Chapter 4661: Sudden stimulation

With the spur of the 28th Baodan in the second round, it floated in front of the Qingniu and other people, giving off a rich and powerful energy. green

The cow changed his face on the spot and the brain banged. three

Others, such as Claw Dragon, Longshan Tang, and so on, are also like this... he

We have already swallowed a twenty-fourth-level emperor's treasure, and naturally can clearly and incomparably sense the breath of this Baodan hanging in front of us, and thus determine its grade and effect.

This is the twenty-fifth-level lord Baodan. After the Emperor's immortal ninth-order grand reunion, one can continue to break through to the universe in a short time.

And such a precious Supreme Baodan, the presence of the black magic hall in front, but it is rewarded with a hand, and a reward is nearly a hundred, this kind of thing, let alone the Lord of the universe, I am afraid even the universe supreme, I can't do it... I don't have the skill!

At this moment, Qingniu and others were short of breath and their heartbeats accelerated. Their minds once again gave birth to huge doubts. Once again, they began to doubt the existence of the black magical hall in front of them. Will it be violent?

If it weren't for him, everything in front of him couldn't be explained at all. The 98-year-old lord Baodan is not comparable to the 98-year-old Emperor Baodan. This has surpassed the five great immortals and is absolutely supreme. Even is it among the top powers, even one, which is a precious treasure, not to mention the fact that today people are throwing nearly 100 pieces?

"The Green Cows are friends..."

At this time, the new Jinfeng of the Qingniu and the Starry Nomadic Legion were still in great shock, and Zhao Dong in the front of the sky had already made a sound again. light

Light smile, the first jaw of the jaw: "It seems that the Lord of the Lord really appreciates you, you have stopped the test of the second round, so the Lord of the Lord gave a second round of rewards..."

"The ninety-eight statues of the sages are the same as those of the former Emperor Baodan, but the level is higher. Each one can make the emperor's immortal ninth-order great perfection, in a short time, smoothly. Break through to the universe of the sage..."

You have just broken through to the first level of the emperor. At present, you can't use this lord Baodan. You can get it in your body and advance it to the ninth order of the emperor. At that time, Baodan will swallow again. In one fell swoop, I will enter the realm of the Savior..."

Oh..." This

Fan discourse just fell, the left side of the virtual air from the bloody, Qingpeng and war lion tribe more than 30 emperors immortal, and more than two hundred emperors immortal, instantly look changed, suddenly big work ... that

More than two hundred emperors are immortal, but most of the more than 30 emperors are immortal, and the existence of the nine-order grand perfection is not mentioned.

However, the **** and Qingpeng two masters are the most powerful, but they have reached the age of the emperor. this

At this moment, their excited necks were thickened in a circle, their cheeks were red, their eyes were green, and their bodies were constantly shaking. If

The urge to suppress the heart is not forced to rush out at the first time.

On the right side of the void, there are ninety-eight statues of the lord of the lord. If you grab one, you can make your own strength and break through to the universe in a short time. This temptation is probably anyone. Hard to resist. can

Forced to kneel down, these two old guys are enough to endure...this

At the time, Qingniu and others finally returned to God. After turning around and looking at each other, all of them were shot one after another, and the twenty-five sages who hang their teeth in front of them will be carefully taken care of. stand up.

"The Green Cow Daoyou, the Devil Lord is already the second wave of rewards. It means more to you and the value is even more amazing..."

In this scene, Zhao Dong nodded with a smile, and then said: "Now, you can visit the Lord of the Lord? You have to be grateful..."

"It doesn't work much. It's not a question of rewarding no reward..."

The eyes of Qingniu's eyes have long been smashed, and their looks are a little embarrassed. They stare closely at the black magic hall in front of them. They shook their heads and said: "I want to visit the old cows, or just say that, let you The devil of the family will show his face first..."

call out! "

"Hey..."

At this time, within the magic hall in front, a large number of sharp and empty sounds were heard again, and ninety-eight kilograms were spurred at a horrible speed, and finally came to an abrupt end.

When the ninety-eight-thousand-thousand-thousand-thousand-thousand-thousand-year-olds arrived in front of the ninety-eight star-studded nomadic corps of the Qingniu, they had already greeted the storm and turned into a nine-eighth tented sacred resource.

Within each canopy, there are five thousand squares of nine-color magical medicine, two thousand squares of chaotic medicine, and three thousand squares of other various cultivation resources, all of which are top-notch.

Don't say that the emperor is immortal, that is, the ancients can see it, they all have to be red-hearted, dry mouth!

This is obviously the third round of Ye Xuan's reward.

Since the beginning of the past ten years, both the young cows, the three-jawed dragons and the Longshan Tang, etc., have experienced hardships, especially the latter and others, facing the arrival of the tribes of the three major stars in the world. The pressure is greater. no

On what basis, they are worthy of the cultivation resources that Ye Xuan sent out in succession.

In fact, it's not just them, all the surviving beasts and survivors in the Starry Nomadic Legion, and the strong people from all generations and major forces, will return to a cultivation that matches their strengths. Resources, and the various levels of Baodan required in recent big worlds... this

One scene falls on the left side of the sky, from the bloody, Qingpeng and the war lions, more than 30 emperors immortal, and more than two hundred imperial eyes immortal, they will make them change again, and make a big splash...

It's not just the **** and the Qingpeng people who have the highest strength, and they have reached the old monster of the eternal perfection of the emperor's immortality.

Even the more than two hundred emperors are immortal, and the vast majority of the other thirty emperors are immortal. this

At this moment, their excited necks were thickened in a circle, their cheeks were red, their eyes were green, and their bodies were constantly shaking and shaking... He

They really don't know the colorful medicines, and they don't know the big drugs of Chaos. But they know the other top-level cultivation resources of the three thousand feet.

The nine-color magical medicine and the chaotic medicine are better than those things. The former exudes a stimulating energy, while the latter is more introverted, just like returning to nature. again

Plus it is the least in number, only two thousand square feet, so anyone can see it, the mysterious resources of these two thousand squares of gray and gray, must be extremely amazing...

More importantly, in a short period of time, the presence of the person in the black magic hall in front of him, in a dazzling time, sent two rounds of rewards, whether it is the sage Baodan or the top of the ninety-eight hood The cultivation of resources is extremely exciting. This

Under the circumstance of the turn, they finally couldn't sit still...

Chapter 4662: Ten thousand in the palm of your hand

"call out!"

"Hey!"

The third round of rewards came from the black magic hall in front, and stopped in front of the newly-received emperor of the 98-star Starry Nomadic Legion.

In the area on the left side of the empty area, among the **** and Qingpeng and the three lions of the Warrior, among the strongest of the three emperors, they immediately rushed out of the three figures and became more and more popular.

These three figures are all the strengths of the immortal mid-imperial immortality, but they are rushed out from the immortality of the more than thirty emperors.

However, the cultivation is the strongest, and it has reached the **** and Qingpeng genre of the ninth-order grand perfection of the emperor, but it has not been plucked. After all, **** is still old and spicy, the patience of these two old monsters, Still amazing.

What makes Ye Xuan amazed is that the three middle-aged emperors who rushed out, he actually knows all.

It was the blood of the first generation of the **** people, and the sorrow of the Dao Peng, who was the original of the Qingpeng nationality, and the Taoist tyrants of the lions. This

The three guys were not very strong at the beginning, and even two of them have been shot dead by Ye Xuan. I didn't expect to see you now, and the strength has also broken through the height of the imperial mid-term...

This is simply incredible!

However, Ye Xuan was only slightly stunned and quickly relieved.

Nowadays, the core ancestors of the three major star-studded main planes and the major ancestral lands of the world's top dynasties have begun to wake up. Among them, there are not only the universe, but also the universe. Lord, the universe supreme...even

Even the ancient powers of the ancients and the ancients of the ancients have.

