Chapter 4671: Request for inclusion

As the excited mood calmed down, the six **** scorpions set their minds, and immediately in the void, turned to Ye Xuan and turned over and said: "Six bloody... see my master!"

Clearly, it is a rhythm of complete reverence, not only because of the 27-level supreme Baodan, but also because Ye Xuan gave him a new life, and gave him a proud excitement, no longer being squandered by the **** people...

Undoubtedly, from then on, six **** will become a great general that Ye Xuan can trust and be heavy enough. His loyalty is absolutely no problem!

This is exactly the result of Ye Xuan. At least, in a short period of time, his own majesty, there is finally a universe supreme, and the embarrassing situation that no previous generals can be used, has finally become history...

"call out!"

During the meditation, the violent wave waved again, and in a moment there was a spurt of anger, hanging in front of six **** bodies.

Although there are thousands of squares, they are all just the colorful medicines. There is no chaotic medicine. It is not that Ye Xuan does not trust him, but that the six bloods are new. After all, the treatment in this area is not In the case of the establishment, it was immediately equal to the old folks such as Qingniu, and it was unbiased.

Anyway, for the six **** scorpions that have never swallowed the big flesh and blood medicine, it is just the versatile sacred medicinal medicine that is enough to make his cultivation power break through the late seventh and eighth stages of the universe. The situation, in a short time, it is enough to use! "

Thank you! "

"call out....."

They have already been sincere, and the six **** cockroaches will naturally not be entangled any more. They will be thanked and waved their hands and will directly put away the awnings. he

Naturally, I can see that the cultivation resources that I have never seen before are absolutely nothing. The preciousness of this awning will not be under the magical treasure of the previous one, so I am full of joy at this moment, and I am glad to be glad. "

This canopy is a magical medicine that allows you to break through to the late 7th to 8th order of the universe..."

Micro-nod, Ye Xuan said: "After use, naturally will give you, first account, in the future combat deduction..."

"Go, go find a life star as your land of the cave, retreat with peace of mind, and stabilize the realm that has just broken through. Now it is only a first step in this situation. After all, it is a little weaker, but now the war is just around the corner. More time makes people continue to break through..."

"But you can rest assured that after the war has come to an end, it will naturally give you time to retreat, and soon break through to the universe's supreme ninth order, and the Lord will give you a great power, such as the talented treasure. Like Dan, in a short period of time, you will be able to break through the bottlenecks of the big realm and smoothly break through the wilderness..."

"hiss!"

"The original one was called the Supreme Baodan, and the Lord of the Lord is in the hands of the Lord... Is there still a great power?"

In this discourse, the six **** bodies were shocked and stunned. "How can this be possible? With just one Baodan, you can break through the bottleneck of the big realm in a short time and make a smooth breakthrough... It's just a thought!"

"What is impossible? Have you just swallowed a supreme treasure?"

The pouting, violently talking between the fingers and the blue cows not far away, and other high-level star-studded nomadic corps: "Before you arrived, they were 98 people, just everyone swallowed a Fengdibao Dan, a smooth breakthrough..."

After that, he turned his right arm and pointed it to Zhao Dong and Qian Nan, Sun Xi, and Li Bei. "Not long ago, the four of them also swallowed a sacred treasure, so they broke through smoothly. In the universe of the sages..."

In addition to this, there are also the main lord Baodan, the powerful Baodan, and even the ridiculous Baodan..."

In short, from the beginning of the immortality to the end of the ancient times, the Lord of the Star has a Baodan corresponding to every big realm. As long as the strength reaches the ninth-order great perfection of the previous realm, after swallowing, in short In time, you can break through..."

Of course, all the treasures, including the colorful medicinal herbs that have just been given to you, are the most advanced cultivation resources, and they cannot be given in vain. Even if the owner of the star is a genius, it must be martial arts. Come change. "

"Of course, if the war is not enough, but you need Baodan and flesh and blood medicine urgently, you can also record it first, and then deduct it from the battle, for example, you... this is the case now!"

"The subordinates understand!"

Until then, the six **** scorpions returned from the extreme shock, took a deep breath, and he even made a big gift to Ye Xuan on one knee: "My heart is assured, the subordinate will repair After the stabilization, immediately go out and fight for the Lord, accumulate the merits!"

call out! "Say

After all, the six **** scorpions will not delay, and when they are swaying, they will rush to a distant life star, and their body shape will disappear.

Devil Lord, these guys... How to deal with it? ”

At this time, Zhao Dong has stepped forward and handed a fist to Ye Xuan: "This joint army is from the bloody, Qingpeng and war lions. In the past ten years, these three tribes have been chased. The Starry Nomadic Legion of the Blue Bull Brothers, and more than once, is really hateful, or else..."

Said, Zhao Dong raised his right hand, compared to a sly gesture, the **** tribes in the distance, nearly four hundred emperors, the emperor, all immortal, all stunned, even when the face is white one slice.....

"thump!"

"Plopping through..."

Nothing to wait for Ye Xuan to return, there was a large plop in the left side of the void.

Looking around, the bloody, Qingpeng and War Lions nearly 400 hundred emperors, Fengdi immortal high-level, is no exception, all learn the appropriate six **** look, toward Ye Xuan single knee Going down and paying homage to the ceremony...

The reason for this is that on the one hand, Zhao Dongshi was scared to dismiss them. These guys are all strong and strong, and they are hard to come by. The vast expanse of the ruins of the ruins of the world, have not yet had time to show up, who will be willing to fall so easily? when

However, the more important reason is because of the words of Ye Xuan. he

In the hands, there are all kinds of treasures from the seal of immortality to the ancient realm of all ages, as long as they reach the ninth-order great perfection of any big realm, after swallowing the next realm of Baodan, in a short period of time , can break the bottleneck of the big realm and successfully break through...

It is definitely a temptation that no star power can refuse. If you don't know it, you know it now, especially when you see the high-level members of the Starry Nomadic Legion, such as the Blue Bull, and the six **** ones. Incomparably after the breakthrough on the spot. he

They have long been convinced of this matter, and finally understand the high-level members of the Starry Nomadic Legion, such as Qingniu, why they have been so determined to this mysterious temper.

With this kind of advantage, the fool will have two hearts, even if they don't all move their minds? And it's absolutely sincere and sincere, pleading for the rhythm of the collection...

Chapter 4672: The Four Great Arms of the Magic Hall

"You... what does this mean?"

Looking around, I saw the high-altitude on the left side from the **** and Qingpeng, the lions and tribes of nearly 400 hundred emperors, the imperial emperor and other high-level people, there is no such thing, all in one place in the void After you kneel down.

In the violent gloom, the corner of the mouth flashed a touch of smile that was quite interesting: "How? Ask for mercy? This thing can not be mastered by the Lord, for more than ten years, Deceived by you...but they!"

Talk, violently raise your hand, pointing to the high-level occupants of the ninety-eight starry nomadic corps of the blue sky on the right side of the sky...

For these guys, Ye Xuan really didn't pay much attention to it. It's a big deal to kill them all. It's dead. At least hundreds of millions of warships can be used as combat power, and they are enough to supplement the starry sky that is now seriously reduced. The Nomadic Legion...

Therefore, the life and death of these guys, Ye Xuan did not intend to be their own master, everything, they were handed over to the senior officials of the Starry Nomadic Legion, such as Qingniu, to decide for themselves...

Helping the guy obviously saw that Ye Xuan was not joking, and his face changed instantly.

However, my heart still has the last hope. I turned to the mutual vision. More than 60 of the **** tribes are immortal. In the moment, there are several people who have cultivated the highest strength and have spoken out...

"The devil Lord, over the past ten years, I have indeed repeatedly chased the Blue Bull Taoist and his underarm star nomadic army in the void..."

"But this matter is just a different position. If you really want to say it, there is no right or wrong. After all, the Starry Nomadic Legion has strong men from the three main planes of the world, and this is also the fact. As a high-level group of any ethnic group, it is impossible to sit back and ignore it. I am also acting according to my life."

