### Chapter 4681: Hegemony

"I told you to go, but I didn't leave. Now it's this time, but suddenly I withdraw and retreat. What is your deity?"

Seeing Qingpeng Supreme want to escape, six \*\*\*\* scorpions in the cold and swaying, while the sinister words are coming out, the body shape is a glimpse, and the moment is chasing away..."

Oh..."

Rumble..."

puff! "blink

In the eye, the six \*\*\*\* body spurts away, and the half-interest has reached the side of Qingpeng Supreme. With the flash of the cold, he did not hesitate, he explored his claws again and swam away. Qingpeng Supreme is going...

A clear and unmistakable sound of fissure came. At this time, Qingpeng's supreme heart still shrouded huge stunned and frightened. He was eager to escape, and his reaction was slow, and now the strength of cultivation has plummeted to nearly half a step. Supreme...

For the six \*\*\*\* cockroaches that suddenly came close to him, he still had no time to react. This

Once, the six \*\*\*\* scorpions were aimed at his wings, and they were as weak as they were. At this moment, they were smashed by six \*\*\*\* scorpions. The blink of an eye was torn apart by the roots and thrown into the distant universe. .

The power of this claw is more than the previous one, and the six \*\*\*\* ones are full of enthusiasm and the fighting power is soaring.

On the contrary, Qingpeng Supreme, has lost a whole left wing before, and now it is too late to prevent the right wing from tearing again. His body shape is mad, and the broken wing is covered with blood, and the face is mad and suddenly it is open and sprayed. There is a blood arrow...

His injury was already extremely serious. Now it is clearly worse. When the \*\*\*\* arrows like the raindrops spurt out in the mouth, the cultivation of the Qingpeng Supreme body has finally fallen into a big realm. a few

Before the instant, he was still a strong mid-term supreme, but now, he has fallen to the nine-step grand perfection of the universe. Even if he struggles again, there is no vitality. It is absolutely impossible to be the six \*\*\*\* opponents in the state of prosperity!

Everything that follows is no suspense...

In the void, the war is full of shocks, but the battle is completely one-sided. Six \*\*\*\* scorpions are completely smashing opponents, a first-order universe of supreme, in the mid-term supremacy of a fourth-order situation. "

Oh..."

boom! "most

In the end, Qingpeng's supreme hair screamed with a scream of screaming anger, revealing endless anger and unwillingness. Then his entire body was smashed into six boulders and turned into bolognese. The fog spreads in the void. he

Really unwilling, the fall of today is a bit unclear. If

When the previous flapping of the wing was rushed out, the double scorpion suddenly broke, and the strength fell to the first level of the universe. With his original fourth-order mid-level supreme cultivation, how could it be smashed into the hands of six \*\*\*\* hands? This

It is simply a very deep grievance. Before Qing dynasty, Qingpeng Supreme did not understand what went wrong with this. Who is behind this?

"Hey..."

Oh..."

With all this, six \*\*\*\* waves waved, and the two huge wings of the Qingpeng Supreme, which were torn off by him in the distance, were immediately spurred, and they exploded and turned into blood fog.

Then, along with the \*\*\*\* fog that the Qingpeng Supreme Body exploded, he was wrapped up in the wave, compressed into a blood ball of a square, and it was included in the body.

After all, this is the \*\*\*\* fog formed by the expanse of the universe. Naturally, it cannot be so easily wasted...

"escape!"

"escape....."

Everything in the past was long, but in fact, from the Qingpeng Supreme, he rushed out from the deepest part of the Qinghong Star Field. Until now, his body exploded and turned into a \*\*\*\* fog. ....

Before and after, it is only a matter of interest.

In a short period of time, a powerful fourth-order mid-term supreme, completely degraded, and the existence of his murder is only the first-order cultivation of the universe.

All of this is like a dream. The countless Qingpeng strongmen in the Qinghong Stars have never been able to return to God. They are all caught in petrochemicals and sluggishness.

Until then, the \*\*\*\* fog formed by the bursting of the Qingpeng Supreme Body was compressed into a blood bead, and then was waved away by six \*\*\*\* scorpions, and they were able to return to God.

The entire Qinghong Star Field in front of it was completely shuddered at this moment, and the innumerable Qingpeng's strongmen were fascinated, and they were screaming and screaming...

"Hey!"

The three major legions, as well as the captive army of the \*\*\*\* people, were all dispatched, and all the Qingpeng warships and powerhouses were stopped..."

At this moment, the young cow is full of enthusiasm, and once again looks up and grows up, the sound of the gods is full of the vast void of the Qinghong star field...

"Everyone in the Qinghong Star Domain listens to the order, and the Honorary is repaired as follows. As long as he surrenders, he will never be connected!"

If you are obsessed with obscurity, you will resist it... killing you! "

"The initiative to abandon the war and descend, the battleship kinetic energy cabin stalled, the personnel out of the ship, in the virtual air array on the right side of the ship, waiting to be compiled... Anyone does not listen to the instructions, there is a change, immediately kill!"

boom! ""

Rumble..."

His voice of God has just fallen, the three major legions behind him and the captive army of the \*\*\*\* clan, countless strongmen, battleships, and warships have all rushed out and entered the Qinghong Star Field.

The war was unfolding in an instant, and the vast universe of tens of billions of miles was turned into a battlefield of iron and blood. The earth-shattering roar began from this moment and never stopped...

In the distant sky, the scouts from all major ethnic groups and forces have all fallen into petrochemicals. After a long time, the current situation in Fang Qinghong's star field is gradually getting full of fire, and the sighs are sighing in the universe. Sounded..."

It's so unexpected, I can't think of the end result of this war, it's like this..."

"The powerful Qingpeng national base camp, like the previous \*\*\*\* people, was completely destroyed in the blink of an eye. It is simply... everything is like a dream."

"If there is no accident, with the fall of the Qingpeng star field, then, the target of this sacred army will continue to be conquered, and most of the time it is the banned blood of the War Lions base camp..."

"Their self-confidence has already expanded to the extreme, and naturally it is impossible to stop here, so that it will undoubtedly be laughed at by the major ethnic groups and forces..."

If that is the case, the six \*\*\*\* and the green cows are tantamount to self-destruction. The Qingpeng Supreme is only a bad luck. It has just broken through, and the realm of the realm has not yet stabilized. Then the three major corps of the Demon Temple came to the door. In the end, I have a serious problem and I am not willing to fall..."

"The lion who is in the \*\*\*\* ban is not the case. He has already exposed his face in the shards of this ruined land, and his cultivation has already stabilized the fourth stage of the universe and is far from it. There is still a certain distance in the fifth stage, and it is impossible to break through again in the near future."

In other words, this scene of the Qinghong Star Field can not continue to appear in the banned blood, six \*\*\*\* as long as dare to go there to harass ... .. will die! "

Chapter 4682: Do not move a ship

"boom!"

Rumble..."

In the square of Qinghong, the earth-shattering roar continued for a whole day, and this battle finally came to an end.

However, the post-war count will obviously take more time.

In this battle, there are still many Qingpeng strongmen who choose to resist and resist, but there are also many Qingpeng people who choose to abandon the war.

Of course, these abandoners are not likely to survive all the time. This star war has spread to the vast expanse of the universe. It is too chaotic. Many prisoners of war have been accidentally wounded by the enemy and the enemy in the melee, and they are not willing to drink!

The next post-war check-up took several days.

The final statistics are gratifying.

After the war, the various warships captured by the war were nearly 200 million, and the \*\*\*\* and strong people were more than one billion. Among them, the emperor was immortal and the emperor was immortal and there were more than 30. This

These forces, after returning to the three major regiments after the return of the triumph, will be combined with the captives of the \*\*\*\* people into the captive army that did not go out.

"set off!"

"Booming..."

After everything was settled, the blue cow made a sound, and the whistling sound of the sky was heard in the void.

The beasts, survivors and nomadic tribes of the Magic Hall, together with the \*\*\*\* and Qingpeng tribes of nearly 300 million warships, are in full swing and are headed for the distant void.

