Chapter 4691: Collapsed a void

"Forget it, just six to seven, after all, it's still a little too little..."

After some hesitation, Ye Xuan finally shook his head, and his face showed a bitter smile: "Fortunately, there are seven small-order breakthroughs in the 9th-order Great Consummation of the ancient powers, but it is not without time..."

"Look back and collect some of the great blood, and then do it!"

After that, he took the matter to his head and stopped tangling for a while. positive

When he wanted to get up, Ye Xuan suddenly felt something, and his face suddenly changed slightly. He turned his head and went out of consciousness outside the stars. mouth

There is even a nightmare of whispering in the middle of the night: "Abandoned ancient supreme? There are actually two... I don't know who is coming, who is it!"

call out! "

In the next moment, with the faint sound of breaking the air, Ye Xuan's body shape disappeared.

Before he disappeared, although he only had the violent form of the high, the konjac in his body had been activated, and he remained in the ninth state.

Therefore, at this moment, the body that he has dispersed in his body is a breath, and he is the third-order of the ancients, which is the peak of the beginning of this...

..."

call out! ""

Oh..."

In the air, the sound of the sharp and unbreakable sound of the air broke out, and two speeds were unfolded. The speed was swept away from the shards of this ruined land. The speed was so fast that the air-filled atmosphere was terrible. It is clearly the first step of the ancient powers...

These two sacred, one is blood, one is blue, it is from the second cosmic plane of the three major star planes of the world, tearing the void from the **** generation of the first ancestor of the nine heads of blood, and Qingpeng The ancestor of the family, Qingtian Dapeng... first

The battle for the conquest of the former hall has been closed for two months. Although they arrived only now, they actually did not delay on the way. After receiving the news, they rushed to the speed. complete

Actually, when the prince was killed, the hidden gods left in his body sent a message, crossing the barriers of the starry sky plane, and it took time to reach the secret of the second cosmic blood ancestral ancestral land. and

And it's still a long time, I've spent a month and a half...

Subsequently, the nine **** and blue sky Dapeng received the news, although the time before and after the foot, came in, but even they, across such a distant void distance, and not in the same void plane, but also It is impossible to arrive immediately.

It took half a month to go on the way.

For this reason, the nine **** heads and the blue sky Dapeng have not been delayed after arriving at the emptiness of this piece of wild land. The **** body of the nine heads of blood is used to sense the position and determine the fallen of the prince. After the specific void coordinate position, the two immediately rushed over, and went quickly, pointing to Xusheng forbidden!

This time, nine **** and blue sky Dapeng came from anger.

In addition, since they were seriously injured at the end of the distant flood era, the two of them have been crouching in the deepest secrets of their respective ethnic groups, and have never looked outside.

Since the endless years, the roots of the teeth have been fully recovered, and the birds have already come out. Partial

When the two of them recovered their injuries and made a breakthrough, they reached the first level of the ancient and supreme level that had not been reached in the past, but suddenly they were killed by the prince, bloody, Qingpeng and war lions. The family entered the power of all the pioneers in this shard of the ruins of the wild, and they were captured.

Under the wrath of the heart, the grievances and sorrows accumulated in these years of hoarse healing are just like finding the direction of dumping. Just like a levee, it will suddenly roll out...

At this moment, as the two started to rush to the Xusheng ban. Along the way, a starry ban and the sacred star field, as well as the bases of the major ethnic groups and forces in the world, countless parties and strong people were alarmed.

The overwhelming screams echoed through the whole piece of the void after a brief silence.

Then, there were countless figures coming together from all directions. I didn't dare to be too close, and there was no way to catch up. The speed could not be compared.

Although these powerful parties can only follow the scenes of the nine **** and blue sky Dapeng, they have not dissipated, and they have gathered more and more, gradually gradually overwhelming, followed by Xu Xusheng And go...

At this moment, they all understand what is going on.

This is the ancestor of the **** and Qingpeng people to retaliate, and perhaps the ancestors of the lions will soon come. which is

In front of us, there are already two powerful ancient sacred supremes. Once they reach the Xusheng ban, these two ruins are in existence, and they must start a terrible battle with the mysterious Lord of the Temple. Knot

How unpredictable, but there is no doubt that this piece of land is empty and it is absolutely going to change...

.....

After a small half day, Xu Sheng banned the periphery! "

call out! "

With the sound of a weak break, a figure rushed out of the Xusheng forbidden land, alone, the speed was almost at its peak, and the blink of an eye had reached the hundreds of millions of miles outside the edge of Xusheng.

It is the temperament of Ye Xuan!

At this moment, in the distance hundreds of millions of miles ahead, there are also two red and one green, two mile, from the left and right directions, the spurt.

"Hey!"

Roar! "

In the distance between the two left and right voids, a Pengming and a gong came at the same time. Just arrived here. After seeing the violent figure, Qingtian Dapeng and the nine-headed **** are easy to shoot for the first time!

In the body of Qingtian Dapeng, a large number of cyan haze emerged, and the wind and the clouds swayed, and the corner of the sky was shrouded, trapping the whole battlefield. Vibration

The sound of the wings was overwhelming, and the whole piece of the void covered by the blue haze shook slightly.

Then, countless arrows of the shape of the feathers emerged from the void, as if the cyan hairs were floating in the snow, covering the sky, covering one side of the sky!

In the blink of an eye, this rule of the void in the battlefield seems to have been affected to some extent. It is beneficial to Qingtian Dapeng, and its breath has soared, while the power of others has been suppressed. versus

At the same time, in the other direction, the nine-headed **** body, which is only about a thousand feet in shape, is bursting out of the claws, and then there is a body that is more than 10,000 times larger, and even the blood of the earth is roaring. And the earth-shattering roar of roaring, even the corner of the void, was collapsed...

"Roar!"

"Roar....."

This energy **** scorpion, like the nine **** scorpions, also has nine scorpion daggers, each spewing fire water smog, also shrouded a small piece of void, covering the entire body of violent temper. This

It is the two extremely powerful blood vessels. It belongs to the Qingpeng and the **** sects. green

Tian Dapeng's talented magical powers --- demon Peng Fengtian!

The nine-headed **** genius of the gods - **** magic boxing! blink

Between the eyes, the two powerful ancient sacred monarchs appeared, and they exerted the powerful secrets of their respective blood, one left and one right, separated by the imaginary distance of hundreds of millions of miles, toward the starry sky that just rushed out from the Xusheng ban. I'm violent, I'm going to attack...

Chapter 4692: Whetstone sent to the door

"Hey!"

Oh..." with

The horrible sound of screaming and roaring sounded, and the vast void of this corner was plunged into shock. Two

Respecting the ancient supreme and shooting at the same time, with a full blow, the scene is too amazing. In this piece of ruined land, I am afraid I have not known how long it has been. There has never been such an amazing scene...

On the left side, Qingtian Dapeng has a body size of hundreds of millions of feet, and there is a large amount of blue smog in the body. The wind and clouds are rolling, and the corner of the sky is shrouded, trapping the whole battlefield.

The sound of the flapping wings of the soul of the gods was overwhelming, and the whole piece of the void covered by the blue haze shook slightly. no

A number of arrows in the shape of the feathers emerged from the void, as if the cyan hairs were floating in the snow, covering the sky, covering one side of the sky!

On the right side of the other direction, the body shape is only about a thousand heads of blood, but it is a punch in the claws. Look

It seems plain and unpredictable, simple, but it is a full blow of the ancient and supreme.

With the shot, a body is more than 10,000 times the size, and even the energy of the earth is soaring, the earth-shattering roar of roaring, even the corner of the void, has been collapsed...

Demon Peng seals the sky! blood

蛟拳拳!

It belongs to the strongest blood and blood of the Qingpeng and the **** two groups. At the same time, it was displayed at the same time. One left and one right, the starry sky was only violent.

