queen of the Starry Nomadic Legion is immortal, and there are nearly a hundred, and all of them are the perfection of the ninth order of the Emperor. complete

It was actually an elite army that had been pursued for more than ten years in the void. Moreover, Qingniu took a lot of amethyst treasures from Ye Xuan's hands. Therefore, in the Starry Nomadic Legion, the general Feng Wangqiang Those who do not break through, once they break through to the realm of the emperor, in the **** battles one after another, the growth rate is very fast.

So there will be such a strange situation, a group of emperors will be immortal, without exception, all of them are the nine-order grand perfection in this world, that is, half-step emperor...

In fact, if it is not because of this nearly one hundred and a half steps, the Starry Nomadic Legion can not be in the past ten years of the past, although it has been difficult, but it has never been truly destroyed, it is like a small strong , all the way strong, support until now...

At this time, only a blink of an eye, Zhao Dong's four people behind, there are more than 300 strong emperors above the immortal above the powerful existence, as the Fenghuang below the imperial king immortal, Zhao Dong four people simply no point Will, the existence of this level, is not qualified to visit the Lord of the Lord in person...

As the number of people gathered, Zhao Dong and Qian Nan exchanged a look, and then looked a sinking, even when reprimanded: "The devil is on the top, has been listed, why not pay tribute?"

"It's really funny..." He

The words have just fallen, not waiting for the **** and Qingpeng, the lions and tribes of more than 30 emperors and more than two hundred emperors, the first one of the green cows can not hold back, nostrils, chin Almost faster to the sky.

The tone is tough to pick up: "The old cow and the entire starry nomadic army have always worshipped the earth... at the most, plus the big scorpion who does not speak loyalty, who has not returned, the Lord of the Temple of the Front, That is your demon lord. There is no half-money relationship with the old bull and the starry nomadic army. Why do you want to pay homage?"

The words are hard, but they are quite a bit pretending.

On the other side of the other side, **** and Qingpeng, the war lions and tribes of more than 30 emperors immortal and more than two hundred emperors immortal, obviously all think so, even if they turn their eyes, one by one grin Very disdainful look.

Zhao Dong and Qian Nan, Sun Xi, and Li Bei, but they exchanged their eyes at the moment, and there was a touch of admiration and admiration in the depths of the bottom. This

For a moment, they completely agreed with the Green Bull, including the Starry Nomadic Legion led by His Majesty. very

As for the Green Bull, in addition to their approval, they are actually more admired, because the current cultivation of the Green Bull is not as good as their strength, or even far worse than the Confucius. but

If it is easy to get along, put them in the position of the green cow, only to repair the strength of the nine-step grand perfection, to lead the ever-growing starry nomadic army, in the current complicated situation outside, Flee in the void for more than ten years without destroying... Zhao

The East Four asked themselves that they could never do it.

Even if it is like the situation in front of us, if it is replaced by four of them, I am afraid that it will not be as strong as the current green cow. If they do not bow down, they will often return to the text and euphemistically.

Although the purpose is the same, but in the momentum, compared with other people, it is obviously not a little bit weaker..."

call out! "

"Hey..."

At this point, the words of Qingniu's hard-powered words just fell, Zhao Dong and Qian Nan, Sun Xi, and Li Bei just turned around and exchanged a look. They still have to wait for them to consider how to deal

with them. Within the black scorpion temple of the atmosphere of the stars of life, suddenly there was a sharp and unpredictable sound of breaking...

Chapter 4658: The Lord has a reward

"call out!"

"Hey..." this

At that time, the words of the blue cow's hard air just fell, and the front stood in the black scorpion temple in the atmosphere of the giant life star, and suddenly there was a sharp and unpredictable sound of breaking.

I've drawn everyone's attention to the past, and my heart is jumping wildly...

These broken sounds came from the front of the Demon Hall, and coincided with the moment when the Qing Niu publicly said such disrespectful discourse, so when looking around, in addition to Zhao Dong, Qian Nan and Sun Xi, Li Bei and other Xu Sheng ban Beyond the high-level, all other people have mentioned the eyes of the blind man, thinking that the supreme being in the magical hall exists, and this is to be disciplined. Of course

And the truth is obviously not the case... with

A sharp burst of sound rang out, and a spurt of glare came in. The blink of an eye came to the front and floated directly in front of the blue cow and others. This

It is a ninety-eight twenty-fourth-level emperor Baodan, and the starry nomadic corps headed by the blue cow is the perfection of the nineteenth stage. It is just ninety-eight people. At this time, everyone in front of them is suspended. I, exudes a rich atmosphere of emperor... see

To the Baodi Baodan hanging in front of him, Qingniu's look changed on the spot, and the brain banged, even the other threety-seventh steps, including the three-jawed dragonfly, Longshan Tang, and so on. , almost on the spot, the eyeballs will come out... he

We have all taken the twenty-three-level Fenghuang Baodan, so naturally we can recognize what is hanging in front of us, but...how is this possible?