The next third target of conquest is the ban on blood in the base of the War Lions...

In the distant void, those scouts and fierce beasts and warships from all major ethnic groups and forces are still faintly visible. They have never left, but they have not dared to be too close in these days, and they remain extremely far away. The area, peeping away from here.

Whether the three major corps of the magic hall will go to the \*\*\*\* ban, they are not sure, so they must stay and wait for the changes in the situation. straight

At this moment, the captive corps of the three major regiments, after the order of the Qingniu, opened from the Qinghongxing domain, heading for the tyrants of the tyrants, and the powerful forces in the distance scouted the battleships and the beasts and battles. The powerful players in the boat were all exclaimed, and then they followed closely and followed.

At the same time, everything that happened here, at an impressive speed, spread to other areas of the vast emptiness of the vast wasteland, and the vast expanse of the void was boiling.

The eyes of countless strong people are coming together...

...Seven

In the days after, the three major corps of the Magic Temple, and the captive army formed by the \*\*\*\* and Qingpeng prisoners of war, finally arrived at the edge of the banned blood, separated by 100 million miles, and the void outside the forbidden land, slowly Stopped.

Beyond the edge of the ban on blood in front of the forbidden land, a large army of warships is clearly visible. The size of the warships is not too much, far less than the \*\*\*\* and Qingpeng base camps that have been destroyed. One

Looking at it, the War Lions have already formed a large army of formations, and only a total of 200 million warships, but they are all large and small fortresses and large and small fortresses, belonging to the elite army.

If there are no accidents, most of the battlefields in the rear are already empty. All the warships in the War Lions base camp have been dialed out. This is clearly the rhythm of a deadly battle! "

call out! "

"Hey..."

As the huge warship regiment stopped, there were a few faint sounds of breaking in the void.

In the eyes of the public, six bloody, green cattle, Zhao Dong, Qian Nan, Sun Xi and Li Bei, six people, rushed out from their flagship fortress, came to the front of the magic hall army, looked awkward, toward the front The \*\*\*\* ban is far away.

"What about the old lion? Come out and die..."

Although the cultivation of Qingniu is the weakest, it is the commander of this Demonstral Army. After all, he is the old man around Ye Xuan. This point, Zhao Dong's four and six \*\*\*\* have to serve.

"Roar!"

Hey..."He

The words just fell, the front of the hegemony in the depths of the forbidden land, it sounded a terrible roar, a figure swept out. actually

It is a mighty mad lion with a red body and blood. The body is filled with the breath of the air. It is clearly the fourth order of the universe. It is a medium-term, powerful and incomparable. Do not

However, its body shape, but only the left and right, looks like it is repaired, very incompatible! "

The first step of the emperor, the daring of the fox, the tiger, and the tiger, I don't know how to live..."

This powerful and violent lion, which is full of blood and blood, is the strongest person in the War Lions base camp, and the lion is supreme.

At this moment, he also glanced at the blue cow and six \*\*\*\* people and other people. The voice of the faint sacred voice instantly came out: "In this battle, I will not move a lion and a ship." Only by the deity, it is enough to kill all of them..."

When the words were exported, the private air in the void was full of voices, and all the people were moving, but the look on the face was clearly unbelievable. complete

Actually, the captive army of the three major corps of the magic hall and the captives of the \*\*\*\* and Qingpeng groups is too large. Even if it is not the opponent of the lion sage, he wants to stop the whole temple by himself. The legion, let the warrior army behind him not move one soldier and one ship, which is somewhat unbelievable...but

In fact, the words of the singer of the lion are not exaggerated. Don't look at the fact that he is only the fourth-order cult of the universe, but in fact, it is absolutely enough for him to completely destroy the whole sect of the sect. because

For him, he can also display the blood of the lion. and

And has been able to cast to the seventh change,

Every change, repairing strength will enhance a small stage! Seven

Change, his body size will rise ten times in succession seven times, each time the body is skyrocketing, the strength will also increase seven small steps, now the fourth order of the universe, but in the seventh change state, his cultivation is strength , will reach the second order of the ancient powers of the wild!

That is the legendary wild power, enough to sweep the piece of the ruins of the wild world!

This is why the size of the warship corps in the mad lion base camp is so inconspicuous, because they simply do not need to rely on the strength of the warship corps, they can stabilize this piece of emptiness without falling..."

The lion has changed nine times... the first change! "This

At one moment, the lion stern sighed his hair and made a terrible roar. As the roar came out, the next moment, his body shape suddenly increased sharply, and an inexplicable blood force suddenly swelled in the body and gathered. Become a tide-like force. blink

In the eyes, the qi and blood in the sacred lion's supreme body has been greatly increased. Only the body shape of only ten feet has risen to a hundred feet.

Its cultivation has also risen to the first level, reaching the fifth level of the universe supreme!

"The lion has changed nine times... the second change!"

There is an end, and then, the second violent drink has already sounded. This time, the blood of the lion's supreme body has once again rolled over, exceeding the previous change.

When the first change was made, the lion sage was a hundred feet high, but now, it has already skyrocketed to a thousand feet! to

The temperament that has been dissipated in his body has soared to the sixth level of the universe.

Chapter 4683: Seventh change

"Roar!""

The mad lion has changed... the third change! ”

Without waiting for everyone to react, the lion sage has once again roared up. this

Engraved, as the third change unfolded, the violent blood in his body also surged again and again, like the same roaring river, directly driving his body shape like a balloon, rapidly expanding stand up. From

The original one thousand feet high, quickly reached two thousand feet, three thousand feet ... until the last 10,000 feet!

As for the cultivation of the body, it has soared to the seventh level of the universe! three

Not enough interest, the mad lion sings three screams, directly opened the mad lion's blood magic, although only started to the third change, but its body shape, but instantly reached the giant, repaired for strength, it is soaring three A small stage. by

In the previous fourth-order mid-term, it has skyrocketed to the late seventh stage! This

Everything was too amazing, and it happened too quickly. All the people were unexpected. They all opened their mouths and were completely thundered. For a moment, they even forgot to exclaim.

However, all this is obviously far from the end. This lion sage is a ancestor of the War Lions. The lion lion has changed its blood, even if it has not yet realized the ninth state of perfection. It is impossible to just stop at the third change.

"The lion has changed nine times... the fourth change!"

In an instant, another violent rumor came, the sound of the four wild, the mad lion of the body of the sacred screaming, the corner of the void was a little shudder.

Then, he had already reached the peak of the blood, and instantly became like a balloon that was inflated, and then skyrocketed ten times again, reaching the horror of 100,000 feet! to

In the body of the repair of the breath, and thus soared to the eighth level of the universe supreme! according to

The old is not over...

Next, a series of roaring sounds came, and the whole piece of emptiness really trembled!

"The lion has changed nine times... the fifth change!"

The mad lion has changed... the sixth change! ""

The lion has changed nine times... the seventh change! "

"Roar!"

"Hey..."

In the blink of an eye, with the sound of these roaring voices, the stalwart stalwart body has soared again and again, and the short three interest rate has climbed from the giant of 100,000 feet in the fourth state to the current 100 million feet. Big. One

Billion, that is, 600,000 miles, like a small star, terrible.

As for the cultivation of the air that has been dispersed in the body, it has once again soared three small steps. Previously, it was the eighth order of the universe. Now, it has reached the second stage of the horrible wild power! This

However, the legendary ancient powers, but not yet into the first place, but have been stable in the early days of power, reached the second level of this situation.

Let's not say that the Demon Temple is in the front, and the exaggeration is said. If other powers or ruins are not available, it is enough to rely on the singer of the lion to even sweep the piece of the ruins of the wild world! This

Everything happened too fast, too amazing, and the lion sage as a party, his feelings are stirring, although it is not the first experience, but still can not calm.

It's obviously even more so that the great ethnic groups and the scouts who are watching in the distance in the distance are far away! this

At this moment, their faces have already changed wildly, and even their figure has shivered uncontrollably.

Before the tenth interest rate, the lion sage supreme strength is only the fourth order of the universe supreme. tight

Then, before the count, when he activated the blood of the body, and turned the blood of the lion to the third change, the cultivation of the lion sage rose to the end of the eighth stage of the universe.