"But now, I am waiting for the Lord of the Lord to compile. Although there is a life-seeking thought, but more important, it is still to fight for the opportunity. The Lord of the Lord has also said that it is a shame, and it is plain. Is the person going to the heights?"

"I waited for all the tribes to come to this strange land of the ruins of the world from the three major star planes of the world, in order to seize the creation, find a breakthrough and improve the opportunity for cultivation..."

"This is not wrong. Any star power has this kind of obsession. Now, we have seen the bright future of the magic hall, and we are longing for it. We sincerely wish to be sincere and will fight for the devil in the future. In exchange for the opportunity of self-improvement, what is wrong with this?"

"Please also ask the Lord of the Lord to pity and give me a chance..."

At the end, nearly 400 people from the **** tribes, the emperor and the emperor were immortal, once again clenched their fists, and the light was firm, tightly locked on Ye Xuan's face, full of promises...

These words, it is extremely pertinent, not mixed with water, have to say, even Ye Xuan is somewhat agitated. but

In this matter, he still can't be the master, so he did not express his position. Instead, he turned to the high-level members of the Starry Nomadic Legion, such as Qingniu.

These guys are now entangled. On the one hand, they are really resentful of the **** and Qingpeng, the war lions.

On the other hand, the current Xusheng forbidden land is indeed on the verge of employing people. This time, the **** trio of the captives has a lot of fighting power, and it seems that it is really sincere and sincere, if it is compiled, it is not small... brain

These thoughts flashed through the sea, and the high-level members of the Starry and Nomadic Legion, such as the Green Bull and the Three-Claw Dragon, and Longshan Tang, looked at each other and secretly exchanged ideas with each other.

Ye Xuan did not urge, smiled and stood by to wait for the final result. No matter what decision they made, they would support...

Soon, the final result came out. green

The high-ranking members of the cattle and Sangzhi relic tribes did not speak, but the high-ranking members of the parliamentary parliament, such as Three-jawed Dragonfly and Longshan Tang, stood up and made a sound...

"You can, but you can only be a captive army, check and use it! And the hat of our old captive army, from today, has also been removed..."

In addition, all the 100,000-meter-diameter big fortresses in your hands have to be contributed as compensation. From then on, all the battleships of our old captive army will be big fortresses, and even small fortresses of 50,000 meters in diameter will not be used. You differentiate the treatment!"

"There is nothing else, anyway, you want to take advantage of it. In the future, you have to rely on the dedication of combat. This is not a fool..."

This discourse is not so much to the seniors of the **** tribes. It is better to say that it is to Ye Xuan. He naturally heard the meaning of it. After shaking his head and smiling, even if he waved his hand: "If this is the case, This matter was settled. Today's tribal prisoners of war and all warships are compiled as captive corps, and the old captive army in the Starry Nomadic Legion is withdrawn."

"In addition, the big fortress in the POW Corps today was handed over later and used by the old captive army..."

"From now on, under the Temple of the Devil, set up four major regiments..."

"The beasts of the beast army, the remnant army, the nomadic army, and the ... captive army!"

In the words, Ye Xuan even detailed the details of the large army of the genus. total

In a word, the Starry Nomadic Legion and the starry beasts, the ancient survivors of the Xusheng forbidden land, and the **** tribe captives who had just been compiled were all disrupted, and then divided into four major regiments according to his rules.

The first one is the Beasts of the Beasts: it consists of the starry beasts that originally lived in the void of this piece of wild land. Including the beast army of the original Starry Nomadic Legion, as well as the starry beasts in the Xusheng forbidden land.

At present, the commander-in-chief is Qingniu and Yuling, Longjing, Gongjun, Heifenghu, Lunyueyu, and other emperors of Xusheng's forbidden land are immortal, with a total of more than forty.

As for the star-studded beasts of different strengths in the legion, the total number is about 100 million!

The second is the Legion of the Survivors: consisting of the tribes of the Sangzhi relics and the tribes of the survivors of the Xusheng forbidden land.

The current masters are Zhao Dong, Qian Nan, Sun Xi, Li Bei and other four cosmic sages, as well as more than 20 emperors of the Sangzhi tribe.

The total number of survivors in the legion is also about 100 million, and there are 10 million warships!
its

The third is the Nomadic Legion: In fact, it is the former captive army, but now, after the final test, they have removed the hat of the captive army. The entire nomadic army is all strong from the three main planes of the world. There are both human beings and the second universe, and even some of the slave servants of the First Universe, as well as the powerful parties of the former Venusian Federation. Head

The former commander was a member of the original prisoners' parliament, such as the Three-Claw Dragon and Longshan Tang. A total of more than 60 people were repaired and the strength was all immortal.

The army has the largest number of troops, totaling more than one billion, and the warships are 100,000 meters in diameter, a total of 20 million!

The fourth is the captive army: at present, there are only the captives of the bloody, Qingpeng and war lions. Head

The former commander was more than sixty emperors from the three tribes, and more than three hundred emperors were immortal.

The total strength exceeds 10 billion, all kinds of warships and large and small fortresses, and small fortresses of 50,000 meters, the total number is close to 500 million!

Chapter 4673: Wild power

The division of the four major regiments is quickly completed! From

After this, the bloody, Qingpeng and Shishi tribes were captured by hundreds of millions of warships, nearly 10 billion troops, and more than 60 emperors immortal, more than 300 emperors immortal, they formed a military and became The fourth largest army under the Temple of the Devils - the captive army! although

Since then, I have been myself, and my heart is indeed extremely eager for a twenty-five-level lord Baodan, but the **** and warrior lions are the ancestors of the ninth-order grand perfection, but they are not very happy. Open your mouth now and apply to Ye Xuan.

After all, it was just being captured, and the self-feeling was a bit awkward. It was really difficult to open this mouth. "

call out! "

"call out!"

Just as the two of them were tangled, two glares came from the front, and they stopped in front of them. They looked at them with two eyes, and they were full of two powerful cosmic sages. This

The two half-step sages who had just been captured were madly frustrated and took a sigh of relief..."

Although the two of you may not be able to do it, they are still in the period of viewing..."

At this time, Ye Xuan's voice has already sounded: "But nowadays it's time to hire people. The captive army really needs two powerful cosmic sages to sit in the town. These two lords Baodan will be issued to you in advance. buckle....."

Upon hearing this, the two of them were overjoyed, and immediately waved their hands over Bao Dan, who was hanging in front of them, and carefully thanked them.

"Let's do it yourself..."

Ye Xuan nodded and waved their hands to let them go to the divided area, and they chilled for a while with Qingniu and others, and finally turned and plunged into the hall.

"Booming..."

Between the movements, the black magic hall suspended above the atmosphere of the Dongfu Star slowly descended into the atmosphere, and settled in the most embarrassing peak. leaf

Xuan first waved Shennong Ding to hang it, hung behind the giant peak, and then swayed, even when he stepped into the fascinating treasure of the tripod, he entered the Ding interior space, sitting on the knees The volcano in the central domain of the Dingnai space.

It was time-critical, so there was no breakthrough, but now everything has been dealt with, and finally it is time for him to swallow a twenty-eight-level powerful Baodan, impacting the real wilderness. "

call out! ""

Oh..."

As he waved, very quickly, a lot of faint sounds broke through, and in a moment there was a rush of glare, hanging in front of him, all of which he took out from the immortal world to develop this breakthrough. .

Including all kinds of evil sources, as well as the colorful magic drugs and so on. more

There is a chaotic medicine with a thousand feet!

When everything is ready, Ye Xuan will mobilize Shennong Ding's domain power in the first time, and compress all the cultivation resources to the size of only the baby boxing. One

In the wave, this baby-sized ball was swallowed into the belly by Ye Xuan and quickly opened. "

Oh la la..."

All this has just been completed. When it is compressed into the entrance of the energy ball of the size of the baby fist, Ye Xuan's body has a sound of chains and sounds, and all the resources in the previous swallowing entrance melt instantly.