At least, the **** ancestors of the ancestors of the **** ancestors were the late stage of the ancient powers, and Ye Xuan knew.

In addition, in the ancient existence of the sinister venom in the source of the evil, the **** unicorn and the nine sacred crocodile were two powerful ancient sacred sects, when they even sent a serious injury. God knows to go to the source of all evil...

In this case, behind the major ethnic groups and the top forces in the three major stars of the world, there will always be some core ancestors in the ethnic group. Like the Scarlet Unicorn and the Nine Secrets, it is also the existence of the ancient supreme level.

In fact, if the people of all ethnic groups, such as the tyrants, the horror, and the lions, are falling outside, as long as there is a seed in the ancestral land of the family.

Then, the core ancestors in their ethnic group who have awakened from the slumber of sleep, as long as they have the cultivation of the universe to the highest position, are enough to rely on some secret methods and means to help them condense the soul and reshape the treasure, and then resurrected and reborn...

These three guys are all Taoist-level figures. Naturally, there is no need to say more about talents. Most of them are also related to the high-level ethnic groups of their own groups. Therefore, it is understandable that the existence of the universe above the eminence will cost a certain amount of resurrection. !

These are not important. What is important is that these three guys have survived. This time, they actually want to jump out and look for death...

At the time, with the figure of the three men smashing out, the tyrants and the horror of the tyrants and the lions and the tyrants of the lions roared and snarled. One

The look on each face is very incomparable, the neck is hard, the chin is going up to the sky, the white eyes are turned over, the pair is incomprehensible, the second is God, the first posture of Laozi...

"The guy in the black temple in front, grinding and smashing for so long, have you finished the game? If you have finished, let's go back and go back, no time here to hang out with you..."

However, what pays homage to the glimpse does not need to mention at all. It is impossible. The ancestors of the ancestors of the ancestors, my horrified knees, have not softened to the fourth person..."

Right, right, that's it. You don't need to temper again and again. This is the temperament of our brothers. It is so straightforward. What do you say? Hurry up and have a slap in the face. Either let go of people right away, want me to wait to see you, it's daydreaming..."

As soon as this discourse was exported, the entire vast void was instantly dead. Do not

However, Zhao Dong and Qian Nan, Sun Xi, and Li Bei were both stunned. Even the ninety-eight new princes, such as the blue cow on the right side of the sky, opened their mouths.

In any case, they did not expect that there would be such three wonderful things in the immortality of more than 30 emperors in the enemy camp...

Seeing the words in their eyes is so bright and hard, but who is there to be a fool?

At a glance, they can see the calculations in their hearts. This clearly shows that the blue cows and other people have benefited, and they want to jump out and get some light.

Thinking of this, Qingniu and others suddenly turned their eyes, and did not say anything more. They continued to wave, and all the resources of this awning cultivation hanging in front of them were all in the body. This

It's no longer polite, because it's not just the green cow. Now, the other 97 new emperors, including the three-jawed dragon and the Longshan Tang, have already fully settled their minds... The devil in the black temple, no exception, 100% must be violent.

It is obvious that the former Emperor Baodan and the Sayādaw Baodan will be gone. Now, among the ninety-eight canopy cultivation resources that have been taken out, there are actually the legendary resources of the legendary medicinal herbs. he

They have been with Ye Xuan for so long, and it is natural for Ye Xuan's Shennong Ding and Dingzhong's Shennong Yiyan, as well as his refining pharmacy.

If there is anyone in the emptiness of this piece of ruined land, who can refine the legendary nine-color magical medicine, there is no other existence except the violent screaming...

What's more, in addition to the five thousand squares of the nine-color magical medicine, there are three thousand different other top-level cultivation resources, and two thousand feet of gray medicine that looks higher than the Jiu Cai Shen drug rank...

What is the precious top-level cultivation resource, the amount is so great, plus a gift of the Emperor Baodan and a Zunzi Baodan that were given before... If the presence in the black hall is not a violent boss, now Qingniu dare to pat his chest and say that his cow's head is cut off as a urinal!

But all this, the new recruits on their own side know the truth, but the guys in the enemy camp on the left side of the sky are not like this.

It is natural for the violent boss to give us Baodan and cultivate resources, but they jump out at this time and want to smother the heat. This is simply the rhythm of finding death...

"Let's relax!"

[illegible]

This time, Sun Xi shot, his face sank and screamed: "Bold, dare to slam the Lord of the Lord in the public, the death penalty can be exempted, the living sin can not escape... Everyone has a palm of ten thousand!"

The voice did not fall, Sun Xi has already shot, with his right arm lifted up, the innumerable palm of the hand, and the cover is overwhelming to the tyrants..."

Snapped! ”

"Hey..."

Chapter 4663: You dead cow

"Bold, I dare to slam the Lord of the Lord in the public, the death penalty can be exempted, the living sin can not escape... Everyone has a palm of ten thousand!"

Snapped! ""

Oh..."

The sound did not fall, Sun Xi has already shot, with his right arm lifted up, the innumerable palm of the hand, the cover is overwhelming to the tyrants of the three days, a time, a vast void, the original silence was Completely broken, the frequency is fast to the loud and audible slap sound, and it keeps ringing...

Sun Xi is the cosmic sage, and the martial arts of the tyrants of the tyrants of the tyrants of the tyrants of the tyrants and the glory of the lions and the lions of the lions are only in the middle of the immortal period.

What's more, now that someone is in the public to attack the Lord of the Lord, how can Sun Xi stay in hand?

If Ye Xuan secretly confuses him, let him slightly punish him. According to his meaning, on the spot, he will be able to smash the squadron into a **** fog.

But nowadays, the taste of this slap is obviously not good. Sun Xi's heart is already angry, and he can't shoot the three guys directly. It's impossible to have any hands between the shots.

蛟天天和鹏惊霄, 狮霸风 three people, each 10,000 big ear scrapers, Sun Xi this repair for a strong presence, shortly between the interest, it is over...

"puff!"

Oh..." this

Engraved, with Sun Xi's hand, the tyrants of Heaven and Peng, and the lion's tyrants, each of them spurted a blood arrow, swollen cheeks, like a pig's head, and even the skull cracked, looking dying. If you are not immortal, I am afraid that you will die.

All of this happened too quickly, and all of them were shocked. The nearly 300 hundred emperors from the bloody, Qingpeng and war lions were immortal. They were stupid on the spot, one by one. Full of confusion.

The change of this flail made them unable to guard against it, and their minds were a bit embarrassed for a while, and they had not returned to the soul.

Colliding with the Lord?

Ten thousand in the palm of your hand?

What is the logic?

Didn't the previous green cow not collide? what

Once again, they have been connected one after another, but for Mao, he can get several rounds of rewards, and they are all so amazing, but the same thing is put on their own people, the difference in treatment is so great? This

It is too despised, it is simply anger!

"The Lord of the Lord is merciful, leaving you three people with a small life. No matter who you are, if you commit another crime, you will be innocent!"

At the time, Sun Xi had once again made a sound, and his words were sharp. His eyes swept over the tyrants of the tyrants and the horror of the lions and the lions. They hated to take a piece of meat from them.

No one doubts Sun Xi's words. If he dares to collide with the presence in the black magic hall, he is absolutely going to kill on the spot...

In the middle of this thought, nearly 300 people from the bloody, Qingpeng and war lion tribes are immortal and above, all of them suddenly stunned, breathless, and the atmosphere did not dare to take another breath.

"call out!""

call out....."

A few broken sounds sounded, from the more than two hundred emperors immortal, timidly rushed out of a few people, daring to the tyrants and the horror, the lion and the wind three people in front of them Get on and take back your own camp. and

At this point, Zhao Dong has turned again, looked at the blue cow on the right side of the sky, and smiled and asked: "Blue Bull Road friends, you see, the third round of the Lord of the Lord's reward has come down again, this is the most Top-level cultivation resources, you should be grateful, it is time to pay homage to adults..."