Ninety-eight seals of Emperor Baodan, this is at least a hundred of the emperor's immortal star-studded beasts are slain, the blood of the blood of the body condensed by the blood of the emperor, can be refined.

But now, it's spurred by a bone, and each person hangs in front of him... This is clearly a reward. This

At one moment, the ninety-eighth half-steps of the Starry Nomadic Legion, the Emperor of the Emperor, smashed the suspicion of the sacred man, they were extremely skeptical, the so-called lord in the sacred demon hall in front of them was their big starry sky. can

How is that possible?

Only in the last 20 years or so, how could the violent scorpion have such a meteorology, even the four lords of the universe?

What's more, if the magic master of Xu Sheng's forbidden land is violent, in the past ten years, the Starry Nomadic Legion has been so miserable in this shard of shards of the wild, even several times being chased, Just passing by the edge of Xusheng's forbidden land...this

Everything is violent and it is impossible to not know. If it is him, how can it be indifferent, seeing death?

Just this is enough to prove their guess, it is the mistake.

Perhaps, the savage swearing refinement of this anti-天寶丹's secret law has been leaked out, or in this piece of shards of the ruins of heaven and earth, this secret method, there are still other strong masters...this is definitely there possible.

Thinking of this, including the blue cow, the ninety-eighth half-step of the Starry Nomadic Legion's face, suddenly all floated the color of disappointment, and the dawn of the eyes also revealed the loss...

Such a scene fell in the immortal eyes of more than 30 emperors of the bloody, Qingpeng and war lion tribes, and the immortal eyes of more than two hundred emperors, and they immediately hated their teeth. this

When they turned their heads to look at it, the look on their faces and the light in their eyes were all filled with endless envy and hatred. although

However, they did not know that this is the twenty-fourth-level emperor Baodan, but the rich and incomparable atmosphere of the emperor can be clearly and incomparably sensed.

They really don't know that this Baodan can make the imperial ninth-order great perfection of the emperor, and successfully break through to the realm of the emperor in a short time, but at least understand that the value of this Baodan is extremely amazing, and it is immortal for the emperor. In terms of it, there must be great benefits...

At the moment, the ninety-eighth half-step emperor of the hostile camp, each of whom was rewarded with such a supreme treasure, they not only have no joy, but their faces are still full of such loss. And the color of disappointment.

I didn't want to be here, but I could only blink my eyes. After comparing the two sides, I could see the look of these guys' faces, and they could spur a popular blood on the spot.

What makes them even more puzzled is that the so-called demon Lord in the front of the demon temple does not know what is going on. The young cow is obviously inferior and deliberately collided. he

But not only did not annoyed, but also gave this kind of Baodan, and the first shot is the rain and dew. In addition to the green cow, the other ninety-seven half-steps of the emperor did not even have a share, it is simply popular to be crazy... .."

Green Bull, the Lord of the Lord appreciates you and your arrogant bones, rewards Bao Dan, still does not swallow quickly, immediately break through and enter the realm of Feng Di? "this

At the time, with the ninety-eight twenty-four-level Fengdi Dan from the front of the magic hall, Zhao Dong and Qian Nan, Sun Xi, and Li Bei instantly realized the meaning of Ye Xuan. .

After switching to a look, the former looked sinking, even when it was screaming to Qingniu and others...

Really a reward?

Actually, is it because I appreciate the reward that I am waiting for? green

The cow and other star-studded nomadic corps of the half-steps of the emperor face each other, the look on the face has become strange. Living

Still encountered this kind of thing? It's almost unheard of. It seems that the so-called demon Lord in the demon temple in front is really a freak. Do not

This is also normal, the existence of this level, the temperament is also very normal thing...

When I think of it, Qingniu swallows the twenty-four-level Baodan hanging in front of him, and swallows it directly... It's just white, it's not the old cow, I ask you for it, but it helps. I broke through the twenty-fourth-level Baodi Dan of the emperor's realm. Do not

Eat white, do not eat, after the village, but there is no such store. This

The old monster's temperament is strange, maybe he will change his mind after a while, so, now that Bao Dan is in front of him, he still swallows his stomach and first repairs himself as a breakthrough. One

With this in mind, Qingniu even closed his eyes even in the void, no longer pay attention to the other, concentrate on the ambition, and began to refine the body to form the majestic energy of the twenty-fourth-level emperor.