These two kinds of blood and magic, Ye Xuan have seen it... When

When he first met with the **** and Qingpeng Taoists, he felt the powerful power of these two kinds of blood and magic. Unfortunately, although strong, but for Ye Xuan, it is not affected at all. .

Nowadays, the same blood and supernatural powers, although they are displayed from the hands of the ancients, the weather is far from comparable when the two kings were used. but

Similarly, the current Ye Xuan is no longer the original Ye Xuan. this

Engraved, although facing two powerful ancient supreme, but his face is not a little bit shocked, whether it is nine **** or Qingtian Dapeng, repairing strength is only the first step of the ancient and supreme.

Although the realm has been solid, it is only beginning to enter this territory.

But Ye Xuan is different. He is now in the ninth state of the konjac and the blood of the genius. The real combat power has reached the third level of the ancient sage...

This is still the result of not counting the first-order blessing of the fighting power of the huge body of 60 million miles. If

It is now that Ye Xuan has removed the secret of blood and sea, showing the huge body of 60 million miles, and its real combat power will skyrocket to the fourth stage of the ancient sage, and it will be stronger in the middle of this period...

But that is totally unnecessary!

Because Ye Xuan is clear in his heart, even if he has the power of the fourth-order absurd in the mid-term, and exerts the power of the secrets of the blood and sea, he gathers three **** seas with the fourth-order ridiculous horror. but

Under the three enemy two, today, he can not kill nine **** and blue sky Dapeng here! shortage

The ancient supreme is not so good to kill, the cultivation of strength to this level of existence, there are too many means of life-saving, unless it is the late stage of the seventh-order or more, otherwise, even if the mid-stage absurd Respect, basically there is no possibility of killing...

This is also why in the war of the collapsed world of the great world, there were so many ancient and even ancient powers that were only seriously injured, not degraded, but survived, and have been crouching to the present. It is. when

However, if Ye Xuan really wants to kill the nine **** and blue sky Dapeng, it can still be done by using the sacred bow. but

To display it, you need to do everything in your power. As a result, he has only one chance to shoot. Even if he succeeds in killing an opponent, the remaining one is also a huge trouble. Instead, he will make Ye Xuan himself into trouble.

That is not wise! anti-

These two guys can't help him anymore. In the future, there are opportunities to smash them when they drop the order, so Ye Xuan is not in a hurry today.

What's more, now if the nine **** or blue sky Dapeng is smashed in public, the supreme power of the scorpion bow in his hand will also be exposed, which is not what Ye Xuan is willing to see.

There are two aspects. its

First, in the three major star-studded planes of the world, Ye Xuan will display the supreme power of Yu Tianzhu. Although this is not his unique secret technique, it is derived from the ancient Yaksha, but if it is now, Ye Xuan will display it in public. Most of them will lead to suspicion. he

I don't want to reveal my identity now, so it's best not to.

Second, as the end of the floods are getting closer and closer, those who have been crouching in the wild and supreme level will probably be born more and more.

There were previously empty giant tortoises, and now there are nine **** and blue sky Dapeng, which is evidence. can

I want to see it. Soon after, whether it is the shard of the ruins of the ruins of the world, or the vast expanse of the glory of the glory, the existence of the sacred level of the ancients will surely become more and more.

With Ye Xuan's acting style and the huge lineup of the Devil's Hall, whether it is active or passive, Ye Xuan will soon inevitably intersect with these powerful ancient supreme, and even break out of conflict.

In this case, he obviously should not expose all the means of the present. fall from the sky

As a kind of magical power to kill the top, Tiangong can be used as a card to cover the snow and use it at the most critical moment in the future...

Today, nine **** and blue sky Dapeng took the initiative to kill the door, this is a serious provocation to him and the majesty of the magic hall.

Although there is no way to kill these two old guys for the time being, the death penalty is exempt and the crime is not to escape. positive

Hao Yexuan has just broken through once, and can take these two old guys as a whetstone general sparring, and integrate the previous breakthroughs into themselves as soon as possible...

Of course, there is no need to sacrifice the **** stick! brain

These thoughts flashed through the sea, and Ye Xuan's mid-cold flashes, and immediately waved...

"Oh la la..."

"Boom!"

His third-order ridiculous horror strength, at this moment, seems to be a random wave, but in fact has fully mobilized the power of the body, with an invisible majestic force to go, the cyan in the left side of the sky The energy plumes, and it will collapse in an instant...

In doing so, it is also to resolve the crisis of Xusheng's forbidden land. Otherwise, if it is allowed to be shot by Qingtian Dapeng, the terrorist power of this demon Pengfeng will surely sweep into the air, which will affect the countless stars in Xusheng's forbidden land. ,lost heavily! "

Two ants, only dare to go to the Xusheng ban in the temple to scatter the wild, are you not impatient? "

Nowadays, the owner of the magic hall has been declared to the outside world, so the self-proclaimed aspect has to be changed. At this moment, with the sound of this extremely cold god, the violent starry sky flashes a touch of blood, shoulders. Under the sway, suddenly met the blue sky Dapeng fluttering...

Chapter 4693: Swallow

"Hey!" three

The speed of the ridiculous nature is so fast that it is horrible, let alone the vast crowds in the distance and the numerous powers of the various parties and the forces of all parties. It is also the same as the ancient and noble Dapeng Dapeng. Underneath, they have never avoided the violent blow.

The horrific sound of the earth-shattering sound came, and the horror figure of Qingtian Dapeng's billion-dollar tens of thousands of feet was instantly like a piece of heaven and earth hitting the face, and it came to an abrupt end. Immediately after a sudden meal, it immediately fell again. Fly away...

This scene is too strange, and everyone who sees it looks strange. One

Fang is a billion-foot-old Qingtian Dapeng bird. Although it can't be compared with the huge horror figure of 60 million miles in Ye Xuan's ninth state, it can't be compared with the empty giant turtle, but it is also big enough. .

The other side, but only a starry temperament.

The comparison between the two figures is simply the gap between the giant peak and a fine dust...but

At this moment, the two bodies are in contact with each other, and the size is so small that the starry sky is violent, but it is nothing to be, and the giant body is like the blue sky, the whole body is uncontrollable. The ground blinked and flew out.

This attack, Ye Xuan exhausted all efforts, the third-order absurd full blow, not so good.

Qingtian Dapeng opened his mouth and spurted a blood arrow, and sprinkled it in the void. Blood rain started along the way...

At one moment, the whole piece of void was a quiet, and then, at the end of the void around the distance, among the major groups and the powerful forces who had already been horrified, some of them were swept out.

They all said that they were hungry and timid, and they were daring to die. These physiques that emerged from the rush were obviously the latter.

And the purpose of their rushing out of it, without it, is to collect the **** rain that falls along the way when the sky is falling.

This is the blood of the ancient and supreme, whether it is for the starry beasts or the ancients and the ancients, it is the best.

In the same way, it is the same for the powerful powers and ethnic groups from the three major stars and stars in the world, which can be used to refine some medicinal herbs. This

There is no such opportunity, because on weekdays, let alone the blood of the ridiculous, even the shadow of the ridiculous can not be seen.

Even in the starry field of the first universe, and in the black hole of the sin of this piece of ruin, there are occasional old ruins in remote areas.

But those wrecks are either because of the age of the fall, the loss of energy in the blood of the blood, has little meaning, or because its blood is special, even if it is fallen, the energy in the body is not scattered, the pressure is too strong, it is simply inaccessible. . where

If you have such a good thing in front of you, you don't have to pay too much. If you dare to rush out with your courage, you can get your hands from the void to receive the supreme blood of the ancient Supreme...

However, this kind of move is undoubtedly a rude offense for the owner of the blood, that is, Qingtian Dapeng. If at other times, I am afraid that no one will dare to do so.