In the blink of an eye, Ye Xuan's body has a huge energy river.

Under the sorrowful spirit, Ye Xuan urged the energy that was just formed in the body of the river, fully and continuously in the hundreds of veins, and launched a second big day of operation!

This time, what he wants to impact is the bottleneck of the big realm. Therefore, when the energy in the body is swimming in the meridians, the pain is very strong, but Ye Xuan has long been used to it, completely ignoring it. .

Because the impact is the bottleneck of the big realm, this breakthrough has been slightly hindered. After using it for eight days, the energy formed in his body was completely refining...

This hang-up energy was carried out on the Zhou dynasty in the meridians, and finally disappeared completely. It was integrated into his soul and body. Ye Xuan only had a sudden impact on the power, and the chain of shackles was broken.

And the system prompts in anticipation are also very fast in my mind...

"Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the ancient power of the ancients!"

"Hey, congratulations to the host, the physical and qi and blood boundary breakthrough! The current realm: the ancient power of the first step!"

Break through! in

After entering the emptiness of the ruins of the ruins of the heavens and the earth for decades, Ye Xuan's repairing power finally broke through and entered the wild and powerful environment! first

Before, the cultivation of his deity was the perfection of the ninth order of the universe. After the activation of the blood of the ancient konjac in the body, he could climb to the first step of the ancient power. and

If you use the konjac and change the magical powers and reach the ninth change, the combat power will immediately rise to the first level of the ancient sage.

If you count the first-order bonus of the flesh and blood on the strength, the true combat power is even more than the second-order absurd!

However, as he swallowed a twenty-eight-level powerful Baodan, his own cultivation was officially broken into the first step of the ancient powers of the ancients. After the activation of the konjac blood in the body, Ye Xuan will have a wilderness in an instant. The second-order power of the power is the strength.

Then show the blood and magic of the konjac nine changes, and directly into the ninth change, its peak power will be able to reach the second level of the universe! this

In addition, in the huge body of the giants of 60 million miles, the pounds of the arrogant force of the first-order addition to the real power.

Nowadays, the most powerful force he can show will reach an unprecedented third-order absurdity! This

It is already the peak of this period.

It can be said that in the middle of the middle ages, the current Ye Xuan is absolutely invincible! thing

In fact, he still has the secret of blood and sea. Once he is motivated by the blood and sea secrets, Ye Xuan will immediately condense three blood and sea avatars, all of which have enough horrific power to overcome the third-order.

In the case of three wars, if you use the sacred bow of this sacred bow, you will encounter the fourth-order sacredness, and it is not the possibility of killing one of them...

"The strongest combat power has reached the third level of the ancient and the supreme, and the blood and sea of the same strength can have up to three..."

Consciously tightening the double fists, this moment of Ye Xuan, the heart of the unprecedented turbulence, whispered in a whisper, arrogant: "So, any existence below the middle ages, now I have been able to face it WWII, and the battle is smashing..."

Not to mention that the fragments of this ruined land are empty, that is, on the banks of the galaxy, which is empty and empty, there is no need to have any scruples, and it is enough to be arrogant..."

"But nowadays, it is not the time to return with the Majesty's Legion, enter the Hong Kong void, and gather at the source base camp..."

Having said that, his slap in the face: "In any case, the oppression and abuse of the Starry Nomadic Legion in the past ten years must have a saying."

The lords of the Lord's lords are not so bullied, and the first battle of the conquest after the birth of the sacred temple... It should be the beginning! "

Chapter 4674: The hall of the temple

"call out!"

A wave of hands, Shennong Bao Ding turned into a masculine lasing, did not enter Ye Xuan body, it disappeared...

At this moment, he still maintains the violent state of the starry sky under the height of Zhang, but the venom of the konjac in his body has been transformed into the ninth change. Therefore, nowadays, the body that he has dispersed in his body is breathless. The ancientest is the second order! One

During the squatting, Ye Xuan stepped out from the atmosphere of the Dongfu Star, and the glare has already reached the universe in the void outside the atmosphere.

"See the Lord of the Lord..."

Xuan's figure just appeared, and he heard a wave of shouting, and his tone was respectful and exaggerated, showing excitement and excitement.

Looking at it, Zhao Dong and Qian Nan, Sun Xi, and Li Bei are not there. Even the guys of Qingniu are not there. It is estimated that all of them are in a retreat. Before Ye Xuan's imperatives, the dilemma available to them. Not too small, as long as there is time, they must do their best to cultivate. complete

As soon as you reach the ninth-order great consummation of the current realm and swallow the next big treasure, you will be able to break through in a short time...

Out of the stars in Ye Xuan Dongfu is the six bloody, and the high-ranking members of the Captive Army, including the **** and Qingpeng two sects of the nine-step grand sacred half-step sage. when

However, eight days have passed, and they have swallowed a twenty-five-level sage, Baodan, and now they have successfully broken through, all of which are powerful cosmic sages.

As for the six bloody, it is natural to say that it has already entered the universe and is now a powerful first-class supreme! short

Within a few days, the changes of the three of them were so great. All of this happened to the captive army's more than 60 immortals and more than 300 immortals. I have long since known how many people have envied. Such as

Today, all these guys are waiting outside the atmosphere of Ye Xuan Dongfu's stars. Obviously, they want to explore the wind from Ye Xuan, see when there is a war, and also accumulate the merits, in exchange for the top-level cultivation resources they need, and most Important levels of Baodan...

In the presence of more than 60 emperors, although there is no such thing as the ninth-order grand perfection in this world, there are more than a dozen of the emperors in the three hundred-faced emperors.

"Hey..."

Ye Xuan's eyes swept across the crowd, and with a wave of whispering sounds, there were more than a dozen twenty-four tiered emperors rushing away in the moment. The perfect guy stopped in front of him. "

Your cultivation has reached the ninth-order grand perfection. If you don't have Baodan, you can't enter it any more. Therefore, the Emperor Baodan, who has entered the next realm, will be given to you first, and will be deducted in the future..." point

Nodded, Ye Xuan turned to another person and looked at it. Then he said, "You are the same. After repairing the strength to reach the 9th stage, even if there is no war, you can apply to the six bloody. By then, The star owner has its own corresponding Baodan issued in advance..."

"However, in your past cultivation methods, it is too slow to reach the ninth-order grand perfection of the current big realm..."

"Hey..."

During the talk, Ye Xuan waved again. This time, hundreds of awnings of Amethyst and Nine-Colored Medicine, as well as some other top-level cultivation resources, were sent out by him and stopped in front of everyone present..."

These amethyst treasures and nine-color magical medicines can increase the speed of your cultivation, and more than double the rate..."

"There is no warfare at the moment, but it can also be released first. After the accumulation of warfare has been accumulated, deduct it again..."

After that, he waved his hand: "In addition to the six **** scorpions, other people will disperse the cultivation resources and Baodan, and they will immediately return to their respective Dongfu stars to retreat, and the next war will be conquered. Bloody, Qingpeng and War Lions are the base camps, you... you don't have to participate!"

Upon hearing this, nearly four hundred tribes, including the emperor and the emperor, gathered around, but they quickly responded, and the face was full of excitement, and the eyes showed gratitude. when

Even if they shot, Baodan and the cultivation resources hanging in front of them were carefully and carefully collected, and then they went to visit again before they turned and left...

After the high-level members of the Captive Regiment left, Ye Xuan even heard the sound of the gods, covering the entire vast Xusheng forbidden land: "The fierce beast, the survivors, the nomadic three major regiments, the emperor and the imperial high-level, See you at speed!"

"The first battle of the devil's palace is about to be unveiled!"

Roar! "

"Hey..."

"Hey..." He

The voice of the gods has just fallen, and the vast Xusheng is everywhere in the distance, and inside the stars of life, big or small, there will be a glimpse of the figure. short

The time of the short one of the pillars, the commander-in-chief of the three major regiments, has gathered in the void not far from Ye Xuan...