Then, without waiting for all the people to react, he was once again arrogant three times, and it was just a short amount of interest. With the development of the seventh change of the lion, its cultivation was strength, and it suddenly rose to third order, and Crossing the realm of the big realm, directly rushed to the second stage of today's ancient powers...

Everything is simply ridiculous, and the scouts from all major ethnic groups are shocked. that

These are from the existence of the three major star planes in the world. Although they have not seen the blood of the lions and sorrows, they have shown the seventh change, and they are still based on their own strength. It is the case of the universe. but

After all, they came from the three major star planes of the world. For the second universe, the lion's \*\*\*\* magical powers were somewhat heard.

But the scolded beasts of the indigenous beasts and the benevolent forces that belonged to the emptiness of this piece of wild land have never heard of it before. Now they suddenly saw that the mind had already trembled and the whole brain was It creaked.

After a large sound of cool air, the exclamation of the tide, suddenly burst into four..."

what? The second step of the ancient power? Is this... to sweep the rhythm of a void? "

"It is no wonder that among the warriors of the Second Universe, the number of warships dispatched to the emptiness of this piece of ruined land is so small, all of them are elite, and the roots of the people are the fine routes. The warships are not seeking more, because there is already one A powerful wilderness power level, no need to rely on the conventional level of the Battleship Corps..."

This time, the three major corps of the Magic Hall really played hard iron plates. Don't look at the three major legions and the captive army. The size of the individual is the strongest, but it's only the first level of the universe. The second-order power, even the ants are not counted, people can kill him with a finger..."

The result of this war has no suspense, and the lion sage of the War Lions is right. He was not a arrogant word before, facing the three major corps of the Prophet, even if he relied on his own power. It is also easy to completely destroy the enemy, behind the warrior army, there is no need to dispatch a soldier and a ship..."

"Oh, good play... I want to end!"

Until this last sigh came, Qingniu, six bloody, and Zhao Dong, Qian Nan, Sun Xi and Li Bei were all trembled and reacted from the loss of consciousness. just

This scene that happened before the eyes is too amazing. For the lion sage, only the second-order cultivation is powerful. They really don't catch a cold. After all, their own devils are already ancient and supreme, and compare with him. The lion ancestor of the War Lions is also not much different from the ants. Do not

However, the other party from the universe of a fourth-order universe, within a short ten-digit interest, has become a second-order power, but it is extremely amazing. on

Even Qingniu and Liutou, Zhaodong, Qiannan, Sunxi, and Li Bei were shocked. but

It's just a shock, it's not enough to achieve shock.

Because the six of them are clear in their hearts, this time, the Lord of the Lord will certainly shoot, and most of them will not be as in the Qinghong star field of the Qingpeng people, just secretly shot.

This time, the Lord of the Devil must have a thunder blow, and this shocked all directions. Therefore, at this moment, looking at the arrogant lion sage in front of the imaginary sky, not only did they not have the color of fear, but they also exchanged their heads. After a look, all grinned...

Chapter 4684: When the sky falls, the big stick

This scene is too strange. All the people see it at the same time, and the face is full of confusion and confusion.

In the face, the lion stalwart of the banned blood banned the lion's blood, and the strength and size of the lions rose sharply. short

Shortly after the ten-digit interest rate, its original strength is only the fourth-order refinement of the universe, and it has soared to the second-order of the ancient power of today...

In the three major corps of the Magic Hall here, the six \*\*\*\* scorpions that are the strongest in strength are only the ones of the universe.

Among the other five legions, Zhao Dong and Qian Nan, Sun Xi, and Li Bei are only the first step of the universe. most

After the green cow, even the emperor is only the first step...

Such a lineup, for the second-order lion sage of the ancient powers, it is impossible to even squat ants, people only need to gently extend a finger, they can all smash their bones and brains in the void. can

It is said that the disparity between the two sides is now far from being arrogant.

However, this is a bad situation. The six high-ranking commanders of the three major corps of the Magic Hall are not only not shocked, but they are not immediately escaping and fleeing, but they are still switching their eyes and switching their eyes. The grin laughed...

The figure is more stable, and there is no tremor on the knees. It is obviously unpredictable, as if it is not in the eyes of the powerful second-order power in the void outside the billion miles!

In this scene, all the people were stunned. Then, after a short silence, the great ethnic groups and the scouts who were crouching in the back of the sky suddenly shook their heads and sighed. private

The sound of the discussion is like a flood of water, and it's flooding...

"Hey, it looks like, the green cow and the six \*\*\*\* bloody, they are the scene of this monk in front of the eyes, scared to lose the soul, this is clearly the rhythm of the collapse of the mind, even if the lion lion of the War Lions does not shoot They are also abolished today, and their hearts are broken. It's like a fire, it's ruined..."

"This is what it should be. After all, even the six \*\*\*\* scorpions of the Supreme First Order of the Universe are no different from the ants in the eyes of today's mad lions..."

"Especially the green cow, only the emperor is immortal. At this time, standing at the forefront of the front line of the two armies, it is a big joke, too dazzling..."

"Evacuation, there is no suspense in the following. The warrior army of the War Lions will not even be dispatched. Just a lion sage, you can destroy the entire Magic Palace in a short time!"

"Yes, today's mad lion supreme is a powerful second-order absurd. I am equal to squatting in the distant sky. It is also a big disrespect for him. If he is angry, even if he is away again. Far, I can kill me in an instant, etc..."

"In order to think about it, it's still not a big fight, and it's a wonderful experience..."

As these sighs and private voices sounded, they crouched in the air in the distance, and the scouts of the great ethnic groups and forces that looked and peeped to the battlefields here, whether they were beasts, survivors, or ones. The warships and battleships all began to evacuate slowly...

The scale of this battle today has exceeded their estimates. No one dares to offend a powerful second-order power. It is tantamount to finding death. again

Plus the final result is no longer suspense, then naturally there is no need to stay here again..."

The ants, the deity will give you the last chance..."

At that time, as the major forces squatting in the distance slowly retreat, the lion sage in the void outside the forbidden land in front of the banned land, once again came the voice of God.

Endless ambiguity and arrogance...

"You six guys, now when you have half a column of incense, kneel begging for mercy, if you can touch the deity, today... leave you a whole body!"

Roar....."

At this moment, the lion saga that has reached the second level of the ancient power of the ancients is simply full of enthusiasm. When it is half, he raises his hair and screams, and then the sound of the gods resounds through the whole star. The vast void of the domain. Place

Some people are clearly audible..."

As for the rear of the Demon corps, whether it is a beast or a survivor, or a strong group of people from the three stars of the world, no matter what is done, as long as surrender, the deity will never be connected! ""

If you are obsessed with obscurity, you will resist it... killing you! "

"The initiative to abandon the war and descend, the battleship kinetic energy cabin stalled, the personnel out of the ship, in the virtual air array on the right side of the ship, waiting to be compiled... Anyone does not listen to the instructions, there is a change, immediately bombarded!"

"Roar....."

After the last sentence is finished, the lion sage once again expresses a madness in the hair, and the arrogance of the arrogant tyrant is undoubted!

These words are the words of the three corps of the Devils that were smashed in the mouth of the \*\*\*\* and Qingpeng.

Nowadays, from the lion's stalwart mouth of the war lions, the object has become the three major corps of the magic hall. This is clearly intentional, the shame and ridicule of the red fruit.

It is a pity that after the saga of the sacred lion's voice fell, there were countless battle boats and battleships in front of the sky, but there was no movement at all.

Perhaps the captives of the \*\*\*\* and Qingpeng people are already heart-warming, but they don't have to step out of the warships, because the two races and the warriors have already made a good deal, even if the lion's singer's supreme shot will not The strain is connected to them. to

In the three major corps of the Magic Hall, it is even more impossible for someone to be moved. At this moment, whether it is the starry beasts of the three major regiments, or the ancient survivors, or the nomadic corps from the three major star planes of the world. The strong men of the world... look at the sacred eyes of the lions, all like idiots.