Even the blood arrow ejected from the mouth of Qingtian Dapeng, after all, is related to the existence of the ruin class. Naturally, it is not what ants can get.

But now, Qingtian Dapeng is self-satisfied, and there is not so much thought and mind. So is the **** head of the nine heads and the lord of the sacred flames. machine

It can be said that it is fleeting. If you pass this village, you will not have this store...

For a time, the emptiness suddenly showed a riot.

A large number of star-studded powerhouses and beasts and survivors rushed out, collecting the blood of the desert in the sky at the edge of the battlefield. The scene was so hot that all the people decided that Qingtian Dapeng would ignore it for the time being. This matter, brave and courageous in the fight.

In fact, it is true. In just a few short distances, the blood in the void is collected, although Qingtian Dapeng only spurts a blood arrow, but he is now a million-footer, like a star. Even if it is just a blood arrow, it is enough to benefit a lot of star power.

At least tens of thousands of people with such courage, more or less, all have gained.

After a few breaths, all the star-studded powerhouses and the beasts and survivors of the shots all returned to the crowd, without any loss, and nothing at all. This

One scene fell into the eyes of other beings. In an instant, there were more people moving. Those who missed the opportunity, all of them even rushed to breathe, and their eyes narrowed and sneaked out. Green light, the look on the face is even more anticipating, all waiting for the next round of blood rain...

"Roar!"

At this time, the nine **** scorpions have already reached the side of Ye Xuan, and they screamed with their heads up, and the body shape was only about a thousand feet, and they waved their hands...

Although the body is not big, but in fact, behind the head of the **** nine, there is a huge **** shadow, like the blue sky Dapeng, Pangda billion. With

The nine-headed **** fist slammed out, and the huge **** shadow behind his head was also the nine daggers at the same time, and they rushed to Ye Xuan.

At this time, the temperament only succumbs to the heights, and the dragon scales on the nine skulls of the **** shadows are many times more numerous than him. nine

A huge incomparable dagger was simultaneously smashed, and one of the blink of an eye, one of them, swallowed the whole violently into the mouth...

The scene is too astounding. In the eyes of the star-studded powers and the beasts and survivors who are watching the distant air in the distant sky, all the people are at the same time. tight

Then, under the face of a big change, countless exclamations suddenly flowed into the tide...

"What? The Lord of the Devils was swallowed by a bite?"

This is the strongest supernatural power of the **** family. It is called the **** magic boxing. It is a punch and the blood is transformed into a horrible blood. The nine heads control the different nine kinds of attribute energy, and the power is powerful. ""

Now the Lord of the Temple of Devil is swallowed by one of the skulls. Obviously, the big thing is not good. It must have been caught in the shackles of the attribute energy that corresponds to it. Even if it does not fall, I am afraid it will be seriously injured..."

"Even if it is only a serious injury, what is the difference between the meaning of this war and the killing of the scene? Don't forget, he is facing two powerful ancient supremes, although he is not as good as him. However, after all, it has lived from the end of the distant flood to the ancient existence of the world, and the foundation is too deep..."

On the other hand, this violent temper has not been heard in the distant era of the ruins. It must have been the strongest born in the world. Although the talents are against the sky, they have actually cultivated into the third-order situation of the ridiculous, but after all, the foundation is too thin, and the experience of the war is insufficient. Under the time of underestimating the enemy, it suffered so much..."

"Hey, I thought I could wait until the arrival of a wave of ridiculous blood and rain. I didn't expect this kind of terrible battle to end in such a slap in the face. The main hall of the magic hall has its name, flashy, too disappointing. Up..."

Chapter 4694: Shocking

"Sure enough, what kind of **** is absurd? This guy is simply a counterfeit. Although he does have the third-order ridiculous terrorist power, he is promoted by the secret law..."

"The heart and experience are not enough to support this level of power, a small mistake, and immediately lost the hoof..."

With the exclamation of the air in the distance, the sound of the excitement sounded like a tide, here, a nine-headed **** sputum swallowed by the violent shadow behind the head, and the face also showed a sense of fullness.

The voice of the gods is heard, full of ridicule and ridicule: "This kind of vase is generally flashy, not to mention single-handedly fighting, the deity can beat him three or five, can be killed together!"

boom! "he

The words have just fallen, and the sound of a shocking sound has suddenly sounded...

After the **** brain, the road and the Qingtian Dapeng are the same size, like a star-like **** shadow, the existence of the nine heads in the center, that is, the one that had swallowed the previous violent Explode without warning... this

It is not the body of the nine bloody, just a shadow, but it is revealed by the **** talents of the nine **** bodies.

At this moment, one of the nine heads exploded, and instantly affected the nine **** scorpions themselves, which made his body mad and his face changed greatly. The one in the middle of the body with nine heads was instantly Squirting a blood arrow and rushing toward the front..."

Nine heads and nine mouths, it's no wonder that the cows are so powerful..."

At the same moment, the violent temper that was swallowed by a bit of a sneak sneak out of this blasted phantom head, and the voice of the gods sounded out, revealing the sarcasm of undisguised!

"Hey!" No

When the nine **** scorpions reacted, the violent sputum was already smashed in the middle of the cold, and it slammed into a fist, and slammed into the bottom of one of the nine **** scorpions...

"Hey..."

puff! "

Just like a wolverine, the cockroach screams and screams, and the shape of the nine-headed **** scorpion is only a thousand blood, and it is rushed toward the direction of Qingtian Dapeng.

This boxing Ye Xuan also did his best. Although he did not directly explode the dagger that was hit by the **** head, he also blew a giant bag on his head. With

His figure was flying backwards, and the fierce nine-headed **** spurt a blood arrow again...

Everything is done under Ye Xuan's precise calculations.

At this moment, with the blue sky and the nine heads of **** have been hit by him, the shape of these two old guys, tens of billions of miles away from the edge of the Xusheng forbidden land.

The violent chills flashed, and the shoulders shook, and they immediately fled to the area.

There, it was the void that he chose to launch the follow-up war. Because the distance was far enough, no matter how great the war was, the aftermath of the war would never be affected by the Xusheng ban.

"call out!"

Oh..."

Almost as soon as Ye Xuan rushed to the empty area where Qingtian Dapeng and the nine heads of blood were flying backwards, the starry sky, the beasts and the survivors who watched the war from a distance, were instantly There was another figure that rushed out and rushed out...

Just now, nine **** squirting two blood arrows.

This is also the blood of the desert, and all the star-studded powers, beasts and survivors who rushed out are collecting blood.

It is a pity that although the **** arrows of the nine heads spurted out two blood arrows in succession, in order to make it easier to display the **** magical boxing, the body shape that is now revealed is not too large, only about a thousand feet...

The whole body is only a thousand feet, and the top of a skull is just a few dozen feet. How big is a blood arrow that is sprayed out? do not

It is said that it is raining in the void. If it is not paying attention, such a distant distance, such a vast void, I am afraid it is difficult to find the scattered blood traces...

At the moment, the strong stars and fierce beasts and survivors are hundreds of thousands of people. Compared with the previous Qingtian Dapeng, a blood arrow is spurt, and the number of people who are shocked by the **** rain is a lot of empty space. Nearly ten times. This

The kind of scene can be described not only by the words of more than four words, but also to be speechless. Virtual

In the air, these star-studded strongmen and fierce beasts and survivors smashed their heads in order to fight for the blood of the desert, and their eyes burst into green light, and they quickly shot.

In an instant, roaring, roaring sounds like a tide, and there are even some screaming in the sound, and the objects they cursed are clearly the blood of the two blood arrows, left in the void, But still far less than the nine **** mouths of Qingtian Dapeng...