The commander of the beast army, the Qingniu and Yuling, the dragon, the palace army, the black wind tiger, the roaring moon, and the other emperors of the Xusheng forbidden land are immortal, etc., a total of more than forty, all coming.

The same is true of Zhao Dong, Qian Nan, Sun Xi, Li Bei and other four cosmic sages of the Legacy Corps, as well as more than 20 emperors of the Sangzhi tribe.

There are also more than 60 people in the legislature of the Nomadic Legion, including the commander of the Three-jawed Dragonfly and Longshan Tang. The strengths of the nomadic regiments are all immortal and no one is absent! "

Nowadays, the magic hall is officially open to the world, and there should be a battle for the temple..."

After everyone came to Qi, Ye Xuan turned to the head, his eyes slowly swept over the crowd, smiled at the jaw, and then he took it: "It coincides with the return of the nomadic army, the past ten years, the young and the young The nomadic army commanded by the nomadic army can be described as being bullied in this universe of voids. This matter cannot be stopped."

Today, the hall of the demon sacred, the target bloody, Qingpeng and the war lions... The only requirement is to completely destroy the tribes in this imaginary base, to sacrifice the name of the temple! "Say

Here, Ye Xuanyuan's Zhongmang's flash: "This battle, the beasts, the survivors and the nomadic three major regiments, all the high-level members are dispatched, and the conventional combat strength is left, leaving half of the Xusheng in the forbidden area to guard the..."

The joint commander of the three major legions, jointly by Qingniu, Zhao Dong Qiannan Sun Xi Li Bei, and six **** six, ..."

"In addition, although the star master is sitting in the magic hall, the gods will always pay attention to it. Even if the universe is in the middle and late stages, even the ancient powers, there is no need to retreat. At the crucial moment, the star master will take the shot. !"

"Go, go to the legion, and immediately start the journey..."

In the end, Ye Xuan waved his hand and then turned and plunged into the inside of the Dongfu Star. The figure disappeared.

The high-level members of the major corps, such as Qingniu and Zhao Dong, turned and went back to their respective nests of stars and prepared for war. One

Time, the entire vast Xusheng banned land has a loud bang, like a giant beast, from the sleep... awakened!

Chapter 4675: The situation is not very good

"boom!"

"Booming..."

The earth-shattering roar sounded, and the huge Xusheng's forbidden land came with a loud bang, like a giant beast, awakened from the slumber, an invisible scent of scent, and opened. press

According to the instructions of Ye Xuan, the beasts, the survivors, and the nomadic three major legions, all of whom have half of their combat power, and the top leaders of the commander-in-chief will be dispatched. Such as

Therefore, this battle of conquest, the lineup of troops sent by the magic hall, can be described as amazing...

The most powerful is the beast army, even if it is half, there are a variety of starry beasts 50 million!

The Remnant Legion is a warship of five million in various types of remnants. Although the number is not large, they are all in the past ten years of starry sky escapes. A fortress over 100,000 meters in diameter.

There is also the Nomadic Legion, this time dispatched half of the troops, that is, 10 million big fortresses! This

The three great armies seem to be not as large as the 100 million warships, but they are all elite, like the captives, not to mention the 500 million warships, even if they double again. To reach one billion, it is definitely not an opponent. This

It's just regular combat. high

In terms of combat power, more than forty fierce beasts such as Qingniu and Yuling, Longjing, Gongjun, Heifenghu, and Lunyue, as well as more than 20 emperors of the Sangzhi tribe, are immortal. There are also more than sixty members of the Nomadic Legion's Legislature, such as Three-Claw Dragon, Longshan Tang, etc... all of them are immortal.

The total number of more than 130, this can all be immortal, the number is so much, it is simply shocking!

What's more, Zhao Dong, Qian Nan, Sun Xi and Li Bei, the four cosmic sages, and the six strongest blood vessels that are the strongest, are so cosmic. foot

In the void of this piece of wild land, it is rampant!

Of course, from the base camps of the three major themes of the world, and some of the top camps, some of them also have the cosmic supremacy, and even have a strong presence in the medium and late stages. but

That is not a problem. If these old monsters dare to take the shot, they will sit in Xu Xing's forbidden land, but they will pay close attention to Ye Xuan of this battle. They can shoot at any time, just like crushing dead ants, and instantly killing them...

boom! "

"Booming..." short

In a short period of time, the three major legions were completely assembled, and gathered in the inner edge of Xusheng's forbidden land, and immediately launched, and the earth-shattering roar sounded, even when the six cows and the six bloody, Zhao Dong and so on were the highest. Under the command of the commander, he drove away and drove out of Xusheng's forbidden place...

"Roar!"

"Hey!"

"Hey..."

"Booming..."

At this moment, Xu Sheng's countless roars and whistling sounds in the forbidden land, all the starry beasts who stayed in the forbidden land roared, because the captive corps who did not participate in the squad, and countless naval guns sang, for the army of the expedition

...ten

In the past few days, the **** people have died in the base of the base of the ruins of this ruined land. hidden

Concealed, there is a kind of extremely disturbing oppressive atmosphere, slowly spreading in the star field, the star field is getting more and more boring!

The two strongest people who sit in the base of the base camp, that is, the princes and six **** scorpions who have reached the strength of the universe, led an elite fortress fleet ten days ago, leaving the place to go. Going to Xusheng forbidden. Count

Counting the time, this fleet has arrived in Xusheng forbidden, it should have been close to ten days...

But in the past ten days, there has never been any news. The entire elite fleet and the prince, and the six **** sorcerers of the martyrdom, are like a sea of stones... This situation is obviously not normal, revealing strangeness, let People are upset.

Nowadays, the strongest person sitting in the **** base camp is the half-step master of the four universes of the universe. They are all the core family of the family. They live for a long time and have a very natural sense of smell. keen.

It is precisely because of this that as time goes by, the feeling of uneasiness of the four of them is getting stronger and stronger.

Even a few days ago, they even sent a few emperors to immortality, quietly went to the edge of the Xusheng forbidden land, and peeked in the distance, but did not find any news at all. according to

It is said that the silence in Xusheng's forbidden land is not like the appearance of a large-scale war, and the movement is very wrong...

As soon as the interest came back, the four half-step masters immediately panicked. They almost confirmed that the prince had an accident, but he was originally the mid-term lord, plus a ninth-order great perfection. Half step supreme...if

Even if they went to the Xusheng forbidden land, they all went back. With these four old guys, they only took half a step to repair the strength of the master. When they went, they couldn't stand the half-step, so the four did not dare. In the past, it was sent to the confidant in a panic, and went to the base camp of Qingpeng and the Shishi in this virtual air.

This time, the four universes that were robbed by the Xusheng ban were not only the **** clan, but the total number of warships reached a huge fleet of nearly 500 million, and the more than 30 emperors were immortal. The **** people only account for one-third.

The other two-thirds are from the Qingpeng and the War Lions.

Even before the four cosmic sages of the huge joint fleet that had not been banned by Xu Sheng, the war lions had a half-step ancestor core ancestor who was immortal and immortal. In the void, I made a meat sauce.

It can be said that this is by no means a **** family. The Qingpeng and the War Lions are also involved.

Nowadays, the two masters of the universe in the **** base camp have already dispatched, but it seems that there has been an accident. There is no news for more than ten days. In addition to asking for help from Qingpeng and the lions, the four of them have not thought of anything else. Good disposal method... this

In the base camp of the two communities, there are also two powerful cosmos owners.

Even in addition to the two masters of the universe, there is also a powerful cosmic supreme...

Judging from the current situation, the owner of the magic hall in Xusheng's forbidden land is very likely to have the strength of the universe's supremacy. After all, the six **** scorpions are the ninth-order grand perfection of the universe. He is trapped and is enough to explain the problem.

If this is the case, if you want to rescue the prince, you will only be able to take the two Supreme lords who are in the camp of the Qingpeng and the Shishi. This

The two old guys are all in the middle of the universe in the fourth-order universe. Under the joint efforts, they will solve the problem...