The six bloody, blue and Zhao Dong, Qian Nan, Sun Xi, and Li Bei in the forefront of the Legion, the smile on their faces, is also more and more brilliant...

At this moment, they are really happy, the more arrogant the lions are, the more they are in their eyes, the more interesting they will be! "

Oh, toasting, not eating fine wine..."

After waiting for the interest rate, there was no movement. The six \*\*\*\* and green cows in front of the camp were more happy.

This scene fell into the eyes of the lion's supreme, and suddenly made him feel boring.

With the cold snoring in the nose, his face sank, and the body's repairing breath suddenly condensed. This is the rhythm that is about to be shot..."

When the public is recruiting the descendants of the Lord and the generals, you are not the master of this star? "just

At this time, Ye Xuan's words of voice sounded in the void without warning, and I did not know where it came from. "

Oh..."

In the next moment, the emptiness of the lion's supreme head suddenly broke through a void crack, a huge incomparable, like a giant pillar of black, sticking out of the crack, falling down...

Chapter 4685: Starry earthquake

In the void, Ye Xuan's voice suddenly sounded without warning..."

Oh..."

Then, almost at the next moment, the emptiness of the lion's supreme head was cracked into a void.

A huge, incomparable black rod like a giant pillar, stretched out from the crack, aimed at the head of the lion's supreme, and fell to the head...

"Hey..."

At one moment, an unprecedented sense of life and death emerged from the sacred heart of the lion, almost subconsciously, and he immediately looked up and looked at the sky at a distance from the top of his head. With

The sound of a cool and cool air came out clearly from his mouth. The sacred sage of the lion screamed instantly and his body trembled fiercely. He exclaimed: "The second-order absurd? This is impossible..."

"boom!"

Didn't wait for the screams from his mouth to finish, the black stick that protruded from the crack in the sky at the height of the sky, has slammed down and landed on the head of the lion's supreme...

The sound of the sound of the earth's sound came out, and it rang through the whole piece of the void. The stalwart lion's supreme body shape, in this blow, instantly exploded, turned into a \*\*\*\* fog, and spread! to

Dead, the screams in his mouth, have not been able to finish... can be described as dead grievances! although

It is said that the real cultivation of the lion lion is only the fourth order of the universe, but nowadays, in the state of the seventh change of the lion lion, the real power is actually the second-order power!

A powerful second-order power was actually killed by a \*\*\*\* stick. The whole body was turned into a \*\*\*\* fog, and the hair could not leave one. very

As for the words in the mouth, I haven't had time to finish it... This is the most ridiculous power in history!

Of course, this time, Ye Xuan's real body did not come. He still sat in the magic hall of Xu Xu's forbidden land. He just sent a projection and screwed the \*\*\*\* stick to kill him.

Even so, killing a second-order power is still enough, it is easy.

Of course, he also made some changes to the \*\*\*\* stick. Although the approximate shape is similar, it is a fiercely big stick, but it has become a great form, and the \*\*\*\* stick at the beginning, still have The difference.

After all, in today's ruins of the ruins of the world, there are too many major groups and top powers in the three major stars of the world. If

It is directly showing the person with a \*\*\*\* stick. I am afraid that the identity will be revealed in an instant... Ye Xuan has no such plan yet, so it can only be so. Fortunately, although the form has changed, the power is the same and has no effect. The same fierce flames!

"Hey..."

At the next moment, with a faint sound of broken air, the black rods that came out of the hollow crack in the distant sky were taken back. At the same time, a figure that didn't look so good, took a step away from the crack. come out.

This is a violent, physique only to succumb to the heights, but the stunned but stunned, at this moment the black stick has been put away, carrying his hands, his face is cloudless, as if just done, only But it's a trivial little thing...

It's Ye Xuan, of course, not his deity, but a projection that was sent by the Great God. can

Even so, in the eyes of the six \*\*\*\* and Zhao Dong, Qian Nan, Sun Xi and Li Bei, this is the same as their devil.

Even the green cows who are not familiar with Ye Xuan have seen this product sent out a projection to come over. After a big stick kills the lion sage of the War Lions, they do not leave, but from the void. The crack came out, and it was also put on this look. It was clearly a rhythm that wanted to take advantage of the machine...

Therefore, although the green cow is quite speechless, this key moment, the open occasion, will not fall to the face of Ye Xuan. "

Welcome to the Lord of the Lord..."

"The devil master is mighty!"...

...

After a slight glimpse, six bloody, green cattle, Zhao Dong, Qian Nan, Sun Xi and Li Bei six people all squatted down in the void, shouting the Lord...

In the universe of the void behind the human body, there are three major corps of the magical temple in the margins. All the starry beasts, the beneficiaries and the nomadic legions of the various races and powerful forces, whether in the void or not, Still in the battle boat, the battleship, without exception, all smashed down.

As for the prisoners of the \*\*\*\* and Qingpeng base camps that have just been compiled in the recent period, although they have not seen the so-called demon masters, at this moment, after a short period of time, no one dares to delay, whether it is willing or not. They all squatted on one knee and shouted at the Lord!

In an instant, between the vast expanse of the heavens and the earth, all of them are filled with respectful voices, and even the void is shivering!

All this happened too much, too fast...from

The lion stern looked up and looked up at the sky high above the head. Now that he has disappeared, the emptiness of the air has rang through the endless sacred voices.

Whether it is the army of the 200 million warships of the War Lions, or the large ethnic groups that were originally retreating in the distance, the scouts of the major forces have not had any reaction. but

Their figure, but without exception, all were stagnant on the spot, everyone opened their mouths, their eyes were round, and their faces were just like the ones that had just been thundered...

Then, just two or three moments in the past, these guys finally recovered from the huge shock that could not be said. body

Under the madness of the form, they sighed with a sigh of relief. Then, they subconsciously lost their voices and exclaimed. For a time, they were resounding in the air, just like a big earthquake.

"God, the lion sage adult... has it fallen?"

How can this be? Today, in the state of the seventh change of the lion, it is a powerful second-order power..."

"It's over! Even the mad lion stalwart has been spiked. I have countless people in the lion's base camp... I am afraid I can't escape today!"

"Oh... what happened? The second-order power of the War Lions actually fell. Was it directly smashed into a blood fog by a stick, and spread out?"

Illusion! It must be an illusion..."

"The Lord of the Lord? The starry sky is violent... It is the Lord of the legendary temple!"

Too powerful, just a projection of the coming, free to shoot, it is easy to incomparably kill the lion lion of the War Lions, directly blasted to the explosion ... This is absolutely the repair of the ancient and supreme, the strongest under the heavens The supreme existence! ”

"The second-order ridiculous! Actually it is the second-order ridiculous, stronger than the lion sage of the lions, and it has strengthened a whole realm. It is simply easy to kill with a single blow. It is impossible to have any suspense!"

"Who else dares to provoke? In this piece of ruined land, they are already... invincible!"

Chapter 4686: Nine heads of \*\*\*\* wake up

At this time, with the exclamation of a tidal wave in the surrounding air, the starry sky from the void in the sky at the height of the sky, has turned to the 200 million wars outside the banned blood. The Lions army looked at the past. eye

The middle cold man flashed, and the cold screamed out: "The old lion has fallen, and he is still not crouching... What is his intention?"

"boom!"

Oh..."

In the next moment, among the 200 million elite warriors, there are four large fortresses with a diameter of 100,000 meters. pole

For the sake of thoroughness, even the opportunity to turn into a huge fireball is not directly annihilated in the void.

In addition to the lion sage supreme, the war lions in this ruined land of the ruins of the ruins of the heavens and the earth, there are four cultivating strengths beyond the immortal existence of the emperor.

The ancestors of these four warriors are all the masters of the universe, and Zhao Dong, Qian Nan, Sun Xi and Li Bei are the same. Such as

Today, these four old guys, together with the big fortress they are sitting in, are all in the same place for the fly ash, and the starry sky is all violent, but even the fingers are not lifted, just the mind, it has been completed... ..