Although he is a powerful ancient supreme, but now it is being entangled by the Lord of the Devil, and it has fallen into the disadvantages, there is no way to take care of this side, plus people are mixed, I am afraid it is difficult to distinguish between them. Who is singing in the air...this

There are not many opportunities, although there is no strength and nine **** fights, but now it is a very addictive thing to be a swearing swearing, and it is also a very enjoyable thing, so don't miss it!

"Roar!""

Roar! ""

Oh..."

Until this time, Ye Xuan slammed into the shape of the blue sky and the nine heads of blood, and then he was able to unload the majestic power of this boxing, and his body shape was stable in the void.

I couldn't help but hear the sound of the curse that sounded here. Qingtian Dapeng fell back. The **** head of the nine heads was stunned on the spot, and when I screamed, I almost opened my mouth and squirted an old blood... This

For a moment, his whole brain was a little embarrassed.

Some don't understand what is going on in this era. They are a dying ancestor from the end of the distant floods, and have lived to the age of the world. But now, they are not even a group of wild people. The ants are swearing.

And it's not one or two. Listening to this movement is clearly a sizzle...

A bit of old blood, these guys... are you all dying?

"Roar!"

"Happy! But this is just the beginning, the real good show... still behind!"

After two punches, the two powerful ancient sacred flies, such a record and experience, even for Ye Xuan, are unprecedented.

At this moment, his heart surged, and a pride snarled in the chest.

As he turned into a masculine masculinity, he forced the blue sky and the nine heads of blood that had just stabilized his body shape. Ye Xuan's voice of the gods also sounded again, invisibly covering the whole piece of vastness. The void: "Come and come, talk nonsense, fight for three hundred rounds..."

Just two punches, the temple is just a hot body... It's hard to meet two rough skins, and today, the hall must have a good time. Don't fight too much, you must Stay a little longer! "

"Boom!"

The sound of the sound just fell, the violent chill in the awning flashed, and immediately spread the arm, a fist hit the front...

Chapter 4695: Come again two

"boom!"

Rumble..."

"Hey!"

In the air, the earth-shattering roar sounded, and the violent bang banged out. In the middle of the nine-headed **** belly, the shape of the body was soaring, and one of the daggers suddenly opened, and the wow was sprayed again. A blood arrow comes out...

Although he is a sacred and supreme, he is only the first step in this world. Facing a powerful third-order ridiculous, he is now crushed and ruined by one side. It was originally intended. this

At this moment, the heart of the nine **** bodies is completely collapsed. first

Before, he decided to immediately come to the emptiness of this piece of ruined land, on the one hand because the only direct descendant, the prince, was murdered and his heart was furious.

But on the other hand, it is also because after the prince was shackled, the trace of the soul that he left in his body contained some messages from the slayer.

From those messages, the nine **** scorpions analyzed the starbursts of the murderous princes. In fact, they were not in the true sense of the ancient sacredness. His ruthless cultivation was based on a certain **** secret method.

Therefore, although this starry sky was violently killing the princes at the time, it already had the second-order power of the ancient sage, but the nine **** scorpions still did not put this matter in their eyes. in

In his view, this kind of unknown **** secret method is hard to improve, and there is a time limit or flaw. example

For example, the lions and lions of the War Lions have changed their blood and blood. In the ninth state of change, although they can improve nine small steps, that is, the strength of a whole big realm, there is a time limit for this kind of improvement. Correct

At this point, it is naturally clear that the nine-headed **** scorpion has been a good alliance with the blood-sucking lion. This

In this case, even if he is only one person, it is enough to deal with this starry sky, let alone the blue sky and the big peninsula come together? can

It is said that before seeing this starry sky and violent, before the start of this war, whether it is nine **** or blue sky, Dapeng is extremely determined, and it is extremely confident that this battle will kill the starry sky.

After all, as long as the time limit of the **** secrets of the other party has passed, the temperament of the starry sky will be plunged, and at most it will be the ancient power of the wild. They can easily kill him by any one of them...

The facts are often unsatisfactory. he

It is impossible to know the **** magical powers of the lions and lions in the war lions. After being changed into the konjac by Ye Xuan, they have already perfected some of the flaws in this bloodline.

The time limit for the improvement of strength is only in the madness of the lion, and there is no such problem at all.

Moreover, they did not expect it at all. It was just two or three months of work. The temperament that was only the second-order revision of the ancient and supreme, actually broke through, and now has the third-order strength of this situation. Such as

As a result, the gap between them and the violent force was suddenly widened. This caused even the two to join hands, but they were still violently abused by the other side. The painful situation of resilience...

"Imperial, the deity does not believe, you have been upholding the ruthlessness of the secret law, and you have been able to keep it that way... It must have a certain time limit, maybe it will be the next second..."

"Go to death!"

"call out!"

"Hey..."

At this time, with the nine **** cockroaches once again smashed by Ye Xuan, and plunged back a hundred billion miles away, Qingtian Dapeng, with a body shape of hundreds of millions of feet, also fell into madness, screaming in the middle of the head, the sound of the gods Out, full of unwillingness.

At the same time, in its huge body, there is a large amount of cyan smog, and the wind and clouds are looming, covering a corner of the void, trapping the whole battlefield, covering tens of billions of miles away...

At one moment, the sound of the flapping wings of the soul of the gods was overwhelming, and a whole piece of the void covered by the blue haze shook slightly.

Countless arrows of the shape of the feathers emerged from the void, as if the cyan hairs were floating in the snow, covering the sky, covering one side of the sky, all rushing toward the violent scream..."

This kind of scattered attack is useful for repairing the strength that is weaker than yours. Unfortunately, the temple is not in the eye..."

In the face of the overwhelming spurt of the blue 翎翎,,,
,,

When Qingtian Dapeng used to display this **** magical power, Ye Xuan's reason for the removal was because the land of the war at that time was too close to the edge of Xusheng's forbidden land.

He is somewhat worried that the demon, the sky and the blood of the magical powers will have an impact on the descendants of the Xusheng ban.

But nowadays, the battlefield of the three people is more than 50 billion miles away from the edge of Xusheng's forbidden land. This is completely unnecessary, and it's not as good as his temperament. Dapeng, even if he concentrated all the forces, he could almost ignore it. eye

This kind of scattered attack naturally has little meaning..."

puff! ""

Puff puff....."

that's the truth!

At this moment, with the overwhelming number of cyan 翎虚,,,,,,,,,,,,,,,,,,,,,,,,,,,,,
,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,, Generally, it is resounding.

However, the shape of the violent glare is not affected at all. For him, these cyan feathers are not broken at all, and even the skin can't get rid of one piece, at most, some bristles are broken... ..

"boom!"

"boom!""

puff....."

Almost at the next moment, the violent tempering of the body shape has already reached the front of Qingtian Dapeng, and a punch burst out, and the body shape of Qingtian Dapeng will fly back again.

The attack was exhausted, and the blue-eyed Dapeng, who was flying backwards, spurted a blood arrow, which was like a heavy rain and sprinkled the void.

In the distance, the strong and the beasts and the survivors who had just smashed the **** arrows from the nine **** arrows, and the beasts and survivors, after seeing this scene, the blind man Green.

It is a pity that this battlefield of blood and rain has been shrouded in the endless blue energy formed by Qingtian Dapeng.

They simply did not dare to approach, they could only stay in the distant void, watching the tens of millions of miles of the emptiness of the blood in the sky, and looked down on the face with painful eyes..."

Huh? "also

It was at this time that the violent squad that just flew out of the Qingtian Dapeng bombs seemed to suddenly feel something. The sound of the whisper in the mouth came out at the same time, and the look on his face changed slightly. . Wan

If the conditioned reflex is normal, it is the first time to go to the end of the virtual front in front of the right side, looking up and whispering, "What is wrong with today? It is difficult to see one on weekdays. Finish, over there... actually two more?"