However, what disappoints them is that the supreme eccentrics of Qingpeng and the lions and lions are all retreating at the moment, and the four lords who are sitting in the star camps of these two families are listening. The Prince and the six **** scorpions were actually trapped in the Xusheng ban, and the situation is unknown.

Immediately, I was scared. Although my heart was angry, I refused the request to immediately send troops to Xu Xing's forbidden land. I only said that after the Supreme ancestor who had closed the camp in the base camp, I decided to take everything...

Chapter 4676: an eye for an eye

I have tossed it, but in the end I still can't solve the problem immediately. At least I have to wait until Qingpeng and the Shishi are closing the Supreme ancestor before they can get an exact reply...

As a result, the **** people's base camp was originally depressed because of the fear of the safety of the prince, and the four masters were depressed, but they could not help!

The four semi-step masters who lived in the **** base camp of the **** family were named Haotian, Shudi, Qiuxuan and Qihuang. At this time, they were gathered in a palace in the Dongfu Star of the Boss. Face to discuss the countermeasures

At this time, there was a statue of the emperor outside the stars, and he was in a hurry. He went straight into the palace of Haotian. When he was not yet, he shouted: "Four ancestors, six **** coming....."

The four people heard a sigh of sorrow, and then the heart screamed with great ecstasy. Even the immortality of the emperor's immortality was so ignorant that the six **** scorpions were so half-step and stern. With

With a slap in the face, the smile on his face bloomed, and the four people immediately got up and laughed loudly..."

Just come back, just come back..."

"After a long time, it turned out to be a false alarm!"

Since the Prince is coming back, Xu Xu's forbidden land must have been swayed. That is, the Lord of the Little Hall, never heard of it before, how could it be the existence of the Supreme Level of the Universe..."

"Right, where is the prince now? I have to wait for the drive immediately, pass on the order, put a celebration feast for the Prince, celebrate the 10th..."

At the end, the four people will want to make their way.

Seeing this scene, coupled with the words spoken by the four populations, rushing back and forth, the emperor who had just rushed into the hall was immortal, and he was crying anxiously.

Shooking his face and sorrowful look at the family's dead man, he said: "It's not like this. Four ancestors, six **** are coming back, but the princes are missing, the Xusheng's forbidden temple The army... it's killing it!"

Hearing the words, Hao Tian immediately became shocked and his face suddenly changed: "The Xusheng army of the Xusheng forbidden land actually chased it? Who is leading?"

It's the four first-order sages that appeared before, and the green cows of the Starry Nomadic Legion..."

"This **** green cow, I was previously chased for more than ten years in the void, has been very hard, I did not expect to actually rely on the magic hall now..."

Aside, I took the words and said that half of it, the face has already shown a sly color: "However, the green cow only half-step the emperor, the four old guys are only the first-order sage, even come It's also sent to death, today... I'm asking them to come back!"

Not like this..." This

Next, the emperor who came to report the situation is really crying, and the voices have already revealed the meaning of sobbing: "The four ancestors, the green cow is now immortal, and the four old guys Although only the first-level masters are repaired, but ... their commander is the first-order supreme, we are definitely not opponents!"

Xuan was shocked and stunned: "What? First-order supreme? Lord of the demon hall has been levied? He is really the existence of supreme..."

"Not like this..."

The emperor's immortal mouth began to vomit: "Not the Lord of the Devil, did you say it earlier? It's six bloody, he is also one of the six commanders of this magical army." And it is still the first one. Now, its cultivation has broken through and it has become a first-class supreme..."

As soon as I heard this, the four people were shocked, and all of them were unrecognizable, and they were exclaimed...

"Six bloody? Didn't he escape? How did he become the commander of the Great Hall?"

Actually, I also broke through the cultivation and entered the supreme world... How many days? How could it be so fast? ""

Damn, six **** scorpions are actually rebels. The Lord of the Devils is a good means. The hard-bone green cows and their undersea starry nomadic corps have been smashed, and even six **** scorpions have been rebelled! But... what about our princes? ""

hiss! Six **** scorpions are the first-order supreme, but they are still forced to rebel. Is this not the mysterious Lord of the Devils... at least the mid-term supreme? The big thing is not good..."

boom! ""

Booming..."

The exclamation of the four people has not yet fallen, and the stars at the foot suddenly swayed violently. The thunderous thunder of the thunderous sounds, this scene, as if the whole star had collapsed. thing

It is also similar. Hundreds of black dynasty guns with a diameter of 30,000 ft have passed through the stars of the stars. At this moment, they blasted into the surface of the stars. Although they did not directly penetrate this life star, they blew it. There are dozens of huge cracks like the shackles of the sky. This kind of scene, and the real landslide, is almost no different...

"Booming..."

Roar! ""

蛟天蛟地... four old guys, immediately come out and die! ”

Almost at the next moment, with the huge roaring sound again, a huge **** figure, a palm scatters the atmosphere of the stars, roaring into the interior of the star, it is already showing the blood, the body There are six **** heads of tens of thousands of people. From

The repairs that have been dispersed in his body are the first-order singularity. This kind of scene makes the four people in the sky stunned, and the face suddenly appears to be thick and desperate...

"The old cow I was previously chased by you in the void for more than ten years..."

After six **** bodies, Zhao Dong, Qian Nan, Sun Xi, and Li Bei walked with their hands.

Along with the four of them, there is a body that is completely incompatible with each other. It is full of talents, but it is also a person. A pair of forefoot also learns Zhao Dong, and bears the huge blue cow behind him. . its

In the mouth, there was a voice of low voices that snorted and screamed: "I said at the time that the old cows had said that one day, when the big cows returned, it was when you paid the price..."

"Now, Daxie is coming, becoming the Lord of the Temple of Devils. I have always had a vow to report the old cows. The words of the day... should be fulfilled today!"

boom! ""

Rumble..."

At the end of the day, the green oxen smashed in the cold, and suddenly hoofed.

He didn't shoot, because it wasn't an opponent at all, but the six **** screams suddenly burst into a punch at this moment. In an instant, a horrible invisible spurt came out, and the blink of an eye went to the palace below the ground. fear

The sound of the horrible explosion came, and the whole palace collapsed and turned into a powder, and the four people who had been squatting before the palace were stunned by the unprepared.

A large number of calamus bones shattered and the four people opened their mouths with a blood arrow. It was already a serious injury to the dying state...

Not far from the side of the four people, the statue of the emperor who came to report the war was immortal, but even the scorpion did not scream, the whole flesh, instantly burst into a **** fog, spread and open...

Chapter 4677: Bloody Base Camp

"When I know today, why should I be at the beginning? Six **** scorpions and princes have come, but they have only come recently. But in the past ten years, the strongest of the **** people's camps have always been You four old guys, the Starry Nomadic Legion has fallen into the fall of countless powerful people, and you can't get rid of it!"

The four people were seriously injured and dying. The blue cow immediately plucked and carried a pair of forefoot behind him. He stepped down: "Today, it is the time for you to pay the price..."

Oh..."

Four consecutive bangs came, and the four people who had already been seriously injured in dying had no power to fight back, and they were even unable to resist, let alone take it away.

With unwillingness, the figure of the four men was slammed under the shovel of the green cow, and it exploded into a awning with a **** fog..."

call out!"

"咻咻咻..." Qing

Niu is not Ye Xuan, he is now immortal, and his vision is not so high. In front of him, this is the **** fog formed by the explosion of the four semi-ordered corpses. It is not only useful for their own practice, but also for their own use. Handed over to Ye Xuan, ask him to refine the twenty-sixth-level master Bao Dan, for the use of the beasts of the beast army, naturally it is impossible to waste it. With

He once again raised his hoof, and an invisible gas swelled out. The blood mist formed by the cockroaches of the four people was immediately wrapped up. After compression, it turned into four blood beads of a diameter. Directly in the body by the green cow...