Listening to these words, the nearly three hundred strong men from the bloody, Qingpeng and Shishi tribes on the left side of the sky all extended their necks subconsciously, looking to the side of the blue cow...

Most of my heart is speculating. With the saga of the tyrants of the tyrants and the horror of the lions and the lions and tyrants, this love is better than the young cows. If

If this is still the case, will the so-called demon Lord in the black magic hall in front of him continue to be as patient as before, so that he will serve people with morality..."

Visiting a fart! "Let

What everyone did not expect was that Zhao Dong's words had just fallen, and Qingniu had already turned his eyes and burst into a foul mouth. first

Before, although he insisted on not paying homage, his attitude was very tough, but at least his words were quite polite, but now he is directly open-minded, not to mention the three sides of the bloody, Qingpeng and Shishi tribes. Hundreds of strong people, even Zhao Dong and Qian Nan, Sun Xi, Li Bei, four people, were caught off guard, and they stopped on the spot.

The reason why Qingniu is so, is obviously because the heart has finally determined the reason for the speculation.

If the third round of rewards came from before, when he was hanging in front of him, he and the top of the Starry Nomadic Legion were only about 60%. that

What, with the arrogance of the tyrants and the horror of the tyrants, the lions and the tyrants were tens of thousands of people in public, and their grasp of their own guesses reached at least 90%.

Everyone is a prisoner who has been taken together, and they all ran into each other. Even if they are treated differently, there is no reason why the disparity is so great. again

Together with the two Baodan and the nine-color **** medicine, all of this is so familiar, all the evidence is directed at the violent amnesty, so the truth is basically no longer doubt.

But it is precisely because of this, the heart of the blue cow will suddenly emerge with resentment and anger. this

After the mouth was opened, the chest was still violently undulating, and the huge bull's eye turned over and smacked toward the black magic hall in front: "In the past ten years, we have a bunch of old brothers in this wild land." The debris is vain and vain, and now it's not even a dead one..."

He is good, actually hiding in the Xusheng ban, what is the master of the devil, this kind of ruthless and unrighteous guy, wants the old cow I pay homage to him, even if the sky is cracked... it is impossible! "

After that, the green cow turned to the side of the three-jaw dragon and Longshan Tang, as well as Yu Linglong, Long Yao, Gong Jun and the black wind tiger, Roaring Moon and others. urn

He snorted and said: "Old guys, we have been looking forward to a decade, but I did not expect it to be such a result today, and I should die..."

But it doesn't matter, let's a group of old buddies who haven't died yet. In this vain air, one day they will be able to find a personal appearance. Let's go..."

The three-jawed dragonfly and others waited for a trip, but they did not hesitate too much. Their hearts were obviously quite uncomfortable, and they were deeply resentful. At this moment, they nodded and turned to follow the green cow.

"Hey! You are dead, this star has just returned, don't believe you can't guess..."

Just at this time, just as the young cow wants to turn and leave, there is a sigh of silence in the black magic hall in front. tight

Then, under the flash of a man's eye, a star-shaped temperament that only succumbs to the heights of the sky, suddenly emerged from the emptiness in front of the sky, the anger of the face: "Don't be the star master does not know You deliberately don't care, just to swindle more benefits... tell you, there are no doors!"

Chapter 4664: Supreme

"Really you?"

Seeing Ye Xuan appeared, Qingniu suddenly appeared in front of her eyes, and she looked up and said: "Hey...you guy, I want to tease us a bunch of old brothers to play, and finally I was played by the old cow. Without this trick, you still don't know when to play..."

Obviously, the grief and indignation of Qingniu has only been installed. Take

His understanding of Ye Xuan, how could he suspect that Ye Xuan has been hiding in this Xusheng forbidden land in the past ten years, and fleeing in the empty sky outside of them, staring at them? Therefore

The grief and indignation that I said was just to spur Ye Xuan.

Obviously, he succeeded, and Ye Xuan was ultimately guilty because of his heart, and he took the initiative to show up...

At this moment, as he appeared, not only the blue cow, but also the three-jaw dragon and the dragon mountain Tang, as well as the jade, the dragon, the palace, and the black wind tiger, the moon, and others, in the pico After that, all of them were excited in an instant. One

Everyone looks flushed, screaming and screaming..."

Roar! The tyrannical storm is really a violent storm..."

I finally came back. For nearly two decades, we have been flying in the void for more than ten years. Now all this has finally come to an end. ""

The violent screaming return, the day when my starry nomadic army completely turned over... finally arrived! ""

Roar! ""

I have previously chased our existence in the void, and all have to look for the past, have a report, and have revenge..."

"Hey..."

boom! "

"Booming..."

The ninety-eight star-studded nomadic corps headed by the green cows screamed loudly, and behind the starry nomadic corps in the sky, numerous star-studded beasts, ancient survivors and powerful people, finally realized what had happened.

One by one, even more excited, and even a lot of survivors and strong people in the world, they are pushing the soldiers and the fortresses and fortresses at the foot, and blasting to celebrate the return of the violent boss...

Everything happened too fast. All the beasts and survivors of the Xusheng banned land, led by Zhao Dong and Qian Nan, Sun Xi and Li Bei, had psychological preparations. Naturally, they were not surprised. At this moment, they were just smiling and quiet. Look at it all.

The **** shackles in the left and rear voids, the countless strongmen of the Qingpeng and the War Lions, especially the top three who have been immortalized by the imperial family, are now open-mouthed and collectively thundered. It is. To

Now, they naturally understand what happened.

It is no wonder that the difference in treatment before is so disparate that I have been playing tricks all the time.

The Starry Nomadic Legion is not a prisoner at all. It's just that you are actually captured.

Let them be ashamed, the feeling of the heart is bitter to the extreme, more shocked and unbelievable, in the heart of the wandering...

For a long time, the master of the magic hall of the Xusheng ban was actually the big scorpion of the Starry Nomadic Legion. For more than ten years, the whole starry nomadic army regiment was led by the immortal leader of the Qingniu and other emperors. Wolverines fled, even if they encountered the most severe situation, they never gave up and bowed.

They have been roaring all the time, saying that there is a powerful amnesty behind them, and they will definitely return in the future. At that time, it will be a time when the Starry Nomadic Legion is a shame... This

Kind of words, no one believed in the past, all of them are laughing.

Who can think of it, all of this is true. Behind the Green Bull and the Starry Nomadic Legion, there really is a powerful amnesty, and its majesty not only has such a huge beast and survivor army, but even There are four cosmic people. to

In its own cultivation as a strength... brain

In the middle of these thoughts, the **** tribes of the emperor, the emperor immortal, the cold at the same time, the subconsciously all turned around, the line of sight brushed to Ye Xuan looked over... straight

At this moment, they suddenly realized that this figure was really not very eye-catching, and there was no such thing as a breath in the body.

It feels like it is not a strong star. but

The way he arrived just now overturned this point. It was the two great emperors of the **** and Qingpeng dynasties who did not see how suddenly he appeared in the front of the sky.

This kind of means, let alone the cosmic of the universe, is that the Lord of the universe may not be able to do it. Could it be that this violent, is a powerful cosmic supreme? This

A guess came to mind, from the **** and Qingpeng, the three lions of the warriors, the nearly three hundred emperors, the emperor of the emperor, suddenly all were shocked, shaking, but the whole heart, but instantly Sunk to the bottom.

Because in this emptiness of the ruins of the heavens and the earth, the supreme universe is now the most powerful existence.