On one side, Yu Linglong, Long Yao, Gong Jun, and the old people of the Black Wind Tiger, the Roaring Moon, and the Sangzhi Star Field, as well as the three-jaw dragons, Longshan Tang and other prisoners. in

After seeing the behavior of Qingniu, he exchanged his head and exchanged a look. When he even bite his teeth, he raised his hand and took the twenty-four-level Fengdibao, which was suspended in front of him, and swallowed it on the spot. Of course

After that, it is easy to open the knees in the air, close the eyes, and start refining...

All of this happened too quickly, and it was very strange. When the bloody, Qingpeng, and Shishi tribes were more than thirty emperors immortal and more than two hundred emperors reacted immortally. green

The ninety-eighth half-step emperor of the cattle and other starry nomadic regiments has closed their eyes and launched a breakthrough...

Chapter 4659: Group of Emperor Jindi

At this moment, with the ninety-eighth half-step emperor of the Starry Nomadic Legion, such as the Blue Bull, after they swallowed a 24th-level Emperor Baodan, they all closed their eyes, so they were in public. breakthrough.....

On the other side, more than 30 of the bloody, Qingpeng and war lions are immortal, and more than two hundred emperors are immortal, all of them are stupid on the spot!

What is the situation? Say

Good to be captured together?

How did you get here, and the style of painting changed in the blink of an eye?

The young man of Qingniu even hit the so-called demon master in public, but he not only did not drop the punishment, but actually gave so many so-called Baodan, actually let the blue cattle and other people swallow on the spot, saying that ... Break through and enter the realm of Feng Di?

But how is this possible?

I really thought that this is the gene culture solution of the three major stars in the world. It is the ninth-order great perfection of the big realm. If you swallow a tube directly, you can break through in a short time. brain

These thoughts flashed through the sea, and the nearly three hundred people of the **** tribes were more than a strong man. The whole face was a little bit awkward, but the look on his face was full of suspiciousness.

To put it bluntly, their so-called breakthroughs for Qingniu and others have entered the realm of enshrining, and they don't believe it at all. They all have extremely skeptical attitudes...

The sacred demon temple standing in front of the giant life star atmosphere, after giving the ninety-eight twenty-fourth-level emperor Baodan, there is no movement.

Even Zhao Dong and Qian Nan, Sun Xi, and Li Bei are no longer urging the top leaders of the **** tribes on the other side to pay homage. he

It is natural to know that the Lord of the Devil is more concerned about the breakthrough of the Blue Bull. to

In the bloody, Qingpeng, and Shishi tribes, nearly three hundred high-ranking emperors were repaired. In the future, the disposal of hundreds of millions of warships in the distance was completely unsatisfactory. Some of them turned back slowly.

With this kind of thought, Zhao Dong, at this time, did not even pay attention to the high-level of the **** tribes. The sights all turned to the high-level side of the Qingniu Starry Nomadic Legion, closely watching their Retreat to break the situation. with

When it's a little bit secret, it means...

Time passed slowly, unconsciously, and half a day passed.

In this half-day, the void has always been quiet. before

The demon Lord who stood in the sacred hall of the giant life star atmosphere did not move. Zhao Dong and Qian Nan, Sun Xi, and Li Bei did not dare to have any change.

The four of them did not move, and the **** tribes of nearly three hundred high-ranking people, not far from the side, did not dare to make any changes. This

Nearly three hundred high-ranking tribes did not move. The countless three powerful people in the hundreds of millions of warships behind them could only hold their breath and calmly breathe. The atmosphere did not dare to breathe...

"Hey!"

When the atmosphere in the void was suppressed to the extreme, the green cows of the eyes were closed, but at this moment, the eyes were suddenly opened, and the sound of a screaming cow was raised.

Almost at the same moment, a powerful and incomparable scent of breath, diffused out of his body, which is clearly the immortal cultivation of the emperor... Only a short half-day time, swallowed the twenty-four After the order of Emperor Baodan, Qingniu successfully broke through.

Today, he is already a new emperor, immortal, stepping into the first step of this situation!

The sound of the burdock was too abrupt, and Zhao Dong and Qian Nan, Sun Xi, and Li Bei, who had already prepared for the psychological, had a sigh of relief, and all the faces showed a happy smile.

Not far from the bloody, Qingpeng and mad lions, the more than thirty of the emperors are immortal, and the other two hundred emperors are immortal, all face up. short

After the temporary sluggishness, they sighed with a sigh of relief, and they looked shocked and shouted...

