

## Super D. S 467

### Chapter 467: Melee

At this moment, suddenly someone shouted: "The ghost king is cracked, the ghost king is cracked!"

what?

Everyone present was a glimpse and turned to look around.

Sure enough, this black ghost king, there is a crack.

This means that the ghost king is no longer in the ghost king.

"How can this be?"

Everyone has widened his eyes.

They fought for such a useless bead, which was simply in vain.

On the other side, the two grievances are also those who have not gone to the fine world to kill them all, one is not left.

Then they just rushed over.

"No, first solve these two grievances!"

The old man's face changed, and the brawny looked at it.

These ten people are still attacking each other. Now, it is an instant consensus, and the grievances are killed first.

Ye Xuan also took away the unlucky ghost and then joined the battle.

"This one I dragged first, you quickly kill it!"

The old man volunteered and shouted that he had already opened three grounds, and it was not a problem to drag it for a short time.

The other nine people and Ye Xuan paused, attacking the other one in an instant, and the ten masters of the fine world attacked together and the damage burst.

Within ten seconds, this grievance is killed.

"The strength of these two grievances is not strong, but the vitality is much higher than the general grievances..."

Ye Xuan thought in his heart.

Soon, this second grievance is also fallen.

Before they were divided into two teams, instead of choosing to drag one first, others quickly solved one because they belonged to different forces.

Now, in addition to the eleven of them, there are no other living people in this Ghost Palace.

"Oh, it's a bad decision. This ghost king has already broken the seal!" The old man looked at the group of bodies in the fourth column and shook his head helplessly.

"This ghost tomb has a triple seal. This ghost king has already broken the first weight. The entrance to the ghost king palace has the second weight. I don't know, where is this ghost king now?"

Someone asked.

"Maybe be near here, be careful."

Ten people are watching all around with vigilance. Now they have a common enemy, that is, the ghost king.

If they are careless, they are likely to fall into this place. At this time they can only pray in their hearts, this ghost king will not be too strong.

They looked at it for a few minutes, but they did not find it.

"This ghost king may have broken the second seal, or even the third seal."

"Yes, if it is still there, it will definitely be shot."

"Then we..."

At this time, the group suddenly fell on Ye Xuan.

"Ok"

Ye Xuan felt their gaze, and immediately flashed out and said: "What do you want to do?"

He is very strange, these people are still desperate, but now it is all focused on him, and both are killing.

But in the next moment, this group of people was also scattered and divided into seven teams.

There are two people on the old side, two on the side of the strong man, and the remaining six are each a team.

"Since the ghost king is a waste, what are these people doing, and staring at other people's shackles?"

Ye Xuan said in his heart, this way, it also combined his intentions, after all, he is also for the ring.

At this time, the old man said loudly: "Everyone, since the ghost king has become a waste, should you leave?"

When the words came out, the brawny immediately retorted: "Old guy, do you think I don't know? We are gone, let you swallow?"

"Ok?"

Listening to the words of the two, Ye Xuan is deeply surprised. Is there any other good thing in this ghost king's palace?

"Little brother, look at your appearance, you should not know. I am here again asking you to assist me. After the event, I will definitely thank you!" The old man once again pulled the road.

Because he can see that Ye Xuan is much stronger than others.

"Are you stupid?" Ye Xuan smiled coldly.

In fact, he does not know God, just acting.

"You have heard about it." The old man's eyes glanced.

He originally thought that Ye Xuan was just like he said, but he passed by, but did not expect Ye Xuan to understand.

"Old guy, things haven't come out yet, is it going to start?" asked a skilled master.

"Okay, if that's the case, then find out what to say first!"

The old man nodded.

"Sure enough, there are other things in this Ghost King Hall, even more precious than the ghost king beads!" Ye Xuan eyes lit up.

The middle-aged man who used to poison Wang Zong only said about the ghost king, but these other masters know more, which is a bit ridiculous.

"Okay, then it's all right!"

The brawny is also agreeing.

At the moment, they are again stunned and looking for something in the Temple of the Ghost.

Ye Xuan also learned how they look and wandered around the Temple of the Ghost, but they didn't know what these people were looking for.

The eleven of them were squatting in the Temple of the Ghost King. At the same time, these people also observed other people to see if others found something.

at this time.

"what!"

Suddenly a scream rang.

Everyone turned around and saw that a master of a savage world was smashed, and it was the old man who smashed his head.

"found it?"

Everyone thinks so in my heart.

The atmosphere in the Ghost Palace was instantly suppressed, and then the war broke out again.

"Kid, I think you have been unhappy for a long time, go to hell!"

A master of the savage world shouted and smashed toward Ye Xuan.

"you wanna die!"

Ye Xuan double smashed out two fine mans, the Beastmaster violently opened directly, although it is said that there is not much use of power in the fine environment, but it is a point to improve a little strength.

Although this master of fine world is only getting through a land, but he is already trying to get through the second, the strength is not bad.

Unfortunately, he met Ye Xuan!

"Hidden Dragon Sword Method, Hidden Dragon Spurs!"

A cold man has not entered the head of this master of the real world, and instantly killed him.

He couldn't think of it, Ye Xuan's hidden dragon sword method has reached 90% of the fire.

Although the same is to open up a local vein, but Ye Xuan's strength is not comparable to him.

"Humph!"

Ye Xuan sighed coldly, and in the past he took away the shackles of this person.

"Hey, the host has gotten through the two veins!"

A reminder sounds.

In the fine world, every time you open a land, you can call more heaven and earth. At this time, Ye Xuan has a huge leap in strength.

After he killed the man, he turned his head and found that the other side of the nine had already been beaten.

The old man, who has become the target of everyone, was launched into a group attack.

"No, that blood seed is not here for me!"

The old man hurriedly shouted.