Among the ancestral lands of the major tribes and the top powers of the three major stars and stars of the world, although there are also the existence of the ancient power level, even some ethnic groups have a stronger and more ancient sacred place. but

Basically, I am still in a state of slumber, and I have not recovered.

In fact, among the major ethnic groups and forces in the three major star planes of the world, even the existence of the ancient power level has not yet arrived here, and will arrive later. and

Nowadays, the strongest existence among the various ethnic groups and major power camps in the shards of this ruined land, most of them are the masters of the universe. There are only a few ethnic groups, and there are one or two initial universes.

In fact, this figure looks really not very eye-catching, only the starry sky is violent, it is really a powerful universe supreme, then this Xusheng forbidden land and the magic hall in a short time across the entire vast void It will be a fact that no one can change. This

Not terrible. true

What is terrible is that they and the green cattle, as well as the entire starry nomadic army led by the young cows, are rooted in a group. Want

I know that because the captive army in the Starry Nomadic Legion has a large number of traitors from the major groups and forces of the three major stars in the world, they have been in this vast void for more than ten years. Like a street mouse, everyone shouts.

Almost all of the major ethnic groups and forces from the three major stars and stars have participated in the encirclement of the Starry Nomadic Legion. This hatred has long since grown and cannot be resolved. Now

Behind the Green Bull and Starry Nomadic Legion, there is suddenly a strong cosmic supreme as a backing, a good day for all races and major forces, I am afraid that it will be over.

Here, the more than 300 **** tribes of the emperor and the emperor of the emperor, suddenly look at each other, all shaking their heads and laughing. and

At this moment, the 98-star star-studded nomadic corps of the Qingniu, after being surrounded by Ye Xuan, the Qingniu suddenly seemed to think of something. When the front turned, he directly saw Ye Xuan. In the past: "Da, what are you doing now? How can I not see the old cow?"

"Nothing..."

Xuanyuan grinned, and the cloud was lightly swaying: "It's just just stepping into... the ancient step of the ancients!"

Chapter 4665: Prince Edward

Ye Xuan's words just fell, and the whole film was lifted into the forbidden land.

Zhao Dong, Qian Nan, Sun Xi, Li Bei, etc., who are already aware of this matter, are outside the high-level ban, and all others, including the bloody, Qingpeng, and lion lions, and the blue ox. The strongmen of the Starry Nomadic Legion were all scared and stupid, and they fell into stagnation on the spot...

Ancient supreme?

Actually it is the ancient supreme?

This is the most powerful existence under the heavens.

Even the great tribes of the three major star planes of the world and the ancestors of the ancient forces may not have such terrible cultivation. The origin ancestors of some ethnic groups are only the ancient powers, and most of them are still In the midst of sleep, I did not wake up.

There are only a few of the most powerful ethnic groups and ancient forces. The originator of the source is the existence of the ancient supreme level, but without exception, it must be all in a deep sleep. It still takes a certain amount of time to get from the sleep. Wake up... but

Right now, within this Xusheng forbidden land, there is actually a powerful and desperate ancient supreme. Although it is only the first step in this world, it is enough to sweep through the vast expanse of the vast expanse of the wilderness. complete

In fact, whether it is from the base camps of the major tribes and forces of the three major stars in the world, it is also the forbidden land and the survivors of this powerful and fierce beast, which is the strongest of the core ancestors. It's just that the universe is supreme!

In the face of temper, even the ants can't count, and they can kill a big piece with a sigh of relief...

These thoughts flashed through my mind. The nearly three hundred emperors from the bloody, Qingpeng and war lions were immortal, and all of them suddenly trembled, revealing a deep despair. .

Especially the thirty more emperors are immortal, at this moment, the whole person has fallen into a collapse... first

When they were forced to contact Zhao Dong and Qian Nan, Sun Xi and Li Bei, they came to Xusheng forbidden. Although they were worried, they were not too worried. because

In their view, the core ancestors who lived in their own camps must come to the rescue after receiving news.

We must know that the bloody, Qingpeng, and war lions have two powerful cosmic masters in the base camp of the ruins of the ruins of the ruins of the heavens and the earth. In the base camp of the lions, there is even an initial situation. The Supreme of the Universe, just before this time...

They originally thought that Zhao Dongkou's Lord of the Temple of Devils was the only one in the universe. Such as

As a result, even if he was detained here for a while, he could eventually be rescued smoothly and returned to the ethnic camp.

It is expected that the changes in the situation have turned so sharply.

Xu Sheng's lord of the Forbidden City, that is, the figure in front of him is only able to stand tall, and it seems that the starry sky is horrible. It is actually a powerful ancient sage...

Although this is only what he said, even at this time, there is still no scent in this violent body, and no one can sense his cultivation.

But this is a powerful existence with four cosmic sages as subordinates, and will you be open to this kind of thing? he

Said to be the ancient supreme, it must be so!

For all the strong people who have been captured by the **** tribes, this undoubtedly represents the severance of life. For this life, don't want to have another day of escape, or be bombarded by others, or they will be enslaved. Eternal life, never turn over...this

On the other hand, all the strong men and the high-ranking people from the bloody, Qingpeng, and Shishi tribes were desperate, and the whole heart sank to the valley.

On the right side of the sky, the blue cow and the three-jaw dragon, the Longshan Tang, and the jade exquisite, the dragon, the palace army, and the black-wing tiger, the roaring moon, and other star-studded nomadic regiments of the ninety-eight emperors High-level, after a brief shock and sluggishness, at this moment, finally, the body shape was shocked, and all of them returned to God!

In the next moment, the horror of horror and the screaming of the screams once again, all the people, shed tears of excitement...

"Roar!"

Oh..."

The ancients are supreme, the old man of my old cow is the ancient supreme..."

Turned over! Our Starry Nomadic Legion finally turned over..."

"Because the guys are walking like a dog in the emptiness of this piece of wild land, the wolf has escaped for more than ten years. The brothers of that year have arrived, and the death is not even a success. This day, finally Come down!"

"All the ethnic groups and forces that once chased us in the void, whether it is the fierce beasts, the bereaved people, or the outsiders who are born and emptied of the ruins of the ruins of the heavens and the earth, all of them must be liquidated one by one, find them, and smash them into a whis... .."

Roar! ""

boom! ""

Rumble..."

The high-ranking members of the 98-star Starry Nomadic Legion, led by the Green Bull, screamed, and the numerous star-studded beasts, ancient survivors and powerful people in the starry nomadic army behind the sky also cheered and roared again.

A thunderous sound rang and the whole piece of void was boiling.

Every member of the Starry Nomadic Legion is very excited. Many of the survivors and the strongmen of the world have once again spurred the soldiers and the fortresses and fortresses at the foot of the people, and blasted the air to suppress their hearts. The endless resentment of the years, and the impetuous emotions in the chest filled with words...

...versus

At the same time, from the space of the universe beyond the edge of the forbidden land of Xusheng, the lineup is not very large, but the extremely elite fleet is speeding up and galloping towards it.

This fleet comes from the **** base camp, a total of 10,000 ships, all of which are large and small fortresses with a diameter of 50,000 meters and 100,000 meters. The commander who sits in this elite fortress army is the fourth-order 宇宙 of the universe. Prince.

There are also their protectors, and the strength has already reached the nine-order grand perfection of the Lord of the universe, that is, the six-headed **** half-step to the extreme...

In fact, with the strength of the prince and the head of the six **** universe, even if the news of the **** tribe's coalition was captured, it was a little late, but if they had the heart, they could also be escorted by Zhao Dong. The entire captive army and the Starry Nomadic Legion caught up with them before they arrived at Xusheng. but

The temperament of the prince is ridiculous. He seems to have decided to have his own work. Everything is not a problem, so he is not in a hurry. Plus, this is the first time he publicly appeared outside after he came to the emptiness of this piece of land. The platoon is definitely not exempt, so I will order an elite fortress army, just like a patrol, and chasing it up and down...