Chapter 4696: Blood lining and magic crocodile

"Roar!"

"Hey..."

Just as Ye Xuan turned to look at the next moment, a unicorn roar and a magic crocodile screamed through the sky, shaking the vast expanse of the vast expanse of heaven and earth.

Then, in the direction of the end of the void in front of the right side, there were two clear and crisp sounds...

"Oh!"

"Oh..."

In the infinite universe of the universe, suddenly there is a crisp sound of cracking. day

One left and one right were torn open with two huge black cracks. Two figures, the front and rear feet stepped out of the way, and the body's repaired breath was all horrible. This

In one scene, the powerful beneficiaries of the distant warships, the starry beasts and the ancient survivors, were seen by the distant battlefields, and a large burst of cool sounds were triggered in an instant.

All the people were dumbfounded, the whole brain creaked and was completely frightened...

The figures that rushed out of these two void cracks were all starry beasts, and they were still ancient legends.

A **** unicorn, a nine-nine crocodile, has a huge body size, although it is not too large, it seems not as good as Qingtian Dapeng, but the fragrance that they have dispersed in their bodies is not a big blue sky. Peng and nine heads of blood are comparable...this

The two powerful ancient sacred supremes are all the third-order in this world, and are the same as the lord of the savage, savage, savage and savage.

In fact, not only the other people around the war, but Ye Xuan saw these two guys appear, and the face also showed a shocking color. This

Two **** unicorns and nine crocodile crocodiles, he naturally knows. when

In the first star of the universe, in the first universe, Ye Xuan included them in the presence of the other end of the chain of the smoldering scorpion.

At that time, the nine **** scorpions that had also suffered from the scourge were only ruined because of their strength. Therefore, even if the heart is angry again, there is no way, and there is no such thing as a source of evil.

But the two **** unicorns and the nine sacred crocodiles, each gave out an energy split, along the chain of the charm of the furnace, to the star of the evil.

At that time, if it was turned into a corpse lamp tattoo attached to Ye Xuan's left chest, the headless baby corpse released a sizzling heat, covering Ye Xuan's body shape and atmosphere. At that time, he was terrible.

Later, after the search for the energy of the **** unicorn and the nine sacred crocodile, it was ruined in the source of the evil, and eventually left. from

After that, Ye Xuan never saw them again. I didn't expect that I suddenly met again in this shard of the ruins of the wild world...

The two old guys, like the nine **** and the blue sky, are living from the distant era of the wild to the ancient existence of the world. Do not

After the nine-headed **** and Qingtian Dapeng participated in the battle of the wild and the world, it was the end of the flood era, and the war has almost ended.

Moreover, they were only able to cultivate strength in the late period of the ancient powers. It was not the main force of the ancient war, and even did not participate in the real core battle.

But the **** unicorn and the nine crocodile are not the same. leaf

Xuan vaguely remembers that there are image information related to them in the inheritance screens of the blood and the gods. he

In the picture of the ancient war, in the enemy camp, I saw this **** unicorn. At that time, it was fighting the golden dragon. As for the nine crocodile, it was not noticed.

But from the attitude of these two old guys, the nine sacred crocodiles are clearly not weaker than the existence of **** unicorns.

In other words, this is the horror of the two heads and the gold dragons. If the strength is restored to the peak of the year, the rhythm that can completely make this whole star field collapse! complete

Actually, the golden dragons and the empty giant tortoises, the ancient yak, and so on, can all be the existence of the ruins of the ruins of the ruins of the ancient ruins. These two **** unicorns and nine crocodile crocodiles can fight against the existence of the golden dragon. Even if the peak of the year was not completed in the 9th order of the ancient and noble, it must be the late stage of the 7th and 8th...

The existence of this level, today's Ye Xuan absolutely can not deal with, even if only one, can only immediately turn around and flee. can

Unfortunately, the **** unicorn and the nine sacred crocodile were left in the battle of the savage world, and it is clearly not yet complete.

This is originally what it should be. on

Even the imaginary giant tortoise, known for its striking defensiveness, was previously reappeared in the sacred sacred scene of the sacred sacred sacred sacred sacred sacred sect. ! blood

The injuries suffered by the color unicorns and the nine sacred crocodile were obviously more serious in the past, and it is precisely because of this that the cultivation of the atmosphere in their bodies is only the third order of the ancient sacred, that is, the peak of the early stage of the ruins... ...both

However, for Ye Xuan, even if these two powerful ancient existences come at the same time, he has nothing to be afraid of! Do not

However, the **** unicorns and the nine sacred crocodile have no hatreds with him. Even if Ye Xuan was in the star of the evil, he used the charm of the furnace to harm them. These two old guys did not know.

Therefore, although they do not know why, for a reason, they suddenly came to the emptiness of this piece of land, but if it is not necessary, Ye Xuan does not want to take the initiative to provoke them. he

Of course, there is no fear of himself, but after all, there is a Xusheng ban on the ground. Now, in this piece of ruined land, he already has nine **** and Qingtian Dapeng so two rivals, it is not necessary. Re-enforce the enemy...

Unfortunately, although he did not want to provoke the **** unicorn and the nine genie, but others obviously did not think so. this

At that time, as the figure completely fell on the emptiness of this piece of land, the **** unicorn and the nine crocodile at the end of the left front of the void were actually turned to the battlefield here. past.

Under the **** swaying of the scorpion, two incomparable voices of the gods, came in an instant, revealing an endless fierce atmosphere, instantly covering the endless vast void..."

Inadvertently passing by, because it sensed the breath of the despicable strong war, out of curiosity, only temporarily stopped, came here, did not expect ... actually saw such an interesting scene! ""

The two little guys seemed to have seen it in the late stage of the big game that year. I didn't expect that after the endless years, I broke through to the despicable situation, but it was very gratifying..."

It is a pity that although luck is good, but the combat power is too loud and speechless, the two real wildest supremes have been savagely abused by a singularity that has been promoted to the realm of this realm. Lost it..."

"But it, look at the same camp, the deity will help you today, and the violent slap in the face... oh!"

Chapter 4697: The main tragedy of the magic hall

"Inadvertently passing by, I don't want to see such an interesting scene!"

"The two little guys seem to have seen it in the late part of the big game that year, and they have broken through to the abandonment. Unfortunately, luck is good, but the combat power is too speechless..."

The two true ancient sacred supremes have been violently abused by a power level that has been promoted to this realm by secret law..."

"But it, look at the same camp, help you today, and make this violent... smash it!"

With the advent, the sounds of the **** unicorns and the nine sacred crocodile singers also sounded at this moment, revealing the meaning of endless sorrow, completely without seeing Ye Xuan in his eyes, even killing him. They are said to be handy...

This is simply not arrogant, too old and old, and even a little brain-destroy, as if forgetting the strength of the two of them now, but only to restore the same level of absurdity as Ye Xuan!

At this moment, with these words being extremely unfriendly, it can even be said that it was rude to the extreme voice of the gods, and the violent face suddenly sank.

In the middle of the **** sorrow, his body, clearly, a strong incomparable killing... No

Is it two third-order absurd? As long as the power of the blood and sea secrets is applied, even if it cannot be suppressed, but the frontal battle remains evenly matched, there is still no problem at all.

Even if Ye Xuan is willing to pay the price, if he is to use the Xingtian bow and other supernatural powers, or the Shennong nine-color flame, it is not entirely impossible to kill these two old guys who are old and old.

Of course, if it is not absolutely necessary, Ye Xuan can't make such a decision. At the level of his present, even if he is angry again, he will not be confused. The preservation of the reservation still has to be preserved...

"It is actually a blood scorpion and a crocodile adult..."

"At the end of the 1st World War, I was still just a wild man, and I have seen the supreme femininity of two adults across the distant void..."