At this point, the complete fall of the **** base camp has no more suspense.蛟

Everyday, the four people are half-step masters, and they have all counted the fuss. In the large number of life stars in the star field of the base camp, although there are still a large number of **** people, even the emperor is immortal, at least three or four. Ten, but they have not been able to turn any waves..."

Hey! ""

The culprits such as Hao Tian are already in a hurry..."

For a moment, Qingniu rushed out of the stars, and came to the universe in the void outside the atmosphere, screaming and screaming, and the sound of the gods came out instantly, covering the entire star field: "Everyone in the **** base camp listens, swearing Recalcitrant, kill no hell!"

"The initiative to abandon the war and descend, the battleship kinetic energy cabin stalled, the personnel out of the ship, in the virtual air array on the right side of the ship, waiting to be compiled... Anyone does not listen to the instructions, there is a change, immediately kill!"

boom! ""

Rumble..."

His voice of God has just fallen, and tens of millions of miles from the right side of the front have already heard the earth-shattering roar...

Looking around, an extremely elite fortress army is firing at this side.

The warships in this regiment are all small fortresses of 50,000 meters in diameter and large fortresses of 100,000 meters in diameter, with a total of about 200,000. In addition, there is not even a large fortress of 10,000 meters in diameter. very

Obviously, the elite fortress of the lineup is so luxurious that it is absolutely impossible to belong to others. It is the confession of the long-dead prince. This

Most of the guys are loyal to the princes, and it is basically impossible to surrender. In fact, even if they surrender, the green bull will not be compiled because there are too many uncertain factors.

However, the princes in the fortress are stunned, but the more than 200,000 large and small fortresses cannot be destroyed. They are all true and elite. The 100,000-strong fortress can be handed over to the three-jawed dragon. And Longshan Tang and others, to expand the combat power of the nomadic army. Remaining

More than 100,000 small fortresses, I think the captive army will be extremely welcome..."

It's been this time, but I still dare to resist, you are simply looking for death..."

"Hey!"

The first roar, the shape of the green cow shrinks to a hundred feet, and instantly becomes a green mang, lasing away from the tens of millions of miles away from the right side..."

Don't ruin those fortresses..."

Seeing this scene, Longshan Tang immediately reminded him that the voices had just fallen. The dozens of immortals of the nomadic army and the immortality of the emperor and the immortality of the emperor had all plunged into the void, and they rushed toward the direction. for

The 200,000 elite fortresses were not destroyed. Longshan Tang and the three-jawed dragons and so on were also fighting. The dozens of emperors were immortal and they personally shot them. In a moment, they will be the **** people in the fortress army. The strong are scared of the soul. This

Although there are also the emperor's immortality in the 200,000 elite army, it is only a dozen or so. At present, more than forty of the emperors are immortal, and this is clearly the rhythm of packing them into dumplings. ..."

call out! "

"Hey..."

Without hesitation, more than ten elites of the elite fortress army commanded the top of the emperor, and they rushed out of their flagship fortress in the first time, scattered and opened, and fled to the far side.

After all, they are the strongest of the emperor. As long as there is no drag on the warship, the chance of a successful escape still exists...

"Humph!""

This is the time, actually want to escape? I'm crazy about it..."

Not far away, Zhao Six has been sitting in the void with six blood, and the two people who have not started to work, Qian Nan, Sun Xi, and Li Bei, have looked sad, and they have suddenly shot...

This is the four powerful cosmic sages. In just tens of millions of miles, they don't even have to move their bodies. They haven't shaken their shoulders, just waving them gently...

"boom!""

Oh..." far

Tens of millions of miles away, huge explosions came in an instant, and the dozens of ancestors who had just rushed out of the flagship of their respective towns in Senec were immortal, only escaped two or

three million miles, and went quickly. The entire flesh has exploded and turned into a canopy of blood, so it spreads! "

The mosquito legs are small and the meat is also the blood fog that the emperor's immortal beasts are exploding. How can they refine the twenty-five-level nobles? The lineup of the beast army is huge, and the demand can be quite large. wasted.....""

Oh..."

The snoring whispered, the green cow's body swayed, and instantly it was already in the distant void. A wave of blood and fog spread over the wave, and he was wrapped up in an instant. Come, compress it into a blood-sized pearl, and then earn it in the first time!

"boom!""

Rumble..." This

On the other hand, the 200,000-strong elite fortress regiment of the princes of the princes has no more suspense. Basically, all the members will be fussy, leaving only the fortress as a confiscation.

In other areas, there are still rumbling sounds of rumbling sounds. In the vast **** base camp, although many warships have closed the kinetic energy cabin, the cabin personnel abandoned the war and descended. The ship went out and waited for the collection in the empty space, but there were also some warships and even small-unit army-level units, still recalcitrant...

It is a pity that this has not changed anything. The **** people's camp has gone. Today's World War I has been destined to be destroyed. In this piece of ruined land, the sky has become the destiny of history...

The rumbling of the rumble of war continued for a whole day. After one day, everything was in silence, and the **** family base camp fell on it...

Chapter 4678: Move to Qinghong Star Field

One day, the war ended, and the **** base camp fell completely. This

In the First World War, the **** people who were killed were numerous, and the number of warships that were destroyed in the war was amazing. Not only the **** people, but even the three major legions of the Temple, but all the losses, but only minimal A few can ignore it. Big

After the scene of the war, the vast expanse of the **** base camp was in a void, and some of the destroyed warships were still burning. The emptiness was filled with pungent blood and scorching. the taste of.....

Although the war ended only after one day, the post-war count will obviously take more time.

Although more than 60% of the **** and strong people who are reluctant to resist are selected, there are also nearly 40% of the **** strong people who choose to abandon the war and drop...

However, nearly 40% of the abandoners have not survived. This large-scale star war that has spread across the vast expanse of the universe is too chaotic. Many prisoners of war have been accidentally wounded by the enemy and the enemy in the melee.

It took a full three days to complete the post-war inventory. This

The warships captured in World War I have more than 100 million warships, and the **** strong people are more than one billion. Among them, the emperor is immortal and nearly one hundred, and the emperor is immortal and has more than twenty. This

These forces, after returning to the three major regiments after the return of the triumph, will be incorporated into the captive army that has not been circulated this time, but now, the warships of more than 100 million **** people will follow the rear of the three major corps of the magic hall and fight this. The second goal of a conquest - the Qingpeng national base camp!

"set off!""

Rumble..."green

Under the slap of the cow, the whistling sound of the horror in the void, the beasts of the demon temple, the survivors and the nomadic three corps, together with the **** Yi people, the warrior corps of more than 100 million warships, far and wide, facing the distance The void opens and goes... far

In the void, some battleships and fierce beasts and battleboats were faintly visible, and they did not dare to be too close, staying in extremely distant areas, and peeping far away from here.

These distinct points are scouting powers, from the other three forces and groups of the three starry sky planes entering the emptiness of this piece of land. also

Some of them are from the forbidden land and the survivors of the stars in the void of this ruined land...

The battle of the Great War in the **** base camp was so amazing that the war spread across the vast expanse of the stars, which naturally led to infinite attention.

In fact, long before the three major corps of the Devils arrived here, there were already a large number of small warships, or beasts, and the scouting power of the sacred land, and they were closely watching it.

Time can even be traced back to ten days ago.

At that time, Zhao Dong and Qian Nan, Sun Xi, and Li Bei walked out of the Xu Sheng forbidden land, and took away the bloody, Qingpeng and war lion tribes and the Starry Nomadic Legion. This incident has already alarmed countless forces.

Subsequently, the scorpion prince of the **** scorpion was angered, although only 10,000 large fortresses were dispatched in the elite army, but it was extremely swaying, which triggered the attention of all parties...

Even so, the forces of the world in the emptiness of the ruins of the world, and the high-ranking people of the forbidden land and the sacred land of the sacred beasts, still did not expect that the power of the sacred temple was so amazing, not only killed the prince , the six-headed **** and green cattle starry nomadic army regiment...