The virtual distance of about 10 billion miles, for the size of 50,000 meters and 100,000 meters of the size of the fortress, although not instantaneous, but under the full force, but it does not take much time. and also

The short time for a meal is not enough. This elite fortress army came to the edge of the Xusheng forbidden land. Without a half-stagnation, one end plunged in and drove straight into the...

Chapter 4666: Nothing will be available

"All the fortress orders, immediately start the guns, shoot three waves, let the guys inside know that the three princes... come!"

The elite fortress fleet rushed into the edge of the Xusheng ban, and the prince in the top control room of the central flagship fortress, he gave a command. listen

To this discourse, the change to the human form, a gray robe, and the six **** feet behind him frowned, seemingly wrong, but in the end it remained silent and did not say much. he

Although the strength of cultivation is stronger, the status of the **** people is not as good as that of the princes, and it is far worse.

Even in front of the **** nine, he was not seen at all, after all, it was just a **** side. If

The core ancestors of the non-blood-stricken people who have been repaired by the universe are not yet awake, and it is impossible for six **** scorpions to be entrusted with such a heavy responsibility, to serve as the Guardian of the prince, and come to this film together with them. The ruins of the wild world are empty...

In fact, he himself knows well.

With his position in the mind of Prince Edward, even if different opinions are put forward at this time, it is impossible to be adopted. Even more than half of them may be reprimanded by the public. This kind of thing is not without..."

boom! "

"Booming..."

Just as the six **** scorpions were slightly deserted, the 10,000-strong fortress of the entire elite army was already under the command of the prince, and the 10,000-gun slammed and sent out three waves of volleys...

The sound of the sound is earth-shattering. Because these three waves are only for the purpose of creating momentum, not for killing the enemy, the energy of the naval gun is not a black anti-material energy light cannon, but an ordinary ray of light.

Therefore, the vastness of the front is vast and empty, and the snow that shines on it is incomparably bright. The corner of Xusheng's forbidden land has completely become a white...

"Let's go out and show your face with this prince..."

The volley was smashed and smashed, and the prince must have felt that the platoon was almost the same. At this time, he looked up proudly and slowly got up. He applied his jaws and said, his body shape disappeared and appeared in the whole branch. At the top of the elite fortress army, with both hands carrying, as the fortress army marched forward, rushed forward! he

Although the temperament, but the brain is no problem, although the act is arrogant, but the discretion is still not forgotten.

As the body shape rushed out of the main flagship fortress, and came to the top of the entire elite fortress army, the first time the princes sensitized the gods to the extreme, and marched toward the front of the Xusheng forbidden area.

He is exploring and wants to see what the bottom of this Xusheng ban is.

If there is a powerful cosmic supreme here, then he will not hesitate, he will immediately order, let the six **** beg to him, and he will turn around at the first time, and he has not been found yet. , quietly leaving...

At this point, when his power of consciousness was fully extended, he followed the main flagship fortress, and the six bloodstains behind him also thought of it.

At this moment, the light in the eyes of the six **** eyes glimpsed, and there was a flash of resentment that flashed quickly, but in the end it was only a secret sigh and did not show up.

In fact, he knew in his heart that his so-called Guardian, to put it bluntly, was at the most critical moment, and he was the slain of the prince. can

Knowing that it is one thing, when everything in front of you reveals this clue, it is seen by oneself, and when it feels, it is another matter. only

Even if the heart is no longer sorrowful and resentful, the six **** can not help, in the **** family, because of the identity of the **** descendants, he is destined to turn over any wind and waves, and will never be the source of the blood. Bloody attention.

The only thing he can do is to hold his tail, to accept it, to be honest...

At this moment, with the power of the prince's gods full force, the forward speed was extended, and everything in the emptiness of the central star field in front of the Xusheng dynasty was immediately reflected in his mind.

However, Ye Xuan, who is in a violent form at this time, is surrounded by the strong emperor of the 98-star Starry Nomadic Legion of Qingniu, and because of his small size, he only has a slight change in his body. It is diffused, so it is invisible in the invisible. in

In his exploration of the gods, the central star field of the forbidden land, which is 100 billion miles away, is the most powerful existence. It is clearly only the four universes, and it is only the first-order sage who has just stepped into this world. .

In addition, no more powerful breath can be explored...

This result immediately gave the prince a meditation, but while the smile on his face appeared, he was cautious, and he once again urged the power of the gods to the extreme, to the central star field in front, and around And deeper areas, and carefully searched and probed again... knot

If there is no difference, this vast Xusheng ban will not say that the universe is supreme, even the Lord of the universe does not have one.

Even the four most powerful cosmic sages are just the first step in this world. For him who has already entered the middle of the universe, he is just like a real ant, a finger. Head, you can kill one.

These thoughts flashed through my mind, and the prince's mind was immediately fixed, and the look on her face was more indifferent and arrogant. its

The voice of the gods, full of arrogance, also came out at this moment, and there was a moment of emptiness in the air: "The front Xu Shengyu all listened, the **** ancestors of the lord, all the upper elders of the emperor, immediately rolled Come and visit the shrine, give you the time to think about it, and let the ten-person interest pass, and don't reach the person in front of the prince...all are innocent!"

In this discourse, the six **** standing behind him frowned again, almost subconscious. He also looked up and glanced at the central star field beyond 100 billion miles ahead, and the gods quietly extended, but Nothing is found.

This result makes his heart's uneasiness even stronger. The powerful sense of the half-step to the world tells him that there seems to be danger here, and... is extremely dangerous!

.....versus

At the same time, in the distance ahead, Xusheng, a hundred billion miles away, banned the central star field. early

The elite fortress army under the prince of the prince rushed in from the edge of the Xusheng ban, and when he drove straight, Ye Xuan had a clear sense. he

Even without urging the gods to explore, between the meditation, everything in the entire elite fortress army is clear.

At this moment, the other party did not know how to be so provocative and so arrogant, Ye Xuan slightly stunned, the heart of the fire also rushed out.

Almost subconsciously, he turned to look at the blue ox and other people, and finally thought back to the elephant fox and the Yingtai in Shennong Ding, and finally shook his head and sighed: "Two little lords, but also I am not qualified to let the Star Master personally take it, but you are too weak, not an opponent... Hey, no one will be available, so good!"

Chapter 4667: Another slap in the face

Hearing the sigh of Ye Xuan, the immortals of the Starry Nomadic Legion, such as the Blue Bull and the Three-Clawed Dragonfly, all looked stunned and subconsciously clenched their fists... He

Although they have just broken through the first-order cultivation, they have become immortal, but they are still too far away from the main territory of the universe. Even if they are not afraid of death, the final result is only being smashed by others. Lost is also the face of a violent tycoon... and

Zhao Dong and Qian Nan, Sun Xi, and Li Bei, the look on their faces is even more embarrassing. phase

Compared with the high-level starry nomadic army group, such as Qingniu, which was separated from Ye Xuan nearly 20 years ago, they separated from Ye Xuan for a shorter period of time, and it was more than ten years. At the beginning, Ye Xuan left the Xusheng forbidden area. Before Hong Meng's void, Lian Feng Di Bao Dan gave them. can

Even so, they have not been able to break through again after entering the emperor's immortal ninth order, and have spent many years in this realm, wasting a lot of time. straight

When the devil Lord came again, he gave a twenty-five-level lord Baodan, and they finally broke the state of stagnation for many years and successfully broke through.

Even so, their current cultivation is only the first step of the universe. Not to mention the Lord of the universe, it is the mid-term sage who has encountered this third-order or above. I am afraid that they will only return.