"What? This green cow really broke through? But how...what is it possible?"

"In just half a day, I actually went straight from the imperial ninth order of the emperor, and successfully broke through to the immortal first order of the emperor. So fast, so amazingly effective, it is the genetic culture solution of the humanoid science and technology camp. Can't do it?"

What's more, the gene culture solution of the Terran Science and Technology camp is only an ordinary immortal agent, and there is no ordinary immortality..."

Against the sky! It's really against the sky. Just now that Baodan really can make the half-step Fengdi enter the real emperor's immortal order smoothly, isn't that..."

hiss! This is unlikely? Can the ninety-eighth half-step emperor of the Starry Nomadic Legion become the real powerhouse? If this is the case, it is clearly a group breakthrough, the rhythm of the group Jindi is simply unheard of..."

"Roar....."

These screams of exclamation have not yet fallen, and there is another horrible roar in the void on the right side. This

One breakthrough was the imperial army of the beast army, a rich and immortal enchanting immortal breath, which emerged from his body and became the second surviving emperor after the Qingniu. "

Roar! ""

Oh..."

"Hey..."

The strong people who did not wait in the void reacted, and then the sound of roar and screams rang...

In addition to the Qingniu and Gongjun, the Jade Emperor and the Dragonfly in the Starry Nomadic Legion, as well as the old folks of the Black Wind Tiger, the Roaring Moon, and the Sangzhi Star Field, as well as the Three-Pronged Dragonfly, Longshan Tang and other captive assemblies Seniors... in

In just one tea time, all of them have successfully broken through the shackles of the big realm, and the body has a rich atmosphere of imperialism.

From this moment on, with the smooth breakthrough, they are no longer the half-step emperor of the imperial ninth order of the emperor, but they have entered a new realm and formally become the real strong emperor. although

However, it is only the first stage of the emperor's immortality, but with the solid state of mind laid by the young cattle and others in the void for more than ten years, plus the top cultivation resources that Ye Xuan handed over to them. phase

Soon after the letter, the ninety-eight new first-class emperors will continue to enter the ninth-order grand perfection...that is, the so-called half-step sage.

At that time, they continued to swallow a twenty-six-level lord Baodan, and thus entered the universe in the same way, and now Zhao Dong and Qiannan, Sun Xi, Li Bei are in the same big The time is right... one

Cuts happen too quickly. From

Qingniu and Gongjun both broke through, and they were so excited that they rushed out of their hair and now they are only a tea time. This

In a short period of time, the ninety-eight emperors were immortal and the nine-step grand perfection of the half-step emperor, one after the other, all successively smoothly entered the emperor's immortal, and each person after the breakthrough, the first Everything is a joyful arrogance and screaming of the hair...

During this time, the joyful roar in Xusheng's forbidden land has not stopped for a moment.

Nearly 300 seniors from the bloody, Qingpeng and war lion tribes have already opened their mouths, their faces are dull, and even their eyes are almost out of their way...

Chapter 4660: Second round of reward

At this moment, with the joy and roar in Xusheng's forbidden land, it continued to ring for a while...

Not far from here, the top three high-ranking elites from the bloody, Qingpeng and war lion tribes have already opened their mouths, and their faces are dull, even their eyes are almost out.

After a short period of loss and sluggishness, more than 30 emperors were immortal, more than two hundred emperors were immortal, without exception, all face madness, trembled and stunned, and resounded all the time...

"What? Is this a dazzling one? Or is there an illusion..."

Breaked through! All broke through..."

In the short period of half a day, all of them have successfully made breakthroughs. They have become a true emperor, and this is simply incredible. No one can believe in killing..."

"Even if the so-called Baodan that they just swallowed, can really make the emperor's immortal ninth-order grand perfect half-step emperor, and successfully break through to the emperor's realm in a short time, but the success rate is too high? Ninety-eight treasures, but none of them failed. This is clearly a 100% success rate..."

hiss! Opportunity, the opportunity of Tianda, this Taozi is now also the perfection of the ninth order of the emperor. Damn... I should have grabbed one over. In that case, this Taoist is now also a strong emperor, saving a hundred years of hard work. Gong! "

"Maybe... we still have a chance!"

The exclamation of this side sounded like a tide, and the right side of the sky, has successfully entered the top of the 98-star Starry Nomadic Legion, such as the Qingniu, who has successfully entered the real emperor's realm. Instead, it was quiet.

At this moment, their hearts are naturally very excited, but they are forcibly suppressed, and the light is cut and chiseled, looking toward the front of the sacred temple that stands in the atmosphere of the giant life star...