Even the **** family bases were completely destroyed by them in a short period of time. this

Engraved, with the three major legions of the Demon Temple carrying the captive **** army and marching toward the Qinghong Star Field where the Qingpeng National Base Camp is located, everything that happened here is even more horrible. Going to the periphery and spreading rapidly. Are

In the meantime, this piece of ruined land and debris is everywhere, and the road is filled with endless screams, and it's like a tide...

"What happened in the end? It took only a dozen days for the prince to lead the army into the Xusheng ban, and a mid-term lord was actually degraded..."

"What is he? Six **** scorpions were still the half-step supreme of the nine-step grand perfection of the universe. Isn't it the same as the Lord of the Devils? So it seems that the mysterious Lord of the Temple, at least It is also a mid-term supreme!"

What is even more surprising is that the Lord of the Temple of Devils is actually the behind-the-scenes singer that has been said in the mouth of Qingniu... The identity of this person is too mysterious. The Starry Nomadic Legion and the Xusheng Forbidden Land are actually in secret control. I have never heard of such a character before. Where did it come from? ""

Only one month before and after, there have been such amazing changes, the **** people's base camp has been destroyed, and the four powerful half-steps have fallen to the top. This is unprecedented in the past..."

"Unfortunately, the Magic Palace Corps is still too confident after all, after the **** base camp was destroyed, it immediately turned to the Qinghong Star Field of the Qingpeng family. This is simply taking its own shame..."

"It is true that the camps of the Qingpeng and the War Lions are no more than the **** people. Both of them have a strong mid-term supreme descending on this void. Even the Lord of the Temple, but the mid-term supreme However, if he kissed the Qinghong Star Field and had the hope of triumph, now only six **** leaders will lead the army. The result of this war is already self-evident..."

Six **** scorpions, but they have just entered the universe to the highest level, only to the first level of this situation, dare to lead the way to the Qinghong forbidden land with a medium-term supreme sitting, I really do not know where he is confident..."

These screams of tidal sounds screamed in the emptiness of this piece of ruined land, the great ethnic groups and forces in the world, and the banned land and the sect of the savage beasts. There are still some teams of different sizes. Drive out.

It came from all directions and flocked to the Qinghong Star Field where the Qingpeng National Base Camp was located.

The lineup of this game is extremely amazing. It will even explode the thunderous battle of the supreme level of the universe. The grand space, even if it is just watching through the distant void, as long as it can win this opportunity, no one will be willing to miss it...

...

Ten days later, the three major corps of the Magic Temple and the Bloody Captive Regiment arrived in the Qinghong Star Field, and they were in a void outside the 20 million miles outside the star field. "

Rumble..."

Roar! ""

The Qingpeng people, all the ghosts above the universe, are coming out to die! "

In the bang, the green cow and six bloody, Zhao Dong, Qian Nan, Sun Xi and Li Bei rushed out of their flagship fortress and came to the forefront.

The young cows stand on their own, a pair of front hoofs are behind them, and their looks are unconventional and revealing their shackles. In their mouths, there are even more screaming voices of

low voice: "Qingpeng, old cattle, I was previously in the void I have been hunted for more than ten years..."

It was said at the time that one day, when the big cow's big return came back, it was when you paid the price..."

Nowadays, Daxie has come and become the Lord of the Temple of the Devil. I have always had a vow to report the old cow. The words of the original should be fulfilled today... I will come out and die immediately! "

Chapter 4679: Qingpeng flap

"Hey!"

"Today's World War I, Qinghong Xingyu is destined to be completely destroyed like the **** family base camp! But the old cow I only slandered today..."

In the emptiness of the universe, the blue cow screamed and screamed, and the voice of the gods came out instantly, sweeping toward the front of the Qinghong star field: "Everyone in the Qinghong star field listens to the order, and the sages are repaired as follows, as long as they surrender, Never connect!"

"If you are obsessed with obscurity, you will resist it... killing you!"

"The initiative to abandon the war and descend, the battleship kinetic energy cabin stalled, the personnel out of the ship, in the virtual air array on the right side of the ship, waiting to be compiled... Anyone does not listen to the instructions, there is a change, immediately bombarded!"

"boom!"

"Booming..." He

The sound of the gods of the gods just fell, and in the Qinghong star field 20 million miles away, there was an earth-shattering roar in an instant..."

Xiao Xiaofeng, actually dared to go to the Qinghong Star Field where the deity is sitting in the wild... Green Bull, do you have to eat the bear heart leopard? "With

The roar of the roaring sound, the depth of the Qinghong star field in front, a huge figure appeared quickly, the previous moment is still hundreds of millions of miles away, the blink of an eye has reached the edge of the star field...

This is a Qingpeng, this time has shown the blood of the body, wingspan tens of thousands of feet, a flapping wing, is tens of millions of miles, the speed is absolutely amazing, it is the same level of other ethnic strong Are definitely far behind... to

As it cultivated its strength, it has already reached the fourth stage of the universe supreme. Although it is only able to enter the middle of this period, it is absolutely impossible for the three major corps of the demon to find the door to death. Passover exists. magic

Among the three major corps of the temple, the six **** scorpions, which are the strongest in strength, are only the first step of the universe, and they have just entered the early days of this. If

It is against the front of this mid-term supreme Qingpeng, I am afraid that there will be no killing between the numbers and interest...

This point, anyone can see it, so at this moment with the emergence of this Qingpeng, there are a large number of Qingpeng strongmen and battleships coming from behind, heading for the edge of the star field.

In the distance between the two sides, the forces of the squadrons and the vicious beasts and the benefactors of the survivors, they immediately sighed, and there was a faint sensation between the gods..."

Qingpeng Supreme has never appeared before, and the outside world has only cultivated it as a rumor. Today, it has already reached the fourth level of the universe supreme..."

"This is a powerful mid-term supreme. The Lord of the Devils is really faint, and the self-confidence of the inflated stunned the mind. Today's battle, the three major corps of the Magic Hall, I am afraid that the whole army will be wiped out!"

What is fear? This is clearly a matter of fact, there is no suspense at all..."

"Under the anger of the Qingpeng Supreme, the lions and sorcerers of the War Lions will join the Xusheng ban and suffocate, and it will be possible to kill the lord of the lord."

There is indeed such a possibility. Before, the reason why the Qingpeng and the War Lions had been inactive was only because the Supreme ancestor in the base camp was still retreating. ""

But now, the Qingpeng Supreme of the Qingpeng people has already gone through the customs. If the War Lions of the War Lions are also so, the two must join hands and kill together to the Xusheng forbidden land..."

"Is the fourth order of the universe supreme?"

With the whisper of the discussion in the distant sky, the three youngest members of the three major corps of the Magic Palace, six of the six bloody, Zhao Dong, Qiannan and other six people, cultivated the strongest six **** It also swept to the front.

The sound of the gods also sounded at this moment, and nearly 10 billion miles of emptiness came out. All the powerful parties who were stalking in the distance heard: "It is somewhat unstable to see the repaired atmosphere in your body. This is clearly Just a breakthrough in the mega display..."

"And, it seems to be for the customs clearance, some are eager to seek, Qingpeng, your breakthrough is only a forcible impact, and most of them have already caused rebellion in the body. At this time, they are reluctant to retreat, consolidate the realm, smooth out hidden dangers, and even dare to Deity war..."

According to the deity, in your current state, as long as the power in the body is a little agitated, most of the antiphasic will come immediately. At that time, it will be inevitable! "Say

Here, six **** scorpions will slam their mouths, raise their right claws, and then scornfully say: "Go back to retreat, if this state is defeated in the hands of the deity, it will make the deity win, face Not glamorous!"

Oh..."

fart! "six

The **** head of the head just fell, and the edge of the Qinghong star field in front of it, there was a shocking noise.

Qingpeng Supreme is just a breakthrough. Before the outside world rumors that he is already a fourth-order supreme, in fact, it is slightly exaggerated. His true cultivation is only the third-order cosmic supreme power, which is the peak of this period.

The reason for the previous retreat was to break through. For this reason, he has already prepared for many years.