At this moment, the nine **** heads and the Qingtian Dapeng, who have been flying back and forth by Ye Xuan, have already stabilized their stature in the void.

After calming down the blood of the heart, the two subconsciously turned their heads to the left side of the sky behind them. when

Seeing the sudden presence of this place, it was actually after the **** unicorn and the nine sacred crocodile, the two at the same time, and then the face appeared to be excited, the sound of the voice came out instantly...

"The two adults, please also take the shot, this violent grotesque is eccentric, obviously only the cultivation of the ancient powers, but it has used some kind of secret method, forcing its combat power to forcibly the third stage of the past!" "

The key point is that this mystery seems to have no time limit. Plus, I and I both just broke through not long ago, and now this embarrassing situation has emerged. ""

Fortunately, the two adults accidentally came here, this is also a violent fortune, today is destined to fall here! "With

With the sound of these gods, the nine **** heads and the blue sky Dapeng in the far right side of the front are all standing up, respectfully pointing to the **** unicorn and the nine sacred crocodile at the end of the left side of the void. Give a gift. he

Although they have now entered the realm of absurdity, they have self-knowledge. In the face of Scarlet Kirin and Jiu Ning Moss, they dare not respect themselves. complete

Actually, when they were still only in the late period of the ancient powers, the **** unicorns and the nine sacred crocodiles were already the generals under the heavenly eye, and the strength reached the eighth level of the ancient sacred, and they could compete with the golden dragons in the enemy camp.

A few of the most powerful existences such as the Void Giant Turtle and the Wild Nightshade are facing the battle. where

I am afraid that it will be suppressed, and it will not be cheaper. It is even a little bit of a parry. It has no power to fight back, but it is also a positive battle. with

The scene, replaced by them, even now, is far from being able to do it. again

Then, although the **** unicorn and the nine sacred crocodile did not return to the most ruthless eight-level cultivation of the year, it is at least the third step of the ancient and supreme.

Far from being able to compare them, this is a real third-order ridiculousness. The age of existence is much longer than both of them. It is absolutely from the middle and early days of the ruins, and has lived to the existence of the world. do not

Seeing that they are only the third-order cultivation of the ruling, it is really necessary to fight up, count the experience of the war and the rich heritage, its real combat power, I am afraid that even the enchanting starry sky is not necessarily an opponent... more

What's more, although they are only three years old, but the improvement of their strength is only a recovery, and if they want to improve again, they have to rely on a little bit of practice to accumulate. The speed between the two is simply Not at all the same thing.

Maybe the **** unicorn and the nine sacred crocodile will soon return to the most ruthless eight-level repairs, and they are still only the first-order ruins of the present...

All together, enough to make their hearts clear, the future generations are self-sufficient. and

This attitude obviously makes the Scarlet Kirin and the Nine Monsters extremely useful. This

The faces of the two old guys showed a satisfied smile. After switching to a look, the shoulders shook, and even when the emptiness of the violent screams here, the spurt came.

At the same time, there are also their inexhaustible voices of God..."

Little guy, give you a chance, if you are shackled, and hand over the secret law, the deity will leave you a whole body! ""

Otherwise, the deities and the two will join in a blow, and you will be told that you will be destroyed in an instant, leaving only a sorrowful soul to search for the soul. The secret method in your hands will not escape, and will fall into the hands of the deity! "Look

In this scene, the powerful parties in the distance around the sky, the countless starry beasts and the ancient survivors, suddenly all face madness, and the mouth is chilling, and the road is full of endless screams. It will sound like a tide soon..."

hiss! The two powerful third-order ruins have been shot at the same time. This time... the Lord of the Temple is clearly the rhythm of the cup! ""

Indeed, there is no suspense, let alone his third-order ridiculous cultivation of strength, it is very likely that as the nine **** and blue sky Dapeng said, it was a certain secret method to promote it. Even if it is not like this, under the enemy, the Lord of the Devil is not the opponent of these two ancient beings..."

"Yes, in those days, the **** unicorns and the nine secluded crocodiles, all of which are late in the eighth stage of the ridiculous, even if they have not yet recovered to the peak of the year, but the experience and the details of the war are there, let alone join hands. And the war, even if there is only one person, is enough to suppress the Lord of the Temple..."

"Don't say it, let's go, this piece of emptiness will erupt, no matter whether the strength of the Lord of the Temple is based on the secret method, people now have the third-order absurd power, but it is indisputable. In fact, the heart knows that it will die, in case he starts to blow himself... I don't want to be smashed and fish!"

Chapter 4698: Blood sea demon secret method

In the void, with the **** unicorns and the nine sacred crocodile rushing to the violent temper, the exclamations of the surrounding are immediately screaming, and the star-studded powerhouses, the starry beasts and the ruins of the ancients are not optimistic about Ye Xuan. It is expected that he will definitely have this cup today.

In order to avoid being shackled and pond fish, these powerful powers who had been watching the distant distant places in the void, quickly retreat in the scream of the tide, can't wait to stay away from this place immediately...

All this, Ye Xuan did not pay attention to it. this

When he was far away from the **** unicorns and the nine sacred crocodile, he was tens of billions of miles away, but he did not immediately succumb to the battle, but he held his hands in the void and waited for work. straight

By the time the two old guys approached more than 10 billion miles, Ye Xuan only motivated the body.

"call out....."

"Oh la la!"

At the same instant, the sound of the air broke, and the entire violent figure suddenly collapsed, turning into a **** sea and spreading, covering a large void.

"Roar!"

"Roar!""

Oh..."

Then, from the three different directions of this vast sea of blood, the sound of screaming and screaming sounds, and in the boundless blood of the sea, there are three huge figures, and instantly rise to the ground.

This time, it is no longer a master, but a giant of 60 million miles, each one is comparable to a giant star! He

However, it is the three great devils of the Taikoo konjac, but they are not combined together, but separated. In this way, they are not worried about being sceptical by the strong people of the major tribes and forces from the three major stars in the world.

One is the flesh and blood, that is, the starry sky. two

For the body of the cheekbones, there is no flesh and blood, just a purple-golden cheekbones, revealing endless fierce breath, very incomparable.

The third is the body of black fog, although it is also a violent form, but the body is a black fog, even a pair of scorpions, just two awnings, it looks very strange...

However, between the counts and the interests of the three major blood seas have been condensed out, the body is filled with the cultivation of breath, and all of them are all three steps of the ancient and supreme.

However, its real combat power is even more because of the first-order blessing of the huge body of 60 million miles, and it has reached the level of the fourth-order absurd.

A scene fell into the eyes of the Scarlet Kirin and the Nine Secluded Crocodile, and instantly the two old guys took a sigh of relief and exclaimed...

Blood sea secret law? Isn't this the **** magic of the blood sea monster? How can it appear on this starry sky? "

"And it has also condensed three blood and sea avatars, each of which has the same strength as its original cultivation. This is clearly a rhythm that has long been a thorough understanding of the secrets of blood and sea and its avatars. This is by no means a waste. The mystery of the ruin, but the integrity, is simply incredible..."

"There are both secrets of blood and sea, and there is a secret similar to the **** lion lion that the old guy mad lion has improved and cultivated as a strength. What is the origin of this violent temper?"

These can all be the most powerful magical secrets of the era, even if you control one of them, you can enjoy it after you have a thorough understanding. This temper is sitting alone in two..."

"The key is that these two top-level magical and secret laws are not part of the starry sky, and they are in the hands of extremely powerful existence. They are not weaker than you and me. How can we get this important from their hands? The secret law?"

Roar! "

The exclamation of the **** unicorn and the nine crocodile crocodile has not yet fallen. More than one billion miles ahead, in the vast and innocent blood sea, the three **** seas have turned their heads at the same time, making a terrible roar. tight

Then, Ye Xuan's voice of the gods has been heard, and it's a clear void. "

How can you come to the two fronts again? Come here, the deity is alone, single-handedly you four..."