So for a moment, they have even begun to doubt again that the existence of the sacred temple in front of it will be their own violent screaming. but

I thought about the many previous escapes on the edge of this Xusheng ban, but the other side has never been saved, they immediately left this thought behind. because

It is absolutely impossible for that. If it is a violent boss, how can it be regardless of their life and death?

But if it is not a violent boss, why is the other party so generous, even when they meet, they give out 98 precious treasures of the twenty-fourth level...

What appreciates the words of arrogance and arrogance, such as Qingniu and others, absolutely do not believe it. For more than ten years, they have been fleeing in the void, and have already seen too many false and hypocritical.

This kind of reason can't stand the scrutiny. If there is really nothing in the body that allows the other party to plot, they will doubt that the other party is bad at heart and has a disagreement...

At this moment, just as Qingniu and others are more and more confused, but they can't think of a reasonable reason, Zhao Dong and Qian Nan, Sun Xi, and Li Bei, who are in the air in front of them, are turning around. After exchanging a look, I heard again...

This time, Zhao Dong still turned to look at it. He slightly looked at the head and swept his eyes to the green cow. He said in a light way: "You have already won the reward of the Blue Niu Daoyou. All the members broke through, and they all went from the previous Fenghuang immortal ninth order. Great consummation has entered a new realm and has become a true emperor..."

"Now, it is time to pay homage to see the Lord of the Lord?"

"Wait for a long time, actually mentioning this nephew, it seems that your devil Lord is still really convinced by virtue, and willing to give up..."

The burdock grinned and turned to the side of Yuling, Longjing, Gongjun, and the old people of the Black Wind Tiger, the Roaring Moon, and the Sangzhi Star Field, as well as the Three-Pronged Dragonfly, Longshan Tang and other captive councils. The top executives exchanged a look. With

I only picked up afterwards: "It's a pity that I can't do it. If you want the old cow, I will lead a group of my colleagues and my lords to visit you, at least let him show his face first. Otherwise, everything will be avoided..."

The reason why there is such a requirement, in the end, is obviously because the doubts in my heart are too strong, and the blue cow simply can't figure out why this is all. when

However, in his heart, there is still a little bit of hope, although it is impossible for him, but in the presence of this sinister temple, is it a violent amnesty? Do not

In the end, whether it is right or wrong, in the first place, try to get the other side out and show it.

If it is not a violent boss, at least it can break the last hope of this heart. The province is now entangled, hesitating is difficult...

Listening to his words, Zhao Dong and Qian Nan, Sun Xi, and Li Bei have already guessed the thoughts of Qingniu.

The four people turned their heads and looked at each other. There was a touch of helplessness in the middle of the battle...to

On the other side of the other side, more than 30 of the bloody, Qingpeng, and war lions were immortal and more than two hundred emperors were immortal. At this time, without exception, they all blew their noses.

For Qingniu and others, all of them collectively entered the imperial concubine in one fell swoop, they are naturally very envious and shocked, because of this, the Starry Nomadic Legion has nearly one hundred immortals.

If you can escape this robbery today, give them some time in the coming days, let the nearly 100 emperors grow up immortally. At that time, in this piece of ruined land, they will be unprofitable, as long as they do not encounter strong I am afraid that no one dares to provoke them in the void. more

The bad thing is that these guys have gotten such a big advantage. At this time, they are still pretending to be forced here. It's shameless to make people feel mad...

However, this matter can also be seen from one side. The existence of the sacred demon temple in front, which is the so-called master of the devil, should be as ridiculous as the young cow said. What is the trick of obeying people, is not really hypocrisy...

"call out!"

Oh..."

At this moment, as the words of Qingniu rang again, Zhao Dong and Qian Nan, Sun Xi, and Li Bei exchanged their eyes. They have not yet decided what to do next...

In front of the black scorpion, which stands in the middle of the giant life star atmosphere, suddenly there is a sharp and unbroken sound of breaking...

Once again, everyone's eyes were drawn to the past, and they all jumped. very

Fast, with these sharp breaks sounding, a rush of glare came, and the blink of an eye came to the front, directly suspended in front of the blue cow and others. Living

However, it is another ninety-eight treasures, and each of the blue cows and others are suspended in front of them, giving off a rich and powerful energy. Look

To the Baodi Baodan hanging in front of him, the green cow changed his face on the spot, and the brain banged, and the other three and seventeen-step half-step emperors of the Three-Claw Dragon, Longshan Tang, and so on...

This time, even they were a little bit stunned, because this time the brilliance of the Baodan, clearly all are the 25th-level lord Baodan...