At the moment, although he has just left the customs, he has successfully broken through to the fourth stage of the universe. It is a medium-term supreme, and the repair of the fourth-order realm that has just broken through has already been solidified. root

This is not like the six **** words, the realm is unstable...

This guy is simply a **** spurt, a small first-order supreme, dare to provoke and ridicule himself, which makes the Qingpeng supreme anger in the middle of the fourth-order period...

"Hey!"

You are **** bloody, the deity must remove your bones and skins today, so that you can eliminate your hatred..."

Once again, screaming and screaming, the huge figure of Qingpeng's supreme tens of thousands of people suddenly turned into a green mang, from the edge of the Qinghong forbidden land in front, spurting out...

Card! "

"Card..."

At this moment, in the huge body that he spurted, suddenly there was no sign of the crispness of the card, clear and incomparable, even hundreds of millions of miles away from the distant sky The scouts from all major ethnic groups and forces have also heard it clearly. This

It is clearly the sound of broken bones...

"Hey!"

When everyone was in doubt, the body shape of Qingpeng Supreme's original positive spurt suddenly stopped in the void, and the mouth opened with a blood arrow, like a drizzle in the air. Sprinkle...he

The huge wings that were originally stretched out, along with the spurt of this blood arrow, suddenly pulled down weakly, just like the invisible folds...

In the blink of an eye, Qingpeng Supreme is in a state of wilting. The body that has been dispersed in the body has fallen into a few steps of the breath, and has fallen to the first level of the universe, even weaker than the six bloody...

"Look, what is the deity said? You are in this state, the realm is unstable, forcibly shot, even the wings are folded, why bother?"

In this scene, the six **** scorpions originally had some embarrassing feelings. They immediately stunned and turned their eyes to the Qingpeng Supreme. Then they slammed out. roar

Roaring like thunder: "However, if you look so eager to find abuse, the deity has to be awkward... as you wish!"

Chapter 4680: Supreme blood

In the air, the sharp and unpredictable sound of the air broke out, and the six **** heads of the heart were smashed into a **** sac, and the glare went away. The blink of an eye was already in front of the body, and the state was suddenly wilted. In order to even fall to the supreme level of the Qingpeng Supreme...

Therefore, there will be such unexpected unexpected accidents, and naturally there is a reason.

All this is Ye Xuan in the dark. Such as

Today's Ye Xuan, in the ninth state of change, even if the huge force of 60 million miles in the huge body of the body is the blessing of the strength to repair the strength of the 10% blessing, it is already the second-order state of the ancient supreme.

Secretly hurting a cosmic supreme, naturally there is no difficulty... It is no exaggeration to say that it is no more difficult than sticking out a finger to crush an ant! thing

In fact, Ye Xuan's deity did not come to this place at all. Now he is still in the magic hall of Xu Xing's forbidden city. which is

Ye Xuan can easily do this with such a distant star distance.

Of course, if there is a strong ancient supreme at this moment, even if it is the ancient power of the late realm, how much can be seen. can

Unfortunately, the area around this star field is now the strongest existence, and it is only Qingpeng Supreme. Even he himself does not understand that he is really good. Suddenly, he will break his wings and repair it into a plunge. Other people are naturally less likely to see any clues...

However, the six **** and green cows, Zhao Dong, Qian Nan, Sun Xi, and Li Bei are naturally well-informed, but they are unlikely to point out the truth.

Six **** scorpions deliberately smashed the Qingpeng Supreme just broke through, and it was still unsettled to cultivate the realm. In fact, it was also purposeful.

Generally speaking, he is only the supreme first step, obviously it is impossible to be the opponent of Qingpeng Supreme anyway. this

Not only did he understand that the Lord of the Lord was also well aware, so six **** Ding Ye Xuan will definitely shoot, and it is still secretly shot. he

I have previously said such a discourse match, just to give Ye Xuan's secret shots in advance to prepare the reasons... No

Then, if the old lion in the War Lions' base camp, who is also in the middle of the universe, realizes that it is stupid, I am afraid that I will escape the first time, even if I went to the base of the War Lions, the final result. It's just empty! "

Oh..."

Rumble..."

puff! "this

Engraved, with the **** shape of the six **** spurts, the eye between the eyes of the Qingpeng Supreme, his squatting in the cold, without hesitation, the first time to explore the claws Go...clear

The unmistakable sound of cracking came in an instant. At this time, Qingpeng Supreme was still in the midst of extreme shock and stunnedness. He did not understand why his wings suddenly appeared under an invisible but terrifying power. , broken instantly.

The huge sorrow and horror of his heart made his reaction extremely dull, and with the fact that he was now plunged into strength, he was already weak and six bloody.

Therefore, for all six **** sneak attacks, the Qingpeng Supreme has no time to react. he

The left wing of the towering was smashed by six **** claws, and the whole person was torn down and thrown to the universe of the right side. This

The power of one claw is too strong. After all, the six **** scorpions were originally made up of momentum. They lost a whole left-wing Qingpeng stalwart body shape, not only the broken wings, but also the mouth and squirting. a blood arrow...

This blow made him a very serious injury, and it was once again worse. When the **** arrows like the raindrops spurted out in the mouth, the cultivation of the Qingpeng Supreme body was breathed and fell again. If you don't have enough interest, you have already fallen to the ninth-order Great Consummation of the universe and the first step of the universe. You can fall to the Zunjing at any time...

All of this is long-lived, but in fact it happened between the moments, not only the Qingpeng Supreme did not react, but also the scouts of the major ethnic groups and forces who were watching in the distant sky hundreds of millions of miles away. All this is true.

From the beginning of this moment, the vast expanse of the vast void, into the bottom of the dead into silence, far and near everywhere, all the star power strong are subconsciously sighing, the eyeballs almost burst out. foot

After two moments, just like the tidal screams, it came from all directions, overwhelmingly...

"What? Qingpeng Supreme... has to fall into a big realm? How is this possible? Almost before, he was a powerful mid-term supreme, and now he wants to become the Lord of the universe. It's incredible, just like being in the world. Dreamland..."

It seems that the six **** words are correct. The Qingpeng Supreme has just broken through the customs. The reason why the Qinghong banned land has not been moving has been because he is still in the process of retreating! ”

"Too eager, too confident, just broke through, even if the realm has not been solid and stable, immediately attacked the enemy, and the opponent is still the same as the universe of the same realm... This result, almost no suspense!"

Maybe he just wanted to intimidate the six **** ones, but in the end he was miscalculated. He was seen by the other side. This guy is also a hob meat. It is not easy to provoke, but he does not care whether Qingpeng Supreme deliberately , risking the other party to swindle, actually rushed forward to go ..."

In the end, it was still six **** gambling gambling. This battle has just begun, and there has been such a scene of supreme blood stasis. The final result has no need to say much, it is really a big drop of eye, Qinghong Xingyu, Qingpeng The National Base Camp... It's going to be finished! ""

Oh, I don't think it's the end result. Whether it's six **** or the mysterious Lord of the Devil, it's so lucky, even this almost impossible accident is hit by them..."

"Hey..."

"Damn blood, you must be doing ghosts..."

On the other hand, the screams and sighs that have come from the distant voids have not yet fallen, and the edge of the Qinghong Star Field in front of them has once again brought the sound of Qingpeng Supreme's horror.

At this moment, his heart is broken, but his heart is very clear. He knows that he has been counted, and what makes him even more stunned is that he has to fall into a big realm now, but he even squats in the presence of calculations. No one knows. This

It was a great horror, and the soul of Qingpeng's supreme trembled.

With the sound of the screaming and screaming, the sound of the whistling sound of the whistling sound, there is only one wing left, but it is not regressing, the entire huge figure, turned into a blue color, extremely fast Retreat to the Qinghong Star Field behind him..."

Just told you to go, you don't go, now this time, but suddenly pulled back, what is your deity? "Look

In this scene, the six **** scorpions are cold and swaying, while the sinister words are coming out, while the body shape is a glimpse, and the attack is gone...