Previously, Qingniu and its undersea starry nomadic corps fled in the void of this ruined land for more than ten years. It was said that they had been bullied. This time, Ye Xuan dispatched the demon temple to revenge and hate, and \*\*\*\* and Qingpeng The three lions are listed as targets. three

The existence of the subordinates in the tribe can not be pursued, but as a true high-level above the sage of the commander, he will not let one go. only

In this way, other major ethnic groups and forces can feel the determination of the magic hall. In the future, if someone dares to provoke it easily, it must be endless. Anyone must take a good look..."

thump! ""

thump....."

At this moment, with the respect of the four warrior lions, together with the great fortress they live in, the squinting work is completely used as fly ash, and it disappears. The battle of the two hundred million lions in the battleship is immediately passed. There have been countless plops to pounce on the sound of falling to the ground.

The same was true of a large number of warrior tribes who had settled in the void of the universe outside the battleship. Their statures were soft, and they fell to the void, and their bodies shook.

"Hey!"

"What are you waiting for? Immediately compiled..."

In this scene, Qingniu screamed and announced the fate of the captives of all the people in the War Lions base camp.

This battle is so amazing that the battle on the conventional level has not yet begun and it is over. do

After all this, Ye Xuan did not stop here. He turned back to the distant universe and scanned the circle of the universe. The coldness in his nose and the step went into the void crack that always existed.  
,Disappear. and

In the distant sky, those scouts from all major ethnic groups and forces, after being swept by his sights, all of them were cold, such as falling into the ice.

They know that in the last lap, the Lord of the Devil is silently warning that this level of power has no need to use words to show anything, one eye is enough to suppress everything...

With endless horror and fear, these scouts from all ethnic groups did not dare to stay here again, all quietly leaving and leaving the place. and

As they leave, everything that happens here will surely spread at the fastest speed in the emptiness of this piece of land. that

The lord of the mysterious demon hall, which was born in the sky, is the behind-the-scenes of the starry nomadic army, which has been remembered for more than ten years. It is a powerful second-order absurd...

As soon as the news spread, it was estimated that the whole piece of void should be quiet, and I wonder how many people would scare the soul. in

In the past ten years, in the emptiness of this piece of ruined land, the ethnic groups and forces that have oppressed the blue cattle and his underworld star nomadic legions are not rare. Such as

Although today's people only have to shoot the birds, they only cleaned up the bloody, Qingpeng and war lions. However, if they meet again in the future, they only need to scream, and they have oppressed his ethnic group. I thought better...this

Once, the post-war counts in the War Lions' home base for the \*\*\*\* ban were only used for one day.

Qingniu also took advantage of this opportunity to summarize the number of prisoners and warships of the bloody, Qingpeng and warrior tribes, and the final statistics are gratifying. This

After the First World War, the various warships captured by the three tribes had nearly 600 million warships, and the tribal elites had nearly ten billion, of which more than three hundred were immortal, and more than one hundred were immortal.

These forces, after returning to the three major regiments, after the return of the triumph, will be incorporated into the captive army that has not been escorted.

Since then, the bloody, Qingpeng, and war lions have been completely removed from the emptiness of this piece of land in the wild, and they have become a captive army of one of the four major armies of the Devils...

The original captive army was composed of the former bloody, Qingpeng and war lions, and now, together with the other strong tribes of this tribe.

The commander-in-chief of the legion, that is, the emperor's immortal, will reach more than two hundred statues, and the original imperial family of only three hundred will be immortal, and will reach more than 600. total

With more than 20 billion troops, various warships and large and small fortresses, and a small fortress of 50,000 meters, the total number is more than one billion. It is absolutely huge and impressive.

This time, the 100,000-meter-diameter large fortress captured by the bloody, Qingpeng and Shishi tribes exceeded 30 million. After the reunification, the two million strong fortresses will all be drawn out. , provided to the nomadic army to take the elite route. magic

The nomadic corps under the temple has only 20 million ships with a diameter of 100,000 meters. After these supplies, the size of the 100,000-meter-diameter fortress will reach an astonishing 50 million.

50 million ships, all of which are large fortresses with a diameter of 100,000 meters. This is absolutely scary. If a round of volley is launched, 50 million black anti-matter energy light cannons with a diameter of 30,000 to 40,000 meters will almost cover a star field. It is the ancient supreme, I am afraid I have to avoid it.

After everything was completed, with the order of the Qingniu, the three major corps of the Magic Temple took the captives of the bloody, Qingpeng and war lions and embarked on the return of the triumph of the Xusheng ban. very

Fast, the vast void of the banned blood is completely quiet.

And as they left, the entire vast expanse of the ruins of the ruins of the heavens and the earth was completely boiling, and all the people were shocked and stunned...

.....versus

At the same time, the second cosmic \*\*\*\* ancestral home of the three major stars in the world. blood

The Yi people are among the top ten most popular groups among the second universe.

The generation of the ancestors of the ancestors of the nine generations of blood is a supreme existence that has lived from the ancient times to the present. It has been sleeping all the time, and occasionally it will wake up, but now, with the fall of the prince, this ancient blood Oh, I finally woke up completely...

Chapter 4687: Bloody

The \*\*\*\* clan is now one of the top ten ethnic groups in the second universe in the three major stars of the world.

But in fact, even in the ancient times of the late ancient times, the \*\*\*\* people were famous in the void of the endless galaxy.

Today's \*\*\*\* clan is a \*\*\*\* descendant of nine \*\*\*\* scorpions in ancient times, and the \*\*\*\* ancestor of the nine \*\*\*\* scorpions is the \*\*\*\* konjac in the legend of the ancient times... blood

The generation of the Yi people's ancestors was already at the end of the flood season, and even caught up with the tail of the ruined and ruined world, even without the last fall of that war. But fell after a serious injury.

Since the endless years, in the secret area of the deepest part of the \*\*\*\* family's nesting ancestral land, there has always been a \*\*\*\* battle in the distance of the void, and the huge blood cloud is rolling and tumbling. This

The \*\*\*\* clouds are magnificent and majestic.

Within the blood cloud, there is a faintly visible nine-headed \*\*\*\* scorpion that is swallowing clouds, and the momentum is awkward. Although the breath is not comparable to the ancient sacredness of the Golden Dragon and the Wild Nightshade, it is not as old as the Void Scoop. Can be compared, but not weak. This

The \*\*\*\* head of the first nine heads was seriously injured. He was the \*\*\*\* scorpion of the first generation of the \*\*\*\* family.

At the end of the war of the year, the nine \*\*\*\* daggers of the nine heads were only three of them, and the whole body was full of scars.

He belongs to the camp of Qingyan Tiandao Qingyan. in

He crouched in the deepest part of the \*\*\*\* ancestral ancestors. In the long period of healing in the dark, in the void above the head of the \*\*\*\* head of the nine heads, there was always a chain of locks around him, and it fell so suddenly. positive

It is a stagnation lock lotus that sends him a source of evil.

In the long years of the past, before the end of the evil planet, the end of the chain, there will be a drop of all the evil sources falling, but the nine \*\*\*\* but not all Use up. This

There are only a drop of the source of the evil source, and only nine-quarters of the blood is used to repair itself. and

The remaining quarter will be injected into the \*\*\*\* giant egg that tumbling in the middle of the cloud.

The \*\*\*\* giant egg is the blood of his descendants, and can also be said to be the second generation of the \*\*\*\* family. Once born, you will be able to have the cultivation of the Qiankun, and there will be no limit in the future. thing

In fact, the original blood-colored giant egg was the later Prince. when

At the beginning, Ye Xuan entered the mound furnace with the power of the headless baby corpse in the deepest part of the star of the evil, and secretly created some evil venom. when

At that time, there was a drop of the chain of the sculpt in the sacred furnace, which was transported to the deepest part of the \*\*\*\* ancestral ancestral land, and was obtained by the blood of the nine heads.

It was also the same time that the nine \*\*\*\* scorpions were almost poisoned, and even the princes who had been bred in the same place were hurt.

After waiting for a year, it was the result. At that time, the nine heads of blood were mad, but because the injury was too heavy, they could not tear the void across the plane to pursue. At this moment, they can only vent their general roar.