In the same way, they are not afraid of death, but the key is to repair the strength is not enough, rushed forward to be bombarded by others, lost is also the face of the devil Lord

The Lord of the Devil is a supreme and supreme position. At this time, he was provoked by two cosmic lords who are like ants. They rushed to the depths of their own territory to scream and scream, and their squats, even one can There are no generals who come in handy...this

What kind of thing is it? It's just sad...

Thinking of this, Zhao Dong and Qian Nan, Sun Xi, and Li Bei's faces were all red. After switching to a look, the four men bite their teeth. When they stepped forward, they asked Ye Xuan.

"Devil Lord, I am waiting for four people to fight!"

"Yes, although they have two masters of the universe, but the four of us are also the cosmic sages after all... At the same time, rushing forward to start self-destruction, it is impossible to kill, but also seriously injured one!"

Even if the other party is only seriously injured, and I am falling, this will not lose the face of the Lord of the Lord. After all, the fact that I have waited for four people to be weak and weakened a big realm is here. ""

Please ask the Lord of the Lord to fight..."

As soon as the words were released, there was a large sound of cold air in the air. green

Niu and three-jawed dragons, Longshan Tang, and Yu Linglong, Long Yao, Gong Jun, and the ninety-eight high-ranking nomadic regiments of the Starry Nomadic Legion, such as the Black Wind Tiger and the Roaring Moon, were briefly shocked and sluggish. After that, all the faces showed a shocking color.

But soon, they turned to exchange a look, and they nodded secretly. This

At the moment, Qingniu and others unwittingly accepted and recognized Zhao Dong, Qian Nan, Sun Xi, and Li Bei, including the entire Xu Xu banned countless beasts and survivors who were led by the four of them.

In fact, at this moment, regardless of life and death, in order to violently face the face of the amnesty, I took the initiative to ask for a battle, and to win myself as a violent swearing account, the dignity of the genius, which is enough to make people It's so moving. to

On the left side of the virtual air from the bloody, Qingpeng and war lions of more than two hundred emperors, Fengdi immortal high-level people, the moment of shock is obviously stronger. he

All of them have widened their eyes and looked at each other with a look of disappointment. Zhao Dong, who is very determined and incomprehensible, has an endless confusion and confusion in his mind...

They don't understand that the body shape in front of them is only high, and it seems that the starry sky is violent. Although it is extremely horrible to cultivate power, there is no need to doubt this. but

What is it that he can make his squatting squats so heartbroken. It

The former Qingniu and the whole starry nomadic army regiment need not say much more. In this piece of ruined land, the ruined sky is like a funeral home. It has been chased for more than ten years. The entire army is killed. Once, but never give in, in the most difficult moments, still choose to believe their violent screams, one day will return...

As for the four powerful cosmic sages in the Xusheng forbidden land, for the sake of this violent sorrow, the sacred dignity of the savage and desperate, the sinister dignity, took the initiative to ask for help, not hesitate to blew himself, to fight for death...

This is the cosmic sage, can cultivate to this level, which one has not experienced endless hardships and hardships?

Now, in order to maintain the face of this violent strongman, I would rather blew myself up, fight the enemy seriously, and die in this way... All this, if you don't see it, you will hear it, they will not believe it anyway. . "

Silly, you guys? "

In fact, Zhao Dong and Qian Nan, Sun Xi, and Li Bei's four people's battles were even shocked by Ye Xuan's heart.

But because of this, the anger of his heart became more and more fierce.

The ***** prince, who had forced his own generals to such a degree, was unforgivable.

Thinking of this, Ye Xuan turned his eyes, even when he smashed into the Zhao Dong, he replied: "Hey, your little bit of the universe, the two masters of the universe, are you qualified to let yourself blow?"

Don't look at you now only the universe, but in the near future, don't talk about the Lord of the universe, it is the supreme of the universe, maybe it will be at your feet..."

Between the words, the violent smashing of the cold mang, a turn to the front of the distance of hundreds of billions of miles away, the elite fortress army is coming to see the past. cold

Said faintly: "The two masters of the universe, a medium-term fourth-order, a nine-order great perfection..."

"The only one who is provocative is the former. As for the latter... It seems that there is a stagnation in the face. It seems that the grievances in the heart are not small!"

"So, the problem that the star is plagued by the aptitude of the star seems to be solved immediately! What if there is no cosmic sage in the moment? The big star is the one on the spot, and it is ok to use it for the time being..."

As for the dog's fart prince in the mid-term... I am too weak to be completely waste, and there is no value in keeping it. It is just to vent your anger and slap it down! "

After that, the violent shackles flashed again, and I didn't see how he moved. In the distant sky beyond 100 billion miles away, there was a crisp and loud applause...

Snapped! "positive

The negative hand stood proudly in front of the front door of the prince in the high altitude above the elite fortress. Without a warning, a furry slap in the face suddenly appeared, and a slap in the palm of his body, his eyes blinked. actually

Even if he didn't come and screamed, he was beaten to death by a slap, turned into a **** fog, spread and spread...

Chapter 4668: Not ridiculous?

Everything happened too fast, everyone was caught off guard, and when they reacted, the prince had become a **** fog and spread directly. small

The owner of the small universe, Ye Xuan now has no blood and fog formed after his body burst open, and he is not interested in it. One

The blink of an eye, the half-interest is not there, a powerful cosmic master, so the smoke is gone, the gods are gone... all this is too horrified and dreamy, everyone who sees it happening, is subconscious The ground held the breath, widened his eyes, and his body fluttered!

On the left side of the void, the **** Yi people's immortal ninth-order big round **** red, stunned: "Prince..."

An exclamation broke the dead silence in the void, and let all the star-studded powers who were stunned by the extreme shock, finally returned to the soul after the madness.

For a time, accompanied by a piece of the sound of cool air, like a flood of exclamation, banged out..."

what? The prince is actually... is it so depraved? ""

This is the core ancestor of the **** people. Not long ago, the three major star planes of the world have just come to this piece of the ruins of the ruins of the world. They have never had a battle. I did not expect to go out for the first time. This is the result! "

"The face of the **** people lost this time, it is simply losing face."

"In addition to the identity of this prince, it is said that it is the **** scorpion of the **** ancestor's first ancestor. Nowadays, it is slap in the face of a slap in the face, whether it is public or private, nine **** stunned after the incident. They must be extremely angry, and something big must happen..."

"I don't think it is necessary? What about the **** nine? In the legend, his cultivation is only a great power. In the face of a powerful and unparalleled absurd, is he qualified for that anger?" "

In my opinion, most of the time I pinched my tail, I swallowed this breath for a long time. The magic hall is not what he can provoke. It is a supreme, and it is enough to sweep the piece of the ruins of the wild world. It is impossible to have rivals. . ""

That is not necessarily the case. In the legend, the **** head of the nine heads is as long as the endless years before the endless years, it is already the strength of the eighth-order power of the ancients, but it is the peak of the late stage of this world. It is only one step away from the nine-order grand perfection. territory....."

"Although in the battle of the ruined world that collapsed the entire world of the wild, the nine **** scorpions suffered a lot of injuries, but after so many years, now the end of the flood will come to an all-round, nine **** Most of the injuries have already recovered, so there is no further possibility."

"If he has already entered the ancient destiny, and the supreme magic of the magical hall is the same level of cultivation, it is the initial absurdity. If it is a war, it will be hard to predict... ..""

After all, the nine-headed **** scorpion is an ancient late-stage power. It has lived from the distant old days to the present, but the Lord of the Temple of God has never heard of its name before. Obviously it is not from the wilderness to the present, but There is still a gap between the two, and the difference is different..."

As these exclamations sounded like the tide, nearly three hundred emperors from the bloody, Qingpeng and war lions, and the imperial monarchs, were finally completely honest, and the last hope in their hearts was also annihilated. Twilight flashes from time to time and begins to think about his own path...