"Under the power of the blood and sea secrets, even if you only use three enemies and four, you will abuse you..."

"Roar....."

Too arrogant, too domineering, the sounds of these two gods came out, and the powerful parties and the starry beasts and the ancient survivors who were rapidly retreating in the distance, stopped the retreat in a moment. In the footsteps, look around and look at each other.

Then, all the people who finally recovered, suddenly exclaimed...

"What happened? How could there suddenly be a vast expanse of blood?"

"The secret of blood and sea, this is the secret law of blood and sea. In the distant old days of the legend, there was once a powerful ancient desperate, named Blood Sea Monster. The secret of blood and sea is his strongest magical power. It is said that it can be large and small. To become a horrible blood sea beyond the stars..."

"Small to condensed into a little weak blood, and regardless of size, it does not affect its own cultivation strength, change and end."

What is more against the sky is that this blood sea secret method has a layer of avatar power. If it is thoroughly understood, it will be able to condense three blood and sea avatars in the **** sea. Each has the same repair as itself. Strength, if you want to use one, three, and a strong presence of the human race, a gasification of three clear magical powers, comparable ..."

"It turns out that..."

In this way, the final result of this war is unpredictable in an instant..."

It's true that the Lord of the Temple of Devils has a singularity of three, and it has a three-level horrific warfare. The **** unicorns and the nine sacred crocodile that had previously been domineering here have only been repaired by the third-order ridiculous..."

Even with the addition of nine **** scorpions and Qingtian Dapeng, the four people who fight for the three **** seas of the Lord of the Devils may not be able to take up much of the cheap. "

"There was still a crushing trend, and it became a close even force in an instant. All this is like a dream, ups and downs, and it is heart-rending."

Has the Lord of the Devils been so strong? It is absolutely possible to fight against the four great desolations by one's own strength. This is absolutely against the rhythm of the sky. This whole piece of vast and innocent wasteland is empty, and who else can be his opponent? "

"Those are not important. For me, the most important thing is that since the fighting power of both sides is once again in a state of roughly flat, then there is no need to continue to escape..."

"Yes, the combat power is flat, and both sides of the battle have no time to take care of me. This is the seven powerful ancient sacred stalwarts that are slain, even if it is collecting the little blood in the outermost area, it is enough..."

"Roar!"

Oh..."

With the whistling sounds of the surrounding tides rushing over the tens of billions of miles away, the nine **** and blue sky Dapeng, who were shocked by the scene, finally returned. turn

After the first exchange of a look, the two men flashed at the same time, no longer hesitate, screaming and screaming, rushing toward the vast sea of blood here.

In this battle, they can't avoid it. Don't say that the strength of both sides is quite equal now, it is in a disadvantageous situation, and it can only be **** the scalp. Otherwise, even the **** unicorn and the nine secluded crocodile will never be spared. they.....

Chapter 4699: As bad as three wars

"Roar!"

"Roar!"

"Hey..."

The roar of the sky and the whistling sound suddenly sounded, and the nine **** and blue sky Dapeng roared from the left side of the sky and rushed to the **** sea.

On the right side of the **** sea, the **** unicorn and the nine sacred crocodile are also coming together, already close...

"Oh..."

Oh..."

Almost at the same moment, the vast and innocent sea of blood suddenly split into three without warning. each

In the center of a sea area, there is a **** sea. This

After the three straits of blood and sea split apart, they suddenly skyrocketed, and the blink of an eye became a vast area with the general size of the previous undifferentiated. but

In this process, the three pieces of blood sea spurted out at the same time, rushing in different directions. One

The film is wrapped in a **** unicorn. This **** sea standing in the center of the **** sea is a black mist.

At this time, with the spurt of this **** sea, the **** unicorn that rushed in from the blink of an eye was involved in the **** sea, and the battle was unfolding. "

Roar! "

"boom....."

The **** unicorn screamed and screamed, and a giant thunder ball rushed out in the mouth. The speed was so fast that the blink of an eye had reached the chest of the black fog. a few

In the next moment, the shocking explosion came, the thunderbolt exploded, the void was broken in inches, and the huge body of the black mist spread out at this moment, but it did not suffer a little damage. ten

One of the moments did not arrive. The black mist that collapsed before the thunderball burst opened, and it had once again condensed, and it was on the side of the **** unicorn.

At this moment, his right fist blinked from the dark fog state, and he punched it out..."

boom! ""

Oh..." Giant

The sky was so shocking that the mighty figure of the **** unicorn was smashed, and the savage and fierceness of the mouth was utterly fierce, and it was like a wolverine.

Although he is an old-fashioned old man, but now he has not fully recovered from the strength, only the third level of the ancients. black

Although the fog is only a third-order ridiculous cultivation, the real combat power can be compared with the fourth-order ridiculous, and Ye Xuan is not an old monster that has lived from the ancient times to the present, but his combat experience is It's so confusing that it's not weaker than the **** unicorn...

All these factors are combined, and the **** unicorns and the black mist are fighting in front of each other. It is completely understandable that only one of them will encounter this embarrassing situation.

However, although he fell into a disadvantage under the influence of a round, the **** unicorn is also a powerful third-order ridiculous, which is weaker than the black fog. Place

Therefore, it is inevitable that he will be abused during the great battle between the two. Therefore, he is seriously injured, but it may not be. As for being killed, there is no possibility at all...

In the other direction, the second piece of blood spurt away and rushed to the nine crocodile.

This **** sea standing in the center of the **** sea is a sacral body. There is no flesh and blood in the whole body. They are all purple-gold shins. They look even more awkward, more powerful, and eye-catching..."

Roar! "

The nine sacred crocodile temperament is extremely violent, although it feels that this violent shin bone is not easy to provoke, the purple gold is like a mysterious gold body, at first glance, it must be hard. but

He still screamed and snarled, opened his mouth and succumbed to the oncoming sacrum. He was a ridiculous, and lived from the distant era to the ancient destiny of the world.

It's not violent. It's a great opportunity to get a big chance in the world, and it's a lucky way to go to this step.

Even if he is fighting against the starry sky, he will feel that he has lost face, not to mention that he is only one of his three **** karsts.

However, the strength of the other party's cultivation at this time is not weaker than that of the other. This makes the nine sacred crocodile angry and feels humiliated, and the anger of the heart has already risen...

For all of this, the sacral bones are like the roots, they don't see the general, let the nine sacred crocodile open the blood basin and smack it toward himself, and he also swept the figure, squatting in the cold, right fist Has been lifted up high, rushing toward the nine savage crocodile...

The two faced the face of the face, and they immediately joined together. skeleton

The size of the bones is 60 million miles, and the nine crocodile is two small. In this case, although he has already opened the blood basin to the limit, he can't wait to directly lick the shin. Going down, but can't do it at all.

This mouth, in the end, just lie on the left thigh of the cheekbones... that

There is no meat in it, only the purple gold sacrum that is like the mysterious gold, exudes 氤氲宝光..."

when.....""

Card! "

A sigh of relief, like a loud bang of gold and iron, followed by a crisp sound. skeleton

The left thigh of the inner body was not damaged, and the half-printed teeth were not left, but the sharp teeth in the nine crocodile mouths were instantly broken by three! "

Oh..."

The severe pain came, the nine secluded crocodile licked his hair and made a fierce horror, and lost three big teeth. Although it was not seriously injured, even minor injuries were not counted, but the pain of the heart was really intoxicating. Words are hard to describe.