At that time, all the \*\*\*\* people outside the secrets, including the patriarchs, all fell to the ground and shivered. They didn't know what happened inside the ancestral secrets, and they made the blood ancestors so angry...

Come, the once-a-year drop of the evil source of the furnace, suddenly doubled, for several years, two drops are delivered every year.

For this reason, the \*\*\*\* injuries of the nine heads were quickly restored, and even the princes were born, but unfortunately, because of the damage caused by the drops of venom in the process of gestation, they were inherently deficient. because

For this incident, the nine-headed \*\*\*\* scorpion is particularly fond of the prince, and after Ye Xuan's huge void crack from the second universe, the emptiness cracks into the emptiness of the ruins of the heavens and the earth, the nine \*\*\*\* bodies are fully trained. The prince, finally, after a short period of tens of years, he was cultivated as a strength, and he was promoted to the middle of the universe.

At this time, among the ancestors of the \*\*\*\* ancestral ancestors, a six-headed \*\*\*\* scorpion also awakened at this moment, with the powerful refinement of the nine-order grand perfection of the universe. for

After the refining, the prince took the initiative to enter the emptiness of this piece of ruined land, and the nine heads of blood smothered him, did not stop, and ordered six \*\*\*\* scorpions as guardians...

He himself entered the final sleep after the scorpion and six \*\*\*\* scorpions left.

Before this time of sleep, the nine \*\*\*\* heads of the nine \*\*\*\* heads have all grown out, and they have recovered to the peak of the nine-step grand perfection of the ancient times. distance

It is only a step away from the sacredness of the ancients.

This last sleep, his purpose is to break the despicable situation, break through the strongest state of the past, and then take the whole \*\*\*\* Yi people to the empty space of the ruins of the wild, waiting for the fullfall of the end of the flood, the competition is about to open Hongmeng's new era of Hongmeng's air transport...

Today, the prince and the nine-headed \*\*\*\* scorpion with a part of the \*\*\*\* scorpion's elite left, entered the huge emptiness crack of the yin-devil, and went to the vast expanse of the ruins of the vast wilderness, which has been for several years.

After all the top-level cultivation resources collected and accumulated in the hands, and the smoldering of the evil sources in the past few years, coupled with the accumulation of the long years from the end of the flood, to today, nine heads The \*\*\*\* blood finally broke through smoothly, and it was promoted into a state of absurdity..."

Roar.....""

Oh..." This

At the moment, in the deepest secret of the \*\*\*\* ancestral ancestral land, the vast and innocent blood cloud suddenly surged incomparably, and the nine roads filled with the joy of joyless joy, from the blood cloud. nine

The head of the \*\*\*\* nine huge blood head, while roaring in the sky.

At this moment, he was too excited. Since the end of the distant flood, he has been seriously injured. The nine daggers have exploded six, leaving only three. Such as

Today, after the endless years passed, he finally recovered his wounds and broke through the most peak state of the year. He finally got what he wanted, and stepped into the unprecedented wilderness of the past. "

Hey, wait, be the father... Come and join you soon. This world will help you for the Father, and you will be on the top of the list! "

After a long time, the nine \*\*\*\* excited heart gradually calmed down, whispering, he subconsciously sensed the brand of the gods left in the body of the prince. "

Hey! "

"Bold thieves, but with the help of the secret law to climb to the ridiculous situation, to deceive the world... I dare to marry me, the deity and you, never die..."

Almost at the next moment, the nine-headed \*\*\*\* and fierce whistling sound came out, and the vast blood cloud that had just recovered was completely boiling again...when

The first prince left the ethnic group and went to the shard of the shards of the wilderness. Because he was not at ease, the \*\*\*\* nine scorpion in his body, with the secret of the \*\*\*\* scorpion, left a mark of God's identity, the role is very simple, just in At the time of life and death, pass a little weak message...

Chapter 4688: Qingtian Pengzun

It is precisely because the sacred mark has no attack power, and it is extremely weak, and the message that can be transmitted is extremely limited, and it can only be sensed by the nine \*\*\*\* scorpions that have the supreme blood relationship with the prince. Place

Therefore, even if it is the ancient supreme, when he killed the prince, he could not detect his existence. It

Therefore, it is because the nine \*\*\*\* people value the only direct descendants of the bloodline, even if he is accidentally degraded, the nine \*\*\*\* can not easily rest, in any case, at least know who the shot is, so that they can wait for the opportunity Newspaper...this

Originally it was only a temporary means. I didn't expect him to just break through and wake up. He was born in a powerful state like never before. The means that he left behind was really fulfilled...

At this moment, the nine heads of blood are mad and screaming, and the secret place in the deepest part of the \*\*\*\* ancestral lands is trembled violently.

Such an accident is unprecedented for the \*\*\*\* people.

Beyond the mystery, all the \*\*\*\* tribes in the vast \*\*\*\* ancestral land were frightened, including the cultivation of strength in these years, which also surged a lot, and now it has broken through to the \*\*\*\* family of the first-order universe. The patriarchs also fell to the ground and shivered.

Even, even in the deepest part of the \*\*\*\* ancestral ancestors, the ancestors who survived the various eras of those who were still in the midst of sleep, have been awakened in this shocking movement. .

A large number of people, from the end of the distant era of the ancient times to the present, there are thousands of tens of thousands of people, all of which are the existence of the universe.

Among them, there are even more than a dozen ancient bloodstains who have just stepped into the wilderness and power in the midst of slumber, and the six \*\*\*\* scorpions belong to the same era. From the ancient times after the end of the ancient times, they have been sleeping until now...

They, when they have not yet recovered, will sleep for a while and will wake up at the last moment before the end of the flood.

But now, because the generation has always been nine \*\*\*\* roars and roars, all are disturbed, and wake up in advance..."

Congratulations to my ancestors, stepping into the wilderness..."

Fast, these ancestors of the \*\*\*\* generation who have just awakened have discovered that their generation has always been nine \*\*\*\* and now it is already a powerful ancient supreme. Big

Under the joy, they all sighed on one knee and congratulated.

"There is nothing to congratulate, the deity is in a bad mood now... Six \*\*\*\* beggars have been rebellious, and the nephews have been killed, they have been completely degraded..."

In the blood-blowing cloud, the sound of the nine-headed \*\*\*\* voice that has gradually calmed down has spread, revealing the endless sense of coldness...

"The order is passed down, and the \*\*\*\* family raises the family and advances into the emptiness of the piece of land in the wild..."

The deity took a step forward and tore the void, and waited with all the \*\*\*\* tribes, and then moved completely..."

"In addition, after the deity left, I remember to know the Laopeng bird and the old lion and told them that most of the pioneers of the \*\*\*\* people have been completely destroyed. Most of the pioneers of the Qingpeng and the warriors are also like this..." "

How to decide, it is up to them to decide..."

"Roar!"

Oh..."

After the last sentence, the nine \*\*\*\* heads roared again, and the \*\*\*\* clouds in the deepest part of the \*\*\*\* ancestral ancestors suddenly condensed inward, and the blink of an eye turned into a weak one. The blood is so thin that it tears the void directly and disappears.

The news was so amazing that the ancestors of the various ages in the \*\*\*\* ancestral home were shocked. but

Yes, the generation has always been nine \*\*\*\* orders, no one dares to defy. Soon, the \*\*\*\* Yi people of all ages have been dispatched in advance. Some of the Qingpeng people who went there, some went there. The war lions, but most of them stayed, ordered the entire ethnic group, and immediately collected everything, preparing to raise the family to go to the emptiness of the ruins of the wild world...

.....green

Pengzu ancestral land!

The Qingpeng nationality is said to be the descendant of the blood of Qingtian Dapeng in ancient times, and the source of the blood of Qingtian Dapeng is the legendary big demon in the ancient times!

Da Yao Peng Peng, like the Nether Emperor, in the era of the ancient times, is the existence of the supreme level, shoulders the golden dragon, the hollow giant turtle!