After all, even the **** Yi people have been beaten to death by a slap in the palm of their hand. Then, in this piece of shards of the ruins of the world, there is obviously no one who has the ability to save them. If you want to live, They can rely on them now, only themselves. "

boom! "

"Booming..."

At the same moment, the thunderous roar sounded from the emptiness of the universe, which was nearly 100 billion miles ahead. Public

People subconsciously follow the sound, the look on the face can not help but become strange. Vision

In the line, following the arrival of the prince, the former eagerly rushed into the Xusheng forbidden land, and the elite fortress army that drove straight into the country, at this moment, the entire staff retreated, and the commanders in the 10,000-size-size fortress reached the command and kinetic energy. The cabin was fully open, and along the way, the speed quickly fled. with

When he retired backwards, there were six **** scorpions above the elite fortress. At this time, he was still a human form. At the end of the day, even the fighting state had not yet been revealed. This battle has already ended.

Or, it didn't really start at all...this

At this moment, the six **** hearts are incomparably complex.

For the fall of the **** prince, there is naturally no anger and anger in his heart, not to anger, but worry and fear are inevitable. complete

Actually, he is now the Guardian of the prince, but now the prince is dead and the half-roots are not left behind. The Guardian is not degraded, and the matter cannot be said wherever he goes. Milli

Undoubtedly, he is absolutely unable to go back to the **** family. Once he returns, the anger of the nine heads of blood will undoubtedly be poured into him. Session

At that time, he will become a slain ghost, and he will become a smothering bag of nine **** anger, and he will be buried with the prince.

The fall of that guy is purely self-defeating. For this kind of person to be buried, six **** feelings are worthless. Because of this, at this moment, with the horrible slap in front of the prince, his heart, There isn't even a single shot.

Of course, even if you shoot, it is not the opponent of others. In the end, you will be slap in the face of a slap in the face of the prince.

For him, as long as he can escape smoothly, leaving the horrible Longtan Tiger Cave of Xusheng forbidden is the greatest fortune.

After leaving, it is impossible to return to the **** family. It is impossible to publicly show up again. The blood of the nine heads will not let him go. He is only the nine-order grand perfection of the universe. Even the universe is supreme. Didn't arrive, facing the pursuit of a wild and powerful power, the only choice is to choose a remote place, and squat down for the rest of your life...

This is very wrong, and it makes him very unwilling, but in order to survive, this is the only choice. thing

In fact, even this helpless choice, at the moment, may not be truly realized, and it is very likely that it will be a ridiculous luxury delusion. because

For the six **** scorpions, the violent temper in front of the horror is still hundreds of billions away, but if the other party is willing, just one can turn it around and it will make him disappear. Place

The escape factor, the decisive factor is still on the other side, it depends on whether someone has let him go.

Just as these thoughts floated in my mind, the starry sky outside the 100 billion miles was suddenly violently turned to the side and looked over here. The middle and the six **** scorpions met, and the corner of the mouth smashed, followed by The sound of his knowledge is coming from afar: "It's all like this, you still want to escape, it's not too... a little ridiculous?"

At the moment, the six **** hearts were all sinking to the bottom of the valley, and there was endless desperation in the shackles...

Chapter 4669: Swallow it and say

"Where are all coming, why bother to go? Anyway, they are all a group, just come together."

"call out!"

Rumble..."

The voice of Ye Xuan's gods sounded, and the violent screams suddenly waved. In an instant, there was a horrible invisible force spurting away. In the blink of an eye, it was in the distant void of hundreds of billions.

The thunderous sound of the roaring sounded, the 10,000-seat kinetic energy tank full of strength, the size of the fortress that was receding at full speed, was immediately wrapped in a horrible force, spurred from hundreds of billion miles away, to bloody, blue The edge of the hundreds of millions of warships of Peng and War Lions has come to an abrupt end. versus

At the same time, the shape of the six **** scorpions was also taken by Ye Xuan from the distant and empty sky outside the 100 billion mile, and fell to the front of the **** tribes of nearly three hundred emperors and emperors. "

The existence of all the emperors above, immediately rolled out, who dared to hide, immediately murder. "

The object of this voice of God is obviously the size of the tens of thousands of fortresses that have just been taken from the sky.

"call out!"

"Oh..."

Quickly, the figure rushed out of the 10,000-seat fortress. The figure trembled and timidly shrank, gathering in the area where the **** tribes were nearly 300, and the emperor was immortal.

Sure enough, it was the elite army that the prince was hand-picked. Only 10,000 of the big and small fortresses had rushed out of nearly 100 emperors, and the emperor was immortal. After pouring into the left side of the void, the area was repaired by the emperor. The captive high-rises reached nearly four hundred in an instant. its

Zhong Xiu is the most powerful, and it is exactly six bloody. Even Zhao Dong, Qian Nan, Sun Xi and Li Bei are far from him. six

The cultivation of the **** head has reached the ninth-order grand perfection of the universe, that is, the half-step supreme, in the vast expanse of the Xusheng ban, this is absolutely the most powerful except Ye Xuan. The existence of it. can

Unfortunately, in the face of violent temperament, such a supreme horror is extremely incomparable, even if it is, it is no different from the real ants, even the ants are not as good.

However, for Ye Xuan, the six **** scorpions are obviously valuable. The key is that he has no cosmic supreme in his hands. When he encounters a slightly stronger opponent, he can only personally take it out. It is really annoying. more

What's more, this six-headed **** scorpion seems to be very resentful to the former prince who has been slain by himself. Therefore, after conquering it, the problem of loyalty should be small..."

call out! "

"Old man, what is the relationship between you and the little muddy that was just killed by the star master?"

The faint sound of breaking the air, the violent figure swayed, and the blink of an eye went to the front of the six bloody, grinning, with a playful color on his face, and a voice. this

At the time, although he was a violent form, the language of the human race was heard in the mouth, and the voice did not make any cover, because it was not necessary.

Therefore, I couldn't hear his voice, but not far away, the tyrants of the tyrants and the horror of the princes and the lions and the tyrants of the lions were first glimpsed, and then they exchanged their eyes for a moment, and soon the face suddenly had a suspicion of suspicion. Float...

Previously, they were punished by Sun Xi, who each rewarded 10,000 big ears, and their faces were all pigs and even seriously injured.

But after all, they are the sons of the respective ethnic groups who are being seen. They have a lot of healing herbs, and they are all in the middle of the imperial period.

So after swallowing the healing remedy with you, the injury has already recovered. and

The reason why they have a suspicious color on their face at the moment is because the voice in the violent temper of the front is so familiar... he

They have all dealt with Ye Xuan, and it is quite familiar to the metamorphosis of the seven enchanting ones.

Although more than a decade ago, the major tribes of the three major star planes and the top forces continued to enter the emptiness of the ruins of the ruins from the Second Universe, and later discovered that Tianhe The star master Ye Xuan seems to have also set off, and the whole Tianhe star is almost empty...but

This violent front is clearly a powerful and unparalleled absurd. Even if the Tianhe star master Ye Xuan is enchanting again, how can it be in the time when it is only in the short period of 20 years? Then grow to this height? that

It is absolutely impossible. brain

The thoughts flashed through the sea, and the tyrants and the horror of the tyrants and the lions of the lions exchanged their eyes again. They shook their heads and took this incredible guess directly to the back of the brain...

There are a lot of people who are so vast and have the same appearance. What's more, it's just that the sound is almost the same... I really think too much! "

The old man... is his beggar! "surface

For a question of supreme ignorance, the six **** cockroaches naturally did not dare to ignore it. Although the identity of this martyr was not very cold or even a little disgusting, at this moment, he still answered the truth.

It's just that the look on the face is a bit helpless, but there is a deeper indignation.