As the screams rang, a blood arrow was also ejected from the mouth of the nine sacred crocodile. It was not the internal organs of the internal organs, but the blood in the mouth caused by the collapse of three teeth... but

For the powerful parties in the distant sky and the distant scenes, the starry beasts and the ancient survivors, there is no difference at all. The blood of the absurd and fangs is also the blood of the desert. and

Moreover, this nine-snake crocodile is still a third-order ridiculous, and its strength is far beyond the nine **** and blue sky Dapeng. The power and efficacy of its blood are naturally the same.

At this moment, everyone in the distance was far away from the audience. The breathing was rushing, and the green light was shining. They almost couldn't help but rushed down and wanted to collect the blood in the first place.

But in the end, reason still defeated the impulse, and no one rushed out. All the people, whether they were from the star-studded powers of the three major stars and the major planes of the world, were still living in this piece of land. The starry sky and the beasts and the ancient survivors are all sighing, sorry...

"Hey!"

In the next moment, the horrible sound of the nine sacred crocodile mouths that broke out because of the three big teeth was still unsuccessful. He took a sip on the purple shin bone of his left thigh, but he was divided into the sacral bones. The right fist raised high also slammed down at this moment.

From top to bottom, I smashed a porcelain real, right in the back of the ninth crocodile!

"Hey..."

A blow can not be light, the shape of the nine sacred crocodile trembled a few times, and once again raised a tragic look, compared with the previous three big teeth, it is more violent, saying that the smell of tears But for a share...

In the blink of an eye, the **** unicorns and the nine sacred crocodiles here were suppressed by the black fog and the sacral bones respectively. As the violent blame said, even if it is three enemy four, the result is also abuse...

Chapter 4700: Battle against the sky

"boom!"

"boom....."

"Hey!"

Oh..."

Here, the black mist and the sacral bones in the three **** seas respectively meet the **** unicorn and the nine sacred crocodile, two vast and innocent bloodless seas, wrapped in their body shape, and must not be separated. With

With the unfolding of the war, the screaming bangs continued, and the sounds of arrogance and screaming were overwhelming. From the beginning of the battle, the **** unicorns and the nine crocodile crocodile fell into the wind, almost abused, most of the time. They only have the power to parry, and occasionally they will pull back and fight back...

At the same time, the other side is in the left direction.

The third piece of blood and sea spurt away, and now it has crossed the void distance of more than two billion miles, and came to the vicinity of the nine **** and blue sky Dapeng. This

The figure standing in the middle of the **** sea is the flesh and blood in the three **** seas, that is, the starry temperament deity...

Although the boundless blood of the foot is vast and innocent, the violent tower stands in it. Although it only occupies a small corner of the **** sea, it looks very powerful and intriguing. this

At that time, the violent body shape has reached a huge size of 60 million miles. Although the atmosphere of the body is still the same as before, it is still only the third order of the ridiculous, but its real combat power has reached a level four. The degree of respect! first

Before this, I did not get the blessing of the violent blood in the huge body. The violent temper has easily abused the nine **** and blue sky.

Now, with his body soaring to 60 million miles, the huge body of the body, the endless blood and force of the first-order combat power, the violent now becomes more powerful, nine Bloody and blue sky Dapeng will be more miserable with him...this

At one point, the two of them have already had their own minds, but they know that there is no way. The **** unicorns and the nine sacred crocodile are all being mad. If they are the two masters, they will be able to escape and return. Fruit to eat.

This is the rhythm of catching the ducks on the shelves. When I think of the madness that will be suffered in the future, the nine **** and blue sky Dapeng people are all collapsed.

But it also aroused the anger of their hearts.

Anyway, even if the temper is stronger, it is impossible to really degrade them in this level of war. Even serious injuries are unlikely. At most, it is a minor injury.

If this is the case, it is hard to avoid anyway, it is better to go out completely. In any case, you have to stick to your teeth and try to get the other party to learn a lesson...

"call out!"

Oh la la..."

When the thoughts of the nine heads of blood and Qingtian Dapeng flashed through the thoughts, the look on the face gradually became obscure, and the violent tempering of this vast and innocent blood sea finally came to the present. tip

The sharp sound of the air broke out, accompanied by the endless sound of screaming, the **** sea swept over, overwhelmingly, replacing the sky and the universe, and the nine-headed **** and blue sky Dapeng Covered in the shape of the boundless blood...

It was at this moment that Qingtian Dapeng and Jiudou bloody, and finally at the same time, it was difficult at the same time. Although I knew that the effect was not great, I still tried my best to display the strongest blood and magical skills. I only wanted to let the other party eat. suffering....."

Oh..."

The sharp and unpredictable sound of the sound of the air broke out. In the huge body of Qingtian Dapeng, a large amount of blue haze emerged in an instant, and the wind and the clouds swayed, and the corner of the **** sea was enveloped. The momentum was amazing...

At this moment, the sound of the flapping wings of the soul of the gods was overwhelming, and the sea of blood shrouded by the blue haze shook slightly. no

A number of arrows in the form of feathers emerged from the sea of blood, like the cyan hairs floating in the snow, covering the sky, all rushing toward the violent screaming...

"Roar!"

At the same time, the nine-headed **** scorpion also swayed to the violent side of the body, screaming and screaming, and the body shape was only about a thousand feet, and the other waved...

Although the body is not big, but in fact, behind the head of the **** nine, there is a huge **** shadow, like the blue sky Dapeng, Pangda billion.

With the nine-headed **** fist, the huge **** shadow behind his head, the nine daggers were angry at the same time, and they rushed to the violent.

This trick has been used before, and the violent temperament at that time was only high, and the dragon scales on the nine heads of **** shadows were many times larger than him.

Nine huge incomparable daggers came together at the same time, and one of them, one of them, swallowed the violent temper at the time.

But now, such a scene is obviously impossible to appear again, because the violent body has reached 60 million miles, and the **** shadow behind the nine heads of blood is only about a million miles. More than one lap and two laps...

"The same means, have you not already used it before? You didn't take a little bit of cheapness, but instead came to eat a lot of pain..."

Seeing that these two guys are angry, but they are still only old-fashioned, they laughed with violent screams, and the voice of God's voice also came out instantly: "So it seems that you are obviously not shackled, but the skin is still Itching, taking the initiative to seek the rhythm of abuse!"

So, the temple is as you wish..."

"boom!""

boom! ”

The sound of the gods has not yet fallen, and there has been a chill in the violent whistle. The huge horror figure of Pangda's 60 million miles has reached the head of the **** and blue sky. Near the front.

In the middle of a wave, the shadow of the cyan feathers that had permeated the **** sea was completely collapsed, and disappeared without a trace. tight

Then, the violent lightning shot, two consecutive punches, banged on the left and right sides of the blue sky Dapeng and nine **** chest. "

puff! ""

puff....."

After the shocking sound, followed by two dull buzzing sounds, Qingtian Dapeng and the nine-headed **** scorpion had no resistance at all, and the mouth opened with a blood arrow, and the figure was extremely fast. After flying backwards, it looks so bad that it has reached the extreme.

A blow hit the two guys, and the violent temper did not stop there. It seemed that the feeling was still unfinished.咧

Mouth screamed, and strode with the huge body of violent temperament, chasing the blue sky and the **** head of the body, and the vast **** sea at the foot, accompanied by the shadow, tightly
Surrounded by the inverted Dapeng and bloody, this is clearly the rhythm of continuing to abuse, and it did not end there...

In a blink of an eye, three pieces of blood and sea, three places of war, all the battles are revealed. no

On the **** unicorn and the nine secluded crocodile, or the Qingtian Dapeng and the nine-headed **** scorpion, without exception, 甫一照, they fell into the situation of being abused by opponents.

This is the four powerful ancient sacred sects. Nowadays, it is violently ravaged by a starry sky. This scene is so horrible that it will instantly scream the powerful parties and countless stars and beasts in the distance. The ancients and the dead are all looking silly...