At that time, the nine \*\*\*\* scorpions, the Qingtian Dapeng and the blood-sucking war lions all joined the camp of the hunger-stricken world in the end of the war, and participated in the devastating battle of the great era of collapse and flood. that

At the time, among the three old guys, the nine \*\*\*\* scorpions and the Qingtian Dapeng are all the ruins of the ruins of the ancients, that is, half-step ruins. bite

The \*\*\*\* lion is stronger, although it is only the first step of the ancient powers, but under the blessing of the lion's ninth-changing blood and magical powers, it has the horrific power of the first-class absurdity. Do not

After that, after the war, all three old guys were seriously injured. flood

After the collapse of the world, they left their blood and proliferated into the later bloody, Qingpeng and warriors. and

The three old guys crouched deep in the ancestral homes of these three ethnic groups and recovered their injuries.

Nowadays, the endless years have passed, and the era of the endless years of the endless years has disappeared in the long river of history. This

One point, not only the nine \*\*\*\* knows, but also the blue sky Dapeng and the blood-sucking lion. Make

For the powerful generals in the Qingyan camp of the wilderness, they even have some channels to get the news of the green eyes and know some arrangements.

Nowadays, the nine \*\*\*\* scorpions have been restored, and further, they have stepped into an unprecedented situation of absurdity.

Originally, he was trained to be equal in strength. In the past, he was even slightly lighter, and he was obviously a little bit closer and closer to the lion.

It was at this time that an old ancestor of the \*\*\*\* Yi people had come to the ancestral land of the Qingpeng people. Under the guidance of the Qingpeng ancestors, they entered the deepest part of the Qingpeng ancestral land. Among the mysteries. very

Fast, everything about the \*\*\*\* people, and the general situation that happened in the emptiness of the ruins of the ruins of the heavens and the earth, was known by Qingtian Dapeng...

"Hey..."

The sound of the whistling sound of the sky rang from the depths of the Qingpeng ancestral land.

Then, a powerful and incomparable horror of the ancient Supreme, from the mystery, swept out. "

Congratulations to my ancestors, finally breaking through..."

At one moment, the ancestors of the Qingpeng people stayed for a while, and then the face appeared to show ecstasy, the first time squatting on the ground, and congratulated...

"Hey..."

There was no response, but the depths of the ancestral land of the Qingpeng people were deep, but the sound of flapping the wings was faintly heard. The whole piece of the void covered by the blue haze shook slightly. tight

Then, countless arrows of the shape of the feathers emerged from the void, as if the cyan hairs were floating in the snow, covering the sky, covering one side of the sky! This

It is one of the most powerful methods of killing and killing, and it is the most powerful means of killing! when

At the beginning, Ye Xuan will also be seen in the battle with Qingpeng Dapeng, the Qingpeng Taoist.

But nowadays, this \*\*\*\* magical power is displayed in the hands of Qingtian Dapeng, which has already broken through into the abandonment. The scene is not natural, it is simply the difference between the mud...

Chapter 4689: It's going to change again.

"Hey..."

In the void, countless arrows of the shape of the feathers appear, like the cyan hairs floating in the snow, covering the sky, covering one side of the world, the voice of the gods of Qingtian Dapeng also came out at this moment, revealing the endless forest The meaning of cold...

"The three tribes are in the same breath, and the old \*\*\*\* singers go to the void. The deity can't sit idly by and ignore it."

"The order is passed down, and the Qingpeng people also migrated to the family, and entered the emptiness of the piece of land in advance..."

"After the deity, I waited for all the slumbers of the ancestors to wake up from generation to generation, and then took all the tribes together with the \*\*\*\* and lion-rare army to fully migrate..."

"Roar!"

"Hey..."

After the last sentence was finished, overwhelmingly, a piece of cyan cyan feathers suddenly shrouded, condensed into a little green awning, squinting and tearing the void, so far away, no longer visible...

...

The War Lions are instinctual and powerful, and rank third in the Second Universe Federation. which is

They are the top ten other ethnic groups, and they are not willing to provoke easily, because all the ethnic groups in this ethnic group are too warlike, or they don't shoot, the shots are life and death, and one party must be degraded to stop! according to

It is said that the blood ancestor of the war lion family is the blood-scarred lion of the ancient times, and its mad lion's nine-story magical technique is extremely powerful, and it shined in the battle of the ancient world.

At the end of the First World War, the blood lions of the war lions belonged to the camp of Heaven and Earth, and they fought side by side with the nine \*\*\*\* and blue sky. that

After the First World War, the three men were seriously injured at the same time, crouched down and recovered their injuries!

At that time, the ancestors of the War Lions' ancestors were the weakest among the three, and the nine \*\*\*\* and blue sky Dapeng were the first-half steps of the ancient power.

And the blood-sucking lion, but only the ancient power of the first step only.

But in fact, his real combat power is the strongest among the three. Even the nine \*\*\*\* and the blue sky Dapeng are inferior, and they can only bow down.

Because the blood of the blood-scarred lion is passed down from the early days of the flood, the \*\*\*\* mad lion that has already smashed the world.

The \*\*\*\* lion and the blood sea konjac, like the big enchantress, are the existence of a powerful ancient sacred level, and belong to the same level of the virtual giant tortoise, the golden dragon and the ancient night yak.

The \*\*\*\* lion has an extremely powerful blood and magical power, and is not weaker than the sacred \*\*\*\* of the ancient night. that

It's just a mad lion! each

A change can make the body skyrocket ten times, and improve the first step of strength. nine

When you change it, you can make your own cultivation a strength, and you will be able to improve your life. flood

In the early days of the wilderness, although the blood-stricken lion was only the third-order of the ancient sacred, but after the display of the \*\*\*\* sacred lions, the few sacred sacred sacred dragons, the golden dragons and the sacred sacred sacred It is the existence of half-step heaven, and he is very jealous. One

If you fight with it, unless you use the sacred bow and other powerful powers, it is almost no rival...

However, the \*\*\*\* lion and the \*\*\*\* konjac, the big demon 鲲 鲲 ,, before the end of the end of the war, have disappeared, life and death do not know, until now there is no whereabouts, not even the exact is life or death Message.

In fact, in addition to the already-born virtual giant tortoise, when the first outbreak of the war broke out, it was amazing that the strongest absurds in the camps of the entire ruined era were almost always the same. all

The Ministry is missing and there is no news today. and also

Xu is crouching down, healing, or breaking through.

Maybe... it's really fallen! this

At this moment, within the ancestral home of the War Lions in the top ten ethnic groups of the Second Universe, a \*\*\*\* ancestor of the \*\*\*\* ancestors has just arrived.

With regard to everything that happened to the \*\*\*\* people, and the general situation of the accidental horror in the shards of the ruins of the wilderness, the \*\*\*\* ancestor of the \*\*\*\* family has explained to the patriarch of the war lions. Two

People have just entered the deepest part of the ancestral lands of the War Lions, and they are just outside the world of savage and violent secrets. before

This secret world is the retreat of the war lion's ancestors, the \*\*\*\* war lions..."

Since both the \*\*\*\* and the Qingpeng have decided to enter the piece of the wild land in advance, the sky is empty..."

After the temporary silence, the voice of the blood-scarred lion's voice came from the secret world of the front, revealing the endless sense of coldness...

"I waited for the three tribes to be in the same breath. The old \*\*\*\* and the old Peng birds went to the void. Now they have broken through to the despicable situation, and even if they encounter a strong presence, Can also be innocent..."

After the order was passed, the war lions also moved to the family, and entered the emptiness of the ruins of the heavens and the earth in advance..."

"Well waited for all the slumbers of the ancestors to wake up from generation to generation, and then took all the ethnic groups together with the \*\*\*\* and Qingpeng army, and moved all over the country..."

"But the deity will continue to stay here!"

"Now, although the deity has recovered to the most advanced stage of the ancient powers of the past, even in this way, under the \*\*\*\* magic of the lions and lions, the strongest combat power that can be achieved is only a waste of respect. Order only..."

"Although the peak of the old blood and Lao Peng birds is the same, but the deity is different from them..."