Because of his so-called Guardian, in the eyes of the prince and the **** head of the nine, it is actually a one-time substitute for sacrifice at any time. "

The **** of the shit..."

When the violent cockroaches rolled up their eyes, they whispered: "Now that little muddy has been hung up, your beggar is still alive, so you can return to the **** family?"

"I..." six

The **** slang of the head and the suspicion of the face also appear, because in his view, this respect is a horrible to horrible, ignorant, no matter how to deal with this problem, unless

Thinking of this, six **** sputum suddenly took out a touch of fine mans, breathing was a little rushed, the chest was ups and downs, but did not dare to ask, he was afraid that this is just wishful thinking, it is really too shameful It is. "

It seems that you are not stupid, but you understand the meaning of the star master..."

Putting six **** expressions into the eye, Ye Xuan naturally understands what he is thinking about, even if the jaw is first: "I will say it straight, the main lord of the star is now weak, otherwise it will be The little muddy is really not worthy of letting the star master personally..."

There are countless shackles, but no generals are available. This is indeed awkward..."

"The star master sees that you are not in the **** family, and it seems to be quite unsatisfactory. If you do, it would be better to abandon the darkness and turn to the magic hall of the star master?"

Having said that, Ye Xuan's words suddenly broke out, and when he waved his hand, there was a rush of anger.

In the blink of an eye, six **** scorpions are in the vicinity, hanging in front of them. It is a twenty-seventh-level sacred treasure, exuding a strong sense of supremacy...

At this time, Ye Xuan's voice also sounded again: "Oh, don't rush to make a decision. The Lord's Lord has time, swallow it and say..."

Chapter 4670: See my master

"Oh, don't rush to make a decision. The main character of the star is time. Let's swallow it and say..."

In the words, the violent hand raised, pointing to the twenty-seventh-level Baodan hanging in front of the six bloody...

This scene was too unexpected, and everyone in the void was all caught off guard and sluggish on the spot.

Soon, Zhao Dong and Qian Nan, Sun Xi and Li Bei, and the other eight emperors of Xu Sheng's forbidden land were the first to react. The face suddenly appeared annoying. he

Naturally, we can see that this is a twenty-seven-level supreme treasure. It is too precious. It should have belonged to one of them. But now, because the devil is not available, only Can be cheap, this six bloody.

Then, the blue cattle and the three-jaw dragon, the Longshan Tang, the jade exquisite, the dragon, the palace army, and the black-wing tiger, the roaring moon, and other nine star-studded high-ranking nomads, in the short-term sluggish After that, all the faces showed a depressed color. eye

I watched such a precious and incomparable twenty-seventh-class Baodan being beaten by six bloods, and they were extremely painful.

However, it is also true that the violent screams are not true. It is impossible to jump out of the cosmic master in the future, or even the existence of the cosmic sage in the middle and late stages, let him personally take it? Asahi

At the moment of the ban, it is necessary for a cosmic supreme to sit down. There is no one in the camp here, and it can only be absorbed from the outside. and

Although the six **** scorpions were in the hostile camp, they did not say that they were violently arrogant. He clearly said that he was not satisfied with the **** family, and he did not return to his heart. It was the most suitable object of absorption.

As for the left side of the void from the bloody, Qingpeng and War Lions, nearly 400 hundred emperors, Fengdi immortal, including the tyrants of Heaven and Peng, and the lions and tyrants, after Qi Qiyi, The look on his face is also rapidly becoming strange...he

They are a little bit stunned by the horrible starry sky and the moths. first

Before, but the good life was played by him, Ming Ming and Qing Niu and his under the Starry Nomadic Legion are a group, but pretending to say, appreciate what the blue cow's hurricane bones, but also successive rewards...

They are all heart-warming, and they are arrogant and arrogant, and the lions and tyrants are three people who are excited to jump out directly. They also want to follow the light. I didn't expect it to be drawn into a pig's head. Now I think about it. It's tears... that

Everything is still in sight. Now, this horrible temper is a slap in the palm of his hand, and after the slap of the scorpion, the scorpion prince of the **** scorpion is smashed into blood, and then turned around, actually turned to him again. The six bloodstains of the protector gave such a precious treasure... This

The style of acting is simply unpredictable. I can't figure out the number of roads, and I'm not sure what his mind is!

"This is... for the old man?"

The **** head is completely dumbfounded. Some hesitantly raised his hand and pointed to the twenty-seventh-level supreme Baodan hanging in front of him. He looked at Ye Xuan indefinitely, his face was full of suspicious colors... ..he

Although I don't know what this medicinal herb is in front of me, I can clearly feel the rich cosmic sage.

In the vagueness, the six **** scorpions even gave birth to a strong instinctive desire, and they wanted to swallow it, because he decided that this medicinal medicine must be of great significance to him.

However, this kind of thing is too much surprise. Even if the starry sky and the horrible starry sky are eager to earn their own income, there is no need to come up with such a precious treasure. With his strength, is there any room for resistance? How

Everything can only be gone! "

Telling you to swallow, where come so much nonsense? Storm

He turned his eyes and waved his hand impatiently: "Hurry, give you a half-day refining breakthrough... not waiting!"

"Half day time? Refining... Breaking?"

The head blood scared a big jump, he did not understand what the other side let himself break through, the universe supreme? Just relying on this remedy, and only half a day... How is this possible?

Although there are doubts in my heart, the six **** cockroaches dare not ask again. The violent temper of the starry sky is notorious among all the stars and beasts. The front is really powerful and supreme. People are already impatient now. If they are tempered again, if they provoke a slap in the face, they will shoot themselves, but they will find it...

Said, this Baodan hanging in front of you, although it is impossible for him to successfully break through the universe in a short period of time, but from the rich atmosphere that it exudes, it is absolutely only beneficial to swallow it. No harm.

If this is the case, then what else is hesitant, as the temper said, swallow it and say...

With this in mind, the six **** scorpions don't hesitate any more, even when they open their mouths and **** them, Bao Dan is in the belly. tight

Then he sat down in the empty space in the air, closed his eyes and started refining...

Xuan did not leave, and other people in the emptiness of the sky were even more dare to leave. I was able to leave. For a time, the whole piece of void was in a deadlock, including Zhao Dong and Qing Niu, all of whom would Mentioned the eyes of the blind, the eyes converge on the six **** eyes of the closed refining... This

But the universe is supreme, second only to the existence of the ancient powers of the wild, can you really break through in a short period of half a day with a small remedy? This

One point, even Zhao Dong and Qing Niu, who have swallowed other levels of Baodan, are somewhat uncertain...

The time passed slowly, and in a blink of an eye, nearly half a day passed. "

Oh..."

At this moment, I have been kneeling in the void, closing my eyes and condensing the six **** blood of the body's Bao Dan energy. Suddenly, I opened my eyes sharply and raised my voice with a shouting noise.

As the whistling sounds, a powerful and incomprehensible breath is also diffused from his body, and it is the first step of the universe!

"Breakthrough! Finally broke through..."戾

The whistling sounds, the six **** faces on the face will show the incomparable excitement of the joy, arrogance: "From this moment, my six **** scorpions have become the universe supreme, invincible, no longer need to The **** people are suffering from the suffocation..."

"Hey..."

I bother! "

The voice of his words has hesitated, and the violent voice has turned his eyes and snorted. This is how he said: "Is it a bit too excited? Isn't it the universe supreme? It is still invincible... You are Not burning your brain?"

"Moreover, the little universe supreme, is it necessary to be so excited after the breakthrough? When will it break into the wilderness and become the same realm with the nine heads of blood, you can't do it anymore? Still weaker in a big realm, just like this, just lose the face of the star master..."

The words are a bit rude, just like a basin of cold water splashing down, but the six **** but not a little bit careless, after setting the gods, immediately in the void, turned to Ye Xuan overturned: "six **** ... see my master !"