They have already entered the realm of absurdity, even if it is a first-order repair, it takes a long time to break through again. "

"But the real cultivation of the deity is only the first step of the power, the space for breakthrough is even greater, and the end of the flood has not yet come. The deity must hurry and break through as many steps as possible. Thus, when it is born, it will change. The ultimate combat power can be stronger!"

"Go, see the old \*\*\*\* and old Peng birds, convey the meaning of the deity, tell them that at the crucial moment, the deity will come..."

"Roar!"

Oh..."

At the end of the day, there was a horrible arrogance and screaming in the world of secrets in front of him, and then it was calm and there was no movement. blood

The great ancestors of the Yi people and the patriarchs of the War Lions exchanged a look. They did not dare to continue to disturb. Soon, they withdrew from the ancestral land of the War Lions.

For a time, the bloody, Qingpeng, and war lions of the Second Universe mobilized the whole family and prepared in a hurry. Soon after, the tribes moved the family and left.

.....

The ruins of the wild world are empty!

"Oh!"

Oh..."

In a quiet and infinite universe, suddenly there was a crisp sound of cracking.

The sky was left and right, and two huge black cracks were torn open. Two figures, the front and rear feet stepped out of the way, and the air-filled breath in the body was all horrible.

This scene was seen by the starry beasts and the ancient survivors in some distant stars, and instantly triggered a large tidal wave of coolness. also

There are two powerful desolations coming, this piece of the void that has just been regained soon, will it be changed again...

Chapter 4690: Power second order

Xusheng forbidden, Ye Xuan Dongfu's star in the black magic hall that stands on the top of the giant peak...this

At this moment, Ye Xuan is sitting on the throne of the temple on the knees, closing his eyes and adjusting his interest.

The battle of the three major legions of the Magic Hall has ended two months, and the three major legions have returned. Now, whether it is six \*\*\*\* or green cattle, or Zhao Dong, Qian Nan, Sun Xi, Li Bei, etc... ..

In short, the top commanders of the four major corps of the Devils are almost all retreating. This

In the past two months, this whole piece of vast and innocent land of debris has become quiet and incomparable. first

In the past, there were cases of large and small wars that broke out and appeared to be awkward. It disappeared temporarily. complete

Actually, there was no such thing as a sacred one, but at least it was not officially born. but

Nowadays, the Lord of the Temple of the Devil is born, and he is extremely domineering, and his old sacred cows and the entire starry nomadic army have been more or less influenced by various ethnic groups and forces in the past ten years. Bullying. for

In this matter, the three major corps of the Magic Hall went out, and with the iron and blood, the bloody, Qingpeng and the lions and tribes were destroyed. This

Under the circumstances, other ethnic groups and forces naturally did not dare to have any change. Recently, they all stopped and feared. Correct

Therefore, Ye Xuan did not pay attention to it. In the past two months, he has been retreating in the magic hall, but it is not a breakthrough, but a solid state of mind.

Now, as he opens his eyes, the previous breakthroughs have led to some hidden dangers of state of mind, which have been completely smoothed out, that is, the opportunity to break through again has already arrived..."

Rumble..."

In the first place, Ye Xuan waved the Shennong Ding for the first time and hung behind the giant peak.

Then the body shape shook, and even if it stepped into the fascinating treasure of the tripod, it entered the space inside the Ding, and the figure was sitting on the volcano of the central domain in the Dingnai space. "

call out! ""

Oh..." with

He waved his hand, and soon, a large number of faint sounds broke through the air. In a moment, there was a spurt of anger, hanging in front of him, all of which he took out from the immortal world to develop this breakthrough.

Including the evil source liquid, as well as the colorful magical medicine, etc., there is a chaotic medicine with a thousand square feet! quasi-

Prepare everything, Ye Xuan first mobilized Shennong Ding's domain power, compress all the cultivation resources to only the size of the baby boxing.

In the wave, this baby-sized ball was swallowed into the belly by Ye Xuan and quickly opened.

"Oh la la..."

The entrance to the energy ball that is compressed into the size of the baby fist is instant, and at this time, Ye Xuan's body also has the sound of a chain of squeaking sounds. The resources of the previous swallowing entrance are all in order to hang a powerful energy. .

Everything is light and familiar, Ye Xuan urges the energy that has just formed in the body of the river, and fully and continuously carry out the next big day in the hundred veins!

This time, the breakthrough was slightly hindered. After using it for six days, the energy that was formed in the meridians of his body was completely refining...

As the energy of the river spreads in the meridians and runs again and again on Sundays, it finally disappears completely, blending into his soul and body...

Ye Xuan just had an energy to launch an impact, and this chain of chains has been broken. and

The system prompts in anticipation are also very quick to sound in my mind..."

Hey, congratulations to the host, the breakthrough of the ancient realm of the hole! The current realm: the second step of the ancient power! ""

Hey, congratulations to the host, the breakthrough of the body and blood! The current realm: the second step of the ancient power! ”

Power second order! first

Before, the cultivation of his deity was the first step of the ancient power of the ancients. After activating the blood of the ancient konjac in the body, he could climb to the second stage of the ancient power.

If the magical scorpion is changed again and the ninth change is reached, the combat power will immediately rise to the second level of the ancient sage. If

It is a first-order bonus to the strength of the body, and its true combat power is more than the third-order absurd!

But now, with his breakthrough again, Ye Xuan will have the third-order repair power of the ancient powers after he activates the blood of the konjac in the body.

Then show the blood and magic of the konjac nine changes, and directly into the ninth change, its peak power will reach the third level of the universe supreme!

In addition, in the huge body of the giants of 60 million miles, the power of the horrible power of the pounds is a first-order bonus to the real combat power. Such as

Today, the most powerful force he can show will reach an unprecedented level of absurdity!

This is already in the midst of power. and also

That is to say, in the middle of the Middle Ages, the current Ye Xuan, single-handedly can easily suppress! Do not

Over, the ancient supreme is not the same, the suppression is one thing, but if you want to be seriously injured, it is another matter.

As for the complete bombing, it is only a routine means of war, it is almost impossible, unless it is possible to use a supernatural power such as the 陨天弓. thing

In fact, Ye Xuan also has the secret method of blood and sea. Once he is motivated by the blood and sea secrets, he will immediately condense three blood and sea avatars, all of which have enough horrific power to overcome the fourth-order absurdity. Take

In the case of the Third World War, even if you encounter the fifth-order, sixth-order realm of the ancients, you will be able to remain undefeated. If

It is the use of the sacred bow of this sacred power, that is, the fourth-order ridiculous and unpredictable, and will be shot by him...

"The strongest combat power has reached the fourth stage of the ancient and supreme, and the blood and sea of the same strength can have up to three..."

In the middle of the 精精精,,,,精精精精精精精精精精精精精精精精精精精精精精精精精精精精精精精精精精精精精The stage of the ridiculous power of the ridiculous and powerful ninth-order great perfection, there have been only seven small-order breakthroughs..."

From this point of view, the refining of the 29th-level ridiculous Baodan can no longer continue to drag on. Recently, it is necessary to implement this matter..."

Speaking of this, his sly spurs flashed again, but he no longer spoke and fell into sinking. two

The perfect Danfang of the 19th-level ridiculous Baodan, he has already been smoothly derived. Now, the body's phagocytic system is being fully promoted, and it is the perfect Danfang of the 30th-level Tiandao Baodan. very

As for the power of the savvy blood used to refine the twenty-five-level ridiculous treasure, he has accumulated ten in his hand.

Ten great bloodstains, with Ye Xuan's current Dan Dao rumors, according to his derivation, probably can produce six to seven ridiculous treasures...

The reason why he has not started refining is because he is not very satisfied with this quantity.  
complete

Actually, this is a ridiculous treasure. It needs to be refining with the main blood material as the main raw material, and once it is opened, it is necessary to make up at least five high-energy blood.

Every time you add a big blood, you can basically refine a rare treasure. and also

That is to say, four are used as a base. If

Not urgently needed, he does not want to refine too early, the more blood and blood that he has in his hands, the more cost-effective...
